Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of October 31, 2016, the number of shares of each class of the registrant's common stock outstanding is as follows:

Common Stock -	18,291,360 shares
Class A Common Stock -	18,510,975 shares

**DOVER MOTORSPORTS, INC.**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**NOTE 1 Basis of Presentation**

References in this document to we, us and our mean Dover Motorsports, Inc. and/or its wholly owned subsidiaries, as appropriate.

The accompanying consolidated financial statements have been prepared in compliance with Rule 10-01 of Regulation S-X and U.S. generally accepted accounting principles, and accordingly do not include all of the information and disclosures required for audited financial statements. These consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our latest Annual Report on Form 10-K filed on March 4, 2016. In the opinion of management, these consolidated financial statements include all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the results of operations, financial position and cash flows for the interim periods presented. Operating results for the three and nine-month periods ended September 30, 2016 are not necessarily indicative of the results that may be expected for the year ending December 31, 2016 due to the seasonal nature of our business.

**NOTE 2 Business Operations**

Dover Motorsports, Inc. is a public holding company that is a leading marketer and promoter of motorsports entertainment in the United States. Through our subsidiaries, we own and operate Dover International Speedway® in Dover, Delaware and Nashville Superspeedway® near Nashville, Tennessee. As of the date of this filing, our Dover facility promoted the following six events during 2016, all of which were under the auspices of the premier sanctioning body in motorsports - the National Association for Stock Car Auto Racing ( NASCAR ):

- 2 NASCAR Sprint Cup Series events;
- 2 NASCAR XFINITY Series events;
- 1 NASCAR Camping World Truck Series event; and
- 1 NASCAR K&N Pro Series East event.

Our fall NASCAR event weekend, which consists of a Sprint Cup Series event, an XFINITY Series event and a K&N Pro Series East event, was held on September 30 – October 2 in 2016. These same events were all held in October of 2015. Therefore, revenues and operating and marketing expenses are not comparable for the three and nine-month periods ended September 30, 2016 and 2015.

We have hosted the Firefly Music Festival ( Firefly ) on our property in Dover, Delaware for five consecutive years. The inaugural three day festival with 40 musical acts was held in July 2012 and this year s event in Dover was held on June 16-19, 2016 with over 110 musical acts. In September 2014, Red Frog Events LLC formed RFGV Festivals LLC - a joint venture with Goldenvoice that promotes Firefly. Goldenvoice is owned by AEG Live, one of the world s largest presenters of live music and entertainment events. We entered into an amended agreement with RFGV Festivals granting them two 5 year options to extend our facility rental agreement through 2032 (from its original expiration date of 2022) in exchange for a rental commitment to secure our property for up to two festivals per year. Rent is at differing rates depending on how many events are actually held. On June 26-28, 2015, the Big Barrel Country Music Festival was held at our facility. The three day festival was promoted by RFGV Festivals and featured 40 musical acts. On January 28, 2016, RFGV Festivals announced it would not promote the event in 2016. In addition to the facility rental fee, we also receive a percentage of the concession sales we manage at the events.

Nashville Superspeedway no longer promotes NASCAR events and has not entered into sanction agreements with NASCAR since 2011. We currently use the facility on a limited basis for motorsports track rentals. On May 29, 2014, we entered into an agreement to sell the facility for \$27 million in cash and the assumption by the potential buyer of obligations of ours under certain Variable Rate Tax Exempt Infrastructure Revenue Bonds. The sales agreement was amended several times extending the closing date. In consideration for these amendments, during 2014 we received \$1,700,000 in non-refundable deposits from the potential buyer which was to be applied against the purchase price at closing. In 2015, we received \$1,200,000 in non-refundable deposits to extend closing under the agreement, a portion of which was to be applied against the purchase price depending on the closing date. During the first and second quarters of 2015, \$427,000 and \$606,000, respectively, was recorded as income from assets held for sale in our consolidated statements of operations as those deposit amounts were not to be applied against the purchase price at closing based on the terms of the amendments. On June 1, 2015, the potential buyer defaulted under the agreement and did not subsequently cure the default. The amended closing date under the agreement was July 27, 2015; therefore, the agreement expired by its terms. Accordingly, we recorded as income from assets held for sale the remaining deposits of \$1,867,000 in the third quarter of 2015.

On August 25, 2016, we entered into a definitive agreement to sell our Nashville facility to an entity owned by Panattoni Development Company for \$27.5 million in cash and the assumption by the buyer of obligations of ours under certain Variable Rate Tax Exempt Infrastructure Revenue Bonds. The sale is expected to close in the first quarter of 2017. Our gain would be the \$27.5 million purchase price less the facility's \$26 million carrying value and less any costs to sell which are expected to be minimal and consist primarily of legal fees. We also expect to pay income taxes of approximately \$5 million as a result of this transaction. The assets of Nashville Superspeedway are reported as assets held for sale in our consolidated balance sheets at September 30, 2016 and December 31, 2015. Our balance sheet includes a \$1,800,000 provision for contingent obligation reflecting the present value of the estimated portion of the revenue bonds debt service that may not be covered by the projected sales and incremental property taxes from the facility. Upon completion of the sale of the assets of Nashville Superspeedway, we will no longer be responsible for this obligation and will reverse it which will increase our pre-tax earnings by the amount of the obligation at the time it is reversed. See NOTE 9 Commitments and Contingencies for further discussion.

### **NOTE 3 Summary of Significant Accounting Policies**

*Property and equipment* Property and equipment is stated at cost. Depreciation is provided using the straight-line method over the asset's estimated useful life. Accumulated depreciation was \$56,409,000 and \$54,306,000 as of September 30, 2016 and December 31, 2015, respectively.

In the first quarter of 2016, we began a renovation project of certain track related assets that will take approximately one year to complete. As a result, we adjusted the service lives of those assets to properly reflect their shortened estimated useful life. We recorded depreciation expense of \$25,000 and \$184,000, respectively, in the three and nine-month periods ended September 30, 2016 related to these assets and expect to record an additional \$24,000 of depreciation expense during the remainder of 2016.

In the first quarter of 2015, we identified certain track related assets that, as a result of our planned reduction of grandstand seating, were retired at the end of our 2015 race season. As a result, we adjusted the service lives of those assets to properly reflect their shortened estimated useful life. We recorded depreciation expense of \$655,000 and \$2,039,000 in the three and nine-month periods ended September 30, 2015 related to these assets. As of December 31, 2015, these assets were fully depreciated.

*Revenue recognition* We classify our revenues as admissions, event-related, broadcasting and other. Admissions revenue includes ticket sales for all of our events. Event-related revenue includes amounts received from sponsorship fees; luxury suite rentals; hospitality tent rentals and catering; concessions and souvenir sales and vendor commissions for

the right to sell concessions and souvenirs at our facilities; sales of programs; track rentals and other event-related revenues. Additionally, event related revenue includes amounts received for the use of our property and a portion of the concession sales we manage from the Firefly Music Festival. Broadcasting revenue includes rights fees obtained for television and radio broadcasts of events held at our speedways and any ancillary media rights fees.

Revenues pertaining to specific events are deferred until the event is held. Concession and souvenir revenues are recorded at the time of sale. Revenues and related expenses from barter transactions in which we provide sponsorship packages in exchange for goods or services are recorded at fair value. Barter transactions accounted for \$0 and \$222,000, and \$0 and \$251,000 of total revenues for the three and nine-month periods ended September 30, 2016 and 2015, respectively.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

Under the terms of our sanction agreements, NASCAR retains 10% of the gross broadcast rights fees allocated to each NASCAR-sanctioned event as a component of its sanction fee. The remaining 90% is recorded as revenue. The event promoter is required to pay 25% of the gross broadcast rights fees to the event as part of the awards to the competitors, which we record as operating expenses.

