Only holders of record of shares of Metro One common stock at the close of business on the record date will be entitled to notice of and to vote at the meeting or any adjournments or postponements of the meeting. On the record date, there were _____ shares of common stock outstanding. The presence, in person or by proxy, of a majority of the total number of outstanding shares of common stock entitled to vote at the meeting is necessary to constitute a quorum for the transaction of business at the meeting.

Voting and Proxy Instructions

Each shareholder of record at the close of business on the record date is entitled to one vote for each share of common stock registered in the shareholder's name. You may vote your shares (1) over the telephone by calling a toll-free number, (2) by using the Internet, or (3) by mailing in your proxy card. If you would like to vote by telephone or by using the Internet, please refer to the specific instructions on the proxy card. The deadline for voting by telephone or via the Internet is 11:59 p.m. Eastern Time on Tuesday, June 20, 2006. reverse stock split of our common stock at one of five ratios (Proposal II) and FOR the approval of our 2006 Stock Incentive Plan (Proposal III).

Revocation of Proxies

Your presence at the meeting will not automatically revoke your proxy. You may, however, revoke your proxy at any time prior to its exercise by (1) submitting a written notice of revocation to Secretary, Metro One Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, Oregon 97007, (2) submitting another proxy by telephone, via the Internet, or by mail that is later dated and, if by mail, that is properly signed, or (3) attending the meeting and voting in person. All valid, unrevoked proxies will be voted at the meeting.

**Election of Directors
(Proposal I)**

Nominees and Directors

Under our articles of incorporation, our directors are divided into three classes, Class I, Class II and Class III. Each year, a different class of directors is automatically up for election at the annual meeting for a three-year term. This year our Class II directors are up for election. The two Class II directors are to be elected at this annual meeting to hold office until the 2009 annual meeting and until their successors are elected and qualified.

The Board of Directors is expected to elect two directors to fill the Class I vacancies in April 2006 and, in any event, before the filing of our definitive proxy for this Annual Meeting. In accordance with our bylaws, these directors will be up for election by the shareholders at this Annual Meeting and, if elected by the shareholders, will hold office until the 2008 annual meeting of shareholders and until their successors are elected and qualified.

It is not anticipated that the nominees will decline or be unable to serve as directors. If, however, that should occur, the proxy holders will vote the proxies in their discretion for any nominee designated to fill the vacancy by the present Board of Directors.

The following table sets forth the names of the current members of the Board of Directors. The table also includes each director's age, class, the periods during which each has served as a director and the positions currently held by him or her.

Board Recommendation; Vote Required

*The Board of Directors recommends a vote **FOR** the election of each of its nominees for directors.* If a quorum is present, a plurality of the votes cast by the shares entitled to vote is required for the election of a director. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists but will have no effect on the determination of whether a plurality exists with respect to a given nominee.

Approval of an Amendment to our Articles of Incorporation to Effect One of the Reverse Stock Splits Described Below (Proposal II)

General

In April 2006, our Board of Directors unanimously adopted resolutions approving amendments to our Third Restated Articles of Incorporation (our Articles of Incorporation) to effect a reverse stock split of Metro One s authorized and issued and outstanding common stock at ratios of one-for-three, one-for-four, one-for-five, one-for-six or one-for-seven. Any such reverse stock split would be implemented if and as determined by the Board, any time before December 31, 2006. Pursuant to a reverse stock split, each holder of three shares, four shares, five shares, six shares or seven shares, as the case may be, of our common stock, immediately prior to the effectiveness of the reverse stock split, would become the holder of one share of our

common stock. The Board of Directors also adopted resolutions recommending the amendment and directing it to be submitted to the shareholders for approval.

If our shareholders approve the reverse stock split, no further action by the shareholders will be required either to implement or abandon the reverse stock split. The reverse stock split would become effective when and if the Articles of Amendment to our Articles of Incorporation in the form attached hereto as Annex A is filed with the Secretary of State of the State of Oregon. The Board may elect to file the Articles of Amendment any time before December 31, 2006. We will notify our shareholders of the effectiveness of the reverse split by issuing a press release. The Board reserves the right, even if we receive shareholder approval at the Annual Meeting, to elect not to file the Articles of Amendment, if the Board determines in its sole discretion that implementing a reserve stock split is not in the best interests of Metro One and its shareholders.

The reverse stock split, if implemented, would not change the number of authorized shares of common stock or preferred stock, 50,000,000 and 10,000,000 respectively. Our common stock and preferred stock have no par value and thus the par value would not change as a result of the reverse stock split. Except for any changes as a result of the treatment of fractional shares, each shareholder will hold the same percentage of common stock outstanding immediately after the reverse stock split as such shareholder did immediately before the split.

Purpose

As of April 19, 2006, we had 24,993,490 shares of common stock outstanding and the last reported sale price on the Nasdaq Capital Market was \$0.58.

Our common stock listing was transferred from the Nasdaq National Market to the Nasdaq Capital Market (formerly the Nasdaq SmallCap Market) on February 22, 2006. We elected to seek a transfer to the Nasdaq Capital Market because we had been unable to regain compliance with the \$1.00 minimum bid price requirement for continued listing on the Nasdaq National Market. By transferring to the Nasdaq Capital Market, we were afforded an extended grace period and now have until July 17, 2006 in which to satisfy the \$1.00 minimum bid price requirement. To regain compliance, the closing bid price of our common stock has to remain at \$1.00 per share or more for a minimum of ten consecutive trading days. If we are unable to regain compliance by July 17, 2006, our common stock would likely be delisted from the Nasdaq Capital Market.

If our common stock were to be delisted from the Nasdaq Capital Market, we may seek listing on a regional stock exchange, if available. Such listing could reduce the market liquidity for our common stock. If our common stock is not eligible for quotation on another market or exchange, trading of our common stock could be conducted in the over-the-counter market on an electronic bulletin board established for unlisted securities such as the Pink Sheets or the OTC Bulletin Board. As a result, an investor would find it more difficult to dispose of, or obtain accurate quotations for the price of, our common stock.

We are seeking shareholder approval of a reverse stock split to increase the per share market price of our common stock. Our Board of Directors believes that a reverse stock split will assist in our efforts to comply with the \$1.00 minimum bid price requirements of, and to remain listed on, the Nasdaq

Capital Market. The Board believes that trading on the Nasdaq Capital Market provides a broader market for our common stock and facilitates the use of our common stock for strategic or financing transactions.

Our Board of Directors also believes that a higher stock price may help generate greater investor interest in Metro One and help us attract and retain employees. Our Board of Directors also believes that some institutional investors and investment funds are reluctant to invest in lower priced stocks. In addition, our Board of Directors considered that our common stock may not appeal to brokerage firms that are reluctant to recommend lower priced securities to their clients. Certain investors may also be dissuaded from purchasing lower priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide research coverage of lower priced stocks.

Certain Risks Associated with the Reverse Stock Split

The following table illustrates the effects on the number of shares that would be (i) outstanding, (ii) reserved for issuance and (iii) authorized but unreserved and unissued if the reverse stock splits are effected, and possible market prices of our common stock, assuming that the market price will change precisely in accordance with the multiple of the ratio of the particular amendment to be effected (the table has been prepared for illustrative purposes and is based on a market price of \$0.58 per share the closing price on April 19, 2006).

