ANNUAL MEETING OF STOCKHOLDERS

Purpose of the annual meeting

At the annual meeting, Aware will submit one proposal to the stockholders:

Proposal: To elect two Class III directors for three-year terms.

Currently, Aware does not intend to submit any other proposals to the stockholders at the annual meeting. The board of directors was not aware, a reasonable time before mailing this proxy statement to stockholders, of any other business that may be properly presented for action at the annual meeting. If any other business comes before the annual meeting, the persons present will have discretionary authority to vote the shares they own or represent by proxy in accordance with their judgment, to the extent authorized by applicable regulations.

Record date

The board of directors of Aware has fixed the close of business on April 3, 2008 as the record date for the annual meeting. Only stockholders of record at the close of business on that date are entitled to receive notice of the meeting and to vote at the meeting or any adjournment of the meeting. At the close of business on the record date, there were issued and outstanding 23,914,966 shares of Aware's common stock, which are entitled to cast 23,914,966 votes. A list of stockholders entitled to notice of the 2008 annual meeting is available for inspection by any stockholder at our principal office at 40 Middlesex Turnpike, Bedford, MA.

Quorum

Aware's by-laws provide that a quorum at the annual meeting will be a majority in interest of all stock issued, outstanding and entitled to vote at the meeting. Aware will treat shares of common stock represented by a properly signed and returned proxy as present at the meeting for purposes of determining the existence of a quorum at the meeting. In general, Aware will count votes withheld from any nominee for election as director, abstentions and broker "non-votes" as present or represented for purposes of determining the existence of a quorum at the meeting. A broker "non-vote" occurs when a broker or nominee holding shares for a beneficial owner does not vote on a proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner with respect to that proposal.

Vote required; tabulation of votes

The election of each Class III director will require the affirmative vote of a plurality of the shares of common stock properly cast on the proposal. Abstentions, votes withheld from the director-nominee, and broker non-votes will not count as votes cast for or against the election of the director-nominee and accordingly will not affect the outcome of the vote.

Aware's transfer agent, Computershare Trust Co., Inc., will tabulate the votes at the annual meeting. Computershare will tabulate separately the vote on each matter submitted to stockholders.

Revocation of proxies

A stockholder who has executed a proxy may revoke the proxy at any time before it is exercised at the annual meeting in three ways:

- by giving written notice of revocation to the Secretary of Aware at the following address:

Aware, Inc.
40 Middlesex Turnpike
Bedford, Massachusetts 01730
Attention: Secretary

- by signing and returning another proxy with a later date; or
- by attending the annual meeting and informing the Secretary of Aware in writing that he or she wishes to vote in person.

Mere attendance at the annual meeting will not in and of itself revoke the proxy. Accordingly, stockholders who have executed and returned proxies in advance of the annual meeting may change their votes at any time before or at the annual meeting.

Solicitation of proxies

Aware will bear all costs incurred in connection with the solicitation of proxies for the annual meeting. Aware will reimburse brokers, banks, fiduciaries, nominees and others for the out-of-pocket expenses and other reasonable clerical expenses they incur in forwarding proxy materials to beneficial owners of common stock held in their names. In addition to this solicitation by mail, Aware's directors, officers and employees may solicit proxies, without additional remuneration, by telephone, facsimile, electronic mail, telegraph and in person. Aware expects that the expenses of any special solicitation will be nominal. At present, Aware does not expect to pay any compensation to any other person or firm for the solicitation of proxies.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL—ELECTION OF DIRECTORS

The board of directors, upon the recommendation of the nominating and corporate governance committee, has nominated for election as Class III directors Edmund C. Reiter and Adrian F. Kruse, each of whom is currently a Class III director of Aware. Mr. Reiter serves as Aware's president. The directors elected at the annual meeting will hold office until the annual meeting of stockholders in 2011 and until their successors are duly elected and qualified.

Each nominee has agreed to serve if elected, and Aware has no reason to believe that a nominee will be unable to serve. If a nominee is unable or declines to serve as a director at the time of the annual meeting, proxies will be voted for another nominee that our board's nominating committee will designate at that time. Proxies cannot be voted for more than one nominee.

The board of directors recommends that you vote FOR the election of Edmund C. Reiter and Adrian F. Kruse, as Class III directors of Aware.

CORPORATE GOVERNANCE

In designing its corporate governance structure, Aware seeks to identify and implement the best practices that will serve the interests of Aware's business and stockholders, including practices mandated by the Sarbanes-Oxley Act of 2002 and related rules of the Securities and Exchange Commission and the Nasdaq Stock Market. You can find Aware's current corporate governance principles, including Aware's code of ethics and the charters for the standing committees of Aware's board of directors, on Aware's website at www.aware.com. The code of ethics applies to not only Aware's principal executive officer, principal financial officer and principal accounting officer, but also all other employees, executive officers and directors of Aware. The code of ethics includes, among other things, provisions covering compliance with laws and regulations, conflicts of interest, insider trading, proper use of Aware's assets, confidentiality, discrimination and harassment, accounting and record keeping, the reporting of illegal or unethical behavior, enforcement of the code of ethics and discipline for violations of the code of ethics. Aware intends to continue to modify its policies and practices to address ongoing developments in the area of corporate governance. Many features of Aware's corporate governance principles are discussed in other sections of this proxy statement. Some of the highlights of Aware's corporate governance principles are:

- **Director and committee independence.** A majority of Aware's directors are independent directors under the rules of the Nasdaq Stock Market. The board of directors has determined that Aware's independent directors are Frederick D. D'Alessio, G. David Forney, Jr., John K. Kerr, Mark G. McGrath and Adrian F. Kruse. On March 15, 2008, Frederick D. D'Alessio, a director of Aware since December 2002, informed the board of Directors that he did not want to stand for election for another term. Mr. D'Alessio's tenure as a director of Aware will end at the Annual Meeting of Stockholders on May 21, 2008. Each member of the audit committee, nominating and corporate governance committee, and compensation committee meets the independence requirements of the Nasdaq Stock Market for membership on the committees on which he serves.
- **Audit committee.** Aware's audit committee is directly responsible for appointing, compensating, overseeing, and, when necessary, terminating Aware's independent auditors. Aware's independent auditors report directly to the audit committee. The board of directors has determined that Mr. Kruse is an audit committee financial expert under the rules of the Securities and Exchange Commission. Prior approval of the audit committee is required for all audit services and non-audit services to be provided by Aware's independent auditors.
- **Committee authority.** Aware's audit committee, nominating and corporate governance committee, and compensation committee each have the authority to retain independent advisors and consultants, with all fees and expenses to be paid by Aware.

