PROXY STATEMENT

These proxy materials are delivered in connection with the solicitation by the Board of Directors of Bed Bath & Beyond Inc. (the “Company”, “we”, or “us”), a New York corporation, of proxies to be voted at our 2015 Annual Meeting of Shareholders and at any adjournment or adjournments.

QUESTIONS ABOUT THE MEETING AND THESE PROXY MATERIALS

This Proxy Statement, the proxy card and our 2014 Annual Report are being mailed starting May 29, 2015. The information regarding stock ownership and other matters in this Proxy Statement is as of the record date, May 6, 2015, unless otherwise indicated.

What may I vote on?

You may vote on the following proposals:

- election of ten directors to hold office until the Annual Meeting in 2016 (Proposal 1);
- ratification of the appointment of KPMG LLP as independent auditors for the fiscal year ending February 27, 2016 (“fiscal 2015”) (Proposal 2); and
- consider the approval, by non-binding vote, of the 2014 compensation paid to the Company’s named executive officers (commonly known as a “say-on-pay” proposal) (Proposal 3).

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE TEN DIRECTORS, FOR THE RATIFICATION OF THE APPOINTMENT OF AUDITORS AND FOR THE SAY-ON-PAY PROPOSAL.

Who may vote?

Shareholders of record of the Company’s common stock at the close of business on May 6, 2015 are entitled to receive this notice and to vote their shares at the Annual Meeting. As of that date, there were 171,308,612 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

How do I vote?

The Company encourages you to use the electronic means available to you to vote your shares. How you vote will depend on how you hold your shares of Bed Bath & Beyond Inc. common stock.

Shareholder of Record

If your shares are registered directly in your name with Bed Bath & Beyond Inc.'s transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you. If you hold restricted stock under the Company's 2012 Incentive Compensation Plan, you are also considered the shareholder of record with respect to those shares. As the shareholder of record, you have the right to vote by proxy.

There are three ways you can do so:

- Vote by Internet - www.proxyvote.com

Use the Internet to transmit your voting instructions and for electronic delivery of information. Have your proxy card in hand when you access the website.

- Vote by phone - 1-800-690-6903

Use any touch-tone telephone to transmit your voting instructions. Have your proxy card in hand when you call.

- Vote by mail

Mark, sign and date your proxy card and return it in the postage-paid envelope we've provided, or return it to Bed Bath & Beyond Inc., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

Voting by any of these methods will not affect your right to attend the Annual Meeting and vote in person. However, for those who will not be voting at the Annual Meeting in person, your final voting instructions must be received by no later than 11:59 p.m. Eastern Time on July 1, 2015.

Beneficial Owner

Most shareholders of Bed Bath & Beyond Inc. hold their shares through a stockbroker, bank or other nominee, rather than directly in their own name. If you hold your shares in one of these ways, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker on how to vote. Your broker or nominee has enclosed a voting instruction form for you to use in directing the broker or nominee on how to vote your shares. If you hold your shares through a New York Stock Exchange member brokerage firm, such member brokerage firm has the discretion to vote shares held on your behalf with respect to the appointment of the Company's auditors, but not with respect to the election of directors or the say-on-pay proposal, as more fully described under "What is a broker 'non-vote'?"

Can I change my vote?

Yes. If you are the shareholder of record, you may revoke your proxy before it is exercised by doing any of the following:

- sending a letter to the Company stating that your proxy is revoked;
- signing a new proxy and sending it to the Company; or
- attending the Annual Meeting and voting by ballot.

Beneficial owners should contact their broker or nominee for instructions on changing their vote.

How many votes must be present to hold the Annual Meeting?

A “quorum” is necessary to hold the Annual Meeting. A quorum is a majority of the votes entitled to be cast by the shareholders entitled to vote at the Annual Meeting. They may be present at the Annual Meeting or represented by proxy. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum, but are not counted for purposes of determining any of the proposals to be voted on.

How many votes are needed to approve the proposals?

At the 2015 Annual Meeting of Shareholders, a “FOR” vote by a majority of votes cast is required for the election of directors, to ratify the selection of KPMG LLP as the Company’s independent auditors for fiscal 2015 and to approve, by non-binding vote, the say-on-pay proposal.

A “FOR” vote by a “majority of votes cast” means that the number of shares voted “FOR” exceeds the number of votes “AGAINST.” Abstentions and broker non-votes shall not constitute votes “FOR” or votes “AGAINST.”

What is an abstention?

An abstention is a properly signed proxy card which is marked “abstain.”

What is a broker “non-vote”?

A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under current applicable rules, Proposal 2 is a “discretionary” item upon which New York Stock Exchange member brokerage firms that hold shares as nominee may vote on behalf of the beneficial owners if such beneficial owners have not furnished voting instructions by the tenth day before the Annual Meeting.

However, New York Stock Exchange member brokerage firms that hold shares as nominee may not vote on behalf of the beneficial owners on the following proposals unless you provide voting instructions: Proposal 1, the election of directors and Proposal 3, the say-on-pay proposal. Therefore, if your shares are held by such nominee, please instruct your broker regarding how to vote your shares on each of these proposals. This will ensure that your shares are counted with respect to each of these proposals.

Will any other matters be acted on at the Annual Meeting?

If any other matters are properly presented at the Annual Meeting or any adjournment, the persons named in the proxy will have discretion to vote on those matters. As of April 8, 2015, which is the date by which any proposal for consideration at the Annual Meeting submitted by a shareholder must have been received by the Company to be presented at the Annual Meeting, and as of the date of this Proxy Statement, we did not know of any other matters to be presented at the Annual Meeting.

Who pays for this proxy solicitation?

The Company will pay the expenses of soliciting proxies. In addition to solicitation by mail, proxies may be solicited in person or by telephone or other means by directors or associates of the Company. The Company has engaged D.F. King & Co., Inc., for a fee to be determined, to assist in the solicitation of proxies. The Company will reimburse brokerage firms and other nominees, custodians and fiduciaries for costs incurred by them in mailing proxy materials to the beneficial owners of shares held of record by such persons.

Whom should I call with other questions?

If you have additional questions about this Proxy Statement or the Annual Meeting or would like additional copies of this document or our 2014 Annual Report on Form 10-K, please contact: Bed Bath & Beyond Inc., 650 Liberty Avenue, Union, NJ 07083, Attention: Investor Relations Dept., Telephone: (908) 688-0888.

Each director of the Company attended more than 75% of the total number of meetings of the Board of Directors and committees on which he or she served. - (3) Fifty percent of this director fee was paid in shares of common stock of the Company pursuant to the Bed Bath & Beyond Plan to Pay Directors Fees in Stock and the number of shares was determined (in accordance with the terms of such plan) as described in footnote (1).

Director Independence

The Board of Directors, upon the advice of the Nominating and Corporate Governance Committee, has determined that Mses. Elliott and Morrison and Messrs. Adler, Barshay, Eppler, Gaston and Heller each are "independent directors" under the independence standards set forth in NASDAQ Listing Rule 5605(a)(2). This determination was based on the fact that each of these directors is not an executive officer or employee of the Company or has any other relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The Board of Directors' independence determination is analyzed annually in both fact and appearance to promote arms-length oversight. In making its independence determination this year, the Board of Directors considered relationships and transactions since the beginning of its 2014 fiscal year. The Board of Directors' independence determinations included reviewing the following relationships, and a determination that the relationships and the amounts involved, in each case, were immaterial.

- Mr. Eppler is a (non-equity) pensioned partner of Proskauer Rose LLP. In 2001, he ceased active partnership with responsibilities for clients. The firm receives fees for legal services from the Company which represented a fraction of 1% of the revenues of Proskauer Rose LLP.
- Mr. Adler is a principal or executive officer of several private equity funds, each with broad commercial real estate holdings. Several funds have among their investments interests in entities which hold retail properties, and portions of two such properties are under lease to the Company or subsidiaries for the operation of four of the over 1,500 stores operated by the Company. The interests of these funds in the rentals from the four stores represented a fraction of 1% of the rental income of the funds of which Mr. Adler is a principal or executive officer. In addition, Messrs. Eisenberg and Feinstein, the Company's Co-Chairmen, have as part of their overall investment strategy investments in family limited partnerships, which partnerships hold passive interests in certain of such funds representing between approximately 1% and 3% of the interests of such funds.
- Ms. Elliott previously served as an executive of Juniper Networks, which provides network services to a significant number of companies around the world, including the Company, which obtains such services on terms and pricing generally available to Juniper customers. Ms. Elliott retired from Juniper in 2014. Ms. Elliott is also a member of the Board of Directors of Whirlpool Corporation, which manufactures a wide array of kitchen and other products, some of which are purchased by the Company at market rates for resale in the ordinary course of business.
- The Company leases 15 stores (or less than 1% of the Company's total stores) from Equity One, Inc. (or its affiliates), on whose Board of Directors Mr. Heller serves. The rental income from these stores represents approximately 2.2% of the total annual minimum rent received by Equity One.

