You may revoke your proxy at any time before its use by casting a new vote on the Internet or by telephone or by delivering to us a duly executed proxy or written notice of revocation bearing a later date. If you execute a proxy but are present at the meeting, and you wish to vote in person, you may do so by revoking your proxy. Shares represented by valid proxies, received in time for use at the meeting and not revoked at or prior to the meeting, will be voted at the meeting.

### **Stockholders Entitled to Vote**

Our board of directors has fixed April 1, 2008 as the record date for the meeting. You are entitled to vote (in person or by proxy) at the Annual Meeting if you were a stockholder of record on the record date. On the record date, we had 69,514,069 shares of common stock outstanding (consisting all of our outstanding voting stock). Each share of common stock will have one vote for each matter to be voted on at the Annual Meeting. Holders of common stock do not have cumulative voting rights.

### **Quorum**

A majority of the number of shares of common stock outstanding and entitled to vote at the Annual Meeting constitutes a quorum for purposes of each matter to be voted on at the Annual Meeting. Shares of common stock represented in person or by proxy (including shares that abstain or otherwise do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

### **Votes Required**

The affirmative vote of the holders of shares representing a plurality of the votes cast by the holders of common stock is required for the election of directors. The affirmative vote of the holders of a majority of the votes cast on the matter is required to ratify the selection of our independent registered public accounting firm.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by a broker or nominee that indicates on a proxy that it does not have discretionary authority to vote as to a particular matter, will not be voted in favor of such matter, and also will not be counted as votes cast on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the election of directors and the ratification of the selection of our independent registered public accounting firm.

**BENEFICIAL OWNERSHIP OF OUR COMMON STOCK**

The following table sets forth the beneficial ownership of our common stock as of January 15, 2008 by:

each holder of 5% of more of our outstanding common stock known to us;

each director and director nominee;

each executive officer named in the Summary Compensation Table included in this proxy statement; and

all directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as otherwise indicated, all of the shares reflected in the table are shares of common stock and all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them. Percentage ownership calculations for beneficial ownership are based on 68,836,998 shares issued and outstanding as of January 15, 2008. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of January 15, 2008. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person or entity. Except as otherwise noted below, the address of each beneficial owner listed in the table is c/o Starent Networks, Corp., 30 International Place, Tewksbury, Massachusetts 01876.

**Corporate Governance Matters**

Our board believes that good corporate governance is important to ensure that our company is managed for the long-term benefit of stockholders. This section describe key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of conduct described below are available on the "Investors Corporate Governance" section of our website at [www.starentnetworks.com](http://www.starentnetworks.com). Alternatively, you can

request a copy of any of these documents by writing to Investor Relations, Starent Networks, Corp., 30 International Place, Tewksbury, Massachusetts 01876.

### **Corporate Governance Guidelines**

The board has adopted corporate governance guidelines to assist the board in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. These guidelines, which provide a framework for the conduct of the board's business, provide that:

the principal responsibility of the directors is to oversee our management;

a majority of the members of our board must be independent directors;

the independent directors meet regularly in executive session;

directors have full and free access to our officers and employees and, as necessary and appropriate, independent advisors;

new directors participate in an orientation program; and

at least annually our board and its committees will conduct a self-evaluation (including an assessment of the contributions of individual directors) to determine whether they are functioning effectively.

### **Board Determination of Director Independence**

Under Rule 4350 of the Nasdaq Marketplace Rules, a majority of a listed company's board of directors must be comprised of independent directors within one year of listing. In addition, Nasdaq Marketplace Rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Under Rule 4200(a)(15) of the Nasdaq Marketplace Rules, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Based upon information requested from and provided by each director concerning their background, employment and affiliations, including family relationships, our board of directors has determined that none of Messrs. Anderson, Barrows, Dalton, Desch, Dolce or Goldman, representing six of our seven directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Rule 4200(a)(15) of the Nasdaq Marketplace Rules. Our board of directors also determined that Messrs. Anderson, Dalton and Goldman, who comprise our audit committee, Messrs. Barrows, Desch and Dolce, who comprise our compensation committee, and Messrs. Barrows, Dolce and Goldman, who comprise our nominating and governance committee, satisfy the independence standards for those committees established by applicable SEC rules and the Nasdaq Marketplace Rules. In making this determination, the board of directors considered the relationships that each non-employee director has with our company and all other facts and circumstances the board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

### **Director Nomination Process**

The process followed by the nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the nominating and corporate governance committee applies the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will assist our board in fulfilling its responsibilities.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to the Chairman of the nominating and corporate governance committee, Starent Networks, Corp., 30 International Place, Tewksbury, Massachusetts 01876. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the committee or the board, by following the procedures set forth under "Stockholder Proposals." If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy statement and proxy card for the next annual meeting. Otherwise, candidates nominated by stockholders in accordance with the procedures set forth in the by-laws will not be included in our proxy statement and proxy card for the next annual meeting.

### **Communicating with the Independent Directors**

Our board will give appropriate attention to written communications that are submitted by stockholders and will respond if and as appropriate. The Chairman of the board is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the other directors as he considers appropriate.

Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman of the board considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications in care of the Chairman of the Board of Directors, at Starent Networks, Corp., 30 International Place, Tewksbury, Massachusetts 01876.

