PROXY STATEMENT

April 29, 2008

The Board of Directors of California Coastal Communities, Inc is delivering this Proxy Statement to you in connection with the solicitation of your proxy for use at our Annual Meeting of Stockholders to be held at the Company's executive offices, 6 Executive Circle, Suite 250, Irvine, California on Tuesday, June 24, 2008, at 9:30 a.m., California time.

ACTIONS TO BE TAKEN UNDER THE PROXY

At the annual meeting, you will be asked to:

- (i) Elect five (5) directors for a one year term;
- (ii) Ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2008; and
- (iii) Vote on any other matter that may properly be presented at the meeting.

All proxies that are properly completed, signed and returned to us will be voted at the annual meeting in the manner you indicate or, if you do not indicate how you are voting, your proxy will be voted in favor of the matter being considered. Your proxy may be revoked if you attend the meeting and inform us that you want to vote in person. Your proxy may also be revoked prior to the meeting by delivering to us another properly completed proxy with a more recent date, or by notifying us in writing that you are revoking your earlier proxy.

Our management does not know of any matters which might be called for a vote at the meeting, other than those described in this Proxy Statement. If any other matter is presented at the meeting, our representatives will vote for you in accordance with their best judgment on that matter, unless you attend the meeting and inform us that you want to vote for yourself.

SOLICITATION AND REVOCATION OF PROXY

We are paying all of the expenses for preparing, printing and mailing this Proxy Statement and the proxies we are soliciting. In addition to using the mail, proxies may be solicited by our officers, directors and regular employees, but they will not be paid extra for their efforts. We will also ask brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to our stockholders that they represent and we will reimburse them for their reasonable costs. Shareholder Services will also help us solicit proxies and we expect to pay them a fee of approximately \$500 plus reimbursement of their out-of-pocket expenses.

RECORD DATE

Only stockholders of record on the close of business on April 29, 2008 (the "Record Date") will be entitled to notice of and to vote at the meeting and any adjournment of the meeting.

SHARES OUTSTANDING AND VOTING RIGHTS

As of the record date, 10,871,780 shares of our common stock were outstanding. At the meeting, the holders of our stock will be entitled to one vote for each share they hold. A majority of the shares entitled to vote, present in person or represented by proxy, will constitute a quorum. A plurality of the votes cast is required to elect the directors. The affirmative vote of a majority of the shares present in person or by proxy is required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2008. A stockholders list will be available for you to review at the meeting.

Your proxy may indicate that all or only a portion of your shares are being voted with respect to a particular matter. This could occur, for example, when a broker is not permitted to vote stock it holds in street name on certain matters in the absence of instructions from the beneficial owner. The street name shares not being voted on a particular matter will be considered shares not present and entitled to vote on that matter, although non-voted shares will be counted for determining the presence of a quorum.

CORPORATE GOVERNANCE

Board and Committee Meetings

Meeting Attendance. Our Board of Directors met seven times during 2007. All of our directors attended all of the meetings of the Board and committees on which they served since their respective election to the Board.

Board Independence. Each year prior to the mailing of the proxy statement for our annual meeting, the Board of Directors reviews and determines the independence of its directors. During this review, the Board of Directors considers transactions and relationships between each director or any member of his immediate family and our company and its subsidiaries and affiliates. The Board of Directors measures these transactions and relationships against the independence requirements of the Securities and Exchange Commission and The Nasdaq Stock Market LLC. Our Board of Directors has unanimously determined that four of our directors, Messrs. Arens, Burnaman and Sabin and Ms. Murray, who constitute a majority of our Board of Directors, are "independent" directors, as that term is defined under those rules.

Executive Sessions. The Board of Directors has a policy of regularly scheduled executive sessions where our independent non-employee directors meet outside the presence of management. The independent directors held four executive sessions during 2007. The presiding director at the executive sessions was Mr. Sabin.

