EXPLANATORY NOTE

This report combines the Quarterly Reports on Form 10-Q for the period ended September 30, 2013 of Summit Hotel Properties, Inc., a Maryland corporation, and Summit Hotel OP, LP, a Delaware limited partnership.

Unless stated otherwise or the context otherwise requires, references in this report to:

- Summit REIT mean Summit Hotel Properties, Inc., a Maryland corporation;
- Summit OP or our operating partnership mean Summit Hotel OP, LP, a Delaware limited partnership, our operating partnership, and its consolidated subsidiaries; and
- we, our, us, our company or the company mean Summit REIT, Summit OP and their consolidated subsidiaries taken together as a company.

Summit REIT is the sole member of Summit Hotel GP, LLC, a Delaware limited liability company, which is the sole general partner (the General Partner) of Summit OP. As of September 30, 2013, Summit REIT owned 96.8% of the issued and outstanding common units of partnership interest of Summit OP (Common Units), including the sole general partnership interest held by the General Partner. As of September 30, 2013, Summit REIT owned all of the issued and outstanding 9.25% Series A Cumulative Redeemable Preferred Units of Summit OP (Series A Preferred Units), all of the issued and outstanding 7.875% Series B Cumulative Redeemable Preferred Units of Summit OP (Series B Preferred Units), and all of the issued and outstanding 7.125% Series C Cumulative Redeemable Preferred Units of Summit OP (Series C Preferred Units, the Series C Preferred Units, Series B Preferred Units and Series A Preferred Units collectively referred to as Preferred Units). As the sole member of the General Partner, Summit REIT has exclusive control of Summit OP's day-to-day management. The remaining Common Units of Summit OP are owned by third parties.

We believe combining the Quarterly Reports on Form 10-Q of Summit REIT and Summit OP into this single report provides the following benefits:

- it enhances investors' understanding of Summit REIT and Summit OP by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- it eliminates duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the disclosure applies to both Summit REIT and Summit OP; and

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

- it creates time and cost efficiencies for both companies through the preparation of one combined report instead of two separate reports.

We believe it is important to understand the few differences between Summit REIT and Summit OP in the context of how Summit REIT and Summit OP operate as a consolidated company. Summit REIT has elected to be taxed as a real estate investment trust (REIT) under the Internal Revenue Code of 1986, as amended (the Code), commencing with its short taxable year ended December 31, 2011.

As of September 30, 2013, Summit REIT's only material assets were its ownership of Common Units and Preferred Units of Summit OP and its ownership of the membership interests in the General Partner. As a result, Summit REIT does not conduct business itself, other than controlling, through the General Partner, Summit OP, raising capital through issuances of equity securities from time to time and guaranteeing certain debt of Summit OP and its subsidiaries. Summit OP and its subsidiaries hold all the assets of the consolidated company. Except for net proceeds from securities issuances by Summit REIT, which are contributed to Summit OP in exchange for partnership units of Summit OP, Summit OP and its subsidiaries generate capital from the operation of our business and through borrowings and the issuance of partnership units of Summit OP.

Stockholders' equity, partners' capital and noncontrolling interests are the main areas of difference between the consolidated financial statements of Summit REIT and those of Summit OP. As of September 30, 2013, Summit OP's capital interests include Common Units, representing general and limited partnership interests, and Preferred Units. The Common Units owned by limited partners other than Summit REIT and its subsidiaries are accounted for in partners' capital in Summit OP's consolidated financial statements and (within stockholders' equity) as noncontrolling interests in Summit REIT's consolidated financial statements.

Table of Contents

In order to highlight the differences between Summit REIT and Summit OP, there are sections in this report that separately discuss Summit REIT and Summit OP, including separate financial statements and certain notes thereto and separate Exhibit 31 and Exhibit 32 certifications. In the sections that combine disclosure for Summit REIT and Summit OP (i.e., where the disclosure refers to the consolidated company), this report refers to actions or holdings as our actions or holdings and, unless otherwise indicated, means the actions or holdings of Summit REIT and Summit OP and their respective subsidiaries, as one consolidated company.

As the sole member of the General Partner, Summit REIT consolidates Summit OP for financial reporting purposes, and Summit REIT does not have assets other than its investment in the General Partner and Summit OP. Therefore, while stockholders' equity and partners' capital differ as discussed above, the assets and liabilities of Summit REIT and Summit OP are the same on their respective financial statements.

Finally, we refer to a number of other entities and events in this report as follows. Unless the context otherwise requires or indicates, references to:

- our TRSs refer to Summit Hotel TRS, Inc., a Delaware corporation, and Summit Hotel TRS II, Inc., a Delaware corporation, and any other taxable REIT subsidiaries (TRSs) that we may form in the future;
- our TRS lessees refer to the wholly owned subsidiaries of our TRSs that lease our hotels from Summit OP or subsidiaries of Summit OP. All but one of our TRS lessees are wholly owned by our TRSs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1 - DESCRIPTION OF BUSINESS

Summit Hotel Properties, Inc. (the Company) is a self-advised hotel investment company that was organized on June 30, 2010 as a Maryland corporation. The Company holds both general and limited partnership interests in Summit Hotel OP, LP (the Operating Partnership), a Delaware limited partnership also organized on June 30, 2010. Unless the context otherwise requires, we and our refer to the Company and the Operating Partnership collectively.

At September 30, 2013, our portfolio consists of 92 upscale, upper midscale and midscale hotel properties containing 10,913 guestrooms located in 24 states. Of our 92 hotel properties, 10 are classified as held for sale. Our hotel properties are leased to subsidiaries (TRS Lessees) of our taxable REIT subsidiaries (TRSs). We indirectly own 100% of the outstanding equity interests in all but one of our TRS Lessees. We indirectly own an 80% controlling interest in the TRS Lessee associated with the Holiday Inn Express & Suites in San Francisco, CA which we acquired in early 2013 through a joint venture.