## Board Meetings and Attendance

Our board met 13 times during fiscal 2007, either in person or by teleconference. During fiscal 2007, each director attended at least 75% of the aggregate number of board meetings and the number of meetings held by all committees on which he then served.

Our Corporate Governance Guidelines provide that directors are expected to attend the Annual Meeting of Stockholders. In 2007, in connection with our initial public offering, our stockholders acted by written consent in lieu of an annual meeting.

This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness, and employment by us of a related person.

If our general counsel determines that advance approval of a related person transaction is not practicable under the circumstances, the audit committee will review and, in its discretion, may ratify the related person transaction at the next meeting of the audit committee, or at the next meeting following the date that the related person transaction comes to the attention of our general counsel. Our general counsel, however, may present a related person transaction arising in the time period between meetings of the audit committee to the chair of the audit committee, who will review and may approve the related person transaction, subject to ratification by the audit committee at the next meeting of the audit committee.

In addition, any related person transaction previously approved by the audit committee or otherwise already existing that is ongoing in nature will be reviewed by the audit committee annually to ensure that such related person transaction has been conducted in accordance with the previous approval granted by the audit committee, if any, and that all required disclosures regarding the related person transaction are made.

The audit committee will review all relevant information available to it about the related person transaction. The audit committee may approve or ratify the related person transaction only if the audit committee determines that, under all of the circumstances, the transaction is in or is not inconsistent with our best interests. The audit committee may, in its sole discretion, impose conditions as it deems appropriate on us or the related person in connection with approval of the related person transaction.

## EXECUTIVE AND DIRECTOR COMPENSATION AND RELATED MATTERS

### Compensation Discussion and Analysis

In anticipation of our initial public offering, we formed a formal compensation committee of our board of directors to oversee our executive compensation program. The compensation committee consists of three independent directors. That committee has been delegated authority from our board of directors and its activities will be governed by a compensation committee charter. One of the roles of the compensation committee under its charter is to review and approve annually all compensation decisions relating to our executive officers.

Prior to the formation of the formal compensation committee, our board of directors received and considered recommendations relating to executive compensation decisions from our chief executive officer. These recommendations initially were considered, along with other information, on behalf of our board of directors by three of our independent directors. Those independent directors acted in an informal compensation committee role, advising our board of directors with respect to executive compensation decisions.

Our approach to executive compensation as a public company, as developed and implemented by our compensation committee, varies significantly from our historical practice as a private company. We expect that the compensation committee will utilize external analyses and other benchmarking to inform the committee's executive compensation decisions. In February 2007, in anticipation of becoming a public company, our board of directors engaged an independent compensation consulting firm, The Wilson Group, to provide our compensation committee with an assessment of our executive compensation compared to our peer companies.

We do not believe that it is appropriate to establish compensation levels primarily based on benchmarking. We do believe, however, that information regarding pay practices at other companies is useful in at least two respects. First, we recognize that our compensation practices must be competitive in the marketplace. Second, this marketplace information is one of the many factors that we consider in assessing the reasonableness of compensation. With the assistance of The Wilson Group, in February 2007 we reviewed the compensation levels of our executive officers against compensation levels at peer group companies that were selected based on factors such as industry, revenue, revenue growth and expected market capitalization.

### *Objectives and Philosophy of Our Executive Compensation Program*

The primary objectives of our executive compensation program are to:

attract, retain and motivate skilled and knowledgeable executive talent;

ensure that executive compensation is aligned with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and

align executives' incentives with the creation of stockholder value.

To achieve these objectives, we expect our compensation committee to evaluate our executive compensation program with the objective of setting compensation at levels the committee believes to be competitive with those of other companies in our industry. In addition, we intend our executive compensation program to tie a substantial portion of each executive's overall compensation to key strategic, financial and operational goals set by our board of directors, such as bookings growth and operating profit targets. Historically, our compensation committee has considered our financial goals on a company basis and to a lesser extent attainment of individual objectives in determining executive

compensation. Our compensation committee also considers recommendations from our Chief Executive Officer and from our Chief Financial Officer regarding annual executive salary increases, annual stock-based awards and bonuses, if any, for review and approval by the compensation committee. Finally, we will continue to provide a portion of our executive compensation in the form of equity awards that vest over time, which we believe will help to retain our executives and to align their interests with those of our stockholders by allowing the executives to participate in the longer term success of our company as reflected in stock price appreciation.

*Components of our Executive Compensation Program*

At this time, the primary elements of our executive compensation program are:

base salaries;

cash bonuses; and

equity incentive awards.

We do not have any formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, we have determined subjectively on a case-by-case basis the appropriate level and mix of the various compensation components.

*Base salaries.* Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. Base salaries for our executives typically have been set in our offer letter to the executive at the outset of employment. However, from time to time in the discretion of our board of directors consistent with our executive compensation program objectives, base salaries for our executives, together with other components of compensation, are evaluated for adjustment based on an assessment of an executive's performance and compensation trends in our industry.