*Expense recognition* The cost of non-event related advertising, promotion and marketing programs is expensed as incurred. Certain direct expenses pertaining to specific events, including prize and point fund monies and sanction fees paid to NASCAR, a majority of our marketing expenses and other expenses associated with the promotion of our racing events are deferred until the event is held, at which point they are expensed. Advertising expenses were \$11,000 and \$643,000, and \$7,000 and \$641,000 for the three and nine-month periods ended September 30, 2016 or 2015, respectively.

*Net (loss) earnings per common share* Nonvested share-based payment awards that include rights to dividends or dividend equivalents, whether paid or unpaid, are considered participating securities, and the two-class method of computing basic and diluted net (loss) earnings per common share ( EPS ) is applied for all periods presented. The following table sets forth the computation of EPS (in thousands, except per share amounts):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Net (loss) earnings per common share basic and diluted:				
Net (loss) earnings	\$ (2,167)	\$ (1,396)	\$ 556	\$ 1,494
Allocation to nonvested restricted stock awards			9	23
Net (loss) earnings available to common stockholders	\$ (2,167)	\$ (1,396)	\$ 547	\$ 1,471
Weighted-average shares outstanding basic and diluted	36,216	36,157	36,238	36,155
Net (loss) earnings per common share basic and diluted	\$ (0.06)	\$ (0.04)	\$ 0.02	\$ 0.04

There were no options outstanding and we paid no dividends during the three and nine-month periods ended September 30, 2016 or 2015.

*Accounting for stock-based compensation* We recorded stock-based compensation expense for our restricted stock awards of \$62,000 and \$233,000, and \$60,000 and \$256,000 as general and administrative expenses for the three and nine-month periods ended September 30, 2016 and 2015, respectively. We recorded income tax benefits of \$25,000 and \$95,000, and \$26,000 and \$104,000 for the three and nine-month periods ended September 30, 2016 and 2015, respectively, related to our restricted stock awards.

*Recent accounting pronouncements* In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*, which provides a five step approach to be applied to all contracts with customers. ASU No. 2014-09 also requires expanded disclosures about revenue recognition. This update is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. Early adoption is permitted for reporting periods beginning after December 15, 2016. We are currently analyzing the impact of ASU No. 2014-09 on our

results of operations and, at this time, we are unable to determine the impact on the new standard, if any, on our consolidated financial statements.

**NOTE 4 Long-Term Debt**

At September 30, 2016, Dover Motorsports, Inc. and its wholly owned subsidiaries Dover International Speedway, Inc. and Nashville Speedway, USA, Inc., as co-borrowers had a \$35,000,000 credit agreement with a bank group. On September 16, 2016, we modified the credit agreement to: extend the maturity date to July 31, 2020; release the mortgage and security interest in the collateral securing the agreement; and redefine certain terms within the agreement. Interest is based upon LIBOR plus a margin that varies between 125 and 175 basis points depending on the leverage ratio (125 basis points at September 30, 2016). The credit facility contains certain covenants including maximum funded debt to earnings before interest, taxes, depreciation and amortization ( leverage ratio ) and a minimum fixed charge coverage ratio. Material adverse changes in our results of operations could impact our ability to maintain financial ratios necessary to satisfy these requirements. In addition, the credit agreement includes a material adverse change clause. The credit facility also provides that if we default under any other loan agreement, that would be a default under this facility. At September 30, 2016, there was \$8,060,000 outstanding under the credit facility at an interest rate of 1.78%. The credit facility provides for seasonal funding needs, capital improvements, letter of credit requirements and other general corporate purposes. At September 30, 2016, we were in compliance with the terms of the credit facility. After consideration of stand-by letters of credit outstanding, the remaining maximum borrowings available pursuant to the credit facility were \$10,367,000 at September 30, 2016. We expect to be in compliance with the financial covenants, and all other covenants, for all measurement periods during the next twelve months.

**NOTE 5 Pension Plans**

We maintain a non-contributory tax qualified defined benefit pension plan that has been frozen since July 2011. All of our full time employees were eligible to participate in the qualified plan. Benefits provided by our qualified pension plan were based on years of service and employees remuneration over their employment period. Compensation earned by employees up to July 31, 2011 is used for purposes of calculating benefits under our pension plan with no future benefit accruals after this date. We also maintain a non-qualified, non-contributory defined benefit pension plan, the excess plan, for certain employees that has been frozen since July 2011. This excess plan provided benefits that would otherwise be provided under the qualified pension plan but for maximum benefit and compensation limits applicable under federal tax law. The cost associated with the excess plan is determined using the same actuarial methods and assumptions as those used for our qualified pension plan. The assets for the excess plan aggregate \$931,000 and \$813,000 as of September 30, 2016 and December 31, 2015, respectively, and are recorded in other assets in our consolidated balance sheets (see NOTE 7 Fair Value Measurements).

The components of net periodic pension benefit for our defined benefit pension plans are as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Interest cost	\$ 117,000	\$ 127,000	\$ 346,000	\$ 387,000
Expected return on plan assets	(155,000)	(160,000)	(466,000)	(482,000)
Recognized net actuarial loss	33,000	30,000	92,000	92,000
	\$ (5,000)	\$ (3,000)	\$ (28,000)	\$ (3,000)

We contributed \$0 and \$75,000 to our defined benefit pension plans during the three and nine-month periods ended September 30, 2016. We do not expect any further contributions to our defined benefit pension plans in 2016. We made no contributions to our defined benefit pension plans during the nine months ended September 30, 2015.

We also maintain a non-elective, non-qualified supplemental executive retirement plan ( SERP ) which provides deferred compensation to certain highly compensated employees that approximates the value of benefits lost by the freezing of the pension plan which are not offset by our enhanced matching contributions in our 401(k) plan. The SERP is a discretionary defined contribution plan and contributions made to the SERP in any given year are not guaranteed and will be at the sole discretion of our Compensation and Stock Incentive Committee. In the three and nine-month periods ended September 30, 2016 and 2015, we recorded expenses of \$20,000 and \$60,000, and \$17,000 and \$52,000, respectively, related to the SERP. During the nine-month periods ended September 30, 2016 and 2015, we contributed \$81,000 and \$72,000 to the plan, respectively. The liability for SERP pension benefits was \$61,000 and \$82,000 as of September 30, 2016 and December 31, 2015, respectively.

We maintain a defined contribution 401(k) plan that permits participation by substantially all employees. Our matching contributions to the 401(k) plan were \$33,000 and \$100,000, and \$20,000 and \$83,000 in the three and nine-month periods ended September 30, 2016 and 2015, respectively.

**NOTE 6 Stockholders Equity**

Changes in the components of stockholders equity are as follows (in thousands):

	Common Stock	Class A Common Stock	Additional Paid-in Capital	Accumulated Deficit	Accumulated Other Comprehensive Loss
<b>Balance at December 31, 2015</b>	\$ 1,822	\$ 1,851	\$ 101,742	\$ (50,301)	\$ (3,121)
Net earnings				556	
Issuance of restricted stock awards, net of forfeitures	15		(15)		
Stock-based compensation			233		
Repurchase and retirement of common stock	(8)		(181)		
Unrealized gain on available-for-sale securities, net of income tax expense of \$10					15
Change in net actuarial loss and prior service cost, net of income tax expense of \$37					55
Excess tax benefits on restricted stock			27		
<b>Balance at September 30, 2016</b>	\$ 1,829	\$ 1,851	\$ 101,806	\$ (49,745)	\$ (3,051)

As of September 30, 2016 and December 31, 2015, accumulated other comprehensive loss, net of income taxes, consists of the following:

	September 30, 2016	December 31, 2015
Net actuarial loss and prior service cost not yet recognized in net periodic benefit cost, net of income tax benefit of \$2,134,000 and \$2,171,000, respectively	\$ (3,109,000)	\$ (3,164,000)
Accumulated unrealized gain on available-for-sale securities, net of income tax expense of \$41,000 and \$31,000, respectively	58,000	43,000
Accumulated other comprehensive loss	\$ (3,051,000)	\$ (3,121,000)

Effective June 14, 2016, we adopted a stockholder rights plan. The rights are attached to and trade in tandem with our common stock. The rights, unless earlier redeemed by our board of directors, will detach and trade separately from our common stock only upon the occurrence of certain events such as the unsolicited acquisition by a third party of beneficial ownership of 10% or more of our outstanding combined common stock and Class A common stock or the announcement by a third party of the intent to commence a tender or exchange offer for 10% or more of our outstanding combined common stock and Class A common stock. After the rights have detached, the holders of such rights would generally have the ability to purchase such number of either shares of our common stock or stock of an acquirer of our company having a market value equal to twice the exercise price of the right being exercised, thereby causing substantial dilution to a person or group of persons attempting to acquire control of our company. The rights may serve as a significant deterrent to unsolicited attempts to acquire control of us, including transactions involving a premium to the market price of our stock. The rights expire on June 13, 2026, unless earlier redeemed.

On July 28, 2004, our Board of Directors authorized the repurchase of up to 2,000,000 shares of our outstanding common stock. The purchases may be made in the open market or in privately negotiated transactions as conditions warrant. The repurchase authorization has no expiration date, does not obligate us to acquire any specific number of shares and may be suspended at any time. During the first nine months of 2016, we purchased and retired 37,813 shares of our outstanding common stock at an average purchase price of \$2.22 per share, not including nominal brokerage commissions. No purchases of our equity securities were made pursuant to this authorization during the nine months ended September 30, 2015. At September 30, 2016, we had remaining repurchase authority of 1,140,318 shares.

We have a stock incentive plan, adopted in 2014, which provides for the grant of up to 2,000,000 shares of common stock to our officers and key employees through stock options and/or awards valued in whole or in part by reference to our common stock, such as nonvested restricted stock awards. Under the plan, nonvested restricted stock vests an aggregate of twenty percent each year beginning on the second anniversary date of the grant. The aggregate market value of the nonvested restricted stock at the date of issuance is being amortized on a straight-line basis over the six-year period. We granted 153,000 stock awards under this plan during each of the nine months ended September 30, 2016 and 2015. As of September 30, 2016, there were 1,704,978 shares available for granting options or stock awards.

During the nine months ended September 30, 2016 and 2015, we purchased and retired 44,311 and 49,078 shares of our outstanding common stock at an average purchase price of \$2.33 and \$2.46 per share, respectively. These purchases were made from employees in connection with the vesting of restricted stock awards under our Stock Incentive Plan and were not pursuant to the aforementioned repurchase authorization. Since the vesting of a restricted stock award is a taxable event to our employees for which income tax withholding is required, the plan allows employees to surrender to us some of the shares that would otherwise have vested in satisfaction of their tax liability. The surrender of these shares is treated by us as a purchase of the shares.

**NOTE 7 Fair Value Measurements**

Our financial instruments are classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The following table summarizes the valuation of our financial instrument pricing levels as of September 30, 2016 and December 31, 2015:

	Total	Level 1	Level 2	Level 3
<b>September 30, 2016</b>				
Available-for-sale securities	\$ 931,000	\$ 931,000	\$	\$
<b>December 31, 2015</b>				
Available-for-sale securities	\$ 813,000	\$ 813,000	\$	\$

Our investments in available-for-sale securities consist of mutual funds. These investments are included in other assets on our consolidated balance sheets.

The carrying amounts of other financial instruments reported in our consolidated balance sheets for current assets and current liabilities approximate their fair values because of the short maturity of these instruments.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

At September 30, 2016 and December 31, 2015, there was \$8,060,000 and \$5,900,000, respectively, outstanding under our revolving credit agreement. The borrowings under our revolving credit agreement bear interest at the variable rate described in NOTE 4 Long-Term Debt and therefore we believe approximate fair value.

### **NOTE 8 Related Party Transactions**

During the three and nine-month periods ended September 30, 2016 and 2015, Dover Downs Gaming & Entertainment, Inc. ( Gaming ), a company related through common ownership, allocated costs of \$487,000 and \$1,482,000, and \$453,000 and \$1,399,000, respectively, to us for certain administrative and operating services, including leased space. We allocated certain administrative and operating service costs of \$24,000 and \$135,000, and \$39,000 and \$168,000, respectively, to Gaming for the three and nine-month periods ended September 30, 2016 and 2015. The allocations were based on an analysis of each company's share of the costs. In connection with our 2016 and 2015 NASCAR event weekends at Dover International Speedway, Gaming provided certain services, primarily catering, for which we were invoiced \$71,000 and \$497,000, and \$4,000 and \$426,000, respectively, during the three and nine-month periods ended September 30, 2016 and 2015. Additionally, we invoiced Gaming \$25,000 and \$116,000, and \$8,000 and \$119,000, respectively, during the three and nine-month periods ended September 30, 2016 and 2015 for tickets, our commission for suite catering and other services to the NASCAR events. As of September 30, 2016 and December 31, 2015, our consolidated balance sheets included a \$44,000 payable to and a \$44,000 receivable from Gaming for the aforementioned items. These items were settled in October of 2016 and January of 2016, respectively. The net costs incurred by each company for these services are not necessarily indicative of the costs that would have been incurred if the companies had been unrelated entities and/or had otherwise independently managed these functions; however, management believes that these costs are reasonable.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

Prior to the spin-off of Gaming from our company in 2002, both companies shared certain real property in Dover, Delaware. At the time of the spin-off, some of this real property was transferred to Gaming to ensure that the real property holdings of each company was aligned with its past uses and future business needs. During its harness racing season, Gaming has historically used the 5/8-mile harness racing track that is located on our property and is on the inside of our one-mile motorsports superspeedway. In order to continue this historic use, we granted a perpetual easement to the harness track to Gaming at the time of the spin-off. This perpetual easement allows Gaming to have exclusive use of the harness track during the period beginning November 1 of each year and ending April 30 of the following year, together with set up and tear down rights for the two weeks before and after such period. The easement requires that Gaming maintain the harness track but does not require the payment of any rent.

Various easements and agreements relative to access, utilities and parking have also been entered into between us and Gaming relative to our respective Dover, Delaware facilities. We pay rent to Gaming for the lease of our principal executive office space. Gaming also allows us to use its indoor grandstands in connection with our two annual motorsports weekends. This occasional grandstand use is not material to us and Gaming does not assess rent for it; Gaming may also discontinue our use at its discretion.

Henry B. Tippie, Chairman of our Board of Directors, controls in excess of fifty percent of our voting power. Mr. Tippie's voting control emanates from his direct and indirect holdings of common stock and Class A common stock and from his status as trustee of the RMT Trust, our largest stockholder. This means that Mr. Tippie has the ability to determine the outcome of the election of directors and to determine the outcome of many significant corporate transactions, many of which only require the approval of a majority of our voting power.

Patrick J. Bagley, Timothy R. Horne, Denis McGlynn, Jeffrey W. Rollins, R. Randall Rollins, Richard K. Struthers and Henry B. Tippie are all Directors of Dover Motorsports, Inc. and Gaming. Denis McGlynn is the President and Chief Executive Officer of both companies, Klaus M. Belohoubek is the Senior Vice President General Counsel and Secretary of both companies and Timothy R. Horne is the Senior Vice President Finance and Chief Financial Officer of both companies. Mr. Tippie controls in excess of fifty percent of the voting power of Gaming.