- Whistleblower procedures. Aware’s audit committee has adopted procedures for the treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential and anonymous submission by Aware’s directors, officers and employees of concerns regarding questionable accounting, internal accounting controls or auditing matters.

Certain relationships and related transactions

The Audit Committee, with assistance from the Company's General Counsel, is responsible for reviewing and approving any related person transaction. The policy requires that the Audit Committee must approve any related party transaction subject to the policy before commencement of the related party transaction. The policy states that the Audit Committee will approve only those related person transactions that the Audit Committee determines are beneficial to the Company and the terms of which are fair to the Company.

In 2007, the Company had two transactions with related persons. During 2007, the board of directors met five times and took action by written consent four times. No incumbent director attended fewer than 75% of the total number of meetings held by the board and committees of the board on which he served. Aware has a compensation committee, an audit committee, an executive committee, and a nominating and corporate governance committee.

Executive Committee. Aware's executive committee is currently composed of John K. Kerr and Michael A. Tzannes. The executive committee has all of the powers of the board of directors except the power to: change the number of directors or fill vacancies on the board of directors; elect or fill vacancies in the offices of president, treasurer or secretary; remove any officer or director; amend the by-laws of Aware; change the principal office of Aware; authorize the payment of any dividend or distribution to stockholders of Aware; authorize the reacquisition of capital stock for value; and authorize a merger. In 2007, the executive committee met once and took no action by written consent.

Kerr who serves as chairman. On March 18, 2008, Mark G. McGrath was appointed chairman of the compensation committee, effective after the Annual Meeting of Stockholders on May 21, 2008. In 2007, the compensation committee held five meetings and took action by written consent six times. In March 2004, Aware's board of directors adopted a Compensation Committee Charter, which it amended in March 2007. The Compensation Committee Charter, as amended, is available on Aware's website at www.aware.com.

Audit Committee. Aware's audit committee is currently composed of Frederick D. D'Alessio, John K. Kerr and Adrian F. Kruse who serves as chairman. On March 18, 2008, Mark G. McGrath was appointed to the audit committee, effective after the Annual Meeting of Stockholders on May 21, 2008. Aware's board of directors has determined that Mr. Kruse is an audit committee financial expert under Securities and Exchange Commission rules. In 2007, the audit committee met seven times and took action by written consent once. In March, 2004, Aware's board of directors adopted a new Audit Committee Charter, which is available on Aware's website at www.aware.com.

Nominating and Corporate Governance Committee. Aware's nominating and corporate governance committee is currently composed of three outside directors, John K. Kerr, Adrian F. Kruse and G. David Forney, Jr. who serves as chairman. In 2007, the nominating and corporate governance committee held two meetings and took no action by written consent. In March 2004, Aware's board of directors adopted a Nominating and Corporate Governance Committee Charter, which is available on Aware's website at www.aware.com.

The nominating and corporate governance committee, in consultation with our chief executive officer and the chairman of the board, identifies and reviews candidates for our board of directors and recommends to our full board candidates for election to our board. In selecting new directors, the committee considers any requirements of applicable law or listing standards, a candidate's strength of character, judgment, business experience and specific area of expertise, factors relating to the composition of the board (including its size and structure), principles of diversity, and such other factors as the committee shall deem appropriate.

The committee reviews from time to time the appropriate skills and characteristics required of board members in the context of the current make-up of the board, including such factors as business experience, diversity, and personal skills in technology, finance, marketing, international business, financial reporting and other areas that contribute to an effective board.

The committee, in consultation with our chief executive officer and the chairman of the board, considers and recruits candidates to fill positions on the board, including as a result of the removal, resignation or retirement of any director, an increase in the size of the board or otherwise. The committee also reviews any candidate recommended by stockholders of Aware in light of the committee's criteria for selection of new directors. Stockholders may make nominations for the election of directors by delivering notice in writing to the Secretary of Aware not less than 60 days nor more than 90 days prior to any meeting of the stockholders called for the election of directors. As part of this responsibility, the committee is responsible for conducting, subject to applicable law, any and all inquiries into the background and qualifications of any candidate for the board and such candidate's compliance with the independence and other qualification requirements established by the committee or imposed by applicable law or listing standards.

The Committee also develops and recommends to the Board governance principles applicable to the Company and is responsible for leading an annual review of the performance of both the Board as a whole and its individual members. The annual Board review took place in December 2007.

Policy regarding board attendance

To the extent reasonably practicable, directors are expected to attend board meetings and meetings of committees on which they serve. Directors are encouraged to attend Aware's annual meeting of stockholders. Last year, all but one of our directors attended the annual meeting.

Communications with our board of directors

Aware's board of directors has established the following process for stockholders to communicate directly with the board, and this process has been approved by a majority of Aware's independent directors. Stockholders wishing to communicate with the board of directors should send correspondence to the attention of the Chairman of the Board at Aware, Inc., 40 Middlesex Turnpike, Bedford, Massachusetts 01730, and should include with the correspondence evidence that the sender of the communication is one of Aware's stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. Aware's chairman will review all correspondence confirmed to be from stockholders and decide whether or not to forward the correspondence or a summary of the correspondence to the board or a committee of the board. Accordingly, Aware's chairman will review all stockholder correspondence, but the decision to relay that correspondence to the board or a committee of the board will rest entirely within his discretion.

