**PROXY STATEMENT
2018 ANNUAL MEETING OF STOCKHOLDERS**

The Board of Directors (the "Board") of Bonanza Creek Energy, Inc. ("we," "us," "our," "Bonanza Creek" or the "Company") requests your proxy for the 2018 Annual Meeting of Stockholders (the "2018 Annual Meeting"), which will be held on Wednesday, June 6, 2018, 12:00 noon local time, at 410 17th Street, Suite 220, Denver, Colorado 80202. Distribution of these proxy solicitation materials is scheduled to begin on or about April 26, 2018. By granting the proxy, you authorize the persons named in the proxy to represent you and vote your shares at the 2018 Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the 2018 Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the 2018 Annual Meeting. If any other business properly comes before the stockholders for a vote at the 2018 Annual Meeting, your shares will be voted in accordance with the discretion of the holders of the proxy.

GENERAL INFORMATION

If you attend the 2018 Annual Meeting, you may vote in person. If you are not present at the 2018 Annual Meeting, your shares may be voted only by a person to whom you have given a proper proxy. You may revoke the proxy in writing at any time before it is exercised at the 2018 Annual Meeting by delivering to the Company's Secretary a written notice of the revocation, by submitting your vote electronically through the Internet or by phone after the grant of the proxy or by signing and delivering to the Company's Secretary a proxy with a later date. Your attendance at the 2018 Annual Meeting will not revoke the proxy unless you give written notice of revocation to the Secretary of the Company before the proxy is exercised or unless you vote your shares in person at the 2018 Annual Meeting.

Stockholders of Record and Beneficial Owners

Most of the Company's stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to those shares, and proxy materials are being sent by our transfer agent directly to you. As a stockholder of record, you have the right to vote by proxy or to vote in person at the 2018 Annual Meeting. The proxy materials include a proxy card for the 2018 Annual Meeting.

Beneficial Owners. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and proxy materials will be forwarded to you by your broker or nominee. The broker or nominee is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. The proxy materials should include a proxy card or a voting instruction card for the 2018 Annual Meeting.

Table of Contents

Quorum and Voting

Voting Stock. The Company's common stock, par value \$0.001 per share, is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the 2018 Annual Meeting was the close of business on April 16, 2018. As of the record date, 20,453,619 shares of the Company's common stock were outstanding and are entitled to be voted at the 2018 Annual Meeting.

Quorum and Adjournments. The presence, in person or by proxy, of the holders of a majority of the outstanding shares entitled to vote at the 2018 Annual Meeting is necessary to constitute a quorum at the 2018 Annual Meeting.

If a quorum is not present, the chair of the meeting or a majority of the stockholders entitled to vote who are present in person or by proxy at the 2018 Annual Meeting have the power to adjourn the 2018 Annual Meeting from time to time, without notice other than an announcement at the 2018 Annual Meeting, until a quorum is present. At any adjourned 2018 Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the 2018 Annual Meeting as originally notified.

Vote Required. The directors will be elected by a plurality of the votes of the shares present, in person or by proxy, and entitled to vote on the election of the directors. The (i) ratification of the selection of the Company's independent registered public accountants for 2018, (ii) approval, on an advisory basis, of the compensation of the Company's named executive officers, and (iii) determination, on an advisory basis, of the frequency with which the Company will hold future "say-on-pay" votes will require the affirmative vote of the holders of a majority of the shares present and entitled to vote with respect to the matter. An automated system will tabulate the votes cast by proxy for the 2018 Annual Meeting, and the inspector of elections will tabulate votes cast in person at the 2018 Annual Meeting. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a "broker non-vote") on non-discretionary items absent instructions from the beneficial owner. Non-discretionary items include the election of directors, approval, on an advisory basis, of the compensation of the Company's named executive officers, and to determine, on an advisory basis, the frequency with which the Company will hold future "say-on-pay" votes. For ratification of the selection of the Company's independent registered public accountant, brokers will have discretionary authority in the absence of timely instructions from their customers. Abstentions and broker non-votes will count in determining whether a quorum is present at the 2018 Annual Meeting. Neither abstentions nor broker non-votes will have any effect on (i) the outcome of voting on the director elections, (ii) the advisory vote on compensation of our named executive officers, or (iii) the vote on whether to determine, on an advisory basis, the frequency with which the Company will hold future "say-on-pay" votes. For purposes of voting on the ratification of the selection of the Company's independent registered public accountant for 2018, abstentions will be included in the number of shares voting and will have the effect of a vote against the proposal.

Default Voting. A proxy that is properly completed and submitted will be voted at the 2018 Annual Meeting in accordance with the instructions on the proxy. If you properly complete and submit a proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

FOR the election of the nominees for director;

FOR the ratification of the selection of Grant Thornton LLP ("Grant Thornton") as the Company's independent registered public accountant;

Table of Contents

FOR the advisory vote to approve the compensation of our named executive officers; and

FOR the advisory vote on the compensation of the Company's named executive officers to be held on an annual basis.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the proxy. The Board knows of no matters, other than those previously stated, to be presented for consideration at the 2018 Annual Meeting.

The New York Stock Exchange (the "NYSE") has adopted rules that require listed companies to adopt governance guidelines covering certain matters. The Company believes our Corporate Governance Guidelines comply with the NYSE rules.

Board Leadership

Our Board has separated the Chairman and Chief Executive Officer roles. This leadership structure permits the Chief Executive Officer to focus his attention on managing our business and allows the Chairman to function as an important liaison between management and the Board, enhancing the ability of the Board to provide oversight of the Company's management and affairs. Our Chairman provides input to our Chief Executive Officer and is responsible for presiding over the meetings of the Board and executive sessions of the independent directors, which we expect will be held at every regularly scheduled Board meeting in 2018. Our Chief Executive Officer is responsible for setting the Company's strategic direction and for the day-to-day leadership performance of the Company. Based on the current circumstances and direction of the Company and the experienced membership of our Board, our Board believes that separate roles for our Chairman and our Chief Executive Officer, coupled with a majority of independent directors and strong corporate governance guidelines, is the most appropriate leadership structure for our Company and its stockholders at this time.

Communications with the Board

Stockholders or other interested parties can contact any director (including Mr. Vaughn, the Chairman of the Board), any committee of the Board, or our independent directors as a group, by writing to them at 410 17th Street, Suite 1400, Denver, Colorado 80202, Attention: Secretary. All such communications will be forwarded to the appropriate member(s) of the Board. Comments or concerns relating to the Company's accounting, internal accounting controls or auditing matters will be referred to members of the Audit Committee.

Director Independence

The Company's standards for determining director independence require the assessment of our directors' independence each year and periodically as circumstances change. A director cannot be considered independent unless the Board affirmatively determines that such director does not have any material relationship with the Company, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE. The Board assesses the independence of each independent director and each independent nominee for director under the Company's guidelines and the independence standards of the NYSE and has determined that Messrs. Keglevic, Steck, Tyree, Vaughn, Vogel, and Wojahn are independent. As the Company's President and Chief Executive Officer, Mr. Greager is not considered an independent director. All members of the Company's Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are considered independent, thus satisfying NYSE listing standards.

Director Qualifications

Our Board believes that individuals who serve as directors should have demonstrated notable or significant achievements in business, education or public service; should possess the requisite intelligence, education and experience to make a significant contribution to the Board and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the Company's stockholders. Our Corporate Governance Guidelines limit the number of boards on which a director may sit to no more than three other public

Table of Contents

company boards. The following are qualifications, experience and skills for Board members which are important to the Company's business and its future:

Leadership Experience The Company seeks directors who demonstrate extraordinary leadership qualities. Strong leaders bring vision, strategic agility, diverse and global perspectives, and broad business insight to the Company. They demonstrate practical management experience, skills for managing change, and deep knowledge of industries, geographies, and risk management strategies relevant to the Company. They have experience in identifying and developing the Company's current and future leaders. The relevant leadership experience the Company seeks includes a past or current leadership role in a major public company or recognized privately held entity; a past or current leadership role at a prominent educational institution or senior faculty position in an area of study important or relevant to the Company; a past elected or appointed senior government position; or a past or current senior managerial or advisory position with a highly visible nonprofit organization.

Finance Experience The Company believes that all directors should possess an understanding of finance and related reporting processes. The Company also seeks directors who qualify as an "audit committee financial expert" as defined in the SEC's rules.

Industry Experience The Company seeks directors who have relevant oil and gas industry experience.

Diversity of Backgrounds Although the Board has not established any formal diversity policy to be used to identify director nominees, it recognizes that a current strength of the Board stems from the diversity of perspective and understanding that arises from discussions involving individuals of diverse backgrounds and experience. When assessing a Board candidate's background and experience, the Nominating and Corporate Governance Committee takes into consideration a broad range of relevant factors, including a candidate's ethnic status, gender, professional, cultural, political, and geographic background.

Independent Director Share Ownership Requirements

Our Board has adopted stock ownership guidelines for our independent directors to further align the interests of our independent directors with the interests of our stockholders. In the interest of adhering to best governance practice, independent directors must hold shares with a fair market value equal to five times such independent director's annual cash retainer. Independent directors will have five years to comply with the ownership requirement starting from the latter of (i) the date on which such independent director was appointed or elected or (ii) April 28, 2017. Upon reaching the required ownership level based on the then-current closing price of our common stock, independent directors are not required to accumulate any shares in excess of shares held as of the determination date, regardless of changes in the price of our common stock.

Oversight of Risk Management

While the Board oversees our risk management processes, with particular focus on the most significant risks we face, management is responsible for day-to-day risk management. We believe this division of responsibilities is the most effective approach for addressing the risks we face, and that the current Board leadership structure, with Mr. Vaughn serving as our Chairman of the Board and Mr. Greager serving as our President and Chief Executive Officer, supports this approach by facilitating communication between management and the Board regarding risk management issues. We also believe that this design places the Board in a better position to evaluate the performance of management, more efficiently facilitates communication of the views of the independent directors and contributes to effective corporate governance. The Board realizes, however, that it

Table of Contents

is not possible or desirable to eliminate all risk and that appropriate risk-taking is essential in order to achieve the Company's objectives.