### **NOTE 9 Commitments and Contingencies**

In September 1999, the Sports Authority of the County of Wilson (Tennessee) issued \$25,900,000 in Variable Rate Tax Exempt Infrastructure Revenue Bonds, Series 1999, to acquire, construct and develop certain public infrastructure improvements which benefit Nashville Superspeedway, of which \$16,300,000 was outstanding at September 30, 2016. Annual principal payments range from \$900,000 in September 2017 to \$1,600,000 in 2029 and are payable solely from sales taxes and incremental property taxes generated from the facility. These bonds are direct obligations of the Sports Authority and therefore have historically not been required to be recorded on our consolidated balance sheet. If the sales taxes and incremental property taxes ( applicable taxes ) are insufficient for the payment of principal and interest on the bonds, we would become responsible for the difference. In the event we were unable to make the payments, they would be made pursuant to a \$16,573,000 irrevocable direct-pay letter of credit issued by our bank group. We are exposed to fluctuations in interest rates for these bonds.

As of September 30, 2016 and December 31, 2015, \$1,845,000 and \$1,976,000, respectively, was available in the sales and incremental property tax fund maintained by the Sports Authority to pay the remaining principal and interest due under the bonds. During the first nine months of 2016, we paid \$982,000 into the sales and incremental property tax fund and \$1,113,000 was deducted from the fund for principal and interest payments. If we fail to maintain the letter of credit that secures the bonds or we allow an uncured event of default to exist under our reimbursement agreement relative to the letter of credit, the bonds would be immediately redeemable.

Nashville Superspeedway no longer promotes NASCAR events and has not entered into sanction agreements with NASCAR since 2011. We currently use the facility on a limited basis for motorsports track rentals. In 2011 we recorded a \$2,250,000 provision for contingent obligation reflecting the present value of the estimated portion of the revenue bonds debt service that may not be covered by the projected sales and incremental property taxes from the facility. Due to changing interest rates, the provision for contingent obligation increased (decreased) by \$17,000 and \$73,000, and \$12,000 and (\$90,000) in the three and nine-month periods ended September 30, 2016 and 2015, respectively, and is \$1,800,000 at September 30, 2016. An increase in interest rates would result in an increase in the portion of debt service not covered by applicable taxes and therefore an increase in our liability.

We are also a party to ordinary routine litigation incidental to our business. Management does not believe that the resolution of any of these matters is likely to have a material adverse effect on our results of operations, financial position or cash flows.

## **Item 2.                    Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion is based upon and should be read together with the consolidated financial statements and notes thereto included elsewhere in this document.

### **Results of Operations**

#### *Three Months Ended September 30, 2016 vs. Three Months Ended September 30, 2015*

Our fall NASCAR event weekend, which consists of a Sprint Cup Series event, an XFINITY Series event and a K&N Pro Series East event, was held on September 30 – October 2 in 2016. These same events were all held in October of 2015. Therefore, revenues and operating and marketing expenses were slightly higher for the three months ended September 30, 2016 and 2015.

General and administrative expenses increased slightly to \$1,799,000 in the third quarter of 2016 from \$1,748,000 in the third quarter of 2015.

Depreciation expense decreased to \$828,000 in the third quarter of 2016 as compared to \$1,410,000 in the third quarter of 2015. The decrease was due primarily to shortening the service lives of certain track related assets in the first quarter of 2015 that were retired as a result of our planned reduction of grandstand seating. We recorded \$655,000 of depreciation expense on these assets in the third quarter of 2015, and they were fully depreciated as of December 31, 2015. Partially offsetting this decrease was depreciation of \$25,000 recorded in the third quarter of 2016 as a result of shortening the service lives of certain track related assets that are part of a renovation project that began in 2016. We expect to record an additional \$24,000 of depreciation expense on these assets during the remainder of 2016.

Income from assets held for sale in the third quarter of 2015 relates to non-refundable payments we received from a previous potential buyer of our Nashville Superspeedway facility to extend the closing date of settlement. The sales agreement expired on July 27, 2015.

Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

Net interest expense was \$41,000 in the third quarter of 2016 as compared to \$47,000 in the third quarter of 2015. The decrease was due to lower average borrowings.

Our effective income tax rates for the third quarter of 2016 and 2015 were 41.1% and 40.8%, respectively.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

*Nine Months Ended September 30, 2016 vs. Nine Months Ended September 30, 2015*

We promoted four NASCAR racing events at our Dover International Speedway facility during the first nine months of 2016 as compared to three NASCAR racing events during the first nine months of 2015. The NASCAR K&N Pro Series East event which was held in the third quarter of 2016 was held in the fourth quarter of 2015.

Admissions revenue was \$3,764,000 in the first nine months of 2016 as compared to \$4,212,000 in the first nine months of 2015. The \$448,000 decrease was related to lower attendance at our 2016 spring NASCAR event weekend at Dover International Speedway, partially offset by the timing of the NASCAR K&N Pro Series East event. In 2016, the spring NASCAR events were moved to May 13-15. Historically they have occurred in late May or early June and they will return to the later date in 2017. We believe poor weather contributed somewhat to the lower attendance.

Event-related revenue was \$4,966,000 in the first nine months of 2016 as compared to \$4,823,000 in the first nine months of 2015. The increase was due to higher revenues from the 2016 Firefly Music Festival, increased sponsorship revenues from our spring NASCAR weekend and the timing of the NASCAR K&N Pro Series East event. These increases were partially offset by the cancellation of the 2016 Big Barrel Country Music Festival which was previously held on our property in 2015.

Broadcasting revenue increased to \$17,022,000 in the first nine months of 2016 as compared to \$16,486,000 in the first nine months of 2015 due to contractual increases in NASCAR's broadcasting rights agreement.

Operating and marketing expenses were \$16,440,000 in the first nine months of 2016 as compared to \$15,878,000 in the first nine months of 2015. The increase was primarily related to higher purse and sanction fees for our spring NASCAR event weekend and the timing of the NASCAR K&N Pro Series East event.

General and administrative expenses increased slightly to \$5,573,000 in the first nine months of 2016 from \$5,499,000 in the first nine months of 2015.

Depreciation expense decreased to \$2,591,000 in the first nine months of 2016 as compared to \$4,377,000 in the first nine months of 2015. The decrease was due primarily to shortening the service lives of certain track related assets in the first quarter of 2015 that were retired as a result of our planned reduction of grandstand seating. We recorded \$2,039,000 of depreciation expense on these assets in the first nine months of 2015, and they were fully depreciated as of December 31, 2015. Partially offsetting this decrease was depreciation of \$184,000 recorded in the first nine months of 2016 as a result of shortening the service lives of certain track related assets that are part of a renovation project that began in 2016. We expect to record an additional \$24,000 of depreciation expense on these assets during the remainder of 2016.

Income from assets held for sale in the first nine months of 2015 relates to non-refundable payments we received from a previous potential buyer of our Nashville Superspeedway facility to extend the closing date of settlement. The sales agreement expired on July 27, 2015.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

Net interest expense was \$166,000 in the first nine months of 2016 as compared to \$280,000 in the first nine months of 2015. The decrease was due primarily to lower average borrowings.

Our effective income tax rates for the first nine months of 2016 and 2015 were 40.5% and 38.8%, respectively.

### **Liquidity and Capital Resources**

Our operations and cash flows from operating activities are seasonal in nature.

Net cash provided by operating activities was \$299,000 for the first nine months of 2016 as compared to \$631,000 for the first nine months of 2015. The decrease was due to lower collections from advance ticket sales and sponsorship billings, partially offset by lower income tax payments.

