Explanatory Note

This Amendment No. 1 on Form 10-K/A (this “Amendment”) amends our Annual Report on Form 10-K for the fiscal year ended June 30, 2018 (Commission File Number 000-04217), originally filed on September 28, 2018 (the “Original Filing”). We are filing this Amendment to include the information required by Part III and not included in the Original Filing, as we do not intend to file a definitive proxy statement for an annual general meeting of stockholders within 120 days of the end of our fiscal year ended June 30, 2018. In addition, in connection with the filing of this Amendment and pursuant to the rules of the Securities and Exchange Commission (the “SEC”), we are including with this Amendment new certifications of our principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. Item 15 of Part IV has been amended to reflect the filing of these new certifications, to reflect the filing of compensatory agreements relating to an individual who has become a named executive officer for the first time and to reflect a template agreement associated with a compensatory arrangement described in Item 11.

Except as described above, no other changes have been made to the Original Filing. The Original Filing continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and our other filings with the SEC.

As used in this Amendment, unless the context requires otherwise, the “Company”, “Aceto”, “our” and “we” refers to Aceto Corporation, Inc. and its consolidated subsidiaries, and U.S. GAAP means accounting principles generally accepted in the United States of America.

C – Chairperson

X – Committee member

No director or executive officer of the Company is related to any other director or executive officer. None of the Company’s officers or directors holds any directorships in any other public company, except for Mr. Levin, who is a member of the board of directors of Diffusion Pharmaceuticals, Inc., and Natasha Giordano, who is a member of the board of directors (and the president and chief executive officer) of PLx Pharma Inc. A majority of our board members are independent based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market.

Set forth below is the business experience of, and any other public company or registered investment company directorships held by, the members of the Board for at least the past five years, as well as a summary of their specific experience, qualifications, attributes or skills that led the Board to conclude that they should serve as our directors.

Biographies of Current Directors

Alan G. Levin. Mr. Levin was elected Non-Executive Chairman of the Board as of July 2018. He joined the Aceto Board in December 2013 and became Lead Independent Director in July 2016. Prior to joining the Aceto Board, Mr. Levin served as Executive Vice President and Chief Financial Officer of Endo Health Solutions Inc. (Endo), a global specialty healthcare company, from June 2009 until September 2013. Prior to joining Endo, Mr. Levin worked with Texas Pacific Group, a leading private equity firm, and one of their start-up investments. Before that, he was Senior Vice President & Chief Financial Officer of Pfizer, Inc. where he worked for 20 years in a variety of executive positions of increasing responsibility, including Treasurer and Senior Vice President of Finance & Strategic Management for the company's research and development organization. Mr. Levin received a bachelor's degree from Princeton University and a master's degree from New York University's Stern School of Business. Mr. Levin is a certified public accountant. He is a member of the Advisory Board of Auvon Therapeutics, a private equity fund, a member of the Board of Directors of Diffusion Pharmaceuticals Inc., a development stage oncology company, and a member of the Board of Directors of the Critical Path Institute, a non-profit collaboration between the Food and Drug Administration and pharmaceutical industry participants. We believe that Mr. Levin's financial experience, including his prior positions as chief financial officer of Endo and Pfizer and executive-level experience in the pharmaceutical industry, as well as his experience in financial reporting, treasury and corporate finance, gives him the qualifications and skills to serve as one of our directors.

William C. Kennally, III. For information regarding Mr. Kennally, see “—Executive Officers.” Mr. Kennally’s leadership position in our Company, together with his experience managing both brand and generic pharmaceutical businesses, gives him the qualifications and skills to serve as one of our directors.

Albert L. Eilender. Mr. Eilender was named Chairman Emeritus in July 2018 after serving as the Chairman of the Board since October 2009. He joined the Board in 2000, was the lead independent director from 2005 to September 2009 and served as Chief Executive Officer of the Company from September 2010 to January 2013. He is the sole owner of Waterways Advisory Services, a firm specializing in advising companies on developing and evaluating options relative to mergers, acquisitions and strategic partnerships in the chemical industry. Mr. Eilender has not been active in the operations of this enterprise since October 2009. He has more than 35 years of diverse senior level experience in the specialty chemicals and pharmaceutical industry and has had direct financial responsibility, with significant experience in mergers, acquisitions and joint ventures, both domestically and internationally. He has also served on the boards of numerous industry trade associations during his career. We believe that Mr. Eilender’s past 25 years of industry experience in executive management for operations within all three segments of Aceto’s business, as well as operations in North America, Europe and Asia, coupled with his experience in the areas of business consultation and mergers and acquisitions, and his service on the Board since 2000, give him the qualifications and skills to serve as one of our directors.

Vimal Kavuru. Since 2013, Mr. Kavuru has been the CEO of Cedar Pharma LLC (formerly known as Citron Pharma LLC) and Aster Pharma LLC (formerly known as Lucid Pharma LLC), from which Rising acquired certain generic products and related assets in December 2016. Cedar and Aster provide certain transition services to Rising. In 2008, Mr. Kavuru founded and served as CEO until 2013 of Gen-Source RX, a generic pharmaceutical distributor that was sold to Cardinal Health in 2014. Since 2007, Mr. Kavuru has served as a director of Celon Labs Ltd., an Indian specialty pharmaceutical company focused on the oncology and critical care segments. Additionally, he has served as a director of Cronus Pharma LLC, an animal health pharmaceutical company, since 2016, is the founder of Casper Pharma LLC, an emerging specialty brand and injectable pharmaceutical company, and is a co-founder of Grace Therapeutics, a specialty pharmaceutical company focused on treating rare and orphan diseases. Mr. Kavuru graduated with a B.S. in Pharmacy from the College of Pharmacy, Gulbarga, India and is a registered Pharmacist in the State of New York. We believe that Mr. Kavuru’s extensive experience in the generic products industry, as well as his previous association with Citron and Lucid gives him the qualifications and skills to serve as one of our directors.

