### Overview

-----  
Innofone.com Inc. currently operates out of Maryland with mailing address of 3470 Olney-Laytonsville Rd., Suite 118, Olney, MD 20832.

10

The Company currently does not have sufficient funds with which to sustain its operations. The company plans to issue restricted 144 stock to try and raise operating capital for the company. There is no assurance that this can be done. There is little chance that the company will receive a dividend from the bankruptcy of its previously owned subsidiary, Innofone Canada.

The Company is currently reviewing and implementing new disclosure controls and procedures to ensure that they fully comply with the new Securities Exchange Act Rules 13a-15 and 15d-15.

- (a) Plan of Operations
- (b) Acquisitions
- (c) Future

The company plans to look for new acquisitions and will not invest or operate any current or previously owned subsidiaries.

The company has relocated to Maryland and may change it's offices again if the company is successful in finding a new acquisition.

The Company currently has a going concern issue, as there are insufficient assets or prospective cash flows to fund its liabilities. While the Company is hopeful that it can raise money through the sale of stock, there are no assurances that this can be achieved, it cannot be determined if the company will be able to meet its current or future obligations.

Due to the going concern issues and lack of sufficient operating funds, Mr Richardson is currently funding operations.

### (b) Results of Operations

As reflected in the company's statement of operations the company has recorded no sales for the year and the company does not currently conduct any operations.

The company has paid off old debt holders with stock pursuant to the terms of a 2001 agreement. The current officers and directors are covering all expenses of the company via short-term loans and advances which have been and will continue to be paid off in stock until the company has the cash flow to cover these expenses. These services include the preparation of company filings, the search of acquisition targets and legal expenses.

### Liquidity and Capital Resources

-----  
As previously mentioned, the company has a going concern issue, as there are insufficient assets or prospective cash flows to fund its liabilities. The effect of this on the company is grave and the future of the company is in great peril.
