NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

1. Basis of Presentation

The accompanying consolidated financial statements include the accounts of Weight Watchers International, Inc., and its wholly-owned subsidiaries, which effective December 16, 2005 includes WeightWatchers.com, Inc. and its subsidiaries (collectively, "WW.com"). The term the "Company" as used throughout this document is used to indicate Weight Watchers International, Inc. and its wholly-owned subsidiaries. The term "WWI" as used throughout this document is used to indicate Weight Watchers International, Inc. and its wholly-owned subsidiaries other than WW.com.

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and include amounts that are based on management's best estimates and judgments. While all available information has been considered, actual amounts could differ from those estimates. The consolidated financial statements are unaudited but, in the opinion of management, reflect all adjustments of a normal recurring nature necessary for a fair statement of the interim results presented.

These statements should be read in conjunction with the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2006, which includes additional information about the Company, its results of operations, its financial position and its cash flows.

2. Summary of Significant Accounting Policies

For a discussion of the Company's significant accounting policies, see "Summary of Significant Accounting Policies" in the Notes to Consolidated Financial Statements of the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2006.

4. Goodwill and Intangible Assets

In accordance with SFAS No. 142, Goodwill and Other Intangible Assets, the Company no longer amortizes goodwill or other indefinite lived intangible assets. The Company performed its annual impairment review as of December 30, 2006 and determined that no impairment existed. Unamortized goodwill is due mainly to the acquisition of the Company by the H.J. Heinz Company in 1978 and the acquisition of WW.com in 2005. Franchise rights acquired are due mainly to acquisitions of the Company's franchised territories. For the three months ended March 31, 2007, the changes in goodwill and franchise rights acquired are primarily due to foreign currency fluctuations.

In accordance with SFAS No. 142, aggregate amortization expense for finite lived intangible assets was recorded in the amounts of \$1,668 and \$1,485 for the three months ended March 31, 2007 and April 1, 2006, respectively.

The carrying amount of the amortized intangible assets as of March 31, 2007 and December 30, 2006 was as follows:

	March 31, 2007		December 30, 2006	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization

5. Long-Term Debt

WWI Credit Facility

WWI's Credit Agreement, dated as of January 16, 2001, and amended and restated as of January 21, 2004, as supplemented on October 19, 2004 and as amended on June 24, 2005, May 8, 2006 and amended and supplemented on January 26, 2007, consists of a term loan facility consisting of two tranche A facilities, or Term Loan A and Additional Term Loan A, and a tranche B facility, or Term Loan B, in an aggregate amount of up to \$1,550,000 and a revolving credit facility in the amount of up to \$500,000, or the Revolver, or the WWI Credit Facility.

On May 8, 2006, WWI entered into a refinancing to reduce its effective interest rate while increasing its borrowing capacity and extending the maturities of borrowings under the WWI Credit Facility. In connection with the refinancing, WWI's Term Loan B and Additional Term Loan B in the aggregate amount of \$294,375 were repaid and replaced with a new Term Loan A in the amount of \$350,000. The additional funds of \$55,625 were used to pay down the revolving line of credit. Also, in connection with this refinancing, WWI's then existing revolving line of credit was repaid and replaced with a new revolving line of credit, the Revolver, that increased borrowing capacity from \$350,000 to \$500,000. The Term Loan A and the Revolver have a maturity date of June 2011. In connection with the early extinguishment of debt resulting from this refinancing, the Company recorded a charge of \$1,321 in the second quarter of 2006 relating to the write-off of a portion of the deferred financing costs associated with its old debt.

On January 26, 2007, in connection with the Tender Offer and the share repurchase from Artal Holdings Sp. z.o.o., an indirect subsidiary of Artal Group, S.A., and together with its parent and subsidiaries, Artal (*see Note 6*), the Company increased its debt capacity by adding an Additional Term Loan A in the amount of \$700,000 and a new Term Loan B in the amount of \$500,000. The Company utilized \$185,784 of these proceeds to pay off the WW.com credit facilities consisting of (i) a five year, senior secured first lien term loan facility in an aggregate principal amount of \$170,000 and (ii) a five and one-half year, senior secured second lien term loan facility in an aggregate principal amount of \$45,000, or the WW.com Credit Facilities, \$461,593 to repurchase 8,548 of its shares in the Tender Offer (*as defined in Note 6*) and \$567,617 to repurchase 10,511 of its shares from Artal. In connection with the early extinguishment of the WW.com Credit Facilities, the Company recorded a charge of \$3,021 in the first quarter of 2007 relating to the write-off of the deferred financing costs associated with the WW.com Credit Facilities. The Additional Term Loan A and Term Loan B mature in January 2013 and January 2014, respectively. At March 31, 2007, WWI had \$229,200 of availability under the Revolver.