Reverse Stock Split Ratio	Shares Outstanding as of April 19, 2006	Approximate Number of Shares Outstanding After Reverse Stock Split	Approximate Number of Shares Reserved for Issuance After Reverse Stock Split	Approximate Number of Shares Authorized but Unreserved and Unissued After Reverse Stock Split	Product of Reverse Split and Market Price as of April 19, 2006
None	24,933,490	24,933,490	3,780,846	21,285,664	\$ 0.58
One-for-three	24,933,490	8,311,163	1,260,282	40,428,555	1.74
One-for-four	24,933,490	6,233,373	945,212	42,821,416	2.32
One-for-five	24,933,490	4,986,698	756,169	44,257,133	2.90
One-for-six	24,933,490	4,155,582	630,141	45,214,277	3.48
One-for-seven	24,933,490	3,561,927	540,121	45,897,952	4.06

We cannot predict whether any proposed reverse stock split would achieve the desired results. The price per share of our common stock is also a function of our financial performance and other factors, some of which may be unrelated to the number of shares outstanding. Accordingly, there can be no assurance that the closing bid price of our common stock after any reverse stock split would increase in an amount proportionate to the decrease in the number of issued and outstanding shares, or would increase at all, or that any increase can be sustained for a prolonged period of time. Even if a reverse stock split has the desired effect, there can be no assurance that we would be able to maintain compliance with all of the continued listing requirements of the Nasdaq Capital Market.

Although our Board of Directors believes that a reverse stock split would not have a detrimental effect on the total value of our common stock, there can be no assurance that the total value of our common stock after a reverse stock split would be the same as before a split. Furthermore, in the future, the market price of our common stock following any proposed reverse stock split may not exceed or remain higher than the market price prior to the proposed reverse stock split.

Effects of a Reverse Stock Split

With the exception of the number of issued and outstanding shares, the rights and preferences of the shares of common stock prior and subsequent to a reverse split would remain the same. A reverse stock split may result in some shareholders owning odd-lots of less than one hundred shares of common stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in round-lots of even multiples of 100 shares. Outstanding options to purchase common stock would be adjusted so that the number of shares of common stock issuable upon their exercise would be divided by three, four, five, six or seven, as the case may be (and corresponding adjustments would be made to the number of shares vested under each outstanding option), and the exercise price of each option would be multiplied by three, four, five, six, or seven, as the case may be.

Board Discretion to Implement the Reverse Stock Split

If the reverse stock split is approved by the shareholders, it will be effected, if at all, only upon a determination by the Board that a reverse stock split (at a ratio determined by the Board as described above) is in the best interests of Metro One and its shareholders. The Board's determination as to whether the reverse stock split will be effected and, if so, at what ratio, will be based upon certain factors, including existing and expected marketability and liquidity of our common stock, prevailing market conditions and the likely effect on the market price of our common stock. If the Board determines to effect the reverse stock split, the Board will consider various factors in selecting the ratio including the overall market conditions at the time and the recent trading history of the common stock.

Fractional Shares

We will not issue any fractional shares in connection with a reverse stock split. Instead of any fractional shares to which a holder of common stock would otherwise be entitled as a result of the reverse stock split, we will pay cash equal to such fractional share multiplied by the closing price of the common stock on the Nasdaq Capital Market (as adjusted to reflect the reverse stock split), on the trading date that is immediately prior to the date the Articles of Amendment is filed with the Oregon Secretary of State.

As a result, holders of as many as six shares of common stock would be eliminated in the event the outer range of the reverse stock split ratio (i.e., one-for-seven) is adopted. The shareholders who will be eliminated will vary depending on the reverse split ratio. For example, if the reverse split ratio is set at the upper-end of the range (i.e., one-for-seven), more shareholders will be eliminated than if the reverse split ratio is set at the lower end (i.e., one-for-three). Based on information available to us as of April 20, 2006, Metro One will have

approximately 144 record holders if the maximum split ratio is selected, and approximately seven record holders will be eliminated as a result of the selection of this ratio. However, these numbers do not reflect shares held by brokers in street name.

Authorized Shares

As illustrated in the table above under the paragraph heading *Certain Risks Associated With the Reverse Stock Split*, the reverse split will not reduce the number of authorized shares of our common stock. The reverse stock split, if implemented, would have the effect of increasing the number of unissued shares available for issuance, and we may issue such shares in connection with the exercise of employee stock options, acquisitions, strategic transactions, financings or otherwise. If Metro One issues additional shares, the ownership interest of holders of our common stock may be diluted.

Effect on Beneficial Holders of Common Stock (i.e. shareholders who hold in street name)

Upon the reverse stock split, we intend to treat shares held by shareholders in street name, through a bank, broker or other nominee, in the same manner as shareholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding our common stock in street name. However, these banks, brokers or other nominees may have different procedures for processing the reverse stock split and making payment for fractional shares. Shareholders holding shares of our common stock with a bank, broker or other nominee are encouraged to contact their bank, broker or other nominee with any questions in this regard.

Effect on Holders of Certificated Shares

Shareholders holding shares of our common stock in certificate form will be sent a transmittal letter by our transfer agent as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will contain instructions on how a shareholder should surrender his or her certificate(s) representing shares of our common stock (Old Certificates) to the transfer agent in exchange for certificates representing the appropriate number of whole shares of post-reverse stock split Common stock (New Certificates). No New Certificates will be issued to a shareholder until such shareholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No shareholder will be required to pay a transfer or other fee to exchange Old Certificates.

Shareholders will then receive a New Certificate(s) representing the number of whole shares of Common stock to which they are entitled as a result of the reverse stock split. Until surrendered, we will deem outstanding Old Certificates held by shareholders to be canceled and to represent only the number of whole shares of post-reverse stock split common stock to which these shareholders are entitled. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), the New Certificate will be issued with the same restrictive legends.

If a shareholder is entitled to a payment in lieu of any fractional share interest, such payment will be made as described above under the heading *Fractional Shares* .

SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Matters

The common stock has no par value and this would remain the same after a reverse stock split becomes effective. Shareholders' equity would also remain unchanged. The per share results of operations will be retroactively restated to reflect any reverse stock split.

Potential Anti-Takeover Effect

Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our Board of Directors or contemplating a tender offer or other transaction for the combination of Metro One with another company), the reverse stock split proposal is not being proposed in response to any effort to accumulate our common stock or obtain control of Metro One.

Dissenters' Rights

Under the Oregon Business Corporation Act, shareholders are not entitled to dissenters' rights with respect to the proposed reverse stock split unless a shareholder as a result of the reverse stock split would hold less than one whole share (for which fractional share we will pay cash, as described above under the heading *Fractional Shares*), and we will not independently provide shareholders with any such rights. Based on information available to us as of April 20, 2006, seven record holders of our common stock will be entitled to dissenters' rights if the maximum ratio is selected. The text of the relevant dissenters' rights provisions of the Oregon Business Corporation Act are attached to this proxy statement as Annex B.

United States Federal Income Tax Consequences of the Reverse Stock Split

The following is a summary of certain material United States federal income tax consequences of the reverse stock split and does not purport to be a complete discussion of all of the possible federal income tax consequences. This summary does not address any state, local or foreign income or other tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules such as banks and other financial institutions, broker-dealers and traders in securities, insurance companies, real estate investment trusts, regulated investment companies, tax-exempt organizations, personal holding companies, partnerships and other pass-through entities, foreign entities, nonresident alien individuals, holders subject to the United States federal alternative minimum tax, holders who mark to market their investment in our shares, persons holding our shares as part of a straddle, hedge, conversion transaction, synthetic security or other integrated investment, holders whose functional currency is not the United States dollar, and holders who acquired our shares pursuant to the exercise of options or warrants or

otherwise as compensation for services.

