Shareholders whose Common Shares are registered in the name of a bank or brokerage firm participating in the ADP Investor Communication Services online program may appoint a proxy electronically through the Internet. Instruction forms will be provided to shareholders whose bank or brokerage firm is participating in ADP 's program. Signing and returning the proxy card or submitting the proxy by telephone or through the Internet does not affect the right to vote in person at the annual general meeting.

In the case of registered shareholders, a proxy may be revoked at any time prior to its exercise by (a) giving written notice of such revocation to the Secretary of the Company at the Company 's principal office, 2910 Seventh Street, Berkeley, California 94710, (b) appearing and voting in person at the annual general meeting, (c) properly completing and executing a later-dated proxy and delivering it to the Company at or before the annual general meeting or (d) retransmitting a subsequent proxy by telephone before the annual general meeting. Shareholders whose Common Shares are registered in the name of a bank or brokerage firm should follow the instructions provided by their bank or brokerage firm on revoking their previously appointed proxies. Abstentions and broker non-votes are each included in the number of Common Shares present and entitled to vote for purposes of establishing a quorum but are not counted in tabulations of the votes cast on proposals presented to shareholders.

The Company will bear the entire cost of solicitation, including preparation, assembly, printing, and mailing of this proxy statement, the proxy card, and any additional material furnished to shareholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding in their names Common Shares that are beneficially owned by others to forward to such beneficial owners. The solicitation of proxies may be supplemented by one or more of telephone, telegram, or personal solicitation by directors, officers, or employees of the Company for no additional compensation. We have also engaged Georgeson Inc. to assist in such solicitation at an estimated fee of \$7,500 plus disbursements. Shareholders appointing a proxy through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the shareholder.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

The primary objectives of the Company's compensation program are to enable the Company to attract, motivate and retain outstanding individuals and align their success with that of the Company's shareholders through the creation of shareholder value and achievement of strategic corporate objectives. We attract and retain executives by benchmarking against companies in our industry of similar size and organizational structure to ensure that our compensation packages remain competitive. When creating an executive's overall compensation package, the different elements of compensation are considered in light of the compensation packages provided to similarly situated executives at peer companies as well as the role the executive will play in our achieving near term and longer term goals. We also tie short and long-term cash and equity rewards to the achievement of measurable corporate and individual performance criteria to create incentives that we believe enhance executive

performance. Such performance criteria vary depending on individual executives' roles, but include value-adding achievements such as revenue generation, cost reduction, gains in production efficiency and timely completion of undertakings.

Compensation Components

Base Salary. The level of compensation paid to an officer is determined on the basis of the individual's overall experience, responsibility, performance and compensation level in his or her prior position (for newly hired officers), the individual's overall performance and compensation level at the Company during the prior year (for current employees), the compensation levels of similarly situated individuals in the pharmaceutical and biotechnology industries (including, but not limited to, the biotechnology companies included in the AMEX Biotechnology Index) and other labor markets in which the Company competes for employees, the performance of the Company's Common Shares during the prior fiscal year and such other factors as may be appropriately considered by the Board of Directors, by the Compensation Committee and by management in making its initial proposals to the Compensation Committee.

Long-Term Incentive Program. The principal methods for long-term incentive compensation are the 1981 Share Option Plan (the Option Plan) and Restricted Share Plan (the Restricted Plan), and compensation thereunder principally takes the form of incentive and non-qualified option grants. These grants are designed to promote the convergence of long-term interests between the Company's key employees and its shareholders; specifically, the value of options granted will increase or decrease with the value of the Company's Common Shares. In this manner, key individuals are rewarded commensurately with increases in shareholder value. These grants also typically include a 4-year vesting period to encourage continued employment. The size of a particular option grant is determined based on the individual's position with and contribution to the Company. For grants during 2006, the number of options granted were determined based on the numbers of options granted to such individuals in the previous fiscal year, the aggregate number of options held by each such individual, the number of options granted to similarly situated individuals in the pharmaceutical and biotechnology industries, the price of the Company's Common Shares relative to other companies in such industries and the resulting relative value of such options; no specific measures of corporate performance were considered.

CICP. In 2004, the Compensation Committee, the Board and the shareholders approved the CEO Incentive Compensation Plan (the CICP) in order to make Mr. Castello's compensation more commensurate with that of his peers and because the Compensation Committee believed that it was not appropriate to include Mr. Castello in the Management Incentive Compensation Plan given his active role in administering that plan.

