PROXY STATEMENT
FOR THE 2007 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 23, 2007

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this proxy statement and the enclosed proxy card because the Board of Directors of TorreyPines Therapeutics, Inc. (sometimes referred to as the Company or TorreyPines) is soliciting your proxy to vote at the 2007 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about April 23, 2007 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 3, 2007, the record date of the annual meeting, will be entitled to vote at the annual meeting. At the close of business on this record date, there were 15,700,839 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, at the close of business on April 3, 2007, your shares were registered directly in your name with our transfer agent, Nevada Agency and Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, at the close of business on April 3, 2007, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, because you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

- Election of seven directors to hold office for the ensuing year and until their successors are elected; and
- Ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending, December 31, 2007.

Any other matter that is properly presented at the meeting will also be voted upon at that time.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee(s) you specify. For the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007, you may vote For or Against or abstain from voting.

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the annual meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.
- To vote over the telephone, available only for stockholders in the USA, Canada and Puerto Rico stockholders only, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Time on May 22, 2007 to be counted.
- To vote on the Internet, go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Time on May 22, 2007 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of the Company's common stock you own as of April 3, 2007.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all seven nominees for director and For the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending, December 31, 2007. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return *each* proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy card with a later date.
- You may send a timely written notice that you are revoking your proxy to our corporate Secretary at 11085 North Torrey Pines Road, Suite 300, La Jolla, California 92037.
- You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 25, 2007, to our Corporate Secretary at 11085 North Torrey Pines Road, Suite 300, La Jolla, California 92037. If you wish to submit a proposal that is not to be included in next year's proxy materials or nominate a director, your proposal generally must be submitted in writing to the same address no later than February 23, 2008, but no earlier than January 24, 2008. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Withhold and, with respect to proposals other than the election of directors, Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are broker non-votes ?

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under the rules and interpretations of the New York Stock Exchange, non-routine matters are generally those involving a contest or a matter that may substantially affect the rights or privileges of shareholders, such as mergers or shareholder proposals.

How many votes are needed to approve each proposal?

- For the election of directors, the seven nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected.
- To be approved, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm must receive For votes from the holders of a majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares are present at the meeting in person or represented by proxy. At the close of business on the record date, there were 15,700,839 shares outstanding and entitled to vote. Thus, the holders of 7,850,420 shares must be present in person or represented by proxy at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2007.

PROPOSAL 1**ELECTION OF DIRECTORS**

Our Certificate of Incorporation permits the Board of Directors to fix the number of members comprising the Board of Directors. Currently, our Board of Directors consists of ten members. Three of our current directors, William T. Comer, Ph.D., Louis G. Cornacchia and Marvin Hausman, M.D., have informed our Board of Directors that they will retire upon the expiration of their current terms. Our Board of Directors and management extend their gratitude to Drs. Comer and Hausman and Mr. Cornacchia for their many years of contributions to our Company. In recognition of Dr. Comer's years of service to the Company, the Board of Directors will recognize Dr. Comer as Chairman Emeritus following his retirement from the Board of Directors. It is the intention of our Board of Directors to reduce the total number of directors from ten to seven following this year's annual meeting of the stockholders. Therefore, there are seven nominees for director this year. Each director to be elected will hold office until the next annual meeting of stockholders and until his or her successor is elected, or, if sooner, until the director's death, resignation or removal. **The Board Of Directors Recommends
A Vote In Favor Of Each Named Nominee.**

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

As required under the Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of a listed company s Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. The Board consults with our counsel to ensure that the Board s determinations are consistent with relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent registered public accounting firm, the Board has affirmatively determined that the following six directors are independent directors within the meaning of the applicable Nasdaq listing standards: Dr. Davis, Dr. Deleage, Dr. Ferris, Dr. Fisherman, Mr. Ratoff and Mr. Van Beneden. In making this determination, the Board found that none of these directors or nominees for director had a material or other disqualifying relationship with us. Dr. Kurtz, our President and Chief Executive Officer is not an independent director by virtue of his employment with us.

Meetings of the Board of Directors

During the year ended December 31, 2006, the Board of Directors held a total of 16 meetings. Prior to the Merger, the Board, which was comprised of Gosse B. Bruinsma, M.D., former President and Chief Executive Officer of the Company, Mr. Cornacchia, Dr. Ferris, Dr. Hausman, Mr. Ratoff and Ralph Snyderman, M.D., held 14 meetings. After the closing of the Merger in October 2006, the Board, which was comprised of Dr. Comer, Mr. Cornacchia, Dr. Davis, Dr. Deleage, Dr. Ferris, Dr. Fisherman, Dr. Hausman, Dr. Kurtz, Mr. Ratoff and Mr. Van Beneden, held two meetings. Each Board member attended 75% or more of the aggregate meetings of the Board and of the committees on which he served, which were held during the period for which he was a director or committee member.

