QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE MEETING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you are a stockholder of record as at the close of business on January 6, 2014 (the Record Date), and are entitled to vote at this Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Meeting to vote your shares.

When you sign the proxy card you appoint Steve Vestergaard, Chief Executive Officer, President and a Director of the Company, and Fred Vandenberg, Chief Financial Officer, Corporate Secretary and Treasurer, as your representatives at the Meeting. As your representatives, they will vote your shares at the Meeting (or any adjournments or postponements) as you have instructed them on your proxy card. With proxy voting, your shares will be voted whether or not you attend the Meeting. Even if you plan to attend the Meeting, it is a good idea to complete, sign and return your proxy card in advance of the Meeting, just in case your plans change.

If an issue comes up for vote at the Meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representatives will vote your shares, under your proxy, at their discretion, subject to any limitations imposed by law.

Who is soliciting my vote?

The Board of Directors of the Company is soliciting your proxy to vote at the Meeting.

Who pays for this proxy solicitation?

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, depositories, fiduciaries and custodians holding shares in their names that are beneficially owned by others to forward to these beneficial owners. The Company may reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to the beneficial owners of the shares at the Company's discretion. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by the Company's directors, officers or other regular employees. No additional compensation will be paid to directors, officers or other regular employees for such services.

Who is entitled to attend and vote at the Meeting?

Only stockholders of the Company of record at the close of business on January 6, 2014 (the Record Date), will be entitled to vote at the Meeting. Stockholders entitled to vote may do so by voting those shares at the Meeting or by proxy.

What matters am I voting on?

You are being asked to vote on the following matters:

1. To elect four members of the Company's Board of Directors to hold office until the next annual meeting of stockholders or until their respective successors have been elected or qualified.
2. To ratify the appointment of BDO Canada LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2014.
3. To hold an advisory vote on the named executive officer compensation.
4. To hold an advisory vote on the frequency of future advisory votes on the named executive officer compensation.
5. To approve a reverse stock split of the issued and outstanding shares of the Company of up to a 1 for 5 basis. The purpose of the reverse stock split is to meet the minimum listing requirements of the NASDAQ Capital Markets.

The Company will also consider any other business that properly comes before the Meeting.

How do I vote?

You have several voting options. You may vote:

- by signing your proxy card and mailing it to the Company's transfer agent at the address on the proxy card;
- by signing and e-mailing your proxy card to the Company's transfer agent for proxy voting at the e-mail address provided on the proxy card;
- through the internet by following the instructions set out in the proxy card; and
- by attending the Meeting and voting in person.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in a street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the Meeting. However, since you are not the stockholder of

record, you may not vote your shares in person at the Meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

What if I share an address with another person and we received only one copy of the proxy materials?

The Company will only deliver one Proxy Statement to multiple stockholders sharing an address unless it has received contrary instructions from one or more of the stockholders. The Company will promptly deliver a separate copy of this Proxy Statement to a stockholder at a shared address to which a single copy of the document was delivered upon oral or written request to:

Destiny Media Technologies Inc.
Attention: Fred Vandenberg, Corporate Secretary
Suite 750, 650 West Georgia Street
Vancouver, British Columbia, Canada V6B 4N7

Stockholders may also address future requests for separate delivery of Proxy Statements and/or annual reports by contacting us at the address listed above.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Meeting. You may do this by:

- (a) executing and delivering a written notice of revocation of proxy to the office of the Company at any time before the taking of the vote at the Meeting;
- (b) executing and delivering a later-dated proxy relating to the same shares to the office of the Company at any time before taking of the vote at the Meeting; or
- (c) attending the Meeting in person and:
 - (i) giving affirmative notice at the Meeting of your intent to revoke their proxy; and
 - (ii) voting in person.

Any written revocation of proxy or subsequent later-dated proxy should be delivered to the office of the Company as follows: Destiny Media Technologies Inc., Attention: Fred Vandenberg, Corporate Secretary, Suite 750, 650 West Georgia Street, Vancouver, British Columbia, Canada V6B 4N7. Attendance at the Meeting will not, by itself, revoke a stockholder's proxy without the giving of notice of intent to revoke that proxy.

What constitutes a quorum?