Except as discussed below, the Board as a whole oversees the Company's assessment of major risks and the measures taken to manage such risks. For example, the Board:

provides governance and oversight for the financial and commodity risks assumed by the Company and approves the policies and periodically reviews and discusses with the members of management the procedures and systems in place to identify, review and mitigate the Company's exposure to such risks;

reviews the Company's commodity price risk and hedging strategy with executive management at least quarterly and provides oversight of the Company's hedging policy; and

reviews management's capital spending plans, approves the Company's capital budget and requires that management present for Board review significant departures from those plans.

The Company's Audit Committee is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks, such as the credit risks associated with counterparty exposure. Management and the Company's independent registered public accountants report regularly to the Audit Committee on those subjects.

The Company's Compensation Committee periodically reviews our compensation programs to ensure that they do not encourage excessive risk-taking and reports its significant findings to the full Board.

Meetings and Committees of Directors

During 2017, the Board was intensely involved with the Company's efforts to achieve a restructuring transaction and to assess strategic opportunities. As described below, the directors attended significantly more meetings during the year than would normally be the case. The directors also reviewed voluminous written materials in preparation for these meetings and made themselves available on short notice for meetings that often occurred well outside of normal business hours. They did so without any increase in the compensation they received as directors of the Company.

During 2017, the Board held twenty-eight (28) meetings, including regularly scheduled and special meetings. The pre-emergence Board held eight (8) meetings in 2017 prior to the Effective Date. The post-emergence Board held twenty (20) meetings in 2017 following the Effective Date, and each of the directors attended at least 75% of the aggregate of all meetings of the Board and the standing committees of the Board on which they serve. Our independent directors routinely meet in executive session immediately before or after each meeting of the Board.

The 2018 annual meeting of stockholders will be the first such meeting following the Effective Date. We anticipate that all of our directors will attend the 2018 Annual Meeting.

Introduction

As detailed under "DIRECTORS AND EXECUTIVE OFFICERS INTRODUCTION: CONFIRMATION OF BOARD AS PART OF CHAPTER 11 PROCEEDINGS", the Company and Debtors filed the Chapter 11 Cases in Bankruptcy Court on January 24, 2017. On April 7, 2017, the Bankruptcy Court entered the Confirmation Order confirming the Plan. On the Effective Date (April 28, 2017), the Plan became effective in accordance with its terms and the Debtors emerged from Chapter 11 Cases, at which point, (i) all equity interests of the Company, including outstanding shares of the Company's common stock, issued and outstanding immediately prior to the Effective Date, were cancelled, discharged and of no force or effect; (ii) 19,543,211 shares of New Common stock were issued to holders of the Unsecured Notes, 803,083 shares to certain existing stockholders, and 2,467,430 shares were reserved for issuance under the new employee incentive plan; (iii) 1,610,510 Warrants were issued at an initial exercise price of \$71.23 to certain existing stockholders; (iv) the terms of the independent members of the Pre-emergence Board of Directors expired, with the exception of Mr. Wojahn, and the Post emergence independent members of the Board of Directors were appointed.

Although the information presented in this CD&A focuses on our fiscal year 2017, we also describe compensation actions taken before or after fiscal year 2017 to the extent such discussion enhances the understanding of our executive compensation disclosure.

Bankruptcy Proceeding.

We devoted much of 2016 and early 2017 to the pursuit and ultimate achievement of a restructuring transaction. On December 23, 2016, the Company entered into a Restructuring Support Agreement (the "RSA")

Table of Contents

with (i) holders of approximately 51% in aggregate principal amount of Bonanza's 5.75% Senior Notes due 2023 and 6.75% Senior Notes due 2021 and (ii) NGL Energy Partners, LP and NGL Crude Logistics, LLC. The RSA provided for, among other things, (a) the equitization of the Company's unsecured obligations pursuant to the Plan, including approximately \$800 million in principal amount of Senior Notes, (b) a fully backstopped rights offering for the purchase of \$200 million of common stock of reorganized Bonanza Creek Energy, Inc., and (c) the entry into a new crude oil purchase agreement between the Company and NGL Crude Logistics, LLC. On January 4, 2017, in accordance with terms of the RSA, the Company and certain of its subsidiaries filed voluntary petitions under chapter 11 of title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware (the "Court") to pursue the *Debtors' Joint Prepackaged Plan of Reorganization Under Chapter 11 of the Bankruptcy Code* (the "Prepackaged Plan"). We emerged from bankruptcy on the Effective Date.

Because of the turmoil and uncertainty that existed as a result of the Company's distressed financial situation and the strategic steps taken both in pursuit of a restructuring transaction and following the completion of the restructuring, the Company underwent ample human capital turnover beginning in 2016 and continuing into 2017, including the loss of several executives. Senior management and the Compensation Committee of the Board of Directors were aware of the need to stabilize the organization and prevent further deterioration in the Company's senior management and key employee levels. Compensation decisions during 2017 reflected this awareness.

2017 Financial and Operational Results

Our 2017 financial and operational results included:

Total liquidity of \$204.4 million at December 31, 2017, consisting of, year-end cash balance plus funds available under the successor credit facility, as compared with \$38.9 million, consisting of, the year-end cash balance net of the borrowing base deficiency under the predecessor credit facility at December 31, 2016. Please refer to *Liquidity and Capital Resources* below for additional discussion;

Emerged from bankruptcy in the second quarter, reinitiated development activity early in the third quarter, and returned monthly production volumes to growth prior to year-end;

Implemented a step-change in our completion designs with as much as a 67% increase in proppant loading versus prior generation completions, while also testing a slick water completion design;

Secured our French Lake leasehold by commencing and executing an eight-well XRL appraisal program, with seven of those wells tied to an agreement with an offset operator;

Increased proved reserves by 13% to 102.0 MMBoe as of December 31, 2017, from 90.7 MMBoe as of December 31, 2016;

Table of Contents

Business Strategies and 2018 Outlook. In 2017, the Company recapitalized its balance sheet, such that it is now well-positioned to pursue its development strategy. This strategy consists of utilizing enhanced completion designs to increase the productivity of wells across our acreage position and securing our leasehold position in French Lake, which we expect to delineate in 2018.

We also took steps to improve our access to gas processing in the DJ Basin, which will result in improved costs, greater reliability, and greater optionality than available to many other operators in the basin while enhancing the value of our Rocky Mountain Infrastructure, LLC system. This flexibility helps ensure product flow from both existing and new wells. We will continue to look for ways to improve our access to gas gathering and processing services.

During 2017, we implemented a series of cost reductions that are anticipated to be fully realized by the beginning of 2019 and result in annualized G&A and LOE reductions of approximately \$20.0 million. The cost reductions were focused primarily around labor, compression contracts, water services, and well servicing. Further efficiency improvements will continue to be a focus for the Company, with our per-unit costs benefiting from production growth in 2018 and beyond.

In 2018, the Company plans to accelerate development while testing enhanced completion designs on large-scale pads throughout the Company's acreage position, including delineating its French Lake leasehold. The program contemplates running one rig in the first half of 2018 with a second rig added at mid-year to coincide with additional gas processing capacity. The 2018 program is expected to grow Wattenberg annual production by approximately 20% in 2018 and greater than 50% in 2019, assuming a continuous two-rig program. Allocated capital associated with this program is expected to be approximately \$280.0 million to \$320.0 million, which will support drilling 90 gross wells and turning online 55 gross wells in 2018. Further, assuming the two-rig program, we expect to maintain low leverage of less than 1.0x debt to EBITDAX in 2018 and 2019.

Following a lengthy and rigorous search process, we hired a new permanent President and Chief Executive Officer effective on April 11, 2018.

Features of Our Compensation Program in 2017. We strive to create a compensation program that encourages long-term value creation by tying individual compensation to the attainment of our annual performance targets and the long-term performance of our stock while acknowledging and fostering the unique qualifications, skills, experience, and responsibilities of each individual. Key features include:

Practices that We Engaged in or Allowed in 2017

- ii **Pay for Performance** Total compensation of our named executive officers was substantially weighted toward performance-based pay. Our annual cash incentive awards, which were fully at-risk, were based on performance against pre-set key financial, operational and strategic execution performance indicators.
- ii **External Benchmarking** Our Compensation Committee reviews competitive compensation data based on an appropriate group of exploration and production peer companies prior to making annual compensation decisions.
- ii **Mitigation of Undue Risk** We conduct a risk assessment annually to carefully consider the degree to which compensation plans and decisions affect risk taking. We do not believe that any of the compensation arrangements in place are reasonably likely to have a material adverse impact on the Company.

Table of Contents

- ii **Robust Stock Ownership** We have adopted robust stock ownership guidelines for our named executive officers and directors.
- ii **Minimum Vesting** Our annual equity awards provided for minimum three-year vesting, except in limited circumstances involving certain terminations of employment.
- ii **Double-Trigger Equity Acceleration upon a Change in Control** Under our Executive Change in Control and Severance Plan (the "Severance Plan"), vesting acceleration of equity incentives following a change in control only occurs if the executive is terminated without cause or resigns for good reason within 12 months following a change in control. As described in further detail below, the Board amended the Severance Plan during 2017 in a manner that reduced the severance benefits owed to each of the executive categories and better aligned the Severance Plan with the interests of our stockholders.
- ii **Independent Compensation Consultant** We have engaged an independent executive compensation advisor who reports directly to the Compensation Committee and provides no other services to the Company.
- ii **Focus on Total Compensation** Our Compensation Committee conducts a detailed analysis of total compensation prior to making annual executive compensation decisions.
- ii **Consistently Timed Awards** Awards are not timed for recipients to benefit from the release of material, non-public information.

Practices that We Did Not Engage in or Allow in 2017

No Excise Tax Gross-Ups Neither our Severance Plan nor our employment agreements provide for excise tax gross-ups.

No Repricing or Backdating Our LTIP prohibits the repricing, backdating, or buyouts of stock options or stock appreciation rights.

