PROXY STATEMENT  
FOR ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD ON MAY 16, 2013

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies from the shareholders of Knight Transportation, Inc. to be voted at the 2013 Annual Meeting of Shareholders (the "Annual Meeting") to be held at 8:30 A.M., Pacific Daylight Time, on Thursday, May 16, 2013, at our corporate headquarters located at 5601 West Buckeye Road, Phoenix, Arizona 85043, and at any adjournment thereof.

A Notice of Internet Availability of Proxy Materials (the "Internet Notice") was first mailed on or about April 5, 2013, to shareholders of record at the close of business on March 28, 2013 (the "Record Date"). The Internet Notice will instruct you as to how you may access and review the proxy materials. The Proxy Statement, the proxy card, and our 2012 Annual Report, which collectively comprise our "proxy materials," are first being made available to shareholders on April 5, 2013.

The terms "we," "our," "us," or the "Company" refer to Knight Transportation, Inc. and its subsidiaries. The term "Board" refers to our Board of Directors.

Voting by Proxy

THE ENCLOSED PROXY IS SOLICITED BY OUR BOARD OF DIRECTORS. When a proxy is executed and returned or submitted on the Internet prior to the Annual Meeting, the proxy will be voted according to the instructions the shareholder made when granting the proxy. Unless otherwise specified or if no choice is indicated on a proxy, all proxies received pursuant to this solicitation will be voted in accordance with the recommendations of our Board of Directors as follows: (i) FOR each of the Class III director nominees named herein (Proposal No. 1), with an equal number of votes being allocated to each nominee; (ii) FOR the Class I director nominee named herein (Proposal No. 2); (iii) FOR approval of the advisory resolution on executive compensation (Proposal No. 3); (iv) FOR ratification of the appointment of Grant Thornton LLP ("Grant Thornton") as our independent registered public accounting firm for fiscal year 2013 (Proposal No. 4); and (v) with respect to any other matters properly brought before the Annual Meeting, in accordance with the recommendations of the Board of Directors, or, if no recommendations are given, in accordance with the judgment of the proxy holders. None of the proposals discussed in this Proxy Statement that is intended to be acted upon at the Annual Meeting is related to or conditioned upon the approval of any other matters. At this time, we do not know of any other business to be considered at the Annual Meeting.

Your executed proxy appoints each person appointed to vote the proxies as your duly authorized attorney-in-fact and gives such person the power to represent and vote at the Annual Meeting all shares of our outstanding Common Stock (defined below) that you are entitled to vote as a shareholder. Such person will vote your shares as instructed by you on your proxy. If you do not provide voting instructions on Proposals 1, 2, 3 or 4, or for any other matters properly presented at the Annual Meeting, your proxy also gives such person the discretionary authority to vote your shares represented thereby as recommended above by the Board of Directors and in accordance with such person's best

judgment.

## Voting Rights

Only holders of record of our common stock, par value \$0.01 per share ("Common Stock"), at the close of business on the Record Date are entitled to vote at the Annual Meeting, either in person or by valid proxy. Except in the election of directors, shareholders are entitled to one vote for each share held of record on each matter of business to be considered at the Annual Meeting. In the election of directors where more than one director in a class is nominated, shareholders have cumulative voting rights under Arizona law, which is further discussed under Required Vote; Cumulative Voting for Directors. As of the Record Date, there were issued and outstanding 79,916,691 shares of our Common Stock, entitled to cast an aggregate 79,916,691 votes on all matters subject to a vote at the Annual Meeting, other than in the election of the Class III directors, where the shares are entitled to an aggregate 239,750,073 votes. Votes cast at the Annual Meeting will be tabulated by the Inspector of Elections and the results of all items voted upon will be announced at the Annual Meeting. We will also disclose the final voting results in a Current Report on Form 8-K filed with the U.S. Securities and Exchange Commission (the "SEC") in accordance with the SEC rules.

## Quorum Requirement

In order to transact business at the Annual Meeting, a quorum must be present. A quorum is present if a majority of the issued and outstanding shares of Common Stock as of the Record Date are represented at the Annual Meeting in person or by proxy. Shares that are entitled to vote but that are not voted at the direction of the holder (called "abstentions") and shares that are not voted by a broker or other record holder due to the absence of instructions from the beneficial owner (called "broker non-votes") will be counted for the purpose of determining whether a quorum is present.

## Required Vote; Cumulative Voting for Directors

**Election of Directors.** Directors are elected by an affirmative vote of a plurality of the votes cast, which means that the director nominees receiving the highest number of votes for their election will be elected as directors. Abstentions and broker non-votes are not counted as votes for the election of any director nominee and therefore will not affect the election of directors by a plurality vote. Under Arizona corporate law, shareholders have cumulative voting rights in electing directors of an Arizona corporation. Cumulative voting means that each shareholder, when electing more than one director in a class, has the right to cast as many votes in the aggregate as such shareholder has voting shares multiplied by the number of directors to be elected. For example, this year, three Class III directors will be elected. If a shareholder has 100 shares of Common Stock, the shareholder is entitled to cast a total of 300 votes in the election of the Class III directors. The shareholder may either cast 300 votes for a single director nominee or distribute those votes among the three Class III director nominees. The shareholder may also decide not to vote cumulatively for the Class III directors and instead vote their 100 shares for as many directors as are to be elected.

Shareholder votes are not cumulated, however, in the election of one director in a class because the cumulative and non-cumulative voting results would essentially be the same. For example, this year, one Class I director is also to be elected. If voting cumulatively, a shareholder with 100 shares of Common Stock is entitled to cast a total of 100 votes in the election of the Class I director because the number of voting shares multiplied by the number of directors to be elected equals the same number of voting shares held by the shareholder that would be voted non-cumulatively.

This proxy solicitation on behalf of the Board of Directors includes a solicitation for discretionary authority to cumulate votes. Unless otherwise indicated or if no choice is indicated on a proxy, your shares will be voted cumulatively, and the number of votes represented by your shares will be cast equally for each of the three Class III director nominees. If you do not wish to cumulate your votes, your proxy must specifically instruct that your shares should not be cumulatively voted in the Class III director election. Please note that upon instructing that your shares

be voted non-cumulatively, your voted shares could potentially be diluted in the Class III director election if other shareholders choose to vote their shares cumulatively.

[Return to Table of Contents](#)

You may withhold authority to vote for any director nominee in the Class I and/or Class III director elections. With respect to the Class III director election, you may not cumulate your votes if they are cast "withheld." Our bylaws provide that, in an uncontested election, a director nominee who receives a greater number of votes cast "withheld" for his or her election than "for" such election will promptly tender his or her resignation to the Nominating and Corporate Governance Committee (the "Nominating Committee"). The Nominating Committee is required to evaluate the resignation, taking into account the best interests of the Company and its shareholders, and recommend to our Board of Directors whether to accept or reject the resignation.

**Other Matters.** Approval of the other matters not concerning the election of directors that are submitted to shareholders for consideration and action at the Annual Meeting requires the affirmative vote of a majority of the votes cast by shareholders entitled to vote and represented in person or by proxy at the Annual Meeting, which means that the number of votes cast for the respective matter exceed the number of votes cast against the matter. Abstentions and broker non-votes will be disregarded in determining whether a matter has been approved. In other words, abstentions and broker non-votes will be counted neither as votes for, nor as votes against, a matter.

#### Voting Instructions

Your type of stock ownership determines the method by which you may vote your shares. If your shares are registered directly in your name in the stock register and stock transfer books of the Company or with our transfer agent (Computershare Shareowner Services), you are a "registered holder" and considered the stockholder of record with respect to those shares. If you hold your shares through a broker, rather than holding shares registered directly in your name, you are considered a "beneficial owner" of shares held in street name. Beneficial owners have the right to instruct their broker how to vote the shares held in their account.

If you are a registered holder of record of our Common Stock, you may vote your shares either by (i) telephone by calling a toll-free number, (ii) using the Internet and visiting the designated website, (iii) mailing in your proxy card, or (iv) attending the Annual Meeting and notifying and obtaining a ballot from the Secretary prior to the occurrence of any votes. For 2013, we have arranged for telephone and Internet-voting procedures to be used. These procedures have been designed to authenticate your identity, to allow you to give instructions, and to confirm that those instructions have been recorded properly. If you choose to vote by telephone or by using the Internet by accessing the designated website, please refer to the specific instructions on the proxy card. The deadline for voting by telephone or the Internet is 11:59 p.m. Eastern Daylight Time on Wednesday, May 15, 2013. If you wish to vote using the proxy card, please complete, sign, and date your proxy card and return it to us before the Annual Meeting.