Only our chief executive officer (CEO) is eligible to participate in the CICP, and depending on his or her performance and that of the Company, earn incentive compensation. The determination of the incentive compensation awarded for each fiscal year is as follows: The target award opportunity for the CEO is set at 50% of his or her base salary. As soon as practicable after the end of each fiscal year (the Plan Period), the Compensation Committee will recommend to the Board and the Board will determine whether and to what extent certain Company objectives (Company Objectives) have been met. Company Objectives may be based on financial goals, scientific or commercial progress, profits, return on investments or any other criteria established by the Board. For each Plan Period, unless 70% of the Company Objectives have been met, no incentive compensation will be awarded.

The incentive compensation will be weighted based 70% on meeting Company Objectives and 30% based on discretionary objectives. The award opportunity range for the CEO expressed as a percentage of his or her base salary is as follows: minimum award opportunity 25%; target award opportunity 50%; and maximum award opportunity 75%.

The performance of the CEO will be rated as soon as practicable following the conclusion of the Plan Period. Distribution of incentive compensation will be established by the Board, and will generally be in February or March of the succeeding year after the Plan Period. The incentive awards will be comprised 50% of

cash and 50% of common shares (based on the average market value of the common shares for the 10 trading days prior to the date of the award). The number of Common Shares paid is calculated after tax and other withholdings. All share issuances under the CICP are made pursuant to the Restricted Plan.

For 2006, the Compensation Committee and the Board determined that Mr. Castello had met a percentage of the Company Objectives in excess of the 70% minimum required by the CICP in order to make an award thereunder.

MICP. Certain employees are also compensated through the Management Incentive Compensation Plan (the MICP), in which management employees (other than the Chief Executive Officer), as well as certain additional discretionary participants chosen by the Chief Executive Officer, are eligible to participate. Under the MICP, at the beginning of each fiscal year, the Board of Directors (with advice from the Compensation Committee) establishes a target incentive compensation pool, which is then adjusted at year-end to reflect the Company's performance in achieving its corporate objectives.

After each fiscal year, the Board of Directors and the Compensation Committee make a determination as to the performance of the Company and MICP participants in meeting corporate objectives and individual objectives, which are determined from time to time by the Board of Directors in its sole discretion and which included for 2006: a target level of cash at year end; generation of current income; progress toward collaborations, potential partnerships or financing arrangements; and various objectives tied to development of the Company. Awards to MICP participants vary depending upon the level of achievement of corporate objectives, the size of the incentive compensation pool and the MICP participants' base salaries and performance during the fiscal year as well as their expected ongoing contribution to the Company. The Company must meet a minimum percentage of its corporate objectives (currently 70%) before any awards are made under the MICP.

Awards under the MICP granted on or prior to December 31, 2004 vest over a three-year period with 50% of each award payable during the first quarter of the following fiscal year, and 25% payable on each of the next two annual distribution dates, so long as the participant remains an employee of the Company. The 50% on each distribution date is payable half in cash and half in Common Shares. Awards under the MICP granted after December 31, 2004, including grants made in 2006 for performance in 2005, are made in one payment soon after the end of the relevant fiscal year, rather than three payments over three years, and are payable half in cash and half in Common Shares. The number of Common Shares paid is calculated after tax and other withholdings. All share issuances under the MICP are made pursuant to the Restricted Plan.

For 2006, the Compensation Committee and the Board of Directors determined that management had met a percentage of the corporate objectives summarized above in excess of the 70% minimum required by the MICP in order to make awards thereunder. For 2006, 96 individuals were determined to be eligible to participate in the MICP, including all of the executive officers named in the Summary Compensation Table above other than Mr. Castello.

Other Compensation. The Company maintains broad based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, vision and dental insurance, a 401(k) plan and temporary housing and other living expenses for relocated employees.

Tax Treatment. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), generally limits the deductible amount of annual compensation paid to certain individual executive officers (i.e., the chief executive officer and the four other most highly compensated executive officers of the Company) to no more than \$1 million. However, qualifying performance-based compensation will be excluded from the \$1 million cap on deductibility, and the Compensation Committee believes, based on information currently available, that the Company's options issued to its executive officers qualify for this exclusion. Considering the current structure of executive officer compensation and the availability of deferral opportunities, the Compensation Committee and the Company believe that the Company will not be denied any significant tax

deduction for 2006. The Company and the Compensation Committee will continue to review tax consequences as well as other relevant considerations in connection with compensation decisions.