Code of ethics

Aware has adopted a code of ethics that applies to all employees, officers and directors. The code of ethics also contains special ethical obligations which apply to employees with financial reporting responsibilities, including Aware's principal executive officer, principal financial officer and principal accounting officer. Aware's code of ethics includes, among other things, provisions covering compliance with laws and regulations, conflicts of interest, insider trading, proper use of Aware's assets, confidentiality, discrimination and harassment, accounting and record keeping, the reporting of illegal or unethical behavior, enforcement of the code of ethics and discipline for violations of the code of ethics. Aware's code of ethics is available on Aware's website at www.aware.com. Any waiver of any provision of the code of ethics granted to an executive officer or director may only be made by the board of directors and will be promptly disclosed on our website at www.aware.com.

Compensation committee interlocks and insider participation

Aware's compensation committee is currently composed of Messrs. D'Alessio, Forney, McGrath and Kerr. Mr. Kerr formerly served as Aware's assistant vice president of marketing from June 1992 to November 1994. In 2007, no officer or employee of Aware participated in the deliberations of the compensation committee concerning the compensation of Aware's executive officers. No interlocking relationship existed between Aware's board of directors or compensation committee and the board of directors or compensation committee of any other company in 2007.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

COMPENSATION DISCUSSION AND ANALYSIS

Overview. The Compensation Committee has the responsibility to review the performance and development of Company management in achieving corporate goals and objectives and to assure that senior executives of the Company are compensated effectively in a manner consistent with the strategy of the Company, competitive practice, and the requirements of the appropriate regulatory bodies. Toward that end, the Compensation Committee oversees, reviews and administers all compensation, equity and employee benefit plans and programs. The Compensation Committee is responsible for reviewing annually and determining the individual elements of total compensation for the Company's chief executive officer and all other corporate officers. The Compensation Committee may delegate any of its responsibilities to a subcommittee of one or more members of the Committee, the chief executive officer or to a committee of senior executive officers when appropriate and consistent with applicable law. The Compensation Committee acts pursuant to a charter that has been approved by the board of directors.

Compensation program objectives. The objectives of the Company's executive compensation programs are to attract, motivate and retain executives who drive the Company's success and to assure that senior executives of the Company are compensated effectively in a manner consistent with the strategy of the Company, competitive practice, and the requirements of appropriate regulatory bodies. The executive compensation programs are designed to reward individuals for advancing business strategies, further developing the Company and its people, and the achievement of individual and Company performance goals. In 2007, the Compensation Committee took into consideration the Company's achievement of certain financial and operational goals in determining the potential bonus for Michael A. Tzannes, the Company's chief executive officer, Edmund C. Reiter, the Company's president, Keith E. Farris, the Company's chief financial officer and Richard W. Gross, the Company's senior vice president of engineering. The Compensation Committee also takes into consideration the individual's performance in determining the compensation elements for each of the Company's Named Executive Officers.

Role of executive officers in determining executive compensation. The Company's CEO assists the Compensation Committee in determining executive compensation including recommendations for executive officer compensation. The Compensation Committee makes the final determination on executive compensation for all the Company's executives, including the Named Executive Officers shown in the tables under Executive Compensation.

Corporate performance goals. The Company utilizes corporate performance goals in reviewing the overall compensation for executives. More specifically, the Company utilizes corporate performance goals primarily in determining the amount of the cash incentive award to give to executives. The Company structures the cash incentive award program to executives based upon a percentage attainment of certain corporate performance goals. During 2007, the Company's achievement of revenue growth and certain earnings targets were deemed key corporate performance goals and represented seventy percent (70%) of the potential cash incentive compensation for the eligible executives. The remaining thirty percent (30%) of the potential cash incentive compensation for the eligible executives was based upon the attainment of certain operational goals specific to each executive. The Compensation Committee may in its discretion increase or reduce awards or payments based upon executive performance. For 2008, the Compensation Committee has determined that reaching certain operational targets and/or certain financial targets such as revenue, operating income and/or earnings per share are key corporate performance goals.

Option grant timing/pricing. The Company's practice with regard to the granting of stock options is to typically grant stock options in the following circumstances: 1) at regularly scheduled board meetings; 2) upon the new hire of certain employees or directors; 3) subsequent to the annual performance or compensation review of employees, soon after one of the Company's quiet period ends; 4) subsequent to the annual performance reviews for executives and officers; and 5) at the annual meeting of stockholders for directors. The Company's quiet period begins two weeks prior to the end of a fiscal quarter and ends two days after the Company announces financial results for said fiscal quarter. Historically, it has been the Company's practice to price options based on the closing price of the Aware common stock on the date that the Compensation Committee executes a Compensation Committee consent granting the stock options.

Compensation benchmarking. In 2007, the Compensation Committee contracted with Hewitt Associates, a third party compensation consultant to compile compensation benchmark data. Hewitt Associates gathered benchmark information with respect to cash and equity-based compensation from a list of comparable companies (the “Compensation Peer Group”). The Compensation Peer Group is comprised of companies with similar products or business models and comparable enterprise values to the Company. The Compensation Peer Group was selected by the Company, reviewed by Hewitt Associates and was approved by the Compensation Committee. The companies comprising the Compensation Peer Group for 2007 were:

Ampex Corporation	MIPS Technologies, Inc.
Captaris, Inc.	Mosys, Inc.
Catalyst Semiconductor, Inc.	Nestor, Inc.
Ceva, Inc.	PCTEL, Inc.
Centillium Communications, Inc.	Supportsoft, Inc.
Digimarc Corporation	Tollgrade Communications, Inc.
Endwave Corporation	Transmeta Corporation
Intelli-Check, Inc	Transwitch Corporation
Ikanos Communications, Inc.	Tut Systems, Inc.

