**NOTICE OF ANNUAL MEETING
AND PROXY STATEMENT**

March 9, 2009

Dear Fellow Stockholders:

We are pleased to invite the stockholders of Fortune Brands, Inc. (Fortune Brands or the Company) to attend the Annual Meeting of Stockholders to be held on Tuesday, April 28, 2009 at 1:30 p.m. (CDT) at The Westin Chicago North Shore, 601 N. Milwaukee Avenue, Wheeling, Illinois. We will consider and vote upon the following matters:

- Item 1:* The election of four directors for a term expiring at the 2012 Annual Meeting (see pages 6 to 9 of the Proxy Statement);
- Item 2:* The ratification of the appointment by the Company s Audit Committee of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2009 (see pages 46 and 47 of the Proxy Statement);
- Item 3:* The approval of amendments to the Company s Restated Certificate of Incorporation to provide for the annual election of directors (see pages 47 and 48 of the Proxy Statement);
- Item 4:* If presented, a stockholder proposal entitled Adopt Simple Majority Vote (see pages 49 to 51 of the Proxy Statement); and

such other business as may properly come before the meeting.

Stockholders of record at the close of business on February 27, 2009, the record date for the meeting, are entitled to vote at the Annual Meeting.

YOUR VOTE IS VERY IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE SUBMIT YOUR PROXY OR VOTING INSTRUCTIONS AS SOON AS POSSIBLE. You may submit your proxy (1) by mail using a traditional proxy card, (2) by telephone, or (3) through the Internet.

PLEASE CONFIRM YOUR PREFERENCE FOR ELECTONIC DELIVERY OF FUTURE ANNUAL MEETING MATERIALS. You can expedite delivery of your annual meeting materials and avoid costly mailings by confirming in advance your preferred method of delivery. For further information on how to take advantage of this cost-saving service, please see pages 1 and 2 of this Proxy Statement.

This Proxy Statement and accompanying proxy are being distributed on or about March 13, 2009.

Bruce A. Carbonari
Chairman of the Board and Chief Executive Officer

Mark A. Roche
Senior Vice President, General Counsel and Secretary

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON TUESDAY, APRIL 28, 2009.

The Proxy Statement, Annual Report on Form 10-K, and 2008 Annual Review are available at www.proxyvote.com.

You will need your assigned control number to vote your shares. Your control number can be found on your proxy card or voting instruction form.

The Annual Meeting for stockholders is to be held at 1:30 p.m. (CDT) on Tuesday, April 28, 2009, at:

The Westin Chicago North Shore
601 N. Milwaukee Avenue
Wheeling, Illinois 60090

ITEMS TO BE VOTED ON:

ITEM 1 ELECTION OF DIRECTORS

To elect four directors for a three-year term. The Board of Directors recommends that stockholders vote **FOR** each of the nominees.

ITEM 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To vote to ratify the appointment by the Audit Committee of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. The Board of Directors recommends that stockholders vote **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

ITEM 3 APPROVAL OF AMENDMENTS TO THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION

To vote to approve amendments to the Company's Restated Certificate of Incorporation to provide for the annual election of directors. The Board of Directors recommends that stockholders vote **FOR** the approval of amendments to the Company's Restated Certificate of Incorporation.

ITEM 4 STOCKHOLDER PROPOSAL

If presented, to vote on a stockholder proposal to eliminate stockholder voting requirements in excess of a majority of votes cast. The Board of Directors recommends that stockholders vote **AGAINST** the stockholder proposal.

Table of Contents

PROXY VOTING OPTIONS

YOUR VOTE IS IMPORTANT!

VOTE BY INTERNET

www.proxyvote.com

24 hours a day / 7 days a week

VOTE BY TELEPHONE

1-800-690-6903 via touch tone phone

toll-free 24 hours a day / 7 days a week

INSTRUCTIONS:

Read the accompanying Proxy Statement.

Go to the following website:

www.proxyvote.com

Have your proxy card or voting instruction form in hand and follow the instructions. You can also register to receive all future stockholder communications electronically, instead of in print. This means that the Annual Review, Form 10-K and Proxy Statement will be delivered to you electronically via e-mail.

INSTRUCTIONS:

Read the accompanying Proxy Statement.

Call toll-free 1-800-690-6903.

Have your proxy card or voting instruction form in hand and follow the instructions.

Whether or not you expect to personally attend the Annual Meeting, we urge you to vote your shares by phone, via the Internet, or by signing, dating and returning the enclosed proxy card. Voting early will ensure the presence of a quorum at the meeting and will save the Company the expense and extra work of additional solicitation. An addressed envelope, postage paid if mailed in the United States, is enclosed if you wish to vote your shares by returning your completed proxy card by mail. Submitting your proxy now will not prevent you from voting at the meeting, as your vote by proxy is revocable at your option.

Voting by the **Internet** or **telephone** is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the Internet or telephone, you help Fortune Brands reduce postage and proxy tabulation costs.

PLEASE DO NOT RETURN THE ENCLOSED PAPER BALLOT IF YOU ARE VOTING OVER THE INTERNET OR BY TELEPHONE.

Table of Contents

FREQUENTLY ASKED QUESTIONS

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is for stockholders to act upon the matters outlined in the Notice of Annual Meeting and described in this Proxy Statement, including: (1) the election of directors, (2) the ratification of the appointment of our independent registered public accounting firm, (3) the approval of amendments to the Company's Restated Certificate of Incorporation, and (4) if presented, consideration of a stockholder proposal entitled Adopt Simple Majority Vote. In addition, management will respond to questions from stockholders.

Who is entitled to vote?

Only stockholders who owned the Company's common stock or \$2.67 Convertible Preferred Stock of record at the close of business on February 27, 2009 are entitled to vote. Each holder of common stock is entitled to one vote per share. Each holder of \$2.67 Convertible Preferred Stock is entitled to three-tenths (0.3) of one vote per share. The common stock and \$2.67 Convertible Preferred Stock are voted together as a single class. There were 150,150,830 shares of common stock and 177,913 shares of \$2.67 Convertible Preferred Stock outstanding on February 27, 2009.

What is the difference between being a record holder and holding shares in street name?

A record holder holds shares in his or her own name. Shares held in street name means shares that are held in the name of a bank or broker on a person's behalf. The majority of stockholders hold their shares in street name.

How do I vote?

If you received a Notice of Internet Availability in the mail, you can either vote by Internet or in person at the Annual Meeting. Record holders that received a copy of this Proxy Statement and accompanying proxy card can vote by filling out the proxy card and returning it in the postage paid return envelope. You can also vote by telephone or the Internet. Voting instructions are provided on both the Notice of Internet Availability and the proxy card.

If you hold shares in street name, you must vote by giving instructions to your broker or nominee. You should follow the voting instructions on the form that you receive from your broker or nominee. The availability of telephone and Internet voting will depend on your bank's or broker's voting process. Without your instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters (such as Items 1 and 2) but is not permitted to use discretion and vote your shares on non-routine matters (such as Items 3 and 4). Shares that are not permitted to be voted by your broker are called broker non-votes. Broker non-votes are not considered votes for or against a proposal and therefore will have no direct impact on any proposal. However, because Item 3 (the proposal to approve amendments to our Restated Certificate of Incorporation) requires the

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

affirmative vote of holders of a majority of our outstanding common stock and \$2.67 Convertible Preferred Stock, broker non-votes will have the same effect as votes against the proposal. *Therefore, we urge you to give voting instructions to your broker on all four voting items.*

Table of Contents

How will my proxy be voted?