No Hedging or Derivative Transactions in Company Stock We prohibit our executives from engaging in any short-term trading, short sales, option trading, or hedging transactions related to our common stock. We also prohibit our executives from purchasing our common stock on margin.

Minimal Perquisites We offer minimal perquisites to the Company's executives, few of which are not offered to all of the Company's employees. The Company believes executive salary and short-term incentive program ("STIP") payments, as well as LTIP grants, fully compensate our executives.

Compensation Committee Consideration of 2017 Stockholder Advisory Vote on Our Compensation Program. The Company did not hold an annual meeting of stockholders in 2017 due to its restructuring. As a result, the Company has not held an advisory vote on named executive officer compensation since 2016. At our 2016 Annual Meeting, approximately eighty-eight percent (88%) of the advisory votes cast voted to approve our named executive officer compensation. We are holding an advisory vote on executive compensation at this year's annual meeting of stockholders, and recommending stockholders vote to hold advisory votes going forward on an annual basis.

Table of Contents

Highlights of Compensation Actions. The table below summarizes key actions taken in 2017:

Element	Action
Peer Group	Changes were made to the Company's peer group to more closely align peer compensation benchmarking with companies possessing a more similar corporate profile and strategic outlook.
Flat Base Salaries	Continuing its practice first implemented in early 2015, and except in the instance of a promotion, our Board and Compensation Committee elected not to increase the base salary for any named executive officer in 2017.
STIP Metrics	Given our restructuring, we eliminated from our 2017 STIP the "Liquidity" key performance indicator ("KPI") metric that was used in 2016. We also increased the weighting placed on the individual performance of our executive officers, giving the Compensation Committee increased discretion to determine how effective each officer was during the transitional period that 2017 represented for the Company.
Emergence Equity Awards	In conjunction with the Company's emergence from bankruptcy, all employees, including the named executive officers, were granted new awards of restricted stock units and stock options. This combination of long-term equity awards was designed to provide crucially-needed retention and serve to realign the interests of our employees with the interests of our stockholders.
Severance Plan	Following the Company's emergence from bankruptcy, the Board elected to amend the Severance Plan to reduce the benefits owed to executive officers in the event of certain involuntary terminations of employment. These changes were designed to bring the Severance Plan into better alignment with the interests of our stockholders.

2018 Compensation Program. Our Board and Compensation Committee are focused on structuring our compensation program to ensure proper alignment of pay with performance. We are currently implementing changes to both our STIP and LTIP structure to place greater emphasis on capital efficiency and returns on capital. The Compensation Committee expects to complete this transition during the second quarter of 2018.

Methods to Achieve Compensation Objectives

At Bonanza Creek, we view our employees as an investment for the future. We invest in our people to grow our business and deliver more value to our stockholders. The objectives of our compensation program are:

to attract, retain and motivate the most qualified individuals in the oil and gas industry whom we can identify and recruit;

to provide total compensation that aligns compensation levels with performance and that is flexible enough to respond to changing market conditions; and

to align the interests of our named executive officers with our stockholders' interests.

We design our compensation program to reward named executive officers for performance that creates stockholder value, in that incentive compensation is only earned by successfully implementing our long-term strategy or by achieving our short-term goals. Our compensation program, including review of benefits and perquisites, is reviewed by our Compensation Committee annually.

Executive Compensation Risk Assessment

The Compensation Committee designed our 2017 short-term and long-term compensation programs with features that reduce the likelihood of excessive risk-taking, including an appropriate mix of cash and equity and short-term and long-term incentives, caps on short-term bonus program payouts, an appropriate weighting of fixed and at-risk compensation components, a balance of operating, financial and strategic execution performance measures, significant stock ownership requirements for officers, extended vesting schedules on equity grants and prohibitions on engaging in derivative transactions in our common stock. We do not believe that our current or proposed compensation policies and practices encourage excessive or unnecessary risk-taking and have determined that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

Setting Executive Officer Compensation

Role of Our Board and Compensation Committee. Our Compensation Committee (i) oversees our compensation programs on behalf of our Board; (ii) is responsible for proposing programs for approval by our Board that attract, retain, and motivate qualified executive-level talent; (iii) monitors our compensation programs and strives to ensure that the total compensation paid to our named executive officers is fair, reasonable, and competitive with total compensation provided to executive officers serving in similar roles and with similar responsibilities in other U.S. publicly traded energy companies; and (iv) makes proposals to our independent directors regarding the compensation of our Chief Executive Officer. Our Chief Executive Officer makes proposals to our Compensation Committee regarding the compensation of our other executive officers. The Compensation Committee has the sole authority to retain, amend the engagement with and terminate any compensation consultant to be used to assist in the evaluation of director or executive officer compensation. The Compensation Committee has sole authority to approve the compensation consultant's fees and other retention terms and has authority to cause the Company to pay the fees and expenses of the compensation consultant. Following receipt and review of compensation recommendations from our Compensation Committee, the Board, together with the Compensation Committee, approves named executive officer compensation.

Role of the Compensation Consultant. The Compensation Committee has selected Longnecker & Associates to serve as a consultant to the Compensation Committee on compensation-related issues. additional consultant Willis Towers Watson to assist the Compensation Committee in developing a management incentive plan that was implemented coincident with a restructuring. (Longnecker & Associates and Willis Towers Watson are referred to herein as the "Compensation Consultants.") Since the Company's emergence from bankruptcy, the Compensation Committee has used Longnecker & Associates exclusively.

Our Compensation Committee chose the Compensation Consultants because our Compensation Committee believes the Compensation Consultants have extensive experience in providing executive compensation advice, including specific experience in the oil and gas industry. Our Compensation Committee continues to believe it is beneficial to have an experienced, independent third party assist it in evaluating and setting executive compensation. On an annual basis and when otherwise required, the Compensation Consultants provide our Compensation Committee with an analysis of our executive compensation programs, including total direct compensation comprised of base salary, annual incentives and long-term incentive compensation, in order to assess the competitiveness of our programs and to provide conclusions and recommendations. Additionally, the Compensation Consultants attend meetings with the Compensation Committee and the Board, review Company public disclosures, and serve as a resource for the Chairman of our Compensation Committee on an as-needed basis.

In making a determination to retain the Compensation Consultants, the Compensation Committee assesses the independence of the Compensation Consultants pursuant to SEC rules and considers, among other things, whether the Compensation Consultants provide any other services to us, the policies of the Compensation Consultants that are designed to prevent any conflict of interest between the Compensation Consultants, the Compensation Committee and us, any personal or business relationships between the Compensation Consultants and a member of the Compensation Committee or one of our executive officers and whether the Compensation Consultants own any shares of our common stock. Based in part on representations made by the Compensation Consultants, the Compensation Committee has concluded that the Compensation Consultants do not have any conflicts of interest in the representation of our Compensation Committee. While the Compensation Consultants make recommendations to our Compensation Committee on compensation, our Compensation Committee and Board make and implement compensation decisions and have full discretion to do so independent of the Compensation Consultants' recommendations. The Compensation Committee also has the right to terminate the services of the Compensation Consultants and appoint a new compensation consultant at any time. For fiscal 2017, our Compensation Committee took into consideration the discussions, guidance, and compensation studies produced by the Compensation Consultants to make compensation decisions.

Competitive Benchmarking and Peer Group. Our Compensation Committee considers competitive industry data in making executive pay determinations. The Compensation Committee focuses on a group of peer companies with market capitalization and growth profiles similar to ours, taking into account geographic footprint and employee count and location. With the advice of Longnecker & Associates, the Compensation Committee approved a new peer group by which to assess competitive levels of compensation. The new peer group will also be used in assessing performance relative to certain 2018 performance goals. The Committee intends to continue, at a minimum on an annual basis, its review and assessment of the peer group and will make changes to the group when it is deemed appropriate.

The Compensation Consultant compiled compensation data for the 2017 Peer Group from a variety of sources, including proxy statements, other publicly filed documents, and S&P Capital IQ.

Utilizing data obtained from the Compensation Consultants, we establish compensation standards for our named executive officers using compensation levels at or near the market midpoint, or 50th percentile, as a guideline or starting point, and adjust such benchmarks as appropriate for individual considerations such as experience, performance, tenure, and job responsibilities. The Compensation Committee believes that this approach, coupled with the transitional nature of 2017, during which the Company did not have a customary set of C-suite executives, resulted in our having a cost of management that fell well below that of our peer companies.

Role of CEO and Other Named Executive Officers in Determining Executive Compensation. The Compensation Committee, after reviewing the information provided by the Compensation Consultant and considering other factors, determines each element of compensation assessed against the Company's rigorous goals. When making determinations about each element of compensation for the other executive officers, the Compensation Committee considers recommendations from our Chief Executive Officer. Additionally, at the Compensation Committee's request, our executive officers may assess the design of, and make recommendations related to, our compensation and benefit programs, including recommendations related to the performance measures used in our incentive programs. The Compensation Committee is under no obligation to use these recommendations and is conscious of the need for the evaluation and incorporation of an effective independent and stockholder-focused compensation review process.

Table of Contents**Elements of Our 2017 Compensation and Why We Pay Each Element**

Our Compensation Committee, assisted by the Compensation Consultant and executive management, continues to develop compensation programs that provide our named executive officers with an overall compensation package tailored to our Company, subject to ratification or approval by our Board. With respect to our named executive officers in 2017, our Compensation Committee designed these programs to consist of five elements: base salary, annual performance-based cash incentive compensation (STIP), long-term equity-based compensation (LTIP), severance and change-in-control benefits, and other employee benefits and perquisites as set forth below.