NOTE 2 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements of the Company include the accounts of the Company, the Operating Partnership, and their subsidiaries, including joint ventures. The consolidated financial statements of the Operating Partnership include the accounts of the Operating Partnership and its subsidiaries, including joint ventures. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

We prepare these consolidated financial statements in conformity with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results for the third quarter and first nine months of 2013 may not be indicative of the results that may be expected for the full year 2013. For further information, please read the financial statements included in our Form 10-K for the year ended December 31, 2012.

We made certain reclassifications to the third quarter and first nine months of 2012 financial information to conform to our 2013 presentation, which included the reclassification of \$0.7 million in third quarter and \$2.0 million in first nine months of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses. These reclassifications had no effect on previously reported results of operations or equity.

Noncontrolling Interests

Noncontrolling interests represent the portion of equity in a subsidiary held by owners other than the consolidating parent. Noncontrolling interests are reported in the consolidated balance sheets within equity, separately from stockholders' equity. Revenue, expenses and net income (loss) attributable to both the Company and the noncontrolling interests are reported in the consolidated statements of operations.

Our consolidated financial statements include noncontrolling interests related to Common Units of the Operating Partnership held by unaffiliated third parties and third-party ownership of joint ventures.

Table of Contents**SUMMIT HOTEL PROPERTIES, INC. AND SUMMIT HOTEL OP, LP****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)***New Accounting Standards*

In the first quarter of 2013, we adopted Accounting Standards Update (ASU) 2013 02, *Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*. ASU 2013 02 requires an entity to separately provide information about the effects on net income of certain significant amounts reclassified out of each component of accumulated other comprehensive income.

Adoption of this new standard did not have a material effect on the consolidated financial statements of the Company or our Operating Partnership.

Table of Contents**SUMMIT HOTEL PROPERTIES, INC. AND SUMMIT HOTEL OP, LP****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)****NOTE 7 - DEBT**

Our debt is comprised of a \$150.0 million senior secured revolving credit facility and term loans secured by various hotel properties. The weighted average interest rate, after giving effect to our interest rate derivatives, for all borrowings was 5.27% at September 30, 2013 and 5.15% at December 31, 2012. Our total fixed-rate and variable-rate debt, after giving effect to our interest rate derivatives, follows (in thousands):

	September 30, 2013	December 31, 2012
Fixed-rate debt	\$ 398,225	\$ 229,587
Variable-rate debt	2,030	83,026
	\$ 400,255	\$ 312,613

Information about the fair value of our fixed-rate debt that is not recorded at fair value follows (in thousands):

	September 30, 2013		December 31, 2012		Valuation Technique
	Carrying Value	Fair Value	Carrying Value	Fair Value	
Fixed-rate debt not recorded at fair value	\$ 358,496	\$ 349,691	\$ 188,565	\$ 193,448	Level 2 - Market approach

At September 30, 2013 and December 31, 2012, we had variable rate debt of \$39.7 million and \$41.0 million, respectively, which had effectively been converted to fixed interest rates through derivative financial instruments which are carried at fair value. Differences between carrying value and fair value of our fixed-rate debt are primarily due to changes in interest rates. Inherently, fixed-rate debt is subject to fluctuations in fair value.

\$92 Million Senior Secured Interim Loan

On May 23, 2013, we closed on a \$92.0 million variable rate senior secured interim loan with KeyBank National Association (KeyBank) and Regions Bank, which matures on November 23, 2013. This loan was secured by a pledge of the equity interest in the subsidiaries that own the Fairfield Inn & Suites and SpringHill Suites in Louisville, KY and the Courtyard by Marriott and SpringHill Suites in Indianapolis, IN, and was cross-defaulted with our \$150 million senior secured revolving credit facility.

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

In the third quarter of 2013, we paid off our \$92 million senior secured interim loan using proceeds from a new term loan with KeyBank, discussed in Term Loans below, and proceeds from a common stock offering, discussed in Note 9 Equity.

\$150 Million Senior Secured Revolving Credit Facility

In January of 2013, we removed the AmericInn and Fairfield Inn in Golden, CO from the borrowing base of our senior secured revolving credit facility.

In May of 2013, we amended our senior secured revolving credit facility to increase the allowed collateral concentration in any given metropolitan statistical area from 20% to 30%. We also added the Courtyard by Marriott and Springhill Suites in New Orleans, LA to the borrowing base. The addition of these hotel properties increased availability on the senior secured revolving credit facility by \$36.7 million.

The remaining two pending acquisitions are subject to customary closing conditions, including lender consent. Therefore, we cannot provide assurance that we will acquire these hotel properties.

We are also obligated to purchase a property under development in downtown Minneapolis, MN, subject to certain conditions including the successful conversion of the property, estimated to be completed in the fourth quarter of 2013. At September 30, 2013, we have funded a \$20.3 million first mortgage loan on this hotel property. The loan represents a portion of the total acquisition and renovation costs expected to be incurred to convert the property to a Hyatt Place hotel. The purchase price is estimated to be \$31.0 million, which will include forgiveness of the loan as partial purchase price consideration. We cannot provide assurance that we will acquire this hotel property.

Pursuant to the limited partnership agreement, beginning February 14, 2012, the unaffiliated third parties who hold Common Units in our Operating Partnership have the right to cause us to redeem their Common Units. At our option, the exchange can be for shares of our common stock on a one-for-one basis or for cash, based upon the fair value of an equivalent number of our shares of common stock at the time of redemption. The number of shares of our common stock issuable upon redemption of Common Units may be adjusted upon the occurrence of certain events such as share dividends, share subdivisions or combinations.