As the Board determined, in each case, that the relationships and the amounts involved were immaterial, the Board does not believe that the relationships or transactions might reasonably impair the ability of the directors to act in the shareholders' best interests.

Information about Committees of the Board; Compensation Committee Interlocks and Insider Participation

All members of the Audit, Compensation and Nominating and Corporate Governance Committees are considered independent pursuant to applicable Securities and Exchange Commission ("SEC") and NASDAQ rules. None of the members of the Compensation Committee was (i) during fiscal 2014, an officer or employee of the Company or any of its subsidiaries or (ii) formerly an officer of the Company or any of its subsidiaries.

None of our executive officers currently serves, or in fiscal 2014 has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Leadership Structure

Messrs. Eisenberg, Feinstein and Temares function together as the senior leaders of the Company. Since Messrs. Eisenberg, Feinstein and Temares are not “independent directors” within the meaning of NASDAQ Listing Rule 5605(a)(2), the Board of Directors appointed an independent director to serve as the outside Lead Director. Mr. Eppler has served as the outside Lead Director since 2002. The general authority and responsibilities of the outside Lead Director are established by the Board of Directors. In that capacity, Mr. Eppler presides at all executive sessions of the independent directors, has the authority to call meetings of the independent directors, acts as a liaison between the members of the Board and management, functions as Secretary of the Board (including with respect to the proposal and maintenance of Board agendas and schedules for meetings), arranges for Board committee functions and acts as Secretary of Board committees and receives communications from the Company’s shareholders.

Director Qualifications

The Board has adopted a policy regarding specific, minimum qualifications for potential directors. These factors, and others as considered useful by the Board and the Nominating and Corporate Governance Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. The Company’s policies regarding director qualifications and skills are included on the Company’s website at www.bedbathandbeyond.com under the Investor Relations section.

Qualified candidates for membership on the Board will be considered without regard to race, color, creed, religion, national origin, age, gender, sexual orientation or disability. The Nominating and Corporate Governance Committee reviews and evaluates each candidate’s character, judgment, skills (including financial literacy), background, experience and other qualifications (without regard to whether a nominee has been recommended by the Company’s shareholders), as well as the overall composition of the Board, and recommends to the Board for its approval the slate of directors to be nominated for election at the annual meeting of the Company’s shareholders. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Committee believes that it is desirable that Board members represent a diversity of backgrounds, including gender and race, as well as diversity of viewpoints and experience.

Board Committees

Our Board of Directors has standing Audit, Compensation and Nominating and Corporate Governance Committees. Information about each of these Committees follows.

Audit Committee

The function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by (i) overseeing the Company’s accounting and financial reporting processes and the audits of the Company’s financial statements, and (ii) reviewing the financial reports and other financial information provided by the Company to the public. In addition, the functions of this Committee have included, among other things, recommending to the Board the engagement or discharge of independent auditors, discussing with the auditors their review of the Company’s quarterly results and the results of their annual audit and reviewing the Company’s internal accounting controls.

The Audit Committee held eight meetings during fiscal 2014. The current members of the Committee are Messrs. Barshay, Gaston and Heller. The Board of Directors has determined that Mr. Heller is an “audit committee financial expert” as defined in Item 407(d)(5)(ii) of Regulation S-K, and all of the members of the Committee meet the applicable independence standards for audit committee members in NASDAQ Listing Rule 5605(c)(2)(A).

Compensation Committee

The function of the Compensation Committee is to assist the Board of Directors by (i) considering and determining all matters relating to the compensation of the Company’s Co-Chairmen, Chief Executive Officer and other executive officers (as defined in Rule 3b-2 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), and such other key executives as the Committee shall determine; (ii) administering and functioning as the Committee that is authorized to make grants and awards of equity compensation to executive officers and such other key executives as the Committee shall determine under the Company’s equity compensation plans; and (iii) reviewing and reporting to the Board on such other matters as may be appropriately delegated by the Board for the Committee’s consideration.

The Committee has the authority to engage consultants and other advisors.

The Compensation Committee held six meetings during fiscal 2014. The current members of the Compensation Committee are Messrs. Adler and Barshay and Ms. Morrison. All of the members of the Committee meet the NASDAQ independence requirements, the “non-employee directors” requirements under applicable SEC rules and the “outside directors” requirements for purposes of applicable tax law.

Nominating and Corporate Governance Committee

The function of the Nominating and Corporate Governance Committee is to assist the Board of Directors by (i) reviewing and recommending changes in certain policies regarding the nomination of directors to the Board for its approval; (ii) identifying individuals qualified to become directors; (iii) evaluating and recommending for the Board’s selection nominees to fill positions on the Board; and (iv) recommending changes in the Company’s corporate governance policies to the Board for its approval. The Committee also oversees Board and management succession planning. The Committee’s policy is to identify potential nominees based on properly submitted suggestions from any source and has established procedures to do so. In addition, the Board may determine that it requires a director with a particular expertise or qualification and will actively recruit such a candidate. The Nominating and Corporate Governance Committee also has the authority to retain third party search firms to evaluate or assist in identifying or evaluating potential nominees. Shareholders wishing to propose a director candidate for nomination must provide timely notice of such nomination in accordance with the Company’s Amended By-laws. The Nominating and Corporate Governance Committee held two meetings during fiscal 2014. The current members of the Committee are Messrs. Adler and Eppler and Ms. Morrison.

A complete copy of the charter of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, as well as the Company's policies on director attendance at the Annual Meeting and how shareholders can communicate with the Board of Directors, are available in the Investor Relations section of the Company's website at www.bedbathandbeyond.com.

The Company maintains directors and officers indemnification insurance coverage. This insurance covers directors and officers individually where exposures exist other than those for which the Company is able to provide indemnification. This coverage is from June 1, 2014 through June 1, 2015, at a total cost of approximately \$261,000. The primary carrier is Arch Insurance Company. Although no assurances can be provided, the Company intends to obtain similar coverage from June 1, 2015 through June 1, 2016.

Management regularly reports to the Board of Directors with respect to compliance and risk management matters through a formal risk management process and committee. The committee, which consists of a number of key executives, meets with executives of each principal business function to identify and assess the significant risks in each such business function's areas of responsibility, then analyzes what risk mitigation efforts are or should be in place to eliminate or minimize such risks to acceptable levels.

RATIFICATION OF APPOINTMENT OF AUDITORS (PROPOSAL 2)

Who has been appointed as the Auditors?

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. The Audit Committee has appointed KPMG LLP to serve as our independent auditors for fiscal 2015, subject to ratification by our shareholders. The Company's auditors have been KPMG LLP for every year that it has been a public company. The Audit Committee and the Board of Directors believe that the continued retention of KPMG LLP as our independent registered public accounting firm is in the best interest of the Company and our shareholders.

Representatives of KPMG LLP will be present at the Annual Meeting to answer questions. They will also have the opportunity to make a statement if they desire to do so. If the proposal to ratify their appointment is not approved, other certified public accountants will be considered by the Audit Committee. Even if the proposal is approved, the Audit Committee, in its discretion, may direct the appointment of new independent auditors at any time during the year if it believes that such a change would be in the best interest of the Company and its shareholders.

What were the fees incurred by the Company for professional services rendered by and products purchased from KPMG LLP?

The Audit Committee is responsible for the approval of the audit fee associated with the Company's retention of KPMG LLP. The fees incurred by the Company for professional services rendered by and products purchased from KPMG LLP for fiscal 2014 and the fiscal year ended March 1, 2014 ("fiscal 2013") were as follows:

	2014	2013
Audit Fees	\$ 1,214,000	\$ 1,214,000
Audit-Related Fees	86,000	—
Tax Fees	81,000	210,000
All Other Fees	3,000	3,000
	\$ 1,384,000	\$ 1,427,000

In fiscal 2014 and fiscal 2013, in accordance with the SEC's definitions and rules, "audit fees" included fees associated with the annual audit of the Company's financial statements, the assessment of the Company's internal control over financial reporting as integrated with the annual audit of the Company's financial statements and the quarterly reviews of the financial statements included in its Form 10-Q filings. In fiscal 2014, "audit-related fees" included fees for procedures required due to a Form S-3 registration statement and for a review of the accounting for the accelerated share repurchase program. In fiscal 2014 and fiscal 2013, "tax fees" included fees associated with tax planning, tax compliance (including review of tax returns) and tax advice (including tax audit assistance). The Audit Committee has concluded that the provision of the foregoing services is compatible with maintaining KPMG LLP's independence. In addition to fees for audit and non-audit services, in fiscal 2014 and 2013, the Company paid a subscription fee for a KPMG sponsored research product, reflected above in the "all other fees."