The Term Loan A, Additional Term Loan A and the Revolver bear interest at an initial rate equal to LIBOR plus 1.25% per annum or, at WWI's option, the alternate base rate (as defined in the WWI Credit Agreement). The Term Loan B bears interest at an initial rate equal to LIBOR plus 1.5% per annum or, at WWI's option, the alternate base rate (as defined in the WWI Credit Facility). In addition to paying interest on outstanding principal under the WWI Credit Facility, WWI is required to pay a commitment fee to the lenders under the Revolver with respect to the unused commitments at an initial rate equal to 0.25% per annum.

The WWI Credit Facility contains customary covenants including covenants that in certain circumstances restrict WWI's ability to incur additional indebtedness, pay dividends on and redeem capital stock, make other restricted payments, including investments, sell its assets and enter into consolidations, mergers and transfers of all or substantially all of its assets. The WWI Credit Facility also requires WWI to maintain specified financial ratios and satisfy financial condition tests. At March 31, 2007, WWI complied with all of the required financial ratios and also met all of the financial condition tests and is expected to continue to do so. The WWI Credit Facility contains customary events of default.

WEIGHT WATCHERS INTERNATIONAL, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

Upon the occurrence of an event of default under the WWI Credit Facility, the lenders thereunder may cease making loans and declare amounts outstanding to be immediately due and payable. The WWI Credit Facility is guaranteed by certain of the Company's existing and future subsidiaries. Substantially all the assets of the Company collateralize the WWI Credit Facility.

On January 5, 2007, Standard & Poor's assigned a BB rating to WWI's Term Loan A and Revolver and assigned a BB rating to WWI's Additional Term Loan A and Term Loan B. On January 4, 2007, Moody's affirmed its Ba1 rating for WWI's Term Loan A and Revolver and assigned a Ba1 rating to WWI's Additional Term Loan A and Term Loan B.

WW.com Credit Facilities

On December 16, 2005, WW.com borrowed \$215,000 pursuant to the WW.com Credit Facilities. The WW.com Credit Facilities were governed by two credit agreements among WW.com, Credit Suisse, as administrative agent and collateral agent, and the lenders party thereto. As discussed above, the WW.com Credit Facilities were repaid in full in January 2007.

6. Treasury Stock

On October 9, 2003, the Company, at the direction of WWI's Board of Directors, authorized a program to repurchase up to \$250,000 of the Company's outstanding common stock. On each of June 13, 2005 and May 25, 2006, the Company, at the direction of WWI's Board of Directors, authorized adding an additional \$250,000 to this program. The repurchase program allows for shares to be purchased from time to time in the open market or through privately negotiated transactions. No shares will be purchased from Artal under the program.

During the three months ended April 1, 2006, the Company purchased 148 shares of its common stock in the open market at a total cost of \$6,809. Other than shares repurchased in connection with the Tender Offer and the share repurchase from Artal referred to below, the Company purchased no additional shares of its common stock during the three months ended March 31, 2007.

On December 18, 2006, the Company commenced a tender offer in which it sought to acquire up to 8,300 shares of its common stock at a price between \$47.00 and \$54.00 per share (the Tender Offer). Prior to the Tender Offer, the Company entered into an agreement with Artal whereby Artal agreed to sell to the Company at the same price as is determined in the Tender Offer the number of its shares necessary to keep its percentage ownership in the Company at substantially the same level after the Tender Offer. Artal also agreed not to participate in the Tender Offer so that it would not affect the determination of the price in the Tender Offer.

The Tender Offer expired at midnight on January 18, 2007, and on January 26, 2007 approximately 8,548 shares were repurchased at a price of \$54.00 per share. The 8,548 shares repurchased are comprised of the 8,300 shares the Company offered to purchase and 248 shares purchased pursuant to the Company's right to purchase up to an additional 2% of the outstanding shares as of November 30, 2006. On February 2, 2007, the Company repurchased 10,511 of its shares from Artal at a purchase price of \$54.00 per share pursuant to its prior agreement with Artal. In January 2007, the Company amended and supplemented the WWI Credit Facility to finance these repurchases. See Note 5.