As required under applicable Nasdaq listing standards, in fiscal 2006, our independent directors met four times in regularly scheduled executive sessions at which only independent directors were present.

Information Regarding Committees of the Board of Directors

Our Board of Directors currently has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Below is a description of each committee of the Board of Directors and information regarding committee meetings held in 2006. The Board of Directors has determined that each member of each committee meets the applicable rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to us. The charters for the Audit, Compensation and Corporate Governance and Nominating Committees can be found on our corporate website at www.torreypinestherapeutics.com.

Audit Committee

The Audit Committee of the Board of Directors was established by the Board in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 to oversee our corporate accounting and financial reporting processes and audits of our financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent registered public accounting firm; determines and approves the engagement of the independent registered public accounting firm; determines whether to retain or

terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm; reviews and approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on our audit engagement team as required by law; reviews and approves or rejects transactions between the Company and any related persons; confers with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review our annual audited financial statements and quarterly financial statements with management and the independent registered public accounting firm, including reviewing our disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations.

The Audit Committee met a total of seven times during the fiscal year ended December 31, 2006. Prior to the Merger, the Audit Committee, which was comprised of Messrs. Cornacchia and Ratoff and Dr. Ferris, met five times during 2006. After the Merger, the Audit Committee, which is comprised of Drs. Davis and Ferris and Mr. Ratoff, met two times. Dr. Davis currently chairs the Audit Committee. Our Board has determined that all members of our Audit Committee are independent (as independence is currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards). Our Board of Directors has determined that Dr. Davis and Mr. Ratoff each qualifies as an audit committee financial expert as defined in the applicable Securities and Exchange Commission, or SEC, rules. The Board made a qualitative assessment of each of Dr. Davis and Mr. Ratoff's respective levels of knowledge and experience based on a number of factors, including his respective formal education and prior experience.

The Audit Committee is authorized to retain advisors and consultants and to compensate them for their services.

Compensation Committee

The Compensation Committee of the Board of Directors acts on behalf of the Board to review, adopt and oversee our compensation strategy, policies, plans and programs, including:

- establishment of corporate and individual performance objectives relevant to the compensation of our executive officers, directors and other senior management and evaluation of performance in light of these stated objectives;
- review and approval of the compensation and other terms of employment or service, including severance and change-in-control arrangements, of our Chief Executive Officer and the other executive officers;
- review and recommendation to the Board of the type and amount of compensation to be paid or awarded to Board members; and
- administration of our equity compensation plans, pension and profit-sharing plans, deferred compensation plans and other similar plan and programs.

Commencing this year, the Compensation Committee also began to review with management our Compensation Discussion and Analysis and to consider whether to recommend that it be included in proxy statements and other filings.

The Compensation Committee met a total of five times during the year ended December 31, 2006. Prior to the Merger, the Compensation Committee, which was comprised of Messrs. Cornacchia and Ratoff and Dr. Snyderman, held two meetings during 2006. After the Merger, the Compensation

Committee, which is comprised of Drs. Davis and Fisherman and Mr. Van Beneden, held three meetings. Dr. Davis currently chairs the Compensation Committee. Our Board has determined that all members of our Compensation Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Compensation Committee is authorized to retain advisors and consultants and to compensate them for their services.

Executive and Director Compensation Process.

The following is an overview of our processes and procedures for the consideration and determination of executive compensation. The specific determinations of the Compensation Committee with respect to executive compensation for fiscal 2006 are described in greater detail in the Compensation Discussion and Analysis section of this proxy statement.

At the beginning of each year the Compensation Committee meets with our management team to specify a limited number of key corporate and individual goals for the upcoming year. These goals are then weighted to reflect their importance in determining overall corporate performance. At the end of the year the Compensation Committee reviews corporate and individual performance and establishes the achievement level of each goal.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serves, or has served during the last fiscal year, as a member of the compensation committee or a member of the Board of Directors of any other company that has an executive officer serving as a member of our Compensation Committee or Board of Directors.

Compensation Committee Report

The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, or the Securities Act, or the Exchange Act.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis, or CD&A, contained in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the Board of directors that the CD&A be included in this proxy statement and incorporated into our Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

Dr. Jason Fisherman
Mr. Patrick Van Beneden

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee of the Board of Directors is responsible for identifying, reviewing and evaluating candidates to serve as our directors (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board of Directors for selection candidates for election to the Board of Directors, making recommendations to the Board regarding the membership of the committees of the Board, assessing the performance of the Board and developing a set of corporate governance principles for the Company.

