PROXY STATEMENT FOR THE 2007 ANNUAL MEETING OF SHAREHOLDERS

About the Annual Meeting

Why have I received these materials?

We are mailing the accompanying proxy to shareholders on or about March 23, 2007. The proxy is solicited by the Board of Directors of S.Y. Bancorp, Inc. (referred to throughout this Proxy Statement as S.Y. Bancorp or we or our) in connection with our Annual Meeting of Shareholders that will take place on Wednesday, April 25, 2007. We cordially invite you to attend the Annual Meeting and request you to vote on the proposals described in this Proxy Statement.

What am I voting on?

- Approving the action of the Board of Directors fixing the number of directors at twelve.
- Electing three directors.

Where can I find more information about these voting matters?

- Information about nominees for reelection is contained in ITEM 1.

What is the relationship of S.Y. Bancorp and Stock Yards Bank & Trust Company?

S.Y. Bancorp is the holding company for Stock Yards Bank & Trust Company (referred to throughout this Proxy Statement as the Bank). S.Y. Bancorp owns 100% of Stock Yards Bank & Trust Company. Because S.Y. Bancorp has no operations of its own, its business and that of Stock Yards Bank & Trust Company are essentially the same.

Who is entitled to vote at the Annual Meeting?

Holders of record of common stock (Common Stock) of S.Y. Bancorp as of the close of business on March 9, 2007 will be entitled to vote at the Annual Meeting. On March 9, 2007, there were 14,368,212 shares of Common Stock outstanding and entitled to vote, each of which is entitled to one vote except that cumulative voting applies in the election of directors.

How do I vote my shares?

If you are a record shareholder of Common Stock (that is, if you hold Common Stock in your own name in S.Y. Bancorp's stock records maintained by our transfer agent, Stock Yards Bank & Trust Company), you may complete and sign the accompanying proxy card and return it to S.Y. Bancorp or deliver it in person. Shares will be voted as you instruct. If you return your proxy card and do not mark your voting instructions on your signed card, David Heintzman and Kathy Thompson as proxies named on the proxy card, will vote FOR the election of the three director nominees.

Street name shareholders of Common Stock (that is, shareholders who hold Common Stock through a broker or other nominee) who wish to vote at the Annual Meeting will need to obtain a proxy form from the institution that holds their shares and to follow the voting instructions on such form.

If you are a participant in the Stock Yards Bank & Trust Company 401(k) and Employee Stock Ownership Plan, are still employed by the Bank and have a Bank email address, you will receive an electronic version of the proxy card for the shares that you own through that savings plan. If you are a participant no longer employed by the Bank or for another reason do not have a Bank email address, you will receive a paper version of the proxy card via postal mail. In either case, that proxy card will serve as a voting instruction card for the trustee of the plan. If you own

Edgar Filing: S Y BANCORP INC - Form DEF 14A

shares through the plan and do not vote, the plan trustees will vote the plan shares in the same proportion as shares for which instructions were received under the plan.

1

Can I change my vote after I return my proxy card?

Yes. After you have submitted a proxy, you may change your vote at any time before the proxy is exercised by submitting a notice of revocation to the Secretary of S.Y. Bancorp or a replacement proxy bearing a later date. Or you may attend the annual meeting, revoke your proxy and vote in person. In each event, the later submitted vote will be recorded and the earlier vote revoked. Your attendance at the Annual Meeting will not revoke your proxy unless you provide written notice of revocation.

What constitutes a quorum for purposes of the Annual Meeting?

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the voting power of all outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business. Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by shareholders will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

What vote is required to approve each item?

The proposal to fix the number of directors at twelve and any other item to be voted upon at the Annual Meeting will pass if votes cast in its favor exceed votes cast against it.

Directors will be elected by a plurality of the total votes cast at the Annual Meeting. Assuming three directors are to be elected, a plurality means that the three nominees receiving the highest number of votes will be deemed elected.

Who counts the votes?

Judges appointed for the meeting will tabulate votes cast in person or by proxy at the Annual Meeting. These judges are independent inspectors who certify the results of the voting and will also determine whether a quorum is present at the meeting.

How are abstentions and broker non-votes treated?

A shareholder entitled to vote for the election of directors may withhold authority to vote for all nominees for directors or may withhold authority to vote for certain nominees for directors. A shareholder may also abstain from voting on the proposal to fix the number of directors. The judges will treat votes withheld from the election of any nominee for director and abstentions from any other proposal as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be counted in the number of votes cast for or against any matter. If a broker does not receive voting instructions from the beneficial owner of shares on a particular matter and indicates on the proxy that it does not have discretionary authority to vote on that matter, the judges will treat these shares as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on the matter.

What information do I need to attend the Annual Meeting?

We do not use tickets for admission to the Annual Meeting. If you are voting in person, we may ask for photo identification.

How does the Board recommend that I vote my shares?

The Board recommends a vote FOR the Directors proposal to fix the number of directors at twelve and FOR each of the nominees for Director set forth in this document.

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion in the best interests of S.Y. Bancorp. At the date this Proxy Statement went to press, the Board of Directors had no knowledge of any business other than that described herein that would be presented for consideration at the Annual Meeting.

Who will bear the expense of soliciting proxies?

S.Y. Bancorp will bear the cost of soliciting proxies in the form enclosed. In addition to the solicitation by mail, proxies may be solicited personally or by telephone, facsimile or electronic transmission by our employees. We reimburse brokers holding Common Stock in their names or in the names of their nominees for their expenses in sending proxy materials to the beneficial owners of such Common Stock.

Is there any information that I should know about future annual meetings?