Edgar Filing: CALIFORNIA COASTAL COMMUNITIES INC - Form DEF 14A

Committees of the Board. Our Board of Directors has four committees: the Audit Committee, the Compensation Committee, the Nominating Committee and the Strategic Planning Committee. All members of the committees are appointed by the Board. The members of the Audit, Compensation and Nominating Committees are independent non-employee directors, and the Audit and Nominating Committees have adopted written charters. The following summary describes each of the Board's committees:

Chairman

Audit Committee. The Audit Committee represents and assists the Board in fulfilling its responsibilities for oversight of our:

the pre-approval of the audit of our financial statements and the performance of services related to the audit; reviewing the scope and results of the audit with the independent registered public accounting firm;

corporate accounting and reporting practices, including the quality and integrity of our financial statements and reports;

internal control over financial reporting and disclosure controls and procedures;

audit process, including the qualifications, independence, retention, compensation and performance of the independent registered public accounting firm employed for the purpose of preparing or issuing an audit report or performing audit, review, attestation or other services for us, and the performance of our internal audit department; and

compliance with legal and regulatory requirements and management of matters in which we have or may have material liability exposure.

The Audit Committee also oversees the preparation of a report for inclusion in our annual proxy statement and is charged with the duties and responsibilities listed in its charter. The Audit Committee's report is included in this proxy statement on page 18 below. The Audit Committee is a separately designated standing audit committee as defined in Section 3(a)(58)(A) of the Securities Exchange Act of 1934.

Our Board of Directors has determined that all members of the Audit Committee are independent directors under the rules of The Nasdaq Stock Market LLC and each of them is able to read and understand fundamental financial statements. In addition, the Board has determined that Mr. Burnaman has past employment experience as a chief executive officer or other senior officer with financial oversight responsibilities which results in the level of financial sophistication as set forth in the rules of The Nasdaq Stock Market LLC, and qualifies him as an "audit committee financial expert" as defined in the rules of the Securities and Exchange Commission. The Audit Committee met four times during 2007.

The Audit Committee operates under a written charter adopted by our Board of Directors, a current version of which is available at our website: www.investors.californiacoastalcommunities.com/governance.cfm. The Audit Committee works closely with our management and our independent registered public accounting firm. The Audit Committee also meets with representatives of the independent registered public accounting firm in an executive session, without the presence of our management, on a quarterly basis, following completion of their quarterly reviews and annual audit and

prior to our earnings announcements. The Audit Committee also meets with our independent registered public accounting firm to approve the annual scope of the audit services to be performed.

Compensation Committee. The Compensation Committee consists of Messrs. Arens and Sabin and Ms. Murray, with Mr. Arens serving as Chairman and does not operate under a written charter. Our Board of Directors has determined that all members of the Compensation Committee are independent directors under the rules of The Nasdaq Stock Market LLC, and that each member is a "non-employee director" under Securities and Exchange Commission rules and is an "outside director" under Internal Revenue Code Section 162(m). The Compensation Committee is responsible for the review, recommendation and approval of compensation arrangements for directors and executive officers, for the approval of compensation for other senior level employees, and for the administration of our benefit and compensation plans and arrangements. The Compensation Committee met two times during 2007.

The Compensation Committee Report is on page 11.

Nominating Committee. The Nominating Committee considers and periodically reports on matters relating to the identification, selection and qualification of the members of the Board and candidates nominated to the Board and its committees. The Nominating Committee also oversees the evaluation of the performance of our Board of Directors and management. Our Board of Directors has determined that all members of the Nominating Committee are independent directors under the rules of The Nasdaq Stock Market LLC. The Nominating Committee met two times during 2007, conducting its business by unanimous consent. The Nominating Committee operates under a written charter adopted by our Board of Directors, a current version of which is available at our website: www.investors.californiacoastalcommunities.com/governance.cfm.