Beneficial owners who hold their shares in street name will need to obtain a voting instruction form from the broker or institution that holds their stock and must follow the voting instructions given by that broker or institution. A beneficial owner of shares may not vote in person at the Annual Meeting unless they obtain from their broker or institution a legal proxy that gives you the right to vote the shares.

#### Right to Attend the Annual Meeting; Revocation of Proxy

Returning a proxy card now will not interfere with your right to attend the Annual Meeting or to vote your shares personally at the Annual Meeting, if you wish to do so. Shareholders who execute and return proxies may revoke them at any time before they are exercised during the call to vote by either (i) giving written notice of your revocation to our Secretary at our corporate headquarters address, (ii) executing a subsequent proxy and delivering it to our Secretary, or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting by itself will not constitute a revocation of proxy.

#### Costs of Solicitation

We will bear the cost of solicitation of proxies and we will include reimbursements for the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding Common Stock. Proxies may be solicited by mail, e-mail, or by telephone and may be solicited personally by our directors, officers, or employees, who will not receive any additional compensation for any such services.

Important Information to Read with This Proxy Statement

This Proxy Statement contains the proposals to be considered by shareholders at the Annual Meeting, as well as important information concerning, among other things: our management and Board of Directors; executive compensation; transactions between us and our officers, directors, and affiliates; the stock ownership of management and other large shareholders; the services provided to us by and fees of our independent registered public accounting firm; and instructions for shareholders who want to make proposals at the 2014 Annual Meeting of Shareholders. PROPOSAL NO. 1 – ELECTION OF CLASS III DIRECTORS

Our Board of Directors presently consists of nine members. The directors are divided into three classes, with each class serving a three-year term. See Corporate Governance – The Board of Directors and Its Committees – Committees of the Board of Directors – The Nominating and Corporate Governance Committee – Process for Identifying and Evaluating Director Nominees for a description of the director nominee identification and evaluation process.

The shareholders elect approximately one-third of the Board of Directors each year. Three Class III directors will be elected at the Annual Meeting. Upon the recommendation of the Nominating Committee, the Board of Directors has nominated Kevin Knight, Randy Knight, and Michael Garnreiter for election as Class III directors at the Annual Meeting.

Each Class III director nominee will be elected to serve until the 2016 Annual Meeting of Shareholders or until his or her successor shall have been duly elected and qualified or his or her resignation or removal, whichever occurs first. There are no arrangements or understandings between any of the Class III director nominees and any other person pursuant to which any of such director nominees were selected as a nominee. Each of the Class III director nominees has consented to serve a three-year term and has indicated his intention to serve as a director if elected.

If any of the nominees named above should become unavailable to serve as a director, the Board of Directors may designate a substitute nominee. In that case, the proxy holders will vote for the substitute nominee designated by the Board. For a description of the director nominee identification and evaluation process, refer to the Process for Identifying and Evaluating Director Nominees section under Corporate Governance – The Board of Directors and Its Committees – Committees of the Board of Directors – The Nominating and Corporate Governance Committee.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE CLASS III DIRECTOR NOMINEES.

On May 17, 2012, our Board of Directors unanimously voted to elect Richard Kraemer to fill a Class I directorship vacancy on the Board of Directors. Mr. Kraemer was also appointed to serve as a member of our Audit Committee and Nominating Committee. Because Mr. Kraemer initially filled a directorship vacancy, the Board of Directors elected Mr. Kraemer to serve until the next election of directors by our shareholders, pursuant to applicable Arizona corporate law and our bylaws, which require Mr. Kraemer to stand for election at the Annual Meeting for the

[Return to Table of Contents](#)

unexpired portion of the Class I director term (the remainder of the Class I director term expires at the 2014 Annual Meeting of Shareholders).

Upon the recommendation of the Nominating Committee, the Board of Directors has therefore nominated Mr. Kraemer for election as a Class I director at the Annual Meeting to serve until the 2014 Annual Meeting of Shareholders or until his successor has been duly elected and qualified or until his resignation or removal, whichever occurs first. There are no arrangements or understandings between the Class I director nominee and any other person pursuant to which Mr. Kraemer was selected as a Class I director nominee. Mr. Kraemer has consented to serve for a one-year term and has indicated his intention to serve as a director if elected. His individual qualifications, skills and experience are discussed in his biography below.

Cumulative voting does not apply to the election of the Class I director under Proposal No. 2 because only one directorship is proposed for election. For further explanation of the cumulative voting process with respect to the election of directors, please refer to General Information – Required Vote; Cumulative Voting for Directors in this Proxy Statement. Should Mr. Kraemer become unavailable to serve as a director, our Board of Directors may designate a substitute nominee. In that case, the proxy holders will vote for the substitute nominee designated by the Board. For a description of the director nominee identification and evaluation process, refer to the Process for Identifying and Evaluating Director Nominees section under Corporate Governance – The Board of Directors and Its Committees – Committees of the Board of Directors – The Nominating and Corporate Governance Committee.

## CORPORATE GOVERNANCE

### Applicable Corporate Governance Requirements

Our Common Stock has been listed on the New York Stock Exchange (the "NYSE") since December 30, 2004, and we are subject to the NYSE listing standards, including those relating to corporate governance. As a publicly traded company, we are also subject to the rules and regulations of the SEC.

### Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines to further its goal of providing effective governance of our business and affairs for the long-term benefit of our shareholders. A copy of the Corporate Governance Guidelines is available free of charge on the Shareholders section of our website at <http://www.knighttrans.com>. The Nominating Committee is responsible for periodically reviewing the Corporate Governance Guidelines and recommending changes as appropriate to ensure the effective functioning of our Board of Directors and corporate governance.

### Code of Ethical Conduct

The Board of Directors has adopted a Code of Ethical Conduct that applies to all of our directors, officers, and employees. In addition, we maintain a Policy Governing Responsibilities of Financial Managers and Senior Officers (the "Financial Responsibilities Policy") that applies to our senior executive officers (Executive Vice President or above), CFO, Chief Accounting Officer ("CAO"), Controller, and any other employee who is responsible for the management of our funds or for the operation and maintenance of our financial accounting and reporting system. The Code of Ethical Conduct and Financial Responsibilities Policy include provisions applicable to our CEO, CFO, CAO or controller, or persons performing similar functions, which constitute a "code of ethics" within the meaning of Item 406(b) of SEC Regulation S-K. Copies of the Code of Ethical Conduct and Financial Responsibilities Policy are publicly available free of charge on the Shareholders section of our website at <http://www.knighttrans.com>.

Pursuant to SEC regulations and NYSE listing standards, we will disclose amendments to or waivers of our Code of Ethical Conduct in a press release, on the Shareholders section of our website at <http://www.knighttrans.com>, or in a Current Report on Form 8-K filed with the SEC, whichever disclosure method is appropriate. To date, we have not granted any waivers from our Code of Ethical Conduct to the CEO, CFO, CAO, controller, or any person performing similar functions.

### The Board of Directors and Its Committees

#### Board of Directors

Meetings of the Board of Directors. During the year ended December 31, 2012, our Board of Directors met on six occasions. Each of the directors attended 75% or more of the meetings of the Board of Directors and the meetings

held by all of the committees of the Board on which he or she served. We encourage our directors to attend our Annual Meetings of Shareholders, although we do not have a formal policy regarding director attendance at such meetings. All of our directors attended the 2012 Annual Meeting of Shareholders.

Independent Directors. In accordance with NYSE Rule 303A.02, the Board of Directors affirmatively determines the independence of each director after reviewing the findings and recommendations of the Nominating Committee.

[Return to Table of Contents](#)

Our Nominating Committee reviewed (i) the SEC regulatory and NYSE listing standards for assessing the independence of our directors and director nominees, (ii) the criteria for determining each such individual's independence specifically for purposes of serving on the Audit Committee and Compensation Committee and as an "audit committee financial expert," and (iii) each such individual's professional experience, education, skills, ability to enhance differences of viewpoint and other qualities among our Board membership. After concluding its review, the Nominating Committee submitted its independence recommendations our Board of Directors. Our Board then made its independence determinations based on the committee's recommendations.