Any shareholder who intends to present a proposal at the 2008 Annual Meeting of Shareholders (the 2008 Annual Meeting) must deliver the proposal to the Corporate Secretary at 1040 East Main Street, Louisville, Kentucky 40206 not later than November 23, 2007, if the proposal is submitted for inclusion in our proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934. In addition, S.Y. Bancorp's Bylaws impose certain advance notice requirements on a shareholder nominating a director or submitting a proposal to an Annual Meeting. Such notice must be submitted to the secretary of S.Y. Bancorp no later than January 23, 2008. The notice must contain information prescribed by the Bylaws, copies of which are available from the secretary. These requirements apply even if the shareholder does not desire to have his or her nomination or proposal included in S.Y. Bancorp's proxy statement.

ITEM 1. ELECTION OF DIRECTORS

Directors Proposal to Fix the Number of Directors and to Elect Directors

The articles of incorporation and bylaws of S.Y. Bancorp provide that the Board of Directors be composed of nine to twenty-five members. Each year the Board of Directors recommends the number for the coming year and presents a resolution to be adopted by the shareholders at the Annual Meeting. The Board of Directors has recommended that the number of directors constituting the Board be fixed at twelve for the ensuing year, subject to approval by shareholders at the Annual Meeting. If the three individuals nominated are elected, there will be ten individuals serving on the Board following the date of the 2007 Annual Meeting. The Board of Directors may appoint individuals to fill vacancies. Our Board of Directors has determined that Messrs. Carrico, Edinger, Herde, Madison, Simon and Tasman and Dr. Taylor satisfy the independence requirements of the NASDAQ. As a recently retired Chairman and CEO, Mr. Brooks does not satisfy these requirements nor do Mr. Heintzman and Ms. Thompson who are employees of the Bank.

Our Board of Directors consists of three classes, as nearly equal in size as possible. Each class generally serves a three-year term. Messrs. Brooks and Simon, and Ms. Thompson are nominees for reelection for a three-year term.

The Board of Directors has adopted a written charter for the Audit Committee, and this charter is available on S.Y. Bancorp's website: www.syb.com.

The Audit Committee oversees S.Y. Bancorp's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee, among other things, considers the appointment of the independent auditors for S.Y. Bancorp, reviews with the auditors the plan and scope of the audit and audit fees, monitors the adequacy of reporting and internal controls, meets regularly with internal and independent auditors, reviews the independence of the independent auditors, reviews S.Y. Bancorp's financial results as reported in Securities and Exchange Commission filings, and approves all auditing and permitted non auditing services performed by its independent auditors. The Audit Committee meets with our management at least quarterly to consider the adequacy of our internal controls and the objectivity of our financial reporting. This Committee also meets with the independent auditors and with our own appropriate financial personnel and internal

auditors regarding these matters. Both the independent auditors and the internal auditors regularly meet privately with this Committee and have unrestricted access to this Committee. The Audit Committee held five meetings during 2006.

The Board of Directors has determined that Mr. Herde is an audit committee financial expert for S.Y. Bancorp and is independent as described in the paragraph above. See CORPORATE GOVERNANCE AND RELATED MATTERS REPORT OF THE AUDIT COMMITTEE for more information.

Nominating and Corporate Governance Committee

The Board of Directors of S.Y. Bancorp, Inc. maintains a Nominating and Corporate Governance Committee. Members of this committee are Messrs. The Board of Directors adopted the charter for the Nominating and Corporate Governance Committee, and this charter is available on S.Y. Bancorp's website: www.syb.com.

Among the committee's duties are identifying and evaluating candidates for election to the board of directors, including consideration of candidates suggested by shareholders. EXECUTIVE COMPENSATION AND OTHER INFORMATION REPORT ON EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction/Corporate Governance

The members of the Compensation Committee are Messrs. Edinger and Tasman and Drs. Gall and Taylor, all of whom are independent non-employee Directors. Dr. Taylor chairs the Committee. The Board of Directors has adopted a written charter for the Compensation Committee. The functions of this committee include establishing the compensation amounts and programs for the executive officers. The Compensation Committee held three meetings during 2006, and its actions included discussion of and amendments to compensation philosophy, review and selection of peer group institutions, review of Compensation Discussion and Analysis requirements, review of current and adoption of a restated deferred compensation program for executive officers, recommendations to the Board regarding executive salaries and administration of employee equity awards.

In 2005, the Committee contracted with Compensation Service Group, an independent compensation consultant, to study the Bank's executive pay practices and, thereby, provide resources to the Committee. The Committee engaged the consultant to provide an independent assessment of the Bank's executive compensation relative to the appropriate industry segment and of the Bank's retirement programs and severance agreements relevant to prevalent practices. The consultant concluded the Committee's current practices to be consistent with its objective and with sound governance principles and the Committee used the consultant's findings as a foundation for its decisions regarding 2006 compensation. The Committee also employed a William M. Mercer, Inc. during 2006 to provide guidance on design and prevalence of executive nonqualified deferred compensation programs. Both consultants presented their findings to the Compensation Committee.

The CEO's compensation is determined entirely by the Committee. Compensation for all executive officers other than the CEO is based on recommendations by the CEO to the Committee, and the Committee either approves or adjusts to ensure consistency with Company philosophy and external competitive dynamics.

Objectives of Compensation Programs

The pay-for-performance compensation philosophy of the Compensation Committee supports S.Y. Bancorp's primary objective of creating value for its shareholders. The Committee strives to ensure the compensation of S.Y. Bancorp's executive officers is adequate to attract and retain talented individuals with proven abilities to lead S.Y. Bancorp and the Bank so growth and profitability are realized while maintaining stability and capital strength. The Bank competes with many other financial institutions in the markets where it operates—metropolitan Louisville and Indianapolis at this time—for the most outstanding individuals available. Competing financial institutions range in size from start up organizations to established community banks to significantly larger super-regional and money center banks. All are vying for capable leaders, and accordingly, are willing to attractively compensate individuals to join and/or stay with their respective organization.