In order to hold a valid meeting of the Company's stockholders, a quorum is equal to one-third of the shares of the Common Stock outstanding and must be represented at the meeting. These shares may be represented in person or represented by proxy.

Stockholders who abstain from voting on any or all proposals, but who are present at the Meeting or represented at the Meeting by a properly executed proxy will have their shares counted as present for the purpose of determining the presence of a quorum. Broker non-votes will also be counted as present at the Meeting for the purpose of determining the presence of a quorum. However, abstentions and broker non-votes will not be counted either in favor or against any of the proposals brought before the Meeting. A broker non-vote occurs when shares held by a broker for the account of a beneficial owner are not voted for or against a particular proposal because the broker has not received voting instructions from that beneficial owner and the broker does not have discretionary authority to vote those shares.

In the event that a quorum is not present at the Meeting, or in the event that a quorum is present but sufficient votes to approve the proposal are not received, the persons named as proxies on the enclosed proxy card may propose one or more adjournments of the Meeting to permit further solicitation of proxies. The persons named as proxies will vote upon such adjournment after consideration of all circumstances that may bear upon a decision to adjourn the Meeting. Any business that might have been transacted at the Meeting originally called may be transacted at any such adjourned session(s) at which a quorum is present. The Company will pay the costs of preparing and distributing to stockholders additional proxy materials, if required in connection with any adjournment. Any adjournment will require the affirmative vote of a majority of those securities represented at the Meeting in person or by proxy.

How are abstentions and broker non-votes treated?

Stockholders may vote for or against the proposals or they may abstain from voting. Abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum at the Meeting, but will not be counted as either in favor or against the proposals.

What vote is required to approve each item?

In order for a proposal to be approved, the number of votes cast at the Meeting in favor of the proposal must be greater than the number of votes cast against the proposal. As of the Record Date, there were 52,099,327 shares of common stock outstanding and entitled to vote. The affirmative vote of the holders of a majority of the Company's common stock represented at the Meeting in person or by proxy is required to approve the following proposals:

1. To elect four members of the Company's Board of Directors to hold office until the next annual meeting of stockholders or until their respective successors have been elected or qualified.
2. To ratify the appointment of BDO Canada LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2014.
3. To hold an advisory vote on the named executive officer compensation.
4. To hold an advisory vote on the frequency of future advisory votes on the named executive officer compensation.
5. To approve a reverse stock split of the issued and outstanding shares of the Company of up to a 1 for 5 basis. The purpose of the reverse stock split is to meet the minimum listing requirements of the NASDAQ Capital Markets.

Therefore, the number of votes cast at the Meeting in favor of each of the above proposals must be greater than the number of votes cast against each respective proposal.

Stockholder votes on that are conducted on an advisory basis are not binding on the Company's Board of Directors. As such, no votes are required on to approve executive compensation or to determine the frequency of stockholder advisory votes on executive compensation.

Will my shares be voted if I do not sign and return my proxy card?

If your shares are held through a brokerage account, your brokerage firm, under certain circumstances, may vote your shares.

If your shares are registered in your name, and you do not sign and return your proxy card, your shares will not be voted at the Meeting.

What is a reverse stock split?

The reverse stock split will cause the number of all issued and outstanding shares of common stock to be reduced to a lesser number of common shares. Each issued and outstanding share of common stock shall be divided by the ratio number, up to five, as determined by the Board of Directors in its sole discretion.

Is a reverse stock split a good or bad thing?

Actually, the reverse stock split is neutral; it is neither good nor bad. The Company valuation remains the same; it is the capital structure that has changed. Many institutional investors and mutual funds have rules against purchasing a stock whose price is below some minimum and/or not listed on a nationally recognized stock exchange. The reverse stock split will assist in making the Company eligible for listing on the NASDAQ Capital Market. It is the intent of the Company to execute this reverse split in conjunction with a listing on NASDAQ Capital Market.

Why has the Board of Directors recommended a reverse stock split?

The Company is pursuing a listing on the NASDAQ Capital Market. In order to meet the NASDAQ Capital Market minimum price per share threshold, the Company needs to implement the reverse stock split.

Does the Company anticipate being listed on the NASDAQ Capital Market?