Net cash used in investing activities was \$2,005,000 for the first nine months of 2016 as compared to \$161,000 for the first nine months of 2015. Capital expenditures of \$1,923,000 in the first nine months of 2016 related primarily to the installation of additional SAFER barriers around our Dover racetrack, installation of fiber optic cable, equipment purchases, and improvements at our Dover facility. Capital expenditures of \$1,357,000 in the first nine months of 2015 related to improvements, primarily the installation of fiber optic cable, equipment purchases, and improvements at our Dover facility. In May 2014, we entered into an agreement to sell our Nashville Superspeedway facility. During the first nine months of 2015, we received \$1,200,000 in non-refundable fees from the potential buyer to extend the closing date of the now expired agreement.

Net cash provided by financing activities was \$1,920,000 for the first nine months of 2016 as compared to net cash used in financing activities of \$301,000 for the first nine months of 2015. We had net borrowings on our outstanding line of credit of \$2,160,000 in the first nine months of 2016 as compared to net repayments of \$180,000 in the first nine months of 2015. During the first nine months of 2016 and 2015, respectively, we purchased and retired 44,311 and 49,078 shares of our outstanding common stock for \$103,000 and \$121,000 from employees in connection with the vesting of restricted stock awards under our stock incentive plan. Additionally, we purchased and retired 37,813 shares of our outstanding common stock for \$86,000 from the open market during the first nine months of 2016. As a result of amending our credit agreement in September 2016, we paid \$78,000 in bank fees.

At September 30, 2016, Dover Motorsports, Inc. and its wholly owned subsidiaries Dover International Speedway, Inc. and Nashville Speedway, USA, Inc., as co-borrowers had a \$35,000,000 credit agreement with a bank group. On September 16, 2016, we modified the credit agreement to: extend the maturity date to July 31, 2020; release the mortgage and security interest in the collateral securing the agreement; and redefine certain terms within the agreement. Interest is based upon LIBOR plus a margin that varies between 125 and 175 basis points depending on the leverage ratio (125 basis points at September 30, 2016). The credit facility contains certain covenants including maximum funded debt to earnings before interest, taxes, depreciation and amortization ( leverage ratio ) and a minimum fixed charge coverage ratio. Material adverse changes in our results of operations could impact our ability to maintain financial ratios necessary to satisfy these requirements. In addition, the credit agreement includes a material adverse change clause. The credit facility also provides that if we default under any other loan agreement, that would be a default under this facility. At September 30, 2016, there was \$8,060,000 outstanding under the credit facility at an interest rate of 1.78%. The credit facility provides for seasonal funding needs, capital improvements, letter of credit requirements and other general corporate purposes. At September 30, 2016, we were in compliance with the terms of the credit facility. After consideration of stand-by letters of credit outstanding, the remaining maximum borrowings available pursuant to the credit facility were \$10,367,000 at September 30, 2016. We expect to be in compliance with the financial covenants, and all other covenants, for all measurement periods during the next twelve months.

Nashville Superspeedway no longer promotes NASCAR events and has not entered into sanction agreements with NASCAR since 2011. We currently use the facility on a limited basis for motorsports track rentals. On May 29, 2014, we entered into an agreement to sell the facility for \$27 million in cash and the assumption by the potential buyer of obligations of ours under certain Variable Rate Tax Exempt Infrastructure Revenue Bonds. The sales agreement was amended several times extending the closing date. In consideration for these amendments, during 2014 we received \$1,700,000 in non-refundable deposits from the potential buyer which was to be applied against the purchase price at closing. In 2015, we received \$1,200,000 in non-refundable deposits to extend closing under the agreement, a portion of which was to be applied against the purchase price depending on the closing date. During the first and second quarters of 2015, \$427,000 and \$606,000, respectively, was recorded as income from assets held for sale in our consolidated statements of operations as those deposit amounts were not to be applied against the purchase price at closing based on the terms of the amendments. On June 1, 2015, the potential buyer defaulted under the agreement and did not subsequently cure the default. The amended closing date under the agreement was July 27, 2015; therefore, the agreement expired by its terms. Accordingly, we recorded as income from assets held for sale the remaining deposits of \$1,867,000 in the third quarter of 2015.

On August 25, 2016, we entered into a definitive agreement to sell our Nashville facility to an entity owned by Panattoni Development Company for \$27.5 million in cash and the assumption by the buyer of obligations of ours under certain Variable Rate Tax Exempt Infrastructure Revenue Bonds. The sale is expected to close in the first quarter of 2017. Our gain would be the \$27.5 million purchase price less the facility's \$26 million carrying value and less any costs to sell which are expected to be minimal and consist primarily of legal fees. We also expect to pay income taxes of approximately \$5 million as a result of this transaction. The assets of Nashville Superspeedway are reported as assets held for sale in our consolidated balance sheets at September 30, 2016 and December 31, 2015. Our balance sheet includes a \$1,800,000 provision for

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

contingent obligation reflecting the present value of the estimated portion of the revenue bonds debt service that may not be covered by the projected sales and incremental property taxes from the facility. Upon completion of the sale of the assets of Nashville Superspeedway, we will no longer be responsible for this obligation and will reverse it which will increase our pre-tax earnings by the amount of the obligation at the time it is reversed. See NOTE 9 Commitments and Contingencies of the consolidated financial statements included elsewhere in this document for further discussion.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

As of the date of this filing, we promoted six racing events in 2016 (five national series events and one regional series event), all of which were sanctioned by NASCAR and held at our Dover International Speedway facility. We have entered into five year sanction agreements with NASCAR for each of the five national series events for 2016-2020. NASCAR's regional series events are sanctioned on an annual basis.

Broadcasting revenues continue to be a significant long-term revenue source for our business. Management believes this long-term contracted revenue helps stabilize our financial strength, earnings and cash flows. Also, NASCAR ratings can impact attendance at our events and sponsorship opportunities. A substantial portion of our profits in recent years has resulted from television revenues received from NASCAR under its agreements with various television networks, which is expected to continue for the foreseeable future. Our share of these television broadcast revenues and purse and sanction fees are fixed under our NASCAR sanction agreements through the year 2020. We are obligated to conduct events in the manner stipulated under the terms and conditions of these sanctioning agreements.

NASCAR is operating under a ten-year, multi-platform agreement with FOX Sports Media Group ( FOX ) for the broadcasting and digital rights to 16 NASCAR Sprint Cup Series races, 14 XFINITY Series races and the entire Camping World Truck Series (along with practice and qualifying) from 2015 through 2024. The agreement includes TV Everywhere rights that allow live-streaming of all FOX races, before and after race coverage, in-progress and finished race highlights, and replays of FOX-televised races to a Fox Sports-affiliated website which began in 2013. The agreement also allows re-broadcast of races on a FOX network and via video-on-demand for 24 hours and other ancillary programming, including a nightly NASCAR news and information show and weekend at-track shows. NASCAR and FOX Deportes, the number one US Latino sports network, have teamed up to provide our sport's most expansive Spanish-language broadcast offering ever with coverage of 15 NASCAR Sprint Cup Series races which started in 2013.

NASCAR also operates under a ten-year comprehensive agreement with NBC Sports Group granting NBCUniversal ( NBC ) exclusive rights to 20 NASCAR Sprint Cup Series races, 19 NASCAR XFINITY Series events, select NASCAR Regional & Touring Series events and other live content which began in 2015. Further, NBC has been granted Spanish-language rights, certain video-on-demand rights and exclusive TV Everywhere rights for its NASCAR Sprint Cup Series and NASCAR XFINITY Series events.

Looking forward, our sanction agreements with NASCAR contain annual increases of between 3 and 4 percent in media rights fees for each sanctioned event conducted, and provide a specific percentage of media rights fees to be paid to competitors. The sanction agreements also provide for annual increases in sanction fees and non-media rights related prize and point fund monies (to be paid to competitors) of between 4 and 4.5 percent annually over the term of the agreements.