Upon the recommendation of the Nominating Committee, the Board has determined that Donald Bliss, G.D. Madden, Michael Garnreiter, Kathryn Munro, Richard Lehmann, and Richard Kraemer are independent (collectively, the "Independent Directors"). Except in their capacities as directors or as holders of an immaterial amount of securities of other entities, neither Messrs. Bliss, Madden, Garnreiter, or Lehmann, nor Ms. Munro, either directly or in his or her capacity as a partner, shareholder, officer, or similar position of another organization, has, or in the past three years had, any business or financial relationship with us or any of our subsidiaries. None of the Independent Directors or any of their immediate family members has or had any of the disqualifying relationships with us or our subsidiaries specified in NYSE Rule 303A.02.

**Board Leadership Structure.** Kevin Knight has served as the Chairman of our Board of Directors since May 1999 and has served as our CEO since 1993. The Board of Directors elects our CEO and Chairman of the Board of Directors annually. The Board believes that the combination of these two positions is the most appropriate and suitable structure for proper and efficient Board functioning and communication, which is facilitated by Kevin Knight serving as the direct link between senior management and the Board. In these capacities, he provides critical insight to the Board and leadership for our senior management in our day-to-day operations. To ensure that Kevin Knight has sufficient time to fulfill his responsibilities as the Chairman of our Board and our CEO, the Board of Directors has appointed Gary Knight and Randy Knight to serve as Vice Chairmen and has assigned the responsibility to Gary Knight to conduct and preside at board meetings. Kevin Knight reports to the Board as the CEO along with the other executive officers and also participates in the meetings as a director. As discussed below, our Independent Directors also regularly meet at least annually in "executive sessions," which are meetings conducted by the Independent Directors without the presence or participation of management. The Chair of the Nominating Committee typically functions as the lead independent director at the executive sessions, and we believe that the Independent Director acting in the capacity of the lead independent director and our CEO effectively serve as liaisons between our Independent Directors and Board, which contributes to the efficiency and functionality of the full Board of Directors.

**Board Oversight of Risk Management.** Our Board of Directors has overall responsibility for risk oversight, which involves evaluating material risks concerning the Company, as well as management's decisions and efforts to identify, manage and monitor such risks. This oversight also includes understanding and determining what constitutes an appropriate level and tolerance of risk for the Company. The Board of Directors has assigned the assessment of enterprise risk to the Nominating Committee, financial risk to the Audit Committee, and compensation-related risk to the Compensation Committee. In its risk oversight role, our Board confers with management about risk administration. Typically, management identifies, measures, and analyzes risks inherent to our business, operations, and industry. Management then reports to the appropriate Board committee, which then evaluates management's risk assessment and reports to the Board of Directors. The Board's role in risk oversight has not affected the leadership structure of our Board of Directors.

**Executive Sessions.** In 2012, our Independent Directors held one regular meeting in an "executive session" at which only the Independent Directors were present. The Chair of the Nominating Committee acted as the lead independent director and presiding director for the executive session. Mr. Bliss currently serves as the Chair of the Nominating Committee and acts in the capacity of lead independent director. Our Independent Directors will continue to meet regularly and at least once annually.

Shareholder Communication with Directors. Our Board of Directors provides a process for shareholders to send written communications to the entire Board or to individual directors. To send a communication to the entire Board of Directors, your communication should be addressed to the Board of Directors and mailed to our corporate headquarters address below. Written communications addressed in this manner will be copied and distributed to each director at or prior to the next Board meeting.

Return to Table of Contents

If you wish to communicate with an individual director, regardless of whether the director is an Independent Director, your communication should be addressed to such director's attention and mailed to our corporate headquarters address below. Written communications received in this manner will be delivered to the director to whom they are addressed at or prior to the next Board meeting.

Communications sent to our Board of Directors or an individual director should be sent to Knight Transportation, Inc.; c/o Adam Miller, Secretary; 5601 West Buckeye Road; Phoenix, Arizona 85043. In any case, any correspondence to our Board of Directors or an individual director will be subject to clearance through our normal security procedures. Please note that we reserve the right not to forward, read, respond to, or otherwise regard any abusive, threatening, or inappropriate materials.

## The Audit Committee

Purpose, Functions, Composition, and Meetings. The primary purpose of the Audit Committee is to assist the Board of Directors in its oversight of:

- the integrity, fairness and accuracy of our financial statements;
- the qualifications, independence, and performance of our independent registered public accounting firm and performance of our internal audit function; and

- our compliance with legal and regulatory requirements related to financial reporting.

As more fully outlined in the Audit Committee's charter, the primary functions of the Audit Committee include:

- annually obtaining and reviewing the independent registered public accounting firm's report describing our internal quality control procedures, any material issues raised during the review of such procedures, and any steps taken to deal with any such issues;
- assessing the independent registered public accounting firm's independence, including any relationships between us and such firm;
- reviewing and meeting with our management, internal auditors, and independent registered public accounting firm, as applicable, to discuss our quarterly and annual audited financial statements and specific related disclosures, our accounting policies and principles, and our internal financial controls and reporting systems;

Return to Table of Contents

- discussing our earnings press releases (including financial information and earnings guidance provided to analysts and rating agencies) and policies regarding risk assessment and risk management;
- meeting separately and periodically with our management, internal audit personnel, and independent registered public accounting firm;
- reviewing with the independent registered public accounting firm any audit problems or difficulties and management's response to any such problems or difficulties;
- making determinations regarding the selection and retention of our independent registered public accounting firm and reviewing and pre-approving such firm's fees and the proposed scope of its services, and setting clear hiring policies for current and former employees of such accounting firm; and
- regularly reporting to and reviewing with our Board of Directors any issues regarding the quality or integrity of our financial statements, our legal and regulatory compliance, the performance and independence of our independent registered public accounting firm, and the performance of our internal audit function.

The Audit Committee met eight times during 2012. Messrs. Garnreiter, Kraemer, and Madden currently serve on the Audit Committee, and Mr. Garnreiter serves as the Chair.

**Audit Committee Member Independence.** Each member of the Audit Committee satisfies the independence and other audit committee membership criteria set forth in NYSE Rule 303A.07. Specifically, each member of the Audit Committee:

- is independent under NYSE Rule 303A.02;
- meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and
- is financially literate, as our Board of Directors has interpreted such qualification in its business judgment.

In addition, the Board has determined that Mr. Garnreiter's simultaneous service on the audit committees of more than three public companies does not impair his ability to effectively serve on our Audit Committee.

**Audit Committee Financial Expert.** The Board of Directors has determined that at least one "audit committee financial expert," as defined under Item 407(d)(5)(ii) of Regulation S-K, currently serves on the Audit Committee. The Board of Directors has identified Mr. Garnreiter as an audit committee financial expert. In the judgment of our Board, Mr. Garnreiter (i) meets the audit committee member independence criteria under applicable SEC rules, (ii) is independent, as independence for audit committee members is defined under applicable NYSE rules, and (iii) possesses satisfactory accounting and related financial management expertise, as our Board interprets such qualification in its business judgment under relevant SEC and NYSE rules.

**Audit Committee Charter.** Our Audit Committee operates pursuant to a charter detailing its purpose, powers, and duties. The Audit Committee periodically reviews the adequacy of its charter and makes recommendations for changes to the Board of Directors when appropriate. A copy of the Audit Committee's current charter is available free of charge on the Shareholders section of our website at <http://www.knighttrans.com>.

**Report of the Audit Committee.** In performing its duties, the Audit Committee, as required by applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board of Directors that our audited

financial statements be included in our Annual Report on Form 10-K, and relating to certain other matters, including the independence of our independent registered public accounting firm. The Report of the Audit Committee for 2012 follows.

Return to Table of Contents

The Report of the Audit Committee shall not be deemed to be "soliciting material" or to otherwise be considered "filed" with the SEC, nor shall this report be subject to Regulation 14A or Regulation 14C (other than as indicated) or to the liabilities set forth in Section 18 of the Exchange Act. This Report of the Audit Committee also shall not be deemed to be incorporated by reference into any prior or subsequent filing with the SEC made by us under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent we incorporate such report by specific reference.

Report of the Audit Committee

The Audit Committee oversees the quality and integrity of the financial reports, accounting and financial reporting processes, systems of internal controls over financial reporting, and the audit of the financial statements of Knight Transportation, Inc. (the "Company"). The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements. Rather, management of the Company has primary responsibility for the preparation, consistency, integrity, and fair presentation of the Company's financial statements and the overall reporting process, including maintenance of the Company's systems of internal controls. The Company retains an independent registered public accounting firm, Grant Thornton LLP ("Grant Thornton"), that is responsible for conducting independent quarterly reviews and an independent annual audit of the Company's financial statements and internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), and issuing a report thereon.