In February 2007, with the assistance of The Wilson Group, our board of directors conducted an evaluation of executive compensation. As a part of that evaluation, the compensation committee of our board of directors decided to increase annual base salaries for the following named executive officers effective in the first quarter of 2007: Mr. Dahod salary increasing from \$220,000 to \$275,000; and Messrs. Kahhale, Maupilé and Schoener salaries increasing from \$185,000 to \$210,000. The decision to increase those salaries was based principally upon a market check of the base salaries by executive position at other companies in our peer group. While taking into account that base salary is only one component of our executive compensation, our board of directors concluded that, for purposes of retention, base salaries for our executive officers should be increased to be more competitive with other companies in our peer group.

*Cash bonuses.* In addition to base salaries, our executives are eligible to receive cash bonuses based on our financial performance measured on a quarterly and an annual basis and individual objectives. There is no written plan for payment of these cash bonuses; however, our offer letter to each executive at the outset of employment sets forth eligibility to receive cash bonuses. These cash bonuses are intended to compensate for an executive's contribution to the achievement of our strategic, operational and financial goals. The corporate financial performance measures, which have typically been developed by our board of directors, are given the greatest weight in this bonus analysis.

For 2007, the target cash bonus percentage for each executive officer, other than Mr. Kahhale, our vice president, worldwide operations (whose bonus is discussed below), was between 30% and 50% of the executive's base salary. However if corporate financial performance measures were exceeded, executives may have received up to 138% of their total target bonus amount. The target cash bonuses were based 25% on the achievement of quarterly financial measures, 50% on annual financial measures

and 25% on individual objectives. The cash bonus structure, performance measure targets, performance results and value of each component as a percentage of the target cash bonus were as follows:

Performance Metric	Component Weighting	Threshold	Target (100% Payout)	Maximum (150% Payout)	Actual Achievement during Performance Period	Calculated Payout as a Percent of Target Award
(in thousands, except percentages)						
Adjusted annual income before income tax expense(1)	25%		\$ 15,758	\$ 23,637	\$ 25,656	150%

- (1) Adjusted income before income tax expense is not defined under U.S. generally accepted accounting principles (GAAP) and is not a deemed alternative measure of performance under GAAP. Adjusted income before income tax expense excludes stock-based compensation expense from GAAP income before income tax expense. Actual achievement of adjusted income before income tax expense during the performance period adds the following to GAAP income before income tax expense: First quarter 2007: \$1,473,000 of stock-based compensation expense; second quarter 2007: \$3,281,000 of stock-based compensation expense; third quarter 2007: \$3,766,000 of stock-based compensation expense; fourth quarter 2007: \$4,254,000 of stock-based compensation expense; and full year 2007: \$12,774,000 of stock-based compensation expense.
- (2) We do not disclose our annual or quarterly bookings. Management believes, and the Compensation Committee concurs, that the bookings performance target and performance results represents confidential business information, the disclosure of which would result in meaningful competitive harm. Actual achievement of our bookings target was 101% for the first quarter of 2007, 153% for the second quarter, 227% for the third quarter, 301% for the fourth quarter and 205% for the full year.
- (3) Individual quarterly objectives were based on individual performance. The actual achievement of the individual quarterly objectives was 100% for each named executive officer for each quarter.

Based on the calculated payout as 135% of the target cash bonus payment for each named executive officer, the cash bonus payments to our named executive officers, which were paid in March 2008, were as follows:

Name	Target Cash Bonus (% 2007 Base Salary)	Actual Payment
Ashraf M. Dahod	\$ 137,500 (50)%	\$ 185,010
Paul J. Milbury	\$ 84,000 (40)%	\$ 113,287
John P. Delea, Jr.	\$ 55,000 (30)%	\$ 74,850
Thierry Maupilé	\$ 84,000 (40)%	\$ 113,287
Anthony P. Schoener	\$ 84,000 (40)%	\$ 113,287

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

Our vice president, worldwide operations, Mr. Kahhale, was not compensated on the same general basis as the other named executive officers with respect to cash bonuses awarded for 2007. Instead, in addition to his base salary, Mr. Kahhale was entitled to receive commissions based 70% on our worldwide sales order bookings and 30% on related payments for orders. Mr. Kahhale's eligibility for commissions, which were paid on a quarterly basis, were determined based on a target for his annual cash compensation and a target for our annual sales order bookings. In each quarter, we calculated commissions earned with a formula that applied these two targets against the actual dollar amounts of orders booked in the quarter and of payments for orders received in the quarter. Based on this commission payment formula, Mr. Kahhale received commission payments of \$1,210,775 earned for 2007. Because Mr. Kahhale is principally responsible for overseeing the activities of our worldwide sales organization, we believe that providing Mr. Kahhale with commissions that are based on the performance of our sales organization, as measured by sales orders booked and related cash receipts, achieves our compensation objectives more effectively than would cash bonuses established for our other named executive officers.

*Equity incentive awards.* Our equity award program is the primary vehicle for offering long-term incentives to our executives. Our equity awards to executives have typically been made in the form of stock options or restricted stock. Although we do not have any equity ownership guidelines for our executives, we believe that equity grants provide our executives with a direct link to our long-term performance, create an ownership culture and align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants should further our objective of executive retention because this feature provides an incentive to our executives to remain in our employ during the vesting period.