The discussion is based on the provisions of the United States federal income tax law as of the date hereof, which are subject to change retroactively as well as prospectively. This summary also assumes that the pre-reverse stock split shares were, and the post-reverse stock split shares will be, held as a capital asset, as defined in the Internal Revenue Code of 1986, as amended (*i.e.*, generally, property held for investment). The tax treatment of a shareholder may vary depending upon the particular facts and circumstances of such shareholder.

Other than the cash payments for fractional shares discussed below, no gain or loss should be recognized by a shareholder upon such shareholder's exchange of pre-reverse stock split shares for post-reverse stock split shares pursuant to the reverse stock split.

In the reverse stock split (including any fraction of a post-reverse stock split share deemed to have been received), the tax basis will be the same as the shareholder's aggregate tax basis in the pre-reverse stock split shares exchanged. The shareholder's holding period for the post-reverse stock split shares will include the period during which the shareholder held the pre-reverse stock split shares surrendered in the reverse stock split. The receipt of cash instead of a fractional share of our common stock by a United States holder will result in a taxable gain or loss to such holder for federal income tax purposes based upon the difference between the amount of cash received by such holder and the adjusted tax basis in the fractional share interests as set forth above. The gain or loss will constitute a capital gain or loss and will constitute long-term capital gain or loss if the holder's holding period is greater than one year as of the effective date of the reverse stock split. The deductibility of capital losses is subject to limitation. For this purpose, a United States holder means a shareholder that is, for federal income tax purposes, a citizen or resident of the United States; a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States, any state of

the United States or the District of Columbia; an estate, the income of which is subject to federal income tax regardless of its source; or a trust, if a United States court is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust.

We will be required to withhold, and will withhold, 28% of any cash payment to a shareholder instead of a fractional share of our common stock unless (i) an exemption applies under applicable law and regulations, or (ii) the shareholder timely returns to us a properly completed and signed Substitute Form W-9 including the shareholder's taxpayer identification number and certification necessary to avoid backup withholding and the Internal Revenue Service has not instructed us to commence backup withholding with respect to the shareholder.

No gain or loss will be recognized by us as a result of the reverse stock split.

Our views regarding the tax consequences of the reverse stock split are not binding on the Internal Revenue Service or the courts. No ruling from the Internal Revenue Service or opinion of counsel will be requested concerning such tax consequences. Accordingly, each shareholder should consult with his or her own tax advisor with respect to all of the potential tax consequences to him or her of the reverse stock split.

Vote Required; Recommendation of Board of Directors

The Board of Directors recommends a vote FOR the Amendment to the Articles of Incorporation to effect a reverse stock split at one of five ratios, if and as determined by the Board of Directors, at any time before December 31, 2006. The affirmative vote of the holders of a majority of the outstanding shares of common stock is required to approve the amendment. As a result, abstentions and broker non-votes will have the same effect as negative votes.

**Approval of 2006 Stock Incentive Plan
(Proposal III)**

At the meeting, you are being asked to approve our 2006 Stock Incentive Plan (the 2006 plan), which is expected to be adopted, subject to shareholder approval, by the Board of Directors on April 24, 2006.

Our Board of Directors approved the 2006 plan because our existing 2004 Stock Incentive Plan (the 2004 plan) will expire on November 30, 2006. If adopted, the 2006 plan will have the same terms and conditions as the 2004 plan, except that the term of the 2006 plan will expire two years from the expiration of the 2004 plan. The number of shares available for issuance under the 2006 plan will coincide exactly with the number of shares available under the 2004 plan. Consequently, approval of the 2006 plan by the shareholders will have the same effect as continuing the 2004 plan for an additional two years. The 2004 plan took the same approach by continuing our original stock incentive plan, the 1994 Stock Incentive Plan (the 1994 plan), for an additional two-year period from the expiration of the 1994 plan. The 1994 plan and 2004 plan are collectively referred as the prior plans.

If the 2006 plan is adopted, Metro One will cease granting options and awarding and selling shares under the 2004 plan. Accordingly, the shares of our common stock that are currently available for grants, awards or sales under the 2004 plan will expire without having been used if shareholders approve the 2006 plan. However, we will continue to have the authority to grant options and award and sell shares under the 2004 plan if shareholders do not approve the 2006 plan. The termination of our grant, award and sale authority under the 2004 plan will not, however, affect awards then outstanding under that plan.

The number of shares available for grants of options or awards or sales of shares under the 2006 plan will be the same as the number of shares that would have been available under the 2004 plan had it continued in existence. As of April 19, 2006, a total of 2,578,186 (pre-split) shares of our common stock were then subject to issuance upon exercise of outstanding options granted under the prior plans, and an additional 1,188,598 (pre-split) shares of our common stock were then available for new grants of options or awards under the 2004 plan.

Our Board of Directors believes that adoption of the 2006 plan will help us attract new personnel and retain and motivate existing personnel by providing additional incentive tied to growth in value of the equity of Metro One.

The principal terms and provisions of the 2006 plan are summarized below. The summary, however, is not intended to be a complete description of all the terms of the 2006 plan. A copy of the 2006 plan is attached to this proxy statement as Annex C.

Description of the 2006 Plan

The purposes of the 2006 plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to our employees and consultants and to promote the success of our business. The 2006 plan may be administered by the Board of Directors or by a committee appointed by the Board. If adopted, the 2006 plan will be administered by the Compensation Committee of the Board. In accordance with the terms of

the 2006 plan, the Board or the committee may grant options: (i) intended to qualify as Incentive Stock Options (ISOs) under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), to employees; or (ii) not intended to qualify as ISOs under Section 422 of the Code (NSOs) to employees or consultants. Direct stock awards or sales may also be made under the 2006 plan.

Securities Offered. The stock options that may be granted under the 2006 plan may be exercised to purchase shares of our common stock. Direct stock awards or sales of our common stock may also be made under the 2006 plan. The number of shares of our common stock available for grant of options or award or sale of shares under the 2006 plan will equal:

(a) 5,520,000 (pre-split) shares, being the maximum number of shares available under the 2004 plan,

minus:

(b) the number of shares issued or issuable upon exercise of options granted under the prior plans prior to the date of approval of the 2006 plan plus the number of shares awarded or sold under the prior plans,

plus:

(c) the number of any shares subject to stock options granted under the prior plans which have expired or will expire, or for any reason have been or will be cancelled or terminated, without being exercised, and

(d) the number of any shares of restricted stock granted under the prior plans that have been or will be forfeited, terminated, cancelled or otherwise reacquired by Metro One without having become vested.

In the event any change is made to the outstanding shares of our common stock without the company's receipt of consideration (whether through as stock split, such as the reverse stock split under Proposal II, or other specified change in the capital structure of the company), appropriate adjustments will be made to: (a) the maximum number of securities issuable under the 2006 plan and (b) the number and the price per share in effect under each outstanding stock award under the 2006 plan.