The 2007 Compensation Peer Group differed from the 2006 Compensation Peer Group as follows: Metasolv, Inc., Netopia, Inc. Netscout Systems, Inc. Optical Communication Products, Inc. Seachange International, Terayon Communication Systems and Watchguard Technologies, Inc. were removed while Catalyst Semiconductor, Inc. Ceva, Inc., Digimarc Corporation, Intelli-Check, Inc., Ikanos Communications, Inc., and PCTEL, Inc., were added to the Compensation Peer Group. Monolithic Systems, Inc. changed its name to Mosys, Inc. Metasolv, Inc., Netopia, Inc. Optical Communication Products, Inc. and Terayon Communications Systems were removed as each company was acquired. The other companies were removed and added in order to provide a Compensation Peer Group that represented a better mix of companies representing the Company’s business in digital subscriber line (“DSL”) technology licensing, DSL test & diagnostic products and biometric and medical imaging software products.

The following compensation elements were benchmarked: (i) total annual cash compensation (base salary and bonus) and (ii) most recent grants of long-term incentives (restricted stock and stock option grants). These long-term incentives were valued using Black-Scholes for options and grant date value for restricted shares. Stock option grants were also benchmarked by reviewing (i) a three year average of the number of options granted, (ii) a three year average of the number of shares granted as a percentage of total shares outstanding and (iii) the number of shares held as a percentage of total shares outstanding. The Compensation Committee utilizes this information in determining the compensation and stock option grants to its executive officers.

Compensation program elements. The Company's executive compensation package for 2007 consisted of two principal elements: cash and a stock-based equity incentive in the form of participation in the Company's stock option plans. The cash element includes base salary and any cash incentive or bonus award earned for performance goals achieved during the year.

Salary

The salary element of the Company's executive compensation policy is designed to give executives assurance of a base level of compensation commensurate with the executive's position and duration of employment with the Company and competitive with salaries for officers holding comparable positions in the industry. In 2007, Mr. Tzannes, the Company's chief executive officer, was awarded a base salary increase from \$375,000 to \$400,000; Edmund C. Reiter, the Company's president, was awarded a base salary increase from \$310,000 to \$335,000; Keith E. Farris, the Company's chief financial officer, was awarded a base salary increase from \$210,000 to \$225,000 and Richard W. Gross, the Company's senior vice president of engineering, was awarded a base salary increase from \$250,000 to \$275,000 in recognition of their individual contributions to the Company and compensation relative to others in the industry. The salary increases were also based upon a review of the salaries of comparable positions in the Compensation Peer Group.

Mr. Tzannes' salary is above the 75th percentile of other chief executive officers in the Compensation Peer Group. Mr. Reiter's salary is above the 75th percentile of other presidents (or comparable executives) in the Compensation Peer Group. Mr. Farris' salary was below the 50th percentile of other chief financial officers in the Compensation Peer Group. Mr. Gross' salary is above the 75th percentile of comparable executives.

On February 15, 2008, Keith E. Farris resigned from the Company as its chief financial officer and treasurer. Mr. Farris was replaced by Richard P. Moberg who joined the Company as its chief financial officer and treasurer on February 15, 2008. Mr. Moberg was awarded a base salary of \$250,000.

For the 2008 executive compensation review, the Compensation Committee engaged DolmatConnell & Partners, a third party compensation consultant to compile compensation benchmark data. On March 18, 2008, the Compensation Committee approved a salary of \$416,000, \$348,400 and \$286,000 to Michael A. Tzannes, CEO, Edmund C. Reiter, and Richard W. Gross, SVP, Engineering, respectively, effective March 18, 2008.

Cash Incentive Compensation

The annual cash incentive program is designed to provide executives with competitive compensation linked to Company performance goals. In February 2007, the Compensation Committee approved a potential bonus for 2007 of up to \$125,000, \$200,000, \$35,000 and \$25,000 to Michael A. Tzannes, CEO, Edmund C. Reiter, President, Keith E. Farris, CFO, and Richard W. Gross, SVP, Engineering, respectively, subject to the Board of Director's discretion, based upon the Company reaching certain revenue and/or earnings targets as well as each executive achieving certain operational goals. For each executive, up to 70% of the eligible bonus is earned by achieving certain revenue targets and/or earnings targets and up to 30% for achieving certain operational goals specific to each executive.

The award granted to Mr. Tzannes based upon the Compensation Committee's discretion totaled \$81,342, which consisted of \$53,217 for achieving certain revenue targets for the Company's business and an additional \$26,250 for achieving certain operational goals. The award granted to Mr. Tzannes was at 65% of the target bonus of \$125,000. The compensation was earned in 2007 and approved and paid in February 2008. Mr. Tzannes' cash incentive was between the 25th and the 50th percentile of other chief executives in the Compensation Peer Group. The award granted to Mr. Reiter based upon the Compensation Committee's discretion totaled \$127,148, which consisted of an award of \$85,148 for achieving certain revenue targets for the Company's business and an additional \$42,000 for achieving certain operational goals. The award granted to Mr. Reiter was at 64% of the target bonus of \$200,000. The compensation was earned in 2007 and approved and paid in February 2008. Mr. Reiter's cash incentive was above the 75th percentile of other presidents (or comparable executives) in the Compensation Peer Group. The award granted to Mr. Gross based upon the Compensation Committee's discretion totaled \$16,268, which consisted of an award of \$10,643 for achieving certain revenue targets for the Company's business and an additional \$5,250 for achieving certain operational goals. The award granted to Mr. Gross was at 65% of the target bonus of \$25,000. The compensation was earned in 2007 and approved and paid in February 2008. Mr. Gross' cash incentive was between the 25th and the 50th percentile of comparable executives in the Compensation Peer Group. On February 15, 2008, Mr. Farris resigned from the Company as its chief financial officer and treasurer. As a result, the Compensation Committee determined that no cash bonus would be awarded to Mr. Farris.