The Company's prospective listing on the NASDAQ Capital Market is predicated on shareholder approval of the proposed reverse stock split to be voted on by the stockholders at the Meeting. There is no assurance that the stockholders will approve the reverse stock split, in which event, the Company's ability to meeting the minimum listing requirements of NASDAQ Capital Market and ultimate listing on NASDAQ Capital Market is uncertain.

If the Stockholders approve the reverse stock split, is the listing on NASDAQ Capital Market assured?

Although the Company feels that it will meet the minimum requirements for listing on NASDAQ Capital Market, there is no assurance that the listing application will be accepted or become effective. One of the listing requirements is that the closing price of the Company's common stock reaches a specified minimum per share. There is no assurance that the Company's stock price will achieve the minimum amount and that the stock price will continue to meet the minimum requirement for continued listing.

Will I be entitled to appraisal rights under Colorado law?

Under Colorado Revised Statutes, the Company's stockholders are not entitled to appraisal rights in connection with proposals.

When are the stockholder proposals due for the 2014 Annual Meeting?

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for its 2015 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended, (the Exchange Act) is September 22, 2014; provided, however, that in the event the Company hold its 2015 annual meeting more than 30 days before or after the one year anniversary date of the 2014 Annual Meeting, the Company will disclose the new deadline by which proxies must be received under Item 5 of the Company's earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act.

Any stockholders who wish to submit a proposal are encouraged to seek independent counsel about SEC requirements. The Company will not consider any proposals that do not meet the SEC requirements for submitting a proposal. Notices of intention to present proposals for the Company's next annual meeting should be delivered to Destiny Media Technologies Inc., Suite 750, 650 West Georgia Street, Vancouver, British Columbia, Canada V6B 4N7, Attention: Fred Vandenberg, Corporate Secretary.

PROPOSAL NUMBER ONE ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of four directors: Steve Vestergaard, Edward Kolic, Lawrence Langs and Yoshitaro Kumagai. At the Meeting, stockholders will elect four directors to serve until the next annual meeting of stockholders and until their respective successors shall have been duly elected and qualified, or until their death, resignation or removal. Unless marked otherwise, proxies received will be voted FOR the election of the four nominees named below.

Directors are elected by a plurality of the votes present in person and represented by proxy and entitled to vote at a meeting at which a quorum is present. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees for director named above. Abstentions will be counted as present for purposes of determining the presence of a quorum. If a quorum is present, the nominees for director receiving the highest number of votes will be elected as directors. Abstentions will have no effect on the vote. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board of Directors may propose.

The Board of Directors intends to nominate the four persons identified as its nominees in this proxy statement. The names of each nominee and certain information about them are set forth below:

At the direction of the Board of Directors, this appointment is being presented to the stockholders for ratification or rejection at the Meeting. If the stockholders do not ratify the appointment of BDO, the Audit Committee may reconsider, but will not necessarily change, its selection of BDO to serve as the Company's independent registered public accounting firm.

A representative of BDO is not expected to be present at the Meeting.

Required Vote

The affirmative approval of the holders of record on the Record Date of a majority of the voting power of the outstanding shares of common stock present at the Meeting, either in person or by proxy, is required to approve Proposal Number Two.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF BDO CANADA LLP, CHARTERED ACCOUNTANTS, AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING AUGUST 31, 2014.

PROPOSAL NUMBER THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is asking that you **APPROVE** the compensation of the named executive officers as disclosed in this Proxy Statement.

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) provides that the Company s stockholders vote to approve, on an advisory (non-binding) basis, the compensation of the Company s named executive officers as disclosed in this Proxy Statement in accordance with the SEC s rules.

The Company s named executive officers are identified in the 2013 Summary Compensation Table, and the compensation of the named executive officers is described on page 18. The Company s executive compensation practices are designed to attract, retain and motivate executive talent, including its named executive officers, who are critical to the Company s success. The Company is committed to sound executive compensation and corporate governance principles, working to ensure that its practices protect and further the interests of stockholders.

The Board of Directors is therefore requesting your nonbinding vote on the following resolution:

Resolved, that the compensation of the Company s named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, the executive compensation tables and the narrative discussion, is approved.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE THE COMPENSATION OF THE COMPANY S NAMED EXECUTIVE OFFICERS.