In accordance with the Audit Committee charter, the Audit Committee must pre-approve all audit and non-audit services provided to the Company by its outside auditor. To the extent permitted by applicable laws, regulations and NASDAQ rules, the Committee may delegate pre-approval of audit and non-audit services to one or more members of the Committee. Such member(s) must then report to the full Committee at its next scheduled meeting if such member(s) pre-approved any audit or non-audit services.

In fiscal 2014 and fiscal 2013, all (100%) audit and non-audit services were pre-approved in accordance with the Audit Committee charter.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS INDEPENDENT AUDITORS FOR FISCAL 2015.

AUDIT COMMITTEE REPORT

The Board of Directors has determined that the membership of the Audit Committee meets the SEC and NASDAQ independence and experience requirements. The Board of Directors has also determined that Mr. Heller qualifies as an “audit committee financial expert.”

The Audit Committee discussed the auditors’ review of quarterly financial information with the auditors prior to the release of that information and the filing of the Company’s quarterly reports with the SEC; the Audit Committee also met and held discussions with management and the independent auditors with respect to the audited year-end financial statements.

Further, the Audit Committee discussed with the independent auditors the matters required to be discussed by the Public Company Accounting Oversight Board Auditing Standard No. 16, “Communications with Audit Committees,” received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence and discussed with the auditors the auditors’ independence. The Committee also discussed with the auditors and the Company’s financial management matters related to the Company’s internal control over financial reporting. Based on these discussions and the written disclosures received from the independent auditors, the Committee recommended that the Board of Directors include the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended February 28, 2015, filed with the SEC on April 28, 2015.

This audit committee report is not deemed filed under the Securities Act of 1933 or the Securities Exchange Act of 1934 and is not incorporated by reference into any filings that the Company may make with the SEC.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (PROPOSAL 3)

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, the Company is providing its shareholders the opportunity to cast an advisory vote on the compensation of its named executive officers for fiscal 2014. This proposal, commonly known as a “say-on-pay” proposal, gives the Company’s shareholders the opportunity to express their views on named executive officers’ compensation.

As described in detail in the Compensation Discussion and Analysis section of this Proxy Statement below, the primary objectives of the Company’s executive officer compensation program are to:

- align rewards with performance that creates shareholder value;
- support the Company’s strong team orientation;
- attract additional talented executives as required, and encourage high-potential team players to build a career at the Company; and
- provide financial rewards and incentives that are competitive with other organizations and fair to employees and shareholders.

The Company seeks to accomplish these goals in a manner that is aligned with the long-term interests of the Company’s shareholders. The Company believes that its executive officer compensation program for fiscal 2014, with its emphasis on both short and long-term equity awards and performance-based compensation, is appropriate and generally aligned with approaches adopted by many leading U.S. companies.

For these reasons, the Board of Directors recommends a vote in favor of the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers for fiscal 2014, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

This proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company’s executive officer compensation program, values the opinions expressed by shareholders in the Compensation Committee’s ongoing engagement, discussed below, and considers the views provided by shareholders when making future compensation decisions for named executive officers. The affirmative vote of the holders of a majority of the votes cast by our shareholders in person or represented by proxy and entitled to vote is required to approve this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS FOR FISCAL 2014 AS DISCLOSED IN THIS PROXY STATEMENT.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of our compensation programs as they apply to the Company's principal executive officer, the principal financial officer, and the five most highly compensated executive officers of the Company (other than its principal executive officer and principal financial officer) for fiscal 2014 ("named executive officers") whose compensation information is presented in the Summary Compensation Table and other tables following this discussion and analysis.

Compensation Committee Objectives

Our compensation programs are determined by the Compensation Committee of the Board of Directors. The Compensation Committee's principal objective is to develop and implement compensation policies that align the compensation of our executives with the Company's performance and enhance shareholder value, while at the same time retaining an executive team that drives the success of the Company. The Company believes that a key factor in its success to date has been the stability of its executive team. To that end, the Company's policy is to seek, whenever possible, at all levels, to promote from within and to compensate executives in a manner designed to promote the long-term success of the organization. This policy has enabled the Company to develop an executive team with deep knowledge of the Company and the retail industry.

The Company's compensation programs do not include annual cash bonuses and allocate the majority of each executive's compensation to long-term performance-based equity (consisting of performance stock units and stock options, which are dependent on the Company's performance and/or an increase in shareholder value). The Compensation Committee believes that the goal of these programs aligns compensation with the Company's and shareholders' goal of incenting management to continue to enhance shareholder value.

Changes in Executive Compensation Program for 2014

In preparation for determining the 2014 compensation programs for the named executive officers, members of the Compensation Committee and members of the Nominating and Corporate Governance Committee, together with members of management, discussed various compensation and governance matters with the Company's shareholders over the course of the year following the Company's 2013 Annual Meeting of Shareholders. The Company engaged in this shareholder outreach program to exchange commentary and ideas on the Company's compensation program and to receive feedback that would be considered when making future compensation and governance decisions. This engagement group contacted holders of approximately 56% of the Company's outstanding shares and Compensation Committee members, together with members of management, met or spoke with holders of approximately 34% of outstanding shares. During this outreach, management spoke with shareholders representing approximately 18% of outstanding shares who indicated no current interest in engagement, and approximately 4% of outstanding shares did not respond.

Following this outreach program and discussions with the full Board of Directors, the Company significantly redesigned its 2014 equity incentive program for the named executive officers, with a view toward further strengthening the direct link between pay and performance and providing performance metrics that are fundamental to the business and aligning with shareholder value creation.

In creating the new compensation structure, the Compensation Committee also considered the Company's strategy, which includes a focus on current performance while at the same time making long-term investments to capitalize on opportunities presented by the rapidly changing retail landscape, such as those related to advancements in technology.

Consequently, the Compensation Committee determined to significantly revise its compensation program. The features of the program for fiscal 2014 include the following:

- A revised performance-based equity plan with the following components:

- One-year performance test based upon Earnings Before Interest and Taxes (EBIT) margin relative to a retail industry peer group, which awards vest in three equal annual installments from date of grant. The Compensation Committee believed it appropriate to set a target based upon EBIT margin when compared to a retail industry peer group, to incentivize continued operational and fiscal discipline as management executes against the Company's strategic goals.
 - Three-year performance test based upon Return on Invested Capital (ROIC) relative to a retail industry peer group, which awards vest four years after grant. The Compensation Committee believed that, as a relative measure compared to a retail industry peer group, ROIC over a three-year period provides a suitable metric to measure how the Company's investments are returning value to the enterprise.
- Awards of stock options, which are intended to be valued at no more than one-third of total performance-based equity, and vest over a five-year period (three years for the Co-Chairmen). The Compensation Committee believed stock options provide further incentives aligned with the long-term interests of shareholders.
- Awards of performance-based equity (in the form of performance stock units and stock options) which represents 79% of the Chief Executive Officer's cash and equity compensation for 2014, and the majority of cash and equity compensation for the other named executive officers.
- No increase in base salary for the Company's Chief Executive Officer or Co-Chairmen. The Company also maintained its practice of not awarding cash bonuses.

In addition, the Board of Directors adopted the following:

- Stock ownership guidelines that require the Company's Chief Executive Officer and each outside director to hold the Company's common stock with a value of at least \$6,000,000 and \$300,000, respectively.
- Restrictions on engaging in hedging transactions involving the Company's common stock and on pledging such common stock, in each case, by the Company's directors and executive officers.

The Compensation Committee believes that a combination of a performance metric requiring fiscal discipline in the relative short term (one-year period) with a vesting period that extends over three years, and a performance metric that measures the return on the investments being made to address a rapidly changing industry over a three-year period with vesting following the fourth year, together with stock options vesting over three or five years, appropriately aligns the compensation program with both the short- and long-term interests of the Company's shareholders.

These changes are reflective of, and responsive to, the Company's strategy (which balances the requirements of prudent management in the relative short term with the necessity for significant investment focused on the longer term), shareholder input, and the Compensation Committee's objectives.

Methodology for Determining Executive Compensation

In making its determinations with respect to executive compensation, the Compensation Committee has engaged the services of a compensation consultant pursuant to its charter. In connection with making its determinations regarding executive compensation for fiscal 2014 and for several prior years, the Compensation Committee retained Arthur J. Gallagher & Co. Human Resources & Compensation Consulting Practice ("Gallagher") or its predecessor to conduct a compensation review for the named executive officers and certain other executives. Gallagher has not served the Company in any other capacity except as consultants to the Compensation Committee. Both the Compensation and the Nominating and Corporate Governance Committees also receive advice and assistance from the law firm of Chadbourne & Parke LLP, which has acted as counsel only to the Company's independent directors and its Board committees. The Compensation Committee has assessed the independence of Gallagher and Chadbourne & Parke LLP pursuant to the SEC rules and concluded that no conflict of interest exists that will prevent them from being independent advisors to the Compensation Committee.