The Fort Smith, Salina, and Emporia hotel properties are classified as held for sale at September 30, 2013 and are under contract to sell. The operating results of these hotel properties, including impairment charges, are included in discontinued operations.

On September 5, 2013, we entered into an interest rate swap with a notional value of \$75.0 million that will become effective on January 2, 2014 and matures on October 1, 2018. This interest rate swap was designated a cash flow hedge and will effectively convert a \$75.0 million variable rate term loan that we expect to fund in the fourth quarter of 2013 into a fixed rate loan.

All of our interest rate swaps have been designated cash flow hedges and are valued using a market approach, which is a Level 2 valuation technique. At September 30, 2013, three of our interest rate swaps were in an asset position and two were in a liability position. At December 31, 2012, all of our interest rate swaps were in a liability position. We have not posted any collateral related to these agreements and are not in breach of any financial provisions of the agreements. If we had breached any agreement provisions at September 30, 2013, we could have been required to settle our obligation under the agreements that were in a liability position at their termination value of \$1.9 million.

NOTE 14 - EARNINGS (LOSS) PER SHARE/UNIT

We apply the two-class method of computing earnings per share, which requires the calculation of separate earnings per share amounts for our non-vested, time-based restricted stock awards with nonforfeitable dividends and for our common stock. Our non-vested, time-based restricted stock awards with nonforfeitable rights to dividends are considered securities which participate in undistributed earnings with common stock. Under the two-class computation method, net losses are not allocated to participating securities unless the holder of the security has a contractual obligation to share in the losses. Our non-vested, time-based restricted stock awards with nonforfeitable dividends do not have such an obligation so they are not allocated losses.

In the third quarter of 2013 and 2012 and the first nine months of 2013 and 2012, our outstanding stock options were not included in the computation of diluted earnings per share, as the exercise price for our options was greater than the average market price of our common shares.

In the first nine months of 2012, our basic and diluted earnings per share are based on basic weighted average common shares outstanding due to our loss from continuing operations.

Overview

We focus primarily on acquiring and owning premium-branded select-service hotels in the upscale and upper midscale segments of the U.S. lodging industry, as these segments are currently defined by Smith Travel Research (STR). Since completion of our IPO on February 14, 2011, we have acquired 40 hotels containing 5,512 guestrooms for purchase prices aggregating \$729.6 million. At September 30, 2013, we owned 92 hotels containing 10,913 guestrooms located in 24 states. Except for six hotels, five of which are subject to ground leases and one of which is subject to a PILOT (payment in lieu of taxes) lease, we own our hotels in fee simple. Our hotels are located in markets in which we have extensive experience and that exhibit multiple demand generators, such as business and corporate headquarters, retail centers, airports and tourist attractions.

The majority of our hotels operate under premium franchise brands owned by Marriott International, Inc. (Marriott) (Courtyard by Marriott®, SpringHill Suites by Marriott®, Residence Inn by Marriott®, Fairfield Inn & Suites by Marriott®, Fairfield Inn by Marriott®, and TownePlace Suites by Marriott®), Hilton Worldwide (Hilton) (Hilton Garden Inn®, Hampton Inn®, Hampton Inn & Suites®, DoubleTree by Hilton®, and Homewood Suites®), an affiliate of Hyatt Hotels Corporation (Hyatt) (Hyatt Place® and Hyatt House®), and Intercontinental Hotel Group (IHG) (Holiday Inn Express & Suites®, Holiday Inn Express®, Holiday Inn®, and Staybridge Suites®).

At September 30, 2013, our hotels are operated pursuant to hotel management agreements with third party hotel management companies, including the following:

- Interstate Management Company, LLC (Interstate) and its affiliate, Noble Management Group (Noble) 58 hotel properties;
- Select Hotel Group, LLC (Hyatt Management) 11 hotel properties;
- Affiliates of Marriott, including Courtyard Management Corporation (Courtyard Management), SpringHill SMC Corporation (SpringHill Management) and Residence Inn by Marriott (Residence Inn Management) six hotel properties;
- White Lodging Services Corporation (White Lodging) four hotel properties;

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

- Kana Hotels, Inc. (Kana Hotels) three hotel properties;
- InterMountain Management, LLC (InterMountain) and its affiliate, Pillar Hotels and Resorts, LP (Pillar) three hotel properties;
- HP Hotels Management Company, Inc. (HP Hotels) two hotel properties;
- OTO Development, LLC two hotel properties;
- Affiliates of IHG including IHG Management (Maryland) LLC (IHG Management) and Intercontinental Hotels Group Resources, Inc. (Intercontinental Management) two hotel properties; and
- Lodging Dynamics one hotel property.

We believe the hotel management companies engaged by our TRS lessees qualify as eligible independent contractors for federal income tax purposes. Our TRS lessees may also employ other hotel managers in the future. We have, and will have, no ownership or economic interest in any of the hotel management companies engaged by our TRS lessees.

Table of Contents

Our revenue is derived from hotel operations and consists of room revenue and other hotel operations revenue. As a result of our focus on select-service hotels in the upscale and upper midscale segments of the U.S. lodging industry, substantially all of our revenue is room revenue generated from sales of hotel rooms. We also generate, to a much lesser extent, other hotel operations revenue, which consists of ancillary revenue related to meeting rooms and other guest services provided at our hotels.

Industry Trends and Outlook

Room-night demand in the U.S. lodging industry is generally correlated to macroeconomic trends. Key drivers of demand include growth in gross domestic product, or GDP, corporate profits, capital investments and employment. Following periods of recession, recovery of room-night demand for lodging historically has lagged improvements in the overall economy. However, in the economic recovery beginning in early 2010, room-night demand has led improvements in the overall economy. Although we expect that our hotels will realize meaningful revenue per available room (RevPAR) gains as the economy and lodging industry continue to improve, the risk exists that global and domestic economic conditions may cause the economic recovery to stall, which likely would adversely affect our growth expectations.