Note: The Company is providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act (15 U.S.C. 78n-1). The stockholder vote will not be binding on the Company or the Board, and it will not be construed as overruling any decision by the Company or the Board or creating or implying any change to, or additional, fiduciary duties for the Company or the Board.

PROPOSAL NUMBER FOUR ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is requesting your nonbinding vote on whether an advisory vote of stockholders to approve the compensation of its named executive officers as disclosed in the Proxy Statement should take place every three years, every two years or every year. For the reasons explained below, the Company is recommending that this advisory vote take place every **THREE YEARS**.

The Company believes that as a smaller reporting company in the development stage, having an advisory vote on executive compensation every three years would comply with regulatory requirements and minimize the expenses associated with conducting advisory votes.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR A THREE-YEAR FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION.

Note: The Company is providing this advisory vote as required pursuant to Section 14A of the Securities Exchange Act (15 U.S.C. 78n-1). The stockholder vote will not be binding on the Company or the Board, and it will not be construed as overruling any decision by the Company or the Board or creating or implying any change to, or additional, fiduciary duties for the Company or the Board.

PROPOSAL NUMBER FIVE REVERSE STOCK SPLIT

On January 8, 2014, the Company announced a proposed reverse stock split (the Reverse Split) for the Company in connection with a proposed listing on the NASDAQ Capital Market. Stockholders are being asked to consider, and if deemed appropriate, to approve, the Reverse Split of the Company's issued and outstanding common shares of up to one (1) post-Reverse Split share for five (5) pre-Reverse Split shares (the Reverse Split Ratio). The purpose of the Reverse Split is to increase the per-share market price of the Company's common stock in order to obtain a listing on the NASDAQ Capital Market.

The Board of Directors, in its sole discretion, will have discretion to implement the Reverse Split, and, if implemented, to determine the Reverse Split Ratio, being up to one (1) post-Reverse Split share for five (5) pre-Reverse Split shares, of the Reverse Split. The Board of Directors believes that stockholder approval of a range of ratios (as opposed to approval of a specified ratio) provides the Board of Directors with maximum flexibility to achieve the purpose of the reverse stock split, being to meet the minimum price per share requirements of the NASDAQ Capital Market, and, therefore, is in the best interests of the Company and stockholders.

The reasons for the Reverse Split, and certain risks associated with the Reverse Split and related information, are described below.

Reasons for the Reverse Split

The Board of Directors believes that it is in the best interests of the Company to pursue a listing on the NASDAQ Capital Market. The sole purpose of the Reverse Split is to meet the minimum listing requirements of NASDAQ Capital Market. The benefits to listing on NASDAQ Capital Market include, among other things:

- Immediate access to a much larger national financial market;
- Immediate access to institutional and other large scale investors;
- The ability to market and publicize performance and other relevant information to a much larger audience; and
- The ability to provide our stockholders with access to a national stock exchange wherein their shares will be available to a much broader market.

The Reverse Split is subject to regulatory approval, including approval of the TSX Venture Exchange. As a condition to the approval of a reverse split of shares listed for trading on the TSX Venture Exchange, the TSX Venture Exchange requires, among other things, that a listed issuer continue to meet the TSX Venture Exchange's Tier Maintenance Requirements after the Reverse Split. In order for the Company to continue to meet the applicable Tier Maintenance Requirements, the Company must have at least 150 public stockholders (as defined under TSX Venture Exchange policies) holding a certain minimum number of shares of common stock, each free of resale restrictions (as defined under TSX Venture Exchange policies), after completion of the Reverse Split.

If the resolution is approved, the Reverse Split would be implemented, if at all, only upon a determination by the Board of Directors that it is in the best interests of the Company at that time. In connection with any determination to implement the Reverse Split, the Board of Directors will set the timing for the Reverse Split to become effective, which the Board of Directors currently anticipates will be as soon as practicable following the Meeting. No further action on the part of the stockholders would be required in order for the Board of Directors to implement the Reverse Split. If the Board of Directors does not implement the Reverse Split prior to the next annual meeting of the stockholders, the authority granted by the ordinary resolution to implement the Reverse Split on these terms would lapse and be of no further force or effect. The resolution also authorizes the Board of Directors to elect not to proceed with, and abandon, the Reverse Split at any time if it determines, in its sole discretion, to do so.

