On July 23, 2003, Epicor Software Corporation (Epicor or the Company) filed a Form 8-K to report its acquisition of ROI Systems, Inc. (ROI). Pursuant to Item 7 of Form 8-K, Epicor indicated that it would file certain financial information no later than the date required by Item 7 of Form 8-K. This Amendment No. 1 to Form 8-K is filed to provide the required financial information as set forth in Items 7(a) and 7(b) below and Exhibit 99.2.

Item 7. Financial Statements and Exhibits.

Listed below are the financial statements, pro forma financial information and exhibits filed as part of the report:

(a) Financial statements of business acquired.

The following financial statements of ROI are attached hereto as Exhibit 99.2 and incorporated herein by this reference:

Financial statements of ROI as of and for the year ended December 31, 2002 and as of June 30, 2003 (unaudited) and for the six months ended June 30, 2003 and 2002 (unaudited) and independent auditors' report.

(b) Pro forma financial information.

The accompanying unaudited pro forma condensed combined financial statements give effect to the acquisition completed on July 8, 2003 by Epicor of ROI. The unaudited pro forma condensed combined financial information does not reflect any cost savings or other synergies that might result from the transaction. They are presented for illustrative purposes only and are not necessarily indicative of the combined financial position or results of operations for future periods or the financial position or results of operations that actually would have been realized had the acquisition occurred during the specified periods.

The accompanying unaudited pro forma condensed combined statements of operations (the Pro Forma Statement of Operations) for the year ended December 31, 2002 and the six months ended June 30, 2003 give effect to the acquisition by Epicor of ROI using the purchase method as if it occurred on January 1, 2002 and 2003, respectively. The Pro Forma Statements of Operations are based on the respective historical financial statements of Epicor and ROI for the year ended December 31, 2002 and the six months ended June 30, 2003. The accompanying unaudited pro forma condensed combined balance sheet at June 30, 2003 (the Pro Forma Balance Sheet) gives effect to the acquisition as if it took place on June 30, 2003. The Pro Forma Statements of Operations and Pro Forma Balance Sheet and accompanying notes (the Pro Forma Financial Information) should be read in conjunction with, and are qualified by reference to, the historical financial statements of the Company and ROI and the related notes thereto.

In accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, the acquisition has been accounted for under the purchase method of accounting. In order to allocate the purchase price in accordance with SFAS No. 141, the Company has obtained an independent appraisal of the fair value of the acquired intangible assets. The fair values of the tangible assets acquired and liabilities assumed represent management's best estimate of current fair values. Assuming the transaction had occurred on June 30, 2003, the preliminary allocation of the purchase price would have been as follows (in thousands):
