**VOTING RIGHTS AND SOLICITATION**

The enclosed proxy is being solicited on behalf of the Board of Directors of Cyanotech for use at the Annual Meeting.

The close of business on June 26, 2006 is the record date for stockholders entitled to notice of and to vote at the Annual Meeting. All holders of the Company s Common Stock outstanding on the record date are entitled to vote at the Annual Meeting. Each stockholder has one vote for each share so held. At June 26, 2006, Cyanotech had 20,928,265 shares of Common Stock, \$.005 par value per share, issued and outstanding. The presence in person or by proxy of the holders of record of a majority of the voting power of the outstanding shares entitled to vote constitutes a quorum. Directors are elected by a plurality of votes cast. For approval of all other matters to be voted on: when a quorum is present a matter is approved if the number of votes cast in favor of the action exceeds the number of votes cast in opposition to the action. Abstentions are counted only for purposes of determining whether a quorum is present. On all proposals a broker who holds shares in the name of a stockholder is entitled to vote these shares even if the broker receives no instructions from the stockholder. Broker non-votes are not treated as votes cast but are counted in determining the existence of a quorum.

Shares represented by proxies in the accompanying form which are properly executed and returned to Cyanotech will be voted at the Annual Meeting in accordance with the stockholder s instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted: a) **FOR** the election of each of the directors as described herein under Proposal One Election of Directors ; b) **FOR** ratification of the selection of the independent registered public accounting firm as described herein under Proposal Two Ratification of Selection of Independent Registered Public Accounting Firm. Management does not know of any matters to be presented at this Annual Meeting other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

The entire cost of soliciting the proxies will be borne by Cyanotech. Proxies will be solicited principally through the use of the mails, but, if deemed desirable, may be solicited personally or by telephone, e-mail, facsimile or letter by officers and regular Cyanotech employees who will receive no additional compensation. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the Company s Common Stock, and such persons may be reimbursed for their expenses.

**REVOCABILITY OF PROXIES**

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 73-4460 Queen Kaahumanu Hwy., Suite 102, Kailua-Kona, HI 96740, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting, notifying the Secretary of the Meeting of the revocation of the prior proxy, and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the election of the six Board nominees named below, all of whom are presently directors of the Company. Each nominee has consented to be named a nominee in this Proxy Statement and to continue to serve as a director if elected. If any nominee becomes unable or declines to serve as a director or if additional persons are nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees listed below as possible (or, if new nominees have been designated by the Board of Directors, in such a manner as to elect such nominees) and the specific nominees to be voted for will be determined by the proxy holders. **BOARD MEETINGS AND COMMITTEES**

**Board Meetings**

During fiscal year 2006 the Board met two times. Each of our Directors attended 75 percent or more of the meetings of the Board and of Board Committees on which he served, except Michael A. Davis who attended 5 of his seven meetings and was prevented from attending one meeting by a failed telephone connection.

**Director Nomination Process**

*Director Qualifications.* The Nominating and Corporate Governance Committee has established guidelines in considering nominations to the Company's Board of Directors. These include: (a) personal characteristics, including such matters as integrity, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which the members believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so the Committee also considers candidates with appropriate non-business backgrounds.

*Identification and Evaluation of Nominees for Directors.* The Board of Directors believes that, based on the Nominating and Corporate Governance Committee's knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the Nominating and Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. It is the general policy of the Nominating and Corporate Governance Committee not to accept unsolicited nominations from stockholders. In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the committee's criteria for Board service are re-nominated. As to new candidates, the committee will generally poll the Board members and members of management for recommendations. The committee may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the committee evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent stockholder interests through the exercise of sound judgment. After review of all pertinent data, and due deliberation by the committee, this slate of nominees is recommended to the Board of Directors

and the stockholders for election. Historically, the Board of Directors has not relied on third-party search firms to identify director nominees. The committee may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Each of the nominees for election at the annual meeting is recommended by the Nominating and Corporate Governance Committee for election.

### **Independent Directors**

The Board has determined that each of the nominees for director, other than Dr Cysewski, has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent under NASDAQ Rule 4200(A). In making its determination, the Board considered transactions and relationships between each director (and any member of his immediate family) and the Company and its subsidiaries and relationships between the directors or their affiliates and members of the Company's senior management personnel and their affiliates.

The Independent Directors meet in executive session without the Chief Executive Officer or anyone from management attending, at least once annually. In fiscal year 2006 there were two such sessions. Independent Director John T. Waldron acted as the Lead Independent Director for such meetings and was responsible for the issues discussed. Any Independent Director may request an executive session of Independent Directors to discuss any matter of concern.

### **Stockholder Communication with Directors**

Stockholders may, at any time, communicate in writing with any particular director, or the non-management directors as a group, by sending such written communication to Cyanotech Corporation Non-Management Directors, 73-4460 Queen Kaahumanu Highway, #102, Kailua Kona, Hawaii, 96740. Copies of written communications received at such address will be directed to the relevant director or the non-management directors as a group.