The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements and having the highest personal integrity and ethics. The Corporate Governance and

Nominating Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, knowledge of the industry, having the ability to exercise sound business judgment and having the commitment to represent the long-term interests of our stockholders. However, the Corporate Governance and Nominating Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Corporate Governance and Nominating Committee considers such factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability.

At this time, the Corporate Governance and Nominating Committee does not have a policy with regard to the consideration of director candidates recommended by stockholders. The Corporate Governance and Nominating Committee believes that it is in the best position to identify, review, evaluate and select qualified candidates for Board membership, based on the comprehensive criteria for Board membership approved by the Board.

During 2006 the Corporate Governance and Nominating Committee worked to reduce the size of the Board of Directors from ten members to seven members, as reflected in the nominees for election. Prior to the Merger, the Corporate Governance and Nominating Committee, which included Mr. Ratoff and Drs. Ferris and Snyderman, held two meetings during the year ended December 31, 2006. After the Merger, the Corporate Governance and Nominating Committee, which includes Drs. Comer and Deleage and Mr. Ratoff, did not hold any meetings. Dr. Deleage currently chairs the Corporate Governance and Nominating Committee. As discussed above, Dr. Comer will retire upon the expiration of his current term. All members of the Nominating Committee are independent, as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards. The Corporate Governance and Nominating Committee is authorized to retain advisors and consultants and to compensate them for their services.

Stockholder Communications With the Board of Directors

Historically, we have not provided a formal process related to stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the Board has been excellent.

Amended and Restated Code of Business Conduct and Ethics

We have adopted the TorreyPines Therapeutics, Inc. Amended and Restated Code of Business Conduct and Ethics that applies to all of our officers, directors and employees. The Amended and Restated Code of Business Conduct and Ethics is available on our website at www.torreypinestherapeutics.com. If we make any substantive amendments to the Amended and Restated Code of Business Conduct and Ethics or grant any waiver from a provision of the Code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007 and has further directed that management submit the selection of Ernst & Young LLP as our independent registered public accounting firm for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited our financial statements since December 2006 and previously audited the financial statements of TPTX, Inc. prior to the Merger. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interest and the best interest of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Change of Independent Registered Public Accounting Firm

On December 11, 2006, the Audit Committee of the Board of Directors approved the appointment of Ernst & Young LLP as our independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2006 in place of Eisner LLP. The decision to change independent registered public accounting firm was authorized by our Board of Directors.

In connection with our audits for the fiscal years ended December 31, 2004 and 2005, and in the subsequent period before Eisner's dismissal on December 11, 2006, there were no disagreements with Eisner on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, that would have caused Eisner to report the disagreement if it had not been resolved to the satisfaction of Eisner. Eisner's reports on the financial statements for the past two years did not contain an adverse opinion or disclaimer of an opinion nor were they qualified or modified as to uncertainty, audit scope or accounting principles. Eisner's letter to the Securities and Exchange Commission stating its agreement with the statements in this paragraph was filed as an exhibit to our Current Report on Form 8-K dated December 13, 2006.

During the fiscal year ended December 31, 2005, and during the subsequent interim period preceding the engagement of Ernst & Young LLP, we did not consult with Ernst & Young LLP regarding the application of accounting principles to a specified transaction, either completed or proposed, the type of audit opinion that might be rendered on our financial statements, or any other matters or reportable events described in Item 304(a)(2)(ii) of Regulation S-K.

In connection with the audit of the 2006 financial statements, the Company entered into an engagement agreement with Ernst & Young LLP, which sets forth the terms by which Ernst & Young LLP will perform audit services for the Company. That agreement is subject to alternative dispute resolution procedures.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm, Ernst & Young LLP. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence.

The Board Of Directors Recommends A Vote In Favor Of Proposal 2.