William N. Britton. Mr. Britton is the sole owner of TD AIM, LLC, through which he is involved in a variety of activities surrounding financial consulting and private equity investing. Mr. Britton is also a Vice Chairman of P and E Capital, Inc., a management company involved in real estate. Previously, Mr. Britton was a Senior Vice President with JP Morgan Chase. He has over 30 years of commercial lending experience ranging from large syndicated financings with Fortune 500 companies to privately owned businesses, with significant experience in private equity related transactions, asset based lending arrangements, leasing and many other forms of secured lending. Mr. Britton is a former member of the Northeast Advisory Council of Opera Solutions, a private firm engaged in consulting. Mr. Britton is a former Vice President-Finance for the Boy Scouts of America (Manhattan Council) and is on the board of the Rutgers Business School. We believe that Mr. Britton’s finance and business consultation and executive-level management experience, as well as his service on the Board of the Company since 2006, give him the qualifications

and skills to serve as one of our directors.

Natasha Giordano. Ms. Giordano has been the President and Chief Executive Officer as well as a Director of PLx Pharma Inc. since January 2016. PLx Pharma is a late-stage specialty pharmaceutical company focused on developing a clinically validated and patent protected delivery system to provide more effective and safer aspirin products. Previously, Ms. Giordano served as the Chief Executive Officer of ClearPoint Learning, Inc., from May 2015 through November 2015 and a director of ClearPoint from December 2009 through November 2015. Prior to ClearPoint, Ms. Giordano served as the Chief Executive Officer of Healthcare Corporation of America from January 2014 through August 2014. From 2009 to August 2012, Ms. Giordano served as Chief Operating Officer and then Chief Executive Officer and President of Xanodyne Pharmaceuticals, Inc., a branded specialty pharmaceutical company with development and commercial capabilities focused on pain management and women's health. From 2000 to 2008, she served in various senior management positions at Cegecim Dendrite (formerly Dendrite International Inc.), including serving as President, Americas from 2007 to 2008. Earlier in her career, Ms. Giordano worked for nine years at Parke-Davis, a subsidiary of Warner Lambert. Ms. Giordano holds a Bachelor of Science degree in nursing from Wagner College. We believe that Ms. Giordano's twenty plus years of senior leadership positions in the healthcare and pharmaceutical industry brings to our Board a vast amount of practical experience in general management, strategy, marketing, sales development, and compliance, which give her the qualifications and skills to serve as one of our directors.

Daniel B. Yarosh, PhD. Daniel B. Yarosh, PhD is the former Chief Technology Advisor, Estee Lauder Companies, a manufacturer and marketer of skin care, makeup, fragrance and hair care products, from 2014 to 2017. INFORMATION ABOUT THE COMPANY’S COMMITTEES

Audit & Risk Committee

The Audit & Risk Committee is currently comprised of William N. Britton (Chairman), Alan G. Levin and Natasha Giordano. The Audit & Risk Committee recommends to the Board the approval of the Company’s independent registered public accounting firm and reviews management actions in matters relating to audit functions. The committee reviews with the Company’s independent registered public accounting firm the scope and results of its audit engagement and the Company’s system of internal controls and procedures. The committee also reviews the effectiveness of procedures intended to prevent violations of laws. The committee also reviews, prior to publication, our quarterly earnings releases and reports to the SEC on Form 10-K and Form 10-Q.

The Audit & Risk Committee has adopted a written policy for the pre-approval of audit, audit-related and non-audit services to be provided by the Company’s independent registered public accounting firm. In general, the Company’s independent registered public accounting firm cannot be engaged to provide any audit or non-audit services unless the engagement is pre-approved by the Audit & Risk Committee in compliance with the Sarbanes-Oxley Act of 2002. Certain basic services may also be pre-approved by the Chairman of the Audit & Risk Committee under the policy.

The Audit & Risk Committee, consistent with the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, also meets with management and the auditors prior to the filing of officers’ certifications with the SEC to request information concerning, among other things, significant deficiencies in the design or operation of internal controls, if any.

The Audit & Risk Committee assists the Board in performing its oversight responsibilities relating to the Company's processes and policies with respect to identifying, monitoring, assessing, reporting on, managing and controlling the Company's business and financial risk. The Audit & Risk Committee discusses with the Company's Senior Risk Officer, and other members of management responsible for managing risk, areas of specific risk identified by management and/or the Committee.

The Board has determined that all Audit & Risk Committee members are independent under applicable SEC regulations, and based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market. Our Board has determined that Mr. Britton and Mr. Levin qualify as an "audit committee financial expert" as that term is used in SEC regulations. The Audit & Risk Committee operates under a formal charter that governs its duties and conduct and is published on the Company's corporate website – www.aceto.com.

The Audit & Risk Committee has adopted a Non-Retaliation Policy and a Complaint Monitoring Procedure to enable confidential and anonymous reporting regarding financial irregularities, if any.

Nominating and Governance Committee

The Nominating and Governance Committee is currently comprised of Alan G. Levin, William N. Britton and Dr. Daniel B. Yarosh (Chairperson), each of whom has been determined by the Board to be an “independent director” based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market. The Nominating and Governance Committee addresses Board organizational issues and reviews the Company’s corporate governance framework. In addition, the Nominating and Governance Committee searches for persons qualified to serve on the Board and monitors, assesses and makes recommendations to the Board annually with respect to the leadership structure of the Board. While the Nominating and Governance Committee does not have a formal policy on diversity for members of the Board, the Nominating and Governance Committee considers diversity of background, experience and qualifications in evaluating prospective Board members. The committee will evaluate the suitability of potential nominees for membership on the Board, taking into consideration the Board’s current composition, including expertise, diversity, and balance of inside, outside and independent directors, and considering the qualifications and criteria established by the Board. In considering director candidates, the Nominating and Governance Committee and the Board endeavor to establish a diversity of background and experience in a number of areas of core competency, including business judgment, management, accounting and finance, knowledge of the industries in which the Company operates, strategic vision, knowledge of international markets, and other areas relevant to the Company’s business.