Eligibility. Employees, defined as any person, including officers and directors, employed by us or any parent or subsidiary of ours, are eligible to be granted options or awarded or sold shares under the 2006 plan. Consultants, defined as any person who is engaged by us or any subsidiary to render consulting services, and who is compensated for such services, and directors whether compensated for such services or not, are also eligible to be granted options or awarded or sold shares under the 2006 plan. If an employee is granted an ISO which, when aggregated with all other ISOs granted to such employee by us, or by any parent or subsidiary, would result in shares of the common stock having an aggregate fair market value in excess of \$100,000 becoming available for purchase upon the exercise of one or more ISOs during any calendar year, then such excess ISOs shall be treated as NSOs.

Option Terms. The term of each ISO shall be ten years from the date of grant or such shorter term as may be stated in the agreement granting the ISO; provided, however, that the term of an ISO granted to an employee who, at the time of such grant, owns shares representing more than 10% of the voting power of all classes of our or any parent's or subsidiary's stock, shall be five years from the date of grant or such shorter term as may be stated in the agreement granting the ISO. The term of each NSO shall be ten years and one day from the date of grant or such other term as may be stated in the agreement granting the NSO; provided, however, that the term of a NSO granted to an employee who, at the time of such grant, owns shares representing more than 10% of the voting power of all classes of our or any parent's or subsidiary's stock shall be five years and one day or such shorter term as may be stated in the agreement granting the NSO.

An option granted pursuant to the provisions of the 2006 plan may be exercised at such times and under such conditions as the Board determines. If an employee to whom an ISO or NSO has been granted ceases to be an employee other than by reason of death or disability, he or she may exercise an ISO or NSO only during such period as the Board specified at the time the ISO or NSO was granted, which period of time may in no event exceed 90 days from the date of termination, and only to the extent that he or she could have exercised it on the date of termination. An option may not be sold, transferred or otherwise disposed of in any manner other than by will or by the laws of descent and distribution. During the lifetime of the optionee, the option generally may be exercised only by the optionee. If an optionee ceases to be an employee or a consultant by reason of disability, then the optionee may exercise the option at any time during the two-month period following the date of termination (to the extent that he or she could have exercised it on the date of termination). In the event of death of an optionee, the option generally may be exercised (to the extent it was exercisable on the date of death) during the 12-month period following the date of death by the optionee's estate or by a person who acquired an option by bequest or inheritance.

The Board shall determine the exercise price of ISOs granted under the 2006 plan, but the price may not be less than 100% of the fair market value per share of the common stock on the date the option is granted, or not less than 110% if granted to an employee owning shares constituting more than 10% of the voting power. The Board shall determine the exercise price of NSOs granted under the 2006 plan, but the price may not be less than 85% of the fair market value per share of the common stock on the date the option is granted. The Board shall determine, in its discretion, the fair market value of the common stock; provided, however, that if there is a public market for the common stock, the fair market value shall be the closing price of a share of the common stock on the date of grant of an option. The Board shall determine the consideration to be paid upon the exercise of an option, including the method of payment, which may consist of cash, check, transfer of previously owned shares of the common stock having a fair market value equal to the option price, delivery of instructions to withhold shares of common stock that would otherwise be issued upon the exercise of the option having a fair market value equal to the option exercise price, or any combination of the foregoing methods of payment.

Amendment of the 2006 Plan. The 2006 plan will expire on November 30, 2007. The Board may amend or terminate the 2006 plan at any time; provided, however, that no amendment regarding amount, price or timing of the option grants may be made more frequently than once every six months other than to comply with changes in the requirements of the Code or

the Securities Exchange Act of 1934, as amended (the Securities Exchange Act). No amendment or termination shall affect any options outstanding at that time. Any amendment that would increase the number of shares that may be issued under the 2006 plan (other than with respect to changes in the capitalization of Metro One), modify the requirements as to eligibility for participation in the 2006 plan, or materially increase the benefits accruing to participants in the 2006 plan, must be approved by our shareholders.

Resale Restrictions. Shares of common stock purchased under the 2006 plan (whether by the exercise of an option or by direct award or sale) by our officers and directors, or a beneficial owner of 10% or more of any class of our equity securities, will be eligible for resale in accordance with Rule 144 under the Securities Act of 1933, as amended.

Federal Income Tax Consequences

Under federal income tax law currently in effect, the optionee of an ISO will recognize no income upon the grant or exercise of the ISO. However, the optionee will have a preference item for alternative minimum tax purposes upon exercise of the ISO in the amount by which the fair market value of the shares subject to the ISO at the time of exercise exceeds the exercise price. If an optionee exercises an ISO and does not dispose of any of the shares acquired within two years following the date of the ISO's grant or within one year following the date of exercise, then any gain realized upon the disposition of such shares will be taxable as capital gain. If an optionee disposes of shares acquired upon exercise of an ISO before the expiration of either the one-year holding period or two years from the date of grant, any amount realized will be taxable as ordinary income in the year of the disqualifying disposition to the extent that the lesser of the fair market value of the shares on the exercise date, or the amount realized on the disposition of the shares, exceeds the exercise price.

Although the optionee will recognize no ordinary income on the exercise of an ISO, the optionee will be required to include for alternative minimum tax purposes the difference between the fair market value of the shares at the date of exercise and the exercise price. If the difference is substantial, it is possible it could be taxed as alternative minimum taxable income at rates as high as 28%.

There are no federal income tax consequences to us by reason of the grant or exercise of an ISO. In the event of a disqualifying disposition by an optionee, we will be generally entitled to a deduction in the tax year in which the disposition occurred to the extent the optionee recognized ordinary income.

Under federal income tax law currently in effect, the optionee of an NSO will recognize no income upon the grant of the NSO. At the time the NSO is exercised, the optionee will recognize ordinary income in the amount by which the fair market value of the shares subject to the NSO at the time of exercise exceeds the exercise price, and we will be generally entitled to a deduction for the same amount (conditioned upon proper withholding). Upon the optionee's disposition of shares acquired pursuant to exercise of an NSO, the difference between the amount realized on the disposition and the fair market value of the shares on the exercise date will be a short- or long-term capital gain or loss, depending on how long the shares have been held.

Under federal income tax law currently in effect, nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid (if any) only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant), and stock-based performance awards are generally subject to tax at the time of payment.

Accounting

The Financial Accounting Standards Board has adopted Financial Accounting Standard 123R which requires the expensing of stock options and other equity awards. Thus, pursuant to a valuation model which takes into account the fair market value of the Company's stock, the length of the option, the exercise price, vesting, interest rates and other factors, the Company computes the value of an option at the time it is granted and records that amount as an expense on the Company's income statement over the option's vesting period. Restricted stock is also expensed in an amount equal to the fair market value of the stock at grant. The expense for restricted stock is recorded over the vesting period of the restricted stock.

Board Recommendation; Vote Required

*The Board of Directors recommends a vote **FOR** approval of our 2006 Stock Incentive Plan.* This proposal will be approved if a majority of the votes cast on the proposal are voted for approval. Abstentions are counted for purposes of determining whether a quorum exists but are treated as no votes in determining whether the proposal is approved. Broker non-votes are counted for purposes of determining whether a quorum exists but are not counted and have no effect in determining whether the proposal is approved.

Corporate Governance

Composition of the Board of Directors

Our independent directors are Messrs. Rutherford and Williams. We do not currently have a majority of independent directors as required under Nasdaq Marketplace Rule 4350 and Nasdaq Staff has notified us that we do not comply with this requirement. In accordance with Nasdaq Marketplace Rules, Nasdaq has provided us a cure period until the earlier of our next annual shareholders' meeting or October 4, 2006. Failure to regain compliance with this requirement before the end of the cure period may result in our common stock being delisted. The Board of Directors is expected to elect two independent directors to fill vacancies prior to the filing of our final proxy for this Annual Meeting.