The Nominating Committee uses a variety of criteria to evaluate the qualifications and skills necessary for members of our Board of Directors. Under these criteria, members of the Board should have the highest professional and personal ethics and values, consistent with our longstanding values and standards. They should have broad experience at the policy-making level in business, real estate, finance, government, education, or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each of our directors must represent the interests of our stockholders.

The Nominating Committee regularly assesses the appropriate size of our Board of Directors, and whether any vacancies on the Board are expected. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee would consider various potential candidates for director. Candidates may come to the attention of the Nominating Committee through current members of the Board, professional search firms, our stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating Committee, and may be considered at any point during the year. The Nominating Committee considers stockholder recommendations for candidates for our Board of Directors that are properly submitted as described below under the caption "Other Matters Submission of Proposals for 2009 Annual Meeting." In evaluating such recommendations, the Nominating Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board.

Strategic Planning Committee. The Strategic Planning Committee is responsible for evaluating various business prospects and strategic alternatives. The Strategic Planning Committee met one time during 2007.

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct applicable to all of our directors and employees, including our Chief Executive Officer, Chief Financial Officer, and any other principal executive, senior financial or principal accounting officer. A current version of the Code of Ethics and Business Conduct is available at our website:

www.investors.californiacoastalcommunities.com/governance.cfm. We will disclose any amendment to the Code of Ethics and Business Conduct or waiver of or departure from a provision thereof by filing a Current Report on Form 8-K with the Securities and Exchange Commission within five business days of any such occurrence.

Transactions with Related Persons

Our Code of Ethics and Business Conduct governs transactions between us and our directors, executive officers, and their immediate family members. The Code provides (i) that no director, executive officer, or any of their respective immediate family members may, directly or indirectly, sell, buy, lease, or otherwise provide or receive any goods, property or services from us without the approval of our Board of Directors; and (ii) that the approval of our Board of Directors must be obtained prior to us or any of our subsidiaries hiring, transferring or promoting a relative of a director or executive officer. These policies do not set forth any categorical standards that the Board of Directors is required to follow when determining whether to grant or deny approval. Rather, we rely on the good judgment and common sense of our Board of Directors to determine in each instance whether the proposed transaction is consistent with the principles underlying our policies.

The Company does not have a policy regarding transactions between the Company and beneficial owners of five percent or more of the Company's common stock.

To our knowledge, during 2007 there were no transactions between the Company and any of our directors, executive officers, five percent or greater beneficial owners of our stock, or any of the immediate family members of any of the foregoing persons that would be required to be reported in this proxy statement.

Committee Interlocks and Insider Participation

The Compensation Committee and its members are named above. No member of the Compensation Committee was employed by us or served as one of our officers at any time during 2007 or at any other time. None of our executive officers serves as a member of the board of directors or the compensation committee of any other company that has one or more executive officers serving as a member of our Board of Directors or our Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

General Overview

The Compensation Committee of our Board of Directors is responsible for our overall compensation philosophy and determining the annual salary, short-term and long-term cash and stock incentive compensation, and other compensation of the executive leadership team, including the executive officers and key employees named in the Summary Compensation Table set forth below. In connection with the Compensation Committee's responsibility of determining the compensation for our chief executive officer and approving the compensation for our other executive officers and key employees, its primary objectives are to:

retain high quality executives by providing total compensation opportunities with a combination of compensation elements which are at or above competitive opportunities, and

align stockholder interests and executive compensation by providing meaningful rewards for performance that is deemed to have increased long-term shareholder value.

In determining compensation for a specific executive, the Compensation Committee considers many factors, including the nature of the executive's job, the executive's job performance compared to goals and objectives established for the executive at the beginning of the year, the experience level of the executive in his or her current position, the compensation levels of competitive jobs, and our financial performance. For executive officers and key employees other than the Chief Executive Officer, the Compensation Committee also considers the recommendations made by our Chief Executive Officer.