As a point of reference and comparison in its analysis, the Committee uses a group of peer banks. This peer group is generally comprised of publicly traded banks from \$1.5 billion to \$3 billion in total assets. The larger banks are included because the Committee considers the Bank's Investment Management and Trust Department to provide an element of sophistication resulting in the overall Bank being more comparable to larger community banks. The peer group is comprised of banks in metropolitan areas of at least 250,000 people so as to more closely reflect the operating conditions of Stock Yards Bank—both from the standpoint of competing for business and for talented people. The peer group is more concentrated with midwestern and southeastern banks with stock widely held and not family controlled. Peers are included regardless of operating results, again to provide a more representative sample. The goal of the Committee is to compensate management with base pay between the 50th and 75th percentile while having incentive compensation for performance track a higher percentile as the Company's performance exceeds these levels.

The Committee believes the following compensation strategies for S.Y. Bancorp's executive officers, including the Chief Executive Officer (the CEO), achieve its objective. The philosophy of the Compensation Committee reflects a pay-for-performance culture while being competitive with other employers with which it competes for executive talent.

The General Design of S.Y. Bancorp's Compensation Programs

As the business of banking evolves and Stock Yards Bank & Trust Company continues to distinguish itself as an exceptional performer, it has become increasingly apparent that the Company's success is highly dependent upon the continuity realized by retaining very capable key officers. It is these individuals who execute the strategic plans of the Company. They deliver the Bank's hallmark high quality services and carry forward the Bank's century-old exceptional reputation. With the primary reason for customer dissatisfaction being disruption caused by banking officer turnover, management and the Compensation Committee have designed compensation programs to respond to the high priority of appropriately compensating officers critical to its customer service mission.

The Committee believes that a structure focusing on base salary, annual cash incentives and long term equity incentives is appropriate to achieve its objectives of attracting, motivating and retaining key executives, and paying them based on the performance they produce for shareholders. In addition to these elements of compensation, the Committee monitors and periodically modifies post-employment types of compensation (nonqualified or supplemental retirement and severance pay programs), each designed to retain valuable executive talent. The Company has no employment contracts with any of its officers.

Specific Elements of Compensation, and How Performance Impacts Each

The Company's in-service compensation program consists of three key components:

- Base pay
- Annual cash and stock incentive compensation
- Long term incentives

The elements of post-employment compensation and benefits for executives (in addition to the retirement programs provided to employees generally) include:

- Nonqualified deferred compensation
- A nonqualified supplemental pension program for two executives
- Change-in-control severance agreements with three executives

Base Salary. Executive officers' base pay is determined by evaluating the most recent comparative peer data relative to their roles and responsibilities designated in their positions. Individual salary increases are reviewed annually and are based on the Bancorp's comparative performance to the peer group and the executive's individual performance during the preceding year. The Committee has set a range between the 50th and 75th percentile for base salary relative to peers. In consideration of this range, the Committee increased the CEO's salary \$22,500 or 5% for 2006.

Annual Cash Incentives. The objective of annual cash incentive compensation is to deliver levels of compensation competitive to the peer group, conditioned on the attainment of annual financial objectives and operating results. The Committee believes these to be primary drivers of stock price performance over time. Therefore, the Committee established an incentive program based upon the achievement of certain earnings per share goals as well as line of business goals applicable to specific officers' duties. For 2006 the determination as to whether cash incentives would be paid to the CEO and non-line of business EVPs was based upon the achievement of earnings per share (EPS) growth of at least 6%. The formula has increasingly higher payout percentages for corresponding EPS increases, reinforcing the Committee's pay-for-performance philosophy. The payout scale for the CEO's annual cash bonus is as follows:

EPS Growth	Bonus as % of Base
6%	10%
7%	15%
8%	20%
9%	25%
10%	32.5%
11%	40%
12%	47.5%
13%	55%
14%	62.5%
15%	72.5%

For 2006, the Company achieved a 6% increase in EPS. The Committee reviewed these operating results relative to the impact of one time and non-comparative expenses for 2006 and the result on EPS growth. That analysis, coupled with an ever-increasing competitive environment, helped the Committee decided to award an additional bonus of 10% of base pay to the CEO.

Ms. Davis, who does not have line of business responsibility, receives an annual cash incentive at a percentage of her base salary determined based on one half the percentage applicable to the CEO. She also received a discretionary award similar to that described above for the CEO. This additional award was 5% of base pay. Each Executive with responsibility for a line of business has a weighted incentive goal based partly of the overall performance of the Company (using earnings per share as the performance measure) and also on attainment of line of business objectives. Any of these criteria or the resulting bonus amounts may be adjusted at the discretion of the Committee based upon their overall evaluation of an individual's performance and competitive positioning.

The main component of Ms. Thompson's annual cash incentive is based upon the net income before allocated expenses of the Investment Management and Trust Departments which she has responsibility for leading. The Investment Management and Trust Department contributes approximately 40% of the Bank's total non-interest income, distinguishing the Bank from many peers. Growth in departmental net income therefore directly impacts the profitability of the Bank and makes a significant contribution to enhancement of shareholder value. For that portion of her annual incentive to be earned, departmental net income must increase by at least 10%, and the amount of the incentive increases as net income growth increases, as follows:

Departmental Net Income Growth	Bonus as % of Base
10%	20%
11%	22%
12%	24%
13%	26%
14%	28%
15%	30%

For 2006 the department's income increased over 11% so Ms. Thompson received a 22% bonus. She also has a component of her annual cash incentive based on overall performance of the Company. This additional incentive requires 10% EPS growth of the Company. Accordingly, this portion of the incentive was not payable for 2006.

