## 2.02 Results of Operations and Financial Condition.

On April 27, 2006, Stratasys, Inc. (the “Company”) announced its financial results for the first quarter ended March 31, 2006. A copy of the press release announcing the results is furnished as Exhibit 99.1 to this Current Report on Form 8-K (“Form 8-K”).

The press release includes references to earnings per share and diluted earnings per share on a non-GAAP basis. It also includes guidance for 2006 relating to diluted earnings per share on a non-GAAP basis. These non-GAAP financial measures exclude stock-based employee compensation costs and are reconciled to earnings per shares on a GAAP basis. The Company uses the foregoing non-GAAP measures in an effort to give information that investors may deem relevant to the Company’s operations and comparative performance; primarily the identification and exclusion of expenses associated with stock-based compensation required under SFAS 123R. These non-GAAP disclosures should not, however, be viewed as a substitute for GAAP measures, nor should they be viewed in direct comparison with non-GAAP measures of other companies.

In accordance with General Instruction B.2 of Form 8-K, the information in this Form 8-K, including Exhibit 99.1, shall not be deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.