While we are guardedly optimistic about macro-economic conditions and their effect on room-night demand, we feel relatively confident that our near-term results will not be adversely affected by increased lodging supply in our markets. Growth in lodging supply typically lags growth in room-night demand. Key drivers of lodging supply include the availability and cost of capital, construction costs, franchise availability, local real estate market conditions, and availability and pricing of existing properties. As a result of scarcity of financing, the severe United States recession and declining operating fundamentals, during 2008 and 2009, many planned hotel developments were cancelled or postponed. Due to continued economic uncertainty, we believe the effect of the severe recession will be prolonged compared with prior recessions, which could limit lodging supply growth.

Dispositions

Pursuant to our strategy to continually evaluate our hotel properties and land held for development, we sold eight hotel properties and a parcel of land held for development in the first nine months of 2013. When a property is identified as being held for sale, we reclassify the property on our consolidated balance sheets, evaluate for potential impairment and, in the case of a hotel property, report historical and future results of operations in discontinued operations. We recognize impairment charges on hotel properties in discontinued operations and on land held for development in continuing operations. We recognized impairment charges of \$8.7 million in the first nine months of 2013 and \$2.1 million in the first nine months of 2012 due to the change in the estimated holding period of the related properties.

On January 15, 2013, we sold the AmericInn Hotel & Suites in Golden, CO for \$2.6 million. On February 15, 2013, we sold the Hampton Inn in Denver, CO for \$5.5 million and recognized a gain on the sale of \$1.6 million. Table of Contents**Comparison of Third Quarter 2013 with Third Quarter 2012**

Key operating metrics for our total portfolio (82 hotels at September 30, 2013 and 54 hotels at September 30, 2012) and our same-store portfolio (47 hotels) for the three months ended September 30, 2013 (the third quarter 2013) compared with the three months ended September 30, 2012 (the third quarter 2012) follows (dollars in thousands, except ADR and RevPAR):

	Third Quarter				Percentage Change

Hotel operating expenses	\$ 53,783	\$ 26,141	\$ 28,438	\$ 24,639	89.1%	6.1%

ADR	\$ 111.90	\$ 104.61	\$ 100.32	\$ 99.14	11.5%	5.5%
RevPAR	\$ 83.56	\$ 79.38	\$ 75.17	\$ 74.76	11.2%	6.2%

Revenue. Total revenues, including room and other hotel operations revenue, increased \$39.1 million in third quarter 2013 compared with third quarter 2012. The increase in revenues is due to an increase in same-store revenues of \$2.4 million and an increase in revenues from the 19 hotel properties acquired in 2012 and 16 hotel properties acquired in the first nine months of 2013 (the Acquired Hotels) of \$36.7 million.

The same-store revenue increase of \$2.4 million, or 6.4%, was due to increases in occupancy to 75.9% in third quarter 2013 compared with 75.4% in third quarter 2012, and ADR to \$104.61 in third quarter 2013 compared with \$99.14 in third quarter 2012. The increases in occupancy and ADR resulted in a 6.2% increase in same-store RevPAR to \$79.38 in third quarter 2013 compared with \$74.76 in third quarter 2012. These increases were due to the improving economy and hotel industry fundamentals and renovations made at 29 hotel properties in 2012 and the first six months of 2013.

Hotel Operating Expenses. Hotel operating expenses increased \$25.3 million in third quarter 2013 compared with third quarter 2012. The increase is due in part to an increase in operating expenses at the Acquired Hotels of \$23.8 million. In addition, the increase in same-store hotel operating expenses is due to \$1.5 million of variable costs related to the increase in revenue. Expenses at the same-store hotels declined as a percentage of revenue from 66.4% in third quarter 2012 to 66.3% in third quarter 2013, due to stability in expenses despite increasing revenues at the same-store hotel properties.

A summary of our hotel operating expenses for our same-store portfolio (47 hotels) for the third quarter of 2013 and 2012 follows (dollars in thousands):

Depreciation and Amortization. Depreciation and amortization expense increased \$6.4 million in third quarter 2013 compared with third quarter 2012, primarily due to the depreciation associated with the Acquired Hotels.

Corporate General and Administrative. Corporate general and administrative expenses increased \$0.5 million in third quarter 2013 compared with third quarter 2012. The increase in expense was due to increases in equity-based compensation of \$0.1 million, cost related to our development of corporate functions that did not exist prior to our IPO of \$0.3 million, and cost related to the relocation of our corporate headquarters from Sioux Falls, SD to Austin, TX of \$0.1 million.

Other Income/Expense. The \$2.0 million increase in other income (expense) in third quarter 2013 compared with third quarter 2012 was primarily the result of an increase in interest expense, due to debt incurred to finance the acquisition of the Acquired Hotels.

Revenue. Total revenues, including room and other hotel operations revenue, increased \$104.4 million in first nine months 2013 compared with first nine months 2012. The increase in revenues is due to an increase in same-store revenues of \$7.3 million and an increase in revenues from the Acquired Hotels of \$97.1 million.

The same-store revenue increase of \$7.3 million, or 6.9%, was due to increases in occupancy to 73.8% in first nine months 2013 compared with 72.4% in first nine months 2012, and ADR to \$102.74 in first nine months 2013 compared with \$97.59 in first nine months 2012. The increases in occupancy and ADR resulted in a 7.2% increase in same-store RevPAR to \$75.80 in first nine months 2013 compared with \$70.68 in first nine months 2012. These increases were due to the improving economy and hotel industry fundamentals and renovations made at 29 hotel properties in 2012 and the first six months of 2013.