For Messrs. Hillebrand and Poindexter, incentives related to the line of business success are as follows. The Private Banking and Commercial Lending Departments are the source of significant loan and deposit growth. Net interest income comprises approximately 65% of the Bank's total revenues. Growth directly impacts the profitability of the Company making a significant contribution to enhancement of shareholder value. Various attributes including loan and deposit growth, loan fees and service charges, customer satisfaction and retention are weighted. Net loan and deposit growth receive the top weightings, and the net growth measurement considers customer retention along with acquisition of new business. The Bank continues to develop a formula-based incentive program which produces payouts commensurate with performance and accomplishment of established goals. With that still in process, the Committee approved more subjectively determined bonuses for these individuals.

Annual Stock Incentives. While EPS has historically been the sole driver as to the level of cash bonuses, in 2006 the Committee introduced two additional performance measures to be used in determining additional annual

11

awards return on average assets (ROAA) and return on average equity (ROAE). The Committee recognizes and rewards management for stellar performance and realizes these achievements set the Bank apart from competitors and add value to its shareholders. Therefore, each objective has a target set at the 90th percentile of the peer group three year average return. If the Company performs at the 90th percentile level, executive incentives will be awarded as follows:

ROAA - CEO receives 5% of base pay, and EVPs receive 2.5% of base pay

ROAE - CEO receives 5% of base pay, and EVPs receive 2.5% of base pay

Awards as determined above will be made annually in the form of restricted stock, rather than cash, with a three year vesting schedule. Awards for excellent ROAA and ROAE begin to shift dependency of incentives away from the single EPS growth objective by providing rewards for maintaining high performance for other key metrics. The three year vesting is designed to enhance retention. The benchmark for ROAA was met for 2006; the benchmark for ROAE was not. Awards for 2006 performance were granted in February 2007 using these new objectives.

Long Term Incentives. The Committee believes the long term incentive of granting of stock options to executives best serves the interests of shareholders by providing those persons having responsibility for the management and growth of S.Y. Bancorp and the Bank with an opportunity to increase their ownership of S.Y. Bancorp Common Stock and to have a stake in the future of the Company. By increasing executive officer ownership, these individuals will have an added incentive to maximize shareholder value. Additionally these equity awards further the Company's competitive advantage against significantly larger institutions in attracting and retaining talented individuals critical to the Company's success. Equity awards also provide an advantage over smaller community banks where equity compensation is not available. Executive officers are granted options, normally annually, giving them the right to purchase S.Y. Bancorp Common Stock at the price fixed at the Common Stock's trading value as of the date of grant, exercisable for a specified future period. The exercise period of the grants has historically been ten years. Therefore, as the common Stock market price increases, executives have an incentive to purchase that stock at the lower grant-date price.

The number of stock options granted each executive is based upon individual performance, contribution to the company's overall performance, and comparative practices. The number of options granted each executive is set to target an award with a value determined in the same fashion as options are valued for accounting purposes that ranged from 24% to 27% of each executive's base salary and was 34% for the CEO. These awards were granted in January 2006. Awards related to 2006 performance were granted in February 2007.

Post-Employment Compensation and Benefits. To enhance the objective of retaining key executives, the Company previously established Senior Executive Severance Agreements (the "Severance Agreement") for Mr. Heintzman, Ms. Davis and Ms. Thompson, concluding it to be in the best interests of S.Y. Bancorp, its Shareholders and the Bank to take reasonable steps to help assure these key executives of the Bank that they will be treated fairly in the event of a tender offer or takeover bid, or an actual Change in Control. With these agreements in place, if S.Y. Bancorp should receive takeover or acquisition proposals from third parties, S.Y. Bancorp will be able to call upon the key executives of the Bank for their advice and assessment of whether such proposals are in the best interests of shareholders, free of the influences of their personal employment situations. These severance agreements have been in place since the mid-1990s and were updated in 2005, and were not entered into because of any belief by management that a Change in Control of S.Y. Bancorp was imminent.

The Committee's current philosophy for other post-employment programs is to ensure parity for key executives in their ability to save for their own retirement, and in the amount the Bank contributions toward retirement savings. In 2006, the Committee took steps consistent with this philosophy by studying the adequacy of its retirement programs for key executives, and modified certain programs to provide that parity.

The Bank has a nonqualified deferred compensation plan, which, until 2006, merely provided executives with the ability to defer a portion of their cash compensation and related taxes, and instead receive that compensation and an investment market rate of return on the deferred portion, after their employment with the Bank ends or, in the case of certain events, in service distributions. Amendments in 2006 provided executives with Bank credits for the amount of match and ESOP contributions they do not receive under the Bank's qualified retirement plan on annual cash incentives and base salary above an annual tax-qualified plan cap under the Internal Revenue Code.

In the 1990 s the Bank created a plan (called the Senior Officer Security Plan, or SOSOP) to enhance the retirement security of key executives by granting them a fixed annual benefit per year after retirement, which fixed amount was originally designed to supplement broader-based retirement programs and bring the executives retirement income from combined sources of the tax-qualified employer retirement programs, social security and this plan to a level of approximately 70% of their pre-retirement income. The Committee studied this program in 2006, concluded that the fixed amounts would no longer assure executives of that level of income during retirement (compensating having grown in the interim with no adjustment to the fixed benefit amounts), but also concluded that expansion of this type of program was not consistent with its compensation objectives. The Committee also recognized that an increasingly-higher percentage of total compensation for its key executives would be derived from performance-based annual incentives, but the Bank s current broad-based employee retirement program did not recognize pay above base salary in computing annual contribution amounts. Therefore, rather than allow its broad-based retirement program to become increasingly less meaningful to executives whose incentive-based compensation is a larger percentage of total compensation, and rather than expanding the SOSOP to include a other key executives, or increasing the fixed annual income it will provide to Mr. Heintzman and Ms Thompson, the Committee decided to add a feature to its executive nonqualified deferred compensation plan to give certain key executives (including Messrs. Heintzman, Hillebrand and Poindexter and Mss. Thompson and Davis) a deferred compensation credit each year on annual incentive compensation, equal to that they would have received had the all-employee retirement plan included annual incentive compensation in its contribution formula. The Committee also transitioned a prior supplemental retirement program for Ms. Davis, that was based on the cash value increases in life insurance owned by the Bank, into the nonqualified deferred compensation program in 2006 by providing a one-time transition credit, after concluding that the prior program had a higher cost to the Bank than benefit to Ms. Davis. After these changes, the Committee believes its post-employment programs for executives will enable executives to accumulate adequate savings to supplement Social Security and tax-qualified plan benefits and enjoy an adequate percentage of pre-retirement pay as income during retirement.