Compensation Element	Description	Purpose
<i>Base Salary</i>	Fixed pay for performing day-to-day responsibilities; reflects individual experience, education, tenure in role, performance, internal pay equity and market compensation based on our peer group	Attract and retain qualified employees; and recognize skills, competencies, experience and individual contributions
<i>STIP</i>	Annual cash incentive opportunity depending upon annual performance in key metrics	Motivate management to achieve key short-term goals; attract and retain executive talent; and align executives' interests with stockholders' interests
<i>LTIP</i>	Equity-based compensation opportunity that encourages executive retention with vesting of awards over multiple years	Drive stockholder value creation; align management interests with stockholders; encourage retention; reward the achievement of our long-term goals, and conserve cash resources
<i>Severance and Change in Control</i>	Lump sum cash payments of salary and bonus multiples, accelerated equity vesting, and continuation of COBRA benefits following certain termination events	Eliminate or reduce the reluctance of executives to pursue potential corporate transactions that could benefit the Company, but result in adverse consequences to the executive's employment; and clarify termination benefits
<i>Other Compensation: Benefits and Perquisites</i>	401(k) match; parking; health club reimbursement; medical, dental, life and disability insurance	Attract and retain highly qualified employees and support the overall health and well-being of all employees

Pay-for-Performance. Our pay-for-performance philosophy is demonstrated in the mix of compensation that we provide to our named executive officers. A significant portion of our named executive officers' compensation in 2017 was in the form of annual cash incentives and long-term equity-based incentives under the LTIP. Each of these incentives plays a role in aligning pay with the Company's performance and aligning the long-term financial interests of our named executive officers with those of our stockholders. In addition, compensation that is paid in the form of restricted stock units and stock options instead of cash is at-risk, because its value varies with changes in the stock price and because it is forfeitable if the executive voluntarily terminates employment prior to vesting. With a considerable percentage of their compensation paid in equity during 2017, our named executive officers have a significant stake in the long-term success of the Company along with all other stockholders. The following chart illustrates the mix of pay for our named executive officers (other than our Interim Chief Executive Officer) in 2017. The indicated percentages are based on each named executive officer's current base salary and target amounts of compensation with respect to STIP and LTIP awards. Additionally, as the chart below further illustrates, 79% of total target compensation for our named executive officers is attributable to the performance-based STIP and LTIP, and thus is variable and tied to performance of the Company (*i.e.*, "at-risk").

2017 and Selected 2018 Compensation Actions

Base Salary. Base salary is intended to provide a guaranteed amount of compensation that recognizes the level of responsibility and authority of each individual named executive officer and compensates for the individual named executive officer's day-to-day contributions to the Company's success. In response to tight expense controls and efforts to preserve stakeholder value while retaining key employees, our Board and Compensation Committee have generally kept the base salaries for our named executive officers flat, both before and since the Company's restructuring. The exceptions to this approach have all been in conjunction with promotions. For example, when

Mr. Tinsley was promoted to Senior Vice President, Operations in 2017, he received an increase in salary. Base salaries for our named executive officers in 2016, 2017, and 2018 are as follows:

Annual Cash Incentive Awards. All of our employees, including our named executive officers, are eligible to receive annual cash incentive awards tied to both the Company's performance and the underlying individual's performance. We believe the annual cash incentive awards help us to:

attract and retain executive talent;

motivate management to achieve key short-term corporate goals; and

align executives' interests with stockholders' interests.

2017 STIP. Our STIP, providing for the award of annual cash incentive bonuses to certain of our employees, including our named executive officers (other than our Interim Chief Executive Officer), to reward employees for their performance in helping the Company achieve its short-term goals, is issued under our LTIP. The STIP provides that the aggregate payout of awards, as well as individual awards for our named executive officers, must be approved by the Compensation Committee prior to the payment. The Compensation Committee has the authority to adjust STIP awards in its discretion. In 2017, and with respect to the named executive officers, 50% of the annual cash incentive was determined by the Company's achievement of the Company-wide KPIs, and the remaining 50% was determined by individual performance. The Compensation Committee determined such weighting on individual performance was appropriate due to the transitional nature of fiscal 2017 with respect to the Company's ownership, leadership, and strategy.

Edgar Filing: Bonanza Creek Energy, Inc. - Form DEF 14A

Table of Contents

For the 2017 STIP, the named executive officers' KPIs were consistent with the Company's 2017 operating plan and included the following metrics as they relate to the Company's core assets in the Rocky Mountain and Mid-Continent regions and its corporate-level performance:

2017 Company KPI	Definition	Why We Use It
Sales (Production)	The amount of oil and gas produced per day, measured in Boe	Rewards efforts used to align the Company's critical operation, producing oil and gas, with the operating plan and growth strategy
Direct Operating Expenses	Production costs of maintaining and operating property and equipment on a producing oil and gas lease	Incentivizes efficient use of production costs to improve profitability
Technical PDP Reserves	Year-end 2017 proved developed producing reserves ("PDP") estimated using year-end 2016 pricing (to remove the effect of changes in pricing) and adjusted for actual production for year (<i>i.e.</i> , adding 2017 PDP production back into the PDP reserves)	Encourages the maintenance of our PDP reserves while not dis-incentivizing production maximization
Adjusted G&A	General and administrative costs, excluding cash severance/reduction-in-force payments and restructuring and M&A advisor fees	Encourages Company-wide focus on cost reductions to improve profitability

Pursuant to the 2017 STIP, target payouts were set at a range of 40% (for Vice Presidents) to 75% (for Senior Vice Presidents) of base salary for our named executive officers (other than our Interim Chief Executive Officer). Mr. Tinsley's target payout was prorated to reflect his salary and STIP target percentage increase during 2017. The actual KPI payouts were subject to a range based on the following categories: threshold (50% of target), target performance (100% of target), superior performance (150% of target), and exceptional performance (200% of target), with performance between such ranges interpolated on a linear basis. Exceptional performance is a "stretch" goal that, while achievable, removes all of the risk from our operating expectations and requires operational performance consistently at the high end of the range for each project. To prevent undue risk taking, the maximum payout under the STIP in 2017 for named executive officers was capped at two times each such officer's target payout *i.e.*, 80% of base salary for our Vice Presidents and 150% of base salary for our Senior Vice Presidents.

The following table summarizes the Company's 2017 performance in the areas considered by our Compensation Committee as they applied to our named executive officers.

2017 Company KPI	Weight	2017 Company Performance	Threshold (50%)	Target (100%)	Maximum (200%)	% of Target Bonus Achieved
Sales (Production)	15%	16.0 MBoe/d	15.5 MBoe/d	16.3 MBoe/d	17.9 MBoe/d	81%

Following the end of 2017, our Compensation Committee reviewed our performance for 2017 with members of management and our full Board to determine the cash incentive award amounts to be awarded to our named executive officers pursuant to the 2017 STIP KPIs. As shown in the table above, actual results with respect to the Company-wide performance metrics for 2017 were above our targeted performance goals; as a result, each named executive officer was awarded a bonus based on Company-wide performance of 114% of target.

With respect to the STIP's individual performance component, the Compensation Committee reviewed with the Interim Chief Executive Officer the performance of each of the other named executive officers during 2017. Each officer was assessed on a 1 to 4 Performance Rating ("PR") scale. A threshold recovery (50% of target) required a 2 PR, a target recovery required a 3 PR, a recovery of 150% of target required a 4 PR, and the maximum recovery (*i.e.*, 200% of target) could only be awarded at the discretion of the Compensation Committee. The Committee determined to award bonuses to the named executive officers based on the following individual performance components: (i) Mr. Fenoglio 100% of target, (ii) Mr. Marter 100% of target, (iii) Mr. Moore 100% of target, and (iv) Mr. Tinsley 150% of target.

The final actual bonus amounts, determined by the Compensation Committee in March 2018, for our named executive officers are shown below.

Name	2017 STIP Earned (\$)
Scott A. Fenoglio	235,125
Cyrus "Skip" Marter	299,250

Long-Term Equity-Based Incentives. Beginning in 2013, our Compensation Committee began to grant both restricted stock awards and performance stock units to our named executive officers and key employees. In late April 2017, when the Company emerged from bankruptcy, all outstanding awards that had not vested previously were cancelled. Further, any vested stock held by executive officers and other employees at the time of the emergence was significantly diluted under the terms of the restructuring.

In conjunction with the Company's emergence, the pre-emergence Compensation Committee granted to all employees new awards of restricted stock units and stock options. The pre-emergence Compensation Committee believed that this combination of long-term equity awards appropriately provided crucially-needed retention for the organization and served to realign the interests of our employees (including our executive officers) with the interests of our stockholders. The post-emergence Compensation Committee has determined that future LTIP awards to our executive officers, including any to be granted in 2018, will have a greater performance element attached to them.

In determining 2017 awards under our LTIP, the pre-emergence Compensation Committee reviewed the market analysis provided by the Compensation Consultant Willis Towers Watson. In addition, the Compensation Committee reviewed recommendations from our Chief Executive Officer (at the time) for awards to named executive officers other than himself. The Compensation Committee compared such recommendations against the Compensation Consultant's market analysis to assist in determining the appropriate amount of equity to grant to each named executive officer based on market data, while also taking into consideration the Company's performance as well as individual performance and retention objectives.

In 2017, each of our named executive officers received an award of restricted stock units and stock options. The amount and type of equity granted to our named executive officers in 2017 were as follows:

Richard J. Carty	137,814	137,814	7,136,009

Further Details of RSU and Stock Option Awards. The 2017 restricted stock unit and stock option awards vest over a three-year period, provided the award recipient remains continuously employed through the applicable vesting dates. Subject to continued employment, the first one-third tranche vested in April 2018, the second one-third tranche will vest in April 2019, and the final one-third tranche will vest in April 2020. Each restricted stock unit represents a contingent right to receive one share of the Company's common stock, which will vest in three equal installments. Each stock option has a ten-year term and an exercise price of \$34.36/share.

The vesting of these awards will accelerate in full if such named executive officer's employment is terminated without cause or due to a resignation for good reason or death or disability, and the awards are subject to the accelerated vesting provisions contained in their respective employment agreements and the Company's Severance Plan. These accelerated vesting provisions are described in greater detail below in the section entitled "*Severance Plan*." While a named executive officer holds unvested restricted stock units, he is not entitled to vote and receive dividends, if any, on the units.