In undertaking its responsibilities, the Audit Committee has discussed the Company's financial statements, management's assessment of internal controls over financial reporting, and the effectiveness of the Company's internal controls over financial reporting with management and Grant Thornton.

For the fiscal year ended December 31, 2012, the Audit Committee has reviewed and discussed the audited financial statements, management's assessment of internal controls over financial reporting, and the effectiveness of internal controls over financial reporting with management and Grant Thornton. Specifically, the Audit Committee has discussed with Grant Thornton the matters required to be discussed pursuant to Item 2-07 of Regulation S-X (Communication with Audit Committees) of the U.S. Securities and Exchange Commission (the "SEC") and Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended (AICPA, Professional Standards, Vol. I, AU Section 380) and as adopted by the PCAOB in Rule 3200T, and as superseded by Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance) adopted by the PCAOB. The Audit Committee has received the written disclosures and the letter from Grant Thornton required by PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence), as amended, and discussed with Grant Thornton, as the Company's independent registered public accounting firm and audit, its independence within the meaning of the rules and standards of the PCAOB and the securities laws and regulations administered by the SEC. The Audit Committee also met in periodic executive sessions with each of Grant Thornton, management and the Company's internal audit personnel during 2012.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC.

The Nominating and Corporate Governance Committee

Purpose, Functions, Composition, and Meetings. The purposes of the Nominating Committee are to assist the Board of Directors in improving our corporate governance, to train members of the Board, to improve the Board's governance functions, and to assist us in obtaining the highest quality independent directors. As more fully detailed in the Nominating Committee's charter, the primary functions of the committee include:

- evaluating the composition of the Board and selecting and recommending nominees for election or re-election to the Board or for appointment to fill Board vacancies;
- developing and implementing regular and emergency succession plans for our senior management positions; and
- reviewing and developing policies or making recommendations concerning other aspects of our corporate governance, such as the Board's committee structure, our corporate governance guidelines, director training and evaluation programs, and potential conflicts of interest.

Messrs. Bliss, Kraemer, and Lehmann currently serve on the Nominating Committee, and Mr. Bliss serves as Chair. All current members of the Nominating Committee are independent, as independence for nominating committee members is defined under applicable SEC regulations and NYSE listing standards. In 2012, the Nominating Committee conducted three meetings. The Nominating Committee also met in 2013 to act upon the nominations of directors standing for election in 2013 and approved the nominations of Kevin Knight, Randy Knight, and Michael Garnreiter as Class III directors and the nomination of Richard Kraemer as a Class I director and recommended their election. Each nominee is presently a director and has consented to stand for re-election and to serve for a three-year term.

Nominating and Corporate Governance Committee Charter. Our Nominating Committee operates pursuant to a charter detailing its purpose, powers, and duties. The Nominating Committee periodically reviews its charter, as well those of our Board committees, to ensure each charter reflects a commitment to effective corporate governance and SEC and NYSE compliance, as well as recommends changes to the Board or Board committees when appropriate. A copy of the Nominating Committee's current charter is available free of charge on the Shareholders section of our website at <http://www.knighttrans.com>.

Board Diversity. In recommending candidates for the Board of Directors, the Nominating Committee considers Board diversity with an emphasis on diverse backgrounds, skills, and experience that will be beneficial to us. Our Nominating Committee does not have a formal policy with respect to diversity but considers it desirable if potential director nominees compliment and contribute to the Board's overall diversity and composition. The Nominating Committee also considers each individual candidate's ability to enhance differences of viewpoint, professional experience, education, skills, and other individual qualities among members of the Board. Pursuant to the Nominating Committee's charter, all candidates are evaluated and selected consistent with our policy of nondiscrimination with respect to race, creed, religion, national origin, or gender. We also interpret diversity to encompass an individual's ability to positively contribute to the chemistry and collaborative nature of our Board of Directors, as well as such person's personal and professional experiences, aptitude, and expertise relevant to our industry. The Nominating Committee periodically reviews and assesses the effectiveness of the Company's practices with respect to its consideration of diversity in identifying director nominees.

Process for Identifying and Evaluating Director Nominees. Director nominees are chosen by the Nominating Committee. The Nominating Committee reviews the qualifications of various persons to determine whether they should be considered as candidates for membership on the Board of Directors. The Nominating Committee also accepts recommendations of director candidates from our other outside directors and our executive officers, advisors, and shareholders. Our Nominating Committee reviews all director nominee candidate recommendations, including those properly submitted by shareholders, in accordance with the mandate contained in its charter, SEC regulations and NYSE listing standards. Upon identifying and selecting qualified director nominee candidates, the Nominating Committee then submits its director nominee selections to our Board of Directors for consideration. We do not pay a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees.

Desirable Traits for Director Nominees. The Nominating Committee assesses a director nominee candidate's judgment, integrity, independence, management or business skills, and experience (particularly with public

companies and companies in our industry or other industries related to our business), prominence and reputation in their profession, knowledge of corporate governance issues and board functions, commitment to attend and actively participate in meetings and related board activities, other commitments and responsibilities, and such other factors as the Nominating Committee determines are appropriate in light of our needs and the needs of the Board. With regard to specific individual qualities and skills of potential director nominees, the Nominating Committee believes it is necessary that: (i) at least a majority of the members of the Board of Directors qualify as "independent" under NYSE Rule 303A.02; (ii) at least three members of the Board of Directors satisfy the audit committee membership criteria specified in NYSE Rule 303A.07; (iii) at least one member of the Board of Directors eligible to serve on the Audit Committee has sufficient accounting or related financial management expertise, knowledge, experience, and training so as to qualify as an "audit committee financial expert" within the meaning of NYSE Rule 303A.07(a) and Item 407(d)(5)(ii) of SEC Regulation S-K; and (iv) all members of the Board of Directors who serve on our Compensation Committee satisfy the compensation committee membership criteria specified in NYSE Rule 303A.05. Exhibit A of the Nominating Committee charter also sets forth various factors and criteria used for selecting director nominees because they meet the criteria listed above and possess knowledge of our history, strengths and weaknesses, goals, objectives, and mission. In addition to the qualifications and considerations described above, our Corporate Governance Guidelines contain additional director eligibility criteria that impact the director nomination process.

**Consideration of Director Candidates Recommended by Shareholders.** The Nominating Committee will consider director candidates recommended by shareholders, provided the following procedural requirements are satisfied and any such recommendations further comply with applicable SEC rules and regulations setting forth the requirements for the inclusion of shareholder proposals in company-sponsored proxy materials, specifically Rule 14a-8 of the Exchange Act. Shareholders are also encouraged to review and adhere to the director qualification standards and other requirements of our Corporate Governance Guidelines.

Candidate recommendations should be mailed via certified mail, return receipt requested, addressed to the attention of the Nominating and Corporate Governance Committee, and sent to our corporate headquarters address below. To be considered, a shareholder recommendation must: (i) be received not less than 120 days prior to the first anniversary of the release date of the proxy statement for the prior year's Annual Meeting (by December 6, 2013 for director candidates to be considered for nomination for election at the 2014 Annual Meeting of Shareholders); (ii) contain sufficient background information, such as a resumé and references, to enable the Nominating Committee to make a proper judgment regarding the qualifications of the proposed nominee; (iii) be accompanied by a signed consent of the proposed nominee to serve as a director if elected and a representation that such proposed nominee qualifies as "independent" under NYSE Rule 303A.02 or, if the proposed nominee does not qualify, a description of the reason(s) he or she is not "independent;" (iv) state the name and address of the person submitting the recommendation and the number of shares of our Common Stock owned of record or beneficially by such person; and (v) if submitted by a beneficial shareholder, be accompanied by evidence that the person making the recommendation beneficially owns shares of our Common Stock.

Candidate recommendations should be sent to Knight Transportation, Inc.; c/o Adam Miller, Secretary; 5601 West Buckeye Road; Phoenix, Arizona 85043. Candidate recommendations received in this manner will be delivered to the Nominating Committee.