The Compensation Committee charter, which describes the Compensation Committee's function, responsibilities and duties, is available on the Company's website at www.bedbathandbeyond.com under the Investor Relations section. The Compensation Committee consists of three members of our Board of Directors: Ms. Morrison and Messrs. Adler and Barshay, all of whom are "independent" as defined by the NASDAQ listing standards and the applicable tax and securities rules and regulations. The Compensation Committee meets on a regular basis for various reasons as outlined in its charter.

Under the direction of the Compensation Committee, the compensation review included a peer group competitive market review of executive compensation and total compensation recommendations by Gallagher. The peer group developed by Gallagher, agreed upon by the Compensation Committee and upon which it based its recommendations for fiscal 2014 compensation, consisted of 19 retail companies of a size range based on revenue and net income relatively closely aligned with the Company's revenue and net income, all of them in the retail industry.

The size of the peer group was reduced from the 23 companies used in fiscal 2013. Six companies were dropped from the peer group on the recommendation of Gallagher for either one of two reasons: negative net income and severe financial stress or revenue that was less than half of the Company's revenue. These companies were Barnes & Noble, Inc., J.C. Penney Company, Inc., DSW Inc., Pier 1 Imports, Inc., Saks Incorporated, and Williams-Sonoma, Inc. Positive net income and comparable annual revenue are two important factors in determining the Company's peer group. Two companies were added – Dollar General Corporation and Staples, Inc. – as their financial and business characteristics were compatible with the peer group design.

The resulting 19 company peer group consisted of the following companies at the time of the analysis:

Advance Auto Parts, Inc.	L Brands, Inc.
AutoZone, Inc.	Macy's, Inc.
Dick's Sporting Goods, Inc.	Nordstrom, Inc.
Dillard's, Inc.	O'Reilly Automotive, Inc.

Dollar General Corporation	PetSmart, Inc.
Family Dollar Stores, Inc.	Ross Stores, Inc.
Foot Locker, Inc.	Staples, Inc.
GameStop Corp.	Starbucks Corporation
The Gap, Inc.	The TJX Companies, Inc.
Kohl's Corporation	

The methodology used by Gallagher also included reviewing available data based on the Company's industry, revenue size and financial performance. The peer group analyses prepared by Gallagher used public company proxy statements, third party industry compensation surveys and other publicly available information.

At the request of the Compensation Committee, Gallagher conducted a compensation review for all executive officers, including the named executive officers, and for certain other key executives. Gallagher benchmarked the named executive officers' total compensation and separately their cash compensation against data from the 19 company peer group. Gallagher also assisted the Compensation Committee in determining the provisions, including the targets, for the one-year and three-year performance tests. With respect to the grants of the performance stock units, the Compensation Committee, with assistance from Gallagher, adopted a wider peer group of 50 retail companies against which performance tests based on EBIT margin for its one-year test were, and ROIC for its three-year test will be measured. This larger peer group includes the 19 company benchmarking peer group described above and was created to establish a larger, more stable statistical base over the duration of the performance periods.

The compensation approved by the Compensation Committee for each of Messrs. Eisenberg, Feinstein and Temares for fiscal 2014 was determined by the Compensation Committee taking into account recommendations of and certain data received from Gallagher and, in the case of Mr. Temares, the recommendations of the Co-Chairmen (also co-founders). The compensation approved by the Compensation Committee for the named executive officers for fiscal 2014, other than the Co-Chairmen and Mr. Temares, was determined by the Compensation Committee, taking into account the recommendations of the Co-Chairmen, Chief Executive Officer and Gallagher and data the Compensation Committee requested from Gallagher. No executive was present during voting or deliberations with respect to matters relating to such executive's compensation.

Based on the recommendations and data from Gallagher, and in light of the Company's financial results for fiscal 2013, the growth in the size and scope of the Company, its relative performance in its industry and other factors, the Compensation Committee determined that the named executive officers of the Company should receive the total compensation packages for fiscal 2014, further described below.

Elements of Compensation

The Company seeks to provide total compensation packages to its associates, including its named executive officers, which implement its compensation philosophy. As noted above, the Company places greater emphasis in the compensation packages for named executive officers on equity incentive compensation rather than cash compensation in order to align compensation more closely with performance results and the creation of shareholder value. In practice, the Company does not award annual cash bonuses, as it believes such bonuses lead to a more short-term focus and decision making that could negatively impact the long-term success of the Company.

The components of the Company's compensation programs for its executive officers and certain other key executives are base salary, equity compensation (consisting of awards of performance stock units and stock options), retirement and other benefits (consisting of health plans, a limited 401(k) plan match and a nonqualified deferred compensation plan) and perquisites. Consistent with prior practice and the Company's culture, the Company does not provide perquisites such as club memberships, company planes or retreats. For those perquisites provided, see the footnotes to the "Summary Compensation Table" below.

Base Salary

The Company pays base salaries to provide its named executive officers with current, regular compensation that is appropriate for their position, experience and responsibilities. Changes in base salary, if any, are generally effective in May of each fiscal year. The Company believes that total cash compensation levels for its named executive officers are within market range taking into consideration that the Company does not pay annual cash bonuses.

Equity Compensation

Performance Stock Units (PSUs)

In early fiscal 2014, the Company significantly redesigned its equity incentive program for its named executive officers and certain other key executives with a view toward creating an enhanced link between pay and performance, providing performance metrics fundamental to the business, and aligning with shareholder value creation. The redesigned program eliminated the prior performance test and created a new framework consisting of a one-year performance test based on EBIT margin relative to a peer group and a three-year performance test based on ROIC relative to such peer group. Payouts under the performance tests are contingent upon achievement of various levels of EBIT margin and ROIC as well as the continued performance of services by the executives. The awards are in the form of PSUs, of which 75% of the PSUs are subject to the one-year goal and 25% are subject to the three-year goal. The Compensation Committee believed it appropriate to set a target based upon EBIT margin when compared to a retail industry peer group, to incentivize continued operational and fiscal discipline as management executes against the Company's strategic goals. The Compensation Committee also believed that, as a relative measure compared to a retail industry peer group, ROIC over a three-year period provides a suitable metric to measure how the Company's investments are returning value to the enterprise.

The following table sets forth the achievement ranges for the one-year relative EBIT margin goal and the three-year relative ROIC goal, together with the associated payout percentages. As shown in the table, the awards range from a floor of zero to a cap of 150% of target achievement:

PSUs Subject to One-Year Goal Relative EBIT Margin		PSUs Subject to Three-Year Goal Relative ROIC	
Achievement Percentage (% of Peer Group Average)	Payment Percentage of Common Stock Underlying PSUs	Achievement Percentage (% of Peer Group Average)	Payment Percentage of Common Stock Underlying PSUs
200% or Greater	150%	180% or Greater	150%
185-199%	110%	165-179%	110%
125-184%	100%	80-164%	100%
100-124%	90%	70-79%	90%
80-99%	75%	60-69%	75%
70-79%	50%	50-59%	50%
60-69%	25%	40-49%	25%
<60%	0%	<40%	0%

The metrics with respect to each peer group member necessary to measure the performance criteria are based on data reported in the S&P Capital IQ Database to the extent publicly available, and to the extent such data is not publicly available, are based on information otherwise publicly available, including without limitation information contained within the applicable peer group member's publicly filed financial statements. Only information and financial statements of a peer group member filed in the performance period prior to the Company's filing of its Form 10-K for the applicable performance period is used in calculating peer group member performance. For peer group members that are headquartered outside of the United States or that have shares listed on an exchange outside of the United States, any reference hereunder to Form 10-K shall be deemed to refer to the peer group member's Form 10-K equivalent filing in the applicable jurisdiction. Therefore, the achievement percentage (percent of peer group average) for fiscal 2014 was determined based on the above-described information made available by the peer group companies through April 28, 2015.

The PSUs are not transferable, cannot be pledged, assigned or otherwise disposed of and are subject to the terms of the Company's 2012 Incentive Compensation Plan. Awards vest in accordance with the following, assuming achievement of the applicable performance-based test:

Vesting Date	Percentage Vested Subject to One-Year Goal	Percentage Vested Subject to Three-Year Goal
1st Anniversary of Grant Date	33.33%	N/A
2nd Anniversary of Grant Date	33.33%	N/A
3rd Anniversary of Grant Date	33.34%	N/A
4th Anniversary of Grant Date	N/A	100%

The overall approach to equity compensation in fiscal 2014 for all executive officers, including the named executive officers, and for certain other executives was to combine the performance-based PSU awards with stock options. In determining the allocation between these two forms of equity awards, the Company considered the retention component and the role of the executive in the enhancement of shareholder value. For fiscal 2014, the Company allocated at least two-thirds of the value of equity compensation granted to all executive officers, including the named executive officers, to PSU awards and no greater than one-third of such value to stock option awards. The vesting provisions relating to equity compensation have been and continue to be determined with a principal purpose of retaining the Company's executives and key associates. The Company believes its redesigned equity compensation program will promote the long-term retention of its executives and key associates including its named executive officers and in large measure directly align compensation of its named executive officers with Company performance.