We have hosted the Firefly Music Festival ( Firefly ) on our property in Dover, Delaware for five consecutive years. The inaugural three day festival with 40 musical acts was held in July 2012 and this year's event in Dover was held on June 16-19, 2016 with over 110 musical acts. In September 2014, Red Frog Events LLC formed RFGV Festivals LLC - a joint venture with Goldenvoice that promotes Firefly. Goldenvoice is owned by AEG Live, one of the world's largest presenters of live music and entertainment events. We entered into an amended agreement with RFGV Festivals granting them two 5 year options to extend our facility rental agreement through 2032 (from its original expiration date of 2022) in exchange for a rental commitment to secure our property for up to two festivals per year. Rent is at differing rates depending on how many events are actually held. On June 26-28, 2015, the Big Barrel Country Music Festival was held at our facility. The three day festival was promoted by RFGV Festivals and featured 40 musical acts. On January 28, 2016, RFGV Festivals announced it would not promote the event in 2016. In addition to the facility rental fee, we also receive a percentage of the concession sales we manage at the events.

We expect that our net cash flows from operating activities and funds available from our credit facility will be sufficient to provide for our working capital needs, capital spending requirements, stock repurchases, as well as any cash dividends our Board of Directors may declare at least through the next twelve months and also provide for our long-term liquidity. On October 26, 2016, our Board of Directors declared an annual cash dividend on both classes of common stock of \$.05 per share to be paid on December 10, 2016. Based on current business conditions, we expect to spend approximately \$750,000 on capital expenditures during the remainder of 2016. We do not expect to contribute to our defined benefit pension plans during the remainder of 2016.

### Contractual Obligations

At September 30, 2016, we had the following contractual obligations and other commercial commitments:

	Total	2016	Payments Due by Period				Thereafter
			2017	2018	2019	2020	
Revolving line of credit	\$ 8,060,000	\$	\$		\$ 8,060,000	\$	
Estimated interest payments on revolving line of credit(a)	549,000	36,000		286,000		227,000	
Contingent obligation(b)	1,800,000						1,800,000
Total contractual cash obligations	\$ 10,409,000	\$ 36,000	\$ 286,000	\$	8,287,000	\$	1,800,000

(a) The future interest payments on our revolving credit agreement were estimated using the current outstanding principal as of September 30, 2016 and current interest rates.

(b) In September 1999, the Sports Authority of the County of Wilson (Tennessee) issued \$25,900,000 in Variable Rate Tax Exempt Infrastructure Revenue Bonds, Series 1999, to acquire, construct and develop certain public infrastructure improvements which benefit Nashville Superspeedway, of which \$16,300,000 was outstanding at September 30, 2016. Annual principal payments range from \$900,000 in September 2017 to \$1,600,000 in 2029 and are payable solely from sales taxes and incremental property taxes generated from the facility. These bonds are direct obligations of the Sports Authority and therefore have historically not been required to be recorded on our consolidated balance sheet. If the applicable taxes are insufficient for the payment of principal and interest on the bonds, we would become responsible for the difference. In the event we were unable to make the payments, they would be made pursuant to a \$16,573,000 irrevocable direct-pay letter of credit issued by our bank group. We are exposed to fluctuations in interest rates for these bonds.

As of September 30, 2016 and December 31, 2015, \$1,845,000 and \$1,976,000, respectively, was available in the sales and incremental property tax fund maintained by the Sports Authority to pay the remaining principal and interest due under the bonds. During the first nine months of 2016, we paid \$982,000 into the sales and incremental property tax fund and \$1,113,000 was deducted from the fund for principal and interest payments. If we fail to maintain the letter of credit that secures the bonds or we allow an uncured event of default to exist under our reimbursement agreement relative to the letter of credit, the bonds would be immediately redeemable.

Nashville Superspeedway no longer promotes NASCAR events and has not entered into sanction agreements with NASCAR since 2011. We currently use the facility on a limited basis for motorsports track rentals. In 2011 we recorded a \$2,250,000 provision for contingent obligation reflecting the present value of the estimated portion of the revenue bonds debt service that may not be covered by the projected sales and incremental property taxes from the facility. Due to changing interest rates, the provision for contingent obligation increased (decreased) by \$17,000 and \$73,000, and \$12,000 and (\$90,000) in the three and nine-month periods ended September 30, 2016 and 2015, respectively, and is \$1,800,000 at September 30, 2016. See NOTE 2 Business Operations and NOTE 9 Commitments and Contingencies of the consolidated

financial statements included elsewhere in this document for further discussion.

**Related Party Transactions**

See NOTE 8 Related Party Transactions of the consolidated financial statements included elsewhere in this document.

### **Critical Accounting Policies**

For a summary of our critical accounting policies and the means by which we develop estimates thereon, see Part II - Item 7. Management's Discussion And Analysis Of Financial Condition And Results Of Operations in our 2015 Annual Report on Form 10-K. There have been no material changes to our critical accounting policies from those included in our 2015 Annual Report on Form 10-K.

### **Recent Accounting Pronouncements**

See NOTE 3 Summary of Significant Accounting Policies to our consolidated financial statements included elsewhere in this document for a full description of recent accounting pronouncements that affect us.

### **Factors That May Affect Operating Results; Forward-Looking Statements**

This report and the documents incorporated by reference may contain forward-looking statements. In Item 1A of this report, we disclose the important factors that could cause our actual results to differ from our expectations.

### **Item 3.                    Quantitative and Qualitative Disclosures About Market Risk**

Not applicable.

### **Item 4.                    Controls and Procedures**

#### *Evaluation of Disclosure Controls and Procedures*

We have established disclosure controls and procedures to ensure that relevant, material information is made known to the officers who certify our financial reports and to other members of senior management and the Board of Directors.

Based on their evaluation as of September 30, 2016, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are effective to ensure that the information we are required to disclose in the reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

*Changes in Internal Control Over Financial Reporting*

There have been no changes in our internal control over financial reporting during the fiscal quarter ended September 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Part II Other Information**

**Item 1. Legal Proceedings**

We are a party to ordinary routine litigation incidental to our business. Management does not believe that the resolution of any of these matters is likely to have a material adverse effect on our results of operations, financial condition or cash flows.

**Item 1A. Risk Factors**

In addition to historical information, this report includes forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, relating to our financial condition, profitability, liquidity, resources, business outlook, possible acquisitions, market forces, corporate strategies, consumer preferences, contractual commitments, legal matters, capital requirements and other matters. Documents incorporated by reference into this report may also contain forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. To comply with the terms of the safe harbor, we note that a variety of factors could cause our actual results and experience to differ substantially from the anticipated results or other expectations expressed in our forward-looking statements. When words and expressions such as: believes, expects, anticipates, estimates, plans, intends, objectives, aims, projects, forecasts, possible, seeks, may, could, should, might, likely or similar words or expressions are used, as well as our view, there can be no assurance or there is no way to anticipate with certainty, forward-looking statements may be involved.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

In the section that follows below, in cautionary statements made elsewhere in this report, and in other filings we have made with the SEC, we list important factors that could cause our actual results to differ from our expectations. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors described below and other factors set forth in or incorporated by reference in this report.

These factors and cautionary statements apply to all future forward-looking statements we make. Many of these factors are beyond our ability to control or predict. Do not put undue reliance on forward-looking statements or project any future results based on such statements or on present or prior earnings levels.

Additional information concerning these, or other factors, which could cause the actual results to differ materially from those in our forward-looking statements is contained from time to time in our other SEC filings. Copies of those filings are available from us and/or the SEC.

### *Our Relationships With And The Success Of NASCAR Is Vital To Our Success In Motorsports*

Our continued success in motorsports is dependent upon the success of NASCAR and our ability to secure favorable contracts with and maintain a good working relationship with them. NASCAR regularly issues and awards sanctioned events and their issuance depends, in large part, on maintaining good working relationships with NASCAR. By awarding a sanctioned event or a series of sanctioned events, NASCAR does not warrant, nor are they responsible for, the financial success of any sanctioned event. Our success is directly tied to our ability to negotiate favorable terms to our sanction agreements, including the amount of the sanction fee and purse, and our ability to continue to derive economic benefits from such agreements, such as our share of live broadcast revenues.