Our Compensation Committee has overall responsibility for evaluating and approving our compensation plans, programs and policies, and its other primary responsibilities include, among other

things:

- reviewing and approving corporate goals and objectives relating to the compensation of the CEO, evaluating the CEO's performance in light of those objectives, and determining and approving the CEO's compensation based upon this evaluation;

Compensation Committee Member Independence. Each member of our Compensation Committee satisfies the independence and compensation committee membership criteria set forth in NYSE Rules 303A.02(a)(ii) and 303A.05. In determining the independence of our Compensation Committee members, the Board considered several relevant factors, including but not limited to each director's source of compensation and affiliations. Specifically, each member of the Compensation Committee:

- is independent under NYSE Rule 303A.02;
- meets the criteria for independence set forth in Rule 10C-1(b)(1) of the Exchange Act;
- did not directly or indirectly accept any consulting, advisory or other compensatory fee from the Company;
- is not affiliated with the Company, any Company subsidiary, or any affiliate of a Company subsidiary; and
- does not have any other relationship with the Company that is material to the director's ability to be independent from management in connection with the duties of a Compensation Committee member.

In 2012, none of our Compensation Committee members had any business or personal relationship with any compensation consultant, legal counsel, or other advisor that was selected by or provided advice to our Compensation Committee.

Compensation Committee Charter. Our Compensation Committee operates pursuant to a charter detailing its purpose, powers, and duties. The Compensation Committee periodically assesses the adequacy of its charter and recommends changes to our Board of Directors as appropriate. A copy of the Compensation Committee's current charter is available free of charge on the Shareholders section of our website at <http://www.knighttrans.com>.

Report of the Compensation Committee. In performing its duties, the Compensation Committee, as required by applicable rules and regulations promulgated by the SEC, issues a report recommending to the Board of Directors that our Compensation Discussion and Analysis be included in this Proxy Statement. The Report of the Compensation Committee for 2012 follows.

The Report of the Compensation Committee shall not be deemed to be "soliciting material" or to otherwise be considered "filed" with the SEC, nor shall this report be subject to Regulation 14A or Regulation 14C (other than as

indicated) or to the liabilities set forth in Section 18 of the Exchange Act. This Report of the Compensation Committee also shall not be deemed to be incorporated by reference into any prior or subsequent filing with the SEC made by us under the Securities Act or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent we incorporate such report by specific reference or treat it as soliciting material.

The Board of Directors has adopted a management succession plan that identifies emergency and potential long-term successors to our CEO, President, CFO, and certain other key members of senior management. The Nominating Committee, following consultation with our CEO, is responsible for giving an annual report to the Board of Directors with regard to management succession planning. After reviewing this report and consulting with the members of the Nominating Committee and the CEO, the Board of Directors makes any changes or updates to the management succession plan that it determines are appropriate.

#### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and officers, and persons who beneficially own (directly or indirectly) more than 10% of a registered class of our equity securities, to file with the SEC reports of ownership and changes in ownership of our Common Stock and other equity securities. ## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This Proxy Statement discusses the executive compensation of our Named Executive Officers and explains to our shareholders how our executive compensation programs, policies and decisions are formulated, applied and operate with respect to the Named Executive Officers. In the Compensation Discussion and Analysis, we also discuss and analyze our executive compensation program, including each component of compensation awarded under the program, and the corresponding compensation amounts for each respective Named Executive Officer.

This Compensation Discussion and Analysis should be read in conjunction with the Summary Compensation Table (including the related tabular and narrative discussions) and the Committees of the Board of Directors – The

Compensation Committee section contained in this Proxy Statement. As noted in that section, our Compensation Committee, which is comprised only of directors who satisfy applicable SEC and NYSE independence requirements, oversees and administers our executive compensation policies and practices.

Overview and Philosophy of Compensation

The Compensation Committee oversees all of our executive officer compensation arrangements. The Compensation Committee has the responsibility to (i) review and approve corporate goals and objectives relevant to the compensation of our CEO, (ii) evaluate the performance of our CEO in light of those goals and objectives, and (iii) determine and approve the compensation level of our CEO based upon that evaluation. The Compensation Committee also has the responsibility to review annually the compensation of our other executive officers and to determine whether such compensation is reasonable under existing facts and circumstances. In making such determinations, the Compensation Committee seeks to ensure that the compensation of our executive officers aligns the executives' interests with the interests of our shareholders. The Compensation Committee also reviews and approves all forms of incentive compensation, including stock option grants, stock grants, restricted stock unit ("RSU") grants, and other forms of incentive compensation granted to our executive officers. The Compensation Committee takes into account the recommendations of our CEO in reviewing and approving the overall compensation of the other executive officers. The Compensation Committee has not engaged or received reports from any third-party compensation consultants.

We believe that the quality, skills, and dedication of our executive officers are critical factors affecting our long-term value and success. Our primary executive compensation goals include attracting, motivating, and retaining qualified executive officers who create long-term value for our shareholders. We seek to accomplish these goals by rewarding past performance, incentivizing future performance, and aligning our executive officers' long-term interests with those of our shareholders. Our compensation program is designed to reward our executive officers for individual performance, years of experience, contributions to our financial success, and creation of shareholder value. (In this Proxy Statement, the terms "shareholder value" and "shareholder return" generally refer to the percentage increase in the value of our shareholders' Company shares.) Our compensation philosophy is to provide overall compensation levels that (i) attract and retain talented executives and motivate those executives to achieve superior results, (ii) align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our shareholders, and (iii) enhance executives' incentives to increase our stock price and maximize shareholder value. In addition, we strive to ensure that our compensation, particularly salary compensation, is consistent with our constant focus on controlling costs. Our primary strategy for building senior management depth has been to develop personnel from within our Company to ensure that our executive team as a whole remains dedicated to our customs, practices, and culture, recognizing, however, that we may gain talent and new perspectives from external sources. Accordingly, in many instances, we build our compensation elements around long-term retention and development, together with annual rewards based on specific focus areas.

Elements of Compensation

Our compensation program for senior executive officers has two major elements, fixed and incentive compensation. The total compensation for senior executive officers, including the Named Executive Officers, consists of one or more of the following five components: (i) base salary; (ii) performance-based and/or discretionary annual cash bonus, (iii) long-term equity incentives in the form of stock-based awards or grants; (iv) other compensation, including specified perquisites; and (v) employee benefits, which are generally available to all of our employees.

The Compensation Committee has the responsibility to make and approve changes in the total compensation of our executive officers, including the mix of compensation elements. In making decisions regarding an executive's total compensation, the Compensation Committee considers whether the total compensation is (i) fair and reasonable to us, (ii) internally appropriate based upon our culture, goals, initiatives, and the compensation of our other employees, and (iii) within a reasonable range of the compensation afforded by other opportunities, overall economic conditions, and our recent historical performance. The Compensation Committee also bases its decisions regarding compensation upon its assessment of factors such as the executive's leadership, integrity, individual performance, prospect for future

performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial results, the creation of shareholder value, and current and past compensation. In determining the mix of compensation elements, the Compensation Committee considers the effect of each element in relation to total compensation. Consistent with our need to control costs and our desire to recognize our executives' performance where such recognition is warranted, the Compensation Committee historically has attempted to keep base salaries relatively low and weight overall compensation toward incentive cash and equity-based compensation. The Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that sustains and enhances long-term

[Return to Table of Contents](#)

shareholder value. The Compensation Committee also considers the tax consequences associated with each element of compensation, including whether the deductibility of compensation is expected to be limited under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). In determining whether to increase or decrease an element of compensation, we rely upon the business experience of the members of the Compensation Committee, the Compensation Committee's general understanding of compensation levels at public companies, and the historical compensation levels of the executive officers, and, with respect to executives other than the CEO, we generally consider the recommendations of the CEO and management. We generally do not rely on rigid formulas (other than performance measures under the objective portion of our annual cash bonus program) or short-term changes in business performance when setting compensation.

The following summarizes the compensation elements we used to motivate and retain our Named Executive Officers for the fiscal year ended December 31, 2012.

#### Base Salary

We pay base salaries at levels that reward executive officers for ongoing performance and that enable us to attract and retain highly qualified executives, but not at a level that allows the executives to achieve the overall compensation they desire. Base pay is a critical element of our compensation program because it provides our executive officers with stability. Compensation stability allows our executives to focus their attention and efforts on our business objectives, which includes creating shareholder value. In determining base salaries, we consider the executive's current salary and the executive's qualifications and experience, including, but not limited to, the executive's length of service with us, the executive's industry knowledge, and the executive's leadership, integrity, scope of responsibilities, dedication to us and our shareholders, past performance, and future potential of providing value to our shareholders. The base salaries of our executive officers will differ based upon these factors. Market adjustments to executive officer base salaries may also be made when a significant change occurs to an executive officer's position or responsibilities or if comparative market salary practices differ significantly. We set our base salaries at a level that encourages our executive officers to achieve their incentive compensation in order to earn the total compensation they desire. We believe this mix of compensation helps us incentivize our executives to maximize shareholder value in the long run. We consider adjustments to base salaries annually to reflect the foregoing factors but do not apply a specific weighting to such factors. The 2012 base salaries of our Named Executive Officers are disclosed in the Summary Compensation Table.