7. Earnings Per Share

Basic earnings per share (EPS) computations are calculated utilizing the weighted average number of common shares outstanding during the periods presented. Diluted EPS is calculated utilizing the weighted average number of common shares outstanding adjusted for the effect of dilutive common stock equivalents.

The following table sets forth the computation of basic and diluted earnings per share:

	Three Months Ended	
	March 31,	April 1,
	2007	2006
Numerator:		
Net income	\$ 53,826	\$ 56,997
Denominator:		
Weighted-average shares of common stock outstanding	85,066	100,539
Effect of dilutive common stock equivalents	636	799
Weighted-average diluted common shares outstanding	85,702	101,338
EPS:		
Basic	\$ 0.63	\$ 0.57
Diluted	\$ 0.63	\$ 0.56

The number of anti-dilutive common stock equivalents excluded from the calculation of weighted average shares for diluted EPS was 984 and 851 for the three months ended March 31, 2007 and April 1, 2006, respectively.

8. Stock Plans

On May 12, 2004 and December 16, 1999, respectively, the Company's shareholders approved the 2004 Stock Incentive Plan (the 2004 Plan) and the 1999 Stock Purchase and Option Plan (the 1999 Plan, and together with the 2004 Plan, the Stock Plans). These plans are designed to promote the long-term financial interests and growth of the Company by attracting and retaining management with the ability to contribute to the success of the business. The Board of Directors or a committee thereof administers the Stock Plans.

Under the 2004 Plan, grants may take the following forms at the Board of Directors' or a committee's sole discretion: non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock units (RSUs) and other share-based awards. The maximum number of shares available for grant under the 2004 Plan is 2,500 shares of authorized common stock.

On March 12, 2007, the Company granted 326 options and 41 RSUs to certain members of management. The options and RSUs will vest over three years and the options will expire 10 years from the date of grant. The options and RSUs had an aggregate estimated grant-date fair value of \$4,253 and \$1,790, respectively.

9. Income Taxes

The effective tax rate for the three months ended March 31, 2007 and April 1, 2006 was 38.5% and 38.6%, respectively. For the three months ended March 31, 2007 and April 1, 2006 the primary differences between the U.S. federal statutory tax rate and the Company's effective tax rate were state income taxes, offset by lower statutory rates in certain foreign jurisdictions.

The Company adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, (FIN 48) on December 31, 2006, the first day of its 2007 fiscal year. As a result of the adoption of this standard, the Company recognized approximately a \$1,907 increase in the liability for unrecognized tax benefits, which was accounted for as a reduction to the opening balance of retained earnings for fiscal 2007. Upon adoption of FIN 48 on December 31, 2006, the Company had \$8,232 of unrecognized tax benefits, of which \$4,234 would affect its effective tax rate, if recognized.

In addition, the Company recognizes interest and penalties related to unrecognized tax benefits in income tax expense. As of December 31, 2006, the Company had \$708 of accrued interest and penalties.

The Company or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction, and various states and foreign jurisdictions. At December 31, 2006, with few exceptions, the Company was no longer subject to U.S. federal, state or local income tax examinations by tax authorities for years prior to 2002, and, non-U.S. income tax examinations by tax authorities for years prior to 2001. The Internal Revenue Service (IRS) commenced an examination of the Company's U.S. federal income tax returns for the years 2002 through 2003. The IRS has proposed and management has agreed to certain adjustments that will not have a material impact on the Company's financial position or results of operations.

10. Legal

In March 2006, the Company agreed to settle a litigation filed on behalf of a purported class of employees under the California Labor Code and the Federal Fair Labor Standards Act for \$2,300 plus other costs and expenses. This settlement was accrued for in fiscal 2005 and is subject to final approval by the court.

On July 7, 2006, the Company filed an amended notice of appeal with the U.K. VAT and Duties Tribunal (the Tribunal) appealing Her Majesty's Revenue and Customs (HMRC) ruling that from April 1, 2005 Weight Watchers meetings fees in the U.K. should be fully subject to 17.5% standard rated value added tax, or VAT. For over a decade prior to April 1, 2005, HMRC had determined that Weight Watchers meetings fees in the U.K. were only partially subject to 17.5% VAT. It is the Company's view that this prior determination by HMRC should remain in effect and this view was further supported on March 8, 2007 when the Tribunal ruled that Weight Watchers meetings in the U.K. should only be partially subject to 17.5% VAT. On May 3, 2007, HMRC appealed the Tribunal's ruling in favor of the Company and the Company intends to vigorously defend the Tribunal's ruling. If such appeal by HMRC is ultimately successful or if it is determined by HMRC that a lesser proportion of Weight Watchers meetings fees as compared to HMRC's prior rulings is not subject to 17.5% VAT, the Company may

WEIGHT WATCHERS INTERNATIONAL, INC. AND SUBSIDIARIES**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)**

incur monetary liability in excess of reserves previously recorded and its U.K. results of operations may be adversely affected in the future. However, it is the opinion of management that the ultimate disposition of this matter, to the extent not previously provided for, will not have a material impact on the financial position, results of operations or ongoing cash flows of the Company.