Your proxy card, when properly signed and returned to us, or processed by telephone or via the Internet, and not revoked, will be voted in accordance with your instructions relating to the election of directors and Items 2, 3 and 4. We are not aware of any other matter that may be properly presented other than the election of directors and Items 2, 3 and 4. If any other matter is properly presented, the persons named in the enclosed proxy card will have discretion to vote in their best judgment.

What if I don't mark the boxes on my proxy?

Unless you give other instructions on your proxy card, or unless you give other instructions when you cast your vote by telephone or the Internet, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each Item in this Proxy Statement. In summary, the Board recommends a vote

FOR:

the election of directors;

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2009;

the approval of amendments to our Restated Certificate of Incorporation to provide for the annual election of directors; and

AGAINST:

the stockholder proposal entitled Adopt Simple Majority Vote.

Can I go to the Annual Meeting if I vote by proxy?

Yes. Attending the meeting does not revoke your proxy.

How can I revoke my proxy?

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

You may revoke your proxy at any time before it is actually voted by giving written notice to the secretary of the meeting or by delivering a later dated proxy.

Do I have dissenters' rights?

Under Delaware law, dissenters' rights are not available to holders of common stock and \$2.67 Convertible Preferred Stock in connection with Items 1, 2, 3 and 4.

Will my vote be public?

As a matter of policy, stockholder proxies, ballots and tabulations that identify individual stockholders are not publicly disclosed, but are available to the independent Inspector of Election, the proxy solicitation firm and certain employees of Fortune Brands, Inc.

Table of Contents

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority in voting power of the outstanding shares of common stock and \$2.67 Convertible Preferred Stock entitled to vote will constitute a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How many votes are needed to approve an Item?

The nominees for director, in non-contested elections, must receive a majority of the votes cast at the meeting, in person or by proxy, to be elected, subject to the Company's majority vote by-law provision relating to the election of directors, as discussed below under Election of Directors. A proxy card marked to withhold authority for the election of one or more directors will not be voted with respect to the director or directors indicated.

The affirmative vote of shares representing a majority in voting power of the common stock and \$2.67 Convertible Preferred Stock, voting together as a single class, present in person or represented by proxy at the meeting and entitled to vote is necessary for approval of Items 2 and 4. The affirmative vote of shares representing a majority of the outstanding common stock and \$2.67 Convertible Preferred Stock is necessary for approval of Item 3. Proxy cards marked as abstentions on Items 2, 3 and 4 will not be voted and will have the effect of a negative vote.

What if I am a participant in the Fortune Brands Retirement Savings Plan, the Fortune Brands Hourly Employee Retirement Savings Plan or the Future Brands LLC Retirement Savings Plan?

We are mailing this Proxy Statement and a proxy card to participants in the Fortune Brands Retirement Savings Plan, the Fortune Brands Hourly Employee Retirement Savings Plan, and the Future Brands LLC Retirement Savings Plan (collectively, the Savings Plans) who invest in the Fortune Brands Stock Fund under the Savings Plans. The Trustee, as record holder of Fortune Brands common stock held in the Savings Plans, will vote whole shares attributable to your interest in the Fortune Brands Stock Fund in accordance with your directions given on the proxy card, by telephone or the Internet. If you invest in the Fortune Brands Stock Fund under the Savings Plans and you sign and return the enclosed proxy card, we will forward it to the Trustee of the Savings Plans. The proxy card will serve as instructions to the Trustee to vote the whole shares attributable to your interest in the manner you indicate on the card.

Table of Contents

Item 1

ELECTION OF DIRECTORS

The Board of Directors (the Board) currently consists of 10 members and is divided into three classes, each having a three-year term. The terms expire in successive years, with the term of office of directors in Class II expiring at the 2009 Annual Meeting. The Board proposes that the four nominees described below, each of whom is currently serving as a Class II director, be re-elected to Class II for a new term of three years expiring at the 2012 Annual Meeting of Stockholders and until their successors are duly elected and qualified. Proxies cannot be voted for more than the number of nominees proposed for re-election.

All nominees and all current Class I and Class III directors were elected by the stockholders, except for Mr. Bruce A. Carbonari who was elected by the Board effective August 21, 2007; Ms. Ann F. Hackett who was elected by the Board effective December 4, 2007; and Mr. Ronald V. Waters, III who was elected by the Board effective July 30, 2008. Dr. Patricia O. Ewers retired from the Board in April 2008.

Under the Company's majority vote by-law provision, in non-contested elections, if a director fails to win a majority of affirmative votes for his or her election, the director must tender his or her resignation from the Board promptly after the certification of the stockholder vote. The Board will decide within 90 days of that certification, through a process managed by the Nominating and Corporate Governance Committee and excluding the nominee in question, whether to accept the resignation. The Board's explanation of its decision will be promptly disclosed in a filing with the Securities and Exchange Commission (the SEC).

Each of the nominees has consented to be named as a nominee. If any of them should become unavailable to serve as a director (which is not now expected), the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board.

The names of the nominees and Class I and Class III directors, along with their present positions, their principal occupations during the past five years, directorships held with other corporations, their ages and the year first elected as a director, are set forth below.

Table of Contents

CORPORATE GOVERNANCE

Corporate Governance Principles

The Board has adopted Corporate Governance Principles, which are available at www.fortunebrands.com/about/policies.cfm. The Principles describe our corporate governance practices and address corporate governance issues such as Board composition and responsibilities, compensation of directors and executive succession planning.

Director Independence

The Company's Corporate Governance Principles provide that a majority of the members of the Board, and each member of the Audit, Compensation and Stock Option and Nominating and Corporate Governance Committees, must meet certain criteria for independence. Based on the New York Stock Exchange independence requirements, the Corporate Governance Principles set forth certain guidelines to assist the Board in its determination of director independence.

Based on the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles, Messrs. Goldstein, Leroy, Mackay, Thomas, Waters and Wilson, Mrs. Hackett, Mrs. Tatlock and Dr. Ewers (a director during a portion of 2008) were affirmatively determined by the Board to be independent. Due to Mr. Wesley's prior employment with the Company, he is not considered independent. When determining each director's independence, the Board considered charitable contributions made by the Company to organizations with which each director is affiliated. All such charitable relationships were deemed immaterial.

Also, none of the non-employee directors has any relationship with the Company other than being a director and stockholder, or any transaction or arrangement that interferes with each director's independence, except for Mr. Wesley by virtue of his prior employment with the Company.

Policies with Respect to Transactions with Related Persons

The Nominating and Corporate Governance Committee and the Board have adopted a Code of Business Conduct and Ethics which sets forth various policies and procedures intended to promote the ethical behavior of all of the Company's employees, officers and directors. The Code of Business Conduct and Ethics describes the Company's policy on conflicts of interest. The Board has also established a Compliance Committee which is responsible for monitoring compliance with the Code of Conduct. The Compliance Committee periodically reports on the Company's compliance efforts to the Audit Committee and to the Board.