#### Incentive Compensation

##### Performance-Based and Discretionary Annual Cash Bonuses

We use our Performance Cash Bonus Plan (defined below) to provide annual incentives to executive officers in a manner designed to (i) link increases in compensation to our income targets in order to reinforce cost controls, (ii) reinforce our performance goals, and (iii) link a significant portion of our executives' compensation to the achievement of such goals. We also use the Performance Cash Bonus Plan to preserve for our benefit a federal tax deduction for payments of incentive compensation to our executive officers. Cash bonuses are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results and certain operating statistics that the Compensation Committee identifies each year as being important to our success. On December 21, 2005, our shareholders approved our 2005 Executive Cash Bonus Plan (the "Performance Cash Bonus Plan"), and on May 20, 2010, our shareholders re-approved the Performance Cash Bonus Plan.

Under the Performance Cash Bonus Plan, the Compensation Committee is required to set, for each executive officer, one or more objective performance targets. The annual cash bonus amount awarded to each executive officer is

primarily dependent upon us reaching or exceeding specified, objective performance targets. Performance targets may be based on the attainment of specified levels of one or any variation or combination of the factors listed in the Performance Cash Bonus Plan. Corporate performance targets typically have related to profitability and revenue and earnings growth to align cash compensation payments with our performance. Additionally, individual performance targets may be based on the successful implementation of corporate policies, negotiation of significant corporate transactions, development of long-term business goals or strategic plans, or the exercise of specific areas of managerial responsibility. The Compensation Committee sets the specific performance targets for each executive

[Return to Table of Contents](#)

officer after engaging in active dialog with our CEO concerning our strategic objectives and performance and reviewing the appropriateness of the financial measures used in the Performance Cash Bonus Plan.

Concurrently with establishing the performance targets, the Compensation Committee also establishes a maximum cash bonus award opportunity for each executive officer under the Performance Cash Bonus Plan, typically expressed as a percentage of base salary as of the commencement of the performance period. For 2012, the maximum bonus target was 60% of base salary for our CEO and ranged from 30% to 40% for our other Named Executive Officers. Our Performance Cash Bonus Plan contains an annual maximum cash bonus limitation of \$2.0 million for any participant, but the maximum award approved for any individual executive has never exceeded \$354,000. In determining an executive officer's maximum cash bonus opportunity, the Compensation Committee considers (i) the value that achieving specific performance targets will add to our shareholders, (ii) the degree of difficulty in achieving specific performance targets, and (iii) each of the other elements comprising the executive's total compensation. When calculating the cash bonus earned by an executive officer under the Performance Cash Bonus Plan, the Compensation Committee may, in its sole discretion, exercise negative discretion to eliminate or reduce the size of a bonus if the Compensation Committee determines such action is appropriate, but may not increase a bonus above the executive's maximum cash bonus actually earned based on achievement of the objective performance criteria. Further, the Compensation Committee is required to certify, prior to payment of a bonus under the Performance Cash Bonus Plan, that the executive officer achieved the respective performance targets underlying the cash bonus.

The Compensation Committee also administers a discretionary cash bonus program ("Discretionary Cash Bonus Program") for achievements in leadership, innovation, initiative, and other non-objective performance indicia outside the Performance Cash Bonus Plan. These awards are made on a discretionary basis, may not be part of the cash bonus opportunity in any given year, and are unrelated to the attainment of the Performance Cash Bonus Plan's objective performance criteria. An award under the Discretionary Cash Bonus Program may not be used to make up for an award that was not earned under the Performance Cash Bonus Plan's objective performance criteria and will not be exempt from the \$1.0 million deductibility limit under Section 162(m) of the Code.

The performance-based and discretionary annual cash bonuses awarded to our Named Executive Officers are disclosed in the Summary Compensation Table.

#### Long-Term Incentives

On May 17, 2012, our shareholders approved our 2012 Equity Compensation Plan (the "Equity Compensation Plan"). The Equity Compensation Plan is an equity compensation plan that we use to accomplish our compensation goals by providing our executive officers with long-term incentives. We also use the Equity Compensation Plan to align our executives' and shareholders' long-term interests by creating a strong, direct link between executive compensation and shareholder return.

Under the Equity Compensation Plan, the Compensation Committee may grant stock options, restricted stock, restricted stock units, or other forms of equity-based awards as forms of executive officer compensation. The Equity Compensation Plan allows the Compensation Committee to link compensation to performance over a period of time by using equity-based awards, which often value a company's long-term prospects, and granting awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as stock options or RSU grants, provide balance to the other elements of our compensation program that otherwise link compensation to annual performance. Awards with multiple-year vesting schedules incentivize executives to remain with us over an extended period of time. Thus, we believe the Equity Compensation Plan is an effective way of aligning the interests of our executive officers with those of our shareholders.

In determining our long-term incentive compensation, our Compensation Committee evaluates which equity award vehicles achieve the best balance between providing appropriate long-term incentive compensation and creating long-term shareholder value. The Compensation Committee considers several factors when determining the size of the award to our executive officers, including (i) the recommendations of our CEO (except as to his own awards); (ii) the value of the grant in relation to other elements of total compensation; (iii) the number and type of equity grants currently held by the executive; (iv) the number and type of awards granted to the executive in prior years; and (v) the executive's position, scope of responsibility, ability to affect our profits, ability to create shareholder value, and historic and recent performance.

Please refer to the Summary Compensation Table and Grants of Plan-Based Awards table for further details regarding long-term incentives awarded to our Named Executive Officers.

Other Compensation

We provide our Named Executive Officers with certain other benefits, which include perquisites, that we believe are reasonable, competitive, and consistent with our overall executive compensation program. The costs of these benefits generally constitute only a small percentage of each executive's total compensation, with the exception being the air travel allowance for our CEO as described below. In setting the amount of these benefits, the Compensation Committee considers each executive's position and scope of responsibilities and all other elements comprising the executive's compensation. The aggregate incremental cost of perquisites and other benefits provided to our Named Executive Officers is shown in the All Other Compensation column of the Summary Compensation Table and detailed in the All Other Compensation Table.

Employee Benefits

Our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as our 401(k) Plan and medical, dental, and group life insurance plans, in each case on the same basis as our other employees. We believe our benefits are competitive and standard compared to those offered by other publicly traded companies in our general industry.

Compensation Paid to Our Named Executive Officers

Compensation Paid to Our Chief Executive Officer

Kevin Knight has been our CEO since 1993 and has served as Chairman of the Board since 1999. Since Mr. Knight became our CEO, we have achieved considerable growth in revenue, earnings, and market value. In discussions with Mr. Knight, the Compensation Committee determined that the following items were most important to motivating continued performance from Mr. Knight, as the CEO: (i) a base salary that is commensurate with his level of responsibility and commitment to us, but not so high that it would undermine our cost-control culture; (ii) a significant amount of equity compensation to align Mr. Knight's compensation with increasing shareholder value; and (iii) a travel allowance that would permit use of private aircraft at Mr. Knight's discretion to manage our expansive geographic presence without unduly affecting his availability for business or his lifestyle. Mr. Knight does not participate in the determination of his own compensation. However, Mr. Knight voluntarily reduced his salary since 2008 due to the difficult economic environment in which we were operating and his commitment to our financial performance. Effective in April 2012, Mr. Knight's salary was restored to \$590,000 annually from his previous voluntary annual salary level of \$440,000.

For 2012, the Compensation Committee also approved a performance-based cash bonus opportunity under which Mr. Knight was eligible to receive a cash bonus of up to 60% of his base salary under the Performance Cash Bonus Plan (the "Bonus Plan Compensation"). The percentage of salary assigned to Mr. Knight's potential bonus was based on the Compensation Committee's evaluation of (i) the magnitude of Mr. Knight's ability to affect corporate performance based on his responsibilities, (ii) the composition of Mr. Knight's total compensation package, including the fact that his salary remained constant since 2008 (although the voluntary reduction of his salary ended in March 2012), and (iii) our long-term profitability and earnings goals. Mr. Knight's potential bonus as a percentage of his salary was greater than the other Named Executive Officer's because the Compensation Committee believed that, based upon his responsibilities, Mr. Knight had a greater ability to affect corporate performance than the other Named Executive Officers.

