PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

**FIBERSTARS, INC.
32000 AURORA ROAD
SOLON, OHIO 44139**

INFORMATION CONCERNING SOLICITATION AND VOTING OF PROXIES **General**

The enclosed proxy is solicited on behalf of the Board of Directors of Fiberstars, Inc., a Delaware corporation (“Fiberstars” or the “Company”), for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held on June 14, 2007 at 1:00 P.M., local time, or at any adjournments or postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the principal executive offices of Fiberstars, Inc., 32000 Aurora Road, Solon, Ohio.

This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders on or about May 10, 2007. The cost of soliciting these proxies will be borne by the Company. Regular employees and directors of the Company may solicit proxies in person, by telephone, or by mail. No additional compensation will be given to employees or directors for such solicitation. The Company will request brokers and nominees who hold stock in their names to furnish proxy material to beneficial owners of the shares and will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation material to such beneficial owners.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use either by delivering to the Company (32000 Aurora Road, Solon, Ohio, Attention: John M. Davenport) a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If a proxy is properly signed and not revoked, the shares it represents will be voted in accordance with the instructions of the shareholder.

Record Date and Share Ownership

Only shareholders of record at the close of business on April 25, 2007 (the “Record Date”), will be entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. The Company has 11,473,606 shares of Common Stock, par value \$.0001 per share (“Common Stock”), issued and outstanding.

Voting

Each share of Common Stock held as of the Record Date entitles its holder to one vote on matters to be acted upon at the Annual Meeting, including the election of directors. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections. The Inspector of Elections will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is required under Delaware law for approval of proposals presented to shareholders. Withholding authority to vote on one or more nominees for election as directors will have the practical effect of voting against the election of such nominees for director, because withhold votes will be treated as votes cast under Delaware law. If shares are held in street name through a broker, bank or other nominee and beneficial owners do not provide instructions on how to vote, the broker or other nominee may have authority to vote these shares on certain matters, including the election of directors. When a broker cannot vote on behalf of the beneficial owners pursuant to the rules of the Nasdaq Stock Exchange, the

un-voted shares are commonly referred to as "broker non-votes." Broker non-votes on one or more matters are not considered votes cast for voting purposes (although broker non-votes are counted for purposes of establishing a quorum).

1

The shares represented by the proxies received, properly marked, dated, signed and not revoked will be voted at the Annual Meeting. Where such proxies specify a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specifications made. Any proxy in the enclosed form which is returned but is not marked will be voted **FOR** the election of the seven nominees for director listed in this Proxy Statement, **FOR** the ratification of the appointment of Grant Thornton, LLP as the Company's independent auditors and as the proxy holders deem advisable on other matters that may properly come before the meeting. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("broker non-votes"), those shares will not be considered as voting with respect to that matter. Under Delaware law, a non-vote will have no effect on the outcome of any of the matters referred to in this Proxy Statement.

PROPOSAL NO.1: ELECTION OF DIRECTORS**Nominees**

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below, regardless of whether any other names are placed in nomination by anyone other than one of the proxy holders. If the candidacy of any one or more of such nominees should, for any reason, be withdrawn, the proxy holders will vote in favor of the remainder of those nominated and for such substituted nominees, if any, as shall be designated by the Board of Directors, taking into account any recommendations of the Nominating and Corporate Governance Committee, or the number of directors to be elected at this time may be reduced by the Board of Directors. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a nominee or as a director if elected.

If a quorum is present and voting, the nominees receiving the highest number of votes will be elected as directors at the Annual Meeting to serve until the next annual meeting or until their respective successors are duly elected or appointed.

The Company's Bylaws provide that the number of directors of the Company shall be no less than five and no more than nine, with the exact number within such range to be fixed by amendment of the Bylaws adopted by the shareholders or by the Board of Directors. The number of directors is currently fixed at seven. The Nominating and Corporate Governance Committee has recommended, and the Board of Directors has designated, the seven nominees listed below. In 2006, Mr. Davenport represented the Board at the annual meeting. The Board of Directors has appointed a Compensation Committee, an Audit and Finance Committee and a Nominating and Corporate Governance Committee. The Board has determined that each director who serves on these committees is an Independent Director. The Board has approved a charter for each of these committees which is available on the Company’s website: www.fiberstars.com.

