Dear Investor,

As proxy solicitor for **Hawaiian Electric Industries, Inc.**, we have tried to reach you by phone a number of times about your investment. Your share position continues to appear as UNVOTED in the company's records. It is important that you vote your shares FOR the company's merger with NextEra Energy at the reconvened Special Meeting on June 10, 2015. **NOT VOTING WILL HAVE THE SAME EFFECT AS A VOTE AGAINST THE MERGER.**

PLEASE CALL 1-877-825-8619 TO PLACE YOUR VOTE QUICKLY AND EASILY!

Because time is short, we have arranged for you to be able to place your vote by calling 1-877-825-8619 and speaking to a live agent. **Please vote without delay**; agents are standing by to take your vote between 9am and 8pm, Eastern Time, until the day prior to the meeting.

Leading independent proxy advisory firms ISS and Glass Lewis have both recommended in favor of the merger proposal. And, although **we have received overwhelming support**¹ from the shareholders who have voted, the proposal to approve the merger requires **75% of the outstanding shares** voting in favor². As a result of this high threshold, every vote is important no matter how many or how few shares you own.

If you hold shares for clients and they have not provided you with instructions, we ask that you relay this information to them and encourage them to provide you with their instructions to vote their shares.

If you generally do not vote your positions, please keep in mind that by not voting, you will essentially be voting against the merger.

Thank you and we look forward to speaking with you,

INNISFREE M&A INCORPORATED

¹ As HEI announced on May 12, 2015, of the votes already cast at that time, approximately 90 percent had been voted in favor of the merger, representing approximately 70% of the outstanding shares.

² This is a uniquely high approval threshold. Hawaii is the only U.S. state to require that 75% of outstanding shares be voted in favor in order for a merger to be approved.

Forward Looking Statements

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are typically identified by words or phrases such as may, will, anticipate, estimate, expect, project, intend, plan, believe, target and other words and terms of similar meaning. Forward-looking statements involve estimates, expectations, projections, goals, forecasts, assumptions, risks and uncertainties. NEE and HEI caution readers that any forward-looking statement is not a guarantee of future performance and that actual results could differ materially from those contained in any forward-looking statement. Such forward-looking statements include, but are not limited to, statements about the anticipated benefits of the proposed merger involving NEE and HEI, including future financial or operating results of NEE or HEI, NEE's or HEI's plans, objectives, expectations or intentions, the expected timing of completion of the transaction, the value, as of the completion of the merger or spin-off of HEI's bank subsidiary or as of any other date in the future, of any consideration to be received in the merger or the spin-off in the form of stock or any other security, and other statements that are not historical facts. Important factors that could cause actual results to differ materially from those indicated by any such forward-looking statements include risks and uncertainties relating to: the risk that HEI may be unable to obtain shareholder approval for the merger or that NEE or HEI may be unable to obtain governmental and regulatory approvals required for the merger or the spin-off, or required governmental and regulatory approvals may delay the merger or the spin-off or result in the imposition of conditions that could cause the parties to abandon the transaction; the risk that a condition to closing of the merger or the completion of the spin-off may not be satisfied; the timing to consummate the proposed merger and the expected timing of the completion of the spin-off; the risk that the businesses will not be integrated successfully; the risk that the cost savings and any other synergies from the transaction, including the value of a potential tax basis step up, may not be fully realized or may take longer to realize than expected; disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; the diversion of management time and attention on merger and spin-off-related issues; general worldwide economic conditions and related uncertainties; the effect and timing of changes in laws or in governmental regulations (including environmental); fluctuations in trading prices of securities and in the financial results of NEE, HEI or any of their subsidiaries; the timing and extent of changes in interest rates, commodity prices and demand and market prices for electricity; and other factors discussed or referred to in the Risk Factors section of HEI's or NEE's most recent Annual Reports on Form 10-K filed with the Securities and Exchange Commission (the SEC). These risks, as well as other risks associated with the merger, are more fully discussed in the definitive proxy statement/prospectus that is included in the Registration Statement on Form S-4 that NEE has filed with the SEC in connection with the merger. Additional risks and uncertainties are identified and discussed in NEE's and HEI's reports filed with the SEC and available at the SEC's website at www.sec.gov. Each forward-looking statement speaks only as of the date of the particular statement and neither NEE nor HEI undertakes any obligation to update or revise its forward-looking statements, whether as a result of new information, future events or otherwise.