The Board has also established a Conflicts of Interest Committee which distributes a Conflicts of Interest Policy to all of the Company's employees, officers and directors. The Conflicts of Interest Policy describes the types of relationships that may constitute a conflict of interest with the Company. All employees, officers and directors are required to periodically complete a

questionnaire about potential conflicts of interest and certify compliance with the Company's policy. The Conflicts of Interest Committee reviews potential conflicts of interest and reports its findings to the Audit Committee.

Table of Contents

The executive officers and the Board are also required to complete a questionnaire on an annual basis which requires them to disclose any related person transactions and potential conflicts of interest. The General Counsel reviews the responses to the questionnaires and, if a transaction is reported by an independent director or executive officer, the questionnaire is submitted to the Chairperson of the Audit Committee for review. If necessary, the Audit Committee will determine whether the relationship is material and will have any effect on the director's independence. After making such determination, the Audit Committee will report its recommendation on whether the transaction should be approved or ratified by the entire Board.

Certain Relationships and Related Transactions

During 2008, the Company did not participate in any transactions in which any of the director nominees, Class I and III directors, executive officers, any beneficial owner of more than 5% of the Company's common stock, nor any of their immediate family members, had a material direct or indirect interest. In addition, none of director nominees, Class I and III directors, executive officers nor any of their immediate family members is or has been indebted to the Company.

Director Nomination Process

The Nominating and Corporate Governance Committee (the Nominating Committee) is responsible for, among other things, screening potential director candidates and recommending qualified candidates to the Board for nomination.

When identifying and evaluating candidates, the Nominating Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Nominating Committee may retain a third-party search firm to assist the Committee in locating qualified candidates that meet the needs of the Board at that time. The search firm provides information on a number of candidates, which the Nominating Committee discusses. The Nominating Committee chair and some or all of the members of the Nominating Committee, as well as the Lead Director (see page 12 of this Proxy Statement for description of the Lead Director's duties) and the Chief Executive Officer, will interview potential candidates that the Nominating Committee deemed appropriate. If the Nominating Committee determines that a potential candidate meets the needs of the Board, has the qualifications, and meets the independence standards required by the New York Stock Exchange and as set forth in the Company's Corporate Governance Principles, it will recommend the nomination of the candidate to the Board.

The Board of Directors believes that it is necessary for each of the Company's directors to possess many qualities and skills. When searching for new candidates, the Nominating Committee considers the evolving needs of the Board and searches for candidates that fill any current or future gap. The Board of Directors also believes that all directors must possess a considerable amount of business management and educational experience as well as meet the independence standards established in the Company's Corporate Governance Principles. The Nominating Committee considers this experience and also issues of judgment, diversity, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value. In considering candidates for the Board, the Nominating Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

Table of Contents

It is the Nominating Committee's policy to consider director candidates recommended by stockholders, if such recommendations are properly submitted to the Company. Stockholders wishing to recommend persons for consideration by the Nominating Committee as nominees for election to the Board can do so by writing to the Secretary of Fortune Brands, Inc. at 520 Lake Cook Road, Deerfield, Illinois 60015. Recommendations must include the proposed nominee's name, biographical data and qualifications, as well as a written statement from the proposed nominee consenting to be named and, if nominated and elected, to serve as a director. Our Restated Certificate of Incorporation and By-laws also contain procedures for nomination of directors by stockholders (see pages 54 and 55 of this Proxy Statement). The Nominating Committee will consider the candidate and the candidate's qualifications in the same manner in which it evaluates nominees identified by the Nominating Committee. The Nominating Committee may contact the stockholder making the nomination to discuss the qualifications of the candidate and the stockholder's reasons for making the nomination. The Nominating Committee may then interview the candidate if it deems the candidate to be appropriate. The Nominating Committee may use the services of a third-party search firm to provide additional information about the candidate prior to making a recommendation to the Board.

The Nominating Committee's nomination process is designed to ensure that the Nominating Committee fulfills its responsibility to recommend candidates that are properly qualified to serve the Company for the benefit of all of its stockholders, consistent with the standards established by the Nominating Committee under the Company's Corporate Governance Principles.

Communication with the Board

The Board and management encourage communication from the Company's stockholders. Stockholders who wish to communicate with the Company's management should direct their communication to the Chairman of the Board and Chief Executive Officer or the Secretary, 520 Lake Cook Road, Deerfield, Illinois 60015. Stockholders, or other interested parties, who wish to communicate with the non-management directors or any individual director should direct their communication c/o the Secretary at the address above. The Secretary will forward communications intended for the Board to the Lead Director, or, if intended for an individual director, to that director. If multiple communications are received on a similar topic, the Secretary may, in his discretion, forward only representative correspondence. Any communications that are abusive, in bad taste or present safety or security concerns may be handled differently.

Lead Director

David M. Thomas, an independent director who serves as Chairman of the Audit Committee, was selected by the Board to serve as the Lead Director for all meetings of the non-management directors held in executive session. The Lead Director has the responsibility of presiding at all executive sessions of the Board, consulting with management on Board and committee meeting agendas, as well as additional responsibilities that are more fully described in the Company's Corporate Governance Principles.

Executive Sessions

Pursuant to the Company's Corporate Governance Principles, non-management directors of the Board are required to meet on a regularly scheduled basis without the presence of management. The Lead Director chairs these sessions.

Table of Contents

Meeting Attendance

Last year there were eight meetings of the Board. Each director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Chairman and Chief Executive Officer and others regarding matters of interest and concern to the Company.

The Company does not have a formal policy requiring members of the Board to attend the Annual Meeting, although all directors are strongly encouraged to attend. All of the directors were present at the 2008 Annual Meeting of Stockholders.

Board Committees

The Board has established an Executive Committee, an Audit Committee, a Compensation and Stock Option Committee, a Nominating and Corporate Governance Committee and a Corporate Responsibility Committee. The Audit, Compensation and Stock Option, and Nominating and Corporate Governance Committees are composed entirely of independent directors, as defined under the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles. The charters of each committee are available on the Company's website at www.fortunebrands.com/about/board.cfm.

A list of current Committee memberships may be found on the Company's website at www.fortunebrands.com/about/board.cfm. The Committee memberships as of the date of this Proxy Statement are set forth below:

Name	Audit	Compensation and Stock Option	Corporate Responsibility	Executive	Nominating and Corporate Governance

A C indicates that the director serves as the chair of the committee.

Audit Committee

The Audit Committee held five meetings in 2008. The Audit Committee also held four teleconferences to review and discuss earnings announcements. The Audit Committee's primary functions are to:

Retain, subject to stockholder ratification, a firm of independent auditors to audit our financial statements and approve the scope of the firm's audit;

Table of Contents

Review reports and recommendations of our independent auditors;

Review the scope of all internal audits and related reports and recommendations;

Pre-approve all audit and non-audit services provided by our independent auditors;

Monitor the integrity of the Company's financial statements;

Monitor compliance with financial reporting requirements;

Monitor the independence and performance of our independent auditors and the performance of our internal auditors;

Discuss the Company's financial statements and its quarterly and annual reports to be filed with the SEC;

Review the Company's policies regarding risk assessment and risk management;

Review the Company's compliance programs;

Review and approve related person transactions and conflicts of interest involving directors, executive officers and first-tier operating company chief executive officers; and

Establish procedures for receiving and responding to concerns regarding accounting and auditing matters.

