PROXY STATEMENT

INTRODUCTION

General

This Proxy Statement is furnished to shareholders of TESSCO Technologies Incorporated, a Delaware corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Annual Meeting of Shareholders to be held at, 375 W. Padonia Road, Timonium, Maryland 21093, on Thursday, July 24, 2003 at 9:00 a.m., local time, and at any adjournment or postponement thereof.

Solicitation

The solicitation of proxies is being made primarily by mail, but directors, officers and employees may also engage in the solicitation of proxies by telephone. The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Innisfree M&A Incorporated to assist in the solicitation of proxies at a cost to the Company not to exceed \$6,500. In addition, the Company may reimburse brokers, custodians, nominees and other record holders for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners.

This Proxy Statement and the accompanying form of proxy are being sent to shareholders on or about June 20, 2003.

Voting Rights and Outstanding Shares

The Board of Directors of the Company has fixed the close of business on June 2, 2003 as the record date for determining the shareholders of the Company entitled to notice of and to vote at the Annual Meeting. On the record date, 4,449,293 shares of Common Stock, \$0.01 par value per share, of the Company were issued and outstanding. Each share of Common Stock entitles the holder to one vote on each matter to be voted on at the Annual Meeting. There is no cumulative voting for the election of directors.

The presence, in person or by proxy, of at least a majority of the total number of shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. In the event there are not sufficient votes for a quorum or to approve any proposal at the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

Your vote is important. Because most of our shareholders cannot attend the Annual Meeting in person, it is necessary for a large number to be represented by proxy. Most shareholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see what options are available to you. If you vote by proxy over the Internet, please be aware that you may

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

incur costs such as telecommunication and Internet access costs for which you may be responsible. The Internet and telephone proxy vote facilities for shareholders of record will close at 11:00 p.m. Eastern Time on the business day prior to the Annual Meeting day.

A shareholder may, with respect to the election of directors, (i) vote "FOR" the election of the named director nominees, (ii) "WITHHOLD AUTHORITY" to vote for all named director nominees,

or (iii) vote for the election of all director nominees other than any nominee with respect to whom the shareholder withholds authority to vote. A shareholder may, with respect to each other matter specified in the notice of meeting, (i) vote "FOR" the matter, (ii) vote "AGAINST" the matter, or (iii) "ABSTAIN" from voting on the matter.

All shares of Common Stock entitled to vote and represented by properly submitted proxies received prior to the Annual Meeting and not revoked, will be voted in accordance with your instructions. If no instructions are indicated, the shares of Common Stock represented by a properly submitted proxy will be voted "FOR" the election of the named director nominees and "FOR" the ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted by the shareholder with respect to a particular matter. This could occur, for example, when a broker is not permitted to vote Common Stock held in street name on certain matters in the absence of instructions from the beneficial owner of the Common Stock. These "nonvoted shares," i.e., shares subject to a proxy which are not being voted with respect to a particular matter, will be considered shares not present and entitled to vote on such matter, although these shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum.

Revocation of Proxies

A proxy may be revoked at any time before its exercise by the filing of a written revocation with Mary Lynn Schwartz, Corporate Secretary of the Company, by timely providing a later-dated proxy (including by Internet or telephone vote), or by voting by ballot at the Annual Meeting. Mere attendance at the Annual Meeting will not revoke a proxy, and if you are a beneficial owner of shares not registered in your own name, you will need additional documentation from your record holder to vote personally at the Annual Meeting.

Required Vote

The affirmative vote of a plurality of the shares of Common Stock present in person or by proxy at the Annual Meeting and entitled to vote on the election of directors is required to elect directors. Accordingly, if a quorum is present at the Annual Meeting, the two persons receiving the greatest number of votes will be elected to serve as directors. Therefore, assuming the presence of a quorum at the Annual Meeting, withholding authority to vote for a director(s) and "nonvoted shares" with respect to the election of directors will not affect the outcome of the election of directors. The affirmative vote of a majority of the shares of Common Stock present in person or by proxy at the Annual Meeting and entitled to vote thereon is required to approve each matter other than the election of directors. Under Delaware law, abstentions with respect to matters other than the election of directors are generally considered as shares present and entitled to vote and thus have the same effect as a vote against such matter. "Nonvoted shares" with respect to such a matter will not be considered as present and entitled to vote on the matter and thus will not affect the determination of whether the matter is approved.

The Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Submission of a proxy, however, confers on the designated proxy, the authority to vote the shares in accordance with their discretion on such other business, if any, as may properly come before the Annual Meeting or any adjournment thereof. Proxies solicited by means of this proxy statement will be tabulated by inspectors of election designated by the Board, who will not be employees or directors of the Company or any of its affiliates.

PROPOSAL 1. Election of Directors

The Company's Bylaws provide that the Board of Directors is divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, and each class having a three-year term. Each year the directors in one class are elected to serve for a term of three years. The Board of Directors is currently composed of six members. One class of directors, consisting of John D. Beletic and

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

Morton F. Zifferer, Jr., has a term of office expiring at the Annual Meeting and until their successors are elected and qualified. Messrs. Beletic and Zifferer have each been nominated for a three-year term expiring at the Annual Meeting of Shareholders in 2006 and until their successors are elected and qualified. In the event that either nominee is unable or unwilling to serve, the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board of Directors has no reason to believe that any nominee named herein will be unable or unwilling to serve.

The Board of Directors recommends a vote "FOR" the election of all named director nominees.

Set forth below is information concerning the nominees for election and those directors whose terms continue beyond the date of the Annual Meeting.

Board Committees and Meetings

The Board of Directors has an Audit Committee consisting of Messrs. Eppler, Konsynski and Zifferer; a Compensation Committee consisting of Messrs. Beletic, Shaughnessy and Zifferer; and a Nominating Committee consisting of Messrs. Shaughnessy, Konsynski and Eppler.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

The Audit Committee is primarily concerned with the effectiveness of the audits of the Company by the Company's independent auditors. Its duties include recommending the selection of independent auditors, reviewing the scope of audits conducted by them, as well as the results of their audits, and reviewing the organization and scope of the Company's internal system of accounting and financial controls. The Audit Committee met four times during fiscal 2003.

The Compensation Committee provides assistance to the Directors in fulfilling their responsibilities to the shareholders, potential shareholders and investment community relating to compensation practices of the Company, including salary and other forms of compensation. The Committee's primary duties and responsibilities are to formulate and recommend compensation policies of the Company to management that will enable the Company to attract and retain high-quality leadership and are consistent with the Company's established compensation philosophy. The Compensation Committee met five times during fiscal 2003.

The Nominating Committee was established during fiscal 2003 and is responsible for developing and implementing policies and procedures that are intended to assure that the Board of Directors will be appropriately constituted and organized to meet its fiduciary obligations to the Company and the shareholders on an ongoing basis. The Nominating Committee met once during fiscal 2003.

The Board of Directors met seven times, including two teleconferences, during fiscal 2003. No director serving on the Board has attended fewer than 75% of the total number of meetings of the Board and of the Committees of which he was a member during fiscal 2003.

Director Compensation

In consideration for services on the Board, each non-employee Director of the Company is paid \$1,000 per calendar month plus \$500 for each meeting of the Board or Committee of the Board that he attends (or \$250 when he participates telephonically); however, no additional fees are paid in respect of meetings of Committees of the Board held on the same days as and in connection with meetings of the Board. Each Director is also separately reimbursed for reasonable out-of-pocket expenses incurred in connection with his attendance at Board or Committee meetings.

PROPOSAL 2. Ratification of Independent Public Accountants

The Board of Directors has selected the firm of Ernst & Young LLP to serve as independent public accountants for the fiscal year ending March 28, 2004, and seeks ratification of such appointment by the shareholders. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will be available to respond to appropriate questions.

Pursuant to a recommendation of the Audit Committee and approval by the Board of Directors, effective June 4, 2002, Arthur Andersen LLP was dismissed as the Company's independent public accountants and Ernst & Young LLP was engaged to serve as the Company's independent public accountants for the fiscal year ending March 30, 2003.

4

Arthur Andersen's reports on the Company's consolidated financial statements for each of the fiscal years ended March 31, 2002 and April 1, 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended March 31, 2002 and April 1, 2001, and through June 4, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Arthur Andersen with the foregoing disclosures. Attached as Appendix A is a copy of Arthur Andersen's letter, dated June 4, 2002, stating its agreement with such statements.

During the fiscal years ended March 31, 2002 and April 1, 2001, and through June 4, 2002, the Company did not consult Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of Ernst & Young LLP as independent public accountants for fiscal year 2004.