The Compensation Committee of the Board of Directors, which currently consists of Messrs. Wolfson (Chairman), Cassentini and Kasper, held two meetings in 2006. The Compensation Committee’s primary functions are to discharge the responsibilities of the Board of Directors relating to compensation of the Company’s executive officers and to produce a report on executive compensation for inclusion in the Company’s annual proxy statement. Other specific duties and responsibilities of the Compensation Committee are to: review and recommend to the Board corporate goals and objectives relevant to compensation of the chief executive officer, evaluate his performance in light of such goals and objectives and set his compensation level based on this evaluation; develop and monitor compensation arrangements for executive officers of the Company, including review and approval of individual compensation; recommend to the Board guidelines for the review of the performance and establishment of compensation and benefit policies for all other employees; make recommendations regarding compensation plans and policies; administer the Company’s stock option plans and other compensation plans; and make recommendations to the Board regarding compensation of the Board of Directors.

The Audit and Finance Committee of the Board of Directors, which currently consists of Messrs. Cassentini (Chairman), Stuppin and Kasper, held four meetings in 2006. The Audit and Finance Committee’s primary functions are to assist the Board of Directors in its oversight of the integrity of the Company’s financial statements and other financial information, the Company’s compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company’s independent auditors and the performance of the Company’s internal audit function. The Company does not have a policy regarding attendance by the Directors at the Company's Annual Meeting. Two members of the Board of Directors were present at the annual meeting held June 15, 2006.

Nominating and Corporate Governance Committee

The Company's Nominating and Corporate Governance Committee serves as the standing nominating committee of the Board of Directors, currently consisting of Messrs. Kasper (Chairman), Wolfson and vonPaumgarten. The Board has approved a charter for the Nominating and Corporate Governance Committee, which is available on the Company's website: www.fiberstars.com.

The Board of Directors nominates directors for election at each annual meeting of shareholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election. The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all shareholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and for a majority of the members of the Board to meet the definition of "independent director" under the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of the Company's management to participate as members of the Board.

Prior to each annual meeting of shareholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the Director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee and by shareholders. A shareholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Committee in writing, with any supporting material the shareholder considers appropriate, at the following address: Fiberstars, Inc., 32000 Aurora Road, Solon, Ohio 44139.

Audit Committee

The Company's Audit and Finance Committee acts as the standing audit committee of the Board of Directors, currently consisting of Messrs. Cassentini (Chairman), Stuppini and Kasper. The Board of Directors has determined that Messrs. Cassentini and Stuppini each is an "audit committee financial expert" as defined by SEC rules and an Independent Director. The Board has approved a charter for the Audit and Finance Committee, which is available on the Company's website: www.fiberstars.com.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The Audit and Finance Committee oversees the Company's financial reporting process on behalf of the Board of Directors and is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. It is not the duty of the Audit and Finance Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible in their report for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Audit and Finance Committee reviewed and has discussed the audited financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 with the Company's management and its independent auditors. The Audit and Finance Committee met privately with the independent auditors and discussed issues deemed significant by the auditors, including those required by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as amended. In addition, the Audit and Finance Committee has received the written disclosures from the independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committee) and discussed with the independent auditors their independence from the Company.

Based upon the reviews and discussions outlined above, the Audit and Finance Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by the Audit and Finance Committee of the Board of Directors of Fiberstars, Inc.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

The Compensation Committee of our Board of Directors has the responsibility for administering our executive compensation program. The Committee reviews and, as appropriate, makes recommendations to the full Board regarding the base salaries and annual cash bonuses for executive officers, and administers our 2004 plan, including the grant of stock options. Where appropriate, we have also entered into employment agreements with certain executive officers.

Compensation Philosophy and Objectives. Our principal executive compensation policy, which is endorsed by the Committee, is to provide a compensation program that will attract, motivate and retain persons of high quality and will support a long-standing internal culture of loyalty and dedication to the interests of the Company and our shareholders. In administering the executive compensation program, the Committee is mindful of the following principles and guidelines, which are supported by the full Board:

- Base salaries for executive officers should be competitive.
- A sufficient portion of annual compensation should be at risk in order to align the interests of executives with those of our shareholders.
- The variable part of annual compensation should reflect both individual and corporate performance.
- As a person's level of responsibility increases, a greater portion of total compensation should be at risk and include more stock-based compensation to provide executives long-term incentives and help to align further the interests of executives and shareholders in the enhancement of shareholder value.