Holder of Certified Shares of Common Stock

No delivery of a certificate evidencing a post-Reverse Split share will be made to a stockholder until the stockholder has surrendered the issued certificates representing its pre-Reverse Split shares. Until surrendered, each certificate formerly representing pre-Reverse Split shares shall be deemed for all purposes to represent the number of post-Reverse Split shares to which the holder is entitled as a result of the Reverse Split. No shareholder will be required to pay a transfer or other fee to exchange his, her or its pre-Reverse Split share certificate.

Beneficial Holders of Common Stock (ie. stockholders who hold in street name)

Non-registered stockholders, holding their shares of common stock through a bank, broker or other nominee should note that such banks, brokers or other nominees may have various procedures for processing the Reverse Split. If a stockholder holds shares of common stock with such a bank, broker or other nominee and has any questions in this regard, the stockholder is encouraged to contact its nominee.

Certain Risks associated with the Reverse Split

The Company's total market capitalization immediately after the proposed Reverse Split may be lower than immediately before the proposed Reverse Split

There are numerous factors and contingencies that could affect the shares of common stock price prior to or following the Reverse Split, including the status of the Company's reported financial results in future periods, and general economic, geopolitical, stock market and industry conditions. Accordingly, the market price of the shares of common stock may not be sustainable at the direct arithmetic result of the Reverse Split, and may be lower. If the market price of the shares is lower than it was before the Reverse Split on an arithmetic equivalent basis, the Company's total market capitalization (the aggregate value of all shares at the then market price) after the Reverse Split may be lower than before the Reverse Split.

A decline in the market price of the shares after the Reverse Split may result in a greater percentage decline than would occur in the absence of the Reverse Split, and the liquidity of the shares could be adversely affected following the Reverse Split

If the Reverse Split is implemented and the market price of the shares declines, the percentage decline may be greater than would occur in the absence of the Reverse Split. The market price of the shares will, however, also be based on the Company's performance and other factors, which are unrelated to the number of shares of common stock outstanding. Furthermore, the liquidity of the shares could be adversely affected by the reduced number of shares of common stock that would be outstanding after the Reverse Split.

The Reverse Split may result in some stockholders owning odd lots of less than 100 shares of common stock on a post-split basis, which may be more difficult to sell, or require greater transaction costs per share to sell

The Reverse Split may result in some stockholders owning odd lots of less than 100 shares on a post-split basis. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell, than shares held in board lots of even multiples of 100 shares.

No Fractional Shares to be Issued

The Company does not expect to issue certificates representing fractional shares. Stockholders of record who would otherwise hold fractional shares because the number of shares of common stock they hold before the Reverse Split is not evenly divisible by the split ratio will be entitled to having their fractional post-split shares rounded up to a single share.

Effects of the Reverse Split on the Shares of Common Stock

If approved and implemented, the Reverse Split will occur simultaneously for all of the shares of common stock and the split ratio will be the same for all of such shares. Except for any variances attributable to fractional shares, the change in the number of issued and outstanding shares of common stock that will result from the Reverse Split will cause no change in the capital attributable to the shares of common stock and will not materially affect any stockholder's percentage ownership in the Company, even though such ownership will be represented by a smaller

number of shares.

In addition, the Reverse Split will not materially affect any stockholder's proportionate voting rights. Each share of common stock outstanding after the Reverse Split will be entitled to one vote and will be fully paid and non-assessable.

Upon the implementation of the Reverse Split, the number of shares of the Company's common stock available for issuance will increase significantly because the Reverse Split will not result in a reduction of the number of shares of authorized but unissued common stock. The following table shows the number of shares that would be (a) issued and outstanding, (b) authorized and reserved for issuance upon the exercise of outstanding stock options and warrants and (c) authorized but unreserved for issuance, upon the implementation of the Reverse Split at each ratio from one-for-two to one-for-five based on the Company's capitalization as of January 6, 2014.