The Company believes that the performance-based tests, described above, meet the standard for performance-based compensation under Section 162(m) of the Code, so that the PSU awards are intended to be deductible compensation by the Company for certain executives if their annual compensation exceeds \$1 million. The Compensation Committee believes that this test is an appropriate measure of performance for companies in the retail industry and, specifically, for companies in the Company's sector.

Stock Options

Consistent with the Company's practice since fiscal 2008, stock option awards are made in dollars (with the number of shares covered by the options determined by dividing the dollar amount of the grant by the Stock Option Fair Value, as described below). The Compensation Committee believes that making stock option awards in dollar amounts rather than share amounts is advisable because making stock option awards in dollar amounts allows the Compensation Committee to align stock option awards with the value of the option grants. Awarding stock options in a fixed dollar amount also enables the Compensation Committee to more readily evaluate appropriate aggregate compensation amounts and percentage increases or decreases for executives, in comparison to making stock option awards in share amounts (the value of which varies depending on the trading price of the Company's stock and other factors). In making the awards, the Compensation Committee considered the fair value of these options on the date of grant determined in accordance with Accounting Standards Codification Topic No. 718, "Compensation - Stock Compensation" (the "Stock Option Fair Value").

Consistent with the Company's historic practice, the stock options vest over time, subject, in general, to the named executive officers remaining in the Company's service on specified vesting dates.

Time Vested Restricted Stock

All executives (other than named executive officers and other key executives whose compensation is determined by the Compensation Committee) and associates awarded incentive compensation receive grants consisting solely of restricted stock. Vesting of restricted stock awarded to these associates is based solely on time vesting with no performance-based test.

All 2014 awards of equity compensation were made under the Company's 2012 Incentive Compensation Plan approved by the Company's shareholders, which is the only equity incentive plan under which the Company can currently make awards of equity compensation.

Senior Executive Compensation

The Compensation Committee reviews the compensation packages for the Chief Executive Officer, the other named executive officers and the other senior executives believed to be the most important and influential in determining the continued success of the Company.

In the spring of 2014, when the Compensation Committee made its determinations relating to executive compensation for the Company's named executive officers for fiscal 2014, the Compensation Committee took into account, among other things, the following:

- the Company's net earnings per diluted share had increased to \$4.79 for fiscal 2013 from \$4.56 in the prior year;
- the Company had returned approximately \$1.284 billion to shareholders through share repurchases in fiscal year 2013; and
- the Company had made capital expenditures exceeding \$300 million in fiscal 2013, including principally for the Company's omnichannel expansion, and operated approximately 1,500 stores.

For fiscal 2014, Chief Executive Officer Steven Temares' total compensation, as presented in the Summary Compensation Table, decreased slightly when compared to fiscal 2013, with a shift in the mix of compensation components toward performance-based equity. Mr. Temares did not receive an increase in his base salary from fiscal 2013 to 2014, which remained at \$3,967,500, and which represented his entire cash compensation since the Company does not pay cash bonuses. Cash compensation for fiscal 2014 represented 21% of Mr. Temares' total compensation.

Equity awards to Mr. Temares for fiscal 2014 consisted of \$9,712,323 of PSUs (representing 155,796 PSUs) and \$4,856,147 of stock options (representing 231,682 options). Approximately 79% of Mr. Temares' cash and equity compensation for fiscal 2014 was dependent on Company performance and/or an increase in shareholder value.

The Board also adopted stock ownership guidelines for the Company's Chief Executive Officer in 2014 requiring the Chief Executive Officer to hold Company stock with a value of at least \$6,000,000. The Compensation Committee noted that this amount in total dollar value was commensurate with the chief executive officer ownership requirement compared to the Company's peer group. As of May 6, 2015, Mr. Temares held approximately \$39.4 million in stock, which is well in excess of the minimum \$6,000,000 requirement.

For fiscal 2014, the base salaries for the Co-Chairmen did not increase and remained at \$1,100,000 each, the same as they were for the previous eight years. Equity awards in 2014 for the Co-Chairmen did not increase and have remained in the same amount as they were for the previous three years (rounded to the next full share). The base salaries and equity awards of the other named executive officers increased based upon several factors including increased responsibilities and individual performance.

The stock options granted to the Chief Executive Officer and the other named executive officers vest in five equal annual installments, while the stock options awarded to the Co-Chairmen vest in three equal annual installments. In each case, vesting commences on the first anniversary of the grant date and is also based on continued service to the Company.

In the view of the Compensation Committee, the fiscal 2014 compensation packages for the Chief Executive Officer and for the Co-Chairmen, as well as the other named executive officers, based on the Company's growth and strong financial results in 2013 and based on the results and recommendations of Gallagher's compensation review, were appropriate for a company with the revenues and earnings of the Company.

For further discussion related to equity grants to the named executive officers in fiscal 2014, see "Potential Payments Upon Termination or Change in Control" below.

Fiscal 2015 Chief Executive Officer Compensation

Consistent with 2014, the Compensation Committee did not increase the Chief Executive Officer's base salary in 2015 with such officer receiving only an increase in 2015 equity compensation that was in line with the increase in total compensation for other members of senior management if performance targets are met. This represents two consecutive years with no increase in cash compensation.

Other Benefits

The Company provides the named executive officers with the same benefits offered to all other associates. The cost of these benefits constitutes a small percentage of each named executive officer's total compensation. Key benefits include paid vacation, premiums paid for long-term disability insurance, a matching contribution to the named executive officer's 401(k) plan account, and the payment of a portion of the named executive officer's premiums for healthcare and basic life insurance.

The Company has a nonqualified deferred compensation plan for the benefit of certain highly compensated associates, including the named executive officers. The plan provides that a certain percentage of an associate's contributions may be matched by the Company, subject to certain limitations. This matching contribution will vest over a specified period of time. See the "Nonqualified Deferred Compensation Table" below.

The Company provides the named executive officers with certain perquisites including tax preparation services and car service, in the case of Messrs. Eisenberg and Feinstein, and a car allowance, in the case of all named executive officers, other than Ms. Lattmann. The Compensation Committee believes all such perquisites are reasonable and consistent with its overall objective of attracting and retaining our named executive officers.

See the “All Other Compensation” column in the Summary Compensation Table for further information regarding these benefits and perquisites, and “Potential Payments Upon Termination or Change in Control” below for information regarding termination and change in control payments and benefits.

Other Executive Officer and Director Governance Matters

As a result of the 2014 outreach to and engagement with the Company’s shareholders described above and other feedback, the following governance initiatives were adopted in 2014:

Annual Board and Committee Self-Assessments – The Board of Directors adopted a policy under which the Company’s Board of Directors and its committees conduct a formal self-assessment at least annually.

Limits on Other Board Service – The Board of Directors adopted a policy limiting service by the Company’s directors on other public company boards of directors to no more than two other directorships (in the case of the Company’s Co-Chairmen and Chief Executive Officer) and four other directorships (in the case of the non-executive directors).

Impact of Accounting and Tax Considerations

The Compensation Committee considers the accounting cost associated with equity compensation and the impact of Section 162(m) of the Code, which generally prohibits any publicly held corporation from taking a federal income tax deduction for compensation paid in excess of \$1 million in any taxable year to certain executives, subject to certain exceptions for performance-based compensation. Stock options and performance-based compensation granted to our named executive officers are intended to satisfy the performance-based exception and be deductible. Base salary amounts in excess of \$1 million are not deductible by the Company.

Policy on the Recovery of Incentive Compensation

In fiscal 2009, the Board adopted a policy as part of the Company's corporate governance guidelines on the recovery of incentive compensation, commonly referred to as a "clawback policy," applicable to the Company's named executive officers (as defined under Item 402(a)(3) of Regulation S-K). The policy appears in the Company's Corporate Governance Guidelines, available in the Investor Relations section of the Company's website at www.bedbathandbeyond.com. The Compensation Committee is monitoring the issuance of regulations under the Dodd-Frank Wall Street Reform and Consumer Protection Act relating to incentive compensation recoupment and will amend its policy to the extent necessary to comply with such Act.

2014 Advisory Vote Result and Continued Engagement

While the redesigned equity incentive compensation program and governance changes for fiscal 2014 had been announced prior to the Annual Meeting of Shareholders in July 2014, shareholders were asked to approve the compensation for our named executive officers for the fiscal year ended March 1, 2014, for which period the former, unrevised performance program was in place. Approximately 72% of the shares voted on the say-on-pay proposal for that fiscal year approved the proposal.