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

Hotel Operating Expenses. Hotel operating expenses increased \$66.3 million in first nine months 2013 compared with first nine months 2012. The increase is due in part to an increase in operating expenses at the Acquired Hotels of \$62.2 million. In addition, the increase in same-store hotel operating expenses is due to \$4.1 million of variable costs related to the increase in revenue. Expenses at the same-store hotels declined as a percentage of revenue from 67.4% in first nine months 2012 to 66.7% in first nine months 2013, due to stability in expenses despite increasing revenues at the same-store hotel properties.

A summary of our hotel operating expenses for our same-store portfolio (47 hotels) for the first nine months of 2013 and 2012 follows (dollars in thousands):

Depreciation and Amortization. Depreciation and amortization expense increased \$15.5 million in first nine months 2013 compared with first nine months 2012, primarily due to the depreciation associated with the Acquired Hotels.

Corporate General and Administrative. Corporate general and administrative expenses increased \$3.7 million in first nine months 2013 compared with first nine months 2012. The increase in expense was due to increases in equity-based compensation of \$0.8 million, bonus accruals of \$0.9 million, cost related to our development of corporate functions that did not exist prior to our IPO of \$0.7 million, and cost related to the relocation of our corporate headquarters from Sioux Falls, SD to Austin, TX of \$0.4 million.

Other Income/Expense. The \$3.3 million increase in other income (expense) in first nine months 2013 compared with first nine months 2012 was primarily the result of a \$3.7 million increase in interest expense, due to debt incurred to finance the acquisition of the Acquired Hotels, partially offset by a \$0.5 million decrease in debt transaction costs.

Cash Flows

The increase in net cash provided by operating activities of \$21.6 million for first nine months 2013 compared with first nine months 2012 primarily resulted from a \$9.5 million improvement in earnings, a \$14.1 million increase in depreciation, and a \$6.6 million increase in loss on impairment of assets, which were partially offset by a \$7.8 million increase in net operating assets. The increase in depreciation was primarily related to the Acquired Hotels. The \$354.0 million increase in net cash used in investing activities for first nine months 2013 compared with first nine months 2012 primarily resulted from a \$322.5 million increase in acquisitions of hotel properties, a \$10.2 million increase in hotel properties under development, a \$2.8 million increase in acquisition of land held for development, a \$15.9 million increase in improvements and additions to hotel properties, and a \$17.1 million increase in restricted cash related to renovation reserves funded, which were partially offset by a \$15.1 million increase in proceeds from asset dispositions. The \$364.1 million increase in net cash provided by financing activities for first nine months 2013 compared with first nine months 2012 resulted from a \$390.1 million increase in proceeds from equity offerings, which was partially offset by a \$7.9 million decrease in proceeds from borrowings and a \$17.6 million increase in dividends and distributions.

Liquidity and Capital Resources

Our short-term liquidity requirements consist primarily of operating expenses and other expenditures directly associated with our hotel properties, recurring maintenance and capital expenditures necessary to maintain our hotel properties in accordance with brand standards, capital expenditures to improve our hotel properties, acquisitions, interest expense, and scheduled principal payments on outstanding indebtedness, and distributions to our stockholders.

Our long-term liquidity requirements consist primarily of the costs of acquiring additional hotel properties, renovations and other non-recurring capital expenditures that need to be made periodically with respect to our hotel properties, and scheduled debt payments, including maturing loans.

To satisfy the requirements for qualification as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute annually at least 90% of our REIT taxable income to our stockholders, determined without regard to the deduction for dividends paid and excluding any net capital gain. We generally intend to distribute at least 100% of our REIT taxable income to avoid tax on undistributed income. Therefore, we will need to raise additional capital to grow our business and invest in additional hotel properties.

We expect to satisfy our liquidity requirements with cash provided by operations, working capital, and short-term borrowings under our senior unsecured credit facility, which replaced our senior secured revolving credit facility on October 10, 2013. In addition, we may fund the purchase price of hotel acquisitions and cost of required capital improvements by assuming existing mortgage debt, issuing securities (including Summit OP partnership units), or incurring other mortgage debt. Further, we may seek to raise capital through public or private offerings of our equity or debt securities. However, certain factors may have a material adverse effect on our ability to access these capital sources, including our degree of leverage, the value of our unencumbered hotel properties, borrowing restrictions imposed by lenders and market conditions. We will continue to analyze which sources of capital are most advantageous to us at any particular point in time, but financing may not be consistently available to us on terms that are attractive, or at all. We believe that our cash provided by operations, working capital, borrowings under our senior unsecured credit facility and other sources of funds available to us will be sufficient to meet our ongoing liquidity requirements for at least the next 12 months.

Table of Contents**Outstanding Indebtedness**

At September 30, 2013, we had \$400.3 million in debt secured by mortgages on 77 hotel properties. We also had 15 unencumbered hotel properties, including 13 hotels containing 1,487 guestrooms operating under brands owned by Marriott, Hilton, Hyatt, and IHG that are available to be used as collateral for potential future loans. \$92 Million Senior Secured Interim Loan

On May 23, 2013, we closed on a \$92 million variable rate senior secured interim loan with KeyBank National Association (KeyBank) and Regions Bank, which matures on November 22, 2013. This loan is secured by a pledge of the equity interest in the subsidiaries that own the Fairfield Inn & Suites and SpringHill Suites in Louisville, KY and the Courtyard and SpringHill Suites in Indianapolis, IN, and is cross-defaulted with our \$150 million senior secured revolving credit facility.

