**Item 7. Exhibits.**

The exhibit listed on the Exhibit Index (following this Report's signature page) is furnished with this Report.

**Item 9. Regulation FD Disclosure**

In accordance with SEC Release No. 33-8216, the following information, which is intended to be furnished under Item 12. Results of Operations and Financial Condition, is instead being furnished under Item 9. Regulation FD Disclosure. The information (including the exhibit incorporated into this Item 9 by reference) shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as may be expressly set forth by specific reference in such a filing.

On May 13, 2003, Vicuron Pharmaceuticals Inc. issued a press release which reported its first quarter 2003 financial results. A copy of the press release is attached hereto as an exhibit and is incorporated by reference herein in its entirety.

Vicuron's press release contains pro forma net loss and pro forma net loss per share measures, which are not in accordance with, or are an alternative to, GAAP (Generally Accepted Accounting Principles) financial measures and may be different from pro forma net loss measures presented by other companies. Vicuron's pro forma net loss has been adjusted to exclude the effect of a write off of In Process Research and Development, or IP R&D, arising in connection with Vicuron's merger with Biosearch Italia S.p.A., which was completed in the three months ended March 31, 2003. No other write-off of IP R&D has occurred for Vicuron within the past two years, nor does Vicuron's management expect a similar write-off to recur in the next two years. Vicuron's management believes that the presentation of this pro forma measure is useful to investors and other interested persons because, by excluding the extraordinary merger-related charge, this measure provides users of the financial statements with greater insight into the factors contributing to Vicuron's operating results.

The following table reconciles this non-GAAP measure to Vicuron's GAAP net loss:

**RECONCILIATION OF PRO FORMA NET LOSS TO GAAP NET LOSS**

(in thousands, except per share data)

		<b>Three Months Ended March 31, 2003</b>	
		<b>(unaudited)</b>	
Pro Forma Net Loss		\$	(12,700)
Write off of In-Process R&D			(94,500)
GAAP Net Loss		\$	(107,200)
Pro Forma Net Loss Per Share		\$	(0.37)
Write off of In-Process R&D Per Share			(2.78)
GAAP Net Loss Per Share		\$	(3.15)