The Audit Committee has reviewed and discussed with our management the audited financial statements for the fiscal year ended December 31, 2006. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent accountants required by the Independence Standards Board Standard No. 1, (*Independence Discussions with Audit Committees*), as adopted by the PCAOB in Rule 3600T and has discussed with the independent accountants the independent accountant s independence. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the 1934 Act) requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2006, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives and Philosophy of Executive Compensation

The Compensation Committee of our Board of Directors is responsible for establishing, implementing and monitoring the policies governing compensation for our executives. The objective of the Compensation Committee is to provide a competitive compensation package that will attract, motivate and retain talented and dedicated executives who will enable us to achieve our key strategic goals. The Compensation Committee believes it is important to align incentives for executives with value creation for stockholders. In order to accomplish this purpose, the Compensation Committee believes it is appropriate for a significant amount of the total compensation of each executive to be based on performance, which compensation may or may not be earned. The Compensation Committee intends to make compensation decisions that:

- support our overall business objectives;
- reward outstanding performance in discovery, preclinical development and clinical development;
- recognize disciplined management of financial resources;
- motivate employees in a high performance environment; and
- demand the highest standards of corporate governance and personal integrity.

The Compensation Committee believes that:

- the overall compensation package for each of our executives should be based on performance, should motivate our executives to achieve our key strategic goals, and should be aligned with the compensation package of our other executive officers and employees;
- for the purpose of recruitment and retention, executive base salaries should be competitive with salaries paid to executives at peer group companies in the life sciences industry that are comparable to us in size and stage of development, and should be targeted near the median salary range for executives with similar responsibilities at public companies in our peer group;
- actual bonus amounts should be conditioned upon the achievement of corporate and individual goals that reflect key strategic objectives that are expected to create overall stockholder value if achieved, target bonus amounts for executives should be competitive with bonus amounts paid to executives at companies in our peer group, and target bonus amounts should represent a portion of the overall compensation package that provides sufficient incentives to strive for achievement of goals; and
- long-term equity incentive awards offer an important element of our overall compensation package that reward our executives for meeting our long-term goals while preserving available cash and align executive interests with those of stockholders.

In addition the Compensation Committee believes that it is necessary to provide severance payments to certain executives in order to remain competitive with our peer group. However, the Compensation Committee believes that any severance payments paid in the event of a change of control of the Company should be triggered only in the event that the executive no longer remains an executive of the combined company following the change of control. In addition, any severance paid to executives, either in connection with a change of control or otherwise, should be in the lower range of severance paid to executives by companies in our peer group.

The Compensation Committee believes that providing executives with a mix of stock options and restricted stock units is the appropriate means of retaining executives, focusing our executives on delivering long-term value to stockholders and providing long-term value to our executives. Stock options vest over time and only have value to the extent our stock price on the date the option is exercised exceeds the exercise price of the option. The restricted stock units will vest on the achievement of certain objectively defined results and have value to the executives at that time without the requirement of further payment by the executive. The Compensation Committee believes that the combination of stock option grants and restricted stock unit grants will achieve the proper balance between upside potential and volatility while providing good long-term incentives to our executives.

Material tax and accounting implications of executive compensation policies

We account for the equity compensation expense for our employees under the rules of SFAS 123R, which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. Unless and until we achieve sustained profitability, the availability to us of a tax deduction for compensation expense is not material to our financial position. We structure discretionary cash bonus compensation so that it is taxable to our employees at the time it becomes available to them. Federal income tax law prohibits publicly held companies from deducting certain compensation paid to a named executive officer that exceeds \$1 million during the tax year. To the extent that compensation is based upon the attainment of performance goals set by the Compensation Committee pursuant to plans approved by our stockholders, the compensation is not included in the computation of this limit. Although the Compensation Committee intends, to the extent feasible and where it believes it is in the best interests of the Company and our stockholders, to attempt to qualify executive compensation as tax deductible, it does not intend to permit this tax provision to dictate the Compensation Committee's development and execution of effective compensation plans.

Evaluation of Executive Compensation Package Following Merger

Prior to the Merger our current executives were executives of TPTX, Inc., a private company that is now our subsidiary, and their compensation was determined by the Board of Directors of TPTX, Inc. Following the Merger our executives assumed increased responsibilities as key executives of a public company. Given the successful completion of the Merger and these increased responsibilities, the Compensation Committee determined that it was in our best interest as well as that of our stockholders to conduct a comprehensive review and evaluation of the total compensation package for each of our executives.

During the months of October and November 2006, the Compensation Committee met twice and had numerous informal discussions regarding the appropriate compensation packages for our executives. In conducting the evaluation, the Compensation Committee reviewed recently completed benchmark analyses of executive salaries and bonuses. These analyses were based in part on the San Diego Biotech Employee Development Coalition, or the BEDC, compensation and benefits survey and the Radford biotechnology survey. In particular, the Compensation Committee reviewed a group of companies in the life sciences industry that is generally comparable to us by virtue of their similar size, geographic location, market capitalization or stage of development, or some combination of the foregoing, and that could compete with us for executive talent. The companies included in this peer group are:

- ACADIA Pharmaceuticals, Inc.
- Alexza Pharmaceuticals, Inc.
- Anadys Pharmaceuticals, Inc.