In determining the size of equity grants to our executives, our board of directors has considered comparative share ownership of executives in our compensation peer group, our company-level performance, the applicable executive's performance, the amount of equity previously awarded to the executive, the vesting of such awards and the recommendations of management.

We typically make an initial equity award of stock options or restricted stock to new executives in connection with the start of their employment. Grants of equity awards, including those to executives, are all approved by the compensation committee of our board of directors and options are granted with an exercise price equal to the fair market value of our common stock on the date of grant. Typically, the equity awards we grant to our executives vest 25% at the end of the first year and in equal quarterly installments over the succeeding three years. This vesting schedule is consistent with the vesting of stock options granted to other employees.

Typically in the first quarter of each year, at the discretion of our compensation committee and consistent with our executive compensation program objectives, our compensation committee approves new equity awards with vesting beginning on January 1 of the year in which the grant is made to reestablish or bolster incentives to retain employees, including executives. In 2007, employees whose outstanding grants were 50% vested or more were considered for refresh grants on a case-by-case basis, including factors such as the number of shares underlying outstanding grants, performance and market trends.

In determining the equity awards for each of the executives set forth on the table Grants of Plan-Based Awards in 2007 below, our board of directors took into account the previous equity grants and vesting status, company-level performance, the applicable executive's performance and informal benchmarking by executive position against companies in our industry and related industries.

We do not have a program, plan or practice of selecting grant dates for equity compensation to our executive officers in coordination with the release of material non-public information. Equity award grants are made from time to time in the discretion of our board of directors consistent with our executive compensation program objectives.

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

*Benefits and other compensation.* We maintain broad-based benefits that are provided to all employees, including medical and dental insurance, life and disability insurance and a 401(k) plan. Other than our patent bonus and employee referral programs to which our corporate officers are not eligible, executives are eligible to participate in all of our employee benefit plans, in each case on the same basis as other full-time employees.

### **Tax Considerations**

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our chief executive officer and our four other most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, our board of directors may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

The compensation committee of our board oversees our executive compensation program. In this role, the compensation committee reviews and approves annually all compensation decisions relating to our executive officers.

### **Summary Compensation**

The following table sets forth information regarding compensation earned by our chief executive officer, our chief financial officer, our vice president, finance and administration and each of our three other most highly compensated executive officers during the year ended December 31, 2007. We refer to these executive officers as our "named executive officers" elsewhere in this proxy statement. Paul Milbury joined our company as chief financial officer on February 5, 2007. (1) Mr. Kahhale receives commissions rather than cash bonuses.

- (2) With the exception of ignoring the impact of the forfeiture rate, these amounts represent the dollar amount of share-based compensation calculated in accordance with SFAS 123R (using the modified prospective transition method, as required by SEC rules) related to grants of options to each named executive officer. These amounts do not represent the actual amounts paid to or realized by the named executive officer during fiscal 2006 or 2007, as applicable. Ratable amounts expensed for stock options that were granted in years prior to fiscal 2006 and 2007, as applicable, are also reflected in the table above. For a detailed description of the assumptions used for purposes of determining grant date fair value, see Note 2 to the Financial Statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies and Estimates Stock-Based Compensation," included in our Annual Report on Form 10-K for the year ended December 31, 2007.

(2) All securities remaining available for future issuance are under our 2007 Stock Incentive Plan. In addition to being available for future issuance upon exercise of options that may be granted after December 31, 2008, shares under our 2007 Stock Incentive Plan may instead be issued in the form of restricted stock, unrestricted stock, stock appreciation rights, performance shares or other equity-based awards. The number of shares available under the 2007 Stock Incentive Plan will increase by the number of shares of common stock subject to awards granted under our 2000 Stock Plan which expire, terminate or are otherwise surrendered, cancelled, forfeited or repurchased by us at their original issuance price pursuant to a contractual repurchase right, up to a maximum of 1,254,352 additional shares as of December 31, 2007. Under our 2007 Stock Incentive Plan, the number of shares issuable will automatically increased every January 1 beginning in 2009 by an amount equal to the lowest of (1) 3,000,000 shares of common stock, (2) 5% of the aggregate number of shares of common stock outstanding on such date and (3) an amount determined by our board of directors.

**Potential Payments Upon Termination or Change in Control**

Other than the change in control and severance benefits provided to Mr. Milbury as described below under " Employment Agreements" and acceleration of vesting of equity-based awards as provided in each of our stock incentive plans, we do not have a formal policy or any agreements providing severance or change in control benefits to our executives. Each of our employees who is party to an incentive stock option agreement or restricted stock award under our 2000 stock incentive plan with us is entitled to accelerated vesting with respect to the applicable award immediately prior to the effective date of an acquisition as defined in the stock option and restricted stock agreements. Each option and restricted stock award subject to such acceleration typically vests as to an additional 25% of the original number of shares subject to such award and the final vesting date set forth in the applicable agreement is accelerated by 12 months. An "acquisition" under the stock option agreement means any:

merger or consolidation in which our outstanding voting securities immediately prior to such merger or consolidation represent (either by remaining outstanding or by being converted into voting securities of the surviving or acquiring entity) less than a majority of the combined voting power of the outstanding voting securities of the surviving company immediately after such merger or consolidation,

sale of all or substantially all of our assets, or

sale of shares of our capital stock, in a single transaction or series of related transactions, representing at least 80% of the voting power of our outstanding securities.