Stock Ownership/Retention Guidelines

As noted above, equity compensation is awarded to have executives and shareholders interest merge in the long-term performance of the Company; therefore, management and the Committee expect executives to own stock. While retention or disposition of shares acquired upon option exercise is at the discretion of the option holder, to further the ownership objectives of the option grants there are Company minimum ownership guidelines based upon salary multiples. The CEO is expected to own stock, exclusive of value in unexercised options, at a multiple three times his base pay. For Executive Vice Presidents, that multiple is two times base pay. These guidelines encourage the option holder not to sell shares acquired upon exercise of options, other than to pay related taxes, at least until the guideline level of ownership is attained.

Conclusion

In summary, the Committee believes the total compensation program for S.Y. Bancorp s executive officers is competitive with programs offered by similar institutions, and executive compensation is appropriate to further the goals and objectives of S.Y. Bancorp and the Bank.

(1) Of this total, the officers deferred the following amounts of 2006 salary:

	Qualified Plan	Nonqualified Plan
Heintzman	\$ 13,200	\$ 37,800
Davis	16,650	10,000
Thompson	15,000	22,000
Hillebrand	15,000	
Poindexter	15,000	

(2) Options were granted January, 17, 2006 with an exercise price equal to the closing price of the common stock on that date, or \$24.067. The fair value of each option pursuant to SFAS No. 123R was \$5.8127. For statements; these financial statements may be found in Bancorp's annual report on Form 10-K. These options vest 20% annually beginning one year after grant with the exception of those granted to Mr. Heintzman and Mss. Davis and Thompson, which fully vest six months after the grant date. Bancorp began recognizing expense for stock options in accordance with SFAS No. 123R in 2006. Bancorp accelerated the vesting of all employee stock options in 2005. As a result of that acceleration, there will be no expense recognized pursuant to SFAS No. 123R for employee options granted before December 31, 2005. Share and per-share information has been adjusted to reflect the 5% stock dividend paid in May 2006.

	Granted in 2006	Vested in 2006	Expensed in 2006
Heintzman	31,500	31,500	\$ 183,100
Davis	8,400	8,400	48,827
Thompson	14,700	14,700	85,447
Hillebrand	9,450		10,474
Poindexter	9,450		10,474

(3) All cash incentives and bonuses granted to the Executives for 2006 were fully vested when granted. The amounts were determined in accordance with the process and using the performance criteria described in Compensation Discussion and Analysis.

(4) Totals include the following:

	Heintzman	Davis	Thompson	Hillebrand	Poindexter
Change in actuarial value of defined benefit	\$ 46,011	\$	\$ 20,325	\$	\$
Nonqualified deferred compensation earnings	43,494	8,938	16,296	3,383	
	\$ 89,505	\$ 8,938	\$ 36,621	\$ 3,383	\$

Assumptions used in calculating the change in actuarial value of the defined benefit above are a discount rate of 5.75% for both December 31, 2005 and 2006, a retirement age of 65, with Mr. Heintzman's current age being 47, and Ms. Thompson's being 45; payments occurring for 15 years, and assuming no pre-or post retirement mortality.

All earnings on the Executives' nonqualified deferred compensation balance are included in the totals, because the earnings are not determined by either a market rate of interest, nor based on investment options that are identical to those available under the broad-based employee 401(k) plan. Rather, earnings are based on the actual performance of investment funds that the Bank designated and the allocation of the nonqualified plan account balance by the executives as among those funds.

(5) All Other Compensation consists of the following:

	Heintzman	Davis	Thompson	Hillebrand	Poindexter
Employer Matching on 401(k) deferrals	\$ 13,200	\$ 10,800	\$ 13,200	\$ 10,800	\$ 10,800
Employer Contribution to the ESOP	4,400	3,600	4,400	3,600	3,600
Board fees (5.1)	12,500		12,500		
Bank contributions to nonqualified plan (5.2)(5.3)	38,316	41,578	14,032	3,926	3,568
Other	6,769	3,495	4,985	6,382	2,407
	\$ 75,185	\$ 59,473	\$ 49,117	\$ 24,708	\$ 20,375

(5.1) Mr. Heintzman deferred receipt and taxation of his Board fees.

(5.2) Includes an amount of 401(k) match and ESOP contribution not received under the Bank's tax-qualified 401(k) and Employee Stock Ownership Plan because the eligible compensation taken into account under the 401(k) and Employee Stock Ownership Plan does not include either (i) any pay in excess of base salary, or (ii) any base salary above an annual tax-qualified plan cap under the Internal Revenue Code.

(5.3) Includes for Ms. Davis a one-time \$38,074 credit to her account (in excess of prior year accrued benefits) to replace a prior nonqualified defined contribution arrangement that the Bank and Ms. Davis agreed to end in 2006.

(6) Perquisites totaled less than \$10,000 for each Executive and are therefore not included in the table.

The following table sets forth information concerning plan-based awards made to the Executives during the last fiscal year. No Executive was granted an equity or non-equity incentive plan awards in 2006 for potential payment in a future year.