In the third quarter of 2013, we paid off our \$92 million senior secured interim loan using proceeds from a new term loan with KeyBank and proceeds from a common stock offering. See *Outstanding Indebtedness*, *Term Loans* and *Equity Transactions* for additional details regarding the KeyBank term loan and the common stock offering, respectively.

\$150 Million Senior Secured Revolving Credit Facility

In January 2013, we removed the AmericInn and Fairfield Inn in Golden, CO from the facility's borrowing base. In May 2013, we amended our senior secured revolving credit facility to increase the allowed collateral concentration in any given metropolitan statistical area from 20% to 30%. We also added the Courtyard and Springhill Suites in New Orleans, LA to the borrowing base. The addition of these hotel properties increased availability on the senior secured revolving credit facility by \$36.7 million.

At September 30, 2013, we had no borrowings under our \$150 million senior secured revolving credit facility, \$0.7 million in standby letters of credit and \$149.3 million available to borrow.

On October 10, 2013, we replaced our \$150 million senior secured revolving credit facility with a \$300 million senior unsecured credit facility. See *Recent Developments*, *Unsecured Credit Facility* for additional detail regarding the \$300 million senior unsecured credit facility.

Term Loans

At September 30, 2013, we had \$400.3 million in term loans outstanding. These term loans are secured primarily by first mortgage liens on hotel properties.

Our term loans included borrowings with ING Life Insurance and Annuity (ING). In February 2013, we removed the Hampton Inn in Denver, CO from the security for our original ING loan and replaced it with a \$2.4 million stand-by letter of credit issued under our senior secured revolving credit facility. On May 1, 2013, we removed the Holiday Inn Express in Boise, ID from the security for our original ING loan and replaced it with a \$1.5 million stand-by letter of credit issued under our senior secured revolving credit facility.

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

On August 1, 2013, we entered into a new \$34.0 million term loan with ING with a fixed rate of 4.55%. This loan matures on August 1, 2038 and amortizes over 25 years. ING has the right to call the loan in full on March 1, 2019, 2024, 2029 and 2034. Simultaneously, we amended our existing loan with ING to (i) remove the Fairfield Inn & Suites and the Residence Inn, Germantown, TN; the Hampton Inn, Fort Smith, AR; and the Fairfield Inn, Lewisville, TX from the collateral and (ii) remove \$3.9 million in letters of credit from the collateral. We also added the Courtyard by Marriott, Ridgeland, MS; the Hampton Inn & Suites, Ybor, FL; and the Courtyard by Marriott and the Residence Inn, Metairie, LA as collateral to the two loans, such that both ING loans are secured by the same 14 hotel properties and are cross-defaulted. The proceeds from this new borrowing were used to pay down our \$150 million senior secured revolving credit facility. At September 30, 2013, the ING loans were secured by 14 hotel properties.

On July 22, 2013, we closed on a \$38.7 million term loan with KeyBank with a fixed rate of 4.95%. This term loan matures on August 1, 2023, amortizes over 30 years, and is secured by the Fairfield Inn & Suites and SpringHill Suites in Louisville, KY. The proceeds from this new borrowing were used to pay down our \$92 million senior secured interim loan.

Table of Contents

On July 26, 2013, we closed on a \$7.4 million term loan with MetaBank with a fixed rate of 4.25%. This term loan matures on August 1, 2018, amortizes over 20 years, and is secured by the Hyatt Place in Atlanta, GA. We expect to receive additional proceeds of \$1.3 million after the Hyatt Place attains a required performance level post renovation. The proceeds from this new borrowing were used to pay down our \$150 million senior secured revolving credit facility.

For additional information regarding our term loans, please read our unaudited condensed consolidated financial statements and related notes thereto, appearing elsewhere in this Form 10-Q, and our Annual Report filed on Form 10-K for the year ended December 31, 2012.

Equity Transactions

On January 14, 2013, we completed an underwritten public offering of 17,250,000 shares of our common stock. Net proceeds were \$148.0 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Common Units. Summit OP used the proceeds for hotel property acquisitions and to pay down our term debt and our senior secured revolving credit facility.

On March 20, 2013, we completed an underwritten public offering of 3,400,000 shares of 7.125% Series C Cumulative Redeemable Preferred Stock for net proceeds of \$81.7 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Series C Preferred Units. Summit OP used the proceeds to pay down the principal balance of our senior secured revolving credit facility.

On September 19, 2013, we completed an underwritten public offering of 17,250,000 shares of common stock. Net proceeds were \$152.2 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Common Units. Summit OP used a portion of the proceeds to reduce the outstanding balances under our \$150 million senior secured revolving credit facility and to pay off our \$92 million senior secured interim loan. The remaining proceeds will be used for general corporate purposes, including the acquisition of hotel properties.

Capital Expenditures

In the first nine months of 2013, we spent \$28.5 million on renovations, including \$13.1 million on hotel properties that we owned prior to 2012 and \$15.4 million on hotel properties acquired since the beginning of 2012. We currently have renovations underway at six of our hotel properties. We anticipate spending a total of \$15.0 million to \$19.0 million on hotel property renovations in the remainder of 2013. We expect to fund these renovations with cash provided by operations, working capital, borrowings under our senior unsecured credit facility, and other potential sources of capital, to the extent available to us.

Off-Balance Sheet Arrangements

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

At September 30, 2013, we had \$3.4 million in outstanding standby letters of credit related to credit enhancements on two term loans and performance bonds related to our workers' compensation insurance and other operational matters.

(2) Primarily ground leases and corporate office leases.

(3) Represents purchase orders and executed contracts for renovation projects at our hotel properties, and an obligation to purchase the remaining 10% of a hotel property in which we currently have a 90% interest.