Pursuant to the terms of an employment agreement between the Company and Mr. Barnhill entered into in March 1994, as amended, Mr. Barnhill is employed as Chairman of the Board, President and Chief Executive Officer of the Company at a current annual base salary of \$450,000, and cash bonuses in accordance with the Company's Officers' Value Share Plan. This plan is designed to reward the Company's officers based upon the growth in the Company's earnings and improvement in other key corporate performance measures. The employment agreement provides for an initial term of three years, and, unless the Board of Directors notifies Mr. Barnhill otherwise before the end of any calendar year, the term of the agreement automatically renews daily for the succeeding three-year period.

The employment agreement also provides for (i) the establishment of a supplemental executive retirement plan, which will provide Mr. Barnhill with a \$75,000 annual pension benefit payable on Mr. Barnhill's retirement, termination of employment for reasons other than cause (as defined in the employment agreement) or attainment of age 62 and (ii) a long-term disability policy providing Mr. Barnhill with a benefit equal to not less than 70% of his annual base salary. In addition, as required by the employment agreement, the Company has since April 1994 paid the premiums on a \$2,000,000 second-to-die split-dollar life insurance policy on Mr. Barnhill and his spouse. Because of proposed changes in the income tax regulations relating to the tax treatment of split-dollar insurance policies, and because of concerns that continuing the split-dollar arrangement, as required by the employment agreement, would violate the Sarbanes-Oxley Act of 2002, the Company and Mr. Barnhill agreed, effective May 2003: (i) to terminate the split-dollar arrangement and (ii) in order to afford Mr. Barnhill an equivalent after-tax benefit, to amend the employment agreement to provide for an additional annual bonus to Mr. Barnhill (for as long as the Company is required to fund a comparable life insurance policy) of approximately \$65,000.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

In the event of the termination of Mr. Barnhill's employment for certain reasons, including death, disability or a termination resulting from a change in control of the Company (as defined in the employment agreement), the employment agreement provides for payment to Mr. Barnhill, when and as due, of the total salary payable to him for the next three years, plus bonuses to which he would have been entitled had he remained in the employ of the Company during the three-year period. In addition, Mr. Barnhill would be entitled to receive the employee benefits he would have received during such three-year period or an after-tax payment in an amount equal to the value of such benefits.

In January 1996, the Company also adopted a stock compensation program for the Chief Executive Officer, pursuant to which, subject to Board approval, Mr. Barnhill is each quarter granted an option to purchase 10,000 shares of Common Stock at an exercise price equal to not less than the market value of the Company's Common Stock on the date of the grant. All of these options have a term of ten years and generally become exercisable over a four-year period following the date of grant, provided that Mr. Barnhill remains employed by the Company.

Messrs. Rein and Singer and Ms Corner. The Company is also party to employment letter agreements with each of Messrs. Rein and Singer, pursuant to which Mr. Rein was retained as Senior Vice President of Operations and Fulfillment and Mr. Singer was retained as Senior Vice President and Chief Financial Officer, at annual base salaries of \$200,000 each. Messrs. Rein and Singer are also entitled to receive performance based bonuses, in accordance with the Company's Officers' Value Share Plan. The employment letter agreements also each provide for severance payments of between six and nine months salary, depending upon the date of termination of employment, in the event that their employment is terminated by the Company "without good cause" or by them for "good reason", as such terms are defined in the respective employment letter agreements. Ms. Corner, who became a Senior Vice President on April 25, 2003, is party to a similar employment agreement. Although not yet

9

finalized, in April 2003, the Board of Directors approved the execution of similar employment agreements for all other Senior Vice Presidents of the Company.

Profit Sharing and Non-Qualified Deferred Compensation Plans

The Company has a 401(k) profit-sharing plan, which covers all eligible employees. Contributions to the plan can be made by employees, as well as by the Company at the discretion of the Company. The Company's 401(k) profit-sharing plan expense during fiscal 2003 totaled \$155,000.

The Company maintains a non-qualified deferred compensation plan that covers directors and certain management personnel as determined by the Board of Directors. Contributions to this plan may be made by these individuals, as well as by the Company at the discretion of the Company's Board of Directors; however the Company has made no contributions to the plan to date.