Our executive officers' compensation currently has three primary components: base salary, annual cash bonuses and stock-based awards granted pursuant to our 2004 plan. In addition, executive officers receive certain benefits that are specifically provided for in their employment agreements or are generally available to all salaried employees. We do not have any defined benefit pension plans, nonqualified deferred compensation arrangements or supplemental retirement plans for our executive officers.

For each executive officer, the Committee determines the appropriate level for each compensation component based in part, but not exclusively, on its view of competitive market factors, internal equity and consistency, and other considerations deemed relevant, such as rewarding extraordinary performance. Our Chief Executive Officer provides the Committee with recommendations for executive officers other than himself, which the Committee reviews and approves as submitted or with revisions, if any. The Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid compensation, between cash and non-cash compensation, or among different forms of non-cash compensation, and has not sought to formally benchmark our compensation against that of our peers.

Salary increases for Messrs. Davenport, Greenwald, des Enfants, Buelow and Connors in 2006 were 0%, 0%, 0%, 28% and 15%, respectively. Salary increases for Messrs. Davenport, Greenwald, des Enfants, Buelow and Connors effective in 2007 are 0%, 0%, 0%, 0% and 0%, respectively. In determining these increases, the primary factors considered were increases in the cost-of-living, the officers' individual performances, the growth of the Company,

changes in their duties and responsibilities and period of time since their last review.

Base Salary. Base salaries for executive officers are based on a review of salaries for similar positions requiring similar qualifications in similar industries. In determining executive officer salaries, the Compensation Committee has approved the use by management of information from salary surveys.

The President and Chief Executive Officer annually assesses the performance of all other executive officers and recommends salary increases to the Compensation Committee based on a number of factors such as performance evaluations, comparative data and other relevant factors. The Compensation Committee then reviews and approves the increases for any person with total annual compensation over \$100,000.

In addition to reviewing performance evaluations, the Compensation Committee also reviews the financial condition of Fiberstars in setting salaries.

Bonus Incentive Plan. The Compensation Committee administers an incentive plan to provide additional compensation to executives who meet established performance goals. In consultation with the President and Chief Executive Officer, the Compensation Committee annually determines the total amount of cash bonuses available for executive officers and certain other management employees. For fiscal 2006, awards under this bonus plan were contingent upon Fiberstars' attainment of operating profit targets set by the Compensation Committee in consultation with the President and Chief Executive Officer. The target amount of bonuses for senior executive officers was set by the Compensation Committee. Awards are weighted so that higher awards are received when Fiberstars' performance reaches maximum targets, smaller awards are received when Fiberstars' performance reaches minimum targets and no awards are made when Fiberstars does not meet minimum performance targets. After the total eligible bonus pool is determined, annual incentives are paid to executive officers, based on their individual performance as determined by Fiberstars' President and Chief Executive Officer. Fiberstars' performance in fiscal 2006 was not on target, and no bonuses were paid under this bonus incentive plan. Consistent with Fiberstars' objective of aligning compensation with performance, the Compensation Committee anticipates that future bonus payments will be based on specific targets and performance.

Each of our executive officers is eligible to receive annual cash bonuses based on determinations made by the Committee. Except in the case of Mr. Davenport, the Company has not historically adopted a formal or informal annual bonus plan with preset criteria and targets. Rather, the determination to pay a cash bonus, if any, is made after the year end based on the Committee's subjective judgment with respect to the past performance of the individual or on the individual's attainment of quantified performance goals during the year. In either such case, the bonus may be based on the specific accomplishments of the individual or on the overall success of the Company, or both. However, for 2007, the Committee has adopted a plan pursuant to which target bonuses of 20% of base salary for executive officers, other than Mr. Davenport, will be based on combination of set criteria for the Company, as well as individual goals. No bonuses will be payable under the plan unless the Company's goal of positive cash flow, as determined by the Committee, is achieved. If this goal is achieved, each participant will receive one-third of the target bonus. An additional one-third of the target bonus will be paid if the company achieves EFO sales of \$12 million for the year, and another third of the target will be awarded based on personal performance against expectations. In the case of Mr. Davenport, his employment agreement provides for an objective annual cash bonus based on our planned profit and EFO revenue growth. Mr. Davenport's bonus for 2007 will be determined in the same manner as the other executive officers, with a target bonus of 50% of base salary.

