On February 9, 2011, the Company entered into a second amended and restated unsecured committed bank credit agreement with Bank of America, N.A., as administrative agent, and the other lenders party thereto. The restated agreement provides for five-year, US\$620 million and Canadian\$30 million revolving loans maturing in February 2016. The agreement prior to restatement provided for a US\$450 million revolving loan maturing in July 2012. On February 9, 2011, outstanding borrowings under the revolving loan totaled US\$350 million. Interest on outstanding indebtedness under the restated agreement is based, at the Company's option, on either LIBOR or CDOR plus a spread of between 1.75% and 2.75%, with the amount of the spread based on a pricing grid tied to the Company's leverage ratio, or the greater of the prime rate, the federal funds rate plus 0.50% or the British Bankers Association LIBOR Rate plus 1.75%. In addition, commitment fees are payable on the unused portion of the credit facility at rates between 0.25% and 0.45% based on a pricing grid tied to the Company's leverage ratio. The restated agreement contains various representations and warranties, events of default and financial and other covenants, including covenants requiring maintenance of a minimum fixed charge coverage ratio and a maximum leverage ratio. A copy of the restated agreement is attached hereto as Exhibit 4.1 and incorporated herein by this reference.