In connection with the maximum performance-based cash bonus opportunity described above, the Compensation Committee set performance targets related to consolidated earnings growth and consolidated revenue growth (the "2012 Performance Targets"). One-half of the maximum bonus opportunity was tied to consolidated earnings growth targets and one-half was tied to achieving consolidated revenue growth targets. The 2012 Performance Target range for earnings targets was from 33% target bonus achievement at 5.0% earnings growth to 100% bonus target achievement at 15% earnings growth. The 2012 Performance Target range for consolidated revenue growth was from 33% target bonus achievement at 5.0% consolidated revenue growth to 100% bonus target achievement at

[Return to Table of Contents](#)

15% consolidated revenue growth. In December 2012, the Compensation Committee reassessed the 2012 executive compensation components for Mr. Knight. Given the economic environment at the date the targets were adopted, the Compensation Committee viewed the 2012 Performance Targets as reflecting a range of performance that was achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2012 Performance Targets were generally based upon Company performance goals and were therefore recommended by those members of our management team (Kevin Knight, David Jackson, and Adam Miller) having the most suitable and comprehensive knowledge of overall Company performance and goals. Following its thorough review and discussion, the Compensation Committee approved the 2012 Performance Targets upon determining that such targets align management compensation with the Company's performance goals. The 2012 Performance Targets did not reflect any opinion or projection of management concerning earnings expectations for the year. The Compensation Committee also decided to utilize the Discretionary Cash Bonus Program in consideration of the overall challenging economic conditions throughout 2012 and Mr. Knight's prior voluntary salary reduction.

The Compensation Committee met in February 2013 to discuss and review the 2012 Performance Targets for Mr. Knight. The Compensation Committee reviewed the foregoing policies, our financial and operating performance, and the 2012 Performance Targets with Messrs. Knight, Jackson, and Miller. Consolidated earnings growth was 12.9% and consolidated revenue growth before fuel surcharge was 7.9%, which represented partial achievement of these Performance Targets of the Performance Cash Bonus Plan. Accordingly, the Compensation Committee awarded Mr. Knight \$177,000 as Bonus Plan Compensation. The Compensation Committee also approved the award of a discretionary bonus to Mr. Knight of \$177,000 under the Discretionary Cash Bonus Program. In making its determination, the Compensation Committee considered whether key members of our management were paid sufficiently when compared to other similarly situated management personnel at our peer companies. The Compensation Committee also acknowledged Mr. Knight's prior voluntary salary reduction and necessary and appropriate compensation to ensure executive retention.

During 2012, we also paid a pre-determined amount for the business-related air travel of Kevin Knight, in his role as our CEO. Mr. Knight used the allowance at his discretion for all of his business-related air travel, whether commercial or charter. With approximately 30 locations across the United States and numerous investor, supplier, industry, and other destinations, Mr. Knight was, and continues to be, required to travel by air frequently to carry out his responsibilities. Some of this travel involved a personal component, although we believe the personal component is immaterial compared to the business-related travel. The Compensation Committee believes that the air travel allowance was reasonable because it enhances Mr. Knight's ability to carry out his responsibilities as CEO. The Compensation Committee also desired to avoid the complications of allocating business versus personal travel expenses on trips with more than one function and therefore provided Mr. Knight with the pre-determined allowance amount to use at his discretion for travel expenses, with any excess being payable personally by him. In January 2009, Mr. Knight voluntarily reduced his annual air travel allowance by \$100,000, from \$250,000 to \$150,000, in recognition of difficult economic conditions. This voluntary reduction continued at the same level until April 2012, when Mr. Knight's air travel allowance was restored to \$250,000 annually from his previous voluntary allowance of \$150,000. The amount of Mr. Knight's air travel allowance is paid at the same time as salary payments, is used at his discretion, and is not grossed-up for tax purposes. During 2012, Mr. Knight also received a cash vehicle allowance of approximately \$17,160. Both the air travel allowance and the vehicle allowance are included in the "All Other Compensation" column of the Summary Compensation Table.

In 2012, in addition to providing medical, dental, and group life insurance to Mr. Knight, we also contributed \$850, which represents our maximum matching discretionary contribution per participant, to the 401(k) Plan of Mr. Knight. We report the 401(k) contribution in the "All Other Compensation" column in the Summary Compensation Table.

Compensation Paid to Our Other Named Executive Officers

For all Named Executive Officers, other than our CEO, the form and amount of compensation was recommended by the CEO. As discussed above, the Compensation Committee relied on the business experience of its members, the historical compensation levels of the Named Executive Officers, and its general understanding of compensation levels at public companies to determine that the CEO's recommendations with respect to the compensation levels and forms were appropriate for 2012. The form of compensation was substantially consistent with past years, with compensation consisting primarily of salary, cash bonus based on the achievement of certain financial and operating goals, and equity awards. For each of the Named Executive Officers, the Compensation Committee considered,

Return to Table of Contents

among other things, our financial and operating results during 2011 and 2012, the duties and responsibilities of each executive, and the length of time each executive has been with us as further described in each executive's biography found herein.

Effective August 1, 2008, Keith Knight and Gary Knight voluntarily reduced their salaries by \$100,000 annually from \$350,000 to \$250,000 and \$227,500 to \$127,500, respectively. Based on the improved operating environment during 2010, the Compensation Committee recommended in August 2010 that the voluntary salary reductions put in place in 2008 be adjusted so that their salaries were reduced by \$50,000 annually. However, Keith Knight and Gary Knight voluntarily continued their salary reduction at the rate of \$75,000 annually. Effective in April 2012, the salaries of Keith Knight and Gary Knight were restored to previous levels at \$350,000 and \$227,500, respectively. In May 2012, Mr. Jackson's annual base salary was increased to \$225,000 from \$200,000, and Mr. Miller's annual base salary was increased to \$150,000 from \$125,000.

For 2012, the Compensation Committee also approved a performance-based cash bonus opportunity under the Performance Cash Bonus Plan and under which each of David Jackson and Keith Knight was eligible to receive a cash bonus of up to 40% of his base salary and each of Adam Miller and Gary Knight was eligible to receive a cash bonus of up to 30% of his base salary as Bonus Plan Compensation. The percentage of salary assigned to each Named Executive Officer was based on the CEO's recommendation and the Compensation Committee's evaluation of (i) the magnitude of each Named Executive Officer's ability to impact corporate performance based on the Named Executive Officer's responsibilities at the time, (ii) the composition of the respective Named Executive Officer's total compensation package, and (iii) our long-term profitability and earnings goals.

In connection with the performance-based cash bonus opportunities described above, the Compensation Committee set performance targets related to consolidated earnings growth and consolidated revenue growth. One-half of the maximum bonus opportunity was tied to earnings growth targets and one-half was tied to revenue growth targets. The 2012 Performance Target range for earnings targets was from 33% target bonus achievement at 5.0% earnings growth to 100% bonus target achievement at 15% earnings growth. The 2012 Performance Target range for consolidated revenue growth was from 33% target bonus achievement at 5.0% consolidated revenue growth to 100% bonus target achievement at 15% consolidated revenue growth. In December 2012, the Compensation Committee also reassessed the 2012 executive compensation components for our other Named Executive Officers. Given the economic environment at the date the targets were adopted, the Compensation Committee viewed the 2012 Performance Targets as reflecting a range of performance that was achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2012 Performance Targets were recommended by management and approved by the Compensation Committee, as discussed above regarding our CEO's compensation. The 2012 Performance Targets did not reflect any opinion or projection of management concerning earnings expectations for the year. The Compensation Committee also decided to utilize the Discretionary Cash Bonus Program in consideration of the overall challenging economic conditions throughout 2012, prior voluntary salary reductions made by certain executive officers, and the impact of our stock price on our executives' outstanding equity awards.

