ZONE 4 PLAY, INC. AND ITS SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

U.S. DOLLARS

NOTE 1: GENERAL

- a. Zone4Play Inc. ("the Company") was incorporated under the laws of the State of Nevada on April 23, 2002 as Old Goat Enterprises, Inc. On February 1, 2004, the Company acquired Zone4Play, Inc. ("Zone4Play (Delaware)") (see b. below), which was incorporated under the laws of the State of Delaware on April 2, 2001, and subsequently changed the Company's name to Zone4Play, Inc., a Nevada corporation. The Company develops and markets interactive games applications for Internet, portable devices and interactive TV platforms.

The Company conducts its operations and business with and through its subsidiaries, (1) Zone4Play (Delaware), (2) Zone4Play Limited, an Israeli corporation incorporated in July 2001, which is engaged in research and development and marketing of the applications, (3) Zone4Play (UK) Limited, a United Kingdom corporation, incorporated in November 2002, which is engaged in marketing of the applications, (4) MixTV Ltd., an Israeli corporation which develops and markets participation TV games applications., and (5) Gaming Ventures Plc ("Gaming") , a company incorporated in the Isle of Man .

The Company's shares of common stock are currently traded on the OTC Bulletin Board under the trading symbol "ZFPI.OB."

- b. The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered losses from operations and negative cash flows from operations since inception. For the three months ended March 31, 2007 the Company incurred a loss from operations of \$1,408,209, negative cash flows from operations of \$1,203,149 and has accumulated deficit of \$14,756,203 as of March 31, 2007.

Despite its negative cash flows, the Company has been able to secure

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

financing in order to support its operation to date, based on shares issuances. Management believes that, despite the financial hurdles and funding uncertainties going forward, it has under development a business plan that, if successfully funded and executed as part of a financial restructuring can significantly improve operating results. The consolidated financial statements do not include any adjustments that may result from the outcome of this uncertainty.

- c. According to the agreement between the Company and Zone4Play (Delaware), the Company issued 10,426,190 shares of common stock to the former holders of equity interest in Zone4Play (Delaware). The acquisition has been accounted for as a reverse acquisition, whereby the Company was treated as the acquiree and Zone4Play (Delaware) as the acquirer, primarily because Zone4Play (Delaware) shareholders owned a majority, approximately 58% of the Company's common stock, upon completion of the acquisition. Immediately prior to the consummation of the transaction, the Company had no material assets and liabilities, hence the reverse acquisition is treated as a capital stock transaction in which Zone4Play (Delaware) is deemed to have issued the common stock held by the Company shareholders for the net assets of the Company. The historical financial statements of Zone4Play (Delaware) became the historical financial statements of the Company.

NOTE 5: RECENTLY ISSUED ACCOUNTING STANDARDS

In September 2006, the Financial Accounting Standards Board ("FASB") issued SFAS No. 157, "Fair Value Measurements" ("SFAS 157"). This standard establishes a framework for measuring fair value and expands related disclosure requirements; however, it does not require any new fair value measurement. As applicable to the Company, this statement will be effective as of the year beginning January 1, 2008. The Company is currently evaluating the impact that the adoption of SFAS. 157 would have on its consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities." ("SFAS 159") This standard permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. As applicable to the Company, this statement will be effective as of the year beginning January 1, 2008. The Company is currently evaluating the impact that the adoption of SFAS 159 would have on its consolidated financial statements.

NOTE 6: SUBSEQUENT EVENTS

On May 8, 2007, the board of directors removed the Chief Executive Officer and President from his positions. The Chief Financial Officer has been appointed as acting Chief Executive Officer and President of the Company in addition to his current position as Chief Financial Officer. On the same day the CEO has filed a lawsuit against the Company and its directors in labor court, to prevent his dismissal.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

FORWARD LOOKING STATEMENTS

This quarterly report on Form 10-QSB contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and Federal securities laws, and is subject to the safe-harbor created by such Act and laws. Forward-looking statements may include our statements regarding our goals, beliefs, strategies, objectives, plans, including product and service developments, future financial conditions, results or projections or current expectations. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential" or "continue," the negative of such terms, or other comparable terminology. These statements are subject to known and unknown risks, uncertainties, assumptions and other factors that may cause actual results to be materially different from those contemplated by the forward-looking statements. The business and operations of Zone 4 Play, Inc. are subject to substantial risks, which increase the uncertainty inherent in the forward-looking statements contained in this report. We undertake no obligation to release publicly the result of any revision to these forward-looking statements that may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Further information

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

on potential factors that could affect our business is described under the heading "Risk Related to Our Business" in Part I, Item 1, "Description of Business" of our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006. Readers are also urged to carefully review and consider the various disclosures we have made in this report.