Change of Control. A change of control is defined in the Change of Control Agreements as the occurrence of any of the following events: (i) a merger, amalgamation or acquisition in which the Company is not the surviving or continuing entity, except for a transaction the principal purpose of which is to change the jurisdiction of the Company's organization; (ii) the sale, transfer or other disposition of all or substantially all of the assets of the Company; (iii) any other reorganization or business combination in which fifty percent (50%) or more of the Company's outstanding voting securities are transferred to different holders in a single transaction or series of related transactions; (iv) any approval by the shareholders of the Company of a plan of complete liquidation of the Company; (v) any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended) becoming the beneficial owner (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the total voting power represented by the Company's then outstanding voting securities; or (vi) a change in the composition of the Board, as a result of which fewer than a majority of the directors are incumbent directors.

Vesting of Options. If a named executive officer's employment is involuntarily terminated within eighteen months of a change of control, the exercisability of all options granted to such named executive officer by the Company shall automatically be accelerated so that all the options may be exercised immediately upon such Involuntary Termination for any or all of the shares subject thereto and the post-termination exercise period shall

be extended to sixty (60) months or the remainder of the maximum term of the Options (or such shorter period of time to avoid the application of Section 409A of the Code). The Options shall continue to be subject to all other terms and conditions of the Company's share option plans and the applicable option agreements between the Employee and the Company.

If a named executive officer's employment is involuntarily terminated within eighteen months of a change of control, the named executive officer will immediately become entitled to participate in a twelve (12) month executive outplacement program provided by an executive outplacement service, at the Company's expense not to exceed fifteen thousand dollars (\$15,000).

Cash Severance. If a named executive officer's employment is involuntarily terminated within eighteen months of a change of control, then the named executive officer shall be entitled to receive a severance payment equal to the sum of (A) an amount equal to between 1.5 and 2.0 times the named executive officer's annual base salary as in effect immediately prior to the involuntary termination, plus (B) an amount equal to between 1.5 and 2.0 times the named executive officer's target bonus as in effect for the fiscal year in which the involuntary termination occurs.

Health and Other Benefits. BOARD MATTERS

Board Meetings

During the fiscal year ended December 31, 2006, the Board of Directors held seven meetings. Each Board member attended at least 75% of the aggregate number of meetings of the Board and the committees of the Board on which he served that were held during the last fiscal year, except for Dr. Kornberg, who attended five of the seven Board meetings. Each of Dr. Kornberg and Messrs. Andress, Bowes, Hutt, Van Ness and Zenner is independent as defined in the listing standards of The Nasdaq Stock Market. Directors are encouraged to attend the Company's annual general meetings of shareholders where practicable. All of the current directors attended last year's annual general meeting of shareholders.

The Board of Directors has standing audit, compensation and nominating & governance committees.

Compensation Committee

The Compensation Committee is responsible for recommending and reviewing the compensation, including options and perquisites, of the Company's officers and other employees. The Compensation Committee, currently consisting of Messrs. Van Ness, Bowes and Hutt, held three meetings during 2006. The Board of Directors has adopted a written charter for the Compensation Committee, a copy of which is available on the Company's website at www.xoma.com. See Compensation Committee Report on Executive Compensation and Compensation Discussion and Analysis.

Nominating & Governance Committee

The Nominating & Governance Committee assists the Board of Directors by identifying individuals qualified to become Board members, recommends to the Board the director nominees for the next annual general meeting of shareholders, recommends to the Board the director nominees for each committee and develops, recommends to the Board and oversees the governance principles applicable to the Company. The Nominating & Governance Committee, currently consisting of Messrs. Bowes, Hutt and Van Ness, held two meetings during 2006. Each member of the Nominating & Governance Committee is independent as defined in the listing standards of The Nasdaq Stock Market. The Board of Directors has adopted a written charter for the nominating & governance committee, a copy of which is available on the Company's website at www.xoma.com.

The Nominating & Governance Committee's charter provides that the committee will, on behalf of the Board, review letters from shareholders regarding the Company's annual general meeting and governance process. Beyond this, the committee has no formal policy regarding consideration of director candidates recommended by shareholders, in large part because the Company has never received from any of its shareholders a recommendation of a director nominee with reasonably adequate qualifications. The need for a more formal policy was considered and determined to be not necessary by the committee. The committee will

consider candidates recommended by shareholders, and a shareholder wishing to submit a recommendation should send a letter to the Secretary of the Company at 2910 Seventh Street, Berkeley, California 94710. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Director Nominee Recommendation. The letter must identify the author as a shareholder and provide a complete listing of the candidate's qualifications to serve on the Board, the candidate's current principal occupation, most recent five-year employment history and current directorships and a statement that the proposed nominee has consented to the nomination, as well as contact information for both the candidate and the author of the letter. Shareholders may also nominate candidates who are not first recommended to the Nominating & Governance Committee by following procedures set forth in our by-laws.