Stock-Based Compensation Plans

The Company's 1994 Stock and Incentive Plan (the 1994 Plan) provides for the grant or award to regular full-time employees (including officers and directors who are not officers) of stock options, stock appreciation rights, restricted stock, restricted stock units and other performance awards, which may be denominated in shares of Common Stock or other securities of the Company. The 1994 Plan also provides for the grant of awards in respect of a limited number of shares to the Company's non-employee directors. At present, the maximum number of shares of Common Stock with respect to which awards may be granted at any time under the 1994 Plan is 1,172,500. As of June 6, 2003, options for 123,305 shares have been granted and exercised and options for 309,075 shares have been granted and remain outstanding (i.e., have not lapsed, been cancelled, repurchased or expired). On June 5, 2003, the Company completed a stock option repurchase program whereby options issued under the 1994 Plan with respect to an aggregate of 701,045 shares were repurchased by the Company and cancelled. Awards in respect of 740,120 shares of Common Stock remain available for issuance under the 1994 Plan. No awards may be granted under the 1994 Plan after April 12, 2004.

The Company also maintains the 1984 Employee Incentive Stock Option Plan (the 1984 Plan), which provides for the grant of options to acquire up to an aggregate of 401,250 shares of Common Stock. As of June 6, 2003, options for 358,250 shares have been granted and exercised and options for 500 shares have been granted and remain outstanding. On June 5, 2003, the Company completed a stock option repurchase program whereby options issued under the 1984 Plan with respect to an aggregate of 42,500 shares were repurchased by the Company and cancelled. No additional shares are available for award under the 1984 Plan.

In addition, the Company maintains the Team Member Stock Purchase Plan. This plan permits eligible employees to purchase up to an aggregate of 200,000 shares of the Company's Common Stock at 85% of the lower of the market price on the first day of a six-month period and the market price on the last day of that same six-month period. During fiscal 2003, 3,096 shares were sold to employees under this plan.

Option Grants in the Last Fiscal Year

The following table shows certain information relating to options to purchase shares of Common Stock granted to the Named Executive Officers in fiscal year 2003.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rate of Stock Price Appreciation for Term (1)	
	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal 2003	Exercise or Base Price (\$/Share)	Expiration Date	5%	10%

- (1) Potential Realizable Values are based on an assumption that the stock price of the Common Stock on the date of grant equals the exercise price shown for each particular option grant and appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the term of the option. These amounts are reported net of the option exercise price, but before any taxes associated with exercise or subsequent sale of the underlying stock. The actual value, if any, an option holder may realize will be a function of the extent to which the stock price exceeds the exercise price on the date the option is exercised and also will depend on the option holder's continued employment through the vesting period. The actual value to be realized by the option holder may be greater or less than the values estimated in this table.
- (2) These options, which were issued under the Company's 1994 Stock and Incentive Plan, generally vest over a two-year period commencing on the second anniversary of date of grant, provided that the recipient remains an employee of the Company and subject to such other conditions as the Compensation Committee may impose. To the extent not then exercised, these options generally expire on the tenth anniversary of the date of grant.
- (3) These options, which were issued under the Company's 1994 Stock and Incentive Plan, generally vest over a two-year period commencing on the second anniversary of date of grant, provided that the recipient remains an employee of the Company and subject to such other conditions as the Compensation Committee may impose. To the extent not then exercised, these options generally expire on the sixth anniversary of the date of grant.

The following table sets forth information with respect to option exercises in and year-end option values for fiscal 2003 for the Named Executive Officers.

Name	Shares Acquired On Exercise	Value Realized (1)	Number of Securities Underlying Unexercised Options at Fiscal Year-end	Value of Unexercised In-the-Money Options at Fiscal Year-end
			Exercisable/ Unexercisable (2)	Exercisable/ Unexercisable (3)

- (1) The value realized represents the difference between the market value per share of the Company Common Stock on the date of exercise and the per share exercise price, multiplied by the applicable number of shares for which options were exercised.
- (2) On June 5, 2003, pursuant to the Company's tender offer for eligible options, having an exercise price per share of \$11.00 or more and an expiration date prior to April 30, 2007, or having an exercise price per share of \$18.00 or more, without regard to expiration date, the Company repurchased and cancelled 743,545 stock options. The effect of this transaction is not included in the above table.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, that might incorporate future filings, including all or any portions of this Proxy Statement, the following report and Stock Performance Graph shall not be deemed to be incorporated by reference into any such filings and shall not otherwise be deemed to be filed under such Acts.