The Nominating and Governance Committee operates under a formal charter that governs its duties and conduct and is published on the Company’s corporate website – www.aceto.com.

The Company’s By-laws contain provisions which address the process by which a shareholder may nominate an individual to stand for election to the Board at the Company’s annual meeting of shareholders. The Nominating and Governance Committee will consider and vote on any recommendations so submitted. In considering any person recommended by a shareholder, the committee will look for the same qualifications that it looks for in any other person that is considered for a position on the Board.

Any shareholder nominee recommended by the Nominating and Governance Committee and proposed by the Board for election at the next annual meeting of shareholders will be included in the company's proxy statement for that annual meeting.

Director Resignation Policy

The Company has established a “Director Resignation Policy”, which addresses the situation in which a nominee for election to the Company’s Board fails to receive a majority of the votes cast by the shareholders of the Company in an uncontested election of directors. An “uncontested election of directors” is any election of directors by the shareholders of the Company in which the number of nominees for election does not exceed the number of directors to be elected. Pursuant to our Director Resignation Policy, if, in any uncontested election, a nominee receives less than a majority of the votes cast by the shareholders of the Company, such nominee is required to promptly tender his or her written resignation from the Board to the Secretary of the Company. The Board will then determine whether to accept or reject the resignation. The Director Resignation Policy is published on the Company’s corporate website – www.aceto.com.

Compensation Committee

The Compensation Committee is currently comprised of Natasha Giordano (Chairperson), Alan Levin and Dr. Daniel B. Yarosh, each of whom has been determined by the Board to be an “independent director” based on the definition of independence in Listing Rule 5605(a)(2) of The NASDAQ Stock Market. The Compensation Committee conducts reviews of the compensation of the directors, Chief Executive Officer and other senior executive officers of the Company including evaluating and making recommendations to the Board concerning those officers’ benefits, bonus, incentive compensation, severance, equity-based compensation, and other forms of compensation provided by the Company. The Compensation Committee meets as it determines to be necessary, but not less frequently than annually. The Compensation Committee may delegate a portion of its authority to a subcommittee or subcommittees. The Compensation Committee has the exclusive authority to retain any compensation consultants to be used to assist the committee in the evaluation and determination of the Company’s compensation for its Chief Executive Officer, other senior executive officers and directors.

The Compensation Committee operates under a formal charter that governs its duties and conduct and reviews the charter not less than every two years. The charter is published on the Company’s corporate website – www.aceto.com.

Compensation Consultant Role

Our Compensation Committee engaged Frederic W. Cook & Co. Inc. (FW Cook), an executive compensation consulting firm, during the fiscal year ended June 30, 2018 to conduct compensation benchmarking for our executive officers, as well as Board compensation analysis and a review of competitive severance opportunities. In addition, the Compensation Committee utilized FW Cook to review our peer group composition. Our Compensation Committee directed FW Cook to provide it with the benefits of its industry experience after taking into account the specific needs and positioning of our Company. The Compensation Committee intends to continue to engage a compensation consulting firm to perform executive and director compensation studies as needed.

While FW Cook provided data and advice regarding our compensation practices, our Compensation Committee exercises autonomy when formulating and presenting recommendations to our Board regarding our compensation practices for our named executive officers and Board of Directors. Our Compensation Committee has assessed FW Cook's independence pursuant to applicable SEC rules and concluded that no conflict of interest exists that would prevent FW Cook from independently advising the Compensation Committee.

Management's Role in Establishing Our Executive Compensation

Our Chief Executive Officer plays an important role in assisting our Compensation Committee in establishing the compensation for our executive officers. Key aspects of this role include:

- suggesting to the Compensation Committee business performance targets and objectives;
- evaluating employee performance; and
- recommending salary and bonus levels and long-term incentive compensation.

During this process, the Compensation Committee may ask our Chief Executive Officer, Chairman of the Board and other executive officers to provide guidance to the Compensation Committee regarding background information for our strategic objectives, an evaluation of the performance of our executive officers, and compensation recommendations as to the executive officers. Members of the Compensation Committee met informally with our

Chief Executive Officer and Chairman of the Board throughout the year to discuss compensation matters and compensation policies in order to obtain insight regarding the day-to-day performance of each of our executive officers.

Board and Committee Meetings

During the Company's fiscal year ended June 30, 2018, the Board held ten meetings and acted by unanimous written consent one time. Each director attended at least 75% of the Board's meetings and the meetings of the Board committees on which he or she served.

At most scheduled meetings of the Board, the independent members of the Board met separately in executive session without management being present.

During the Company's fiscal year ended June 30, 2018, the Compensation Committee met eight times, the Audit & Risk Committee met eight times and the Nominating and Governance Committee met four times.

Director Attendance at Annual Meetings

Our directors are encouraged, but not required, to attend the annual meeting of shareholders. All of our directors attended the 2017 annual meeting of shareholders.

Communications by our Shareholders to the Board

The Board recommends that shareholders direct to the Company's secretary any communications intended for the Board. Shareholders can send communications by e-mail to srogers@aceto.com, by facsimile to (516) 627-6093, or by mail to Steven Rogers, Senior Vice President, Chief Legal Officer and Secretary, Aceto Corporation, 4 Tri Harbor Court, Port Washington, New York 11050.