The total cash compensation (salary plus cash incentive compensation) for Mr. Tzannes was at the 75th percentile of other chief executives in the Compensation Peer Group. The total cash compensation for Mr. Reiter was above the 75th percentile of other presidents (or comparable executives) in the Compensation Peer Group. The total cash compensation for Mr. Farris was just below the median of other chief financial officers in the Compensation Peer Group.

For the 2008 executive compensation review, the Compensation Committee engaged DolmatConnell & Partners, a third party compensation consultant to compile compensation benchmark data. On March 18, 2008, the Compensation Committee approved a potential bonus for 2008 of up to \$150,000, \$200,000, \$50,000 and \$25,000 to Michael A. Tzannes, CEO, Edmund C. Reiter, President, Richard P. Moberg, CFO, and Richard W. Gross, SVP, Engineering, respectively, subject to the Compensation Committee's discretion, based upon the Company reaching certain revenue and/or earnings targets as well as each executive achieving certain operational goals. For each executive, up to 50% of the eligible bonus is earned by achieving certain revenue and/or earnings targets and up to 50% for achieving certain operational goals.

Stock-based equity incentive compensation

The Company emphasizes stock options in order to align the interests of management with the stockholders' interests in the financial performance of the Company for fiscal quarters, the fiscal year and the longer term. In determining stock option grants, the Company considers the three-year average value resulting from long-term incentive compensation such as restricted stock grants, performance plans and stock option grants made at companies in the Compensation Peer Group. The value of stock options is based upon the Black-Scholes formula. The Company also considers in part the value of options held by the executive officers and the extent to which the Company believed those options would provide sufficient motivation to the executive officers to achieve the Company's goals. In 2005, the Company granted stock option awards to Mr. Tzannes of 800,000 options and Mr. Reiter of 600,000 options to give these executives a level of stock-based equity incentive compensation commensurate with the executive's position and competitive with the stock-based equity incentive compensation of comparable executives at comparable companies. In 2006 and 2007, the Compensation Committee determined that given the 2005 stock option awards and a review of the three year average stock-based equity incentive compensation of comparable executives at Compensation Peer Group companies, that a stock option award in 2006 and 2007 to either Mr. Tzannes or Mr. Reiter was not required. The three year average value of stock-based equity incentive compensation for Mr. Tzannes

was at the 75th percentile of other chief executives in the Compensation Peer Group and for Mr. Reiter was above the 75th percentile of presidents (or comparable officers) in the Compensation Peer Group. In February 2007, the Company granted stock options in the amount of 50,000 to Keith E. Farris, CFO in recognition of his individual contributions to the Company. In February 2007, Richard W. Gross, SVP, Engineering was granted 75,000 stock options in recognition of his individual contributions to the Company.

In determining the fair value of each option grant, the Company used the following assumptions:

		Year ended December 31		
	2007	2006	2005	2004
Average risk free interest rate	3.80 – 4.73%	4.55 – 4.99%	4.05%	3.74%
Expected life of option grants	6.25 years	3.25 – 6.25	3 - 5 years	5 years
Expected volatility of underlying stock	51% - 56%	60% - 67%	67% - 87%	93%
Expected dividend yield	-	-	-	-

Other Compensation

The Company's executive officers are also eligible to participate in other employee benefit plans, including health and life insurance plans and a 401(k) retirement plan, on substantially the same terms as other employees who met applicable eligibility criteria, subject to any legal limitations on the amounts that could have been contributed or the benefits that could have been paid under these plans.

Salary & Bonus in Proportion to Total Compensation

In 2007, the salary and cash incentive compensation for Mr. Tzannes represented approximately 98% of his total compensation. In 2007, the salary and cash incentive compensation for Mr. Reiter represented approximately 98% of his total compensation. Mr. Tzannes and Mr. Reiter did not receive any stock-based compensation in 2007. In 2007, the salary and cash incentive compensation for Mr. Gross represented approximately 76% of his total compensation. In 2007, the salary and cash incentive compensation for Mr. Farris represented approximately 66% of his total compensation. Mr. Farris resigned from the Company on February 15, 2008 and did not receive any cash incentive compensation for 2007.

Compensation program elements rationale. In establishing compensation for executives, the Company's Compensation Committee monitors salaries, other cash compensation and stock options at other companies, particularly companies with similar enterprise value and companies in the same industry. In addition, for each executive the Compensation Committee considers historic salary levels, work responsibilities and compensation relative to other executives at the Company. The Compensation Committee also considers general economic conditions, the Company's performance and each individual's performance. Finally, the Compensation Committee utilizes market benchmark information described earlier in recommending the compensation and stock option grants to its executive officers so that their overall compensation is competitive with comparable companies.

The Company's selection of the cash and stock-based equity incentive as the primary elements of executive compensation is in furtherance of the Company's compensation program objectives. The cash element, including the base salary and cash incentive program, along with the stock-based equity incentive element help the Company to achieve the objective of attracting, motivating and retaining executives who drive the Company's success. The Company has determined that the aforementioned elements help to achieve the Company's compensation objectives and that additional compensation elements are not required.