Realized Pay: Actual Compensation. In reviewing our named executive officers' compensation included in the Summary Compensation Table, it is important to note that realized and realizable pay is often substantially different than the compensation that is reported in the Summary Compensation Table. The primary reason for the differences between reported pay in the Summary Compensation Table and realized pay and realizable pay is the method and timing used to value long-term equity awards. SEC rules require companies to report the grant date fair value of all equity awards in the Summary Compensation Table for the year in which they were granted. However, a substantial portion of our named executive officers' total compensation is in the form of long-term equity-based awards, which vest over a three-year period, precluding its immediate realization at the grant date and correlating its realizable value to our future stock performance.

Employment Agreements. Each of our named executive officers (other than our Interim Chief Executive Officer) is party to an employment agreement (each, an "Employment Agreement" and collectively, the "Employment Agreements") with the Company. The Company entered into its current Employment Agreement with (i) Mr. Fenoglio in September 2016; (ii) Mr. Marter in October 2016; (iii) Mr. Moore in November 2015; and (iv) Mr. Tinsley in November 2017. The Employment Agreements entitle these executives to participate in the Severance Plan (described below), which provides for (i) a double-trigger equity acceleration and a double-trigger termination payment equal to two times salary and one times bonus for the named executive officers upon a change in control provided such executive is terminated within twelve months following such change in control and (ii) similar, but lower, benefits outside the context of a change in control for certain defined involuntary terminations. While they are employed by the Company, the Employment Agreements generally prohibit the executives from being involved in oil and gas exploration and development activities and other activities that directly compete with the Company's business. The Employment Agreements also generally prohibit the executives from participating in any business engaged in oil and gas exploration and development activities within a 25 mile radius of any mineral property interest of the Company or its affiliates (with exceptions in both cases for

Table of Contents

preexisting business activities and certain permitted investments) for a period of one year after employment has ended with the Company.

Severance Plan. In June 2017, the Compensation Committee recommended and the Board approved the Fourth Amended and Restated Executive Change in Control and Severance Plan. The amendment reduced the severance benefits to which the executive officers are entitled. For example, with respect to Senior Vice Presidents, the cash payment payable in the event of an eligible involuntary termination was reduced from the sum of 200% of base salary and 200% of annual bonus down to (a) 200% of base salary and 100% of annual bonus when in conjunction with a change in control and (b) 100% of base salary and 50% of annual bonus in the absence of a change in control. Further, the Fourth Amended version of the Severance Plan provided that any cash severance otherwise payable to a participant in the event of an eligible involuntary termination in the absence of a change in control would be reduced by the value associated with accelerating the vesting of the participant's April 2017 LTIP award.

However, under the terms of the Third Amended version of the Severance Plan, a change in control of the Company within twelve months of the effective date of the Fourth Amended version (*i.e.*, June 5, 2017) entitles Plan participants to those severance benefits that were provided under the Third Amended version. The benefits that the named executive officers would receive in the event of such a change in control are described below in the section entitled, "*Potential Payments Upon Termination and Change in Control.*"

In conjunction with the recent appointment of our new, permanent Chief Executive Officer, the Compensation Committee recommended and the Board approved a Fifth Amended and Restated Executive Change in Control and Severance Plan; however, this amendment did not alter the severance benefits to which the named executive officers addressed herein are entitled. Rather, the Fifth Amended version of the Severance Plan acted to increase the severance benefits owed to the Chief Executive Officer in the event of an eligible involuntary termination, both in the context of a change in control and in the absence of a change in control. Under the Fourth Amended version of the Severance Plan, the Chief Executive Officer's severance benefits were identical to those of Executive Vice Presidents and Senior Vice Presidents. The severance benefits owed to the Chief Executive Officer in the context of a change in control under the Fifth Amended version, and how they compare to the benefits owed to other officers, are described below. (The Company filed with the SEC the full form of the Fifth Amended version of the Severance Plan under a Form 8-K dated March 30, 2018.)

Under the current Severance Plan, a named executive officer receives certain severance benefits upon his or her resignation or termination within twelve months following a change in control if such termination is initiated by the Company for any reason other than for Cause (as defined in the Severance Plan), or by the officer for Good Reason (as defined in the Severance Plan). The Severance Plan provides similar, but lower, benefits outside the context of a change in control for termination without Cause, resignation for Good Reason, death or disability. Assuming the executive executes and continues to comply with a general release of liability against the Company within 60 days following an eligible termination or resignation in conjunction with a change in control

and, in the case of an executive who is also a director, simultaneously tenders their resignation from the Board, the officer is entitled to the following benefits, based on his or her job title:

Element	Payment
Base Salary	A lump sum cash payment equal to a multiple of the executive's base salary as of the date of termination, with the multiple as follows:

Title	Cash Payment Multiple
President and Chief Executive Officer	2x
Executive Vice President	2x
Senior Vice President	2x
Vice President	1x

Bonus	A lump sum cash payment equal to a multiple of the greater of (i) the annual average of the bonuses received by the executive pursuant to the Company's STIP in the two calendar years prior to termination and (ii) such executive's current target bonus amount, with the multiple as follows:
--------------	--

Title	Cash Payment Multiple
President and Chief Executive Officer	2x
Executive Vice President	1x
Senior Vice President	1x
Vice President	0.5x

Vesting of Equity Awards	Immediate vesting of all outstanding equity awards that were granted in April 2017; immediate vesting of all outstanding equity awards held by our President and Chief Executive Officer, assuming all applicable performance-based vesting conditions are achieved at target performance; all other accelerated vesting to be determined based on the terms of the applicable equity award agreement
---------------------------------	---

Benefits	Continuation of benefits under COBRA and Company reimbursement of the portion of premiums previously paid by the Company for a period of 24 months for our President and Chief Executive Officer, 18 months for Executive Vice Presidents and Senior Vice Presidents, and 12 months for our Vice Presidents
-----------------	---

During the reduction in force that the Company implemented during the summer of 2017, four of our Vice Presidents were severed. At that time, the Board discussed with Mr. Fenoglio and Mr. Moore, two of our Senior Vice Presidents, whether the targeted reductions in G&A expense could be achieved without also severing them. Both indicated a willingness to be included within the scope of the reduction in force if doing so would benefit the Company. The Board, however, recognized the valuable contributions that Messrs. Fenoglio and Moore had made to the Company and the need for their leadership while the Board continued its consideration of potential strategic transactions and its search for a new, permanent Chief Executive Officer. In order to provide a degree of certainty to Messrs. Fenoglio and Moore, the Board agreed that if they remain with the Company and perform at their normal, high level while the Board concludes its strategic and CEO-search processes, each would be entitled to resign from the Company at a later date, be deemed to have resigned for Good Reason, and thereby earn the severance benefits to which each was entitled under the Fourth Amended version of the Severance Plan. Now that the Company has appointed a new Chief Executive Officer, this right on the part of Messrs. Fenoglio and Moore is currently available and will expire on July 31, 2018.

Other Employee Benefits. We expect that the named executive officers will continue to be eligible for the same health, welfare, and other employee benefits available to our employees generally, including medical and dental insurance, short and long-term disability benefits, parking, health club membership reimbursements, and a 401(k) plan that includes Company matching of an employee's contributions of up to 6% of such employee's cash earnings. We believe that offering a comprehensive employee benefits package helps us attract and retain executive talent and remain competitive in our industry.

Executive Departure. Effective June 11, 2017, Mr. Carty separated from the Company. In connection with the departure, Mr. Carty entered into a Separation and General Release Agreement with the Company (the "Release"), whereby (i) his employment agreement with the Company was terminated; (ii) he entered into a mutual release with the Company; (iii) he received accelerated vesting of the equity grants he was contractually obligated to receive upon the Company's emergence from bankruptcy, consisting of 137,814 non-qualified stock options and 137,814 restricted stock units; (iv) he was granted reimbursement of the payment of his COBRA premiums through the one year anniversary of the termination; and (v) if there is a change in control of the Company after June 4, 2017 and on or before June 5, 2018, he will receive (a) an amount equal to three years of his base salary as of his resignation date, (b) an amount equal to the 300% of the greater of (I) the annual average of any bonuses received for the previous two years and (II) his current "target" bonus amount as of his resignation date, and (c) his COBRA benefits will be extended to the 18 month anniversary of the termination. In addition, Mr. Carty remains subject to certain non-competition, non-solicitation and non-disparagement obligations for a period of twelve months following his separation date pursuant to the terms of the Release and his Employment Agreement.

Executive Appointment. Effective April 11, 2018, Eric T. Greager was appointed as our new, permanent President and Chief Executive Officer. Under the terms of his Employment Agreement, Mr. Greager will receive a base salary of \$500,000, an STIP target equal to 100% of his base salary (prorated for 2018), an annual LTIP target equal to 300% of his base salary (also prorated for 2018), participation under the Severance Plan, and participation in the other benefits that are available to the Company's employees. Further, Mr. Greager received on April 11, 2018 a one-time inducement award of restricted stock units equal in value (at grant-date) to \$4,000,000, with ratable vesting over a five-year period. Lastly, the Board agreed to approve the changes reflected in the Fifth Amended version of the Severance Plan, as described above. All of Mr. Greager's compensation elements were recommended to the Board of Directors by the Compensation Committee, following the Committee's consultation with its Compensation Consultant Longnecker & Associates.

Executive Officer Stock Ownership Guidelines

We have established stock ownership guidelines for executive officers with the goal of promoting ownership of our common stock and aligning the interests of our executive officers with those of our stockholders. The ownership guidelines for our named executive officers are currently established at the following minimum levels:

Position	Multiple
President and Chief Executive Officer	6x base salary
Executive Vice President	3x base salary
Senior Vice President	2x base salary
Vice President	2x base salary

Executive officers have five years from the latter of (i) the date of their appointment as an executive officer or (ii) April 28, 2017 (when the Company emerged from bankruptcy), to achieve their targeted ownership level. Upon reaching the required ownership level based on the then-current closing price of our common stock, executive officers are not required to accumulate any shares in excess of shares held as of the determination date, regardless of changes in the price of our common stock. Each of named executive officers (other than our Interim Chief Executive Officer) has until 2022 to satisfy the stock ownership requirements.