As of December 31, 2007, the following named executive officers would be entitled to additional accelerated vesting of their outstanding stock options and stock awards described in the table below:

### Employment Agreements

We do not have formal employment agreements with any of our named executive officers. The initial compensation of each of our named executive officers was set forth in an offer letter that we executed with each of them at the time their employment with us commenced. Each offer letter provides that the executive officer's employment with us is on an at-will basis. Other than the change in control and severance benefits provided to Mr. Milbury as described below, none of our named executive officers is currently party to a change in control or severance agreement with us. As a condition to their employment, each named executive officer entered into a non-competition, non-solicitation agreement and a proprietary information and inventions assignment agreement. Under these agreements, each named executive officer has agreed (1) not to compete with us or to solicit our employees during their employment and for a period of 12 months after the termination of their employment and (2) to protect our confidential and proprietary information and to assign intellectual property developed during the course of their employment to us.

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

We entered into an offer letter with Mr. Milbury on January 17, 2007 that sets forth the terms of his employment as our vice president of operations and chief financial officer. Mr. Milbury's initial base annual salary is \$210,000 and he was entitled to receive a signing bonus of \$85,000, which was earned and paid on a bi-weekly basis during his first year of employment. In addition, our board of directors

granted Mr. Milbury equity awards consisting of 243,819 shares of restricted common stock at a purchase price of \$0.01 per share and options to purchase 189,514 shares of our common stock at an exercise price equal to the fair market value of our common stock on the grant date. The aggregate total of restricted stock and options will vest 25% at the end of the first year of employment and in equal quarterly installments over the succeeding three years. The entirety of the restricted stock award will vest prior to any vesting of the options.

Under the terms of our offer letter with Mr. Milbury, in the event of a change of control of our company as a result of an acquisition, Mr. Milbury will be entitled to 12 months of accelerated vesting of his initial equity awards. In addition, if within one year of a change of control, Mr. Milbury is terminated without cause, experiences an adverse change in authority, duty or responsibility or if Mr. Milbury terminates his employment following a relocation of his principal place of business more than 50 miles from Tewksbury, Massachusetts, then he will be entitled to an additional 12 months of accelerated vesting of his initial equity awards and 12 months of post-termination salary continuation and reimbursement for the expense of continued health benefits under our group health plan under COBRA. In the event we terminate Mr. Milbury's employment without cause not in connection with a change of control, he will be entitled to accelerated vesting of his restricted stock such that an additional number of shares equal to the lesser of 108,333 or the number of shares for which Mr. Milbury has made an election under Section 83(b) of the Internal Revenue Code, will be immediately vested. In addition, Mr. Milbury would be entitled to 12 months of post-termination salary continuation and reimbursement for the expense of continued health benefits under our group health plan under COBRA.

## **Stock Option and Other Compensation Plans**

### ***2000 Stock Incentive Plan***

Our 2000 Stock Incentive Plan, as amended, which we refer to as the 2000 stock plan, was adopted by our board of directors and approved by our stockholders in August 2000. A maximum of 18,483,470 shares of common stock are authorized for issuance under the 2000 stock plan.

The 2000 stock plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock and other stock-based awards. Our employees, officers, directors, consultants and advisors are eligible to receive awards under the 2000 stock plan; however, incentive stock options may only be granted to our employees. In accordance with the terms of the 2000 stock plan, our board of directors, or a committee or subcommittee appointed by our board of directors, administers the 2000 stock plan and, subject to any limitations in the 2000 stock plan, selects the recipients of awards and determines:

the number of shares of common stock covered by options and the dates upon which those options become exercisable;

the exercise prices of options;

the duration of options;

the methods of payment of the exercise price; and

the number of shares of common stock subject to any restricted stock or other stock-based awards and the terms and conditions of those awards, including the conditions for repurchase, issue price and repurchase price.

Pursuant to the terms of the 2000 plan, in the event of a proposed liquidation or dissolution of our company, our board of directors will provide that all unexercised options will become exercisable in full at least 10 business days prior to the liquidation or dissolution and will terminate upon the liquidation or dissolution, except to the extent exercised before such date. Our board may specify the effect of a

liquidation or dissolution on any restricted stock award or other award granted under the 2000 stock plan at the time of the grant of the award.

In the event of our merger or consolidation with or into another entity as a result of which our common stock is converted into the right to receive cash, securities or other property, or any exchange of our shares for cash, securities or other property pursuant to a statutory share exchange transaction, our board of directors will provide that all of our outstanding options will be assumed or equivalent options will be substituted by the successor corporation. If the acquirer does not agree to assume, or substitute for, the options, then our board will provide that all unexercised options will become exercisable in full prior to completion of the reorganization event, and will terminate if not exercised prior to such time. If under the terms of the reorganization event holders of our common stock receive cash for their shares, our board may instead provide for a cash-out of the value of any outstanding options less the applicable exercise price. In addition, if a merger or other reorganization event occurs, our repurchase and other rights with respect to shares of restricted stock will inure to the benefit of our successor and will apply equally to the cash, securities or other property into which our common stock is then converted.