Impact of accounting and tax treatments on compensation. The Company reviews the compensation provided to executive officers in conjunction with the potential tax consequences that may result with respect to certain compensation elements. For example, Section 162(m) of the Internal Revenue Code limits the Company's ability to deduct, for income tax purposes, compensation in excess of \$1.0 million paid to the chief executive officer and the three most highly compensated executive officers of the Company (other than the chief executive officer and chief financial officer) in any year, unless the compensation qualifies as "performance-based compensation." Equity awards that the Company grants under its 2001 Nonqualified Stock Plan do not qualify as "performance-based compensation" because the Plan has not been approved by the Company's stockholders. In 2007, the aggregate base salaries, bonuses and other non-equity compensation of the Company's executive officers did not exceed the \$1.0 million limit. The Compensation Committee does not expect that non-equity compensation will exceed the \$1.0 million limit in the foreseeable future. With respect to equity compensation, the Compensation Committee's policy with respect to Section 162(m) is that it would prefer to cause compensation to be deductible by the Company; however, the Compensation Committee also weighs the need to provide appropriate incentives to the Company's executive officers against the potential adverse tax consequences that may result under Section 162(m) from the grant of compensation that does not qualify as performance-based compensation. The Compensation Committee has authorized and may continue to authorize compensation payments that do not qualify as performance-based compensation and that are in excess of the limits in circumstances when the Compensation Committee believes such payment is appropriate.

DIRECTOR COMPENSATION

In 2006, each non-employee director other than Mark G. McGrath received an annual retainer of \$15,000 for serving as a director. The retainer was paid at the annual meeting of stockholders in May 2006. Mr. McGrath became a director in September 2006. Members of the Board of Directors did not receive an annual retainer in 2007. Aware also reimburses each director for expenses incurred in attending meetings of the board of directors. Members of the Board of Directors will not receive an annual retainer for 2008.

In February 2007, the Board of Directors of Aware approved a Compensation Committee recommendation to compensate non-employee directors through grants of nonqualified options under Aware's 2001 Stock Option Plan. Each non-employee director received a grant of 20,000 options for serving as a director of Aware. Additional options were provided to the Board chair as well as chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. The exercise price of each option is equal to the closing price of the common stock on the Nasdaq Global Market on the date of grant. Each option has a term of ten years. The options granted in 2007 vest over a period of four years. The following table provides information about these grants.

The audit committee is comprised solely of independent directors as defined by the listing standards of the Nasdaq Stock Market.

Management is responsible for the preparation, presentation and integrity of Aware's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15 (e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15 (f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. PricewaterhouseCoopers LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

During the course of 2007, management continued to document, test and evaluate of Aware's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and PCAOB Auditing Standard No. 5 regarding the audit of internal control over financial reporting. The audit committee was kept apprised of the progress of the evaluation and provided oversight to management during the process. In connection with this oversight, the committee received periodic updates provided by management and PricewaterhouseCoopers LLP at regularly scheduled committee meetings. The committee reviewed the report of management contained in Aware's Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission, as well as PricewaterhouseCoopers LLP's Report of Independent Registered Public Accounting Firm included in Aware's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, (ii) the effectiveness of internal control over financial reporting. The audit committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers LLP, Aware's independent auditors. The audit committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and PCAOB "Auditing Standard No. 5, "An Audit of Internal Control Over Financial Reporting Performed that is Integrated with an Audit of Financial Statements." Based on the review of the consolidated financial statements and discussions with and representations from management and PricewaterhouseCoopers LLP referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in Aware's Annual Report on Form 10-K for 2007, for filing with the Securities and Exchange Commission.

Description of the 2001 Nonqualified Stock Plan

The following summary of some of the provisions of the 2001 Nonqualified Stock Plan, as amended, is qualified in its entirety by reference to the full text of the plan. The 2001 plan permits the grant of (1) nonqualified stock options, which are options that do not qualify as incentive stock options, (2) restricted stock awards, (3) unrestricted stock awards and (4) performance share awards. The maximum number of shares of common stock issuable in connection with awards granted under the 2001 plan is 8,000,000 shares.

The 2001 plan is administered by a committee consisting of at least two directors who are both “non-employee directors” within the meaning of Rule 16b-3 under the Securities Exchange Act. Except as specifically reserved to the board under the terms of the 2001 plan, the committee has full and final authority to operate, manage and administer the 2001 plan on behalf of Aware. Aware’s compensation committee, currently consisting of Messrs. D’Alessio, Forney, McGrath and Kerr, administers the 2001 plan.

The committee fixes the term of each stock option granted under the 2001 plan at the time of grant. No stock option shall be exercisable more than 10 years after the date of grant. The committee has the authority to determine the time or times at which stock options granted under the plan may be exercised. With respect to grants of restricted stock, the committee will specify at the time of grant the dates or performance goals on which the non-transferability of the restricted stock and Aware’s right of repurchase shall lapse. With respect to performance share awards, the committee

shall determine the performance goals applicable under each award and the time period over which performance is to be measured.

27

The committee will determine at the time of grant the exercise price per share of the common stock covered by an option grant, or the purchase price per share of restricted or unrestricted stock. The exercise price per share of a stock option and the purchase price per share of a restricted stock grant may not be less than fair market value on the date of grant.

Except as otherwise provided, stock options granted under the 2001 plan are not exercisable following termination of the holder's employment. The 2001 plan provides that in the event of termination of an option holder's employment, options will be exercisable, to the extent of the number of shares then vested, (a) for one year following the termination of the holder's employment if such termination is the result of permanent and total disability, (b) by the holder's executors, administrators or any person to whom the option may be transferred by will or by the laws of descent and distribution, for one year following the termination of employment if such termination is the result of the holder's death, (c) for 30 days after the date of termination of the holder's employment by us without "cause," as defined in the 2001 plan, or (d) for 30 days after the date of voluntary termination by the holder of the holder's employment. However, in no event will a new option be exercisable after its expiration date.