Each member of the Audit Committee, as of the date of this Proxy Statement (Messrs. Leroy, Mackay, Thomas and Waters), is financially literate, has accounting or financial management expertise and is an audit committee financial expert as defined in Item 407(d)(5)(ii) and (iii) of Regulation S-K under the Securities Exchange Act of 1934 (the Exchange Act). Each Audit Committee member has also been determined by our Board to be independent as such term is defined in Item 407(a) of Regulation S-K under the Exchange Act, Rule 10a-3 under the Exchange Act, the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles.

Corporate Responsibility Committee

The Corporate Responsibility Committee held four meetings in 2008. The Corporate Responsibility Committee's primary functions are to review and recommend to the Board policies on the Company's responsibilities to its employees and the community, such as employee safety, diversity and equal opportunity, philanthropic activities and the effect of Company operations on the environment.

Table of Contents

Compensation and Stock Option Committee

The Compensation and Stock Option Committee (the Compensation Committee) held five meetings in 2008. The Compensation Committee's primary functions are to:

Administer our Long-Term Incentive Plans;

Designate key employees who may be granted stock options, performance awards and other stock-based awards, and determine the number of shares that are granted to such key employees, within specified limits;

Review and approve compensation and goals for the Chief Executive Officer and evaluate his or her performance, in consultation with the Company's independent directors;

Set compensation for our officers who hold the office of Vice President or a more senior office and for the chief executive officers of our operating subsidiaries;

Determine incentive compensation awards for those senior officers under the Annual Executive Incentive Compensation Plan;

Retain any compensation consultants to assist in the evaluation of senior executive compensation and benefits;

Oversee management's administration of supplemental retirement and other benefit arrangements, compensation agreements and severance agreements for executive officers; and

Review and approve the Compensation Discussion & Analysis and Compensation Committee Report to be included in the Proxy Statement.

Compensation Committee Authority and Delegation of Authority

The Compensation Committee may delegate any of its authority to a sub-committee. However, the members of the sub-committee must meet the same qualifications for membership on the Compensation Committee. Specifically, the members of the sub-committee must also be independent directors, as defined by the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Principles. During 2008, the Compensation Committee did not delegate any of its authority to a sub-committee.

The Company's 2007 Long-Term Incentive Plan allows the Compensation Committee to delegate to an officer the right to designate key employees (other than members of senior management) to be granted stock options and the amount of options granted to each such key employee, provided that the Compensation Committee determines the aggregate number of stock options to be awarded and their terms and conditions. The Compensation Committee did not delegate this function and granted all stock options to all employees in 2007 or 2008.

Compensation Committee Procedures

The Compensation Committee directs management to prepare financial data used by the Compensation Committee in determining executive compensation. In addition,

Table of Contents

members of the Company's human resources department assist in the preparation of executive compensation tally sheets and historical information on compensation paid to executives. The Compensation Committee is presented with recommendations from management as to the level and type of compensation to provide to officers who hold the office of Vice President or a more senior office and for the chief executives of our operating companies. Members of the Company's legal department provide the Compensation Committee with general advice on laws applicable to executive compensation and the directors' fiduciary duties in setting compensation.

The Chief Executive Officer attends meetings of the Compensation Committee to discuss each of the officers' performance for the year. The Chief Executive Officer's feedback about the officers' performance is essential in the Compensation Committee's determination of each officer's salary and target incentive compensation determinations. See pages 21 through 31 of this Proxy Statement for more information about how the Compensation Committee determines the executive officers' compensation.

Compensation Committee Consultant

The Compensation Committee directly retains a nationally-recognized firm, Hewitt Associates, as its outside compensation consultant. The consultant regularly meets with the Compensation Committee and is included during executive sessions without the presence of management. In 2008, the outside consultant attended all five Compensation Committee meetings. Hewitt Associates is separately retained by the Company for pension plan and other employee benefits administration and consulting.

The outside compensation consultant assists the Compensation Committee by:

- (i) making recommendations regarding executive compensation consistent with the Company's business needs, pay philosophy, market trends and latest legal and regulatory considerations;
- (ii) providing market data (including compiling the Survey Group and related performance data) as background to annual decisions regarding Chief Executive Officer and senior management base salary, bonus and long-term incentives;
- (iii) advising the Compensation Committee as to best practices for effectively structuring executive pay arrangements while representing stockholders' interests; and
- (iv) summarizing alternative proposals that may have been considered in formulating final recommendations, the nature of discussions leading to a final proposal and the consultant's rationale for supporting or opposing management's proposal.

In conducting its assignment, the outside consultant may contact the Company's management, including the Chairman of the Board and Chief Executive Officer as well as the Vice President - Compensation and Benefits and the Executive Director, Compensation and Benefits, to carry out its assignment. However, the compensation consultant reports directly to the Compensation Committee.

Table of Contents

Compensation Committee Interlocks and Insider Participation

No person who served as a member of our Board's Compensation Committee during the last fiscal year (that is, Messrs. Goldstein, Leroy and Wilson, Mrs. Hackett, Mrs. Tatlock and Dr. Ewers) has (i) served as one of our officers or employees; or (ii) any relationship requiring disclosure under Item 404 of Regulation S-K promulgated under the Securities Act of 1933, as amended. None of our executive officers serve as a member of the board of directors or as a member of a compensation committee of any other company that has an executive officer serving as a member of our Company's Board or our Company's Compensation Committee.

Executive Committee

The Executive Committee did not meet in 2008. The Executive Committee has all the authority of the full Board, except for specific powers that are required by law to be exercised by the full Board. The Executive Committee may not amend the Certificate of Incorporation, adopt an agreement of merger, recommend actions for stockholder approval, amend the by-laws, elect, appoint or remove an officer or director, amend or repeal any resolutions of the Board, fix the Board's compensation, and unless expressly authorized by the Board, declare a dividend, authorize the issuance of stock or adopt a certificate of ownership and merger.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met four times in 2008. The Nominating Committee's primary functions are to:

Recommend nominees for election as members of the Board;

Recommend directors for membership on the Audit Committee, Compensation and Stock Option Committee, Corporate Responsibility Committee and Nominating and Corporate Governance Committee, including their Chairpersons;

Recommend directors and executive officers for membership on other committees established by the Board;

Recommend compensation arrangements for non-employee directors;

Develop and recommend a set of corporate governance principles designed to foster an effective corporate governance environment;

Administer non-employee director stock and stock option plans;

Review the charters of Board committees; and

Manage the performance review process of the Board and its committees.

Other Corporate Governance Resources

The charters of each committee, the Company's Corporate Governance Principles, the Company's Code of Business Conduct and Ethics and the Company's Code of Ethics for the CEO and Senior Financial Officers are available on the Company's website (www.fortunebrands.com/about/policies.cfm) and in print to any stockholder upon request.

* Although Mr. Carbonari serves as a member of the Board, he does not receive any additional compensation for such service.

** Fees are prorated based on retirement date of April 29, 2008.

*** Fees are prorated based on election date of July 30, 2008.

**** Fees are prorated based on Mr. Wesley's retirement as an officer of the Company and the date he began to receive director fees, October 1, 2008.