To be considered by the Nominating & Governance Committee, a director nominee must have experience as a board member or senior officer of a company in the healthcare or other industries, have a strong financial background, be a leading participant in another field relative to the Company's business or have achieved national prominence in a relevant field as a faculty member, professional or government official. In addition to these minimum requirements, the committee seeks director candidates based on a number of qualifications, including their independence, knowledge, judgment, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and complement the Board's existing strengths.

The Board of Directors and the Nominating & Governance Committee begin the process of identifying and evaluating director nominees by seeking recommendations from a wide variety of contacts, including current executive officers and directors and industry, academic and community leaders. The Board or the committee may retain a search firm to identify and screen candidates, conduct reference checks, prepare biographies for review by the committee and the Board and assist in setting up interviews. The Nominating & Governance Committee and one or more of the Company's other directors interview candidates, and the committee selects nominees that best suit the Company's needs.

Audit Committee

The Audit Committee is primarily responsible for approving the services performed by the Company's independent auditors and reviewing the Company's accounting practices and systems of internal accounting controls. This committee, currently consisting of Mr. Andress, Mr. Van Ness and Mr. Zenner, held seven meetings during 2006. Each member of the Audit Committee is independent as defined in the listing standards of The Nasdaq Stock Market. The Board of Directors has determined that each of Messrs. Andress and Zenner is an Audit Committee financial expert as defined by the rules of the Securities and Exchange Commission. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Company's website at www.xoma.com.

In accordance with rules established by the Securities and Exchange Commission, the Audit Committee has prepared the following report for inclusion in this proxy statement:

As part of its ongoing activities, the Audit Committee has:

met with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting, and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel;

regularly met privately with the independent auditors, who have unrestricted access to the committee;

recommended the appointment of the independent auditors and reviewed periodically their performance and independence from management;

reviewed the Company's financing plans and reported recommendations to the full Board of Directors for approval and to authorize action;

reviewed and discussed with management the Company's audited consolidated financial statements for the fiscal year ended December 31, 2006;

discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended; and

received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with the independent auditors their independence. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

ITEM 2 APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors, on the recommendation of its Audit Committee, recommends the appointment of Ernst & Young LLP (Ernst & Young) to serve as the Company s independent auditors for 2007. Ernst & Young has been acting as the Company s independent auditors since fiscal year 1998.

Audit Fees. The aggregate fees billed for each of the 2005 and 2006 fiscal years for professional services rendered by Ernst & Young for the audit of the Company s annual financial statements, review of financial statements included in the Company s Form 10-Q, services that are normally provided by Ernst & Young in connection with statutory and regulatory filings or engagements and for attestation services related to Sarbanes-Oxley compliance for those fiscal years were \$1,289,000 and \$770,808, respectively.

Audit-Related Fees. There were no audit-related fees billed in either of the 2005 or 2006 fiscal years other than the services provided in the preceding paragraph.

Tax Fees. There were no fees billed in either of the 2005 or 2006 fiscal years for professional services rendered by Ernst & Young for tax compliance, tax advice and tax planning.

All Other Fees. There were no fees billed in each of the 2005 or 2006 fiscal years for products and services provided by Ernst & Young other than the services reported in the three immediately preceding paragraphs.

The Audit Committee considered whether the provision of the services covered in the four immediately preceding paragraphs of this section is compatible with maintaining Ernst & Young s independence.

The Audit Committee s policy is to pre-approve all audit and permissible non-audit services provided by the Company s independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent accountants, the committee considers whether such services are consistent with the auditor s independence, whether the independent accountants are likely to provide the most effective and efficient service based on their familiarity with the Company, and whether the service could enhance the Company s ability to manage or control risk or improve audit quality. The committee has delegated pre-approval authority to its chairman, who must report any decisions to the committee at its next scheduled meeting.

The recommendation to appoint Ernst & Young and the authorization of the Board of Directors to agree to Ernst & Young s fee are being submitted to the shareholders at the annual general meeting. If such appointment is not made, the Board of Directors will consider other auditors for appointment. The Board of Directors recommends a vote **FOR** the appointment of Ernst & Young as the Company s independent auditors for the 2007 fiscal year and the authorization of the Board of Directors to agree to Ernst & Young s fee.

A representative of Ernst & Young is expected to be present at the meeting with an opportunity, if desired, to make a statement and to respond to your questions.

ITEM 3 RECEIPT OF AUDITED FINANCIAL STATEMENTS

In accordance with Bermuda company law and practice, the Company s audited financial statements for fiscal year 2006 will be laid before the annual general meeting. No shareholder action is required in connection therewith.