Compensation Committee Report on Executive Compensation

The Board of Directors has delegated to the Compensation Committee responsibility for developing and administering programs for compensating the Company's executive officers. The Company's management team has substantial experience in the distribution industry in general and the wireless communications industry in particular. Mr. Barnhill founded the Company, is a major shareowner, serves as Chairman of the Board, President and Chief Executive Officer, and has been instrumental in the Company's business success. The Company and the Compensation Committee intend to maintain compensation policies, plans and programs that will attract and retain executive officers who they believe possess the ability to enhance shareholder value.

The executive compensation program is designed to promote the following objectives:

1. Attract, retain, and motivate executives who can significantly contribute to the short-term and long-term success and develop the overall talent of the Company.
2. Reward the achievement of business objectives that have been approved by the Board.
3. Provide a rational and consistent executive compensation system that is well communicated and understood by the participants.

4.

Tie a significant portion of executive compensation to the accomplishment of the Company's strategic goals and the long-term performance of the Company's Common Shares.

The Compensation Committee believes that if these objectives are consistently achieved, shareholder value will be enhanced over time.

Executive officers receive a base salary based on their responsibilities and competitive pay practices. Base salaries are reviewed annually and, subject to the terms of any applicable employment agreements, may be adjusted upward or downward based on changes in levels of responsibility and/or the individual's performance and contribution to the Company's performance.

Bonuses paid to the named Executive Officers, including the Chief Executive Officer, are determined pursuant to the Company's Officers' Value Share Plan. This Plan is designed to reward participants appropriately for current corporate and/or team performance. The plan provides for three potential bonus levels: minimum performance, expected performance and goal performance. During this past year, these performance levels were modified after careful consideration of the extraordinary effort given to the recovery and rebuilding caused by the October 12, 2002 flooding of the Company's Global Logistics Center. The bonus amount payable at each level varies depending on whether the participant is the CEO, a Senior VP or a VP/unit leader.

From time to time, the executive compensation program includes long-term incentives through the grant of stock options. This component is designed to attract and retain key executives for the long term and to align executive compensation with the long-term enhancement of shareowner value. Stock options have exercise prices equal to the market price of the Company's Common Stock on the date of grant, and a six-year term (ten-year term for the CEO). The stock compensation program for the CEO provides for a quarterly grant of 10,000 options, subject to Board approval each quarter. Other officers and key leaders are eligible for grants, from time to time, based on management recommendation and Board approval.

Summary:

The executive compensation program has been designed to align executive compensation with both the Company's business goals and long-term shareholder interests. The Committee recognizes, however, that while stock prices may reflect corporate performance over the long term, other factors, such as general economic conditions and varying investors' attitudes toward the stock market in general, and specific industries in particular, may significantly affect stock prices at any point in time. Accordingly, the annual cash components of the program, consisting of salary and annual bonus, emphasize individual performance and the realization of defined business objectives, which are independent of short-range fluctuations in the stock price.

Respectfully,

John D. Beletic
Dennis J. Shaughnessy
Morton F. Zifferer, Jr.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised solely of directors who are "independent" within the meaning of Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached as Appendix B. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Committee reviews and assesses the adequacy of its charter on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Ernst & Young LLP (and previously, Arthur Andersen LLP, who audited the consolidated financial statements as of and for the year ended March 31, 2002), the Company's independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Committee certify that the independent auditor is "independent" under applicable rules. The Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

Company's independent auditor. The Audit Committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of the Company's financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees the Company's internal compliance programs.

The Committee has reviewed and discussed the fiscal year ended March 30, 2003 consolidated financial statements with management and Ernst & Young LLP, as the Company's independent auditor for that period. Management represented to the Committee that these consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and Ernst & Young LLP as the Company's independent auditor represented that its presentations included the matters required to be discussed with the independent auditor by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committee."

The Company's independent auditor for fiscal year ended March 30, 2003, Ernst & Young LLP, also provided the Committee with the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Committee discussed with the independent auditor that firm's independence.

Following the Committee's discussions with management and the independent auditor, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended March 30, 2003.

Respectfully,

Jerome C. Eppler
Benn R. Konsynski, Ph.D
Morton F. Zifferer, Jr.