- (1) Effective March 1, 2008, the annual fee for services as a non-employee director of the Company increased from \$70,000 to \$80,000. During 2008, members of the Audit Committee (Messrs. Leroy, Mackay, Thomas and Waters and Mrs. Tatlock) received an additional \$7,500 for their service on that Committee. Mr. Waters and Mrs. Tatlock received a prorated Audit Committee fee due to their partial year of service on that Committee. Also during 2008, the chairperson of each of the Audit, Compensation and Stock Option, Corporate Responsibility and Nominating and Corporate Governance Committees were entitled to receive an additional fee of \$15,000 for such service. Mr. Thomas and Mrs. Tatlock received \$15,000 for their service as chairs of the Audit and Compensation and Stock Option Committees, respectively. Due to their partial year of service as a chair of the Nominating and Corporate Governance and Corporate Responsibility Committees, Messrs. Leroy and Wilson and Dr. Ewers received a prorated portion of this fee. Mr. Thomas received \$20,000 for his service as Lead Director.
- (2) On June 2, 2008, each non-employee director, other than Mr. Wesley, received 1,700 shares of our common stock under the 2005 Non-Employee Director Stock Plan. In accordance with FAS 123R, the grant date fair value was \$68.74 per share. On July 30, 2008, Mr. Waters received 1,426 shares of our common stock under the 2005 Non-Employee Director Stock Plan. In accordance with FAS 123R, the grant date fair value was \$57.27 per share.
- (3) The aggregate number of outstanding stock options held by the non-employee directors (including retired directors) under the non-employee director stock option plans was 121,578 as of December 31, 2008. See Certain Information Regarding Security Holdings on pages 52 and 53 of this Proxy Statement for the number of stock options held by each current director as of February 27, 2009.
- (4) Under the retirement program for non-employee directors, directors elected prior to 1997 will receive an annual retirement benefit equal to the director's fee at the time of retirement multiplied by the director's years of service up to 1997, the year in which the accrual of years of service under the Plan was frozen. The retirement benefit is payable beginning in the year in which the director retires or attains age 65, whichever occurs later. Only Mrs. Tatlock and Dr. Ewers are eligible to receive this benefit. Due to the directors' annual fee increasing during 2008, the value of the eligible directors' retirement benefit increased.
- (5) In 2008, Dr. Ewers received her first annual payment in the amount of \$80,000 under the retirement program and will continue to receive an annual payment until 2012.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (6) Directors traveling on Company business are covered by our business travel accident insurance policy which generally covers all Company employees and directors. We also pay the cost of group life insurance coverage for non-employee directors.

- (7) All directors are covered under our matching gift program. Under this program, the Company makes a 100% match of gifts totaling up to \$5,000 annually by the director to an eligible charitable institution.

Under our charitable award program, the Company will make contributions of up to \$500,000 to a charitable, educational or other qualified organization designated by each eligible non-employee director elected prior to December 9, 2003. The contributions are made to the designated organization(s) on behalf of the director after the

Table of Contents

death of the director. Only Messrs. Leroy and Thomas and Mrs. Tatlock are eligible to participate in this program. For Mr. Leroy, \$66,667 is included in the All Other Compensation column, which reflects the only cost incurred by the Company for 2008 relating to this program. This \$66,667 expense was not paid to Mr. Leroy, but was an accounting accrual that reflects the Company's obligation to make the charitable contribution. No additional accounting accruals will be made in the future on Mr. Leroy's behalf, nor were any additional accruals made for other directors during 2008.

2002 Non-Employee Director Stock Option Plan. The 2002 Non-Employee Director Stock Option Plan expired on December 31, 2006. However, no stock options have been granted to non-employee directors since 2005. Under the terms of the Plan and prior to its suspension, each non-employee director who was first elected to the Board after April 30, 1997 was eligible to receive an annual grant of nonqualified stock options to purchase shares of our common stock under our stockholder-approved 2002 Non-Employee Director Stock Option Plan. The terms of the options granted under this plan are:

- (i) the option price per share is not less than fair market value at the time the option was granted;
- (ii) the option does not become exercisable until the holder has been a director for at least one year after the date of grant (except in the case of death or a change in control of the Company) and may generally be exercised for ten years from the date of grant;
- (iii) if the holder ceases to be a director by reason of death, disability or retirement after five or more years of service, the option will continue to be exercisable until the expiration date set forth in the option agreement, provided that an option may be exercised within one year from the date of death even though beyond the expiration date;
- (iv) if the holder ceases to be a director for any other reason, the option shall terminate and cease to be exercisable 30 days after cessation of service, except in the event of a change in control of the Company; and
- (v) the 2002 Non-Employee Director Stock Option Plan provides that each option has a limited right that, in the event of a change in control of the Company, is exercised automatically unless the Nominating Committee determines that the limited right is exercisable at some other time. This limited right entitles the holder of the option to receive cash equal to the number of shares subject to the option multiplied by the difference between the exercise price per share and the greater of:
 - (a) the highest price per share paid for shares of our common stock acquired in the change in control; and
 - (b) the highest market value of shares of our common stock during the 60-day period beginning on the date of the change in control.

The option will be canceled to the extent of the exercise of the limited right.

Stock Ownership of Board Members

COMPENSATION DISCUSSION AND ANALYSIS

The Company's executive compensation program is designed to attract, motivate and retain talented executives so the Company can produce superior results and maximize return to stockholders. Our pay for performance philosophy focuses executives' efforts on delivering short-term and long-term financial successes for our stockholders. The Compensation Committee, which consists entirely of independent Board members, controls the executive compensation program for Company Vice Presidents and more senior officers as well as the chief executive officers of the Company's three business segments.

Executive Compensation Objectives

The Company's executive compensation objectives are to:

- pay for performance;
- attract, retain and motivate superior executives;
- pay competitive levels of salary and total compensation; and
- align the interests of management with the interests of stockholders.

Elements of Fortune Brands' Compensation Program

The Company's executive compensation program consists of the following:

- base salary;
- annual incentive bonuses;
- long-term incentives;
- health and related benefits;
- limited perquisites;
- retirement benefits; and
- other post-employment benefits.

The Compensation Committee allocates compensation among these elements to provide the appropriate mix of:

- short-term incentives and long-term incentives;
- cash compensation and equity compensation; and
- current compensation and retirement and other benefits.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

Total direct compensation for executives, which consists of base salary, annual incentive bonuses and long-term incentives, is targeted to be in the 50th to 75th percentile of the Survey Group (described on page 23), although actual compensation can be above or below the targeted range due to Company performance, the price of the Company's common stock and individual considerations described below. Base salary and annual incentive bonuses make up approximately one-third of total direct compensation. The remaining two-thirds is long-term incentive compensation. The one-third/two-thirds mix reflects the mix generally seen in competitive market data reviewed by the Compensation Committee. One or more compensation elements (base salary, short-term or long-term compensation) could be above the 75th or below the 50th percentile. If any element were dramatically outside of that range, that element or other elements would likely be adjusted accordingly. The greater emphasis on long-term incentives is designed to motivate management to generate successful results for the Company over the long term. These incentives are awarded primarily in the form of equity compensation to

Table of Contents

create ownership and align the interests of management with the interests of stockholders, which include avoiding excessive risk taking. The Compensation Committee believes that the mix and design of the elements of compensation do not incent management to assume excessive risks.