- Cytokinetics, Inc.
- Favril, Inc.
- Metabasis Therapeutics, Inc.
- Renovis, Inc.
- Threshold Pharmaceuticals, Inc.
- Vanda Pharmaceuticals, Inc.

In addition, the Compensation Committee was advised by Compensia, Inc. on the development of the equity component of the overall compensation package. Using its own judgment, in connection with these analyses, the Compensation Committee then made a series of recommendations to our Board of Directors, which became the basis for employment agreements with certain executive officers, as well as salary and bonus adjustments and new equity incentive grants for all executives.

Elements of Executive Compensation

Executive compensation consists of the following elements:

Base Salary. Base salaries for our executives are established based on the particular scope of each executive's responsibilities as well as their qualifications, experience and performance, taking into account competitive market compensation paid by other companies in our peer group for individuals with similar responsibilities. Base salaries are reviewed annually, and additionally may be adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. Following the establishment of base salaries for executives following the Merger, the Compensation Committee intends to conduct an annual review of base salaries, and the overall compensation package, each year toward the end of the year.

Discretionary Annual Cash Bonus. Discretionary annual cash bonuses are a means of rewarding individuals based on achievement of annual corporate and individual goals. The Compensation Committee has the authority to award discretionary annual cash bonuses to our executives. Each of our executives has an annual cash bonus target ranging from 20% to 40% of base salary depending on such executive's responsibilities. At the beginning of each year the Compensation Committee meets with our management team to specify a limited number of key corporate and individual goals for the year. These goals are then weighted to reflect their importance in determining overall corporate performance. At the end of the year the Compensation Committee reviews corporate and individual performance and establishes the achievement level of each goal as follows: below threshold (<70%), threshold (70%), expected (100%) and stretch (150%) achievement. The sum of the weighting multiplied by the achievement level for each corporate and individual goal determines the bonus payout amount for each executive.

2006 Bonus Amounts. In 2006, the Compensation Committee determined that two critical goals, the completion of the Merger and the advancement of our clinical development programs, were achieved at a stretch achievement level. Using this weighted achievement methodology, the Compensation Committee determined that each executive employed by us on December 31, 2006 should receive 105% of his or her target bonus. Evelyn Graham, our Chief Operating Officer, whose goals were more heavily weighted to the clinical program received 145% of her target bonus based on her individual performance. The following amounts were paid to our executives in January 2007 based on performance in 2006:

Name and Principal Position	Bonus Amount
Neil M. Kurtz, M.D. <i>President and Chief Executive Officer</i>	\$ 135,364
Evelyn A. Graham <i>Chief Operating Officer</i>	\$ 88,400
Craig A. Johnson <i>Vice President, Finance and Chief Financial Officer</i>	\$ 61,951
Michael F. Murphy, M.D., Ph.D. <i>Senior Vice President and Chief Medical Officer</i>	\$ 77,805
Steven L. Wagner, Ph.D. <i>Chief Scientific Officer</i>	\$ 59,850

Long-Term Equity Incentive Awards. Long-term equity incentive awards are a means of encouraging executive ownership of our stock, promoting executive retention, and providing a focus on long-term corporate goals as well as increased stockholder value. The Compensation Committee approves equity incentive award grants at year end, in connection with new hires, and following an increase in responsibilities by an executive.

In December 2006, the Compensation Committee developed a three year equity award plan that would result in fair and equitable level of ownership in the company by the senior executives should we be successful in achieving our long-term goals. The Compensation Committee's plan involves the use of both stock option grants, which vest over time, and restricted stock units that vest based on corporate and individual performance. In order to provide a significant incentive to our executives at a reasonable cost, the Compensation Committee determined that a substantial portion of the equity awards to be issued in the three year plan would be granted in 2006, with vesting periods that extend over four years.

Stock Options. Stock options granted by us have an exercise price equal to the fair market value of our common stock on the day of grant, typically vest over a four-year period with 25% vesting twelve months after the vesting commencement date and the remainder vesting ratably each month thereafter based upon continued employment, and generally expire ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended, or Internal Revenue Code.

Restricted Stock and Restricted Stock Units. Our stock plans authorize us to grant restricted stock and restricted stock units. Restricted stock units vest on the attainment of a specified milestone or time period. Once the restricted stock unit has vested, the executive has the ability to obtain shares of our common stock.