	Shares Issued and Outstanding	Shares Authorized and Reserved for Issuance	Shares Authorized but Unissued	Total Authorized
As of January 6, 2014	52,099,327	1,850,000	47,900,673	100,000,000
If 1 for 2 Reverse Split Enacted	26,049,663	925,000	73,025,337	100,000,000
If 1 for 3 Reverse Split Enacted	17,366,442	616,666	82,016,892	100,000,000
If 1 for 4 Reverse Split Enacted	13,024,831	462,500	86,512,669	100,000,000
If 1 for 5 Reverse Split Enacted	10,419,865	370,000	89,210,135	100,000,000

Effects of the Reverse Split on Options and Convertible Securities

Based upon the Reverse Split Ratio determined by the Board of Directors, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of all outstanding options or other convertible securities entitling the holders to purchase, exchange for, or convert into, shares of common stock. This would result in approximately the same aggregate price being required to be paid under such options or other convertible securities upon exercise, and approximately the same value of shares of common stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Split as was the case immediately preceding the Reverse Split. The number of shares reserved for issuance pursuant to these securities will be reduced proportionately based upon the Reverse Split Ratio determined by the Board of Directors, as will the number of any shares remaining available for grant under the Company's stock option plans at the time of the Reverse Split.

Procedure for Implementing the Reverse Split

If the stockholders approve the Reverse Split, upon filing of documentation with the Financial Industry Regulatory Authority (FINRA) and the Company's transfer agent, the Reverse Split will become effective. After the Reverse Split becomes effective, the shares of the Company's common stock will have a new Committee on Uniform Securities Identification Procedures (CUSIP) number, which is a number used to identify the Company's equity securities.

Dissent Rights

Under Colorado Revised Statutes, the Company's stockholders are not entitled to dissent rights in connection with the Reverse Split.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE REVERSE STOCK SPLIT.

CORPORATE GOVERNANCE

Director Independence

The Company is listed on the TSX Venture Exchange, which requires the Company to have a minimum of two independent directors. Under the TSX Venture Exchange policy and Canadian National Instrument 52-110 *Audit Committees* (NI 52-110), which the Company is subject, an independent director is a director who has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board of Directors, reasonably interfere with the exercise of a director's independent judgment. Lawrence J. Langs and Edward Kolic are independent directors of the Company, as aside from shares held by them, they have no ongoing interest or relationship with the Company other than serving as a director. Steven E. Vestergaard is not an independent director because of his position as the Company's President and Chief Executive Officer, and Yoshitaro Kumagai is not an independent director as he provides consulting services to the Company.

Meetings and Committees of the Board of Directors

During the fiscal year ended August 31, 2013, the Company's Board of Directors held one meeting and various matters were approved by consent resolution of the entire board and its audit committee had one meeting. All directors are expected to attend the Meeting and their attendance is recorded in the minutes.

Audit Committee

Composition

The Company's audit committee consists of Edward Kolic, Lawrence J. Langs and Yoshitaro Kumagai, two of which are independent. Management believes that the audit committee members are collectively capable of analyzing and evaluating the financial statements and understanding internal controls and procedures for financial reporting.

The Board of Directors has determined that it does not have an audit committee member that qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K. In addition, management believes that retaining an independent director who would qualify as an audit committee financial expert would be overly costly and burdensome and is not warranted in the Company's circumstances.

Audit Committee Oversight

At no time since the commencement of the Company's most recent completed financial year has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board of Directors.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110.

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described above under the heading *Proposal Number Two Ratification of Selection of Independent Registered Public Accounting Firm Policy on Pre-Approval by Audit Committee of Services Performed by Independent Auditors* .

Exemption

The Audit Committee has relied on an exemption under Part 6.1 of NI 52-110.

Compensation Committee

The Company does not have a compensation committee.

The Board of Directors conducts reviews with regard to the compensation of the directors and the Chief Executive Officer once a year. To make its recommendations on such compensation, the Board of Directors takes into account the types of compensation and the amounts paid to officers of comparable publicly traded companies

Director Nomination

Nomination Committee

The Board of Directors has not formed a nominating committee or similar committee to assist the Board of Directors with the nomination of directors for the Company. The Board of Directors considers itself too small to warrant creation of such a committee; and each of the directors has contacts he can draw upon to identify new members of the Board of Directors as needed from time to time.

The Board of Directors will continually assess its size, structure and composition, taking into consideration its current strengths, skills and experience, proposed retirements and the requirements and strategic direction of the Company. As required, directors will recommend suitable candidates for consideration as members of the Board of Directors.