Due to the nature of its activities, the Company is also, at times, subject to pending and threatened legal actions that arise out of the normal course of business. The Company has had and continues to have disputes with certain of its franchisees. In the opinion of management, based in part upon advice of legal counsel, the disposition of all such matters is not expected to have a material effect on the Company's results of operations, financial condition or cash flows.

11. Derivative Instruments and Hedging

The Company enters into interest rate swaps to hedge a substantial portion of its variable rate debt. As of March 31, 2007 and April 1, 2006, the Company held contracts for interest rate swaps with notional amounts totaling \$1,050,000 and \$257,500, respectively. The Company is hedging forecasted transactions for periods not exceeding the next five years. At March 31, 2007, given the current configuration of its debt, the Company estimates that no derivative gains or losses reported in accumulated other comprehensive income will be reclassified to the Statement of Operations within the next twelve months.

As of March 31, 2007 and April 1, 2006, cumulative gains for qualifying hedges were reported as a component of accumulated other comprehensive income in the amounts of \$626 (\$1,026 before taxes) and \$1,894 (\$3,109 before taxes), respectively. For the three months ended March 31, 2007 and April 1, 2006, there were no fair value adjustments recorded in the statement of operations since all hedges are considered qualifying.

12. Comprehensive Income

	Three Months Ended	
	March 31, 2007	April 1, 2006

CRITICAL ACCOUNTING POLICIES

For a discussion of the critical accounting policies affecting us, see Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Policies of our Annual Report on Form 10-K for the fiscal year ended December 30, 2006. These critical accounting policies have not changed since December 30, 2006.

RESULTS OF OPERATIONS

Net revenues were \$399.4 million for the three months ended March 31, 2007, an increase of \$57.4 million or 16.8%, from \$342.0 million for the three months ended April 1, 2006. Revenues increased \$57.4 million driven by a \$36.4 million increase in meeting fees, a \$15.8 million increase in product sales, a \$4.4 million increase in internet revenues, and a \$2.0 million increase in licensing revenues, partially offset by a \$1.2 million decrease in other revenues. Net revenues were positively impacted by foreign currency exchange rates in the amount of \$12.6 million or 3.7%.

For the three months ended March 31, 2007, total meeting fees were \$234.9 million versus \$198.5 million for the same period in the prior year, an increase of \$36.4 million or 18.3% including the favorable impact of foreign currency translation. Attendance volumes in the quarter increased compared to prior year in the U.K. and in NACO. These gains were partially offset by a decline in Continental Europe, leaving total worldwide attendance at 18.7 million, up 0.8 million from the prior year level of 17.9 million.

In NACO, meeting fees for the three months ended March 31, 2007 were \$155.1 million, up \$27.1 million or 21.2%, from \$128.0 million for the three months ended April 1, 2006. Attendances grew 7.3% versus the prior year quarter to 11.1 million including the impact of acquisitions, but declined 2.6% without the benefit of acquisitions. Meeting fee growth far outpaced attendance growth in the quarter. The average meeting fee per attendee rose 12.8% over the prior year comparable period as a result of the continued success of our Monthly Pass commitment plan. Monthly Pass, first introduced in our 2006 fall diet season, is a recurring billing model whereby the member authorizes us to charge her credit card on a monthly basis, at a discounted rate, until the member elects to cancel. The increase in the average meeting fee arises because not all members who purchase Monthly Pass will attend all the meetings for which they have paid.

In this quarter, we are introducing paid weeks, a new and additional volume metric to provide a greater degree of insight into our business. Before the recent launch of our new commitment plans in the meeting business, growth in attendance essentially approximated growth in meeting paid weeks. With Monthly Pass growing penetration in NACO, we felt that another metric, meeting paid weeks, was needed. The meeting paid week metric captures total Weight Watchers paid meeting membership by adding paid commitment plan weeks to pay-as-you-go weeks for a given period, thus providing a greater degree of transparency. In the first quarter of 2007, paid weeks in the NACO meeting business including acquisitions grew 26.3% exceeding overall attendance growth of 7.3%.