We seek to provide compensation opportunities that are competitive in the aggregate as well as in the mix of elements. The compensation program is designed to provide the proper balance of fixed versus variable and cash versus equity compensation in order to align both short and long-term interests with overall business objectives. Actual earned compensation may increase when performance is outstanding relative to individual and/or our goals. To the extent that performance goals are not achieved, compensation may be negatively impacted.

Total Compensation

The overall objectives of our compensation program are to retain the best possible executive talent, to motivate these executives to achieve the goals inherent in our business strategy, to maximize the link between executive and stockholder interests through an equity based plan and to recognize individual contributions as well as overall business results.

The key elements of our compensation program consist of fixed compensation in the form of base salary, and variable compensation in the forms of restricted stock grants, stock options, and annual incentive compensation. An executive officer's annual base salary represents the fixed component of their total compensation; however, variable compensation is intended to comprise a substantial portion of an executive's total compensation. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded to the individual, including any pension benefits, insurance and other benefits, as well as the programs described below.

In determining the principal components of executive compensation, the Compensation Committee considers the following factors: (1) the overall competitive environment in executive compensation needed to retain and motivate talented and experienced senior management; (2) our performance, both year over year and in comparison to other companies within the real estate development and homebuilding industries; (3) comparative compensation studies; and (4) our historical compensation levels.

Allocation Among Components of Compensation

The Compensation Committee tailors each compensation package to reflect the executive's role in our performance and relative position within the company. We believe that an executive who is highly influential in our performance should be compensated primarily based on performance. Since our Chief Executive Officer's incentive compensation is primarily equity-based, his bonus has historically been a smaller portion of his total cash compensation. Our homebuilding executives incentive compensation is primarily tied to a formula based on the profits of our homebuilding subsidiary, and therefore their target bonus is a greater portion of their total cash compensation. In light of the challenging market conditions faced by us and the homebuilding industry generally, the Compensation Committee determined that no incentive compensation would be awarded to any of our executives for 2007 operations.

The compensation philosophy adopted by the Compensation Committee also recognizes that distinctions in individual compensation levels are based on multiple factors, including (1) current level of contributions relative to peers; (2) expected future contributions to our performance; (3) past contributions to our performance; and (4) comparison to market value. The Compensation Committee also reviews the compensation levels for peer-level positions of other real estate development and homebuilding companies.

Components of Executive Compensation

Base Salaries. Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent including, where appropriate, a comparison to base salaries for comparable positions at other companies, and to historical levels of salary paid by us and our predecessors. Salary adjustments are based on a periodic evaluation of our performance and of each executive officer, and also take into account new responsibilities as well as changes in the competitive marketplace. In recent years, the Compensation Committee has made only modest increases in base salary levels, in view of its preference of rewarding performance through incentive based compensation.

Annual Incentive Compensation Awards. The variable compensation payable annually to the Chief Financial Officer and the Senior Vice President, Land Development is intended to consist principally of annual incentive compensation awards, based on various individual performance objectives established by the Chief Executive Officer and the Compensation Committee. The annual incentive compensation paid to the President and Senior Vice President, Finance of our homebuilding subsidiary, Hearthside Homes, Inc., are based on 10% and 6%, respectively, of the after tax profits of this subsidiary.

Edgar Filing: CALIFORNIA COASTAL COMMUNITIES INC - Form DEF 14A

The recent downturn experienced in the homebuilding industry has adversely affected the financial results of all home builders, including ours. Therefore, no cash bonuses or other incentives were awarded for 2007.

Other Incentive Compensation. Grants of restricted stock and stock options are designed to align the interests of the executive with those of the stockholders and provide each individual with a significant incentive to manage from the perspective of an owner with an equity stake in the business. The number of shares subject to each option grant is based upon the executive's tenure, level of responsibility and relative position. The Compensation Committee has established certain general guidelines in making option grants to the executives in an attempt to target a fixed number of option shares based upon the individual's position and their existing holdings of options. However, we do not adhere strictly to these guidelines and will vary the size of the option grant made to each executive officer as circumstances warrant.