Impact of Individual Considerations in Setting Compensation

Although objective factors, such as Company performance and competitive market data, are the primary factors used by the Compensation Committee when it sets compensation levels, more subjective individual considerations also influence compensation decisions. For example, the Compensation Committee will take into account individual job performance, incumbent experience, retention needs, and an executive's ability to impact future results for the Company. For each named executive officer, other than the Chief Executive Officer, the Compensation Committee receives information on such individual considerations from the Chief Executive Officer. The Chief Executive Officer discusses his evaluation of the named executive officers (other than himself) with the Compensation Committee and recommends compensation levels for such officers. In preparing that recommendation, the Chief Executive Officer assesses the performance of each named executive officer based upon his day-to-day interactions with such persons throughout the year. The Chief Executive Officer discusses any retention concerns at this time as well. The Compensation Committee takes the Chief Executive Officer's recommendations into account, along with competitive market data and Company performance, when setting compensation levels.

Chief Executive Officer's Compensation

The Compensation Committee meets in executive session to evaluate the Chief Executive Officer's performance and determine his total compensation. The Compensation Committee then reviews with the entire Board, in executive session, the compensation of the Chief Executive Officer. After reviewing competitive compensation data provided by the Compensation Committee's outside consultant, the Compensation Committee assesses the individual contributions of the Chief Executive Officer as well as the Company's financial and operating performance in light of the general economic conditions. The Chief Executive Officer's goals are discussed by the entire Board, in executive session, at the beginning of each year and are in areas such as operating performance, integration of acquired operations, social responsibility measures and succession planning. Achievement of these goals are factors considered by the Compensation Committee, along with competitive market data and Company performance, when setting the Chief Executive Officer's compensation.

As with other named executive officers, the Company's goal for the compensation of its Chief Executive Officer is to be in the 50th to 75th percentile of the Survey Group (defined below). Mr. Carbonari's 2008 salary and target annual bonus place him at about the 50th percentile of chief executive officers in the Survey Group. Generally, the compensation of the Company's named executive officers differs only in amount; the policies do not significantly differ. The disparities in Mr. Carbonari's compensation as compared to that of the other named executive officers exist because his responsibilities are greater and his ability to impact the future of the Company is greater. Additionally, in the general marketplace for executive talent, chief executive officers are compensated more than other named executive officers.

Table of Contents

Use of Tally Sheet

During 2008, the Compensation Committee used tally sheets to assist in analyzing named executive officers' total compensation and various elements of their compensation, including salary, annual and long-term incentive payments and retirement benefits, as well as potential accumulated wealth under equity programs. This assessment also included a review of compensation payable in connection with a separation of employment under various separation scenarios, such as voluntary separation, involuntary separation and separation following a change in control.

Survey Group

The Compensation Committee compares the Company's executive compensation program to a group of consumer products companies (the Survey Group). In 2008, the Compensation Committee reviewed the companies in the Survey Group and determined that the Survey Group should consist of the following 25 consumer products companies with median 2007 revenue of \$12.3 billion. The Survey Group consists of companies that are either primary competitors of the Company or that are premier consumer products companies. In either case, we believe we compete with these companies for talented executives. The Survey Group consists of:

3M Company	Kohler Co.
Alberto-Culver Company	Kraft Foods Inc.
Anheuser-Busch Companies, Inc.	Masco Corporation
Black & Decker Corporation	Molson Coors Brewing Company
The Brunswick Corporation	Newell Rubbermaid Inc.
Campbell Soup Company	Nike, Inc.
Colgate-Palmolive Company	S.C. Johnson & Sons, Inc.
Diageo plc	Sara Lee Corporation
Emerson Electric Co.	The Sherwin-Williams Company
General Mills, Inc.	The Stanley Works
Hershey Foods Company	Unilever NV
Illinois Tool Works Inc.	Whirlpool Corporation
Kellogg Company	

Base Salary

The Compensation Committee sets base salaries annually. When determining base salary levels for the Chief Executive Officer and other named executive officers, the Compensation Committee evaluates base salary levels of similar positions in the Survey Group. Base salaries recognize and reward individual skills and experience as well as sustained job performance. The Compensation Committee generally sets base salaries to be in the 50th to 75th percentile of the Survey Group, however, salaries may fall outside of this range under certain circumstances, such as exceptional individual performance, long tenure with the Company, or retention concerns. For 2008, increases in salaries for the named executive ranged between 0% and 3.5%, except for Mr. Carbonari, whose salary increased 27.2% due to his promotion to Chief Executive Officer. For 2009 the named executive officers received no increase in salary as a cost savings measure in response to the difficult economic conditions in which the Company is operating, with the exception of an increase for Mr. Klein due to a promotion and assignment of additional responsibilities.

Table of Contents

Annual Incentive Bonuses

The Company's Annual Executive Incentive Compensation Plan is a cash-based, pay-for-performance annual incentive plan. It was approved by stockholders in 2007 and is generally designed and implemented to satisfy Internal Revenue Code requirements for considering bonuses to be performance-based compensation. The plan covers Vice Presidents and more senior officers. The annual incentive plan rewards performance that meets or exceeds earnings per share targets set by the Compensation Committee at the beginning of each year.

The Company believes that earnings per share is an appropriate measure for annual incentive bonuses because it provides the executives with an incentive to achieve favorable current results, while also producing long-term growth for the Company. Actual earnings per share targets are derived from operating income growth goals for each of the Company's operating segments. In setting operating segment income growth goals, the Company considers the historical performance of competitors in each industry in which the Company does business as well as current and anticipated market conditions.

To determine annual bonus amounts, the Compensation Committee first sets a target level of bonus as a percentage of salary for each of the named executive officers in the following amounts for 2008: Mr. Carbonari 110%; Mr. Wesley 110%; Mr. Omtvedt 75%; Mr. Roche 60%; Mr. Klein 60%; and Mr. Hausberg 50%. The more responsibility and the greater the scope of an executive's position, the higher the target bonus percentage will be. The Compensation Committee chose the target bonus levels because they are competitive with the Survey Group and therefore support our executive compensation objective of offering competitive compensation, and because of the subjective factors described on page 22. Actual bonus payments can range from 0-200% of the target amount, based on earnings per share performance.

In almost all cases bonuses are determined based solely on earnings per share growth; however the Compensation Committee does have the discretion to adjust annual incentive bonuses up or down based on an executive's individual performance. The Compensation Committee did not exercise its discretion to adjust annual incentive bonuses for any executives in 2006, 2007 or 2008. There are no individual performance goals under the annual bonus plan.

Specific performance targets in 2006, 2007 and 2008 for earnings per share growth before charges/gains were rigorous and set sufficiently high to require superior performance. In fact, in the nine years beginning in 2000, the Company has hit the maximum earnings per share growth target only once. In 2006, the earnings per share growth target was an increase of 8% from the 2005 level. For 2007, the earnings per share growth target was 3% as compared to 2006 earnings per share (with a maximum payout if earnings per share grew 5%). For 2008, the earnings per share growth target was -2% as compared to 2007 earnings per share (with a maximum payout if earnings per share grew 10%). The Compensation Committee's determination of target earnings per share growth was based on the current and anticipated conditions of the markets in which the Company does business. For 2008, there was no payout of annual incentive awards to the named executive officers as the earnings per share growth did not achieve the minimum 60% of target.