OVERVIEW

Our financial statements are stated in United States Dollars (US\$) and are prepared in accordance with United States Generally Accepted Accounting Principles.

You should read the following discussion of our financial condition and results of operations together with the unaudited financial statements and the notes to unaudited financial statements included elsewhere in this report.

OUR BUSINESS

We are a software and technology developer and provider to companies that service the interactive gaming industry, delivering cross-platform systems that are built for mass participation gaming over mobile devices, TV and the internet. Our software provides and supports play-for-fun and play-for-real interactive games. We offer five core solutions to companies that offer play-for-real gaming, namely:

(i) Multiplayer blackjack tournaments ("Blackjack Software"): 24/7 availability of a variety of blackjack tournaments games based on a peer-to-peer technology allowing users to compete against each other and not against the "house".

(ii) Mobile gaming: the provision of services on mobile devices, including fixed odds games, multiplayer games, sports betting services, scratch cards and exchange betting.

(iii) Interactive TV gaming: the provision of software and technology currently supporting fixed odds games.

(iv) Participating TV gaming: the provision of services via the interaction of television broadcasts and mobile text messages, IVR (interactive voice response) lines or Java interaction.

(v) Online gaming: the provision of fixed odds and casino games over the internet.

We also provide marketing services related to our Blackjack Software business and potentially other games thorough our subsidiary Get21 Limited ("Get21"), which is using a third party for the full operation of the service which includes payment, processing, customer support, fraud and collusion prevention and other services.

We have recently re-prioritized our operations and currently plan to focus on two products: the Winner Channel and our Blackjack Software related marketing services.

Our technology allows our customers to generate additional revenue from their existing infrastructure and user base by allowing a subscriber to switch from one platform, such as Interactive TV, mobile, internet or participating TV to another platform using a single account with the same account balance and user information. In addition, our technology allows mobile service providers, TV broadcasters and channels to provide additional content, as well as an increased

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

variety of services, to their customers.

We enter into license and/or revenue-sharing agreements with our customers under which the customers use our software and technology to offer games to their subscribers and pay us a fixed fee and/or a percentage of the net revenues generated from those games.

We devote substantially all of our efforts toward conducting research, development and marketing of our software. In the course of these activities, we have sustained operating losses and expect such losses to continue in the foreseeable future. To date, we have not generated sufficient revenues to achieve profitable operations or positive cash flow from operations. As of March 31, 2007, we had an accumulated deficit of \$14,756,203. There is no assurance that profitable operations, if ever achieved, will be sustained on a continuing basis. During the three months ended March 31, 2007, we derived approximately 94% of our revenues from four major customers.

Our shares of common stock are currently traded on the OTC Bulletin Board under the trading symbol "ZFPI.OB".

GOING CONCERN

We have generated revenues since inception but they were not an adequate source of cash to fund future operations. Historically we have relied on private placement issuances of equity.

It is likely that we will need to raise additional working capital to fund our ongoing operations and growth. The amount of our future capital requirements depends primarily on the rate at which we increase our revenues and correspondingly decrease our use of cash to fund operations. Cash used for operations will be affected by numerous known and unknown risks and uncertainties including, but not limited to, our ability to successfully market our products and services and the degree to which competitive products and services are introduced to the market. As long as our cash flow from operations remains insufficient to completely fund operations, we will continue depleting our financial resources and seeking additional capital through equity and/or debt financing. If we raise additional capital through the issuance of debt, this will result in increased interest expense. If we raise additional funds through the issuance of equity or convertible debt securities, the percentage ownership of our company held by existing stockholders will be reduced and those stockholders may experience significant dilution. In addition, new securities may contain rights, preferences or privileges that are senior to those of our common stock.

There can be no assurance that acceptable financing to fund our ongoing operations can be obtained on suitable terms, if at all. If we are unable to obtain the financing necessary to support our operations, we may be unable to continue as a going concern. In that event, we may be forced to cease operations and our stockholders could lose their entire investment in our company.

RESULTS OF OPERATIONS - THREE MONTHS ENDED MARCH 31, 2007 COMPARED TO THREE MONTHS ENDED MARCH 31, 2006

REVENUES AND COST OF REVENUES

Edgar Filing: ZONE 4 PLAY INC - Form 10QSB

Total revenues for the three months ended March 31, 2007 increased by 58% to \$290,833 from \$184,361 for the three months ended March 31, 2006. The increase in revenues is mainly due to a new contract with Golden Palace Ltd for the license of our multiplayer tournaments blackjack, and for marketing services of our website www.get21.com,. We also increased our revenues from existing customers such as Two Way Media Limited and Winner.com (UK) Ltd, through increased penetration of our products.