The 2005 Restated Senior Officer Security Plan (the SOSP) promises benefits, beginning at age 65, of \$136,500 per year for 15 years for Mr. Heintzman and \$82,000 per year for 15 years for Ms. Thompson, as a means to help them attain reasonable levels of income replacement during retirement, after also considering expected

Social Security benefits and the broad-based retirement plan applicable to Bank employees generally. The total potential benefit vests gradually at 4% per year of service so that is 100% vested if the Executive works for the Bank for a total of 25 years. As of the end of 2006, Mr. Heintzman was 84% vested, and Ms. Thompson was 56% vested in their respective benefits. The retirement benefit also becomes fully vested in the event of the Executive's disability or a change of control of the Bank or the Bancorp while the Executive is employed by the Bank.

If the Executive terminates employment before age 55, benefit payments can begin as earlier as age 55 (or such later age as the Executive has elected), but the annual payment amount is adjusted to the same present value as the benefit if paid at age 65. If the Executive leaves the Bank after age 55, the benefits do not begin until age 65.

Death benefits are provided in lieu of these retirement payments if the participant dies while in the employ of the Bank before age 65 or after leaving the Bank due to disability. The death benefits are provided by the Bank endorsing over to the Executive via a split dollar agreement a right to payment of a portion of the death benefits due under several insurance policies purchased by the Bank on the Executives. As of the end of 2006, the SOSOP provided for a \$2,947,258 death benefit for Mr. Heintzman and a \$1,762,805 death benefit for Ms. Thompson.

If an executive dies after employment termination (other than on account of disability) but before retirement payments begin, the Executive's selected beneficiary is paid a death benefit equal to the retirement payments to which the Executive would have been entitled, at the same time and in the same amounts those payments would have even paid to the executive. The following table illustrates these pension benefits:

Pension Benefits Table

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
David P. Heintzman	Senior Officers Security Plan	22	472,608	
Nancy B. Davis				
Kathy C. Thompson	Senior Officers Security Plan	15	173,098	
James A. Hillebrand				
Phillip S. Poindexter				

The Executive Nonqualified Deferred Compensation Plan (the NQ Plan) allows the Executive to defer base salary by a dollar amount or any whole percentage of up to 10%. Beginning with incentive compensation paid (if any) with respect to 2007, participants are also allowed to defer receipt and income taxation on up to 50% of annual incentive compensation. Beginning in 2006, Executives are credited with the amount of match and basic ESOP contribution that those officers do not receive under the Bank's tax-qualified 401(k) and Employee Stock Ownership Plan applicable to employees generally, because the eligible compensation taken into account under the 401(k) and Employee Stock Ownership Plan does not include either (i) any pay in excess of base salary, or (ii) any base salary above an annual tax-qualified plan cap under the Internal Revenue Code (which cap is \$220,000 in 2006 and is indexed each year). This Bank credit to the Executive's plan accounts is vested in accordance with the vesting schedule in the tax-qualified 401(k) and Employee Stock Ownership Plan, so all Executives except Mr. Poindexter are 100% vested in this amount upon its credit to the NQ Plan.

Once amounts are credited to the NQ Plan, they increase or decrease based on the actual investment performance of certain investments funds selected by the Company from time to time, among which investment funds the Executives can designate (and re-designate as often as they wish) how their account balances should be allocated.

The Executives have elected between a lump sum distribution or annual installments over no more than 10 years from the NQ Plan, but that election applies only if they leave the Bank's employ due to death or after age 55. If the Executive's termination of employment occurs other than on account of death and prior to age 55, benefits are automatically paid in a lump sum.

The Executive also may elect (prior to the year in which credits are to be made) to have some or all of their own deferrals paid to them in a lump sum or installments over up to six years, while still employed by the Bank,

provided they timely designate the amount and time for that payment, and subject to Internal Revenue Code restrictions on later accelerating the payment or delaying it. Executives may also apply to receive a distribution in the event of an unforeseeable emergency.

Nonqualified Deferred Compensation Table

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)(2)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$)
David P. Heintzman(1)	37,800	38,316	23,633		189,323
	12,500		19,861		170,779
	50,300	38,316	43,494		360,102
Nancy B. Davis	10,000	41,578	8,938		150,658
Kathy C. Thompson	22,000	14,032	16,296		113,156
James A. Hillebrand		3,926	3,383		15,589
Phillip S. Poindexter		3,568			3,568

- (1) For Mr. Heintzman totals include first an employee account then a director fee deferral account.
- (2) Includes an amount for each officer equal to the 401(k) match and ESOP contribution not received under the Bank's tax-qualified 401(k) and Employee Stock Ownership Plan because of plan limits, as described above. This total also includes for Ms. Davis a one-time \$38,074 credit in addition to the amount previously earned under a prior program that was combined with this one, in exchange for her agreement to merge the benefits of that prior arrangement into this plan.

Other Potential Post-Employment Payments

Various benefit plans of the Bank have special terms that apply if a change in control occurs:

- The SOSP, described above, provides that a change in control of the Bank during the Executive's employment will trigger the Executive becoming fully vested in the SOSP benefit.
- The NQ Plan discussed above provides that at a change in control while the Executive is still employed, any Bank credits to this plan that are then unvested will be 100% vested.
- The Executives' ability to exercise stock options is fully accelerated upon a change in control and any unvested restricted stock becomes 100% vested at change in control.
- Three of the Executives have Severance Agreements that generally only apply in the event of a change in control.