The Compensation Committee monitors stock ownership levels on an annual basis. If an executive is promoted to a position with a higher salary multiple, such executive will have two years from the date of the change in position to reach the higher expected stock ownership level, but still must meet the prior expected ownership level within the original five-year period. Executives who do not satisfy the ownership requirements

Table of Contents

within the time required must hold one-hundred percent (100%) of the net shares acquired through the LTIP until the ownership levels are satisfied. Unvested shares that vest based upon performance criteria (as opposed to simple time-based vesting) do not count towards satisfaction of the guidelines.

Accounting and Tax Considerations

Our Compensation Committee considers tax and accounting rules and regulations when structuring the executive compensation paid to our named executive officers, including the following:

Section 162(m) of the Code. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the tax deductibility of compensation paid by any publicly held corporation to certain executives of such corporation (generally the named executive officers) to \$1,000,000 per employee in any taxable year, with an exception for performance-based compensation. To the extent any compensation arrangements do not constitute performance-based compensation exempt from the 162(m) limitations, we reserve the right to use our judgment to authorize such compensation payments when we believe that such payments are appropriate and in the best interests of our stockholders.

The Tax Cuts and Jobs Act of 2017 was signed into law on December 22, 2017. The new law expands the definition of what types of compensation are subject to the \$1,000,000 limitation under Section 162(m) to include performance-based compensation and to also now include the CFO as a covered employee. In addition, the new rule expands the definition of a "covered employee" to include any individuals who have previously been a covered employee for any years after December 31, 2016. Thus, once an individual is identified as one of the top 5 covered employees, the \$1,000,000 deduction limitation applies to compensation paid to that individual, even after the individual no longer holds that position or has separated from service.

Section 409A of the Code. Section 409A of the Code requires that "nonqualified deferred compensation" be deferred and paid under plans or arrangements that satisfy the requirements of such section of the Code with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code.

Tax Gross-Ups. Our arrangements with our executive officers do not provide a "gross-up" or other reimbursement payment for any tax liability that such officer might owe as a result of the application of Section 409A of the Code or with respect to Sections 280G and 4999 of the Code (which may provide for, among other things, an excise tax on certain golden parachute payments received by the executives upon a change in control of the Company), and we have not agreed and are not otherwise obligated to provide any named executive officers with such a "gross-up" or other reimbursement. Our arrangements generally provide that if any payments upon a change in control constitute "parachute payments" (as defined under Section 280G of the Code), then such payments may be either paid in full or reduced so that such payments are less than the limitation under Section 280G, whichever produces the better after-tax result for the executive officer.

ASC Topic 718 Regarding Stock Compensation. Financial Accounting Standards Board Accounting Standards Codification, Topic 718, "Compensation - Stock Compensation" ("ASC Topic 718") requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of shares of restricted stock, performance stock units and other equity-based awards are accounted for under ASC Topic 718. Our Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As

Table of Contents

accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Indemnification

Our certificate of incorporation and bylaws provide indemnification rights to our directors and officers and permit us to purchase insurance on behalf of any officer, director, employee or other agent for any liability arising out of that person's actions as our officer, director, employee or agent, regardless of whether Delaware law would mandate indemnification. Additionally, we have entered into separate indemnity agreements with our directors and officers to provide additional indemnification benefits, including the right to receive, in advance, reimbursements for expenses incurred in connection with a defense for which the director or officer is entitled to indemnification. We believe that the limitation of liability provisions in our certificate of incorporation, bylaws and the indemnity agreements will facilitate our ability to continue to attract and retain qualified individuals to serve as directors and officers.

CEO Pay Ratio 14:1

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the total compensation of our employees and the annual total compensation of Seth Bullock, our Interim Chief Executive Officer (our "CEO").

Mr. Bullock was retained by our Board effective June 11, 2017, as our Interim CEO. During his service at the Company, Mr. Bullock remained an employee of Alvarez & Marsal, LLC ("A&M") and did not receive any compensation directly from the Company or participate in any of the Company's employee benefit plans. The Company instead paid A&M a \$135,000 monthly fee, plus reasonable out-of-pocket expenses for the services provided by Mr. Bullock. For purposes of determining the total cash compensation paid for Mr. Bullock's services as Interim CEO, we included: the annualized monthly fee and the annualized out-of-pocket expenses paid by the Company to A&M, as reflected in statements received and amounts paid to A&M.

For 2017, our last completed fiscal year:

The median of the annual total compensation of all employees of our company (other than our CEO) was \$122,993; and

The annual total compensation of our CEO, was \$1,714,725.

Based on this information for 2017, we reasonably estimate that the ratio of our CEO's annual total compensation to the annual total compensation of our median employee was 14:1. Our pay ratio has been calculated in a manner consistent with Item 402(u) of Regulation S-K.

We identified the median employee by examining the 2017 total cash compensation for all employees, excluding our CEO, who were employed by us on December 22, 2017, the last day of our payroll year. Our employee population consisted of 152 employees, other than the CEO, with all individuals located in the United States. This population consisted of our full-time and part-time employees. In making this determination, we annualized the compensation of all employees who were hired in 2017, but did not work for the entire twelve-month period. As reflected in our payroll records, for purposes of determining the total cash compensation paid, we included: the annualized base salary (or, in the case of hourly workers, annualized wages including overtime pay) and the amount of any cash incentives, including cash incentives earned in 2017 but not paid to the employee until 2018.

Edgar Filing: Bonanza Creek Energy, Inc. - Form DEF 14A

Table of Contents

After identifying the median employee based on total cash compensation, we calculated annual total compensation for such employee using the same methodology we use for our named executive officers, as set forth in the Summary Compensation Table later in this proxy statement.

As illustrated in the table below, our 2017 CEO to median employee pay ratio is 14:1.

	CEO to Median Employee Pay Ratio	
	CEO⁽¹⁾ (\$)	Median Employee (\$)

(1) Reflects the aggregate grant date fair value of restricted stock unit and stock option awards granted under our 2017 LTIP by our pre-emergence Board, computed in accordance with ASC Topic 718. It does not reflect the actual value that may be realized by the named executive officer. The discussion of the assumptions used in calculating the aggregate grant date fair value of the restricted stock unit awards for purposes of the Company's financial statements, can be found in the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 9 to the financial statements, in each case, as set forth in the Company's Form 10-K filed with the SEC on March 14, 2018.

For stock options, the estimated fair value is based upon principles of the Black-Scholes option pricing model. The Black-Scholes model utilizes numerous arbitrary assumptions about financial variables such as expected stock price volatility, future dividend yield, and interest rates. Stock-based compensation expense for restricted stock unit and stock option awards is measured at the grant date based on the fair value of the award and is recognized as an expense on a straight-line basis over the requisite service period, which is generally the vesting period. See "Grants of Plan-Based Awards" for information on awards made in 2017.

(2) Amounts in this column represent the bonuses earned under the Company's STIP in each of 2015, 2016 and 2017 but were not paid until 2016, 2017 and 2018, respectively.

Potential Payments Upon Termination and Change in Control

The amounts disclosed assume such termination and/or such change of control was effective as of December 31, 2017, and are calculated pursuant to the terms of the Employment Agreements and the Severance Plan. The amounts below constitute estimates of the amounts that would be paid to the continuing named executive officers upon termination of their employment and/or upon a change in control. The actual amounts to be paid are dependent on various factors, which may or may not exist at the time a continuing named executive officer is actually terminated and/or a change in control actually occurs. Therefore, such amounts and disclosures should be considered "forward-looking statements."

Director Compensation

Our Board believes that attracting and retaining qualified independent directors is critical to the ongoing operation of our Company.

Pre-emergence Board of Director Compensation. Our pre-emergence director compensation program in 2017 consisted of an annual retainer of \$90,000 and chairman fees, listed in the table below. Pursuant to the Plan, all outstanding restricted stock awards held by directors were cancelled at the time of the Company's emergence from bankruptcy. All directors receive actual expense reimbursements associated with attending board and committee meetings. Pursuant to the Plan, as of the Effective Date, the following directors ceased to serve on the Company's board of directors: James A. Watt, Kevin A. Neveu, and Gregory P. Raih. Mr. Wojahn remains a member of the Board.

Board/Committee	Board/Committee Chairperson Additional Compensation (\$) ⁽¹⁾
Board	50,000
Audit	20,000
Compensation	13,000
Nominating and Corporate Governance	10,000
EHS&RC and Reserves	5,000

(1) In the event one director serves as chairman of more than one committee, such director will only receive the highest such retainer.

Post-emergence Board of Director Compensation. Our post-emergence director compensation program in 2017 consisted of two principal elements: (i) an annual retainer and chairman fees, listed below; and (ii) equity consisting of restricted stock unit awards. During 2017, the Board of Directors discussed the initial grant of restricted stock unit awards to the independent directors as provided under the Director Compensation Policy approved by the Board, on the Effective Date. The initial grant to Mr. Vaughn, our non-executive Chairman, had an estimated fair market value of \$468,750, and the initial grant to Messrs. Keglevic, Steck, Tyree, Vogel, and

Wojahn had an estimated fair market value of \$375,000. The restricted stock units were granted pursuant to the Company's 2017 Long Term Incentive Plan. The restricted stock units are scheduled to vest in three equal installments on April 28, 2018, April 28, 2019 and April 28, 2020 and be delivered to the directors in shares within 30 days after April 28, 2020 (subject to accelerated vesting and delivery on specified terminations of the directors' service or a change in control). The number of shares was determined by dividing the award value by \$36.68 (which was the volume weighted average price of a share for the 30-day period beginning on May 1, 2017). Pursuant to the Director Compensation Policy, going forward after the third year following the Company's emergence from bankruptcy, and consistent with best governance practice, the Board will establish a "date certain" on which to make the Directors' equity grants each year.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report and references in this proxy statement to the independence of the Audit Committee members shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 (the "Exchange Act"), except to the extent that the Company specifically incorporates such information by reference in such filing.