The only discretionary cash bonus for individual performance and accomplishments awarded to an executive officer during 2006, was awarded to Mr. Beulow. Mr. des Enfants received an incentive payment related to EFO sales levels.

Stock Options. The Compensation Committee believes that employee equity ownership provides significant motivation to executive officers to maximize value for Fiberstars' shareholders and, therefore, periodically grants stock options under Fiberstars' 2004 Stock Incentive Plan at the then current market price. The Compensation Committee administers the Company's 2004 Stock Incentive Plan. Stock options will only have value if Fiberstars' stock price increases over the exercise price.

The Compensation Committee grants options to executive officers after consideration of recommendations from the President and Chief Executive Officer. Recommendations for options are based upon the relative position, responsibilities of each executive officer, previous and expected contributions of each officer to Fiberstars, previous option grants to such executive officers and customary levels of option grants for the respective position in other comparable companies. Options generally vest over a four-year period at a rate of 25% per year. In 2001, executive officers were granted options under a Time Accelerated Restricted Stock Award Plan ("TARSAP") within the

1994 Stock Option Plan with a seven year vesting period. The vesting of these options can be accelerated upon achievement of Fiberstars and individual objectives during the fiscal year 2006. As a result of not achieving these objectives in 2006, the TARSAP options have not qualified for accelerated vesting, but roll forward to a future year whereupon the vesting may be accelerated if the objectives for that future year are met. Consistent with the Company's objective of aligning compensation with performance, the Company anticipates that future grants to incumbent executive officers will be based on specific targets and performance.

The Committee also administers our 2004 plan to provide stock-based incentives to our key employees, including executive officers. Grants of stock options, restricted shares of stock, and other possible stock-based compensation are based on each individual's position within the company, level of responsibility, past performance, and expectation of future performance. In determining the number of stock-based awards to be granted to each executive officer, the Committee also considers the number of stock-based awards made in prior years to the executive officer.

Grants of stock-based awards to Mr. Davenport are made on or soon after the date that earnings for the preceding calendar year are released. In 2006, Mr. Davenport was entitled to a bonus of 50,000 options if EFO revenues at least doubled and a bonus of 100,000 options if EFO revenues tripled. Pursuant to this agreement, Mr. Davenport was awarded options to purchase 50,000 shares in April 2007. The Committee also may make grants to executive officers at other times during the year in connection with new hires or promotions. The exercise price for stock options is set at the closing per share market price of our common stock on the date of grant.

Our stock-based compensation policies have been impacted by the implementation of SFAS 123(R). Generally, SFAS 123(R) requires all stock-based payments to employees, including grants of employee stock options, to be expensed based on their fair values over the vesting period.

The stock options granted to the other executive officers in 2006 and to date in 2007, respectively, vest in four annual installments.

Section 162(m). Section 162(m) of the Internal Revenue Code and related Treasury Department regulations limits Fiberstars' ability to deduct certain compensation in excess of \$1,000,000 paid to Fiberstars' chief executive officer and each of the four other most highly compensated executive officers. Fiberstars' 1994 Stock Option Plan and 2004 Stock Incentive Plan are structured to permit awards under the plan to qualify as performance-based compensation and to maximize the tax deductibility of the awards so long as the options are granted by a committee whose members are non-employee directors. Fiberstars expects that the Compensation Committee will be comprised of non-employee directors, and that, to the extent the Compensation Committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year. The Compensation Committee does not believe that other components of Fiberstars' compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future and therefore concluded that no further action with respect to qualifying such compensation for deductibility was necessary at this time. In the future, the Compensation Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility of such compensation. The Compensation Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

Base Salaries. The Committee determines levels of the executive officers' base salaries so as to be competitive with amounts paid to executives performing similar functions in comparable size non-durable manufacturing companies. The amount of each executive's annual increase in base salary, if any, is based on a number of largely subjective factors, including changes in the individual's duties and responsibilities, the personal performance of such executive officer, the performance of the company, cost-of-living increases, and such other factors as the Committee deems appropriate, including the individual's overall mix between fixed and variable compensation and between cash and stock-based compensation.