As of December 31, 2007, there were options to purchase 7,921,680 shares of common stock outstanding under the 2000 stock plan at a weighted average exercise price of \$3.28 per share, and 3,307,853 shares of common stock had been issued pursuant to the exercise of options granted under the stock plan. Since the effective date of the 2007 stock incentive plan described below, we no longer grant stock options or other awards under the 2000 stock plan. However, any shares of common stock reserved for issuance under the 2000 stock plan that remain available for issuance and any shares of common stock subject to awards under the 2000 stock plan that expire, terminate, or are otherwise surrendered, canceled, forfeited or repurchased by us will be added to the number of shares available under the 2007 stock incentive plan up to a specified number of shares.

#### ***2007 Stock Incentive Plan***

Our 2007 stock incentive plan, which became effective on June 5, 2007, was adopted by our board of directors on April 26, 2007 and approved by our stockholders on May 29, 2007. The 2007 stock incentive plan provides for the grant of incentive stock options, non-statutory stock options, restricted stock awards and other stock based awards. The number of shares of common stock reserved for issuance under the 2007 stock incentive plan is the sum of 3,508,380 shares plus the number of shares of common stock subject to awards granted under the 2000 stock plan which expire, terminate or are otherwise surrendered, cancelled, forfeited or repurchased by us at their original issuance price pursuant to a contractual repurchase right, up to a maximum of 70,601 additional shares as of December 31, 2007.

In addition, our 2007 stock incentive plan contains an "evergreen" provision that allows for an annual increase in the number of shares available for issuance under our 2007 stock incentive plan on the first day of each fiscal year beginning in fiscal year 2009 and ending on the second day of fiscal year 2017. The annual increase in the number of shares shall be equal to the lowest of:

3,000,000 shares;

5% of the aggregate number of shares of common stock outstanding on the first day of the fiscal year; and

an amount determined by our board of directors.

Our employees, officers, directors, consultants and advisors are eligible to receive awards under our 2007 stock incentive plan; however, incentive stock options may only be granted to our employees. The maximum number of shares of common stock with respect to which awards may be granted to any participant under the plan is 1,333,333 per calendar year.

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

In accordance with the terms of the 2007 stock incentive plan, our board of directors has authorized our compensation committee to administer the 2007 stock incentive plan. Pursuant to the terms of the 2007 stock incentive plan, our compensation committee will select the recipients of awards and determine:

the number of shares of common stock covered by options and the dates upon which the options become exercisable;

the exercise price of options;

the duration of the options; and

the number of shares of common stock subject to any restricted stock or other stock-based awards and the terms and conditions of such awards, including conditions for repurchase, issue price and repurchase price.

If our board of directors delegates authority to an executive officer to grant awards under the 2007 stock incentive plan, the executive officer has the power to make awards to all of our employees, except executive officers. Our board of directors will fix the terms of the awards to be granted by such executive officer, including the exercise price of such awards, and the maximum number of shares subject to awards that such executive officer may make.

Upon a merger or other reorganization event, our board of directors, may, in their sole discretion, take any one or more of the following actions pursuant to our 2007 stock incentive plan, as to some or all outstanding awards:

provide that all outstanding awards shall be assumed or substituted by the successor corporation;

upon written notice to a participant, provide that the participant's unexercised options or awards will terminate immediately prior to the consummation of such transaction unless exercised by the participant;

provide that outstanding awards will become exercisable, realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part, prior to or upon the reorganization event;

in the event of a reorganization event pursuant to which holders of our common stock will receive a cash payment for each share surrendered in the reorganization event, make or provide for a cash payment to the participants equal to the excess, if any, of the acquisition price times the number of shares of our common stock subject to such outstanding awards (to the extent then exercisable at prices not in excess of the acquisition price), over the aggregate exercise price of all such outstanding awards and any applicable tax withholdings, in exchange for the termination of such awards; and

provide that, in connection with a liquidation or dissolution, awards convert into the right to receive liquidation proceeds.

Upon the occurrence of a reorganization event other than a liquidation or dissolution, the repurchase and other rights under each outstanding restricted stock award will continue for the benefit of the successor company and will, unless the board of directors may otherwise determine, apply to the cash, securities or other property into which our common stock is converted pursuant to the reorganization event. Upon the occurrence of a reorganization event involving a liquidation or dissolution, all conditions on each outstanding restricted stock award will automatically be deemed terminated or satisfied, unless otherwise provided in the agreement evidencing the restricted stock award.

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

No award may be granted under the 2007 stock incentive plan after April 26, 2017. Our board of directors may amend, suspend or terminate the 2007 stock incentive plan at any time, except that stockholder approval will be required to comply with applicable law or stock market requirements.

As of December 31, 2007, there were options to purchase 684,252 shares of common stock outstanding under the 2007 stock incentive plan at a weighted average exercise price of \$20.67 per share and no shares of common stock had been issued pursuant to the exercise of options granted under the plan.