International Company-owned meeting fees were \$79.8 million for the three months ended March 31, 2007, an increase of \$9.3 million or 13.2%, from \$70.5 million for the three months ended April 1, 2006. On a local currency basis, total international meeting fee revenues rose 3.3% from the comparable prior year quarter. Growth in U.K. attendance of 9.8% in the quarter drove meeting fee revenue growth. In Continental Europe, the meeting revenue impact of lower attendance, down 6.6% versus the prior year quarter, was offset by pricing actions taken in some of our Continental European countries.

Worldwide product sales for the three months ended March 31, 2007 were \$105.3 million, up \$15.8 million, or 17.7%, from \$89.5 million for the three months ended April 1, 2006. Domestically, product sales posted strong growth, up 14.5% or \$7.2 million to \$56.9 million in the first quarter of 2007. Internationally, product sales increased 21.6% or \$8.6 million, to \$48.4 million. On a local currency basis, international product sales rose 11.1%. The increase in worldwide product sales is partially the result of newly designed enrollment products that appeal to our enrollees as well as to many of our ongoing members.

Internet revenues, which include subscription revenue from sales of Weight Watchers Online and Weight Watchers eTools subscriptions, as well as internet advertising revenue, grew \$4.4 million or 14.1%, to \$35.6 million for the three months ended March 31, 2007 from \$31.2 million for three months ended April 1, 2006. The number of end-of-period active Weight Watchers Online subscribers increased 21.3%, from 497,000 in the first quarter of 2006 to 603,000 in the first quarter of 2007, driven by WW.com's first national television advertising campaign, which aired in the quarter. The revenue impact of the growth in end-of-period online subscribers was partially offset by a lower sign-up rate in the quarter for paid eTools, the paid internet product for meeting members. This is a result of meeting members migrating to the Monthly Pass commitment plan which includes free eTools as part of its monthly fee.

Other revenue, comprised primarily of licensing revenues and our publications, was \$18.5 million for the three months ended March 31, 2007, an increase of \$1.9 million or 11.4%, from \$16.6 million for the three months ended April 1, 2006. Licensing revenues increased \$2.0 million or 16.0% worldwide. Excluding a sizable catch-up payment made in first quarter last year in one of our international markets, the increase in licensing revenues rises to 20%.

Franchise royalties were \$3.6 million domestically and \$1.5 million internationally for the three months ended March 31, 2007. Total franchise royalties were \$5.1 million, down 17.3% from \$6.2 million in the prior year. Excluding lost commissions resulting from our recent acquisition of four of our franchises, franchise royalties rose 10.5%.

Cost of revenues was \$173.3 million for the three months ended March 31, 2007, an increase of \$23.8 million or 15.9%, from \$149.5 million for the three months ended April 1, 2006. Gross profit margin of 56.6% of sales for the three months ended March 31, 2007 increased 30 basis points from 56.3% of sales in the prior year.

Marketing expenses for the three months ended March 31, 2007 increased \$16.9 million or 31.4%, to \$70.8 million, from \$53.9 million for the three months ended April 1, 2006. A significant portion of the increased spend resulted from additional television advertising. In the U.S., WW.com began advertising on television for the first time, while in NACO, Continental Europe and the U.K., we increased our level of television advertising. We also invested more heavily in print and direct mail this quarter as compared to the prior year. As a percentage of net revenues, marketing expenses were 17.7% for the three months ended March 31, 2007, as compared to 15.8% in the same period last year.

Selling, general and administrative expenses were \$39.6 million for the three months ended March 31, 2007 as compared to \$34.5 million for the three months ended April 1, 2006, an increase of \$5.1 million. As a percentage of revenues, selling, general and administrative expenses were down to 9.9% for the three months ended March 31, 2007, as compared to 10.1% in the same period last year. This year's selling, general and administrative expense is and will continue to be impacted by our ongoing technology investment in upgrading our systems.

Operating income was \$115.7 million for the three months ended March 31, 2007, an increase of \$11.6 million or 11.1%, from \$104.1 million for the three months ended April 1, 2006. The operating income margin for the three months ended March 31, 2007 was 29.0%, a decrease of 140 basis points from 30.4% for the comparable period last year, a direct result of our higher marketing expense.

Net interest charges increased \$13.9 million to \$25.2 million for the three months ended March 31, 2007, as compared to \$11.3 million for the three months ended April 1, 2006. The increase in interest expense was primarily the result of higher debt outstanding. In the first quarter, we increased our debt in order to finance the repurchase of 19.1 million shares (as further explained in Liquidity and Capital Resources - Stock Transactions).