This centralized process will assist the Board in reviewing and responding to shareholder communications in an appropriate manner. If a shareholder wishes to direct any communication to a specific board member, the name of that board member should be noted in the communication. The Board has instructed the Secretary to forward shareholder correspondence only to the intended recipients, but the Board has also instructed the Secretary to review all shareholder correspondence and, in his discretion, not forward any items that he deems to be of a commercial or

frivolous nature or otherwise inappropriate for the Board's consideration. Any such items may be forwarded elsewhere in the Company for review and possible response. The Company has adopted a Non-Retaliation Policy, or a whistleblower policy, which establishes procedures for submitting these types of concerns, either personally or anonymously through a toll free telephone "hotline" operated by an independent party. A copy of our Non-Retaliation Policy is available on our website at www.aceto.com.

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with those responsibilities and standards. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, establishes, or provides the basis for, a number of corporate governance standards and disclosure requirements. In addition, the NASDAQ Stock Market has corporate governance and listing requirements. The Company also has policies covering non-discrimination and diversity that are communicated to all employees. The Board has initiated numerous actions consistent with these rules and will continue to monitor developments in the area of corporate governance regularly.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for all Aceto directors, officers and employees that includes provisions ranging from restrictions on gifts to conflicts of interest. All employees are required annually to affirm in writing their acceptance of the code. This Code of Business Conduct and Ethics is in accordance with NASDAQ Listing Rule 5610 and is published on the Company's corporate website – www.aceto.com. We intend to satisfy the disclosure requirement under Item 5.05(c) of Form 8-K regarding an amendment to, or a waiver from, a provision of our Code of Business Conduct and Ethics by posting such information on our website, www.aceto.com.

Disclosure Committee

The Company has formed a disclosure committee, comprised of senior management, including senior financial personnel, to formalize processes to ensure accurate and timely disclosure in Aceto's periodic reports filed with the United States Securities and Exchange Commission and to implement certain disclosure controls and procedures. The disclosure committee operates under a formal charter that governs its duties and conduct. The charter is published on the Company's corporate website – www.aceto.com.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The mission of our Compensation Committee is to ensure that the programs for executive and staff compensation best help the Company achieve its strategic goals and include best practices of our industry.

The objectives of our compensation program are to:

- provide compensation and benefit plans that are equitable to our executives and other employees as well as our shareholders;
- enable us to attract, motivate and retain highly qualified, experienced talent; and
- align our rewards with long term corporate goals as well as shareholder expectations and value.

We strive to reward our named executive officers fairly and competitively through a properly balanced mix of base salary, short-term and long-term incentives, benefits, career growth and development opportunities. We believe this mix drives company performance and assists with employee retention. We do this by weighting the compensation of our named executive officers toward long-term incentives over salary and annual cash incentives. We regularly review our executives' compensation against our own selected peer group, and we review the composition of our peer group annually. Historically, our compensation program has provided a strong balance of retention and ownership with a direct linkage to the Company's strategic objectives, operating and shareholder performance.

When we refer to our "named executive officers" in this Amendment, we are referring to our chief executive officers throughout our last fiscal year, our chief financial officers throughout our last fiscal year and our three most highly compensated executive officers other than our chief executive officer and chief financial officer who were serving as executive officers as of June 30, 2018. Our named executive officers for our fiscal year ended June 30, 2018 were the following individuals:

William C. Kennally, III, President and Chief Executive Officer

Salvatore Guccione, Former President and Chief Executive Officer

Rebecca Roof, Chief Financial Officer

Edward Borkowski, Former Chief Financial Officer

Douglas Roth, Former Chief Financial Officer

Walter Kaczmarek, III, Chief Operating Officer

Steven S. Rogers, Senior Vice President and Chief Legal Counsel

Albert L. Eilender, Chairman Emeritus

Our Compensation Philosophy and Objectives

The philosophy of the Compensation Committee is to ensure that the strategic vision of our executive team is supported by modern compensation practices that reward achievement and creation of shareholder value.

Consistent with those purposes, our compensation program employs the following principles:

• compensation among our executives and staff should be equitable regardless of gender, race, religion or sexual orientation;

• the compensation program should pay for performance, that is, reward the achievement of our strategic initiatives and short-term and long-term operating and financial goals, and provide disincentives for underperformance;

• compensation should reflect differences in position and responsibility;

• compensation should be comprised of a mix of cash and equity-based compensation that aligns the short-term and long-term interests of our executives with those of the Company, the corporation's strategy and our shareholders; and

• the compensation program should be understandable and transparent.

In structuring a compensation program that implements these principles, we have developed the following strategies for our executive compensation program:

• overall compensation levels should be competitive with our peers and should be set at levels that allow us to attract and retain talented leaders and motivate them to achieve superior results;

• a majority of total compensation should be contingent on, and variable with, achievement of objective corporate performance goals;

• total compensation should be higher for individuals with greater responsibility and greater ability to influence achievement of our operating and financial goals and strategic initiatives;

• the number of different elements in our compensation program should be limited, and those elements should be stable year-over-year, and effectively communicated to and understood by executives and shareholders; and

• compensation should be set at levels that promote a sense of equity among all employees while giving due regard to any premiums that may be necessary in our industry in order to attract top talent at the executive level.

This past fiscal year was focused on stabilizing our generic drug business in a very competitive environment, on effectively managing the Company's other business units, and on exploring strategic alternatives for our company as a whole. The compensation strategy therefore was adjusted toward policies for senior staff retention, and for stabilization of corporate operations through greater emphasis in fiscal 2019 on cash compensation and performance-based cash bonuses, consistent with our other compensation strategies.

Consideration of Last Year's "Say on Pay" Advisory Vote

At last year's annual meeting of shareholders, we held an advisory shareholder vote on executive compensation. More than 95% of the shares that voted approved our executive compensation described in last year's proxy statement. The Compensation Committee viewed the results of this vote as a strong indication that the Company's shareholders

support the compensation policies and practices of the Company. Accordingly, the results of this vote did not affect the Company's executive compensation decisions and policies for our named executive officers during the fiscal year ended June 30, 2018.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the ratio of our principal executive officer's annual total compensation to the annual total compensation of our median employee.