ITEM 4 ADOPTION OF BONUS COMPENSATION PLAN

The Board of Directors has adopted, subject to shareholder approval, a Bonus Compensation Plan (the "BCP") for full-time employees who are not eligible for the Company's Management Incentive Compensation Plan or CEO Incentive Compensation Plan.

The essential features of the BCP are summarized below. The following summary of the BCP is qualified in its entirety by express reference to the text of the BCP, which is attached as Annex 1 to this Proxy Statement.

Description of BCP

Purpose. The purpose of the BCP is to attract and maintain highly motivated employees that will achieve the Company's goals and objectives, to recognize individual efforts and to encourage outstanding performance and contributions to the Company. In addition, based on a recently completed third party survey, the Compensation Committee advised the Board that a majority of companies that are similarly situated to the Company have bonus plans covering all employees. Accordingly, the Compensation Committee has recommended and the Board has adopted, subject to shareholder approval, these amendments in order to make the incentive compensation of the Company's employees more commensurate with that of their peers.

Eligibility. All of the Company's employees whose normal work week is 30 hours or more (excluding consultants, advisors, and other similar individuals providing services to XOMA) and are otherwise not eligible for the Company's Management Incentive Compensation Plan or CEO Incentive Compensation Plan, are eligible for participation in the BCP. The chief executive officer of the Company (the "CEO") shall designate in writing the employees who will participate in the BCP. An individual who becomes an employee who meets the eligibility criteria for participation in the BCP after the beginning of a plan period will be considered by the Compensation Committee or the CEO, as the case may be, for participation in the BCP and, if designated in writing to participate, such employee will have her/his award pro rated as of the date of eligibility determined by the Compensation Committee or the CEO, as the case may be.

Determination of Amounts Available for Incentive Compensation. Prior to the commencement of each fiscal year ("Plan Period"), the Compensation Committee determines the target incentive compensation pool. As soon as practicable after the end of each Plan Period, the Compensation Committee determines whether and to what extent certain Company objectives ("Company Objectives") have been met. Company Objectives may be based on financial goals, scientific or commercial progress, profits, return on investments or any other criteria established by the Board. For each Plan Period, unless 70% of the Company Objectives have been met, no incentive compensation will be awarded. The target incentive compensation pool is expressed as a percentage of the aggregate annual base salaries of the participants in the BCP. The final incentive compensation pool will be determined by utilizing the method of calculation of the extent to which the Company Objectives have been met for the applicable Plan Period.

Calculation of Individual Incentive Awards. Awards to participants will vary depending on: (i) the extent of collective achievement of Company Objectives and (ii) each participant's base salary.

The bonus opportunity range for participants in the BCP expressed as a percentage of base salaries is as follows:

Minimum	Target	Maximum
2.5%	5%	7.5%

Each of the individual Company Objectives will be assigned a percentage reflecting its relative importance to the achievement of the overall Company Objectives, as well as target results and results reflecting upper limit and lower limit scenarios.

Distribution of Award. The distribution dates for awards will be established by the Board acting on the advice of the Compensation Committee. It is expected that distributions will normally be made in March of the succeeding year of the applicable Plan Period.

Termination of Employment. If a participant's employment is terminated for any reason, on or before December 31 of any Plan Period or at any time in any subsequent year prior to the distribution date on which awards are expected to be made, the participant will forfeit all rights to awards as yet unpaid. If an employee changes employment status from full-time to part-time (less than 30 hours per week), any such change will terminate participation in the BCP and all rights to payments awarded for any Plan Period but payable in subsequent years, unless the CEO determines in her/his sole discretion, that such Employee should continue to participate. However, if within one year after a change of control, as defined in the BCP, a participant is involuntarily terminated, then all awards authorized but not yet distributed shall be distributed to the participant.

Employees Subject to Performance Improvement Plans. Individual awards to any employee who (i) at any time during the applicable Plan Period is subject to a Company-initiated performance improvement plan, and (ii) fails to achieve the objectives set forth in such performance improvement plan within the time period prescribed therein may be reduced or eliminated in management's discretion. Determination of any employee who continues to be subject to such a performance improvement plan after the end of the applicable Plan Period will be deferred until after the time period prescribed in such plan for achievement of its objectives.

Miscellaneous. Awards may not be transferable by the participants except by will, or the laws of descent and distribution. A participant's rights under the BCP may not be pledged, mortgaged, hypothecated or otherwise encumbered, and will be subject to the claims of the participant's creditors. Appropriate withholding will be taken from the cash portion of the awards for both the cash and stock portions. The BCP will continue until modified or terminated by the Board.