Cost of revenues for the three months ended March 31, 2007 increased by 36% to \$133,166 from \$97,616 for the three months ended March 31, 2006. The increase in the cost of revenues is primarily attributable to costs related to the marketing services provided by Get21.

RESEARCH AND DEVELOPMENT

Research and development expenses for the three months ended March 31, 2007 increased by 10% to \$739,037 from \$673,454 for the three months ended March 31, 2006. The increase is primarily attributable to our continuing efforts in the United Kingdom, which involve adapting our software to new systems and platforms (ITV, mobile, internet, and participation TV by our subsidiary, MixTV Ltd.), development of our multi player black jack tournaments application, recruitment of employees, increased general and administrative expenses allocated to the research and development department due to its growth, and due to decrease of the \$US dollar exchange rate to the New Israeli Shekel ("NIS"), which increased the dollars amount of our NIS expenses.

SALES AND MARKETING

Sales and marketing expenses for the three months ended March 31, 2007 decreased by 270% to \$627,872 from \$169,795 for the three months ended March 31, 2006. The increase in sales and marketing expenses is primarily attributable to our marketing efforts through our get21.com site through Get21. We do not expect this trend to continue.

GENERAL AND ADMINISTRATIVE

General and administrative expenses for the three months ended March 31, 2007 increased by 10% to \$274,521 from \$250,022 for the three months ended March 31, 2006. The increase in general and administrative expenses is primarily attributable to amortization of stock-based compensation related to the general and administrative department and directors and to our legal expenses.

NET LOSS

Net loss for the three months ended March 31, 2007 was \$1,408,209 as compared to net loss of \$1,003,857 for the three months ended March 31, 2006. Net loss per share for the three months ended March 31, 2007 was \$0.045 as compared to \$0.041 for the three months ended March 31, 2006. The net loss increased for the three months ended March 31, 2006 mainly due to the increase in the operating expenses and especially due to our marketing efforts through our get21.com site through Get21 offset by the share of Golden Palace as the minority shareholder in the loss of our indirect subsidiary RNG Gaming. Our weighted average number of shares of common stock used in computing basic and diluted net loss per share for the three months ended March 31, 2007 was 32,319,031 compared with 24,543,867 for the three months ended March 31, 2006. The increase was due to the issuance of additional shares in two private placements in March 2006.

RECENTLY ISSUED ACCOUNTING POLICIES

In September 2006, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard ("SFAS") No. 157, "Fair Value Measurements" ("SFAS 157"). This standard establishes a framework for measuring fair value and expands related disclosure requirements; however, it does not require any new fair value measurement. As applicable to us, this statement will be effective as of the year beginning January 1, 2008. We are currently evaluating the impact that the adoption of SFAS 157 would have on our consolidated financial statements.

In February 2007, the FASB issued SFAS 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("SFAS 159"). This standard permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. As applicable to us, this statement will be effective as of the year beginning January 1, 2008. We are currently evaluating the impact that the adoption of SFAS 159 would have on our consolidated financial statements.

OUTLOOK

We believe that our future success will depend upon our ability to enhance our existing products and solutions and introduce new commercially viable products and solutions addressing the demands of the evolving markets. As part of the product development process, we work closely with current and potential customers, distribution channels and leaders in our industry to identify market needs and define appropriate product specifications. Our current anticipated

levels of revenue and cash flow are subject to many uncertainties and cannot be assured. In order to have sufficient cash to meet our anticipated requirements for the next twelve months, we may be dependent upon our ability to obtain additional financing. The inability to generate sufficient cash from operations or to obtain the required additional funds could require us to curtail operations. We will attempt to reduce our operating expenses from \$450,000 a month to below \$250,000 per month and have already downsized our workforce. There can be no assurance that acceptable financing to fund our ongoing operations can be obtained on suitable terms, if at all. If we are unable to obtain the financing necessary to support our operations, we may be unable to continue as a going concern. In that event, we may be forced to cease operations and our stockholders could lose their entire investment in our company.

ITEM 3. CONTROLS AND PROCEDURES.

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES - We maintain a system of disclosure controls and procedures that are designed for the purposes of ensuring that information required to be disclosed in our Securities and Exchange Commission ("SEC") reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our acting Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as appropriate to allow timely decisions regarding required disclosures.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our acting CEO and CFO, of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended. Based on that evaluation, our acting CEO and CFO concluded that our disclosure controls and procedures are effective.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING - There has been no change in our internal control over financial reporting during the first quarter of 2007 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