For the fiscal year ended June 30, 2018:

- The median of the annual total compensation of all of our employees, other than our CEO, was \$78,185; and
- The annual total compensation of our CEO, was \$1,913,807.

Based on this information, for fiscal 2018, the ratio of the annual total compensation of Mr. Kennally, our CEO, to the median of the annual total compensation of all employees other than our CEO, was 24 to 1.

To identify the median of the annual total compensation of all of our employees, as well as to determine the annual total compensation of our "median employee" and our CEO, we took the following steps:

1. We determined that as of June 1, 2018, our employee population consisted of approximately 315 employees.
2. To identify the "median employee" from our employee population, we compared the annual base salary and the target performance award for fiscal 2018 for all of our employees other than the CEO.

3. Once we identified our median employee, we recalculated the median employee's compensation for fiscal 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$78,185.

4. With respect to the annual total compensation of our CEO, since Mr. Kennally began serving as CEO on October 2, 2017, we have annualized his salary for fiscal 2018, resulting in annual total compensation for Mr. Kennally of \$1,913,807 (when added to the other components of his compensation disclosed in the Summary Compensation Table). Please note that as a result of annualizing Mr. Kennally's salary, the total annual compensation we used for this pay ratio disclosure is different than Mr. Kennally's total annual compensation as included in the Summary

Compensation Table, in accordance with SEC rules.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described above. The SEC rules for identifying the median-compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Elements of Our Executive Compensation

Our executive compensation program has historically been comprised of base salary, performance-based annual cash incentives, long-term equity incentive awards and fringe benefits. These elements of compensation have been supplemented by benefit plans to which the Company contributes, including our 401(k) plan and our supplemental executive retirement plan, as well as life insurance premiums paid by the Company for employee life insurance policies. We use our experience and judgment to determine what is the appropriate mix of compensation elements for each executive. In allocating compensation among the various elements, the Compensation Committee considers many factors including market data, Company performance, individual performance, the impact of the executive's position on the Company, individual past performance, experience in the position, any anticipated increase in the individual's responsibilities, internal pay equity for comparable positions, and succession planning and retention strategies.

With the adoption of the Aceto Corporation 2010 Equity Participation Plan (the "2010 Plan") in December 2010 and the Aceto Corporation 2015 Equity Participation Plan (the "2015" Plan) in December 2015, our long-term incentive compensation component was increased for our named executive officers, making a significant and in some cases majority portion of their annual total direct compensation dependent on long-term stock appreciation and long-term company financial and operating performance. Due to the current competitive business environment and the need to consider strategic alternatives while retaining key executives, we anticipate that our compensation policies in the near future will be more heavily weighted toward cash-based compensation and performance bonuses.

Our executive compensation program and policies are driven by our business environment and designed to enable us to achieve our mission and adhere to our values. The Compensation Committee and senior management continually evaluate the relationship between risk and reward as it relates to our executive compensation program and have adopted policies and practices that mitigate undue risk while preserving the incentive/variable nature of the compensation.

In fiscal 2018, senior management performed a formal assessment of the Company's global compensation programs, policies and practices based on generally accepted compensation practices. Each compensation program was assigned a risk rating of low, moderate, or high. In assigning the risk rating, a number of factors were considered, including, among other things, whether the plan features include capped payouts or deferrals and/or clawbacks, whether the plan design or administration leads to outsized risk taking, and whether payments are based on pre-established performance goals including risk-adjusted metrics.

The results of the assessment were reviewed by FW Cook and discussed with the Compensation Committee during fiscal 2018. The assessment reaffirmed our belief that our compensation programs and policies are structured and operated in a manner that does not create risks that are reasonably likely to have a material adverse effect on our business. In addition to ongoing monitoring of our programs and policies, we are committed to performing formal assessments on an annual basis.

The pie charts below show that most of our named executive officers' target compensation for fiscal 2018 was variable (73% for CEO and an average of 63% for our other named executive officers). Variable pay includes the target value of short-term cash incentives and restricted stock.

Our peer group was reviewed with FW Cook in fiscal 2017 and at that time, it was decided to change our peer group to a new peer group consisting of 15 companies selected by us to reflect our current business strategy of focusing more on the end market pharmaceutical space. These companies included in the peer group reflect Aceto's business strategy, placing greater emphasis on companies whose primary business is tied to health care. The selection criteria to evaluate the peer group companies included comparable business content/model, company size, business characteristics and executive talent. During the fiscal year, we reviewed our peer group with FW Cook and determined that Albany Molecular Research and Sagent Pharmaceuticals, which were in the peer group in 2017, were acquired and were replaced by AMAG Pharmaceuticals Inc. and Luminex Corp. During the 2018 fiscal year, the peer group companies included: Akorn Inc., AMAG Pharmaceuticals Inc., American Vanguard Corporation, Amphastar Pharmaceuticals, ANI Pharmaceuticals, Cambrex Corporation, Depomed, Impax Laboratories, Inc., Innophos Holdings, Inc., Lannett Company, Inc., Lawson Products, Inc., Luminex Corp., Prestige Brand Holdings, Inc., Quaker Chemical Corporation and Usana Health Sciences, Inc. AMAG Pharmaceuticals Inc. was added because it increased the weighting of pharmaceutical companies in the peer group and has similar revenue and market cap to Aceto. Luminex Corp. was added to the peer group during the 2018 fiscal year due to its strong focus on research and development. During the 2018 fiscal year, our compensation consultant conducted a benchmarking review consisting of a competitive review of executive compensation levels for certain executive officers, including our named executive officers. The analysis focused on target compensation in order to provide market competitive comparisons for setting executive compensation opportunities. The Compensation Committee's benchmarking criteria for these purposes included comparisons of executive base salary compensation, performance awards, long term incentive compensation, total cash compensation (base salary plus annual performance awards), and total direct compensation (total cash compensation plus long-term incentive compensation) of our peer group. Based upon the results of the study, it was determined that Aceto's executive officers cash compensation generally approximates median levels and most executive officers target bonus was at or above the median. For long-term incentives, the Company's executive officers were positioned slightly below the market median. Aceto's target total direct compensation was positioned approximately 11% above the market overall median. The overall positioning at median is aligned with Aceto's strategy for fiscal 2018 of aggregate positioning at the market median and increased emphasis on long-term incentives as compared to cash compensation.