In the event that Aware effects a stock dividend, stock split or similar change in capitalization affecting its stock, the committee shall make appropriate adjustments in (a) the number and kind of shares of stock or securities with respect to which awards may thereafter be granted, (b) the number and kind of shares remaining subject to outstanding awards under the plan, and (c) the option or purchase price in respect of such shares. The 2001 plan provides that if Aware merges, consolidates, dissolves or liquidates, the committee may, in its sole discretion, as to any outstanding award, make such substitution or adjustment in the total number of shares reserved for issuance and in the number and purchase price of shares subject to such awards as it may determine, or accelerate, amend or terminate such awards upon such terms and conditions as it shall provide.

The board of directors of Aware may amend or discontinue the 2001 plan at any time. The committee may at any time amend or cancel an outstanding award granted under the plan. In either case, no such action may adversely affect rights under any outstanding award without the holder's consent.

NOTICE OF AMENDMENTS TO BY-LAWS

On December 6, 2007, the Board of Directors of Aware (the "Board") voted to amend and restate the By-Laws of Aware (the "By-Laws"), primarily to implement certain provisions of the Massachusetts Business Corporation Act, enacted as Chapter 156D of the Massachusetts General Laws, which became effective on July 1, 2004, and in response to new NASDAQ listing requirements that mandate that all NASDAQ-listed companies become eligible to participate in the "Direct Registration System" for their outstanding securities. Prior to July 1, 2004, Aware was subject to the provisions of the Massachusetts Business Corporation Law, which is Chapter 156B of the Massachusetts General Laws.

- Aware deleted Section 1.9 of the By-Laws to comply with the requirements of voting lists under the new act.
 - Aware added a new Section 1.10 to the By-Laws to create a separate section regarding proxies, and amended the By-Laws to permit shareholders to appoint proxies for a period longer than six months and otherwise to address the requirements relating to the appointment of proxies under the new act.

- Aware amended Section 2.14 of the By-Laws to provide that directors may participate in shareholder meetings by means of a conference telephone or similar communications equipment.
- Aware added a new Section 2.17 to the By-Laws to reflect standards and procedures contained in the new act regarding conflicts of interest involving directors.
- Aware added a new Section 3.8 to the By-Laws to set forth the duties and obligations of the Chief Executive Officer.
- Aware added a new Section 4.1 to the By-Laws to permit the Board to issue shares for additional types of consideration authorized under the new act.
- Aware amended Section 4.1 of the By-Laws (now designated as Section 4.2) to clarify that outstanding shares of Aware may exist in certificated or uncertificated form.
- Aware amended Section 4.3 of the By-Laws (now designated as Section 4.4) to give the Board the flexibility to set a record date seventy days before an event, rather than the previously authorized sixty days. Aware also amended this section to require the Board, in accordance with the new act, to set a new record date if a meeting of shareholders is adjourned to a date more than 120 days after the original date of the meeting, and otherwise to address the requirements relating to the setting of record dates under the new act.
- Aware added a new Section 4.6 to the By-Laws to give the Board the power to appoint a transfer agent or registrar.

- Aware deleted Section 5.13 of the By-Laws with respect to directors because director conflict of interest transactions are addressed by the new Section 2.17 of the By-Laws, and with respect to officers and affiliates because standards and procedures regarding related party transactions are not required in the By-Laws by statute.
 - Aware added a new Section 5.14 to the By-Laws to give the Board the power to declare and pay dividends.
- Aware added a new Section 5.15 to the By-Laws to permit shareholder or Board ratification of actions taken by directors, officers or representatives requiring shareholder or Board authorization.
- Aware added a new Section 5.16 to the By-Laws to permit directors and officers to rely on books, records and reports under specified circumstances.
- Aware deleted Article VI in its entirety because one or more of the triggering events for termination of Article VI, set forth in Section 6.10 of the By-Laws, have been met.
- In addition, Aware made certain other changes to conform the By-Laws to the provisions of the new act. For example, the new act generally uses the terms “share” and “shareholder” instead of “stock” and “stockholder,” and the new act changed the title of “clerk” to “secretary.” Aware uses this new statutory terminology throughout its Amended and Restated By-Laws.

The amendments to the By-Laws took effect immediately upon adoption. The descriptions of the provisions of the Amended and Restated By-Laws contained in this proxy statement are qualified in their entirety by reference to the full text of the Amended and Restated By-Laws available on Aware’s website at www.aware.com.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Aware’s executive officers and directors, as well as persons who beneficially own more than ten percent of Aware’s common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Regulations of the Securities and Exchange Commission require these executive officers, directors and stockholders to furnish Aware with copies of all Section 16(a) forms they file.

Based solely upon a review of the Forms 3, 4 and 5 and amendments thereto furnished to Aware with respect to 2007, or written representations that Form 5 was not required for 2007, Aware believes that all Section 16(a) filing requirements applicable to its executive officers, directors and greater-than-ten-percent stockholders were fulfilled in a timely manner.

However, the audit committee may delegate to members of the committee the authority to pre-approve audit and non-audit services. The decisions of any committee member to whom pre-approval authority is delegated must be presented to the full audit committee at its next scheduled meeting.

Our audit committee has not established any pre-approval policies or procedures that would allow our management to engage PricewaterhouseCoopers LLP to provide any specified services with only an obligation to notify the audit committee of the engagement for those services. Audit Committee Charter

I. Organization

Charter. This charter governs the operations of the Audit Committee (the “Committee”). The Committee shall review and reassess the charter at least annually and obtain the approval of the Board of Directors (the “Board”). This charter supersedes all prior charters of the Committee.

Members. The Committee members shall be members of, and appointed by, the Board and shall consist of at least three directors, each of whom shall meet the independence and other requirements of applicable law and the listing standards of The Nasdaq Stock Market, Inc. (“Nasdaq”). Committee members shall be subject to annual reconfirmation and may be removed by the Board at any time. The Board shall also designate a Committee Chairperson.

Meetings. In order to discharge its responsibilities, the Committee shall each year establish a schedule of meetings; additional meetings may be scheduled as required.