The Audit Committee is composed of three directors, Messrs. Kevlevic, Tyree and Vogel, and operates under a written charter adopted by the Board. Each member of the Audit Committee meets the independence requirements of the NYSE listing standards and other applicable standards. The duties of the Audit Committee are summarized in this proxy statement under "*Corporate Governance Audit Committee*" and are more fully described in the charter which can be viewed on the Company's website under "Corporate Governance."

The Board has charged the Audit Committee with a number of responsibilities, including review of the adequacy of the Company's financial reporting, accounting systems and processes, and internal controls. During the last fiscal year, and earlier this year in preparation for the filing with the SEC of the Company's Annual Report on Form 10-K for the year ended December 31, 2017, the Audit Committee:

reviewed and discussed the Company's audited financial statements as of and for the year ended December 31, 2017 with management and with the independent registered public accountants;

reviewed and discussed the Company's system of internal controls;

Edgar Filing: Bonanza Creek Energy, Inc. - Form DEF 14A

Table of Contents

required management to perform an evaluation and make an assessment of the effectiveness of the Company's internal controls over financial reporting asserting compliance with the Sarbanes-Oxley Act of 2002 and discussed the results with management and with the independent registered public accountants;

reviewed and discussed the Company's assessment of risk related to financial reporting;

provided oversight to the internal audit function;

reviewed and discussed with the independent registered public accountants (i) their judgments as to the quality of the Company's accounting policies, (ii) the quality, clarity, consistency and completeness of the Company's financial reporting and disclosures, (iii) the written disclosures and letter from the independent registered public accountants required by Public Company Accounting Oversight Board Independence Rules, including the independent registered public accountants' independence, and (iv) the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, *Communications with Audit Committees*;

discussed with management and with the independent registered public accountants the process by which the Company's principal executive officer and principal financial officer make the certifications required by the SEC in connection with the filing with the SEC of the Company's periodic reports, including reports on Forms 10-K and 10-Q;

pre-approved all auditing services and non-audit services to be performed for the Company by the independent registered public accountants as required by the applicable rules promulgated pursuant to the Exchange Act (details regarding the fees paid to Grant Thornton LLP and Hein & Associates LLP in fiscal 2017 for audit services, tax services and all other services, are set forth in "*Proposal Two Ratification of Selection of Independent Registered Public Accountant Audit and Other Fees*" below); and

considered whether, to assure continuing auditor independence, it would be advisable to regularly rotate the audit firm itself, as recommended by the NYSE's corporate governance rules.

With respect to rotation of the audit firm, the Audit Committee has concluded that the current benefits to the Company from continued retention of Grant Thornton LLP warrant retaining the firm at this time. The Audit Committee will, however, continue to review this issue on an ongoing basis.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee's charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's consolidated financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accountants are responsible for expressing an opinion on those financial statements. Audit Committee members are not employees of the Company. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accountants included in their report on the Company's consolidated financial statements.

The Audit Committee meets regularly with management, the Company's internal auditors and the independent auditors, including private discussions with the independent registered public accountants, and

Table of Contents

receives the communications described above. The Audit Committee has also established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accountants do not assure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's consolidated financial statements has been carried out in accordance with generally accepted auditing standards.

Based on the review and discussion referred to above, and in reliance on the information, opinions, reports and statements presented to us by the Company's management and Grant Thornton LLP, we recommended to the Board that the December 31, 2017 audited consolidated financial statements be included in the Company's Annual Report on Form 10-K.

TRANSACTIONS WITH RELATED PERSONS

Procedures for Review, Approval and Ratification of Related Person Transactions

An "Interested Transaction" is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (i) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year; (ii) the Company or any of its subsidiaries is a participant; and (iii) any "Related Party" has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A "Related Party" includes:

a director or director nominee of the Company;

an executive officer of the Company;

a stockholder beneficially owning more than 5% of any class of the common stock of the Company;

a person who is an immediate family member or sharing the household of any of the foregoing; or

any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

Our Audit Committee reviews all Interested Transactions that the rules of the SEC require be disclosed in the Company's proxy statement and makes a determination regarding the initial authorization or ratification of any such transaction.

The Audit Committee is also charged with reviewing the material facts of all Interested Transactions and either approving or disapproving the Company's participation in such transactions under the Company's Related Party Transactions Policy adopted by the Board. This written policy preapproves the following transactions:

any employment of an executive officer if his or her compensation is required to be reported in the Company's proxy statement under Item 402 of Regulation S-K;

director compensation which is required to be reported in the Company's proxy statement under Item 402 of Regulation S-K;

any transaction with another company at which a Related Party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's voting securities if the aggregate amount involved for any particular service does not exceed the greater of \$500,000 or 25% of that company's total annual revenues; and

any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Party's only relationship is as an employee (other than an executive officer) or a director if the aggregate amount involved does not exceed the lesser of \$200,000 or 10% of the charitable organization's total annual receipts.

Prior to a Related Party entering into an Interested Transaction, the Audit Committee reviews the material facts of such Interested Transaction and either approves or disapproves of the Interested Transaction. If advance Audit Committee approval of an Interested Transaction is not feasible, then the Interested Transaction is considered and ratified (if the Audit Committee determines it to be appropriate) at the Audit

regularly scheduled meeting. In determining whether to approve or disapprove an Interested Transaction, the Audit Committee takes into account, among other factors, the following: (i) whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances, (ii) the extent of the Related Party's interest in the transaction and (iii) whether the Interested Transaction is material to the Company. Further, the policy requires all Interested Transactions that are required to be disclosed in the Company's filings with the SEC to be disclosed in accordance with applicable laws, rules and regulations.

Related Party Transactions

From time to time, the Company contributes charitable donations to organizations for which the Company's executives serve as directors. Such contributions are pre-approved pursuant to the Company's Related Party Transactions Policy. On March 8, 2018, the Company entered into an office sublease transaction with Northwoods Management Company LLC ("Northwoods"), pursuant to which the Company receives approximately \$17,500 per month. The current term of the sublease is approximately six months. Thomas B. Tyree, Jr. is Chairman and Chief Executive Officer of Northwoods, and he is one of our directors. There were no other related party transactions or series of similar transactions to which the Company was or is a party in which the amount involved exceeded or exceeds \$120,000 and in which any Related Party, had or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described in "*Compensation Discussion and Analysis*."

PROPOSAL ONE:

ELECTION OF DIRECTORS

At the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the following individuals for election as directors of the Company to serve for a one-year term beginning at the 2018 Annual Meeting and expiring at the annual meeting to be held in 2019:

Eric T. Greager
Paul Keglevic
Brian Steck
Thomas B. Tyree, Jr.
Jack E. Vaughn
Scott D. Vogel
Jeffrey E. Wojahn

Each of the nominees currently serve as a director of the Company. Biographical information for each nominee is contained in the "*Directors and Executive Officers*" section above.

The Board has no reason to believe that any of the director nominees will be unable or unwilling to serve if elected. However, if any director nominee becomes unable or unwilling to accept his nomination or election, either the number of the Company's directors will be reduced or the persons acting under the proxy will vote for the election of a substitute nominee that the Board recommends.

The Board unanimously recommends that stockholders vote "FOR" Proposal One and approve the election of the director nominees.

PROPOSAL TWO:

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

As previously disclosed, on the Petition Date, the Company, its Subsidiaries, together with its Debtors; solely following the Effective Date, Reorganized Debtors, filed voluntary petitions for reorganization under chapter 11 of the Bankruptcy Code in Bankruptcy Court.

On April 7, 2017, the Bankruptcy Court entered a Confirmation Order confirming the Plan. Pursuant to Paragraph 118 of the Confirmation Order, the current management of Bonanza Creek ("Management") is permitted to appoint a new independent auditor without any action by the existing board of directors or Audit Committee of Bonanza Creek. On April 13, 2017, Management dismissed Hein & Associates LLP ("Hein") as Bonanza Creek's independent registered public accounting firm.

Hein's audit reports on Bonanza Creek's consolidated financial statements for the fiscal years ended December 31, 2016 and 2015 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle, except that Hein's report for the year ended December 31, 2016 included an explanatory paragraph referring to Bonanza Creek's going concern uncertainty.

During the fiscal years ended December 31, 2016, and the subsequent interim period through April 13, 2017, there were (i) no disagreements with Hein on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Hein's satisfaction, would have caused Hein to make reference thereto in their reports on the consolidated financial statements for such years, and (ii) no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

Bonanza Creek provided Hein with a copy of disclosures it is making in this proxy statement.

On April 13th, 2017, Management appointed Grant Thornton as Bonanza Creek's independent registered public accounting firm. During the years ended December 31, 2016 and 2015, and during the subsequent interim period through April 13, 2017, neither the Company nor anyone acting on its behalf consulted with Grant Thornton with respect to either (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither written nor oral advice was provided to the Company that Grant Thornton concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

Bonanza Creek provided Grant Thornton with a copy of disclosures it is making in this proxy statement.

The Audit Committee of the Board has selected Grant Thornton as the independent registered public accounting firm of the Company for the year ending December 31, 2018. Grant Thornton has audited the Company's consolidated financial statements since the Company's emergence from bankruptcy on April 28, 2017. The Board is submitting the selection of Grant Thornton for ratification at the 2018 Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board and the Audit Committee believe the submission provides an opportunity for stockholders, through their vote, to communicate with the Board and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the selection of Grant Thornton, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

Edgar Filing: Bonanza Creek Energy, Inc. - Form DEF 14A

Table of Contents

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The stockholders' ratification of the appointment of Grant Thornton does not limit the authority of the Audit Committee to change auditors at any time.

Audit and Other Fees

The table below sets forth the aggregate fees paid by the Company for audit and other services provided by Grant Thornton during 2017, and Hein for 2016, and the subsequent interim period through April 13, 2017.

(2) Audit of the Company's employee benefits plan.

Edgar Filing: Bonanza Creek Energy, Inc. - Form DEF 14A

The Audit Committee pre-approved 100% of the services described above under the captions "Audit Fees", "Audit-Related Fees", "Tax Fees" and "All Other Fees" incurred during 2016 and 2017.