Discretionary Bonuses. The Compensation Committee evaluates whether to grant a discretionary bonus to our Chief Executive Officer based on the performance of both the Company and our Chief Executive Officer, while considering the objective of tying most of our Chief Executive Officer's variable compensation to our stock performance through the granting of restricted stock and options which last occurred in 1998 and 1999, respectively. Based on the significant sustained downturn in the housing market during 2007, the Compensation Committee did not grant our Chief Executive Officer, Chief Financial Officer, homebuilding subsidiary President, or Senior Vice President, Finance discretionary bonuses for 2007.

Retirement Plans. The Company has a noncontributory defined benefit retirement plan which covered substantially all of our employees prior to September 30, 1993 who had completed one year of continuous employment. The benefit accrual for all participants was terminated on December 31, 1993. Due to the age of this plan, only one of our current executives is covered by the plan.

We also provide a 401(k) plan to all employees pursuant to which participants may contribute a portion of their compensation to their respective retirement accounts, in an amount not to exceed the maximum allowed under Section 401(k) of the Internal Revenue Code. We match a portion of contributions made by non-highly compensated employees. Our executives participate in the 401(k) plan on the same terms as other employees.

Severance and Change of Control Benefits. If the employment of any of our executive officers is terminated without cause, they are entitled to a severance payment equal to their annual base salary for the remainder of the term of their employment agreement plus medical insurance for 12 months after such termination. In addition, Ms. Sciutto and Messrs. Rafferty, Marshall, and Mountford are entitled to payment of applicable target bonuses.

Based upon a hypothetical termination date of December 31, 2007, the severance benefits for each of the executive officers listed in the Summary Compensation Table on page 15 would have been as follows:

Name of Executive Officer	Base Salary \$	Bonus / Incentive Compensation \$	Other Benefits \$(1)	Total \$
Raymond J. Pacini	466,667	0	11,629	478,296
Sandra G. Sciutto	274,667	180,000	11,629	466,296
Michael J. Rafferty	226,500	0	11,629	238,129
John W. Marshall	170,000	0	11,629	181,629
Ed Mountford	254,000	0	11,629	265,629

(1) Medical insurance for 12 months after termination.

Perquisites and Other Benefits. The primary perquisite available to executives is a nominal auto allowance. Our executives also participate in the Company's other benefit plans on the same terms as other employees. These plans include medical and dental insurance, life insurance, and short- and long-term disability insurance.

Determining the Amount of Each Element of Compensation

The Compensation Committee believes that compensation decisions are complex and require a deliberate review of Company performance and industry compensation levels. The Compensation Committee does not believe that it is appropriate to establish compensation levels based only on market or industry practices. The Compensation Committee reviews the performance of each executive officer, including the Chief Executive Officer, on an annual basis and is responsible for reviewing the achievement of individual goals and objectives, evaluating performance, and setting compensation based on this evaluation. The Compensation Committee assesses the performance of the executive officers in addition to the financial results we have achieved against annual objectives. Among other things, in particular with respect to the Chief Executive Officer, the Compensation Committee evaluates strategic vision and leadership, our business and operational results, and the ability to make long-term decisions that create competitive advantage and position us for the future.

Use of Market Data

The Compensation Committee considers survey and peer group data as one factor in setting executive compensation. This information gives the Compensation Committee a general sense of whether our executive compensation is reasonable and competitive relative to the compensation paid to executives with similar responsibilities at companies that we consider to be similar to us based on revenues or nature of operations. Although comparisons to compensation levels at other companies are helpful in assessing the overall competitiveness of our compensation program to attract and retain executive talent, the Compensation Committee does not target compensation at any specified level within a general industry or peer group.

