INFORMATION TO BE INCLUDED IN THE REPORT

Item 1.01 Entry into a Material Definitive Agreement.

On October 20, 2013, Carlisle Companies Incorporated, a Delaware corporation (the "Company"), and certain of the Company's wholly-owned indirect subsidiaries (the "Affiliates") entered into a series of definitive agreements to sell its Transportation Products Business to an entity affiliated with American Industrial Partners for aggregate cash consideration of \$375 million, subject to certain adjustments. The Transportation Products Business is the worldwide business, currently conducted through certain of the Company's subsidiaries, of manufacturing, distributing and selling specialty tires and wheels, styled wheels, assemblies and industrial power transmission belts and related components, including for trailers and the lawn and garden, power sports, agriculture and construction industries.

On October 20, 2013, the Company and CTP Transportation Products, LLC, a Delaware limited liability company ("Buyer"), entered into a Master Transaction Agreement (the "Master Transaction Agreement") and Buyer entered into the following related agreements (the "Related Agreements") with the Affiliates, pursuant to which Buyer will acquire the Transportation Products Business:

- Asset Purchase Agreement between Buyer, Carlisle Transportation Products, Inc., a Delaware corporation ("CTP") and Carlisle Intangible Company, a Delaware corporation ("CIC"), pursuant to which Buyer will purchase substantially all of the assets of CTP and acquire rights to certain intellectual property related to the Transportation Products Business from CIC;
- Asset Purchase Agreement between Buyer and Carlisle Canada, a general partnership organized under the laws of Ontario ("Carlisle Canada"), pursuant to which Buyer will purchase certain assets of Carlisle Canada related to the Transportation Products Business;
- Stock Purchase Agreement between Buyer and Carlisle International BV, a private company with limited liability incorporated under the laws of the Netherlands, pursuant to which Buyer will purchase all of the issued and outstanding shares of Carlisle Tire & Wheel Europe BV, a private company with limited liability incorporated under the laws of the Netherlands;
- Equity Purchase Agreement between Buyer and Carlisle Asia Pacific Limited, a company incorporated under the laws of

Hong Kong S.A.R., the People's Republic of China ( Meizhou Seller ), pursuant to which Buyer will purchase all of the issued and outstanding equity interests of Carlisle (Meizhou) Rubber Products Co., Ltd., a limited liability company under the laws of the People's Republic of China; and

- Asset Purchase Agreement between Buyer and Meizhou Seller, pursuant to which Buyer will purchase certain assets of Meizhou Seller related to the Transportation Products Business.

In accordance with the Master Transaction Agreement, at the closing of the transactions contemplated by the Master Transaction Agreement and the Related Agreements, the Company, CIC, and Buyer will enter into a Trademark License Agreement (the Trademark License Agreement ). Pursuant to the Trademark License Agreement, CIC will grant Buyer a license to use certain of the Company's trademarks for use solely in the sale of certain licensed products specified in the Trademark License Agreement. The Trademark License Agreement will have an initial term of twenty (20) years with the ability for renewal by mutual agreement of the parties for additional periods. The license will be royalty-free for the first ten (10) years, and, thereafter, Buyer will pay CIC royalty payments as specified in the Trademark License Agreement.

The Master Transaction Agreement, the Related Agreements and the Trademark License Agreement contain customary representations, warranties, covenants and indemnification provisions. The consummation of the transactions contemplated by the Master Transaction Agreement and the Related Agreements (collectively, the Agreements ) is subject to certain closing conditions, including, among others, receipt of regulatory approvals, correctness of the representations and warranties of the parties in all material respects as of the Closing Date, satisfaction or waiver of all conditions in the Agreements and material compliance by the parties with their respective obligations under the Agreements.

The closing of the transactions contemplated by the Agreements is expected to occur no later than the first calendar quarter of 2014. The Agreements contain certain termination rights for the Company (and its Affiliates which are parties to the Related Agreements) and Buyer applicable upon, among other events, (i) the closing having not been consummated by March 31, 2014 (which may be extended in certain circumstances), (ii) the termination of any of the Related Agreements, or (iii) a breach by the other party that causes a condition to closing not to be satisfied that is or cannot be cured within twenty days' notice of such breach, subject to certain conditions. The Master Transaction Agreement further provides that, upon termination

of the Master Transaction Agreement under specified circumstances by the Company, Buyer would be required to pay the Company a termination fee of \$25 million. An investment fund affiliated with American Industrial Partners has provided a limited guarantee of Buyer's obligation to pay the termination fee.

The representations, warranties and covenants set forth in the Agreements have been made only for the purposes of such Agreements and solely for the benefit of the parties to the Agreements, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures, may have been made for the purposes of allocating contractual risk between the parties to the Agreements instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Accordingly, the Agreements are included with this filing only to provide investors with information regarding the terms of the Agreements, and not to provide investors with any other factual information regarding the parties or their respective businesses, and should be read in conjunction with the disclosures in the Company's periodic reports and other filings with the Securities and Exchange Commission.

Buyer has obtained equity and debt financing commitments for the transactions contemplated by the Agreement, the aggregate proceeds of which will be sufficient for Buyer to pay the cash purchase price and all related fees and expenses. Investment funds affiliated with American Industrial Partners have committed to capitalize Buyer, at or immediately prior to the closing of the transactions contemplated by the Agreement, with an aggregate equity contribution in an amount up to \$130 million, subject to the terms and conditions set forth in an equity financing commitment letter, dated as of October 20, 2013. In addition, SunTrust Bank and SunTrust Robinson Humphrey, Inc. (collectively, the Lenders) have committed to provide debt financing for the transaction, consisting of (a) \$225 million senior secured notes (or if any or all of such notes are not issued and sold on or prior to the date of consummation of the transactions contemplated by the Agreements, an amount equal to such unissued amount of such notes (up to \$225.0 million) in the form of senior secured loans) and (b) an asset-based revolving credit facility up to \$150 million, each on the terms and subject to the conditions set forth in a commitment letter dated as of October 20, 2013 (the Debt Commitment Letter). The obligations of the Lenders to provide debt financing under the Debt Commitment Letter are subject to a number of customary conditions, including, execution and delivery of definitive documentation consistent with the Debt Commitment Letter and the documentation standards specified therein.