Quorum; Action by Committee. A quorum of any Committee meeting shall be at least two members. All determinations of the Committee shall be made by a majority of its members present at a meeting duly called and held, except as specifically provided herein (or where only two members are present, by unanimous vote). A decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be fully as effective as if it had been made at a meeting duly called and held.

Agenda, Minutes and Reports. An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee’s discharge of its responsibilities. The minutes shall be circulated in draft form to all Committee members to ensure an accurate final record, shall be approved at a subsequent meeting of the Committee and shall be distributed periodically to the full Board. The Committee shall make regular reports to the Board.

II. Purpose

The Committee shall provide assistance to the Board in fulfilling their oversight responsibility to the shareholders, the investment community, and others relating to: the integrity of the Company’s financial statements; the systems of disclosure controls and internal controls over financial reporting; the performance of the Company’s independent auditor; the independent auditor’s qualifications and independence; and the Company’s compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditor, and management of the Company.

III. Duties and Responsibilities

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. While the Committee has the responsibilities and powers set forth in this charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, nor can the Committee certify that the independent auditor is "independent" under applicable rules. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditor is responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

The Committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the Committee. These are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

The Committee shall be directly responsible for the appointment, compensation, retention, and termination of the independent auditor, and the independent auditor must report directly to the Committee. The Committee also shall be directly responsible for the oversight of the work of the independent auditor, including resolution of disagreements between management and the auditor regarding financial reporting. The Committee shall pre-approve all audit and non-audit services provided by the independent auditor and shall not engage the independent auditor to perform the specific non-audit services proscribed by law or regulation. The Committee may delegate pre-approval authority to a member of the Committee. The decisions of any Committee member to whom pre-approval authority is delegated must be presented to the full Committee at its next scheduled meeting.

At least annually, the Committee shall obtain and review a report or reports by the independent auditor describing:

The firm's internal quality control procedures; and

All relationships between the independent auditor and the Company consistent with Independence Standards Board Standard 1 (to assess the auditor's independence).

The Committee will actively engage in a dialogue with the auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor and take appropriate action to oversee the independence of the auditor.

The Committee shall set clear hiring policies for employees or former employees of the independent auditor that meet the SEC regulations and stock exchange listing standards.

A - 2

The Committee shall discuss with the independent auditor the overall scope and plans for the audit, including the adequacy of staffing and compensation, the result of the annual audit examination and accompanying management letters, and the results of the independent auditor's procedures with respect to interim periods. Also, the Committee shall discuss with management and the independent auditor (a) the adequacy and effectiveness of the Company's internal control over financial reporting (including any significant deficiencies and significant changes in internal control over financial reporting reported to the Committee by the independent auditor or management); and (b) the adequacy and effectiveness of the Company's disclosure controls and procedures, and management reports thereon.

The Committee shall meet separately periodically with management and the independent auditor to discuss issues and concerns warranting Committee attention. The Committee shall provide sufficient opportunity for the independent auditor to meet privately with the members of the Committee. The Committee shall review with the independent auditor any audit problems or difficulties and management's response.

The Committee shall receive and review reports from the independent auditor, prior to the filing of its audit report with the SEC, on all critical accounting policies and practices of the Company, all material alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the independent auditor, and other material written communications between the independent auditor and management.

The Committee shall review and discuss with management and the independent auditor earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

The Committee shall review with management and the independent auditor the year end audited financial statements and interim financial statements, and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual audit and the quarterly review and any other matters required to be communicated to the Committee by the independent auditor under generally accepted auditing standards. Any decision or determination of the Committee reduced to writing and signed by all of the members of the Committee shall be fully as effective as if it had been made at a meeting duly called and held.

Agenda, Minutes and Reports. An agenda, together with materials relating to the subject matter of each meeting, shall be sent to members of the Committee prior to each meeting. Minutes for all meetings of the Committee shall be prepared to document the Committee’s discharge of its responsibilities. The Committee shall make regular reports to the Board.

II. PURPOSE

The Committee’s basic responsibility is to review the performance and development of Company management in achieving corporate goals and objectives and to assure that senior executives of the Company are compensated effectively in a manner consistent with the strategy of the Company, competitive practice, and the requirements of the appropriate regulatory bodies. III. RESPONSIBILITIES AND DUTIES

- Review annually and determine the individual elements of total compensation for the Chief Executive Officer and all other corporate officers, review and discuss with the Company's management the Compensation Discussion and Analysis (CD&A) to be included in the Company's annual proxy statement and whether to recommend to the Board that the CD&A be included in the proxy statement and communicate in the annual Board Compensation Committee Report to stockholders the factors and criteria on which the Chief Executive Officer and all other corporate officers' compensation for the last year was based.
 - Review and approve compensation for non-employee members of the Board, including stock compensation.
 - Review and make recommendations with respect to stockholder proposals relating to compensation matters.
- Make and approve stock option grants and other discretionary awards under the Company's stock option or other equity incentive plans to all persons who are Board members or executive officers.
- Grant stock options and other discretionary awards under the Company's stock option or other equity incentive plans to all other eligible individuals in the Company's service.
- Amend the provisions of the Company's stock option or other equity incentive plans, to the extent authorized by the Board, and make recommendations to the Board with respect to incentive compensation and equity-based plans.
- Approve for submission to the stockholders stock option or other equity incentive plans or amendments thereto.
 - Perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
 - Carry out such other duties as may be delegated to it by the Board from time to time.

Notwithstanding the foregoing, any action of the Committee may be subject to Board review and may be revised, modified or rescinded by the Board.

IV. Other

In discharging its responsibilities, the Committee shall have full access to any relevant records of the Company and may retain, at Company expense, independent advisers (including legal counsel, accountants and consultants) as it determines necessary to carry out its duties.