In addition to the contractual obligations above, at September 30, 2013 we had entered into purchase agreements to acquire four hotel properties for a combined purchase price of \$96.3 million, including the assumption of debt of \$30.0 million. Two of these hotel properties with a combined purchase price of \$30.9 million were acquired in October of 2013 and are discussed in *Recent Developments Acquisitions*. The remaining two pending acquisitions are subject to customary closing conditions, including lender consent. Therefore, we cannot provide assurance that we will acquire these hotel properties.

We are also obligated to purchase a property under development in downtown Minneapolis, MN, subject to certain conditions including the successful conversion of the property, estimated to be completed in the fourth quarter of 2013. At September 30, 2013, we have funded a \$20.3 million first mortgage loan on this hotel property. The loan represents a portion of the total acquisition and renovation costs expected to be incurred to convert the property to a Hyatt Place hotel. The purchase price is estimated to be \$31.0 million, which will include forgiveness of the loan as partial purchase price consideration. We cannot provide assurance that we will acquire this hotel property.

Inflation

Operators of hotel properties, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

Critical Accounting Policies

There have been no significant changes in our critical accounting policies or estimates from those disclosed in our 2012 Annual Report on Form 10-K.

Table of Contents

Reclassification of Certain Prior Period Financial Information

We reclassified \$0.7 million and \$2.0 million of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses in the third quarter of 2012 and the first nine months of 2012, respectively, to conform to our 2013 presentation. This reclassification had no effect on previously reported results of operations or equity.

Recent Developments

Unsecured Credit Facility

On October 10, 2013, Summit OP, as borrower, Summit REIT, as parent guarantor, and each party executing the credit facility documentation as a subsidiary guarantor, entered into a \$300 million senior unsecured credit facility with Deutsche Bank AG New York Branch, as administrative agent, Deutsche Bank Securities Inc., as sole lead arranger, and a syndicate of lenders including Deutsche Bank AG New York Branch, Bank of America, N.A., Royal Bank of Canada, Key Bank National Association, Regions Bank, Fifth Third Bank, Raymond James Bank, N.A., and U.S. Bank National Association. All existing and future subsidiaries that own or lease an unencumbered asset will be required to guaranty the facility.

The unsecured credit facility is comprised of a \$225 million revolving credit facility (the \$225 Million Revolver) and a \$75 million term loan (the \$75 Million Term Loan) and replaces our \$150 million senior secured revolving credit facility. The credit facility has an accordion feature which will allow us to increase the total commitments by an aggregate of \$100 million on the \$225 Million Revolver and \$75 Million Term Loan prior to October 10, 2017. The \$225 Million Revolver will mature on October 10, 2017 which can be extended to October 10, 2018 at our option, subject to certain conditions. The \$75 Million Term Loan will mature on October 10, 2018.

Outstanding borrowings on the \$300 million credit facility are limited to the least of (1) the aggregate commitments of all of the lenders, (2) the aggregate value of the unencumbered assets, less our consolidated unsecured indebtedness, all as calculated pursuant to the terms of the credit facility documentation, multiplied by 60% and (3) the principal amount that when drawn under the credit facility would result in an unsecured interest expense, calculated on a pro forma basis for the next consecutive four fiscal quarters after taking such draws into account, equal to 50% of the net operating income of the unencumbered assets, as adjusted pursuant to the credit facility documentation.

Payment Terms. We are obligated to pay interest at the end of each selected interest period, but not less than quarterly, with all outstanding principal and accrued but unpaid interest due at the maturity of the respective facility. We have the right to repay all or any portion of the outstanding borrowings from time to time without penalty or premium. We pay interest on advances at varying rates, based upon, at our option, either (i) 1, 2, 3, or 6-month LIBOR, plus a LIBOR margin between 1.75% and 2.50%, depending upon our leverage ratio (as defined in the loan documents), or (ii) the applicable base rate, which is the greatest of the administrative agent's prime rate, the federal funds rate plus 0.50%, and 1-month LIBOR plus 1.00%, plus a base rate margin between 0.75% and 1.50%, depending upon our leverage ratio. In addition, on a quarterly basis, we will be required to pay a fee on the unused portion of the unsecured credit facility equal to the unused amount multiplied by an annual rate of either (i) 0.30%, if the unused amount is equal to or greater than 50% of the maximum aggregate amount of the credit facility, or (ii) 0.20%, if the unused amount is less than 50% of the maximum aggregate amount of the credit facility.

Financial and Other Covenants. In addition, we are required to comply with a series of financial and other covenants in order to borrow under the \$300 million credit facility. The material financial covenants include a maximum leverage ratio, minimum consolidated tangible net worth, maximum dividend payout ratio, minimum consolidated fixed charge coverage ratio, maximum ratio of secured indebtedness to total asset value, maximum ratio of secured recourse indebtedness to total asset value, a maximum ratio of consolidated unsecured indebtedness to total unencumbered asset value, and a maximum ratio of unencumbered adjusted net operating income to assumed unsecured interest expense.

We are also subject to other customary covenants, including restrictions on investments and limitations on liens and maintenance of properties. The credit facility also contains customary events of default, including, among others, the failure to make payments when due under any of the credit facility documentation, breach of any covenant continuing beyond any cure period and bankruptcy or insolvency.