Director Nominations

Qualifications and Criteria for Candidates. Our Corporate Governance Guidelines include criteria that apply to the screening and recommendation by our Corporate Governance and Nominating Committee of candidates to fill vacancies and to be nominated by the Board for election by our shareholders. Under these criteria, candidates are considered on the basis of their integrity, experience, achievements, judgment, intelligence, understanding of our business, and willingness to devote adequate time to fulfilling the responsibilities as a director. In

recommending a candidate, the Committee considers the Board's overall balance of diversity of perspectives, backgrounds and experience all in the context of an assessment of the perceived needs of the Board.

The Committee also seeks to insure that at least a majority of the directors are independent under any applicable legal or regulatory standards, as well as the applicable listing standards of any market on which our stock is listed for trading. In addition, the composition of our Board of Directors must be such that the members of the Audit Committee meet the financial literacy requirements under the applicable listing standards and at least one of the members of the Audit Committee qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission (the "SEC").

Process for Identifying and Evaluating Candidates. Candidates may come to the attention of our Corporate Governance and Nominating Committee through current members of our Board of Directors or professional search firms. In addition, the Committee will consider director candidates properly submitted by our shareholders or others. Initially, the Committee will determine whether the candidates meet the requisite qualifications and criteria and have the specific qualities or skills being sought at that time. The Committee evaluates the candidates by reviewing their biographical information and qualifications and checking their references. Qualified candidates are then interviewed by one or more members of the Committee. Depending on the outcome of these interviews, candidates may meet with the Chief Executive Officer and members of the Board and, using the input from such interviews and the information obtained, the Committee evaluates whether the prospective candidate is qualified to serve as a director and determines if he or she should be recommended to the Board. Candidates recommended by the Committee are then presented to the Board for selection as nominees for election by shareholders or for election by the Board to fill a vacancy. The Committee expects that a similar process would be used to evaluate candidates recommended by our shareholders.

Shareholder Recommendations of Candidates. The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders. Any such recommendations should be submitted in writing to the Committee c/o Secretary, Metro One Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, Oregon 97007, within the time frame described in our bylaws under the caption "Shareholder Proposals for 2006 Annual Meeting of Shareholders" below and should (a) include the candidate's name and qualifications for membership on our Board of Directors, and (b) all information relating to such candidate that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act (including the candidate's written consent to being named in the proxy statement as the nominee and to serving as a director if elected). In addition, our bylaws permit shareholders to nominate candidates for election as directors at shareholder meetings. To nominate a candidate for election, shareholders must give notice in accordance with our bylaws, which require that the notice be received by our Secretary within the time periods described below under "Shareholder Proposals for 2006 Annual Meeting of Shareholders".

Director Compensation

Generally, directors who are not employees receive \$20,000 as an annual fee, \$3,000 plus expenses for each meeting attended in person and \$1,000 plus expenses for each Board meeting attended by telephone. Committee chairpersons and committee members receive \$1,000 and

\$750, respectively, for each meeting attended. Mr. Rutherford also receives \$3,000 per month, plus an additional \$1,000 per meeting, for his service as Chairman of the Board.

Generally, directors who are not employees are granted non-qualified options to purchase 15,000 shares of common stock at the time of recruitment and 15,000 shares of common stock in October of each year. In July of each year, Mr. Rutherford, the non-employee Chairman of the Board, is also granted a non-qualified option to purchase 21,428 shares of common stock. All of these grants are vested and exercisable at the time of the grant and have exercise prices equal to the fair market value of our common stock on the date of grant.

Committees of Our Board of Directors

Our Board of Directors has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

Audit Committee. The Audit Committee currently consists of Messrs. Rutherford and Williams, all of whom are independent within the meaning of the Nasdaq Marketplace Rules and the rules adopted by the SEC. Mr. Williams is the Chairman of this Committee. Our Board of Directors has determined that Mr. Williams satisfies the requirements for an audit committee financial expert pursuant to the rules adopted by the SEC. As we do not currently have a three-member audit committee, we do not comply with the audit committee composition requirements set forth in Nasdaq Marketplace Rule 4350. In accordance with Nasdaq Marketplace Rules, Nasdaq has provided us a cure period until the earlier of our next annual shareholders meeting or October 4, 2006. Failure to regain compliance with this requirement before the end of the cure period may result in our common stock being delisted. The Board of Directors is expected to appoint one independent and qualified director to the Audit Committee prior to the filing of our definitive proxy for this Annual Meeting.

The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of Metro One and audits of its financial statements. This Committee operates under a written charter, which can be viewed in the Investor Relations section of our website at www.metro1.com.

Compensation Committee. The Compensation Committee currently consists of Messrs. Rutherford and Williams, all of whom are independent within the meaning of the Nasdaq Marketplace Rules.

The purpose of this Committee is to assist the Board in the discharge of its responsibilities relating to executive officer and director compensation and to oversee incentive, equity-based and other compensatory plans in which officers and key employees of Metro One participate. This Committee operates under a written charter, which can be viewed in the Investor Relations section of our website at www.metro1.com.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee currently consists of Messrs. Rutherford and Williams, all of whom are independent within the meaning of the Nasdaq Marketplace Rules.

The purpose of this Committee is to identify individuals qualified to serve as directors, recommend to the Board of Directors nominees for election as directors, evaluate the Board's performance, develop and recommend to the Board corporate governance guidelines and codes of ethics and conduct, and generally to provide oversight with respect to corporate governance and ethical conduct. This Committee operates under a written charter, which can be viewed in the Investor Relations section of our website at www.metro1.com.

Attendance at Board, Committee and Shareholder Meetings

During 2005, the Board of Directors held twelve meetings. Also, during 2005, the Audit Committee met five times, the Compensation Committee met three times, and the Corporate Governance and Nominating Committee met twice. Each incumbent director attended at least 75% of the aggregate of the total number of meetings held and the total number of meetings held by all committees of the Board on which the director served during the period that the director served.

Under our Corporate Governance Guidelines, directors are expected to attend our annual meetings of shareholders. All of our directors attended our 2005 annual meeting of shareholders.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists, or in the past fiscal year has existed, between any member of our Compensation Committee and any member of any other company's board of directors or compensation committee.

Codes of Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics applicable to our employees, officers and directors and a Code of Ethics applicable to our Chief Executive Officer and our senior financial officers. A copy of our Code of Business Conduct and Ethics and our Code of Ethics can be found in the Investor Relations section of our on our website at www.metro1.com or can be obtained by writing to Investor Relations, Metro One Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, Oregon 97007.

Shareholder Communications with the Board of Directors

Shareholders and other parties interested in communicating directly with our Board of Directors, individual directors, nonmanagement directors or the chairs of our committees may do so by mailing the communications to them in care of: Corporate Secretary, Metro One Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, OR 97007. These communications may be submitted anonymously or confidentially. Our Corporate Secretary will forward communications directed to specific directors or committee chairs to those individuals. The Corporate Secretary will review all other communications and forward to the Board of Directors a summary and copies of those items that, in the opinion of our Corporate Secretary, deal with the functions of the Board or its committees or that he otherwise determines should be brought to the attention of the Board. Concerns relating to accounting, internal controls or auditing matters will be brought to the attention of the Chairman of the Audit Committee. Our

Code of Business Conduct and Ethics also contains a procedure for anonymously bringing such matters to the attention of the Chairman of our Audit Committee.