Since July 2014, members of the Company's management and Board committees have continued active engagement with shareholders on various governance and compensation matters. The Company has initiated outreach to approximately 61% of the outstanding shares and met with or spoke to shareholders representing approximately 40% of the Company's outstanding shares. The policies described and disclosures made in this Compensation Discussion & Analysis reflect, in part, feedback resulting from this ongoing shareholder engagement.

Conclusion

After careful review and analysis, the Company believes that each element of compensation and the total compensation provided to each of its named executive officers for fiscal 2014 was reasonable and appropriate. The value of the compensation payable to the named executive officers is significantly tied to the Company's performance and the return to its shareholders over time. The Company believes that its compensation programs will allow it to retain the executives who are part of the Company's executive team and attract highly qualified executives when new executives are required.

- (1) Except as otherwise described in this Summary Compensation Table, salaries to named executive officers were paid in cash in fiscal 2014, fiscal 2013 and fiscal 2012, and increases in salary, if any, were effective in May of the fiscal year.
- (2) Due to fiscal 2012 being a 53 week year and the timing of the pay cycles, the fiscal 2012 salary amounts include an additional pay period. Without this additional pay period, fiscal 2012 salaries would have been \$1,100,000 each for Messrs. Eisenberg and Feinstein as their salaries were for the prior six fiscal years and \$3,346,154, \$1,456,924 and \$1,276,923 for Messrs. Temares, Stark and Castagna, respectively.
- (3) The value of stock awards and option awards represents their respective total fair value on the date of grant calculated in accordance with Accounting Standards Codification Topic No. 718, “Compensation — Stock Compensation” (“ASC 718”), without regard to the estimated forfeiture related to service-based vesting conditions. All assumptions made in the valuations are contained and described in footnote 13 to the Company’s financial statements in the Company’s Form 10-K for fiscal 2014. Stock awards and option awards are rounded up to the nearest whole share when converted from dollars to shares. The amounts shown in the table reflect the total fair value on the date of grant and do not necessarily reflect the actual value, if any, that may be realized by the named executive officers.
- (4) The value of stock awards granted in fiscal 2014 consists of performance stock unit (“PSU”) awards. Please see Compensation Discussion and Analysis beginning on page 19 for a description of the PSU awards. The one-year performance-based test for fiscal 2014 was met at the 100% target. The fair value of the PSU awards are reported above at 100% of target, which is the estimated outcome of performance conditions associated with the PSU awards on the grant date. If the Company achieves the highest level of performance for the PSU awards, then the fair value of the PSU awards would be \$2,250,038, \$2,250,038, \$14,568,546, \$2,325,033, \$2,325,033, \$1,125,050 and \$1,950,058 for Mr. Eisenberg, Mr. Feinstein, Mr. Temares, Mr. Stark, Mr. Castagna, Ms. Lattmann and Mr. Fiorilli, respectively. The value of stock awards granted in fiscal years 2013 and 2012 consists of restricted stock. Except as described below, the vesting of restricted stock awards granted in fiscal 2013 and 2012 depends on (i) the Company’s achievement of a performance-based test for the fiscal year of the grant, and (ii) assuming the performance-based test is met, time vesting, subject in general to the executive remaining in the Company’s service on specific vesting dates. The performance-based tests for fiscal 2013 and 2012 were met, and the fair value of such performance-based stock awards are reported above at 100% of target, their maximum value assuming the highest level of performance. The vesting of restricted stock awards granted to Ms. Lattmann in fiscal 2013 and a portion of restricted stock awards granted to Mr. Castagna in fiscal 2013 are based solely on time vesting.
- (5) Salary for Mr. Eisenberg includes a deferral of \$550,000, \$546,504 and \$317,308 for fiscal 2014, 2013 and 2012, respectively, pursuant to the terms of the Company’s nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.
- (6) All Other Compensation for Mr. Eisenberg includes incremental costs to the Company for tax preparation services of \$31,625, \$42,950 and \$29,825, car service of \$79,598, \$77,214 and \$74,906 and car allowance of \$26,612, \$25,325 and \$24,457, and an employer nonqualified deferred compensation plan matching contribution of \$7,800, \$7,650 and \$7,500 for fiscal 2014, 2013 and 2012, respectively.

(7) Salary for Mr. Feinstein includes a deferral of \$550,000, \$550,000 and \$317,308 for fiscal 2014, 2013 and 2012, respectively, pursuant to the terms of the Company's nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.

(8) All Other Compensation for Mr. Feinstein includes incremental costs to the Company for tax preparation services of \$31,625, \$42,950 and \$29,825, car service of \$86,077, \$82,905 and \$80,492 and car allowance of \$34,711, \$30,059 and \$27,208 and an employer nonqualified deferred compensation plan matching contribution of \$7,800, \$7,650 and \$7,500 for fiscal 2014, 2013 and 2012, respectively.

(9) Salary for Mr. Temares includes a deferral of \$40,624, \$36,684 and \$30,923 for fiscal 2014, 2013 and 2012, respectively, pursuant to the terms of the Company's nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.

(10) The change in pension value for fiscal 2014, 2013 and 2012 is an increase in the actuarial present value of the benefits payable under the supplemental executive retirement benefit agreement with Mr. Temares, reflecting increases in salary in fiscal 2013 and 2012, and which is discussed more fully below. There was no cash payment as a result of this increase. See also "Potential Payments Upon Termination or Change in Control—Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann" below.

(11) All Other Compensation for Mr. Temares includes incremental costs to the Company for car allowance of \$16,103, \$15,344 and \$14,702 and employer 401(k) plan and nonqualified deferred compensation plan matching contributions of \$7,725, \$7,649 and \$7,509 for fiscal 2014, 2013 and 2012, respectively.

(12) Salary for Mr. Stark includes a deferral of \$10,639, \$10,937 and \$10,154 for fiscal 2014, 2013 and 2012, respectively, pursuant to the terms of the Company's nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.

(13) All Other Compensation for Mr. Stark includes incremental costs to the Company for car allowance of \$6,995, \$6,702 and \$4,757 and employer 401(k) plan and nonqualified deferred compensation plan matching contributions of \$7,704, \$7,650 and \$7,505 for fiscal 2014, 2013 and 2012, respectively.

(14) Salary for Mr. Castagna includes a deferral of \$166,154, \$141,538 and \$127,692 for fiscal 2014, 2013 and 2012, respectively, pursuant to the terms of the Company's nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.

(15) All Other Compensation for Mr. Castagna includes incremental costs to the Company for car allowance of \$6,203, \$8,766 and \$6,280 and employer 401(k) plan and nonqualified deferred compensation plan matching contributions of \$7,675, \$7,650 and \$7,502 for fiscal 2014, 2013 and 2012, respectively.

(16) Salary for Ms. Lattmann includes a deferral of \$29,594 and \$25,598 for fiscal 2014 and 2013, respectively, pursuant to the terms of the Company's nonqualified deferred compensation plan. Such amount for fiscal 2014 is also reported in the Nonqualified Deferred Compensation Table below.

EMPLOYMENT AGREEMENTS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

There were no amendments to any named executive officer's employment agreement since the Company's 2014 Annual Meeting of Shareholders. Ms. Lattmann entered into an employment agreement which was attached as Exhibit 10.1 to the Company's Report on Form 10-Q filed on October 8, 2014 and is described more fully below.

Messrs. Eisenberg and Feinstein

Messrs. Eisenberg and Feinstein have employment agreements with the Company with terms currently expiring February 25, 2017, or as further extended by mutual agreement. These agreements provide for salaries at the rate of \$800,000 per year which may be increased from time to time by the Company. The current annual salary for each of Messrs. Eisenberg and Feinstein is \$1,100,000. Under these agreements, each of Messrs. Eisenberg and Feinstein may at any time elect senior status (i.e., to be continued to be employed to provide non-line executive consultative services) at an annual salary of the greater of \$400,000 (increased for cost of living adjustments) or 50% of his average salary over the three-year period prior to such election for a period (the "Senior Status Period") of up to ten years from the date of such election. During the Senior Status Period, the executive must provide services at a level of at least 25% of the average level of services the executive performed for the prior 36 month period. During the Senior Status Period, the Company is required to provide to the executive an office at a location specified by the executive, a secretary, car service and car allowance, all on a basis comparable to that which is currently provided to the executive. The agreements contain non-competition, non-solicitation and confidentiality provisions. These provisions generally apply through the term of employment, including the Senior Status Period and any other time when salary payments are required to be made under the agreements. The agreements provide, in addition, for some of Messrs. Eisenberg's and Feinstein's employee benefits to continue during their active employment, their Senior Status Period and during the period of supplemental pension payments. For a complete description of payments due to Messrs. Eisenberg and Feinstein upon termination of their employment with the Company, see "Potential Payments Upon Termination or Change in Control" below.

Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann

Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann have employment agreements with the Company which provide for severance pay and other benefits upon a termination of their employment. For a complete description of payments due to Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann upon termination of their employment with the Company, see "Potential Payments Upon Termination or Change in Control" below. These agreements also provide for non-competition and non-solicitation of the Company's employees during the term of employment and for one year thereafter (two years in the case of Mr. Castagna and Ms. Lattmann), and confidentiality during the term of employment and surviving the end of the term of employment.

Potential Payments Upon Termination or Change in Control

The foregoing employment agreements and certain of the plans in which the executives participate require the Company to pay compensation to the executives if their employment terminates.

The estimated amount of compensation payable to such named executive officers in each termination situation is listed in the table below. The table is presented using an assumed termination date and an assumed change in control date of February 28, 2015, the last day of fiscal 2014 and a price per share of common stock of \$74.66 (the "Per Share Closing Price"), the closing per share price as of February 27, 2015, the last business day of fiscal 2014. Descriptions of the agreements under which such payments would be made follow.

Messrs. Eisenberg and Feinstein

Pursuant to their employment agreements, following the Senior Status Period, Messrs. Eisenberg and Feinstein are each entitled to supplemental pension payments of \$200,000 per year (as adjusted for a cost of living increase) until the death of the survivor of him and his current spouse. The agreements provide, in addition, for some of Messrs. Eisenberg's and Feinstein's employee benefits to continue during their Senior Status Period and during the period of supplemental pension payments or following a termination other than due to "cause" (as defined below). Under the agreements, if Messrs. Eisenberg and Feinstein are terminated without cause or if the executive elects to terminate his employment due to a "constructive termination" (as defined below), the executive shall be paid through the end of the term of employment and the Senior Status Period.

The agreements were amended, effective March 1, 2014, to eliminate the executives' ability to terminate employment for any reason following a change in control and receive change in control severance payments and benefits. The agreements now provide that, following a termination without cause or a constructive termination, in each case, occurring on a change in control of the Company (as defined in the agreements) or within two years following a change in control, each of the executives shall be paid an amount equal to three times salary then in effect, if the written notice is given before the Senior Status Period, or, if during the Senior Status Period, one half of Senior Status Salary for the number of years (including fractions), if any, remaining in the Senior Status Period, payable over such applicable period in accordance with normal payroll practices. The agreements provide that in the event any amounts paid or provided to the executive in connection with a change in control are determined to constitute "excess parachute payments" under Section 280G of the Code which would be subject to the excise tax imposed by Section 4999 of the Code, the payments and benefits due to the executive will be reduced if the reduction would result in a greater amount payable to the executive after taking into account the excise tax imposed by Section 4999 of the Code. The agreements also provide that upon a change in control of the Company, the Company will fund a "rabbi trust" for each of the executives to hold an amount equal to the value of the payments and certain benefits payable to each of the executives upon his termination of employment with the Company. In the event of termination of employment, the executives are under no obligation to seek other employment and there is no reduction in the amount payable to the executive on account of any compensation earned from any subsequent employment. In the event of termination due to death of either of the executives, the executive's estate or beneficiary shall be entitled to his salary for a period of one year following his death and payment of expenses incurred by the executive and not yet reimbursed at the time of death. In the event of termination due to the inability to substantially perform his duties and responsibilities for a period of 180 consecutive days, the executive shall be entitled to his salary for a period of one year following the date of termination (less any amounts received under the Company's benefit plans as a result of such disability). To the extent that any payments under the employment agreements due following the termination of Messrs. Eisenberg and Feinstein are considered to be deferred compensation under Section 409A, such amounts will commence to be paid on the earlier of the six-month anniversary of termination of employment or the executive's death.

Either of the executives may be terminated for cause upon written notice of the Company's intention to terminate his employment for cause, such notice to state in detail the particular act or acts or failure or failures to act that constitute the grounds on which the proposed termination for cause is based. The executives shall have ten days after such notice is given to cure such conduct, to the extent a cure is possible. "Cause" generally means (i) the executive is convicted of a felony involving moral turpitude or (ii) the executive is guilty of willful gross neglect or willful gross misconduct in carrying out his duties under the agreement, resulting, in either case, in material economic harm to the Company, unless the executive believed in good faith that such act or non-act was in the best interests of the Company. "Constructive termination" generally means the executive's election to terminate employment due to (i) a reduction in the executive's salary or a material reduction in the executive's benefits or perquisites (other than as part of any across-the-board action applicable to all executive officers of the Company), (ii) removal from, or failure to reelect the executive to, the position of co-chairman or chairman or as a director, (iii) a material diminution in the executive's duties or the assignment of duties materially inconsistent with the executive's duties or that materially impairs the executive's ability to function as the co-chairman or chairman or (iv) the Company's principal office or the executive's own office location provided by the Company is relocated and, in any case, not timely cured by the Company. In addition, pursuant to their respective restricted stock and performance stock unit agreements, shares of restricted stock and performance stock units granted to Messrs. Eisenberg and Feinstein will vest upon death or disability, or upon a termination of employment without cause or constructive termination, subject to attainment of any applicable performance goals.

In substitution for a split dollar insurance benefit previously provided to such executives, in fiscal 2003, the Company entered into deferred compensation agreements with Messrs. Eisenberg and Feinstein under which the Company is obligated to pay Messrs. Eisenberg and Feinstein \$2,125,000 and \$2,080,000, respectively, in each case payable only on the last day of the first full fiscal year of the Company in which the total compensation of Mr. Eisenberg or Feinstein, as applicable, will not result in the loss of a deduction for such payment pursuant to applicable federal income tax law.

Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann

The agreements with Messrs. Temares, Stark and Fiorilli provide for severance pay equal to three years' salary, and the agreements with Mr. Castagna and Ms. Lattmann provide for severance pay equal to one year's salary, if the Company terminates their employment other than for "cause" (including by reason of death or disability). Additionally, the agreements with Messrs. Temares, Stark, Castagna and Fiorilli provide for one year's severance pay if the executive voluntarily leaves the employ of the Company. Severance pay will be paid in accordance with normal payroll; however, other than for Ms. Lattmann, any amount due prior to the six months after termination of employment will be paid in a lump sum on the date following the six month anniversary of termination of employment. Any severance payable to these executives will be reduced by any monetary compensation earned by them as a result of their employment by another employer or otherwise. "Cause" is defined in the agreements as when the executive has: (i) acted in bad faith or with dishonesty; (ii) willfully failed to follow reasonable and lawful directions of the Company's Chief Executive Officer or the Board of Directors, as applicable; (iii) performed his or her duties with gross negligence; or (iv) been convicted of a felony. Upon a termination of employment by the Company for any reason other than for cause, all unvested options will vest and become exercisable. In addition, pursuant to their respective restricted stock and performance stock agreements, or, in the case of Ms. Lattmann, her employment agreement, shares of restricted stock and performance stock units granted will vest upon death or disability, or upon a termination of employment without cause subject to attainment of any applicable performance goals (except that any restricted stock granted before 2009 will vest upon a termination without cause without regard to the attainment of performance goals). These agreements also provide for non-competition and non-solicitation during the term of employment and for one year thereafter (two years in the case of Mr. Castagna and Ms. Lattmann), and confidentiality during the term of employment and surviving the end of the term of employment.

Mr. Temares has a supplemental executive retirement benefit agreement and a related escrow agreement, under which he is entitled to receive a supplemental retirement benefit on his retirement or other separation from service from the Company. The retirement benefit will be payable in the form of a lump sum equal to the present value of an annual amount equal to 50% of Mr. Temares' annual base salary on the date of termination of employment if such annual amount were paid for a period of 10 years in accordance with the Company's normal payroll practices. Except in the case of Mr. Temares' death (in which case the supplemental retirement benefit will be immediately payable) and the agreement as to escrow, the supplemental retirement benefit will be paid on the first business day following the six month anniversary of Mr. Temares' termination and will be includible in his income for tax purposes at such time.

In the event Mr. Temares elects to retire or voluntarily terminates his employment with the Company, a portion of the supplemental retirement benefit, net of withholdings, will be deposited into an escrow account governed by a separate agreement. No portion of the supplemental retirement benefit will be deposited into the escrow account, however, in the event Mr. Temares dies, is terminated by the Company without cause (as such term is defined in his employment agreement), terminates due to disability, or terminates employment within 12 months following a change of control. In the event Mr. Temares elects to retire or voluntarily terminates his employment with the Company, 1/10 of the lump sum supplemental retirement benefit distribution (net of applicable withholding taxes) will be distributed to Mr. Temares; and 9/10 of the lump sum supplemental retirement benefit distribution (net of applicable withholding taxes) will be deposited into an escrow account to be distributed in nine equal annual installments on each of the following nine anniversaries of the deposit date, subject to acceleration in the case of Mr. Temares' death or a change of control of the Company. The entire escrow account will be distributed to Mr. Temares' beneficiary no later than 30 days following his death or to Mr. Temares no later than 30 days following a change of control of the Company. If Mr. Temares does not comply with the restrictive covenant not to compete with the Company (as described in his employment agreement, for the term of the escrow agreement) prior to the payment of the entire escrow amount, the Company will have the right to direct the escrow agent to pay the remaining escrow amount to the Company no later than 15 days after notice to the escrow agent and Mr. Temares will forfeit any and all rights to such remaining escrow amount. Mr. Temares has agreed that in the event any amount in escrow is forfeited, he will use commercially reasonable efforts to obtain a refund of applicable taxes and remit such refund to the Company and the Company has

agreed to reimburse Mr. Temares, or to pay on his behalf, reasonable legal fees and expenses incurred in connection with such a refund request. Although the amended SERP provides that Mr. Temares will be protected from any impact resulting from the possible application of Section 409A to the terms of the SERP due to the complexities surrounding Section 409A, the Company believes that no such payment will be required.