The Compensation Committee met in February 2013 to discuss and review the 2012 Performance Targets for the Named Executive Officers. The Compensation Committee reviewed the foregoing policies, our financial and operating performance, and the 2012 Performance Targets with the CEO. The 2012 Performance Targets for the CEO and other Named Executive Officers are consistent. As discussed above, the consolidated earnings growth and consolidated revenue growth 2012 Performance Targets were both partially achieved. Management therefore recommended to our Compensation Committee that the amounts of the potential bonuses awarded to our other Named Executive Officers be based upon the 2012 Performance Target percentages achieved. Accordingly, the Compensation Committee awarded Keith Knight, Gary Knight, David Jackson, and Adam Miller \$70,000, \$34,125, \$45,000, and \$22,500, respectively, as Bonus Plan Compensation for amounts earned under the 2012 Performance Targets. In addition, upon the recommendation of management, the Compensation Committee approved the awards

of a discretionary bonus to Keith Knight, Gary Knight, David Jackson, and Adam Miller of \$70,000, \$34,125, \$67,500, and \$37,500, respectively, under the Discretionary Cash Bonus Program. In making its determination, the Compensation Committee considered whether key members of our management were paid sufficiently when compared to other similarly situated management personnel at our peer companies. The Compensation Committee also acknowledged prior voluntary salary reductions made by certain executive officers and ensuring executive retention by providing necessary and appropriate compensation.

Return to Table of Contents

Except as described above with respect to the CEO, we did not pay for the personal air travel of any of our other executive officers, including our other Named Executive Officers. However, similar to our CEO, our other Named Executive Officers receive a vehicle allowance or are provided a company vehicle. In 2012, in addition to providing medical, dental, and group life insurance to our Named Executive Officers, we also contributed \$850, which represents our maximum matching discretionary contribution per participant, to the 401(k) Plan of each Named Executive Officer. We report the vehicle allowance and the 401(k) contribution in the "All Other Compensation" column in the Summary Compensation Table.

Compensation Decisions with Respect to 2013

In February 2013, the Compensation Committee also approved maximum performance-based cash bonus opportunities for 2013 under which (i) Kevin Knight is eligible to receive a cash bonus of up to 60% of his base salary; (ii) each of Keith Knight and David Jackson is eligible to receive a cash bonus of up to 40% of his base salary; and (iii) Gary Knight and Adam Miller are eligible to receive a cash bonus of up to 30% of his base salary. As in 2012, the percentage of salary assigned to each Named Executive Officer is based on the Compensation Committee's evaluation of (i) the magnitude of each Named Executive Officer's ability to affect corporate performance based on the Named Executive Officer's responsibilities at the time, (ii) the composition of the respective Named Executive Officer's total compensation package, and (iii) our long-term profitability and earnings goals. For 2013, each Named Executive Officer's performance-based cash bonus will be paid under the Performance Cash Bonus Plan. The Compensation Committee also may award additional cash bonuses under the Discretionary Cash Bonus Program for achievements in leadership, innovation, initiative, and other indicia outside of the Performance Cash Bonus Plan.

In connection with the maximum performance-based cash bonus opportunities described above, the Compensation Committee set performance targets related to the change in earnings compared with earnings in 2012 and annual consolidated revenue growth (the "2013 Performance Targets"). One-half of the maximum bonus opportunity is tied to consolidated earnings growth and one-half is tied to consolidated revenue growth. The 2013 Performance Target range for earnings targets is from 25% target bonus achievement at 6.0-7.9% earnings growth to 100% bonus target achievement at 12% or higher earnings growth. The 2013 Performance Target range for consolidated revenue growth is from 25% target bonus achievement at 4.0-5.9% revenue growth to 100% bonus target achievement at 10% or higher revenue growth. Given the economic and freight environment at the date the targets were adopted, the Compensation Committee viewed the 2013 Performance Targets as reflecting a range of performance that is achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2013 Performance Targets were recommended by management and approved by the Compensation Committee. The 2013 Performance Targets do not reflect any opinion or projection of management concerning earnings expectations for the year.

At its February 2013 meeting, the Compensation Committee approved a grant of 13,000 RSUs to Mr. Jackson and 8,000 RSUs to Mr. Miller. Each RSU award vests annually in equal 20% increments over a five-year period beginning on January 31, 2014. In determining the grants, the Compensation Committee considered each individual's respective position with us, responsibilities, and ability to affect the Company's profitability and create shareholder value. In addition, our Compensation Committee also considered the importance of ensuring that key members of our senior management who are not Knight family members accumulate a meaningful equity stake in the Company that aligns their interests with those of our shareholders. With respect to the size of each grant, the Compensation Committee also took into consideration the Company's consolidated earnings and revenue growth and management's recommendations. These RSU grants were awarded in February 2013, and no RSU grants were made in 2012.

Benchmarking Compensation

We do not formally benchmark salary or total executive compensation against the executive compensation of any other particular company or competitive peer group of companies. From time to time, the Compensation Committee has considered the form and level of executive compensation disclosed by other comparable publicly traded truckload carriers, certain other transportation companies, and companies of similar size and market capitalization in general in order to obtain a broad understanding of such companies' compensation practices.

Other Policies and Considerations

Risk Considerations Regarding Compensation

As required by SEC rules, the Company has assessed the risks that could arise from its compensation policies for all employees, including employees who are not officers, and has concluded that such policies are not reasonably likely to have a materially adverse effect on the Company.

We believe our compensation policies and practices for executive and non-executive employees create appropriate and meaningful incentives for our employees and avoid excessive or inappropriate risks. Our Compensation Committee assesses the risks that could arise from such policies and practices by reviewing the various elements and aspects of our compensation, including base salaries, incentive compensation (which includes long-term equity awards and performance-based and discretionary annual bonuses), other compensation that includes perquisites, and employee benefits generally available to all of our employees. Upon concluding such assessment, the Compensation Committee determined that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse impact on the Company. In making this determination, our Compensation Committee primarily considered the following factors:

- Long-term incentive compensation awards are generally tied to our overall revenue and earnings growth.
- Annual performance-based cash bonus compensation awarded under our Performance Cash Bonus Plan is equal to 30% to 60% of base salary amounts so as not to encourage short-term risk taking, and potential discretionary bonuses also encourage appropriate behavior.
- Equity awards frequently have staggered or long-term vesting schedules and further align executive compensation with increasing shareholder value.
- The Compensation Committee is comprised of only independent directors who review and make compensation decisions based on objective measurements and payment methodologies.
- Three of our Named Executive Officers are among our largest shareholders, which aligns their interests with those of our shareholders generally.
- Our internal controls over financial reporting, audit practices, corporate governance guidelines, and codes of ethics and financial responsibilities were implemented to reinforce the balanced compensation objectives established by our Compensation Committee.

Role of Shareholder "Say-on-Pay" Vote

We provide our shareholders with an annual advisory vote to approve the compensation of our executive officers (commonly referred to as a "say-on-pay" proposal) pursuant to Section 14A of the Exchange Act. At our 2012 Annual Meeting of Shareholders, our shareholders approved the "say-on-pay" proposal by the affirmative vote of approximately 99.0% of the shares cast on that proposal. The Compensation Committee believes the voting results affirm shareholders' support of the Company's executive compensation program and policies and approach to executive compensation, and therefore the Compensation Committee did not change its approach during 2012. The

Compensation Committee will continue to consider the outcome of the Company's "say-on-pay" proposals when making future compensation decisions for our Named Executive Officers.

#### Employment Agreements

We currently do not have any employment contracts, severance agreements, change-of-control agreements, or other agreements or arrangements with our executive officers, including our Named Executive Officers, that provide for payment or benefits to any executive officer at, following, or in connection with a change in control, a change in an executive officer's responsibilities, or an executive officer's termination of employment, including resignation, severance, retirement, or constructive termination. Each of the Named Executive Officers is employed at will.

Each perquisite and personal benefit is valued on the basis of the aggregate incremental cost to the Company. In this column, the amount disclosed for Kevin Knight represents compensation for his air travel allowance and vehicle allowance, as disclosed in the following footnote. For each of the other Named Executive Officers, excluding Kevin Knight, this amount represents compensation for the vehicle allowance.
- (2) Of the total amount disclosed for Kevin Knight, \$226,923 is attributed to his air travel allowance and \$17,160 is attributed to his vehicle allowance. Mr. Knight voluntarily reduced his annual air travel allowance to \$150,000 in January 2009, and such allowance was restored to its previous \$250,000 annual amount in April 2012. For further discussion, refer to Executive Compensation – Compensation Discussion and Analysis – Compensation Paid to Our Named Executive Officers – Compensation Paid to Our Chief Executive Officer. The vehicle allowance for Mr. Knight was computed based upon the Company's out-of-pocket costs for monthly lease payment, fuel, and operating costs.