Principal Auditor Fees and Services

Deloitte & Touche LLP (Deloitte & Touche), our independent registered public accounting firm, audited our financial statements for the years ended December 31, 2004 and 2005. The Audit Committee of the Board of Directors has not yet selected an independent accounting firm for the year ended December 31, 2006. The Audit Committee will make its selection after it has received and reviewed audit proposals for the year.

The following table summarizes the fees of Deloitte & Touche billed to us for each of the last two fiscal years:

Type of Fees	2005		2004	
Audit Fees (1)	\$	404,307	\$	200,050
Audit Related Fees (2)		14,000		203,800
Tax Fees (3)		0		2,444
All Other Fees (4)		0		0
Total:	\$	414,307	\$	406,294

(1) Represents the aggregate fees billed by our principal accounting firm, Deloitte & Touche, the member firms of Deloitte Touche Tohmatsu and their respective affiliates for professional services rendered for the audits of our annual financial statements and for the reviews of the financial statements included in our quarterly reports, for the years ended December 31, 2004 and 2005. For the year ended December 31, 2004, this total also includes fees related to their attestation of our internal control over financial reporting as of December 31, 2004. For the year ended December 31, 2005, this total includes approximately \$138,300 of professional fees and expenses incurred in assessing the Company's internal control over financial reporting prior to the change in the definition of an accelerated filer by the SEC in December 2005. As a result of the change in the definition of an accelerated filer, we were not required to report on our internal control over financial reporting for the year ended December 31, 2005, and, as a result, Deloitte & Touche was not required to issue a related attestation report.

(2) Represents the aggregate fees billed by Deloitte & Touche for audit and advisory services primarily relating to compliance with the Sarbanes-Oxley Act of 2002 (the Act), including compliance with Section 404 of the Act, and for services related to the our filings with the SEC.

- (4) Represents the aggregate fees billed by Deloitte & Touche for all other services performed.

All audit-related services, tax services and other services rendered by Deloitte & Touche were pre-approved by our Audit Committee to the extent required, which Committee concluded that the provision of those services was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Our Audit Committee has adopted a policy and procedure requiring approval before our independent registered public accounting firm can be engaged to perform audit or non-audit services. The services can be pre-approved by our Audit Committee or by any member of our Audit Committee to whom authority for pre-approval has been delegated, provided that no member has authority to approve any non-audit services that are expected to result in fees for the engagement or during any calendar year of over \$50,000, or that are expected to be completed after 12 months from the date of the engagement. Any approvals by a member are reported to our Audit Committee, for informational purposes, at its next regular meeting.

Representatives from Deloitte & Touche are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

Retention Plan; Employment and Related Agreements

Retention Plan. On December 28, 2005, the Board of Directors approved the Metro One Telecommunications, Inc. Retention Plan (the Retention Plan) to provide certain of our employees who possess specialized knowledge critical to our business, including executive officers, with an incentive to remain in the employment of Metro One. Under the Plan, participants are entitled to retention payments in an amount up to three weeks base pay per year of service at the employee's current rate, with a minimum payment of 26 weeks base pay at the employee's current rate. Exceptions to the amount may be made by the Board of Directors at the recommendation of the Chief Executive Officer. For an eligible employee to participate in the Plan, the eligible employee and the Chief Executive Officer execute a written retention agreement containing the eligibility criteria and terms of payment (the Retention Agreement).

The participants under the Plan are selected by the Board of Directors or its designee based on any or all of the following factors: position held, skills, and/or relative importance of skills to required tasks. A participant generally is entitled, subject to the satisfaction of certain conditions such as satisfactory job performance, to 25% of the total retention payment the first regular pay day after the Retention Agreement is signed; an additional 25% half-way through the retention period, as determined by the board of directors or its designee based on certain circumstances or conditions; and the remaining 50% at the end of the retention period. If employment ends during the retention period due to employee's resignation or termination for Cause (as defined in the Retention Agreement), no retention payment is paid. If Metro One terminates the employee's employment without Cause, or the employee terminates his or her employment for Good Reason (as defined in the Retention Agreement) prior to the end of the retention period, the remaining amount of the retention payment will be paid.

Employment and Related Agreements. On November 29, 2005, we entered into a consulting agreement (the Consulting Agreement) with James M. Usdan in connection with his appointment as President and Chief Executive Officer of Metro One on October 7, 2005. Under the Consulting Agreement, Mr. Usdan serves as our President and Chief Executive Officer and is

paid \$14,166.67 per month for such services. Mr. Usdan is also, at our option, provided with health insurance coverage under our group health insurance or reimbursed for the cost of health insurance coverage up to \$1,350.00 per month during the term of engagement. Mr. Usdan was also granted a nonqualified stock option to purchase 150,000 shares of our common stock under the 2004 plan. The options vest in cumulative increments of 25% on October 26, 2005, January 4, 2006, April 4, 2006 and July 4, 2006. The Consulting Agreement may be terminated by either party, for any reason or no reason, on at least 30 days prior written notice.

On December 6, 2005, we entered into a Separation and Consulting Agreement (the Separation Agreement) with Timothy A. Timmins, which is intended to document the terms of his departure from Metro One as President, Chief Executive Officer and a director. Under the Separation Agreement, Mr. Timmins received a one time payment of \$175,000 and receives semi-monthly payments of \$2,777.77 for 18 months commencing December 5, 2005. Under this agreement, the vesting was accelerated in full for Mr. Timmins options to purchase 87,500 shares of our common stock and the termination date was extended until September 30, 2009 for his options to purchase 225,001 shares of our common stock, subject to earlier termination under certain circumstances as provided in the option plan. All of these options were out-of-the-money. The Separation Agreement also requires Mr. Timmins to perform certain consulting services for us through April 4, 2007.

Indemnification Agreements. We have entered into indemnification agreements with our directors and executive officers. Such agreements require us, among other things, to indemnify our officers and directors, other than for liabilities arising from willful misconduct of a culpable nature, and to advance their expenses incurred as a result of any proceedings against them as to which they could be indemnified.

Compensation Committee Report

Compensation Philosophy. The Compensation Committee of the Board of Directors, which is responsible for reviewing and evaluating the compensation of Metro One s executive officers, approves and recommends to the Board of Directors compensation and award levels for executive officers. With regard to compensation actions affecting Metro One s Chief Executive Officer, all of the members of the Board of Directors except for Metro One s Chief Executive Officer act as the approving body.

Metro One s executive compensation program has been designed to:

Support a pay-for-performance policy that is tied to corporate and individual performance;

Motivate executive officers to achieve strategic business initiatives and reward them for their achievement;

Provide compensation opportunities which are comparable to those offered by similarly-sized telecommunications and technology-based companies; and

Align the interests of executives with the long-term interests of shareholders through award opportunities that can result in ownership of common stock.

The executive compensation program is comprised of a base salary, performance bonuses and long-term incentive opportunities in the form of direct awards, sales of stock, or stock options, along with benefits offered to all Metro One employees.

Base Salaries. The 2005 base salaries of Metro One's executive officers were established by the Board of Directors effective January 2005. In approving those salaries, the Compensation Committee considered information about salaries paid by companies of comparable size in the telecommunications outsourcing industry, individual performance, position, and internal comparability considerations. While all of these factors were considered, the Compensation Committee did not assign specific weights to any of these factors.