The Bank has entered into 2005 Restated Senior Executive Severance Agreements (Severance Agreements) with Mr. Heintzman, Ms. Davis and Ms. Thompson. Each Severance Agreement provides that, in the event (A) the Executive is forced to resign during negotiations or following a change in control of Bank or Bancorp or (B) the Executive voluntarily terminates employment within 24 months following a change in control, the Bank will pay the Executive a severance payment equal to 299 percent of the Executive's average gross taxable income for the previous five years (Full Payment). Should voluntary termination occur between 24 and 36 months following the change in control, the Executive will receive 2/3 of the Full Payment. Payments under the Severance Agreements are paid in a lump sum six months following termination of employment.

No payments are made under the Severance Agreements if (i) the Executive fails to comply with the Bank's confidentiality policies, (ii) termination occurs because the Bank has determined there is cause as defined in the Severance Agreement, (iii) the Executive terminates due to death or disability, or (iv) the Executive announced before the event an intention to voluntarily cease working with no intention to seek other

employment at a date that happens to correspond to a change in control. The Severance Agreement also requires that the Executive not compete, directly or indirectly, by soliciting customers or business of the Bank in Kentucky or a 50 mile radius of Louisville, Kentucky, or by soliciting for employment any employee of the Bank, for a period of 18 months following the receipt of any severance payment.

19

The Severance Agreements provide that the Bank will indemnify the Executive for legal fees and expenses incurred in contesting any termination or enforcing the Severance Agreement. In addition, the Severance Agreement requires that the Bank pay any excise taxes payable due the compensation paid under this and other agreements, and gross up that payment to cover the income taxes on the excise tax payment. Excise taxes would be due if the total of the payments under the Severance Agreement, plus other payments that are triggered by or enhanced due to a change in control, amount to more than 300 percent of the Executive's gross taxable income for the previous five years; if this occurs, then all amount paid in excess of 100% of that five-year average taxable income is an excess parachute payment under Code Section 280G.

Because awards under the Company's Stock Incentive Plan become fully exercisable or vest upon a change in control, and the SOSPP benefits promised Mr. Heintzman and Ms. Thompson also accelerate in that event, it is likely that the Bank would have to reimburse for some excise taxes under this agreement.

The following table estimates the amount that would have been payable under the Severance Agreements if their terms had been triggered as of December 31, 2006.

Officer	Senior Executive Severance Agreement Full Payment	2/3 Payment	Excise Tax Payment and Tax Gross-Up if Full Payment is Due (1)	Difference between lump sum value of SOSP if fully vested, as compared with its value at actual percentage now vested (2)	Value realized if Unvested Options were Exercised (3)	Additional Value to Executive from Accelerated Vesting of NQ Plan
Heintzman	\$ 1,630,815	\$ 1,087,210	\$ 547,630	\$ 82,229	\$	\$
Davis	506,569	337,712				
Thompson	963,447	642,298	347,892	121,335		
Hillebrand					37,170	
Poindexter					37,170	3,568

(1) This assumes the excise tax rate is 20%, the executive's combined state and federal income tax rate is 40% and that the value of the accelerated vesting etc. under Internal Revenue Code Section 280G principles is \$14,560 in the case of Mr. Heintzman, in the case of Ms. Thompson, and \$9.868 in the case of Ms. Davis, which value makes the total consideration connected to the change in control exceed the parachute limits of that Code Section. If the value of the consideration received under that code section exceeds 3 times the Executive's prior 5 year's average income-taxable compensation, then all values above 1 times that average historical compensation are subject to the excise tax.

(2) This figure is the lump sum present value of 100% of the SOSPP benefit, less the present value of the percentage of the benefit already vested, using an interest rate of 5.81% (120% of the IRS-published applicable federal rate as dictated by the SOSPP's terms) and the actual attained ages of the Executives as of the fiscal year end.

(3) This is the difference between the exercise price and the December 31, 2006 market price of the awarded but as-yet-unvested stock options held by each executive.

Director Compensation

The following table set forth information concerning the compensation of our Directors for the last fiscal year:

Director Compensation Table

Name (4)	Fees Earned or Paid in Cash (\$ (1))	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$ (2))	All Other Compensation (\$ (3))	Total (\$)
Mr. Brooks	25,700				37,625	84,000	147,325
Mr. Carrico	25,800						25,800
Mr. Edinger	23,700				48,234		71,934
Dr. Gall	20,000				50,633		70,633
Mr. Herde	24,200				5,395		29,295
Mr. Madison	20,500				108,174		128,674
Mr. Simon	24,200				13,207		37,407
Mr. Tasman	25,000				73,316		98,316
Dr. Taylor	21,000				11,483		32,483

(1) Of this total, the directors deferred receipt and taxation of the following amounts of 2006 fees:

	Nonqualified Plan
Mr. Brooks	
Mr. Carrico	
Mr. Edinger	23,700
Dr. Gall	20,000
Mr. Herde	24,200
Mr. Madison	20,500
Mr. Simon	15,350
Mr. Tasman	25,000
Dr. Taylor	21,000

(2) Each director has the option of deferring some or all of his/her fees. Investment options include Bancorp stock and various mutual funds. For Mr. Brooks, deferred compensation earnings include both \$22,443 from his Director NQ Plan account and \$15,182 from his executive NQ Plan account..

(3) Mr. Brooks, a former executive of the Bank, participated in both the Director and the Executive NQ Plan. During 2006 he received distributions of \$9,352 from his account in the Executive NQ Plan. Mr. Brooks, is also participant in the SOSF (described in more detail above), and under that plan has an annual defined benefit of \$84,000. He received his first annual payment under this plan in 2006, and payment of that same amount will continue for 14 more years. This amount is reflected under All Other Compensation above. The actuarially-determined present value of his benefit obligation *declined* in 2006 because he is receiving annual benefits, so no amount is included for the change in this pension value above.

(4) Mr. Heintzman and Ms. Thompson serve as directors for the Company. All of their compensation as directors is included in the Summary Compensation Table above.

