**Item 2.02 Results of Operations and Financial Condition**

On August 6, 2009, G&K Services, Inc. issued a press release announcing its financial results for the fiscal fourth quarter ended June 27, 2009. A copy of the press release is furnished as Exhibit 99.1 to this report. The press release contains non-GAAP financial measures which are free cash flow and certain non-GAAP operating results which are reconciled to the fourth quarter and fiscal 2009 year-to-date earnings per diluted share on a GAAP basis to adjusted earnings per diluted share on a non-GAAP basis. The free cash flow result is calculated as cash flow from operations less capital expenditures. Management believes that organic growth and free cash flow are useful in analyzing the company's overall financial condition and the results of its operations. Management believes that certain non-GAAP operating results, which exclude non-cash impairment and certain other non-recurring charges, provide a more meaningful measure on which to compare the company's overall results of operations between periods.

The information in this Item 2.02 and Exhibit 99.1 shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended.
