## Edgar Filing: EVERSOURCE ENERGY - Form 4

through stock price appreciation that took place during the term of Mr. May's leadership and also through the accumulation of additional shares through dividend reinvestment. Each stock equivalent phantom share was settled for and represented the economic equivalent of one Eversource common share.

- (2) Includes the converted stock equivalent phantom shares noted in line 1, column 4, shares held in brokerage accounts, deferred shares awarded in July, 2016 as equity compensation for service as Chairman of the Board following Mr. May's retirement on June 30, 2016, and dividend equivalents thereon.
- (3) Withholding by the registrant of common shares to satisfy current Federal and state tax withholding applicable to the conversion and distribution of deferred stock equivalent phantom shares. Because the receipt of the shares was deferred, tax withholding obligations arise upon their receipt by Mr. May as actual common shares. No proceeds of the disposition of shares to satisfy tax withholding obligations will be paid to Mr. May.
- (4) Shares held in trust under the Eversource 401k Plan, a qualified plan, according to information supplied by the Plan's record keeper.
- (5) Represents the disposition by conversion of the same deferred stock equivalent phantom shares disclosed as acquired common shares in Table I. Each share represents the right to receive one Eversource common share upon a distribution event. Additional phantom shares are issued upon the automatic reinvestment of dividend-equivalents exempt from line item reporting under SEC Rule 16a-11.