In connection with the early extinguishment of debt resulting from the pay down of the WW.com Credit Facilities (as further explained in Note 5 to the Consolidated Financial Statements), we recorded a charge of \$3.0 million relating to the write-off of the deferred financing costs associated with the WW.com Credit Facilities.

Our effective tax rate for the three months ended March 31, 2007 was 38.5%, as compared to 38.6% for the three months ended April 1, 2006.

LIQUIDITY AND CAPITAL RESOURCES

Sources and Uses of Cash

For the three months ended March 31, 2007, cash and cash equivalents were \$53.9 million, an increase of \$16.4 million from December 30, 2006. Cash flows provided by operating activities were \$102.3 million, including \$6.9 million used by WW.com's operating activities. The cash provided by operations exceeded our net income of \$53.8 million, with the excess arising from changes in our working capital, in particular a significant increase in deferred revenues, and differences between book and cash taxes. Funds used for investing and financing activities combined totaled \$86.3 million. Investing activities utilized \$6.8 million, primarily for capital expenditures of \$3.2 million, software expenditures of \$2.3 million and website development expenditures of \$1.3 million. Cash used for financing activities totaled \$79.5 million. This included the repurchase of 19.1 million shares of our common stock for \$1,033.1 million in connection with our Tender Offer and share repurchase from Artal and dividend payments of \$17.1 million, financed primarily by net proceeds from borrowings of \$968.9 million.

For the three months ended April 1, 2006, cash and cash equivalents were \$52.9 million, an increase of \$21.4 million from December 31, 2005. Cash flows provided by operating activities in the first quarter of 2006 were \$101.1 million, including \$11.5 million provided by WW.com's operating activities. The cash provided by operations was driven by our net income of \$57.0 million and changes in our working capital. Funds used for investing and financing activities combined totaled \$81.4 million. Investing activities utilized \$4.5 million, primarily for capital expenditures of \$3.7 million. Cash used for financing activities totaled \$76.9 million. This included the repurchase of 148.3 thousand shares of our common stock for \$6.8 million, consistent with our stock repurchase program (*See Part II, Item 2*) and a net paydown of debt of \$73.7 million.

Balance Sheet

Comparing the balance sheet at March 31, 2007 with that at December 30, 2006, our cash balance has increased by \$16.4 million to \$53.9 million, as noted above. Our working capital deficit at March 31, 2007 was \$81.5 million, including \$53.9 million of cash, as compared to \$81.8 million, including \$37.5 million of cash, at December 30, 2006. Excluding the change in cash, the working capital deficit increased by \$16.1 million from December 30, 2006 to March 31, 2007.

Of the \$16.1 million increase in negative working capital, approximately \$36.1 million relates to operational items and \$3.6 million reflects an increase in the current portion of our long-term debt. These are partially offset by a decrease in negative working capital of \$23.6 million arising from higher deferred taxes. The \$36.1 million of operational items is largely the result of a \$28.3 million increase in deferred revenue for member prepayments associated with our new commitment plans. The remaining \$7.8 million is comprised of net payables and accrued expenses increasing \$8.8 million, inventories declining by \$3.6 million, and a \$4.6 million higher receivables balance in the quarter.

Long Term Debt

As of March 31, 2007, the WWI Credit Facility consists of a term loan facility in an aggregate amount of up to \$1,550.0 million consisting of Term Loan A, Additional Term Loan A and

Term Loan B, and the Revolver in the amount of up to \$500.0 million. At March 31, 2007, WWI had debt of \$1,818.1 million and had additional availability under its \$500.0 million Revolver of \$229.2 million.

At March 31, 2007 and December 30, 2006, our debt consisted entirely of variable-rate instruments. The average interest rate on our debt was approximately 6.7% and 6.8% per annum at March 31, 2007 and December 30, 2006, respectively.