- (1) Cash severance represents current salary continuation through February 25, 2017.
- (2) In the event of a termination of employment due to death or disability, each of Messrs. Eisenberg and Feinstein (or their respective estates) will receive the same payments as if there was a “Termination Without Cause/Constructive Termination,” except that neither Mr. Eisenberg nor Mr. Feinstein (nor their respective estates) will receive either “Senior Status Salary Continuation” or “Benefit Continuation” payments.
- (3) Represents \$400,000, adjusted for the cost of living increase between June 30, 2000 and June 30, 2014 for the CPI-U for NY, Northern NJ and LI, for 10 years during the Senior Status Period.
- (4) Represents the value of unvested outstanding stock options and restricted stock that would accelerate and vest on a termination occurring on February 28, 2015. In the case of stock options, the value is calculated by multiplying the number of shares underlying each accelerated unvested stock option by the difference between the Per Share Closing Price and the per share exercise price. In the case of restricted stock, the value is calculated by multiplying the number of shares of restricted stock that accelerate and vest by the Per Share Closing Price.
- (5) Represents the value of unvested outstanding performance stock unit (“PSU”) awards that would accelerate and vest on a termination without cause (and, in the cases of Messrs. Eisenberg and Feinstein, upon a termination without cause or constructive termination), subject to attainment of any applicable performance goals and after the Compensation Committee certifies achievement of the applicable performance test. These values represent acceleration of the portion of PSU awards subject to the one-year performance goal at target, which result was reasonably estimable on February 28, 2015 based on assumptions regarding the performance of the peer companies. The portion of PSU awards subject to a three-year performance goal, based on relative performance against the peer companies, was substantially uncertain on February 28, 2015 and is not included. For a more complete discussion of the metrics and method of calculating the applicable performance metrics for PSU awards, please see the discussion of Performance Stock Units in the Equity Compensation section of the Compensation Discussion & Analysis above.

- (6) Represents the estimated present value of continued health and welfare benefits and other perquisites for the life of the executive and his spouse.
- (7) Reflects executives' vested account balances as of February 28, 2015.
- (8) For Messrs. Eisenberg and Feinstein, represents the estimated present value of lifetime supplemental pension payments, commencing six months following the conclusion of the Senior Status Period. For Mr. Temares, present value will be paid out six months following (1) termination without cause or (2) any termination (including voluntary termination) following a change in control.
- (9) This amount will be paid on the last day of the following fiscal year.
- (10) The employment agreements of Messrs. Eisenberg and Feinstein provide that in the event any amounts paid or provided to the executive in connection with a change in control are determined to constitute "excess parachute payments" under Section 280G of the Code which would be subject to the excise tax imposed by Section 4999 of the Code, the payments and benefits due to the executive will be reduced if the reduction would result in a greater amount payable to the executive after taking into account the excise tax imposed by Section 4999 of the Code. However, no reduction of payments and benefits are disclosed above since neither of these executives would have been subject to excise taxes as a result of payments subject to Section 280G of the Code that would have been made in connection with a change in control occurring on February 28, 2015.
- (11) Cash severance represents three times current salary payable over a period of three years following a termination without cause; or, in the cases of Messrs. Eisenberg and Feinstein, following a termination without cause or constructive termination occurring on a change in control or within two years following a change in control.
- (12) In the event of a termination of employment due to death or disability, Mr. Temares (or his estate) will receive the same payments as if there was a "Termination Without Cause."
- (13) Cash severance represents one times current salary payable over a period of one year.
- (14) In the event of a termination of employment due to death or disability, the named executive officer (or the executive's estate) will receive the same payments as if there were a "Termination Without Cause."

The following table sets forth information with respect to stock options granted and performance stock units awarded during fiscal 2014 to each of the named executive officers under the Company's 2012 Incentive Compensation Plan (the "2012 Plan"). (1) Number of shares when converted from dollars to shares, which number is rounded up to the nearest whole share.

(2) The exercise price of option awards is the average of the high and low trading prices of the Company's common stock on the date of grant.

(3) Pursuant to the SEC rules, stock and option awards are valued in accordance with ASC 718. See footnote 3 to the Summary Compensation Table in this Proxy Statement.

Vesting of stock option awards depends on time vesting, subject in general to the executive remaining in the Company's service on specific vesting dates. The options granted in fiscal 2014 to Messrs. Eisenberg and Feinstein vest in three equal installments starting on the first anniversary of the grant date. The options granted in fiscal 2014 to Messrs. Temares, Stark, Castagna and Fiorilli and Ms. Lattmann vest in five equal installments starting on the first anniversary of the grant date. At the time of grant or thereafter, option awards and underlying shares of common

stock are not transferable other than by will or the laws of descent and distribution, except as the Compensation Committee may permit.

Vesting of performance stock unit awards (“PSUs”) depends on (i) the Company’s achievement of a performance-based test during a one-year period from the date of grant and during a three-year period from the date of grant, and (ii) assuming achievement of the performance-based test, time vesting, subject, in general, to the executive remaining in the Company’s service on specified vesting dates. Performance during the one-year period is based on Earnings Before Interest and Taxes (“EBIT”) margin relative to a peer group of the Company comprising 50 companies. Upon achievement of the one-year performance-based test, the corresponding PSUs will vest annually in substantially equal installments over a three year period starting one year from the date of grant. Performance during the three-year period is based on Return on Invested Capital (“ROIC”) relative to such peer group. Upon achievement of the three-year performance-based test, the corresponding PSUs will vest on the fourth anniversary date of grant. The awards based on EBIT margin and ROIC are capped at 150% of target achievement, with a floor of zero. PSUs are converted into shares of common stock upon payment following vesting.

A certain percentage of an employee's contributions may be matched by the Company, subject to certain plan limitations, as more fully described below. The following table provides compensation information for the Company's nonqualified deferred compensation plan for each of the named executive officers for fiscal 2014.

- (2) All amounts reported in this column were also reported in this Proxy Statement in the "All Other Compensation" column of the Summary Compensation Table for the applicable named executive officer.
- (3) Amounts reported in this column represent returns on participant-selected investments.
- (4) Amounts reported in this column that were also reported in previously filed Proxy Statements in the "Salary" or "All Other Compensation" columns of the Summary Compensation Tables for Messrs. Eisenberg, Feinstein, Temares, Stark, Castagna and Fiorilli and Ms. Lattmann were \$2,028,478, \$2,031,974, \$209,482, \$17,780, \$791,259, \$91,012 and \$29,173, respectively.

Under the Company's nonqualified deferred compensation plan, a participant's regular earnings may be deferred at the election of the participant, excluding bonus or incentive compensation, welfare benefits, fringe benefits, noncash remuneration, amounts realized from the sale of stock acquired under a stock option or grant, and moving expenses.

When a participant elects to make a deferral under the plan, the Company credits the account of the participant with a matching contribution equal to fifty percent of the deferral, offset dollar for dollar by any matching contribution that the Company makes to the participant under the Company's 401(k) plan. The payment of this matching contribution is made upon the conclusion of the fiscal year. The maximum matching contribution to be made by the Company to a participant between the Company's nonqualified deferred compensation plan and the Company's 401(k) plan cannot exceed the lesser of \$7,800 or three percent of a participant's eligible compensation.

A participant is fully vested in amounts deferred under the nonqualified deferred compensation plan. A participant has a vested right in matching contributions made by the Company under the nonqualified deferred compensation plan, depending on the participant's years of service with the Company: 20% at one to two years of service, 40% at two to three years of service, 60% at three to four years of service, 80% at four to five years of service and 100% at five or more years of service. As each of the named executive officers has more than five years of service to the Company, they are each fully vested in the matching contributions made by the Company under the plan.

Amounts in a participant's account in the nonqualified deferred compensation plan are payable either in a lump sum or substantially equal annual installments over a period of five or ten years, as elected by the participant. Such distributions may be delayed to a period of six months following a participant's termination of employment to comply with applicable law.