In determining the number of stock options and restricted stock units to be granted to executives, the Compensation Committee takes into account the individual's position, scope of responsibility, qualifications and experience, ability to affect stockholder value, historic and recent performance, existing vested and unvested awards, and the value of stock options in relation to the other elements of the

individual executive's total compensation package. In order to control overall stockholder dilution, the Compensation Committee also evaluates the aggregate outstanding stock options to all our employees in relation to those granted to our executives when determining the number of options and restricted stock units that should be granted.

2006 Equity Awards. In 2006, our executives were awarded stock options and restricted stock units in the amounts indicated in the section entitled "Grants of Plan-Based Awards." These awards are based on the executives' performance during 2006 and as part of the three year equity plan developed by the Compensation Committee. The restricted stock units will vest if we are able to attain and sustain a certain level for our common stock price over a certain period of time.

Broad-Based Benefit Plans. Broad-based benefit plans are an integral component of competitive executive compensation packages. Our benefits include a 401(k) savings plan, health benefits such as medical, dental, and vision plans, and disability and life insurance benefits. We have no structured perquisite benefits, and we do not provide any deferred compensation programs or supplemental pensions to any executives. In its discretion, the Compensation Committee may revise, amend or add to the executive's benefits if it deems it advisable.

Change in Control and Severance Benefits. Change in control arrangements are designed to retain executives and provide continuity of management in the event of a change in control. Following the Merger, we entered into employment agreements with our Chief Executive Officer, our Chief Operating Officer and our Chief Financial Officer. These agreements are described in more detail elsewhere in the prospectus, including the section titled "Executive Employment Agreements." These agreements provide for severance compensation to be paid if the executives are terminated under certain conditions, such as a termination following a change in control or a termination without cause by us, each as set forth in the applicable agreement.

Executive Compensation Prior to the Merger

Prior to the Merger, we entered into employment agreements with our Chief Executive Officer, Chief Financial Officer and General Counsel that included provisions relating to salary and bonus targets as well as providing for severance compensation under certain conditions. All compensation decisions for such executives were made by the Compensation Committee in place prior to the Merger. Each of the executives prior to the Merger was terminated in connection with the Merger.

Base Salaries. The base salaries of our executive officers prior to the Merger were based on the particular scope of each executive's responsibilities, their qualifications and experience and their impact on stockholder value. In 2006 the Compensation Committee approved an increase of 2.5% of the 2005 base salary for the then-acting Chief Financial Officer and no increase in pay for each of the then-acting Chief Executive Officer and General Counsel.

Cash Bonus. In August 2006, prior to the closing of the Merger, the Compensation Committee in place at that time approved cash bonuses to be paid effective upon closing of the Merger for the then Chief Executive Officer equal to 40% of his base pay, less the value of any option grants he received in 2006, and for each of the Chief Financial Officer and General Counsel, 30% of their respective base pay, less the value of any option grants each received in 2006. The actual amounts paid to each of these individuals were as follows:

Name and Principal Position	Cash Bonus Amount
Gosse B. Bruinsma, former Chief Executive Officer	\$ 58,747
S. Colin Neill, former Chief Financial Officer	\$ 26,386
Paul M. Feuerman, former General Counsel	\$ 26,386

Stock Option Grants. Stock option grants made by the Compensation Committee in August 2006 to our executive officers employed prior to the Merger were based on performance of such employees negotiating, executing and finalizing the Merger. The following grants were made:

Name and Principal Position	Shares
Gosse B. Bruinsma, former Chief Executive Officer	11,437
S. Colin Neill, former Chief Financial Officer	5,287
Paul M. Feuerman, former General Counsel	5,287

Change in Control and Severance Payments. Prior to the Merger, we entered into employment agreements with our then-acting Chief Executive Officer, Chief Financial Officer and General Counsel that included provisions providing for severance compensation to be paid if the executives were terminated under certain conditions, such as in connection with a change in control or a termination without cause by us, each as is set forth in the applicable agreement. The payments to these executives in connection with the Merger, which was a change in control transaction, are set forth in the section titled **Summary Compensation Table** in this proxy statement.

Nonqualified Deferred Compensation

None of our Named Executive Officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us.

We grant restricted stock units to our executive officers and have granted a restricted stock unit to one of our consultants. The restricted stock units granted to our executive officers in 2006 will vest on March 31, 2009, provided the Company's average closing stock price for the six-month period ending March 31, 2009 is at or above a specified amount. At the time the restricted stock unit is granted, the recipient has the option to defer the release of the common stock underlying the restricted stock unit to a future date which is after its vest date. The election to defer the release of the common stock underlying the restricted stock unit also defers the required state and federal income tax withholding requirements until those shares are released. The election to defer the release of the common shares underlying the restricted stock unit is irrevocable. The deferral agreements allow the recipient to receive the vested shares prior to the deferral date only in the event of a change in control or upon termination of employment. None of the shares underlying the restricted stock units vested in 2006.