(1) Such stock options vest as to 25% of the shares covered by the respective options on each anniversary of the grant date, becoming fully vested on the fourth anniversary of the date of grant. Under the terms of the Company's 2004 Stock Incentive Plan, the Board of Directors or a duly appointed committee of the Board retains the discretion, subject to certain limitations within the Option Plan, to modify, extend, or renew outstanding options and to repriced outstanding options, and to accelerate the vesting of options in the event of any merger, consolidation, or reorganization in which the Company is not the surviving corporation. Employment Agreements

We have an employment agreement with Mr. Davenport. Mr. Davenport receives a base salary of \$250,000 per year. He is also eligible to receive a minimum bonus of 25% of his base salary if the the Company achieves the operating income plan established for each year, or up to a maximum bonus of 50% of his base salary if the Company exceeds the operating income plan. Each year the operating income plan is negotiated between Mr. Davenport and the Board of Directors. On July 1, 2005, Mr. Davenport received an option to purchase 200,000 shares of our common stock at an exercise price equal to the closing price of the Registrant's common stock on the date of grant. This option vests as to 25% of the shares on each anniversary of the grant date, becoming fully vested on the fourth anniversary. Mr. Davenport is also eligible to receive additional options to purchase from 50,000 shares up to 100,000 shares of our common stock, to be granted on each of December 31, 2006 and December 31, 2007, if the Registrant achieves certain revenue targets for the fiscal years ended December 31, 2006 and 2007, respectively.

On September 13, 2005, the Compensation Committee of the Board of Directors of the Registrant (the "Compensation Committee") and the Board of Directors (the "Board") approved the form of Management Continuity Agreement to be entered in to with each of Robert A. Connors, Ted des Enfants, Barry R. Greenwald and Roger Buelow. Under these agreements, each of these officers is entitled to receive severance payments in the event his employment with us is terminated without cause, or if such officer terminates his employment following a material reduction in his responsibilities inconsistent with his position and past responsibilities and under certain other conditions, including under certain conditions following a change in control as such term is defined in their agreements. Each individual will receive severance payments for a period of months equal to the total number of years he was employed with Fiberstars. The amount of each individual's monthly severance payment will equal the total monthly salary he was receiving immediately prior to the termination of his employment plus the average commission or other contingent compensation received during the preceding twelve months, excluding equity compensation.

As set forth in the table below, in the event of a change of control of the Company or within 3 years of the effective date of the Management Continuity Agreement, each of the named Executives are likely to receive the amounts as shown.

Potential Payments Upon Termination or Change of Control

Regardless of the manner in which an executive officer's employment terminates, including upon death, disability or termination for cause, he is entitled to receive amounts earned during his term of employment. Such amounts include:

- salary through the date of termination;
- stock-based compensation in which he has vested; and
- unused vacation pay.

The following table summarizes the estimated severance payments to be made under each employment agreement, plan or arrangement which provides for payments to an executive officer at, following or in connection with a termination of employment due to voluntary resignation, involuntary termination not for cause, death or disability or change in control:

Employee	Voluntary Termination without Change in Control (\$)	Involuntary Termination without Change in Control (\$)	Death or Disability (\$)	Termination with Change in Control (\$)

(1) The estimated severance payments are based on base salaries plus commission draw as at December 31, 2006.

(2) The estimated value of accelerated vesting of stock-based awards is based on the non-vested options held by Mr. Davenport on December 31, 2006 and the closing per share market price of our common stock on that date.

DIRECTOR COMPENSATION

We use a combination of cash and stock-based awards to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties, as well as the skill-level required by us for members of our Board.

The following table sets forth the annual compensation for directors who are not also employees:

17

Annual Retainer	\$	12,000
Additional Annual Retainers:		
Board Chairman	\$	28,000
Audit Committee & Governance Committee Chairman	\$	8,000
Compensation Committee Chairman	\$	3,000

Under the terms of the Company's 2004 Stock Incentive Plan, each newly appointed non-employee director receives an option to purchase 10,000 shares of Common Stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant. In addition, following each annual meeting of the Company's shareholders, each non-employee director who will continue to serve as a member of the Board of Directors automatically receives an option to purchase 7,000 shares of Common Stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant, and each of the Chairman of the Board and the Chairman of the Audit Committee are to receive an additional option to purchase 3,000 shares under the same terms. Starting in 2007, the Chairman of the Governance Committee will receive an additional 3,000 shares under the same terms.