Table of Contents

Long-Term Performance Incentives: Stock Options, Performance Share Awards and Restricted Stock Units

Other than a one-time grant of restricted stock units to Mr. Wesley, all regular long-term incentive payment opportunities are performance-based. The Company designed its Long-Term Incentive Plan, which was approved by stockholders, to ensure that incentive compensation reflects the profitability of the Company and the performance of the Company's common stock. The Company offers a combination of awards, each intended to reward specified results. These awards promote a long-term view, reward long-term positive performance of the Company, and are intended to align executives' interests with stockholders' interests.

In 2008, except as described below, long-term incentives provided by the Company consisted of 1) stock options, and 2) performance share awards (based on a three-year performance period) along with dividend equivalents on earned performance shares. In 2008, the mix between stock options and performance awards was approximately 40% stock options and 60% performance awards. The Compensation Committee believes this mix provides an adequate incentive to management to perform well for stockholders and is more aligned to market comparables. In addition, in 2008 the Compensation Committee granted a special one-time restricted stock unit award to named executive officers, other than Mr. Carbonari, and other executives whose incentive compensation is based in whole or in part on the performance of the Company's Home and Hardware business. The purpose of this special grant was both to aid in retention of top-performing executives and to recognize efforts that outperform our markets during an exceptionally challenging business environment. For named executive officers, the restricted stock unit grants were designed to qualify as performance-based compensation and therefore allow the Company to receive a tax deduction for such grants.

Other than by a general desire to keep total direct compensation in the 50th-75th percentile range, levels of long-term incentive grants are not directly influenced by the levels of other elements of compensation.

Stock Options

The Company awards stock options because it believes they serve a valuable purpose in aligning executive officers' interests with stockholders' interests as executives do not benefit unless the Company's stockholders benefit. Because stock options vest over time, they serve not only as an incentive for superior performance, but also as a retention device.

The Compensation Committee typically grants stock options at a regularly scheduled meeting in September each year and the grant date is the date of that meeting. In 2008, the Compensation Committee also made a special grant to Mr. Carbonari at its February meeting in response to his promotion to the Chief Executive Officer position. The Compensation Committee sets the exercise price of stock options at the quoted closing price for the Company's common stock on the New York Stock Exchange on the date of grant.

Stock options cannot be exercised unless the recipient remains employed by the Company for at least one year from the grant date. The stock options vest ratably over a three-year period and have a seven-year exercise period. However, the special stock option grant made to Mr. Carbonari in February 2008 will vest over a five-year period.

Table of Contents

Stock options are performance-based in that their value is inherently based on the Company's stock price performance; they have no value to the executive if the stock price does not increase from the grant or exercise price. Vesting of stock options is time-based. The Compensation Committee determines the amount of stock options granted primarily based on competitive market data for the Survey Group, although individual considerations may influence the size of the grant, as described on page 22 above. The Compensation Committee determined the amount of Mr. Carbonari's special stock option grant based on competitive data and after consultation with its outside consultant.

Performance Share Awards

Performance share awards provide executives with an opportunity to earn shares of Company common stock if the Company achieves specified performance targets over a three-year performance period. The Company believes that it is appropriate to award performance shares to executives because they are complementary to, and therefore provide different incentives than, stock option awards in two respects. First, the shares are only earned if the performance targets are met. Second, the performance shares provide incentive and promote retention even in a down market as long as the Company continues to meet its financial objectives, which are to outperform the Company's estimate of market performance.

Performance shares are earned based on achievement of average return on invested capital and cumulative earnings per share growth targets. Return on invested capital and earnings per share growth targets are derived from analyzing and setting operating goals for each of the Company's operating companies, and then calculating overall targets for the Company. These two performance measures are used because the Company believes they drive long-term stockholder value creation, one capturing growth (*earnings per share*) and the other capturing returns (*return on invested capital*). Performance share awards are based on performance targets approved by the Compensation Committee at the beginning of each three-year performance period.

No performance shares will be paid unless at least an established minimum of the targeted consolidated return on invested capital and cumulative diluted earnings per share are achieved. The following matrix shows the percentage of the target number of shares that will be paid to an executive for a given level of performance during the 2008-2010 performance period:

		% of Performance Shares Earned		
	Maximum	100	125	150
<i>Diluted</i>	Target	75	100	125
<i>Cumulative EPS</i>	Minimum	50	75	100
		Minimum	Target	Maximum
			Average	
				Annual ROIC

The earnings per share and return on invested capital goals set by the Compensation Committee for the 2008-2010 period are rigorous and were set sufficiently high to require superior performance for target and maximum payouts. In the nine year period

beginning 2000, the maximum payout was reached twice. To illustrate that the

Table of Contents

Company has a practice of setting rigorous targets for performance share awards, the following table discloses minimum, target and maximum goals for the 2006 to 2008 performance period:

Metric	Minimum	Target	Maximum
Dilutive Cumulative earnings per share	\$ 14.73	\$ 16.22	\$ 17.83
Ending Return on Invested Capital	9.9%	10.4%	11.0%

In the 2006-2008 period, diluted cumulative earnings per share was \$14.40 and ending return on invested capital was 7.96% resulting in no payout to executives for this period. Under the Plan, goals are adjusted to reflect the impact of significant transactions, accounting changes and certain non-recurring events. For example, the goals in the chart above were adjusted to reflect the acquisition of SBR, Inc. in 2006. In addition, goals were adjusted to reflect the following events in 2008: the repurchase of a minority interest in Beam Global Spirits & Wine, Inc. (Beam); an early exit by Vin & Sprit from the Future Brands LLC joint venture; the acquisition by Beam of Cruzan rum; and other corporate restructurings.

If minimum performance share award measures are met, executive officers who receive performance awards will earn cash dividend equivalents equal to the cash dividends that would have been paid on the shares had the recipient owned the shares during the performance period. Dividend equivalents are not paid until the performance period has ended. Because there was no payout for the 2006-2008 period, no dividend equivalents were paid.

Restricted Stock Units

As mentioned above, in February 2008, the Compensation and Stock Option Committee approved a new retention program for certain executives, including Messrs. Omtvedt, Klein, Roche and Hausberg, which consisted of a grant of performance-based restricted stock units (RSUs). The Committee determined that the Company was in danger of losing experienced executive talent at a time when their experience and skills were needed the most due to external market conditions and challenges. Each RSU is equal to one share of the Company s common stock. RSUs provide executives with an opportunity to earn shares of Company common stock. The RSUs are only earned if performance targets are met and the executive remains employed until December 31, 2010 (or employment ends earlier due to death, disability or retirement).

RSUs are earned based on achievement of 75% of the Company s cumulative earnings per share goals set for the performance share awards 2008-2010 performance period. This restricted stock unit award was based on performance targets approved by the Compensation Committee at the beginning of 2008. No RSUs will be paid unless the performance goals are achieved. The amount of RSUs granted to executives was based on a goal to keep total compensation within the targeted 50th-75th percentile of market compensation levels for each position, while also providing a compelling retention incentive.

In February 2008, Mr. Wesley was also awarded a grant of restricted stock units. Mr. Wesley s restricted stock unit grant differs in that payment will only be made if he strictly adheres to certain non-compete and confidentiality covenants from the time of his retirement until December 31, 2010.