Our ability to obtain additional sanctioned events in the future and to negotiate favorable terms to our sanction agreements and the success of NASCAR in attracting drivers and teams, signing series sponsors and negotiating favorable television and/or radio broadcast rights is dependent on many factors which are largely outside of our control. As our success depends on the terms of our sanction agreements and the success of each event or series that we are promoting, a material change in the terms of a sanction agreement or a material adverse effect on NASCAR, such as the loss or defection of top drivers, the loss of significant series sponsors, or the failure to obtain favorable broadcast coverage or to properly advertise the event or series could result in a reduction in our revenues from live broadcast coverage, admissions, luxury suite rentals, sponsorships, hospitality, concessions and merchandise, which could have a material adverse effect on our business, financial condition and results of operations.

### *Changes To Media Rights Revenues Could Adversely Affect Us*

Broadcast revenues that are paid to us by NASCAR represent the largest component of our revenues and earnings and any adverse changes to such revenues could adversely impact our results. NASCAR's broadcast agreements, which expired in 2014, have yielded us significant cash flow. In 2013, NASCAR announced it reached a ten-year extension of its broadcast rights with FOX Sports Media Group ( FOX ). This agreement extends through the 2024 NASCAR season and allows FOX to retain the television rights to 16 NASCAR Sprint Cup Series races, 14 NASCAR XFINITY Series events and the entire NASCAR Camping World Truck Series season. Additionally in 2013, NASCAR announced it reached a ten-year agreement with NBC Sports Group granting exclusive rights through 2024 to 20 NASCAR Sprint Cup Series races, 19 NASCAR XFINITY Series events, select NASCAR Regional & Touring Series events and other live content which began in 2015. Material changes in the broadcast industry or the financial value of broadcast agreements, material changes in the ratings for NASCAR events or in the NASCAR race schedule, or material changes in the perception of fans or sponsors due to such factors could have a material adverse effect on

our revenues and financial results.

*We Rely On Sponsorship Contracts To Generate Revenues*

We receive a portion of our annual revenues from sponsorship agreements, including the sponsorship of our various events and venue, such as title, official product and promotional partner sponsorships, billboards, signage and skyboxes. We are continuously in negotiations with existing sponsors and actively seeking new sponsors as there is significant competition for sponsorships. Some of our events may not secure a title sponsor every year, may not secure a sufficient number of sponsorships on favorable terms, or may not secure sponsorships sufficiently enough in advance of an event for maximum impact. Loss of our existing title sponsors or other major sponsorship agreements or failure to secure sponsorship agreements in the future on favorable terms could have a material adverse effect on our business, financial condition and results of operations.

*Our Motorsports Events Face Intense Competition For Attendance, Television Viewership And Sponsorship*

We compete with other auto speedways for the patronage of motor racing spectators as well as for sponsorships. Moreover, racing events sanctioned by different organizations are often held on the same dates at different tracks. The quality of the competition, type of racing event, caliber of the event, sight lines, ticket pricing, location and customer conveniences and amenities, among other things, distinguish the motorsports facilities. In addition, all of our events compete with other sports and recreational events scheduled on the same dates. As a result, our revenues and operations are affected not only by our ability to compete in the motorsports promotion market, but also by the availability of alternative spectator sports events, forms of entertainment, changing consumer preferences and opportunities for corporations to acquire sponsorships.

*General Market And Economic Conditions, Including Consumer And Corporate Spending, Could Negatively Affect Our Financial Results*

Our financial results depend significantly upon a number of factors relating to discretionary consumer and corporate spending, including economic conditions affecting disposable consumer income and corporate budgets. The combination of high unemployment and underemployment, escalating health care costs, rising interest rates, tight credit markets, difficult residential real estate and mortgage markets, stock market volatility, changes in (together with political uncertainty concerning) governmental policies relative to spending, taxation and regulation, among other factors, have led to low levels of consumer confidence. These economic factors have dampened, and may continue to dampen, consumer and corporate spending, including adversely impacting disposable income and recreational and entertainment spending, resulting in a negative impact on our motorsports and non-motorsports activities. We are unable to quantify the effect of these economic factors, but we believe that reduced consumer and corporate spending has, and we believe may continue to, negatively impact admissions, sponsorship, advertising and hospitality spending, concession and souvenir sales demand, luxury suite, and other event related revenue, with related effects on our revenues, profitability and cash flows. High fuel prices could also significantly impact our future results.

These factors can impact both attendance at our events and advertising and marketing dollars available from the motorsports industry's principal sponsors and potential sponsors. Economic and other lifestyle conditions such as illiquid consumer and business credit markets adversely affect consumer and corporate spending thereby impacting our growth, revenue and profitability.

We cannot determine when or whether economic conditions will improve. Other factors that can affect consumer and corporate spending include hurricanes, flooding, earthquakes and other natural disasters, elevated terrorism alerts, terrorist attacks, military actions, air travel concerns, outbreaks of disease, and geopolitical events, as well as various industry and other business conditions. Such factors or incidents, even if not directly impacting us, can disrupt or otherwise adversely impact the financial results, spending sentiment and interest of our present or potential customers. There can be no assurance that consumer and corporate spending will not be further adversely impacted by current or unforeseen

economic or geopolitical conditions, thereby possibly having a material adverse impact on our future operating results and growth.

*The Sales Tax And Property Tax Revenues To Service The Revenue Bonds For Infrastructure Improvements At Nashville May Be Inadequate*

In September 1999, the Sports Authority of the County of Wilson (Tennessee) issued \$25,900,000 in revenue bonds to build local infrastructure improvements which benefit Nashville Superspeedway, of which \$16,300,000 was outstanding at September 30, 2016. Debt service on the bonds is payable solely from sales taxes and incremental property taxes generated from the facility. As of September 30, 2016 and December 31, 2015, \$1,845,000 and \$1,976,000, respectively, was available in the sales and incremental property tax fund maintained by the Sports Authority to pay the remaining principal and interest due under the bonds. During the first nine months of 2016, we paid \$982,000 into the sales and incremental property tax fund and \$1,113,000 was deducted from the fund for principal and interest payments. These bonds are direct obligations of the Sports Authority and therefore have historically not been required to be recorded on our consolidated balance sheet. In the event the sales taxes and incremental property taxes ( applicable taxes ) are insufficient to cover the payment of principal and interest on the bonds, we would become responsible for the difference. We are exposed to fluctuations in interest rates for these bonds. In the event we were unable to make the payments, they would be made under a \$16,573,000 irrevocable direct-pay letter of credit issued by our bank group. We would be responsible to reimburse the banks for any drawings made under the letter of credit. Such an event could have a material adverse effect on our business, financial condition and results of operations and compliance with debt covenants.

Nashville Superspeedway no longer promotes NASCAR events and has not entered into sanction agreements with NASCAR since 2011. We currently use the facility on a limited basis for motorsports track rentals. In 2011 we recorded a \$2,250,000 provision for contingent obligation reflecting the present value of the estimated portion of the revenue bonds debt service that may not be covered by the projected sales and incremental property taxes from the facility. Due to changing interest rates, the provision for contingent obligation increased (decreased) by \$17,000 and \$73,000, and \$12,000 and (\$90,000) in the three and nine-month periods ended September 30, 2016 and 2015, respectively, and is \$1,800,000 at September 30, 2016. See NOTE 2 Business Operations and NOTE 9 Commitments and Contingencies of the consolidated financial statements included elsewhere in this document for further discussion.