Edgar Filing: S Y BANCORP INC - Form DEF 14A

Directors may defer all or a portion of their fees pursuant to the Director Nonqualified Deferred Compensation Plan (the Director NQ Plan), and the amounts so deferred then increase or decrease in value based on how the director elects that the account be allocated as among various investment options selected by the Bank from time to time. The investment options are currently the same options available under the Executive NQ Plan, except that directors may also direct that their fees be invested in Bancorp stock, which is then actually purchased and held in trust at the Bank. Approximately 74 percent of the total amounts owed directors under this NQ Plan as of the last fiscal year end was invested in Bancorp stock.

For 2006, non-employee directors received an annual retainer of \$5,200. All Bancorp s directors received \$900 increased in May to \$1,000 for each meeting of S.Y. Bancorp s Board of Directors he or she attended, if the

21

meeting was not held immediately before or after a meeting of the Board of Directors of the Bank. S.Y. Bancorp's directors are also directors of the Bank, and received \$900 increased in May to \$1,000 for each Bank board meeting attended.

Non-employee directors of S.Y. Bancorp and the Bank who are members of the various committees of the Board of Directors received \$500 increased to \$600 during 2006 per meeting of S.Y. Bancorp's Audit Committee, \$400 increased to \$500 per meeting of S.Y. Bancorp's Compensation Committee, \$400 increased to \$500 per meeting of S.Y. Bancorp's Nominating and Corporate Governance Committee, \$400 increased to \$500 per meeting attended of the Bank's Trust Committee, and \$300 increased to \$500 per meeting attended of the Bank's Loan Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee acts under a written charter approved and adopted by the Board of Directors. The Audit Committee reviews S.Y. Bancorp's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

The Committee discussed with management, the internal auditors and the independent auditors the quality and adequacy of S.Y. Bancorp's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks. The Committee also discussed the results of the internal audit examinations.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that S.Y. Bancorp's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the quarterly and year end consolidated financial statements contained in filings with the Securities and Exchange Commission with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from S.Y. Bancorp and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee has also considered whether the independent auditors' provision of non-audit services to S.Y. Bancorp is compatible with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited consolidated financial statements be included in S.Y. Bancorp's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC.

Audit-related fees (2)	4,000	4,000
Tax fees (3)		
All other fees		
Total fees	\$ 206,460	\$ 196,150

The Audit Committee is responsible for pre-approving all auditing services and permitted non-audit services to be performed by its independent auditors, except for 2006 and 2005, respectively, they pre-approved the performance of audit-related services for which fees may total up to \$20,000 and \$10,000 annually. In 2006 and 2005, no audit-related fees were incurred under this approval. For 2006 audit fees of \$9,460 and for 2005 audit fees of \$6,500 included at (1) above were incurred under this approval.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

The Bank has had, and expects to have in the future, banking transactions in the ordinary course of business with certain directors and officers of S.Y. Bancorp and the Bank and their associates, as well as with corporations or organizations with which they are connected as directors, officers, shareholders or partners. These banking transactions are made on substantially the same terms (including interest rates and collateral) as those prevailing at the time for comparable transactions with other persons. In the opinion of management of S.Y. Bancorp and the Bank, such transactions do not involve more than the normal risk of collectibility or present other unfavorable features. Loans made to directors and executive officers are in compliance with federal banking regulations and are thereby exempt from insider loan prohibitions included in the Sarbanes-Oxley Act of 2002.

At December 31, 2006, loans to directors and officers of S.Y. Bancorp and the Bank and their associates totaled \$8,111,000 equaling 5.9% of the Bancorp's consolidated stockholders' equity.

Compensation Committee Interlocks and Insider Participation

During 2006 Messrs. Edinger and Tasman and Drs. Gall and Taylor, all of whom are independent, non-employee directors, served on the Compensation Committee of the Board of Directors. None of these gentlemen has ever served as an officer of Bancorp nor had any relationship with Bancorp requiring disclosure. The Compensation Committee members have no interlocking relationships requiring disclosure under the rules of the Securities and Exchange Commission.

Review of Related Person Transactions

Bancorp has written procedures for reviewing transactions between Bancorp and its directors and executive officers, their immediate family members and entities with which they have a position or relationship. These procedures are intended to determine whether any such related person transaction impair the independence of a director or presents a conflict of interest on the part of a director or executive officer. Quarterly we require each of our directors and executive officers to complete a questionnaire listing any related person transactions. These are compiled by the internal audit department, and results are reported to the Audit Committee of the Board of Directors. Annually we require each director and executive officer to complete a directors' and officers' questionnaire that elicits information about related person transactions. Any related person transactions identified are discussed with the Audit Committee and evaluated to determine whether any likelihood exists that the transaction could impair the director's independence or present a conflict of interest for that director. Any such conclusion would be considered by the Board of Directors. Should it be determined a director is no longer independent, he/she would be removed from the Audit, Compensation or Nominating and Governance Committee(s) as applicable. If the transaction were to present a conflict of interest, the Board would determine the appropriate response. Upon receiving notice of any transaction on the part of an executive officer that may present a conflict of interest, the internal auditor will discuss the transaction with the CEO or if the transaction involves the CEO, the Chair of the Audit Committee, to determine whether the transaction presents a conflict of interest. In a case involving a conflict of interest, the CEO, or Chair of the Audit Committee, along with the director of Human Resources will determine the appropriate response.

Other than banking transactions described above, there were no transactions with related persons needing to be disclosed under the SEC's disclosure requirements.

Beginning in 2007 the Audit Committee established a procedure under which any related person transaction or series of transactions in excess of \$25,000, other than banking transactions in the ordinary course of business and in compliance with federal banking regulations, will be reported to and preapproved by the audit committee.

INFORMATION CONCERNING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP has been engaged to audit the consolidated financial statements of S.Y. Bancorp for the past nineteen years. Representatives of KPMG LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.