Potential Payments Upon Termination or Change-in-Control Arrangements*Employment Agreement with Dr. Kurtz*

We entered into an employment agreement with Dr. Kurtz on December 14, 2006. Dr. Kurtz's employment agreement provides for an initial annual base salary of not less than \$400,000 and that he will be eligible to earn an annual bonus for 2007 in an amount up to 150% of his target bonus of 40% of his annual base salary, as determined by our Board of Directors.

Pursuant to the terms of Dr. Kurtz's employment agreement, in the event that Dr. Kurtz's employment is terminated without cause or, within three months prior to or 12 months after a change in control, Dr. Kurtz resigns for good reason, Dr. Kurtz will be entitled to continue to receive for 18 months following the date of his termination or resignation (a) his base salary and (b) an amount equal to one-twelfth of the greater of (i) the average of the three annual bonuses paid to Dr. Kurtz by us prior to the

date of termination or resignation, (ii) the last annual bonus paid to Dr. Kurtz by us prior to the date of termination or resignation, or (iii) if the termination occurs within the first twelve (12) months following October 4, 2006, 40% of his base salary. Any such severance payments would be reduced by the amount of Dr. Kurtz's earnings from any other employment during the 18-month severance period. Additionally, under those circumstances, the vesting of each of Dr. Kurtz's equity awards will be treated as if Dr. Kurtz had completed an additional 18 months of service immediately before the date on which his employment is terminated or he resigns. Dr. Kurtz's execution of a release in favor of the Company is a condition to the receipt of these severance benefits, and he has agreed to a non-solicitation obligation and to confidentiality and assignment of inventions obligations in connection with his employment agreement.

Under the agreement, a change in control is deemed to have occurred under any of the following circumstances, subject to certain exceptions and limitations: (i) a person becomes the owner of 50% or more of our voting power; (ii) the composition of our Board of Directors changes over a period of 24 consecutive months or less in a way that results in a majority of our Board of Directors (rounded up to the next whole number) ceasing, by reason of one or more proxy contests for the election of Board members, to be comprised of individuals who either (A) have been Board members continuously since the beginning of the period or (B) have been elected or nominated for election as Board members during the period by at least two-thirds of the Board members described in clause (A) who were still in office at the time the election or nomination was approved by the Board; (iii) (A) a merger or consolidation occurs in which we are not the surviving entity, or (B) any reverse merger occurs in which we are not the surviving entity, or (C) any merger involving one of our subsidiaries occurs in which we are a surviving entity, but in each case in which holders of our outstanding voting securities immediately prior to such transaction, as such, do not hold, immediately following such transaction, securities possessing 50% or more of the total combined voting power of the surviving entity's outstanding securities (in the case of clause (A)) or our outstanding voting securities (in the case of clauses (B) and (C)); or (iv) all or substantially all of our assets are sold or transferred other than in connection with an internal reorganization or our complete liquidation (other than a liquidation of us into a wholly-owned subsidiary).

Pursuant to the terms of Ms. Graham's employment agreement, in the event that Ms. Graham's employment is terminated without cause or, within three months prior to or 12 months after a change in control, Ms. Graham resigns for good reason, Ms. Graham will be entitled to continue to receive for nine months following the date of her termination or resignation (a) her base salary and (b) an amount equal to one-twelfth of the greater of (i) the average of the three annual bonuses paid to Ms. Graham by us prior to the date of termination or resignation, (ii) the last annual bonus paid to Ms. Graham by us prior to the date of termination or resignation, or (iii) if the termination occurs within the first 12 months following October 4, 2006, 30% of her base salary, which payments will be without reduction by any amount of Ms. Graham's earnings from any other employment during the nine-month severance period. Additionally, under those circumstances, the vesting of each of Ms. Graham's equity awards will be treated as if Ms. Graham had completed an additional 12 months of service immediately before the date on which her employment is terminated or she resigns. Ms. Graham's execution of a release in favor of the Company is a condition to the receipt of these severance benefits, and she has agreed to a non-solicitation obligation and to confidentiality and assignment of inventions obligations in connection with her employment agreement. The definition of change in control in Ms. Graham's employment agreement is the same as in Dr. Kurtz's employment agreement.