Base Salary

We provide our named executive officers with base salary to provide them with a fixed base amount of compensation for services rendered during a fiscal year. We believe this is consistent with competitive practices and will help assure our retention of qualified leadership in those positions. We intend to maintain base salaries at competitive levels in the marketplace for comparable executive ability and experience, taking into consideration changes from time to time in the consumer price index and whether competitive adjustments are necessary to promote retention. Consideration also is given in each case to the historical results achieved by each executive and the Company during each executive's tenure, to whether each executive is enhancing the team-oriented nature of the executive group, the potential of each executive to achieve future success, and the scope of responsibilities and experience of each executive. In addition, evaluations are made regarding the competencies of each named executive officer that are considered essential to our success.

The Compensation Committee evaluated the historical performance of our executive officers and considered the compensation levels and programs within the peer group before it made its fiscal 2018 compensation recommendations to the full board. As previously discussed, FW Cook completed an assessment during the 2018 fiscal year that reviewed the compensation program for certain executive officers, including our named executive officers, regarding base pay, performance awards and long-term incentive compensation. The report indicated that the pay mix for Aceto's executive officers is weighted more toward long-term incentive compensation than the companies included in the peer group.

Annual Performance Awards

We grant annual performance awards to encourage achievement of goals established for our short-term and long-term financial and operating results, and to reward our named executive officers for consistent performance in assisting us in achieving those goals. Pre-determined annual performance measures were utilized in connection with our performance awards for the fiscal year ended June 30, 2018.

For our fiscal year ended June 30, 2018, the annual performance award criteria for 85% of the awards payable under our Executive Award Plan established by our Compensation Committee, and approved by the Board, were based upon results obtained with respect to the following four financial factors: (1) company sales; (2) company gross profit; (3) company net income; and (4) company earnings per share. For the named executive officers, the financial factors were weighted at 15% for company sales, 10% for company gross profit, 30% for company net income, 30% for company earnings per share and the individual performance goals (which are qualitative in nature) were weighted at 15%. The specific performance-related financial factors at the minimum, target and maximum levels for the fiscal year ended June 30, 2018 were:

Performance Metric	Minimum	Target	Maximum	Actual Results
Company Sales	\$590,420,250	\$787,227,000	\$1,180,840,500	\$711,359,000
Company Gross Profit	\$135,332,250	\$180,443,000	\$270,664,500	\$111,563,000
Company Net Income	\$36,075,000	\$48,100,000	\$72,150,000	\$(15,251,000)*
Company Earnings Per Share	\$1.03	\$1.37	\$2.06	\$(0.43)*

*Adjusted for certain charges including asset impairment charges, valuation allowances, and environmental remediation charges.

The annual award percentages at the minimum, target and maximum levels for the fiscal year ended June 30, 2018 for each of the named executive officers were as follows:

Executive Officer	Minimum	Target	Maximum
William Kennally, III	50% of base salary	100% of base salary	200% of base salary
Walter Kaczmarek, III	30% of base salary	60% of base salary	120% of base salary
Albert L. Eilender	30% of base salary	60% of base salary	120% of base salary
Steven S. Rogers	25% of base salary	50% of base salary	100% of base salary

The following describes the performance-based bonus criteria for each named executive officer:

William Kennally III, President and Chief Executive Officer. Mr. Kennally's 2018 annual performance award was \$130,652 and reflected, on an individual performance basis, preparation of a three-year budget plan, followed by preparation of a budget plan for four and five years after fiscal 2018, which was added to prepare the company for strategic alternatives options.

Walter Kaczmarek III, Chief Operating Officer. Mr. Kaczmarek's 2018 annual performance award was \$78,672 and reflected, on an individual performance basis, meeting with the top 2-3 suppliers/customers of each of the non-Rising Business Units.

Steven S. Rogers, Senior Vice President. Mr. Rogers's 2018 annual performance award was \$49,688 and reflected, on an individual performance basis, implementing training for certain policy issues including antitrust compliance. In addition, Mr. Rogers received \$95,400 pursuant to a retention agreement Mr. Rogers entered into with the Company. See "Retention Arrangements."

Albert L. Eilender, Chairman Emeritus Mr. Eilender's 2018 annual performance award was \$78,592 and reflected, on an individual performance basis, developing a succession plan for the Chairman of the Board and presenting the recommendation to the Board.

The Compensation Committee recommended and the Board approved continued emphasis on the use of objective performance criteria to determine annual performance awards for the fiscal year ended June 30, 2018. The precise criteria that we will use to determine the annual performance award for our executive officers will vary depending on each officer's specific responsibilities. In all cases, annual performance awards paid to any one individual cannot exceed two times the individual's base salary.

Long-Term Incentive Compensation

Based upon the reviews by our compensation consultant in fiscal 2018 as well as in prior years, our Compensation Committee recommended that our compensation mix include a greater proportion of long-term incentive compensation. During fiscal 2018, we continued to place increasing emphasis on compensation tied to the Company's strategic objectives, long-term financial and operating performance. These incentives were intended to further align management's interest with the interests of our shareholders.