Internal Revenue Code Section 162(m)

The Compensation Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code adopted under the Federal Revenue Reconciliation Act of 1993. This section precludes a public corporation from taking a tax deduction for individual compensation in excess of \$1 million for its chief executive officer or any of its four other highest-paid officers. This section also provides for certain exemptions to this limitation, specifically compensation that is performance based within the meaning of Section 162(m). It is our policy to qualify, to the extent reasonable, compensation paid to executives for deductibility under Section 162(m). However, the Compensation Committee may from time to time approve compensation that is not deductible under this Section.

Grant Dates for Stock Option Awards

Our policy is that stock option grants will only be made on dates when the market has been provided with sufficient time to absorb any material non-public information that may have been disclosed prior to the option grant date. This practice applies to executives, as well as to employees in general. The exercise price for our stock options is the closing price at the end of the trading day on which the option is granted.

We do not plan to time, and have not timed, our release of material non-public information for the purpose of affecting the value of executive compensation. We do not have any programs, plans or practices of awarding stock options and setting the exercise price based on the stock's price on a date other than the actual grant date.

Our management will routinely inform the Audit Committee as to the extent of services being provided by our independent registered public accounting firm and the fees incurred for those services.

Report of the Audit Committee

The following Audit Committee report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934 nor incorporated by reference into any document so filed.

In accordance with its charter, the Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of, and reports to, the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's audited financial statements for the year ended December 31, 2007 with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee reviewed with Deloitte & Touche LLP, the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles, its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under U.S. generally accepted auditing standards, including Statement on Auditing Standards No. 61 (Communication with Audit Committees).

In addition, the Audit Committee reviewed with Deloitte & Touche LLP its independence from the Company and the Company's management, including the matters in the written disclosures required by the Independence Standards Board, including Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees (Independence Discussions with Audit Committees), as amended. The Audit Committee also reviewed and approved the compatibility of non-audit services, including tax services, with Deloitte & Touche LLP's independence. The Audit Committee reviewed the services provided by Deloitte & Touche LLP and approved the fees paid to Deloitte & Touche LLP for all services for 2007.

The full Audit Committee met four times during 2007. In the course of the meetings, the Audit Committee discussed with the Company's chief financial officer and Deloitte & Touche LLP the overall scope and plans for their respective audits. The Audit Committee met with Deloitte & Touche LLP, with and without management present, to discuss the results of its examinations, its evaluations of the Company's systems of internal control, and the overall quality of the Company's financial reporting. The Audit Committee reviewed the Company's internal controls and, consistent with Section 302 of the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, met with management prior to the filing of officers' certifications required by that statute to receive any information concerning (a) significant deficiencies in the design or operation of internal control over financial reporting which could adversely affect the Company's ability to record, process, summarize and report financial data; and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.

The Audit Committee received reports throughout the year on the progress of the review of the Company's internal controls for compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. The Audit Committee obtained periodic updates from management on the process and reviewed management's and Deloitte & Touche LLP's evaluation of the Company's system of internal controls included in the Annual Report on Form 10-K for the year ended December 31, 2007. In addition, the Audit Committee reviewed each of the Company's quarterly reports on Form 10-Q and its annual report on Form 10-K prior to filing with the Securities and Exchange Commission.

Edgar Filing: CALIFORNIA COASTAL COMMUNITIES INC - Form DEF 14A

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2007. The Audit Committee's recommendation was considered and approved by the Board of Directors. The Audit Committee also re-appointed, subject to stockholder ratification, Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2008.

Respectfully submitted by the members of the Audit Committee of the Board of Directors.

Proposal 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors, has appointed Deloitte & Touche LLP as independent registered public accounting firm for the 2008 fiscal year and hereby requests that stockholders ratify this appointment. Representatives of Deloitte & Touche LLP will not be present at the meeting.

The Board has also approved the decision to appoint Deloitte & Touche LLP based on the recommendation of the Audit Committee. Before making its recommendation to the Board, the Audit Committee carefully considered Deloitte & Touche LLP's qualifications as an independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, and any issues raised by the most recent quality control

review of the firm; as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the independent registered public accounting firm. Householding

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to our secretary at the address above or by calling (949) 250-7700.
