Merger Milestone: AGL Resources and Nicor Shareholders Approve Planned Merger

Today, AGL Resources and Nicor shareholders approved proposals related to the planned combination of the companies. Our shareholders approved the issuance of shares of AGL Resources common stock as contemplated by the merger agreement with Nicor, and Nicor shareholders voted to approve the merger. AGL Resources shareholders also approved the proposal to increase the maximum number of directors that may serve on its board to 16, which will facilitate the addition of four Nicor board members to the AGL Resources board of directors.

Today's shareholder vote represents an important step in the path toward merger completion. The transaction still requires approval of the Illinois Commerce Commission. We continue to work with the ICC in our efforts to earn its approval and still expect to close on the merger later this year.

Thank you for your steadfast commitment to our customers and to each other as we progress through the integration planning process. Combining AGL Resources and Nicor makes strong financial and strategic sense as it will create value for our shareholders, customers and employees.

If you have questions about the merger, I encourage you to speak with your supervisor, visit the Merger Communications page on Planet, or send your thoughts and questions to merger@aglresources.com