For fiscal 2018, our Compensation Committee recommended and the Board approved, a three year long term incentive compensation program pursuant to the 2015 Plan consisting of restricted stock and performance-vested restricted stock units for our executive officers. The restricted stock awards vest over three years. Performance-vested restricted stock units will cliff vest 100% at the end of the third year following the grant upon the attainment of pre-tax income and total shareholder return performance goals relative to the Russell 2000 Index. The number of shares subject to the 2018 long term incentive awards is set forth in the table entitled "2018 Grants of Plan-Based Awards."

Recoupment of Awards

Each performance award paid shall for a period of two years (or such longer period as the Compensation Committee may determine in its discretion) be subject to forfeiture, cancelation and/or repayment to the Company if: (i) the payment of such award (or portion thereof) was predicated upon the achievement of certain financial results or other performance criteria; (ii) in the Compensation Committee's view, the participant either benefited from a calculation that later proves to be materially inaccurate, or engaged in one or more material acts of fraud or misconduct that caused or partially caused the need for a financial restatement by the Company; and (iii) in the Compensation Committee's view, a lesser payment (or no payment) of such award would have occurred based on a correct calculation or upon restated financial results or other performance criteria.

Retention Arrangements

In May 2018, we entered into retention bonus agreements with certain key employees, none of whom were named in the Summary Compensation Table in last year's proxy statement and only one of whom (Steven Rogers) is referred to as a named executive officer in this Amendment. These arrangements were designed to retain key employees during a critical period of time as we began examining strategic alternatives for our company in an extremely difficult business environment. To assure the retention of our key employees during this and future periods, we assured them bonuses if they remained employed by us through certain dates: 10% of each participant's bonus was payable on May 31, 2018, 15% of each participant's bonus was payable on August 31, 2018 and the balance of each participant's bonus is payable on September 13, 2019, subject to acceleration in certain instances and subject to proration in other instances relating to termination by us without cause or by the participants for good reason. A total of 31 key employees were covered by these arrangements, with aggregate payments of \$905,545 and \$1,349,580 made on May 31, 2018 and August 31, 2018, respectively.

Other Compensation

Our U.S. executive officers may also participate in our 401(k) plan on the same terms as the rest of our eligible employees. We currently make a non-elective contribution on behalf of each of our participating employees equal to 3% of the participant's eligible compensation, including base salary and bonus, up to a maximum of \$270,000 of eligible compensation. We also have historically made discretionary contributions for each of our participating employees on an annual basis up to approximately 8% of the participant's eligible compensation. Our participating employees are fully vested in both their salary deferrals and non-elective contributions, but Company discretionary contributions vest at the rate of 20% per year with 100% vesting after five years of participation.

We also maintain a supplemental executive retirement plan, commonly called a "SERP". This plan is a non-qualified deferred compensation plan intended to provide executive officers with supplemental retirement benefits. Annual Company contributions to the SERP are fixed by the Board and vest at the rate of 20% per year of service over five consecutive years. In addition to Company contributions, participants can elect to defer some or all of their bonus compensation into their SERP account for the following year.

Perquisites

We allow certain of our executive officers to use a Company automobile as a perquisite to enhance our compensation package and make it more attractive relative to our competition. The financial value of the personal use of a Company automobile for each of the named executive officers for our fiscal year ended June 30, 2018 is set forth in footnote twelve to the All Other Compensation column of the *Summary Compensation Table* contained herein.

Stock Ownership Requirements

In order to further align management's interest with the interests of our shareholders, our Compensation Committee established, and the Board approved, stock ownership requirements for our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers. These stock ownership requirements provide that our Chief Executive Officer must own shares of our common stock valued at three times his base salary and our Chief Financial Officer and our other three most highly compensated executive officers must own shares of our common stock valued at one and a quarter times their base salaries. Mr. Kennally has until October of 2022 to meet this requirement. Due to the decline in the stock price (the closing stock price of our Common Stock at June 30, 2018 was \$3.35), the named executive officers no longer meet this requirement. The stock ownership program also includes as a guideline, but not a requirement, that all our other executive officers own shares of our common stock valued at one half times base salary by such date. Shares of our restricted stock that are granted but not

yet vested count toward these stock ownership guidelines.

The stock ownership program also includes as a guideline, but not a requirement, that all non-employee directors achieve a level of ownership of our common stock, including restricted stock granted but not yet vested, valued at five times the annual cash retainer by January 2020.

Tax and Accounting Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1 million paid in a taxable year by a publicly held corporation to its chief executive officer and certain other “covered employees”. For 2017 and prior taxable years, an exception to this deduction limit applied to “performance-based compensation”, such as stock options and other equity awards that satisfied certain criteria. Under the federal tax reform legislation signed into law on December 22, 2017, the performance-based pay exception to Section 162(m) was eliminated, but a transition rule may allow the exception to continue to apply to certain performance-based compensation in effect on November 2, 2017. While the Compensation Committee considers the impact of Section 162(m) on our compensation program, it reserves the right to pay nondeductible compensation if it determines that it is appropriate to do so. It is our policy to review all compensation plans and policies against tax, accounting, and SEC regulations, including Section 162(m), Internal Revenue Code Section 409A, and generally accepted accounting principles.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Amendment. Based on that review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Amendment.