Performance Bonuses. As part of its philosophy of offering compensation packages that align compensation with business objectives and performance, Metro One provides for payment of cash bonuses to executive officers based upon achieving individual and company performance targets or strategic objectives. In 2005, no significant performance bonuses were awarded except for an \$80,000 bonus paid to the then Chief Executive Officer for achievement of certain company objectives.

Stock Plans. The long-term, performance-based compensation of executive officers currently takes the form of option awards under the 2004 plan and, if approved by the shareholders, the 2006 plan, which is designed to align a significant portion of the executive compensation program with long-term shareholder interests. The plans permit the granting of several different types of stock-based awards, including grants of stock options and direct awards and sales of shares. The Compensation Committee believes that equity-based compensation ensures that Metro One's executive officers have a continuing stake in the long-term success of the company. All options granted by Metro One have been granted with an exercise price greater than or equal to the market price of its common stock on the date of grant and, accordingly, will only have value if Metro One's stock price increases. In granting options or awarding or selling shares under the stock incentive plans, the Compensation Committee generally takes into account each executive's performance, responsibilities, relative position and past grants.

Chief Executive Officer Compensation. In developing its recommendations regarding the Chief Executive Officer's compensation, the Committee considered a number of factors, including analyses of compensation in similarly-sized companies in the telecommunications outsourcing industry, analyses of compensation levels in similar companies in Metro One's local geographic area and Metro One's revenue and net income results over the past several years. Compensation for our current Chief Executive Officer, Mr. Usdan, was approached differently since he is serving in the role as a turn around specialist and is not expected to serve as our Chief Executive Officer on a long-term basis. For Mr. Usdan's compensation, the Committee considered a number of factors, including the compensation costs of hiring of other outside consultants or an outside consulting firm.

Significant Compensation. As a result of changes to the Internal Revenue Code adopted in 1993, publicly held corporations generally are not permitted a federal income tax deduction for compensation to be paid to certain officers to the extent that such an officer's compensation exceeds \$1 million in a taxable year. An exception may apply to certain performance-based payments that are approved in advance by a majority vote of the shareholders. The Compensation Committee has not adopted any formal policy concerning the application of this limitation when an officer merits compensation in excess of the limitation. The Compensation Committee will continue to review and monitor the issue.

Performance Graph

The following graph compares the cumulative total shareholder return on our common stock for the five-year period beginning December 31, 2000, and ending December 31, 2005, as compared with the cumulative total return on the Russell 2000 Index and our SIC Code Index (SIC Code 4899 - Communications Services). We believe that our SIC Group Index provides a broad, appropriate and indicative representation of our cumulative shareholder return.

This graph assumes an investment of \$100 on December 31, 2000 in each of our common stock, the Russell 2000 Index and our SIC Group Index, and assumes reinvestment of dividends, if any. The stock price performance shown on the graph below is not necessarily indicative of future stock price performance.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our directors and executive officers, and persons who own more than 10% of our common stock, to file with the SEC reports of ownership and changes in ownership of our common stock and to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on review of the copies of such reports furnished to us, we believe that during fiscal year 2005 our directors, executive officers and greater than 10% shareholders complied with all applicable Section 16(a) filing requirements, except for the late filing by one day of a purchase of 6,300 shares of our common stock by Mr. Usdan.

Other Business

The Board of Directors does not know of any matters other than those described in the notice of annual meeting that are to come before the meeting. **If any other matters are properly brought before the meeting or any adjournments or postponements of the meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters in accordance with their best judgment.**

Shareholder Proposals

For 2007 Annual Meeting of Shareholders

Under Metro One's bylaws, nominations for election to the Metro One Board of Directors and proposals for other business to be transacted by the Metro One shareholders at an annual meeting of shareholders may be made by a shareholder (as distinct from Metro One) only if the shareholder is entitled to vote at the meeting and has given Metro One's secretary timely written notice that complies with the notice requirements of our bylaws. In addition, business other than a nomination for election to the Board must be a proper matter for action under Oregon law and Metro One's articles of incorporation and bylaws. Among other requirements, the written notice must be delivered to Metro One's secretary at Metro One's principal executive offices by not less than 60 days and not more than 90 days prior to the date of the annual meeting. However, if less than 60 days' notice or prior public disclosure of the date of the scheduled annual meeting is given or made, the notice, to be timely, must be so delivered by the close of business on the 10th day following the earlier of the day on which notice of the date of the scheduled annual meeting was mailed or the day on which such public disclosure was made.

Separate and apart from the required notice described in the preceding paragraph, rules promulgated by the SEC under the Securities Exchange Act entitle a shareholder in certain instances to require Metro One to include that shareholder's proposal (but not that shareholder's nominees for director) in the proxy materials distributed by Metro One for its next annual meeting of shareholders. Any shareholder of Metro One who wishes to present a proposal for inclusion in Metro One's proxy solicitation materials for the 2007 annual meeting must set forth the proposal in writing, deliver it to Metro One's secretary at 11200 Murray Scholls Place, Beaverton, Oregon 97007, on or before January 5, 2007, and meet the other requirements for inclusion contained in the SEC's shareholder proposal rules.

Cost of Solicitation

We will bear the cost of soliciting proxies. In addition to use of the mail, proxies may be solicited personally or by telephone by our directors, officers and employees, who will not be additionally compensated for these activities. Solicitation may be made personally, or by mail, facsimile, telephone, telegraph or messenger. We will also request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from these beneficial owners. We will reimburse these persons for their reasonable expenses incurred in that process.

Additional Information

A copy of our annual report to shareholders for the fiscal year ended December 31, 2005 accompanies this proxy statement. We are required to file an annual report on Form 10-K for our fiscal year ended December 31, 2005 with the SEC. The SEC maintains a website, www.sec.gov, which contains reports, proxy statements, and certain other information filed electronically by us with the Commission. **Shareholders may obtain, free of charge, a copy of the Form 10-K, without exhibits, by writing to Investor Relations, Metro One Telecommunications, Inc., 11200 Murray Scholls Place, Beaverton, Oregon 97007 or visiting our website at www.metro1.com.**

FIRST: The name of the Corporation is Metro One Telecommunications, Inc.

SECOND: Section C of Article IV of the Third Amended and Restated Articles of Incorporation is amended to read in its entirety as follows:

