Item 7.01 Regulation FD Disclosure.

On April 15, 2005, Dynegy Inc. (Dynegy) announced that it has reached a comprehensive settlement agreement related to the shareholder litigation brought by the Regents of the University of California as a class action in the U.S. District Court in Houston. In its lawsuit, the Regents alleged violation of securities laws primarily related to Project Alpha, a structured natural gas transaction entered into by Dynegy in 2001. The class action included claims for damages on behalf of a class of purchasers of Dynegy Class A common stock during the class period of June 2001 to July 2002. Dynegy also announced settlement of related derivative litigation originally brought by two plaintiffs in Texas District Court asserting claims similar to those in the class action litigation.