Stockholder Nomination of Directors

Stockholders who wish to submit nominees for consideration by the board for election as a director of the Company may do so by submitting in writing such nominees' names, in compliance with the procedures as described below, to the Company's Corporate Secretary. A stockholder's nomination must contain:

- A statement that the writer is a stockholder and is proposing a candidate for consideration by the board of directors;
- The name of and contact information for the candidate;
- A statement of the candidate's business and educational experience;
- Information regarding each of the factors listed above, sufficient to enable the board of directors to evaluate the candidate;
- A statement detailing any relationship or understanding between the proposing stockholder and the candidate;
- A statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected; and
- A statement of the number of shares of the Company's common stock that the nominating stockholder holds of record or in which stockholder has a beneficial interest and the number of such shares that have been held for more than one year.

Directorships

None of the Company's directors are currently directors/officers of other reporting issuers.

Orientation and Continuing Education

The Board of Directors provides an overview of the Company's business activities, systems and business plan to all new directors. New director candidates have free access to any of the Company's records, employees or senior management in order to conduct their own due diligence and will be briefed on the strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing policies of the Company. The directors are encouraged to update their skills and knowledge by taking courses and attending professional seminars.

Ethical Business Conduct

The Board of Directors believes good corporate governance is an integral component to the success of the Company and to meet responsibilities to stockholders. Generally, the Board of Directors has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board of Directors in which the director has an interest have been sufficient to ensure that the Board of Directors operates independently of management and in the best interests of the Company.

The Board of Directors is also responsible for applying governance principles and practices, and tracking development in corporate governance, and adapting best practices to suit the needs of the Company. Certain of the directors of the Company may also be directors and officers of other companies, and conflicts of interest may arise between their duties. Such conflicts must be disclosed in accordance with, and are subject to such other procedures and remedies as applicable under the Colorado Business Corporations Act.

Assessments

The Board of Directors has not implemented a process for assessing its effectiveness. As a result of the Company's small size and the Company's stage of development, the Board of Directors considers a formal assessment process to be inappropriate at this time. The Board of Directors plans to continue evaluating its own effectiveness on an ad hoc basis.

The Board of Directors does not formally assess the performance or contribution of individual Board members or committee members.

Stockholder Communication with the Board of Directors

Stockholders desiring to communicate with the Board of Directors on matters other than director nominations should submit their communication in writing to Fred Vandenberg, Treasurer & Corporate Secretary, Destiny Media Technologies Inc., Suite 750, 650 West Georgia Street, Vancouver BC V6B 4N7 and identify themselves as a stockholder. The Corporate Secretary will forward all such communication to the Chairperson of the Board for a determination as to how to proceed.

OTHER EXECUTIVE OFFICERS

In addition to Steve Vestergaard, the following person is an executive officer of the Company:

Fred Vandenberg. Mr. Vandenberg has been the Company's Chief Financial Officer, Treasury and Corporate Secretary since July 2007. Mr. Vandenberg's core responsibilities include leading the accounting, treasury, strategic planning, financial controls and financial reporting functions of the Company. Mr. Vandenberg has over 17 years of public accounting experience in tax advisory services, mergers and acquisitions, and financial reporting. Mr. Vandenberg completed the Canadian Institute of Chartered Accountant's "In-depth" taxation program while with Ernst

& Young in 1998. Mr. Vandenberg obtained a Bachelor of Commerce from McMaster University in 1991 and a Master of Business Administration (Finance) from McMaster University in 1993. In 1996, Mr. Vandenberg was designated as a Chartered Accountant in Ontario.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who beneficially own more than ten percent of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Lawrence J. Langs, a director of the Company, filed a Form 4 late during the fiscal year ended August 31, 2013. Mr. Langs and Yoshitaro Kumagai, a director of the Company, have not filed Form 3's. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based on the Company's review of the copies of such forms received by it, the Company believes that during the fiscal year ended August 31, 2013 all such filing requirements were complied with other than as set forth above.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

- (1) Under Rule 13d-3 of the Exchange Act, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be

deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of such shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on January 6, 2014. As of January 6, 2014, there were 52,099,327 shares of our common stock issued and outstanding.