The following table summarizes the compensation paid to non-employee directors during 2006:

Name	Fees Earned or Paid in Cash (\$)		Non-Equity Incentive Plan Compensation (\$)		Change in Pension Value And Nonqualified Deferred Compensation Earnings (\$)		All Other Compensation (\$)	Total (\$)
John B. Stupp	40,000	—	44,885	—	—	—	—	84,885

The method and assumptions used to determine the amount of expense recognized for options is set forth in Note 9 to our consolidated financial statements. As of December 31, 2006, each director had the

following number of options outstanding: Mr. Stuppin, 10,000; Mr. Casentini, 10,000; Mr. Kasper, 7,000; Mr. Wolfson, 7,000, Mr. Ruckert 35,000, Mr. Brite, 7,000 and Mr. von Paumgarten, 7,000.

CERTAIN TRANSACTIONS

The Company entered into a consulting agreement with Jeffrey H. Brite, a member of its Board of Directors until March 7, 2007, with an effective date of November 1, 2004. As a consultant under this agreement, Mr. Brite was to assist the Company's President and Vice President of Sales in identifying, contacting and making introductions to key building project personnel in a position to facilitate the purchase of Company products. Under this agreement the Company (i) granted Mr. Brite fully vested options to purchase 40,000 shares of its Common Stock at a per share exercise price of \$7.23, (ii) agreed to pay Mr. Brite an annual cash payment of \$50,000 to be paid in equal quarterly payments during each of the calendar years 2005, 2006 and 2007. The agreement was terminated in connection with Mr. Brite's resignation.

The Company entered into a consulting agreement with Gensler Architecture, Design & Planning, P.C., a New York Professional Corporation, or Gensler, effective November 1, 2004 through December 15, 2007. Mr. Jeffrey H. Brite, a member of our Board of Directors until March 7, 2007, is an employee of Gensler. Under this consulting agreement Gensler provides contract services to the Company in the areas of fixture design and marketing targeted at expanding the market for our EFO™ products. Gensler has agreed to assist Fiberstars' marketing group with matters of structure, procedure and practices as they relate to the design, real estate and procurement communities, and to advise Fiber-stars on strategies to enhance its visibility and image within the design and construction community as a manufacturer of preferred technology. Fiberstars has agreed to compensate Gensler with a one-time cash payment of \$60,750 for services delivered in advance of the completion of the negotiation of the consulting agreement, \$50,000 annual cash payments to be paid in quarterly installments of \$12,500 in arrears for each of the calendar years 2006, 2007 and 2007, and an option to purchase 75,000 shares of Common Stock at a per share exercise price of \$6.57, vesting over 3 years. For the fiscal year ended December 31, 2004, the Company paid Gensler \$60,750 for services performed.

Effective February 3, 2006, the Company entered into a consulting agreement with Mr. Ruckert which provided for nine months of assistance with marketing of the Company's EFO products, at a cost of \$10,000 per month. In addition, Mr Ruckert was to be granted options to purchase 32,000 common stock of the Company if an amendment to the 2004 Plan, authorizing additional shares, was approved by shareholders at the 2006 annual meeting. Such shares were granted following the shareholder approval of the amendment of the 2004 Plan. On November 30, 2006, the Company entered into an amendment of the consulting agreement. Pursuant to the terms of the amendment, the term was extended for a period of up to an additional 12 months, at the same monthly compensation. The agreement may be terminated by the Company on 30 days' notice.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own more than 10% of a registered class of the Company's equity securities to file certain reports regarding ownership of, and transactions in, the Company's securities with the Securities and Exchange Commission (the "SEC"). Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on its review of such forms furnished to the Company and written representations from certain reporting persons, the Company believes that, except as provided below, all filing requirements applicable to the Company's executive officers, directors and more than 10% stockholders were complied with for 2006. Messrs. Ruckert and des Enfants each failed to timely file a Form 4 in 2005 regarding a December option grant. These forms were filed in 2006.

PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit and Finance Committee of the Board of Directors has appointed the firm of Grant Thornton LLP, independent public accountants, to audit the financial statements of the Company for the fiscal year ending December 31, 2007, and recommends that shareholders vote for ratification of this appointment. Representatives of Grant Thornton LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be able to respond to appropriate questions from the shareholders. Although shareholder ratification of the Company's independent auditors is not required by the Company's Bylaws or otherwise, the Company is submitting the selection of Grant Thornton LLP to the shareholders for ratification to permit shareholders to participate in this important corporate decision.
