Overview

On September 29, 2005, the Compensation and Human Resources Committee (the Committee) of the Board of Directors of Best Buy Co., Inc., approved the fiscal 2006 Long-Term Incentive Program (the LTIP) and related incentive targets. Under the LTIP, annual awards are generally made to the registrant's executive officers and other eligible employees in the third quarter of each fiscal year. The objectives of the LTIP are to encourage a focus on long-term performance and link compensation to increasing shareholder value. All awards granted pursuant to the LTIP will be made under the registrant's 2004 Omnibus Stock and Incentive Plan.

In order to promote strong employee engagement and motivation, and attract and retain superior management talent, the fiscal 2006 LTIP, as approved by the Committee, allows eligible employees to select awards based on personal preference.

The registrant does not expect the fiscal 2006 LTIP to have a materially different economic impact than that of the fiscal 2005 LTIP.

Fiscal 2006 LTIP Structure

An initial award of Stock Options, as determined by the Committee, will be made to eligible employees based on talent assessment. The value of the award may be converted at the employee's discretion into other long-term incentive mix alternatives as described below:

Employee Alternative	Incentive Mix	
Alternative 1	100% of value remains Stock Options	
Alternative 2	50% of value remains Stock Options	50% of value converted to Performance Shares
Alternative 3	50% of value remains Stock Options	50% of value converted to Restricted Stock
Alternative 4	50% of value converted to Restricted Stock	50% of value converted to Performance Units

Note: Each employee alternative is based on the expected economic value and underlying risk associated with each type of incentive award.

Description of Awards

Stock Options

Stock Options are non-qualified stock option awards granted pursuant to the LTIP. The stock options have a term of ten years and become exercisable over a four-year period at the rate of 25% per year, beginning one year from the date of grant. The option exercise price is equal to

the closing price of the registrant's common stock, as quoted on the New York Stock Exchange, on the grant date.

Performance Shares

Performance Shares are a type of performance-based restricted stock award granted pursuant to the LTIP. These awards will be earned if the registrant's common stock achieves a certain total shareholder return (TSR) as compared to the TSR of companies that comprise the Standard & Poor's 500 Index (the Broad Market Index) during a three-year incentive period starting February 26, 2006, and ending February 28, 2009, at which time the earned restricted stock will vest. TSR is the compound annual growth rate that shareholders receive on their investment, including both paid dividends and stock price appreciation. The following is a summary of restricted stock awards that may be earned based on varying levels of the registrant's TSR in relation to the TSR of the Broad Market Index:

The Registrant's TSR Versus TSR of Broad Market Index Over 3-Year Incentive Period	% of Performance Share Award that will be Earned
TSR of 75 th Percentile and Above	150%
TSR of 50 th Percentile and Above, but less than 75 th Percentile	100%-149%
TSR of 40 th Percentile and Above, but less than 50 th Percentile	50%-99%
TSR of 25 th Percentile and Above, but less than 40 th Percentile	0%-49%
TSR Below the 25 th Percentile	0%

Restricted Stock

Restricted Stock is another type of performance-based restricted stock award granted pursuant to the LTIP. These awards will be earned after an incentive period ending March 3, 2007, if the registrant's fiscal 2007 Economic Value Added (EVA) achieves a certain level compared with the fiscal 2007 EVA target as determined by the Committee. EVA measures the amount by which the registrant's after-tax profits, after certain adjustments, exceed the registrant's cost of capital. After the number of shares of restricted stock is determined and credited to the eligible employee in 2007, such shares will vest on February 28, 2009, provided the employee

has been continuously employed with the registrant through such date. The following is a summary of restricted stock awards that may be earned based on varying levels of the registrant's fiscal 2007 EVA as a percentage of the fiscal 2007 EVA target:

Fiscal 2007 EVA as a Percentage of Fiscal 2007 EVA Target	% of Restricted Stock Award that will be Earned
111% and Above	125%
At least 91% but less than 111%	100%
At least 75% but less than 91%	75%
Below 75%	0%

Performance Units

Performance Units, also granted pursuant to the LTIP, are denominated in U.S. dollars and paid in cash upon vesting. These awards will be earned after an incentive period ending March 3, 2007, if the registrant's fiscal 2007 EVA achieves a certain level compared with the fiscal 2007 EVA target as determined by the Committee. After the number of Performance Units is determined and credited to the eligible employee in 2007, such Performance Units will vest on February 28, 2009, provided the employee has been continuously employed with the registrant through such date. The following is a summary of Performance Unit awards that may be earned based on varying levels of the registrant's fiscal 2007 EVA as a percentage of the fiscal 2007 EVA target:

Fiscal 2007 EVA as a Percentage of Fiscal 2007 EVA Target	\$ Value of Performance Unit Award that will be Earned
111% and Above	\$ 1.25
At least 91% but less than 111%	\$ 1.00
At least 75% but less than 91%	\$ 0.75
Below 75%	\$ 0.00