Federal Income Tax Consequences

The following discussion summarizes the principal federal income tax consequences of the BCP. The discussion is based on current provisions of the Code, Treasury regulations promulgated thereunder, and administrative and judicial interpretations thereof as in effect on the date hereof. The summary does not address any foreign, state or local tax consequences of participation in the BCP.

When a participant receives cash awards, the amount received will be ordinary income to the participant and will be allowed as a deduction for federal income tax purposes to the Company. Likewise, when the participant receives Common Shares (which are fully vested), the participant will be taxed on the fair market value of the Common Shares, and this amount will be allowed as a deduction for federal income tax purposes to the Company. Any gain or loss upon the subsequent sale or exchange of the Common Shares will be capital gain or loss, long-term or short-term, depending on the holding period for the Common Shares.

Recommendation

At the annual general meeting, the Company's shareholders will be asked to approve the proposal to adopt the BCP. The Board of Directors believes that approval of the proposed amendment is in the best interests of the Company, its shareholders and its employees because it will assist the Company in continuing to attract and retain the services of outstanding employees and will enable the Company to use this type of long-term incentive compensation at levels commensurate with its peers, both in its region and in its business sector while conserving the Company's cash resources. Based on a recently completed third party survey, the Compensation Committee advised the Board that a majority of companies that are similarly situated to the Company have bonus plans covering all employees. Accordingly, the Compensation Committee has recommended and the Board has adopted, subject to shareholder approval, the BCP in order to make the incentive compensation of the Company's employees more commensurate with that of their peers. For these reasons, the Board unanimously recommends a

vote **FOR** approval. Approval of the amendment requires the affirmative vote of the holders of a majority of the votes cast at the annual general meeting on the proposal.

ANNEX I BONUS COMPENSATION PLAN

I. Introduction and Summary.

This document describes the XOMA Ltd. (XOMA or the Company) Bonus Compensation Plan (the Plan), as approved by the Company s Board of Directors (the Board of Directors or the Board). The Plan became effective on January 1, 2007, subject to Board and shareholder approval. Subject to the ability of the Board of Directors to terminate the Plan at any time, the Plan applies to fiscal years ending December 31, 2007 and each December 31 thereafter.

All employees having the status of Employee on January 1 of a particular Plan Period and who are not eligible to participate in XOMA s Management Incentive Compensation Plan (the MICP) or CEO Incentive Compensation Plan are eligible to participate in the Plan for that Plan Period and, depending on the performance of the Company, earn incentive compensation (Incentive Compensation). (Article III contains the definitions of certain terms not otherwise defined in the places where such terms first appear in the Plan.) The CEO shall designate those eligible employees who will participate in the Plan. New employees joining XOMA during a Plan Period, who thereby meet the eligibility criteria for participation in the Plan, will be considered at the discretion of the CEO for participation in the Plan on a pro rata basis. The CEO will not participate in the Plan.

After the conclusion of each applicable Plan Period, the Board of Directors and the Compensation Committee of the Board of Directors (the Compensation Committee) will make a determination as to the performance of XOMA and Plan participants in meeting Company Objectives. Prior to the commencement of each Plan Period, the Board of Directors acting on the advice of the Compensation Committee, will establish a target Incentive Compensation pool (Target Incentive Compensation Pool). The Target Incentive Compensation Pool will be expressed as a percentage of the aggregate annual Base Salaries of all participants in the Plan for the applicable Plan Period. Awards to individual participants will vary depending on (1) the achievement of Company Objectives; (2) the size of the Target Incentive Compensation Pool; and (3) the individual s Base Salary. Awards may be lower than the Target Incentive Compensation Pool on the basis of the calculation of the extent to which XOMA s Company Objectives have been met. Awards to individuals who are subject to, but fail to meet, a Company-initiated performance improvement plan may also be reduced or eliminated.

Individual awards will be granted in cash and common shares of XOMA based on the average market value of the common shares for the ten trading days prior to the date of the award. Each award will be comprised of 50% cash and 50% in fully-vested common shares of XOMA based on the market value formula set forth above. The distribution date of awards under the Plan for each Plan Period will be the same for all participants and is expected to be set no later than the March 15 immediately following the end of such Plan Period.

Questions concerning the Plan should be forwarded to the Vice President of Human Resources. In all instances, the written provisions of the Plan and other determinations of the Compensation Committee and the Board of Directors shall govern and be final.

II. Purposes.

To build a company team that will achieve XOMA s goals and objectives, to recognize individual efforts, to attract and retain highly motivated individuals and to encourage outstanding performance and contributions to XOMA.