The following schedule sets forth WWI's long-term debt obligations and interest rates at March 31, 2007:

Long-Term Debt At March 31, 2007

	Balance (in millions)	Interest Rate
Revolver due 2011	\$ 268.1	6.68%
Term Loan A due 2011	350.0	6.66%
Additional Term Loan A due 2013	700.0	6.63%
Term Loan B due 2014	500.0	6.88%
Total Debt	1,818.1	
Less Current Portion	22.5	
Total Long-Term Debt	\$ 1,795.6	

The Term Loan A, Additional Term Loan A and the Revolver bear interest at an initial rate equal to LIBOR plus 1.25% per annum or, at WWI's option, the alternate base rate (as defined in the WWI Credit Facility). The Term Loan B bears interest at an initial rate equal to LIBOR plus 1.5% per annum or, at WWI's option, the alternate base rate (as defined in the WWI Credit Facility). In addition to paying interest on outstanding principal under the WWI Credit Facility, WWI is required to pay a commitment fee to the lenders under the Revolver with respect to the unused commitments at an initial rate equal to 0.25% per year.

The WWI Credit Facility contains customary covenants, including covenants that, in certain circumstances, restrict our ability to incur additional indebtedness, pay dividends on and redeem capital stock, make other restricted payments, including investments, sell our assets and enter into consolidations, mergers and transfers of all or substantially all of our assets. The WWI Credit Facility also requires WWI to maintain specified financial ratios and satisfy financial condition tests. At March 31, 2007, WWI complied with all of the required financial ratios and also met all of the financial condition tests and is expected to continue to do so. The WWI Credit Facility contains customary events of default. Upon the occurrence of an event of default under the WWI Credit Facility, the lenders thereunder may cease making loans and declare amounts outstanding to be immediately due and payable. The WWI Credit Facility is guaranteed by certain of our existing and future subsidiaries. Substantially all of our assets collateralize the WWI Credit Facility.

On January 5, 2007, Standard & Poor's assigned a BB rating to WWI's Term Loan A and Revolver and assigned a BB rating to WWI's Additional Term Loan A and Term Loan B. On January 4, 2007, Moody's affirmed its Ba1 rating for WWI's Term Loan A and Revolver and assigned a Ba1 rating to WWI's Additional Term Loan A and Term Loan B.

The following schedule sets forth our year-by-year debt obligations:

Total Debt Obligation

(Including Current Portion)

As of March 31, 2007

(in millions)

Remainder of 2007	\$ 16.9
2008	45.6
2009	162.5
2010	215.0
2011	623.1
Thereafter	755.0
Total	\$ 1,818.1

Debt obligations due to be repaid in the next 12 months are expected to be satisfied with operating cash flows. We believe that cash flows from operating activities, together with borrowings available under our Revolver, will be sufficient for the next 12 months to fund currently anticipated capital expenditure requirements, debt service requirements and working capital requirements.

Dividends

On March 12, 2007, our Board of Directors declared a quarterly dividend of \$0.175 per share for the first quarter of fiscal 2007 to be paid on April 13, 2007 to shareholders of record as of March 30, 2007.

The WWI Credit Facility provides that we are permitted to pay dividends and extraordinary dividends so long as we are not in default under our credit agreement. However, payment of extraordinary dividends shall not exceed \$150 million in any fiscal year if net debt to EBITDA is greater than 2.5:1 and investment grade rating date (as defined in the credit agreement) has not occurred. We do not expect this restriction to impair our ability to pay dividends, but it could do so.

Stock Transactions

On December 18, 2006, we commenced a tender offer in which we sought to acquire up to 8.3 million shares of our common stock at a price between \$47.00 and \$54.00 per share, or Tender Offer. Prior to the Tender Offer, we entered into an agreement with Artal whereby Artal agreed to sell to us at the same price as is determined in the Tender Offer the number of our shares necessary to keep its percentage ownership in us at substantially the same level after the Tender Offer. Artal also agreed not to participate in the Tender Offer so that it would not affect the determination of the price in the Tender Offer. The Tender Offer expired at midnight on January 18, 2007, and on January 26, 2007 we repurchased approximately 8.5 million shares at a price of \$54.00 per share. The 8.5 million shares repurchased are comprised of the 8.3 million shares we offered to purchase and 0.2 million shares purchased pursuant to our right to purchase up to an additional 2% of the outstanding shares as of November 30, 2006. On February 2, 2007, we repurchased 10.5 million of our shares from Artal at a purchase price of \$54.00 per share pursuant to our prior agreement with Artal.

On October 9, 2003, our Board of Directors authorized a program to repurchase up to \$250.0 million of our outstanding common stock. On each of June 13, 2005 and May 25, 2006, our Board of Directors authorized adding an additional \$250.0 million to this plan. The repurchase program allows for shares to be purchased from time to time in the open market or through privately negotiated transactions.

No shares will be purchased from Artal under the program. Other than the aforementioned Tender Offer and share repurchase from Artal, we purchased no additional shares of our common stock during the three months ended March 31, 2007.