*The Seasonality Of Our Motorsports Events Increases The Variability Of Quarterly Earnings*

Our business has been, and is expected to remain, seasonal given that it depends on our outdoor event weekends. We derive substantially all of our total revenues from admissions, event-related and broadcasting revenue attributable to our NASCAR-sanctioned events at Dover, Delaware. Four NASCAR racing events were held in the first nine months of 2016 as compared to three events during the first nine months of 2015. One event was held in the third quarter of 2016 as compared to no events in the third quarter of 2015. As a result, quarterly earnings will vary.

*Substantially All Of Our Motorsports Revenue is Attributable to One Location*

Substantially all of our revenue comes from Dover International Speedway in Dover, Delaware. Any prolonged disruption of operations at this facility due to damage or destruction, inclement weather, natural disaster, work stoppages or other reasons could adversely affect our financial condition and results of operations. We maintain property and business interruption insurance to protect against certain types of disruption, but there can be no assurance that the proceeds of such insurance would be adequate to repair or rebuild our facilities or to otherwise compensate us for lost profits.

*Our Insurance May Not Be Adequate To Cover Catastrophic Incidents*

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

We maintain insurance policies that provide coverage within limits that are sufficient, in the opinion of management, to protect us from material financial loss incurred in the ordinary course of business. We also purchase special event insurance for motorsports events to protect against race-related liability. However, there can be no assurance that this insurance will be adequate at all times and in all circumstances. If we are held liable for damages beyond the scope of our insurance coverage, including punitive damages, our business, financial condition and results of operations could be materially and adversely affected.

In addition, sanctioning bodies could impose more stringent rules and regulations for safety, security and operational activities. Such regulations have included, for example, the installation of new retaining walls at our facilities, which have increased our capital expenditures, and increased security procedures which have increased our operational expenses.

*Bad Weather Can Have An Adverse Financial Impact On Our Motorsports Events*

We sponsor and promote outdoor motorsports events. Weather conditions, or even the forecast of poor weather, can affect sales of tickets, concessions and merchandise at these events. Although we sell many tickets well in advance of the outdoor events and these tickets are issued on a non-refundable basis, poor weather may adversely affect additional ticket sales and concessions and merchandise sales, which could have an adverse effect on our business, financial condition and results of operations.

We do not currently maintain weather-related insurance for major events. Due to the importance of clear visibility and safe driving conditions to motorsports racing events, outdoor racing events may be significantly affected by weather patterns and seasonal weather changes. Any unanticipated weather changes could impact our ability to stage events. This could have a material adverse effect on our business, financial condition and results of operations.

*Postponement And/Or Cancellation Of Major Motorsports Events Could Adversely Affect Us*

If one of our events is postponed because of weather or other reasons such as, for example, the general postponement of all major sporting events in this country following the September 11, 2001 terrorism attacks, we could incur increased expenses associated with conducting the rescheduled event, as well as possible decreased revenues from tickets, concessions and merchandise at the rescheduled event. If an event is cancelled, we could incur the expenses associated with preparing to conduct the event as well as lose the revenues, including live broadcast revenues associated with the event.

If a cancelled event is part of a NASCAR series, we could experience a reduction in the amount of money received from television revenues for all of our NASCAR-sanctioned events in the series that experienced the cancellation. This would occur if, as a result of the cancellation, and without regard to whether the cancelled event was scheduled for one of our facilities, NASCAR experienced a reduction in broadcast revenues greater than the amount scheduled to be paid to the promoter of the cancelled event.

*Due To Our Concentrated Stock Ownership, Stockholders May Have No Effective Voice In Our Management*

We have elected to be treated as a controlled corporation as defined by New York Stock Exchange ( NYSE ) Rule 303A. We are a controlled corporation because a single person, Henry B. Tippie, the Chairman of our Board of Directors, controls in excess of fifty percent of our voting power. This means that he has the ability to determine the outcome of the election of directors at our annual meetings and to determine the outcome of many significant corporate transactions, many of which only require the approval of a majority of our voting power. Such a concentration of voting power could also have the effect of delaying or preventing a third party from acquiring us at a premium. In addition, as a controlled corporation, we are not required to comply with certain NYSE rules.

## Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

### *Our Success Depends On The Availability And Performance Of Key Personnel*

Our continued success depends upon the availability and performance of our senior management team which possesses unique and extensive industry knowledge and experience. Our inability to retain and attract key employees in the future could have a negative effect on our operations and business plans.

### *We Are Subject To Changing Governmental Regulations And Legal Standards That Could Increase Our Expenses*

Our motorsports facilities are on large expanses of property which we own. Laws and regulations governing the use and development of real estate may delay or complicate any improvements we choose to make and/or increase the costs of any improvements or our costs of operating.

If it is determined that damage to persons or property or contamination of the environment has been caused or exacerbated by the operation or conduct of our business or by pollutants, substances, contaminants or wastes used, generated or disposed of by us, or if pollutants, substances, contaminants or wastes are found on property currently or previously owned or operated by us, we may be held liable for such damage and may be required to pay the cost of investigation and/or remediation of such contamination or any related damage.

State and local laws relating to the protection of the environment also can include noise abatement laws that may be applicable to our racing events. In addition certain laws and regulations, including the Americans with Disabilities Act and the Occupational Safety and Health Act are constantly evolving. Changes in the provisions or application of federal, state or local environmental, land use or other laws, regulations or requirements to our facilities or operations, or the discovery of previously unknown conditions, could require us to make additional material expenditures to remediate or attain compliance.

Regulations governing the use and development of real estate may prevent us from acquiring or developing facilities, substantially delay or complicate the process of improving facilities, and/or increase the costs of any of such activities.

We undertake no obligation to publicly update or revise any forward-looking statements as a result of future developments, events or conditions. New risk factors emerge from time to time and it is not possible for us to predict all such risk factors, nor can we assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ significantly from those forecast in any forward-looking statements. Given these risks and uncertainties, stockholders should not overly rely or attach undue weight to our forward-looking statements as an indication of our actual future results.

**Item 2.**                      **Unregistered Sales of Equity Securities and Use of Proceeds**

On July 28, 2004, our Board of Directors authorized the repurchase of up to 2,000,000 shares of our outstanding common stock. The purchases may be made in the open market or in privately negotiated transactions as conditions warrant. The repurchase authorization has no expiration date, does not obligate us to acquire any specific number of shares and may be suspended at any time. During the third quarter of 2016, we purchased and retired 1,775 shares of our outstanding common stock at an average purchase price of \$2.17 per share, not including nominal brokerage commissions. At September 30, 2016, we had remaining repurchase authority of 1,140,318 shares.

**Item 3.**                      **Defaults Upon Senior Securities**

None.

**Item 4.**                      **Mine Safety Disclosures**

Not applicable.

**Item 5.**                    **Other Information**

None.

**Item 6.**                    **Exhibits**

- 31.1            Certification of Chief Executive Officer pursuant to Rule 13a-14(a)
- 31.2            Certification of Chief Financial Officer pursuant to Rule 13a-14(a)
- 32.1            Certification of Chief Executive Officer Pursuant to 18 U.S.C. Sec. 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

Edgar Filing: DOVER MOTORSPORTS INC - Form 10-Q

- 32.2 Certification of Chief Financial Officer Pursuant to 18 U.S.C. Sec. 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
- 101 The following materials from the Dover Motorsports, Inc. quarterly report on Form 10-Q for the quarter ended September 30, 2016, formatted in XBRL (eXtensible Business Reporting Language): (i) Consolidated Statements of (Loss) Earnings and Comprehensive (Loss) Income for the three and nine months ended September 30, 2016 and 2015; (ii) Consolidated Balance Sheets as of September 30, 2016 and December 31, 2015; (iii) Consolidated Statements of Cash Flows for the nine months ended September 30, 2016 and 2015; and (iv) Notes to the Consolidated Financial Statements.

Signatures

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