Simultaneously with the effective date of the filing of this Articles of Amendment to the Third Amended and Restated Articles of Incorporation (the *Split Effective Date*), each [three, four, five, six or seven] shares of Common Stock issued and outstanding immediately prior to the Split Effective Date (the *Old Common Stock*) shall automatically without any action on part of the holder thereof, be reclassified and changed into one share of Common Stock which the Corporation shall be authorized to issue immediately subsequent to the Split Effective Date (the *New Common Stock*) subject to the treatment of fractional share interests described below. Each holder of a certificate or certificates which immediately prior to the Split Effective Date represented outstanding shares of Old Common Stock (the *Old Certificates*) shall, from and after the Split Effective Date, receive upon surrender of such Old Certificates to the Corporation's transfer agent for cancellation, a certificate or certificates (the *New Certificates*) representing the shares of New Common Stock into which the shares of Old Common Stock formerly represented by such Old Certificates so surrendered are reclassified under the terms hereof (and, where applicable, cash in lieu of fractional shares as provided below). No fractional shares of New Common Stock of the Corporation shall be issued. No shareholder of the Corporation shall transfer any fractional shares of Common Stock. The Corporation shall not recognize on its stock records books any purported transfer of any fractional share of Common Stock of the Corporation. In lieu of any such fractional shares of New Common Stock, each shareholder with a fractional share will be entitled to receive, upon surrender of Old Certificates to the Corporation's transfer agent for cancellation, an amount in cash equal to the product of (i) the closing trading price of the Corporation's Common Stock on the trading date immediately before the Split Effective Date (giving effect to the reverse stock split) and (ii) such fraction. If more than one Old Certificate shall be surrendered at one time for the account of the same shareholder, the number of full shares of New Common Stock for which New Certificates shall be issued shall be computed on the basis of the aggregate number of shares represented by the Old Certificates so surrendered. Full payment may, as authorized by the Board, consist of any consideration and method of payment allowable under Section 8(c) of the Plan. If an Employee or Consultant ceases to serve as an Employee or Consultant (as the case may be), he may, but only within three (3) months (or such other period of time not exceeding the limitations of Section 7 above as is determined by the Board at the time of grant of an Option or thereafter) after the date he ceases to be an Employee or Consultant (as the case may be) of the Company, exercise his Option to the extent that he was entitled to exercise it at the date of such termination. To the extent that he was not entitled to exercise the Option at the date of such termination, or if he does not exercise such Option (which he was entitled to exercise) within the time specified herein, the Option shall terminate.

(c) Disability of Optionee. Notwithstanding the provisions of Section 9(b) above, in the event an Employee or Consultant is unable to continue his employment or consulting relationship (as the case may be) with the Company as a result of his total and permanent disability (as defined in Section 22(e)(3) of the Code), he may, but only within twelve

(d) Death of Optionee. In the event of the death of an Optionee during the term of the Option who is at the time of his death an Employee or Consultant of the Company and who shall have been in Continuous Status as an Employee or Consultant since the date of grant of the Option, the Option may be exercised, at any time within twelve (12) months (or such other period of time not exceeding the limitations of Section 7 above as is determined by the Board at the time of grant of an Option or thereafter) following the date of death, by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise as of the date of death.

10. **Limits on Transfer of Options.** An Option may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will, or by the laws of descent and distribution, and may be exercised during the lifetime of the Optionee only by the Optionee or, if incapacitated, by his or her legal guardian or legal representative. Notwithstanding the foregoing, the Board may, in its discretion, permit the transfer of any Nonqualified Stock Option to (i) members of the Optionee's Immediate Family, (ii) a trust in which the Optionee and/or members of the Optionee's Immediate Family have more than 50% of the beneficial interest, or (iii) any other entity in which only the Optionee and/or members of the Optionee's Immediate Family own all of the voting interests; provided that an Option shall terminate immediately if it has been transferred to an entity (other than a trust) as permitted above and any person who is not a member of the Optionee's Immediate Family becomes the owner of a voting interest in such entity. Upon such a transfer, such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to such transfer, including Section 9 as it applies to the Optionee ceasing to serve as an Employee or Consultant or to the death or disability of the Optionee, but for all other purposes of this Plan, the members of the Optionee's Immediate Family, trustee or other entity will be entitled to all the rights of the Optionee with respect to the transferred Option and the term "Optionee" shall be deemed to refer to the transferee. Any such transfer shall be (i) permitted only if the Optionee does not receive any consideration therefor and the transfer is expressly approved by the Board, and (ii) shall be evidenced by an appropriate written document executed by the Optionee in a form satisfactory to the Company and a copy thereof shall be delivered to the Company on or prior to the effective date of the transfer.

11. **Adjustments Upon Changes in Capitalization or Merger.** Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Option and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or Sales made or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall

be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

In the event of the proposed dissolution or liquidation of the Company, the Option will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board. The Board may, in the exercise of its sole discretion in such instances, declare that any Option shall terminate as of a date fixed by the Board and give each Optionee the right to exercise his Option as to all or any part of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, the Option shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, that the Optionee shall have the right to exercise the Option as to all of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable. If the Board makes an Option fully exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Board shall notify the Optionee that the Option shall be fully exercisable for a period of thirty (30) days from the date of such notice or such shorter period as the Board may specify in the notice, and the Option will terminate upon the expiration of such period.

12. **Time of Granting Options.** The date of grant of an Option shall, for all purposes, be the date on which the Board makes the determination granting such Option. Notice of the determination shall be given to each Employee or Consultant to whom an Option is so granted within a reasonable time after the date of such grant.

13. **Amendment and Termination of the Plan.**

(a) Amendment and Termination. The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable; provided, however, that if required to qualify the Plan under Rule 16b-3 promulgated under Section 16 of the Securities Exchange Act of 1934, as amended, no amendment shall be made more than once every six months that would change the amount, price or timing of the option grants, other than to comport with changes in the Internal Revenue Code of 1986, as amended, or the rules and regulations promulgated thereunder; and provided, further, that, if required to qualify the Plan under Rule 16b-3, no amendment shall be made without the approval of the stockholders of the Company in the manner described in Section 17 of the Plan if the amendment would:

- (i) increase the number of Shares subject to the Plan, other than in connection with an adjustment under Section 11 of the Plan;

- (ii) make a change in the designation of the class of Employees or Consultants eligible to be granted Options; or

(iii) if the Company has a class of equity security registered under Section 12 of the Exchange Act at the time of such revision or amendment, cause any material increase in the benefits accruing to participants under the Plan.

(b) Stockholder Approval. If any amendment requiring stockholder approval under Section 13(a) of the Plan is made subsequent to the first registration of any class of equity security by the Company under Section 12 of the Exchange Act, such stockholder approval shall be solicited as described in Section 17 of the Plan.

(c) Effect of Amendment or Termination. Any such amendment or termination of the Plan shall not affect Options already granted, and such Options shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Optionee and the Board, which agreement must be in writing and signed by the Optionee and the Company.

14. **Conditions Upon Issuance of Shares.** Shares shall not be issued pursuant to the exercise of an Option or a Sale unless the exercise of such Option or consummation of the Sale and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, applicable state securities laws, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange (including NASDAQ) upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an Option or a Sale, the Company may require the person exercising such Option or to whom Shares are being Sold to represent and warrant at the time of any such exercise or Sale that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

15. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

16. **Option Agreement. Options shall be evidenced by written option agreements in such form as the Board shall approve.**

17. **Stockholder Approval.** Continuation of the Plan shall be subject to approval by the stockholders of the Company within twelve months before or after the date the Plan is adopted. If such stockholder approval is obtained at a duly held stockholders meeting, it may be obtained by the affirmative vote of the holders of a majority of the outstanding shares of the Company, such holders being present or represented and entitled to vote thereon. If and in the event that the Company registers any class of any equity security pursuant to Section 12 of the Exchange Act, the approval of such stockholders of the Company shall be:

(a) Solicitation.

(i) solicited substantially in accordance with Section 14(a) of the Exchange Act and the rules and regulations promulgated thereunder, or

(ii) solicited after the Company has furnished in writing to the holders entitled to vote substantially the same information concerning the Plan as that which would be required by the rules and regulations in effect under Section 14(a) of the Exchange Act at the time such information is furnished; and

(b) Time. Obtained at or prior to the first annual meeting of stockholders held subsequent to the first registration of any class of equity securities of the Company under Section 12 of the Exchange Act.
