The Plan Administrator

UnumProvident 401(k) Retirement Plan

We have audited the accompanying statements of net assets available for benefits of the UnumProvident 401(k) Retirement Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

December 31, 2003

1. Description of the Plan

The following description of the UnumProvident 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all domestic employees of UnumProvident Corporation and its subsidiaries (UnumProvident or the Company). Participants who are regularly scheduled to work at least nineteen hours per week are eligible to participate in the Plan. Participants become eligible for employer-matching after the completion of 1,000 hours in a 12 month period. The Plan sponsor is UnumProvident. The purpose of the Plan is to provide covered employees a qualified plan that meets the requirements of sections 401(a) and 401(k) of the Internal Revenue Code of 1986. The Plan is administered by a Benefit Finance Committee (the Committee), which is responsible for overseeing the administration and operation of the Company's qualified benefit plans. Members of the Committee are appointed by the Compensation Committee of the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Dependent upon the employee's annual earnings, eligible employees may elect to contribute 1% to 25% of their annual compensation, including incentive payouts, on a pretax basis. UnumProvident matches 100% of participant contributions up to 3% of each participant's pay period compensation contributed, plus 50% of participant contributions on the next 2% of the participant's pay period compensation contributed, for a maximum match of 4% after one year of service, as defined. In addition, participants may receive a discretionary contribution at the election of the Board of Directors of UnumProvident. Contributions are limited to the maximum amount allowable under the Internal Revenue Code, \$12,000 in 2003 plus \$2,000 for participants age 50 or older who could elect a catch up contribution. Limits in 2002 were \$11,000 with catch up contributions of an additional \$1,000.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and loan fees, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Employer and employee contributions are immediately 100% vested at the date of contribution, plus actual earnings thereon.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one year to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate as published in *The Wall Street Journal* on the first business day of the month the loan is approved. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Participants may receive lump-sum distributions upon financial hardship, termination of employment, retirement, disability or death.

Administrative Expenses

Costs of plan administration, including accounting and auditing fees, were paid by UnumProvident for the year ended December 31, 2003.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. Investments in common stock of the Company are based on the closing market price of the Company's common stock. The participant notes receivable are valued at their outstanding balances, which approximate fair value.

4. Related-Party Transactions

The Plan permits participants the option of allocating a portion of their contributions to be invested in the UnumProvident Stock, which consists principally of UnumProvident common stock (3,055,708 shares with a market value of \$15.77 per share totaling \$48,188,515 owned as of December 31, 2003 and 2,365,004 shares with a market value of \$17.54 per share totaling \$41,482,170 owned as of December 31, 2002). 5. Risks and Uncertainties

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 10, 2003 stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.