Deferred Compensation Plan

On March 14, 2005, the Board adopted the SERP. The SERP is a non-qualified deferred compensation plan intended to provide certain qualified executives with supplemental benefits beyond the Company's 401(k) plan, as well as to permit additional deferrals of a portion of their compensation. Substantially all compensation deferred under the SERP, as well as Company contributions, is held by the Company in a grantor trust, which is considered an asset of the Company. The assets held by the grantor trust are mutual fund investments owned by the Company. Effective July 1, 2013, the SERP was frozen and a new plan, entitled "Aceto Corporation 2013 Senior Executive Retirement Plan" was adopted by the Company's Board.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

On February 13, 2015, we entered into revised change in control agreements with Messrs. Eilender and Rogers. These agreements superseded and replaced in their entirety Change in Control Agreements entered into with such individuals on July 2, 2012. On October 2, 2017 we entered into a change in control agreement with Mr. Kennally. The agreements provide "double trigger" change in control severance protections, which means no amount will become payable under the agreements unless a "change in control" of Aceto occurs and an executive's employment is terminated by Aceto other than for "cause" or by the executive for "good reason" within a specified period following the change in control.

Each agreement will automatically terminate if the executive ceases to be an employee of Aceto for any reason prior to the occurrence of a "change in control" (as defined in each agreement). In addition, the Company can terminate each agreement on one year's prior written notice; provided that, if a "change in control" of the Company occurs while the agreement is in effect, no such termination notice shall become effective until the second anniversary of the "change in control."

If, during the two (2) year period following the occurrence of a "change in control," an executive's employment is terminated by the Company other than for "cause" (as defined in each agreement) or by the executive for "good reason" (as defined in each agreement), subject to the provisions regarding Sections 280G and 4999 of the Code summarized below, the executive will be entitled to the following (in lieu of any payments under the Company's severance policy):

a cash lump sum equal to two (2) times the sum of the executive's base salary (1.75 times for Mr. Rogers) and annual performance award for the fiscal year preceding the "change in control," and

continued participation in the Company's group health plan, at the Company's expense, for a period of two (2) years.

To the extent not theretofore already vested, one hundred percent (100%) of the executive's then-outstanding and unvested "equity awards" (as defined in each agreement) will become vested in full. If, however, an outstanding equity award is to vest and/or the amount of the award to vest is to be determined based on the achievement of performance criteria, then the equity award will vest as to one hundred percent (100%) of the amount of the equity award assuming the performance criteria had been achieved at target levels for the relevant performance period(s).

To the extent any amount or benefit to be provided pursuant to the agreement or otherwise (collectively, the "Payments") would be treated as an "excess parachute payment," as that phrase is defined in Section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), then the amounts and benefits the executive would otherwise receive shall be either (i) paid or allowed in full; or (ii) reduced (but not below zero) to the maximum amount which may be paid without causing any Payment to be nondeductible to the Company under Section 280G of the Code, or subject the executive to an excise tax under Section 4999 of the Code, whichever would result in the executive's receipt, on an after-tax basis, of the greatest amount of Payments.

Mr. Eilender is eligible to receive severance pay and benefits pursuant to the Aceto Severance Policy (the "Severance Policy") in the event of an involuntarily termination of his employment. Severance pay may be provided under the Severance Policy, in Aceto's sole discretion, in an amount up to twelve (12) weeks of base salary plus two (2) additional weeks for each year of service with Aceto, up to a maximum of fifty-two (52) weeks of base salary.

Effective as of September 27, 2017, we entered into a letter agreement with Mr. Kennally (the “Kennally Letter Agreement”). If the Company terminates Mr. Kennally’s employment other than for cause, pursuant to the Kennally Letter Agreement the Company will be required to continue to pay Mr. Kennally’s base salary, at the rate then in effect, for the fifteen month period following the date of termination, subject to offset by any amounts earned by Mr. Kennally through other employment or consultancy during the fifteen month period.

In May 2018, the Company entered into an enhanced severance protection letter agreement with Mr. Rogers. If, prior to a change in control, Mr. Rogers’ employment is terminated by the Company without cause (other than due to disability), the Company shall continue to pay Mr. Rogers’ base salary, at the rate then in effect, for the fifteen month period following the date of termination as severance.

The following table shows the estimated amounts that would have been payable to the named executive officers other than Messrs. Guccione, Roth, Borkowski and Kaczmarek upon the occurrence of the indicated event, had the applicable event occurred on June 30, 2018. The actual compensation and benefits these executives would receive at any subsequent date would likely vary from the amounts set forth below as a result of certain factors, such as a change in any additional benefits the officer may have accrued as of that time under applicable benefit or compensation plans.

Rebecca Roof is not included in the table below as the Company pays Ms. Roof’s employer AP Services LLC, for her services and she is not separately compensated by the Company. Messrs. Guccione, Roth and Borkowski are not included in the table below because they are no longer associated with the Company and thus are not entitled to any amounts upon the occurrence of the events described in the table below.

	Termination without cause or resignation for good reason following a change in control	648,537	86,954	-	-	188,669	37,376	961,536

(1) For termination without cause or resignation for good reason, the above-mentioned executives' then outstanding and unvested equity awards will vest on a pro-rata basis based on the termination date. Upon a change in control, 100% of the above-named executives' then-outstanding and unvested equity awards will become vested in full.

In October 2017, Rising commenced leasing approximately 125,000 gross square feet of warehouse space in Somerset, New Jersey. This building is owned by an affiliate of Mr. Kavuru. The Company incurred \$569,000 of rent expense related to this lease during fiscal 2018.

Under the terms of Development Agreement I, Cronus has agreed to pay the first \$3,500,000 of the development costs incurred after December 21, 2016, and 50% of any development costs incurred above that threshold in exchange for obtaining reimbursement for its costs funded out of the profits earned, if any, from the pipeline products that are commercially launched, and a specified portion of the profits from those products thereafter. Under the terms of Development Agreement II, Cronus has agreed to pay the development costs for the products covered thereby in exchange for obtaining reimbursement for its costs funded out of the profits earned, if any, from such products that are commercially launched (subject to a \$1,445,000 maximum), and a specified portion of the profits from those products thereafter.

Mr. Kavuru was not a member of the Company's Board at the time that the above-mentioned transition services agreement, lease or Development Agreements were executed.