### ***401(k) Retirement Plan***

We maintain a 401(k) retirement plan that is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Internal Revenue Code. In general, all of our U.S. employees are eligible to participate. The 401(k) Plan includes a salary deferral arrangement pursuant to which participants may elect to reduce their current compensation by up to the statutorily prescribed limit, equal to \$15,500 in 2007, and have the amount of the reduction contributed to the 401(k) Plan. We are permitted to match employees' 401(k) Plan contributions, however, we do not do so.

### **Director Compensation**

During 2007, until the closing of our initial public offering in June 2007, each of our non-employee directors who was not affiliated with holders of our convertible preferred stock was entitled to annual cash compensation of \$10,000, payable quarterly. Our board of directors approved a compensation program, which became effective upon the closing of our initial public offering in June 2007, pursuant to which we pay each non-employee director an annual retainer of \$20,000 for service as a director. Each non-employee director other than committee chairpersons receives an additional annual fee of \$6,000 for service on the audit committee, \$5,000 for service on the compensation committee and \$2,500 for service on the nominating and governance committee. The chair of the audit committee receives an additional annual retainer of \$14,000, the chair of the compensation committee receives an additional annual retainer of \$8,000 and the chair of the nominating and governance committee receives an additional annual retainer of \$5,000. We reimburse each non-employee member of our board of directors for out-of-pocket expenses incurred in connection with attending our board and committee meetings.

In addition, each non-employee director receives an option to purchase 70,000 shares of our common stock upon his or her initial appointment to our board of directors. These options will vest over a four-year period, with 25% of the shares underlying the option vesting on the first anniversary of the date of grant and an additional 6.25% of the shares underlying the option vesting each three months thereafter, subject to the non-employee director's continued service as a director. The exercise price of these options will equal the fair market value of our common stock on the date of grant.

Each non-employee director also receives an annual option grant to purchase 20,000 shares of our common stock at each annual meeting after which he or she continues to serve as a director, provided each such non-employee director has served on our board of directors for at least six months. However, in 2007, in lieu of an annual option grant at our 2007 annual meeting, our non-employee directors received the following pro rata option grants at the first board meeting following the closing of the initial public offering based on the grant date of each director's initial equity grant: Mr. Anderson 7,068, Mr. Barrows 7,068, Mr. Dalton 7,068, Mr. Desch 17,480, Mr. Dolce 7,068 and Mr. Goldman 20,000. All of these options will vest over a five-year period, with 20% of the shares underlying the option vesting on the first anniversary of the date of grant and an additional 5% of the shares underlying the option vesting each three months thereafter, subject to the non-employee director's continued service as a director. The exercise price of these options will equal the fair market value of our common stock on the date of grant.

## Edgar Filing: Starent Networks, Corp. - Form DEF 14A

By the Compensation Committee of the Board of Directors Starent Networks, Corp.

 James A. Dolce, Jr. (Chair)

**PROPOSAL 1  
ELECTION OF DIRECTORS**

Our certificate of incorporation provides for a classified board of directors. This means our board of directors is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of service of each class of directors is staggered so that the term of one class expires at each annual meeting of the stockholders.

Our board of directors currently consists of seven members, divided into three classes as follows:

Sean M. Dalton and Matthew J. Desch constitute a class with terms ending at the 2008 annual meeting;

James A. Dolce, Jr. and Kenneth A. Goldman constitute a class with terms ending at the 2009 annual meeting; and

Edward T. Anderson, Timothy A. Barrows and Ashraf M. Dahod a class with terms ending at the 2010 annual meeting.

At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring. Sean M. Dalton and Matthew J. Desch are the current directors whose terms expire at the upcoming annual meeting. Mr. Dalton and Mr. Desch are each nominated for re-election as a Class I director, with a term ending in 2011.

Unless otherwise instructed in the proxy, all proxies will be voted for the election of each of the nominees identified above to a three-year term ending in 2011, each such nominee to hold office until his successor has been duly elected and qualified. Stockholders who do not wish their shares to be voted for either or both nominees may so indicate by striking out the name of such nominee(s) on the proxy card. Each of Messrs. Dalton and Desch has indicated his willingness to serve, if elected, but if either or both of them should be unable or unwilling to stand for election, proxies may be voted for a substitute nominee designated by the board of directors. Proxies may not be voted for a greater number of persons than the number of nominees named herein.

A plurality of the votes cast by the holders of common stock at the 2008 annual meeting is required to elect each nominee as a director.

**The Board of Directors Recommends that You Vote "FOR" the  
Election of Sean M. Dalton and Matthew J. Desch.**

The audit committee of our board has selected the firm of PricewaterhouseCoopers LLP, independent registered public accounting firm, as our auditors for the fiscal year ending December 31, 2008. Although stockholder approval of the selection of PricewaterhouseCoopers LLP is not required by law, our board believes that it is advisable to give stockholders an opportunity to ratify this selection. If the proposal is not approved by our stockholders at the 2008 Annual Meeting, the audit committee may reconsider its selection of PricewaterhouseCoopers LLP. The board of directors believes ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008 is in the best interests of our company and our stockholders and recommends that you vote "FOR" this proposal.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the 2008 Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

### **Stockholder Proposals for 2009 Annual Meeting**

#### *Stockholder Proposals Included in Proxy Statement*

Proposals of stockholders intended to be included in our proxy statement for the 2009 annual meeting of stockholders must be received by us at our principal office not later than December 8, 2008, which is no less than 120 days before the date our proxy statement was released to stockholders in connection with the prior year's annual meeting of stockholders. If the date of the 2009 annual meeting is changed by more than 30 days from the anniversary date of this year's annual meeting on May 22 (if the 2009 annual meeting is earlier than April 22, 2009 or later than June 21, 2009), then the deadline is a reasonable time before we begin to print and mail our proxy materials for the 2009 annual meeting. Upon receipt of any such proposal, we will determine whether or not to include such proposal in the proxy statement and proxy in accordance with regulations governing the solicitation of proxies.

