REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Corporate Employee Benefits

Committee of Fortune Brands, Inc.:

We have audited the accompanying statements of net assets available for benefits of the Fortune Brands Hourly Employee Retirement Savings Plan (the Plan), as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE A - DESCRIPTION OF PLAN

General

The Fortune Brands Hourly Employee Retirement Savings Plan (the Plan) is a defined contribution plan covering certain hourly, non-union employees of certain operating subsidiaries of Fortune Brands, Inc. (Fortune) participating in the Plan. MasterBrand Cabinets, Inc. (MasterBrand) which includes Omega Cabinets, Ltd. (Omega); Moen Incorporated (Moen); Therma-Tru Corp. (Therma-Tru); and Waterloo Industries, Inc. (Waterloo) are the operating subsidiaries that contribute to the Plan and are referred to collectively as the Companies and individually as a Company. Effective July 2, 2007, Simonton Building Products, Inc., Simonton Industries, Inc., Simonton Windows, Inc., SimEx, Inc., Fypon, Ltd. and Hy-Lite Products, Inc., f/k/a SBR, Inc. (SBR) became participating Companies in the Plan. The Plan was amended effective April 1, 2006 to designate the Fortune Stock Fund as an ESOP (Employee Stock Ownership Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan administrator at 520 Lake Cook Road, Deerfield, Illinois 60015.

The financial statements present the net assets available for plan benefits as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the years then ended. The assets of the Plan are included in a pool of investments known as the Fortune Brands, Inc. Savings Plans Master Trust (the Master Trust), along with the assets of the Fortune Brands Employee Retirement Savings Plan and the Future Brands LLC Retirement Savings Plan. The Master Trust investments are administered and held by Fidelity Management Trust Company (the Trustee).

Contributions

The Plan is a defined contribution plan. Contributions are held by the Trustee and accumulated in separate participant accounts. Participants may make tax deferred contributions under Section 401(k) of the Internal Revenue Code (the Code) of up to 50% of eligible compensation. Participants' annual tax deferred contributions are limited by the Code to \$15.5 and \$15 in 2007 and 2006, respectively. In addition, during the year in which a participant attains age 50 and in subsequent years, the participant may elect an additional unmatched, pretax catch up contribution which is limited by the Code to \$5 in 2007 and 2006. The Plan also permits each participant to make after-tax contributions to the Plan. However, total pre-tax and after-tax contributions may not exceed 50% of the participant's total eligible compensation.

Along with catch-up contributions, the maximum amount a person can contribute to the Plan is 75% of eligible compensation.

(Dollars in thousands)

Participants that are eligible to make tax deferred contributions may roll over balances from another tax qualified retirement plan into the Plan.

On behalf of each eligible participant, Therma-Tru Corp. will make a Qualified Nonelective Contribution each payroll period in the amount of 3% of compensation. Any Qualified Nonelective Contribution made by Therma-Tru Corp. will be allocated to the qualified nonelective employer contribution (QNEC) accounts of eligible participants based on such eligible participants' respective compensation for such Plan year.

Most of the Companies provide a matching contribution (in varying amounts) on a participant's elective contributions. MasterBrand, and Therma-Tru each made profit-sharing contributions for their eligible employees in 2007 and 2006. For more information on the amount of profit-sharing and matching contributions provided by each Company, refer to the Plan document, which is available from the Plan administrator.

Participants may direct the investment of their tax deferred contributions, catch-up contributions, after-tax contributions, matching contributions, profit sharing contributions, if any, and their Plan account balances in the available investment funds.

Participant account balances are maintained to reflect each participant's beneficial interest in the Plan's funds. Participant account balances are increased by participant and Company contributions (including rollovers from other plans) and decreased by the amount of withdrawals and distributions. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund as of the preceding valuation date.

Vesting

Participants are immediately vested in their own contributions plus earnings on their contributions. Vesting in the Company matching and profit-sharing contributions, plus earnings on those contributions, occurs after one year of service. Therma-Tru participants are 100% vested in the Therma-Tru profit-sharing account at all times.

Table of Contents**Fortune Brands Hourly Employee****Retirement Savings Plan****NOTES TO FINANCIAL STATEMENTS - CONTINUED****December 31, 2007 and 2006****(Dollars in thousands)**

Each Employee who was an active participant in the SBR, Inc. and Subsidiaries 401(k) Plan immediately prior to July 2, 2007 will be 100% vested in his or her Match (Grandfathered) Account. Each former Employee, or Beneficiary of a former Employee, who was an inactive participant on July 2, 2007 will vest in his or her Match (Grandfathered) Account in accordance with the following table:

Years of service	Percentage Vested
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Forfeitures

At December 31, 2007 and 2006 forfeited nonvested accounts totaled \$384 and \$278 respectively. These accounts will be used to reduce future Company contributions. Also, Company contributions were reduced by \$10 during the year ended December 31, 2007 from forfeited nonvested accounts. Company contributions were not reduced by the forfeited nonvested account during the year ended December 31, 2006.

Loans

A participant may apply for a loan of at least \$1,000 from the vested portion of the participant's account balance (excluding the portion in certain subaccounts) in an amount which does not exceed one-half of the participant's vested balance, provided that the loan also does not exceed \$50,000. Any loans applied for are also reduced by any other loan outstanding under the Plan within the previous twelve months. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence. No more than one home residence loan and one loan for any other purpose may be outstanding at any time.

A new loan may not be applied for until 30 days after any prior loan is repaid in full. Each loan bears a rate of interest commensurate with prevailing market rates at the time of issuance. Repayment is made by payroll deduction so that the loan is repaid over the term of the loan in substantially level installments not less frequently than quarterly.

Distributions and Withdrawals

Benefits are payable from a participant's account under the Plan's provisions, upon a participant's death, retirement or other termination of employment in a lump sum or in installment payments. The Plan also permits withdrawals to be made by participants who have incurred a hardship as defined in the Plan or after the attainment of age 59½.

Distributions and withdrawals to which a participant is entitled are those, subject to certain eligibility and forfeiture provisions, that can be provided by the aggregate of employer and employee contributions and the income thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. Distributions and withdrawals are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held in the Master Trust at year end. Shares of collective trust funds are valued based on the market prices of the underlying securities. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend basis. Interest income is recorded on the accrual basis.

Operating Expenses

Certain expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts. These include investment manager, Master Trust and record-keeper expenses. Other expenses are paid directly by Fortune Brands.

The Plan was amended effective July 1, 2006 to remove the Gallaher Fund and ACCO Stock Fund from the investment options offered under the Plan.

The Plan was amended effective April 1, 2006 to designate the Fortune Stock Fund as an ESOP (Employee Stock Ownership Plan) and to allow Participants the right to elect a cash payment of any dividends paid on the shares of Fortune Common Stock in the vested portion of their ESOP subaccounts.

NOTE D - TRANSFERS TO AND FROM THE PLAN

NOTE F - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market value could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

NOTE G - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated April 04, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). This determination letter is applicable to IRS review of the working copy of the Plan and the associated amendments submitted with the application dated February 21, 2007. The Plan administrator believes that the Plan is currently designed and operated in compliance, in all material respects, with the applicable requirements of the code.

NOTE H - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments. Fidelity Investments is an affiliated company of Fidelity Management Trust Company, the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan also holds shares of Fortune Brands Common Stock in a unitized fund which is made up primarily of stock plus a percentage of short term investments.

Fees have been paid to Fidelity by the Plan for recordkeeping and investment management services for the years ended December 31, 2007 and 2006.