Mr. Johnson's employment agreement provides for an initial annual base salary of not less than \$260,000 and provides that he will be eligible to earn an annual bonus for 2007 in an amount up to 150% of his target bonus of 30% of his annual base salary, as determined by our Board of Directors.

Additionally, under those circumstances, the vesting of each of Mr. Johnson's equity awards will be treated as if Mr. Johnson had completed an additional 12 months of service immediately before the date on which his employment is terminated or he resigns. Mr. Johnson's execution of a release in favor of the Company is a condition to the receipt of these severance benefits, and he has agreed to a non-solicitation obligation and to confidentiality and assignment of inventions obligations in connection with his employment agreement. The definition of change in control in Mr. Johnson's employment agreement is the same as in Dr. Kurtz's employment agreement.

The Compensation Committee hired Compensia Inc. in November 2006 to provide recommendations on appropriate levels of compensation for our non-employee directors. Compensia defined a peer group of companies in the biotech industry, with drug development in Phase II and III and with a market cap of under \$500 million. The recommendation of Compensia was to target our Board compensation at the 50th percentile of the peer group. The recommendations of Compensia were accepted in full by the Compensation Committee, with one exception, and passed on to our full Board of Directors for consideration. The Compensation Committee (Committee Chair abstaining) felt that the Chair of the Compensation Committee should be paid a retainer of \$10,000 per year to reflect the considerable amount of work of the Chair in connection with executive employment agreements, considering equity incentive plans and analyzing the new SEC reporting requirements. In accordance with the recommendation of the Compensation Committee, our Board of Directors approved an amended non-employee director compensation policy under which each non-employee director would receive the following effective as of October 4, 2006:

- an annual retainer of \$20,000 payable on the date of the annual meeting of the Company's stockholders;
- an additional annual retainer of \$20,000 for the Chairman of our Board of Directors payable on the date of the annual meeting of the Company's stockholders;
- an annual \$10,000 retainer for service as the Audit Committee chair;
- an annual \$10,000 retainer for service as the Compensation Committee chair;
- an annual \$3,000 retainer for service as the Corporate Governance and Nominating Committee chair;
- \$1,500 per board meeting attended in person or telephonically; and
- \$1,000 per meeting of the Audit Committee, Compensation Committee or Corporate Governance and Nominating Committee attended in person or telephonically.

All retainers have been paid on a pro rated basis from October 4, 2006 through the date of the 2007 annual meeting of stockholders. Each non-employee director is also reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors or any committee of the Board of Directors.

In addition to the cash compensation set forth above, beginning on the date of the 2007 annual meeting of stockholders each continuing non-employee director will receive an annual stock option grant for 10,000 shares of our common stock which will fully vest on the one year anniversary of the grant date. Each non-employee director who first becomes a director of the Company at any time after October 4,

2006 will receive an initial stock option grant for 20,000 shares which would vest over four years in equal monthly installments. Stock options granted to non-employee directors have an exercise price equal to the closing price of the Company's common stock on the date of grant as reported by Nasdaq.

Prior to October 4, 2006, the compensation of our non-employee directors was as follows:

- an annual retainer of \$50,000;
- an annual \$25,000 retainer for service as the Audit Committee chair;
- an annual \$15,000 retainer for service as the Compensation Committee chair; and
- an annual \$15,000 retainer for service as the Corporate Governance and Nominating Committee chair.

Each non-employee director was also reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors or any committee of the Board of Directors. Individual directors could elect to receive stock options in lieu of their director or chairman fees. In addition to the cash compensation set forth above, each non-employee director was eligible for stock option grants at the discretion of the Board of Directors.

TRANSACTIONS WITH RELATED PERSONS

Related-Person Transactions policy and Procedures

In 2007 we adopted a written Related-Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of related-persons transactions. For purposes of our policy only, a related-person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company and any related person are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to the Company as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than 5% stockholder of the Company, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to the Company of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, the Company relies on information supplied by its executive officers and directors. In considering related-person transactions, the Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to the Company, (b) the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. The policy requires that, in determining whether to approve, ratify or reject a related-person transaction, the Committee look at, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of the Company and its stockholders, as the Committee determines in the good faith exercise of its discretion.

Certain Related-Person Transactions

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are TorreyPines Therapeutics, Inc. stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. Direct your written request to TorreyPines Therapeutics, Inc., Craig Johnson, Corporate Secretary, TorreyPines Therapeutics, Inc., 11085 North Torrey Pines Road, Suite 300, La Jolla, CA 92037. Stockholders who currently receive multiple copies of the proxy statement at their addresses and would like to request householding of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