#### *Stockholder Proposals Not Included in Proxy Statement*

We must receive other proposals of stockholders (including director nominations) intended to be presented at the 2009 annual meeting of stockholders but not included in the proxy statement by February 21, 2009, but not before January 22, 2009, which is not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting. However, in the event the 2009 annual meeting is scheduled to be held on a date before May 2, 2009, or after July 21, 2009, which are dates 20 days before or 60 days after the anniversary date of the immediately preceding annual meeting, then your notice may be received by us at our principal executive office not earlier than the 120th day prior to the 2009 annual meeting and not later than the close of business on the later of (1) the 90th day before the scheduled date of such annual meeting or (2) the 10th day after the day on which we first make a public announcement of the date of the 2009 annual meeting. Any proposals we do not receive in accordance with the above requirements will not be voted on at the 2009 annual meeting. In certain cases, notice may be delivered later if the number of directors to be elected to our board of directors is increased.

Each stockholder's notice for a proposal must be timely given to our Secretary at the address of our principal executive offices. Each notice generally is required to set forth as to each matter proposed to be brought before an annual meeting certain information and must meet other requirements specified in our by-laws, as determined by us, including (1) a brief description of the business the stockholder desires to bring before the meeting and the reasons for conducting such business at the meeting, (2) the name and address, as they appear on our stock transfer books, of the stockholder proposing such business, (3) the class and number of shares beneficially owned by the stockholder making the proposal, (4) the names and addresses of the beneficial owners of any of our capital stock registered in such stockholder's name, and the class and number of our shares so owned, (5) the names and addresses of other stockholders known by the stockholder proposing such business to support such proposal, and the class and number of our shares beneficially owned by such other stockholders, and (6) any material interest of the stockholder proposing to bring such business before such meeting (or any other stockholders known to be supporting such proposal) in such proposal.

For nominations of directors for election at the 2009 annual meeting, stockholders nominating candidates must comply with the provisions of Section 1.10 of our by-laws. For director nominations, a stockholder's notice to the Secretary generally must set forth information specified in our by-laws, as

determined by us, as to each person proposed to be nominated, including (1) the name, age, business address and residence address of such person, (2) the principal occupation or employment of such person, (3) the class and number of our shares which are beneficially owned by such person on the date of such stockholder notice and (4) the consent of each nominee to serve as a director if elected. The notice must also set forth as to the stockholder giving the notice (1) the name and address, as they appear on our transfer books, of such stockholder and of any beneficial owners of our capital stock registered in such stockholder's name and the name and address of other stockholders known by such stockholder to be supporting such nominee(s), (2) the class and number of our shares held of record, beneficially owned or represented by proxy by such stockholder and by any other stockholders known by such stockholder to be supporting such nominee(s) on the record date for the annual meeting in question (if such date shall then have been made publicly available) and on the date of such stockholder's notice, and (3) a description of all arrangements or understandings between such stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such stockholder, (4) a representation that the stockholder intends to appear in person or by proxy at the annual meeting to nominate the person(s) named in its notice and (5) a representation whether the stockholder intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of our outstanding common stock reasonably believed by the stockholder to be sufficient to elect the nominee(s) or otherwise to solicit proxies from our stockholders in support of such nomination.

The foregoing time limits also apply to determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority. These rules are separate from and in addition to the requirements a stockholder must meet to have a proposal included in our proxy statement. In addition, stockholders are required to comply with any applicable requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder.

#### **Householding of Annual Meeting Materials**

We have adopted the cost saving practice of "householding" proxy statements and annual reports. Some banks, brokers and other nominee record holders are also "householding" the proxy statements and annual reports for their customers. This means that only one copy of our proxy statement or annual report may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you call or write us at the following address or phone number: **Starent Networks, Corp., 30 International Place, Tewksbury, Massachusetts 01876, (978) 863-3743, Attention: Investor Relations**. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.

#### **Miscellaneous**

The board of directors hopes that stockholders will attend the meeting. Whether or not you plan to attend, you are urged to vote your shares on the Internet, by telephone or by completing, dating, signing and returning the enclosed proxy card in the accompanying envelope. Prompt response will greatly facilitate arrangements for the meeting and your cooperation will be appreciated. Stockholders who attend the meeting may vote their stock personally even though they have sent in their proxies.

**You may obtain a copy of our annual report (without exhibits) filed with the Securities and Exchange Commission on Form 10-K for our 2007 fiscal year without charge upon written request to: Investor Relations, Starent Networks, Corp. 30 International Place, Tewksbury, Massachusetts 01876.**