Table of Contents

Unencumbered Assets. The \$300 million credit facility is unsecured. However, borrowings under the credit facility are limited by the value of hotel assets that qualify as unencumbered assets. As of November 1, 2013, 32 of our hotel properties qualified as, and are deemed to be, unencumbered assets. Among other conditions, unencumbered assets must not be subject to liens or security interests, and the owner and operating lessee of such unencumbered asset must execute a guaranty supplement pursuant to which the owner and operating lessee become subsidiary guarantors of the credit facility. In addition, hotels may be added to or removed from the unencumbered asset pool at any time so long as there is a minimum of 20 hotels in the unencumbered asset pool, the unencumbered assets meet certain diversity requirements (such as limits on concentrations in any particular market), the then-current borrowings on the credit facility do not exceed the maximum available under the facility given the availability limitations described above. Further, to be eligible as an unencumbered asset, the anticipated property must: be franchised with a nationally-recognized franchisor; have been in operation a minimum of one year; satisfy certain ownership, management and operating lessee criteria; not be subject to material defects, such as liens, title defects, environmental contamination and other standard lender criteria.

We transferred to the \$300 million unsecured credit facility the outstanding principal balance of \$8 million on the existing \$150 million senior secured revolving credit facility. The \$150 million senior secured revolving credit facility was paid off in full and terminated upon entry into the \$300 million unsecured credit facility described above.

We expect to fully draw the \$75 Million Term Loan in the fourth quarter of 2013. We have entered into an interest rate swap with a notional value of \$75 million that will become effective on January 2, 2014 and matures on October 1, 2018. This interest rate swap was designated a cash flow hedge and will effectively convert the \$75 Million Term Loan to a fixed rate of 4.145%.

At November 1, 2013, the maximum amount of borrowing permitted under the senior unsecured credit facility was \$248.7 million. We had \$13.0 million in borrowings under this credit facility, \$0.7 million in standby letters of credit and \$235.0 million available to borrow.

Other Debt

On October 31, 2013, we paid off a 4.10% interest rate loan with General Electric Capital Corp. This loan had a principal balance of \$10.3 million and a maturity date of April 1, 2014. Costs associated with the early payoff were less than \$0.1 million.

Acquisitions

On October 1, 2013, we purchased a 115-guestroom Hampton Inn & Suites in Ventura (Camarillo), CA for \$15.7 million. On October 8, 2013, we purchased a 108-guestroom Hampton Inn & Suites in San Diego (Poway), CA for \$15.2 million. The acquisitions were funded by proceeds from our common stock offering completed on September 19, 2013, and by an advance on our senior secured revolving credit facility.

Dispositions

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

On October 30, 2013 we sold the 57-guestroom Fairfield Inn in Emporia, KS for \$1.7 million. On November 1, 2013, we sold the 78-guestroom SpringHill Suites in Little Rock, AR for \$4.5 million and recognized a gain on the sale of \$1.0 million. Both of these properties were classified as held for sale at September 30, 2013. We used the proceeds from these sales to pay down the balance on our senior unsecured credit facility.

Item 3.

Quantitative and Qualitative Disclosures about Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market-sensitive instruments. In pursuing our business strategies, the primary market risk to which we are currently exposed, and to which we expect to be exposed in the future, is interest rate risk. Our primary interest rate exposure is to 30-day LIBOR. We primarily use fixed interest rate financing to manage our exposure to fluctuations in interest rates. On a limited basis we also use derivative financial instruments to manage interest rate risk.

Table of Contents

On September 5, 2013, we entered into an interest rate swap with a notional value of \$75.0 million that will become effective on January 2, 2014 and matures on October 1, 2018. This interest rate swap was designated a cash flow hedge and will effectively convert a \$75.0 million variable rate term loan that we expect to fund in the fourth quarter of 2013 into a fixed rate loan.

At September 30, 2013, we were party to five interest rate swap agreements, with a total notional amount of \$114.9 million, where we receive variable rate payments in exchange for making fixed rate payments. These agreements are accounted for as cash flow hedges. Two of these agreements are in a liability position and have a termination value of \$1.9 million.

At September 30, 2013, after giving effect to our interest rate swap agreements, \$398.3 million, or 99.5%, of our debt had fixed interest rates and \$2.0 million, or 0.5%, had variable interest rates. Assuming no increase in the level of our variable rate debt, if interest rates increase by 1.0%, our cash flow would decrease by less than \$0.1 million per year.

As our fixed rate debts mature, we will become subject to interest rate risk. In addition, as our variable rate debts mature, lenders may impose interest rate floors on new financing arrangements because of the low interest rates experienced during the past few years. At September 30, 2013, \$19.7 million of our long-term debt will amortize or mature during the next 12 months, of which \$19.6 million has fixed interest rates and \$0.1 million has variable interest rates.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

We are involved from time to time in litigation arising in the ordinary course of business, however, we are not currently aware of any actions against us that we believe would materially adversely affect our business, financial condition or results of operations.

Item 1A. Risk Factors.

In addition to the risk factors disclosed in the Risk Factors section of our combined Annual Report on Form 10-K for the year ended December 31, 2012, we believe we are subject to the following risk:

A delay in approving a budget and/or continuing appropriation legislation to fund the operations of the federal government and the failure to raise the borrowing limit for the federal government could affect travel directly and indirectly and may thereby negatively impact our revenues and cash available for distributions.

The delay in approving a budget and continuing appropriation legislation to fund the operations of the federal government caused many federal agencies to cease or curtail some activities during the third quarter of 2013. In addition, in April 2013, the Federal Aviation Administration announced the implementation of furloughs of air traffic controllers, resulting in flight delays throughout the United States until the U.S. Congress passed a bill suspending such furloughs. There can be no assurance that future sequestration obligations under the Budget Control Act of 2011 by the Federal Aviation Administration or other agencies of the federal government will not occur in future periods resulting in difficulties and discouraging travel. The reduction in income from both businesses and federal government employees and the possibility of another federal government impasse may adversely affect consumer confidence or may discourage both business and leisure travel, resulting in the deferral or cancellation of travel and a negative effect on our revenues in the fourth quarter of 2013 and in subsequent quarters. Such impacts could have a material adverse impact on our consolidated financial statements.
