**Entry into a Material Definitive Agreement**

On July 20, 2007, Schnitzer Steel Industries, Inc. (the “Company”) executed an amendment (the “Amendment”) to its existing committed Amended and Restated Credit Agreement with Bank of America, as agent, and the lenders party thereto. Pursuant to the Amendment the credit available under the facility was increased from \$400 million to \$450 million; the maturity date of the facility was extended to July 3, 2012; the LIBOR pricing grid was reduced by 0.125% at lower levels of leverage and by 0.25% at higher levels of leverage; the annual commitment fee was reduced by 0.05% at all levels of permissible leverage; the covenant related to the maximum permissible leverage was modified to increase the permissible maximum leverage during the term of the facility; and the restrictions on repurchases of the Company’s common stock were eliminated, contingent on the Company meeting certain minimum requirements related to the ratio of outstanding indebtedness to earnings before interest, taxes, depreciation and amortization (EBITDA). The foregoing description of the Amendment is hereby qualified in its entirety by reference to the full text of the Amendment, which is filed as Exhibit 4.1 hereto and is incorporated herein by reference.