The Company expects that representatives of Grant Thornton will be present at the 2018 Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

The Board unanimously recommends that stockholders vote "FOR" Proposal Two and approve the ratification of the selection of Grant Thornton as the independent registered public accountant of the Company for 2018.

PROPOSAL THREE:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking our stockholders to provide advisory, non-binding approval of the compensation paid to our named executive officers, as described in the "*Compensation Discussion and Analysis*" section of this proxy statement. Our Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy. In particular, the Compensation Committee strives to attract, retain and motivate the best executives we can identify and recruit, to reward past performance measured against established goals and provide incentives for future performance and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short-term and long-term incentive compensation to reward excellent performance and to encourage executives' commitment to our long-range, strategic business goals. It is the intention of the Compensation Committee that our named executive officers be compensated competitively with the market and consistently with our strategy, sound corporate governance principles, and stockholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation packages provided to our named executive officers (including potential payouts upon a termination or change in control) are reasonable and not excessive. As you consider this Proposal Three, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including information about our compensation philosophy and objectives and the past compensation of our named executive officers, and to review the tabular disclosures regarding named executive officer compensation together with the accompanying narrative disclosures in this proxy statement. Some of the program features incorporated by the Compensation Committee to align our executive compensation program with our executive compensation philosophy include:

time-based and performance-based equity awards incorporating a three-year vesting period to emphasize long-term performance and executive officer commitment and retention;

annual performance-based cash awards incorporating operational, financial, and performance metrics in order to properly balance risk with the incentives needed to drive our key annual initiatives such awards impose maximum payouts to further manage risk and the possibility of excessive payments;

double-trigger requirement for any acceleration of vesting of equity upon a change in control (i.e., a termination without cause or resignation for good reason is required in connection with a change in control); and

stock ownership guidelines to further align the interests of our named executive officers with the interests of our stockholders.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. As an advisory vote, Proposal Three is not binding on our Board or the Compensation Committee, will not overrule any decisions made by our Board or the Compensation Committee and will not require our Board or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board and the Compensation Committee value the opinions of our stockholders and will carefully consider the outcome of the vote when making future compensation decisions for our named executive officers.

Table of Contents

We are asking stockholders to vote "FOR" the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation philosophy, policies and procedures and the compensation of the named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement."

The affirmative vote of stockholders holding at least a majority of the shares present and entitled to be voted on the proposal is required for approval of Proposal Three. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

*The Board unanimously recommends that the stockholders vote "**FOR**" Proposal Three and approve the compensation of the named executive officers of the Company on an advisory basis, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.*

Table of Contents

PROPOSAL FOUR

ADVISORY VOTE ON THE FREQUENCY OF FUTURE "SAY-ON-PAY" VOTES

In addition to the advisory "Say-on-Pay" vote, the Dodd-Frank Wall Street Reform and Consumer Protection Act also requires a related non-binding advisory vote that enables our stockholders to indicate how frequently we should seek an advisory "Say-on-Pay" vote, such as Proposal Three, included in this proxy statement, on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules. By voting on Proposal Four, stockholders may indicate whether the advisory "Say-on-Pay" vote should occur every three years, every two years or every year. After careful consideration of this Proposal Four, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for our company, and therefore our Board of Directors recommends that you support a frequency period of every year for the advisory vote on executive compensation.

Setting a one-year period for holding this stockholder vote will enhance stockholder communication by providing a clear, simple means for our company to obtain information on investor sentiment about our executive compensation philosophy. Annual voting provides for a higher level of accountability and allows for direct and immediate feedback on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year.

Text of the Resolution to be Adopted

We are soliciting your advice on the following resolution:

"RESOLVED, that an advisory "Say-on-Pay" vote of our stockholders to approve the compensation of the named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the CD&A, the 2017 Summary Compensation Table, and the other related tables and disclosures), shall be held at an annual meeting of stockholders, beginning with the 2018 Annual Meeting of Stockholders, every:

- (1) three years;
- (2) two years; or
- (3) every year.

You may vote for one of these three alternatives or you may abstain from making a choice.

Vote Required

Although non-binding, the Board of Directors and the Compensation Committee will carefully review the voting results on this Proposal Four. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board of Directors may in the future decide to conduct advisory "Say-on-Pay" votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders or material changes to compensation programs. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

The Board of Directors unanimously recommends that for Proposal Four the stockholders vote for a frequency of "EVERY YEAR" for future non-binding "Say-on-Pay" stockholder votes on compensation of the compensation of the named executive officers of the Company.

OTHER MATTERS

Stockholder Proposals; Identification of Director Candidates

Any stockholder of the Company who desires to submit a proposal for action at the 2019 Annual Meeting of Stockholders and wishes to have such proposal (a "Rule 14a-8 Proposal") included in the Company's proxy materials, must submit such Rule 14a-8 Proposal to the Company at its principal executive offices no later than December 27, 2018, unless the Company notifies the stockholders otherwise. Only those Rule 14a-8 Proposals that are timely received by the Company and proper for stockholder action (and otherwise proper) will be included in the Company's proxy materials.

A stockholder proposal, including a stockholder nominating a person for election as a director, not included in our proxy statement for the 2018 Annual Meeting of Stockholders will be ineligible for presentation at the 2018 Annual Meeting of Stockholders unless the stockholder gives timely notice of the proposal in writing to our Secretary at our principal executive offices. Under our bylaws, in order for a matter to be deemed properly presented by a stockholder, a stockholder's notice must be delivered to and received by the Secretary at the principal executive offices of the Company not less than 120 days and not more than 150 days in advance of the first anniversary of the date of the Company's proxy statement release to stockholders for the preceding year's annual meeting; provided, however, that in the event the date of the annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting or if no annual meeting was held during the previous year, delivery of such proposal by the stockholder, to be timely, must be so delivered not later than the close of business on the tenth day following the day on which public announcement of the date of such meeting is first made. Accordingly, with respect to the 2018 Annual Meeting of Stockholders, such proposal must be received by the Secretary at the Company's principal executive office by the tenth day following the day on which public announcement of the date of such meeting is first made. In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period for the giving of a stockholder's notice as described above. For purposes of our bylaws, "public announcement" means disclosure in a press release reported by Dow Jones News Service, Associated Press or a comparable national news service, in a document publicly filed by the Company with the SEC, or in a notice pursuant to the applicable rules of an exchange on which the Company's securities are then listed.

To be in proper form, a stockholder's notice shall be in writing and shall set forth (a) the name and address of the stockholder, as set forth in the Company's books and records, who intends to make the nomination(s) or propose the business and the beneficial owner, if any, on whose behalf the proposal is made, (b) in the case of a nomination of director(s), (i) a description of all agreements, arrangements or understandings between the stockholder and each nominee or any other person or persons (naming such person or persons) pursuant to which the nomination(s) are to be made, (ii) any other information relating to such nominee(s) that would be required to be included in a proxy statement filed under the current rules of the SEC and (iii) the nominee(s)' written consent to serve as a director if elected and (c) in the case of other business proposed to be brought before the annual meeting (i) a brief description of such business, (ii) the reasons for conducting such business at the annual meeting, (iii) any material interest the stockholder has in such business and (iv) any other information that is required to be provided by the stockholder under the current rules of the SEC with respect to stockholder proposals. The Board, a committee thereof, the Chief Executive Officer or the President may refuse to acknowledge the nomination of any person or the proposal of any business not made in compliance with the foregoing procedures.

It is the responsibility of the Nominating and Corporate Governance Committee to identify, evaluate and recommend to the Board the director nominees for election at the annual meeting of stockholders, as well as to fill vacancies or additions on the Board that may occur between annual meetings. The Nominating and Corporate Governance Committee endeavors to recommend only director candidates who possess the highest personal values and integrity; who have experience and have exhibited achievements in one or more of the key professional,

business, financial, legal and other challenges that face a U.S. independent oil and gas company; who exhibit sound judgment, intelligence, personal character and the ability to make independent analytical inquiries; who demonstrate a willingness to devote adequate time to Board duties; and who are likely to be able to serve on the Board for a sustained period. In general, the Nominating and Corporate Governance Committee will use the same process to evaluate candidates recommended by stockholders as it uses to evaluate all other director candidates. However, if a candidate is recommended by a stockholder or a group of stockholders, the Governance Committee also will review the information required of such nominees pursuant to our bylaws.

The Nominating and Corporate Governance Committee's charter includes consideration of diversity of viewpoint on the Board. In that regard, the Nominating and Corporate Governance Committee endeavors to achieve an overall balance of diversity of experiences, skills, attributes and viewpoints among our directors. The Nominating and Corporate Governance Committee believes it has achieved that balance through the representation on the Board of members having experience in the oil and gas industry, finance and accounting and investment analysis, among other areas. The Nominating and Corporate Governance Committee does not discriminate based upon race, religion, sex, national origin, age, disability, citizenship or any other legally protected status.

In identifying potential director candidates, the Nominating and Corporate Governance Committee will rely on any source available for the identification and recommendation of candidates, including current directors and officers. In addition, the Nominating and Corporate Governance Committee from time to time may engage a third party search firm to identify or evaluate, or assist in identifying or evaluating potential candidates, for which the third party search firm will be paid a fee.

Written requests for inclusion of any stockholder proposal, including with respect to any director candidates recommended by stockholders, should be addressed to Bonanza Creek Energy, Inc., 410 17th Street, Suite 1400, Denver, Colorado 80202, Attention: Secretary. The Company suggests that any such proposal be sent by certified mail, return receipt requested.

The Company will bear all costs of solicitation.

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as "householding," potentially means extra convenience for security holders and cost savings for companies. This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you would prefer to receive a separate copy of the proxy materials or if you are receiving multiple copies and would like to receive a single copy, please notify your broker or direct your request to us as follows: 410 17th Street, Suite 1400, Denver, Colorado, 80202, Attention: Investor Relations, 720.440.6100.