III. Definitions.

For the purpose of the Plan, the following definitions will apply:

- A. *Base Salary.* The term Base Salary means an individual s total base salary in each Plan Period before any deferred tax reductions, including overtime and shift differential pay, but excluding moving allowances,

participation in clinical studies, incentive or bonus payments, imputed income due to fringe benefits such as group insurance plans, and other compensatory items of this type.

- B. *Company Objectives.* The term *Company Objectives* means that list of company objectives approved from time to time by the Board of Directors in its sole discretion for each Plan Period. The objectives may be based on financial goals, scientific or commercial progress, profits, return on investments or any other criteria established by the Board of Directors.
- C. *Employee.* The term *Employee* means any individual on the XOMA payroll rendering services for XOMA whose normal work week is 30 hours or more (excluding consultants, advisors, and other similar individuals providing services to XOMA).
- D. *Plan Period.* Subject to Article VI, the term *Plan Period* means the fiscal period from January 1 to December 31, 2007 and, thereafter, each fiscal year ending December 31.
- E. *Plan Term.* Subject to Article VI, the term *Plan Term* means the period commencing on January 1, 2007 and continuing until the termination of the Plan by the Board of Directors.

IV. *Plan Mechanics.*

- A. *Eligibility.* All Employees having status as such on January 1 of a particular Plan Period and who are not eligible to participate in the MICP or XOMA's CEO Incentive Compensation Plan are eligible for participation in the Plan for such Plan Period. The CEO shall designate in writing the employees who will participate in the Plan. An individual who becomes an Employee who meets the eligibility criteria for participation in the Plan after the beginning of a Plan Period will be considered by the Compensation Committee or the CEO, as the case may be, for participation in the Plan and, if designated in writing to participate, such Employee will have her/his award pro rated as of the date of eligibility determined by the Compensation Committee or the CEO, as the case may be. An Employee participating in the Plan who becomes eligible to participate in the MICP during a Plan Period will remain eligible to receive an award under the Plan for that portion of such Plan Period preceding the date such Employee first became eligible to participate in the MICP.
- B. *Length of Plan.* Subject to Article VI, the Plan will be effective for the Plan Term.
- C. *Incentive Plan.*
 - 1. *Determination of Amounts Available for Incentive Compensation.*
 - a. Prior to the commencement of each Plan Period (or, with respect to the 2007 Plan Period, prior to or upon receipt of Board and shareholder approval of the Plan), the Compensation Committee acting on behalf of the Board of Directors in its sole discretion will determine the Target Incentive Compensation Pool. As soon as practicable after the end of each Plan Period, the Compensation Committee will determine whether and to what extent the Company Objectives have been met. If a determination is made that XOMA has not met the Company Objectives to the extent required, the Compensation Committee may decline to award any Incentive Compensation.
 - b. Each year during the Plan Term, the Required Minimum Company Objective Percentage will be 70%.
 - c. The Target Incentive Compensation Pool is expressed as a percentage of the aggregate annual Base Salaries of the participants in the Plan. The final Incentive Compensation pool (*Final Incentive Compensation Pool*) will be determined by utilizing the method of calculation of the extent to which XOMA's Company Objectives have been met for the applicable Plan Period as set forth in this Article IV.

Edgar Filing: XOMA LTD /DE/ - Form DEF 14A

2. *Calculation of Individual Incentive Awards.*

a. It is the intention of the Compensation Committee and the Board of Directors that awards to participants shall vary depending on: (1) the extent of collective achievement of Company Objectives; and (2) each participant's Base Salary.

A-2

b. The bonus opportunity range for participants in the Plan expressed as a percentage of Base Salaries at the beginning of a Plan Period is as follows:

Minimum	Target	Maximum
2.5%	5%	7.5%

c. If the Company's target results are achieved, the Target Contribution Percentage is awarded. If results between the target and the upper limit scenario are achieved, the Target Contribution Percentage is increased proportionately up to a maximum of 150% of the Target Contribution Percentage (the Maximum Percentage Limitation). No percentage contribution in excess of the Maximum Percentage Limitation will be awarded. Alternatively, if target results are not met but results greater than the lower limit scenario are achieved, the Target Contribution Percentage will be decreased proportionately to a minimum of 50% of the Target Contribution Percentage. Achievements below the lower limit scenario will result in a 0% contribution from the applicable Company Objective.

d. The Company's performance will be rated as soon as practicable following the conclusion of the applicable Plan Period in the exercise of the sole discretion of the individual or group indicated below. The payout percentages are based solely on the Company's performance and outstanding performance by an individual will not result in an above target payout.

e. Individual awards to any Employee who (i) at any time during the applicable Plan Period is subject to a Company-initiated performance improvement plan, and (ii) fails to achieve the objectives set forth in such performance improvement plan within the time period prescribed therein may be reduced or eliminated in management's discretion. Determination of awards for any Employee who continues to be subject to such a performance improvement plan after the end of the applicable Plan Period will be deferred until after the time period prescribed in such plan for achievement of its objectives.

f. The total value of all awards made for the applicable Plan Period will not exceed the amount of the Final Incentive Compensation Pool determined for that Plan Period.