Factors Affecting Future Liquidity

Any future acquisitions, joint ventures or other similar transactions could require additional capital and we cannot be certain that any additional capital will be available on acceptable terms or at all. Our ability to fund our capital expenditure requirements, interest, principal and dividend payment obligations and working capital requirements and to comply with all of the financial covenants under our debt agreements depends on our future operations, performance and cash flow. These are subject to prevailing economic conditions and to financial, business and other factors, some of which are beyond our control.

OFF-BALANCE SHEET TRANSACTIONS

As part of our ongoing business, we do not participate in transactions that generate relationships with unconsolidated entities or financial partnerships established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes, such as entities often referred to as structured finance or special purpose entities.

RELATED PARTY TRANSACTIONS

For a discussion of related party transactions affecting us, see Item 13. Certain Relationships and Related Transactions of our Annual Report on Form 10-K for the fiscal year ended December 30, 2006. Other than during the normal course of business, the related party transactions affecting us have not changed since December 30, 2006.

SEASONALITY

Our business is seasonal, with revenues generally decreasing at year end and during the summer months. Our advertising schedule supports the three key enrollment-generating seasons of the year: winter, spring and fall, with winter having the highest concentration of advertising spending. The timing of certain holidays, particularly Easter, which precedes the spring diet season and occurs between March 22 and April 25, may affect our results of operations and the year-to-year comparability of our results. For example, in 2007, Easter fell on April 8, which means that the pre-summer diet season began earlier than it did in 2006. Our operating income for the first half of the year is generally the strongest. While WW.com experiences similar seasonality in terms of new subscriber signups, its revenue tends to be less seasonal because it amortizes subscription revenue over the related subscription period.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Since 100% of our debt is variable rate-based, any changes in market interest rates will cause an equal change in our interest expense associated with our long-term debt. Accordingly we have entered into interest rate swaps to hedge a substantial portion of our variable rate debt, which mitigates a substantial portion of the associated market risk.

For a more detailed discussion of our quantitative and qualitative disclosures about market risks that affect us, see Item 7A Quantitative and Qualitative Disclosure About Market Risk of our Annual Report on Form 10-K for the fiscal year ended December 30, 2006. Our exposure to market risks has not changed materially since December 30, 2006.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (the Exchange Act) is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation and subject to the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that the design and operation of our disclosure controls were effective at the reasonable assurance level.

In addition, there was no change in our internal control over financial reporting that occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. However, in fiscal 2007, we are in the process of upgrading some of our information systems, which will result in the automation of certain key processes. As we migrate to this new environment, our management takes appropriate actions to ensure the continuity of key controls, and the transitions are reviewed as part of our testing of internal controls as they relate to the reliability of financial reporting and the preparation and fair presentation of our consolidated financial statements.

PART II OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

On July 7, 2006, we filed an amended notice of appeal with the U.K. VAT and Duties Tribunal (the Tribunal) appealing Her Majesty's Revenue and Customs (HMRC) ruling that from April 1, 2005 Weight Watchers meetings fees in the U.K. should be fully subject to 17.5% standard rated value added tax, or VAT. For over a decade prior to April 1, 2005, HMRC had determined that Weight Watchers meetings fees in the U.K. were only partially subject to 17.5% VAT. It is our view that this prior determination by HMRC should remain in effect and this view was further supported on March 8, 2007 when the Tribunal ruled that Weight Watchers meetings in the U.K. should only be partially subject to 17.5% VAT. On May 3, 2007, HMRC appealed the Tribunal's ruling in favor of the Company and the Company intends to vigorously defend the Tribunal's ruling. If such appeal by HMRC is ultimately successful or if it is determined by HMRC that a lesser proportion of Weight Watchers meetings fees as compared to HMRC's prior rulings is not subject to 17.5% VAT, we may incur monetary liability in excess of reserves previously recorded and our U.K. results of operations may be adversely affected in the future. However, it is the opinion of management that the ultimate disposition of this matter, to the extent not previously provided for, will not have a material impact on our financial position, results of operations or ongoing cash flows.

Due to the nature of our activities, we are also at times subject to pending and threatened legal actions that arise out of the normal course of business. We have had and continue to have disputes with certain of our franchisees. In the opinion of management, based in part upon advice of legal counsel, the disposition of all such matters is not expected to have a material effect on our results of operations.

ITEM 1A. RISK FACTORS

There have been no material changes in the risk factors at March 31, 2007 from those detailed in the Company's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 30, 2006.