3. *Awards to Participants.*

a. *Approval.* All awards will be approved following the end of a Plan Period by the Compensation Committee acting on the advice of the Board of Directors and the CEO.

b. *Distribution of Incentive Awards.* The distribution dates for awards will be established by the Board of Directors acting on the advice of the Compensation Committee. It is expected that distributions will normally be made in March of the succeeding year of the applicable Plan Period.

c. *Taxes and Withholding.* Each participant will bear any Federal, state, and local taxes accruing with respect to any award under the Plan. As required by law, XOMA will withhold in cash from any distributions amounts required for Federal and state withholding tax purposes. With respect to awards in common shares, arrangements for the payment of withholding tax in cash satisfactory to XOMA must be made prior to the date of any distribution.

d. *Termination of Participation.*

i. Subject to other provisions hereof, if a participant's employment is terminated for any reason, or for no reason, on or before December 31 of any Plan Period, such participant shall forfeit all rights to Incentive Compensation as yet unpaid pursuant to the Plan.

ii. If an Employee changes employment status from full-time to part-time (less than 30 hours per week), any such change will terminate participation in the Plan and all rights to payments awarded for any Plan Period but payable in subsequent years, unless the CEO determines in her/his sole discretion, that such Employee should continue to participate.

iii. A participant may elect to withdraw, without prejudice, from the Plan at any time.

e. *Eligibility for Distribution.* Subject to other provisions hereof, a participant must also be an Employee of the Company continuously from the conclusion of any Plan Period up to and including the date of distribution of the award to be eligible to receive such distribution.

f. *Change in Control Exception.* Notwithstanding any other provision hereof, if within one year after a change in control (as defined below), a participant's employment with XOMA is involuntarily terminated other than for cause, then all awards authorized but not yet distributed to such participant shall be distributed to such participant.

For the purposes of this subsection, a change in control shall have occurred if any person (as defined in Section 13 of the Securities Exchange Act of 1934, as amended) acquires shares of voting capital shares, (other than directly from XOMA) and thereby becomes the owner of more than 20% of XOMA's outstanding shares of voting capital shares (on a fully diluted basis) or XOMA enters into a merger, amalgamation or other consolidation (other than one in connection with a voluntary change of corporate domicile or similar reorganization or recapitalization transaction) in which the shareholders of XOMA (as determined immediately prior to the merger, amalgamation or other consolidation) do not own at least 50% of the outstanding shares of voting capital shares of the surviving or continuing entity after the merger, amalgamation or other consolidation. Solely for the purposes of the foregoing, a termination shall be deemed to have been made for cause in the event a participant is terminated for any of the following reasons:

- i. the participant's continued failure to substantially perform her or his duties with XOMA, or
- ii. gross misconduct.

g. *Death of a Participant.* In the event of the death of a participant while an Employee after the completion of any Plan Period but prior to the distribution, the award will be made as soon as practicable to the deceased participant's beneficiary as indicated on the participant's group insurance enrollment card.

V. *No Right to Employment.*

Nothing in the Plan shall give any participant the right to continued employment by XOMA. Furthermore, under XOMA policy, employment at XOMA is at will and can be terminated at any time by either party, with or without cause and with or without notice.

VI. *Plan Modification.*

The Plan may be modified or terminated by the Board of Directors at any time.

VII. *Miscellaneous.*

- A. *Nontransferability.* Awards shall not be transferable by a participant except by will or the laws of descent and distribution and shall be exercisable during the lifetime of a participant only by such participant or his or her guardian or legal representative. A participant's rights under the Plan may not be pledged, mortgaged, hypothecated, or otherwise encumbered, and shall not be subject to claims of the participant's creditors.
- B. *Unfunded Status of Awards.* The Plan is intended to constitute an unfunded plan of incentive compensation. With respect to any payments not yet made to a participant pursuant to an award, nothing contained in the Plan or any Award shall give any such participant any rights that are greater than those of a general unsecured creditor of XOMA.