Table of Contents

Legacy Long-Term Compensation Program for Mr. Carbonari

Prior to 2007, while Mr. Carbonari was Chairman and Chief Executive Officer of a subsidiary of the Company, Fortune Brands Home & Hardware, he participated in long-term compensation programs provided to executives of that subsidiary. Although he no longer receives grants for future performance periods under the subsidiary's programs, he is still eligible to receive payments based on past grants. Mr. Carbonari earned a cash long-term incentive payment based on the financial performance of Fortune Brands Home and Hardware for the 2005 to 2007 period. Mr. Carbonari was eligible to earn a cash long-term incentive payment based on the financial performance of Fortune Brands Home & Hardware for the 2006 to 2008 period. However, no payout was earned for this period. Any payment is based on operating income and return on net taxable assets achieved by the Home and Hardware business. Now that Mr. Carbonari is employed by and a named executive officer of Fortune Brands, he no longer receives long-term incentive grants under the Home & Hardware incentive programs.

Health and Related Benefits

The Company's health and related benefits include medical, dental, life, disability, accidental death and dismemberment and travel accident coverage. The Company's health and related benefit programs are designed to be competitive with those of other large corporations. The majority of health and related benefits provided to executive officers are offered through broad-based plans applicable to all employees.

Perquisites

The Company provides named executive officers with limited perquisites that are not provided to other employees in order to be competitive with perquisites provided to executives at other companies. In 2008, use of the Company aircraft was provided to certain executives who reimburse the Company (Messrs. Carbonari, Wesley and Omtvedt only). In addition, Mr. Carbonari was reimbursed as a business expense a one-time fee of \$78,000 for his admission to a golf club. In 2007, the only perquisite provided was use of the Company aircraft for certain executives who reimbursed the Company (Messrs. Carbonari, Wesley and Omtvedt only). In addition to use of the Company aircraft in 2007, Mr. Carbonari received relocation benefits when he relocated his residence at the Company's request. The Company, in conjunction with its practice, reimbursed relocation expenses (principally real estate brokerage commissions, temporary housing expenses and moving expenses) for Mr. Carbonari, including reimbursement for the income taxes on the relocation expenses. In 2006, the following perquisites were provided to named executive officers: automobile allowance; financial planning; and golf club dues. However, these additional perquisites were eliminated for 2007 with corresponding salary adjustments.

Retirement Benefits

The Company believes that it is appropriate to provide retirement benefits to executives to recruit and retain executives. The Company provides retirement benefits to executives through a combination of a tax-qualified pension plan, a tax-qualified defined contribution plan and a nonqualified defined benefit and defined contribution plan. The Company also believes that it is appropriate to provide nonqualified plan benefits to make executives whole for the amount of benefit they would have received under the qualified plans but for the limitations on contributions and benefits imposed by the Internal Revenue Code. The nonqualified plan provides supplemental pension and profit sharing benefits that allow these executives to receive contributions and benefits at the same rate applicable to all other employees of the Company.

Table of Contents

Certain executives are not eligible to participate in the tax-qualified pension plan. As a result, these executives' entire pensions are provided on a nonqualified basis. In addition, prior to 1999 certain executive officers were granted a pension formula not generally available to all employees. In 1999, the Compensation Committee discontinued granting these benefits to any new executives for cost reasons. For service on and after January 1, 2008, the pension formula was reduced so that all executives, including those under the special formula described above, will earn pension benefits under the same formula applicable to all Company employees. The amount of benefits provided by each retirement plan and the pension formulas applicable to named executive officers are described in more detail on pages 38 through 40 of this Proxy Statement.

To retain current executives, the Company continued its past practice of contributing annually to employee grantor trusts to secure the supplemental retirement benefits of certain executives. These trusts have been approved by stockholders. They are described in more detail on pages 33 and 38 through 40 of this Proxy Statement.

Severance and Change in Control Agreements

The Company has a long-standing practice of entering into severance and change in control agreements with its named executive officers. The agreements generally provide for severance benefits in the event of involuntary termination of employment or termination by the executive for "good reason". No payments are made if employment is terminated due to death, disability or cause. Executives will receive enhanced benefits if a termination of employment follows a change in control of the Company. The change in control agreements are "double trigger" (both a change in control *and* involuntary termination of employment or termination by the executive for "good reason" must occur to receive payment). The Company believes these agreements are necessary in order to ensure the continuity of management and to allow executives to focus on serving the Company in a change of control situation without the distraction of concern for their employment. These agreements are described in more detail on pages 41 through 44 of this Proxy Statement.

In 2007, the Company reviewed the then-existing severance and change in control agreements and the Compensation Committee determined that these agreements should be revised: 1) to update the agreements for new tax regulations governing deferred compensation; 2) to make the agreements uniform among the executives; and 3) to modify certain provisions in a manner more favorable to the Company. For example:

The full tax "gross-up" provision that makes executives whole in the event the excise tax under Section 280G of the Internal Revenue Code applies was changed to provide that, to a specified extent, payments to the executive will be reduced to eliminate the excise tax. The Company believes that it is economically inefficient to pay the large gross-up payment if the excise tax can be avoided by a defined reduction in the executive's payments.

The definition of "good reason" in the severance agreements (which allows an executive to terminate employment and receive severance benefits) was substantially narrowed while the definition of "cause" (which allows the Company to terminate the executive's employment without paying severance benefits) was broadened. The Company found the existing "good reason" definition to be too broad as it would restrict the Company's ability to make certain reductions in executive pay and benefits that the Company might otherwise believe were warranted or advisable.

Table of Contents

Certain payments tied to the highest of several bonus payments were modified to tie to a target bonus amount.

At the time the severance and change in control agreements were reviewed by the Company, it sought outside advice regarding the level of severance benefits provided under the agreements. Based on the market information it received and the collective experience of its individual members, the Compensation Committee determined, and continues to believe, that the level of benefits (and the multiplier of base salary and bonus) was and is generally appropriate for executives at the level of the Company's named executive officers.

Retention Arrangement with Mr. Carbonari

In 2002, the Company extended a special retention arrangement to Mr. Carbonari. At the time, Mr. Carbonari was employed by one of the Company's subsidiaries and had been identified through the succession planning process as an employee with a very high potential but that the Company was at risk of losing. The arrangement was intended to encourage Mr. Carbonari to stay with the Company and perform well until retirement. Under this arrangement, if Mr. Carbonari remains employed until his normal retirement age (or an early retirement date if approved by the Compensation Committee), he will receive a single payment equal to three times his base salary at the time of retirement. This arrangement is described in greater detail on page 44 of this Proxy Statement.

Stock Ownership Guidelines

The Company believes it is important for executive officers and directors to have a significant investment in the Company so that their interests are better aligned with stockholders. Accordingly, the Company has established stock ownership guidelines for executives and directors. The Compensation Committee annually reviews executives' compliance with the Company's stock ownership guidelines. In 2008, the Compensation Committee compared the guidelines to similar guidelines adopted by other companies and determined that the Company's guidelines required an appropriate level of stock ownership. The guidelines are:

Chairman and Chief Executive Officer	4 times salary
President and Chief Operating Officer	3 times salary
Senior Vice Presidents and First-Tier Subsidiary Chief Executive Officers	2 times salary
Vice Presidents	1 time salary
Directors	3 times annual fee

The guidelines allow executives and directors five years to meet the guidelines. In July 2008, the Compensation Committee determined that all named executive officers met these guidelines.

The Company has a formal policy prohibiting any director, officer or chief executive officer of a first-tier subsidiary from hedging the risk of owning Company common stock or trading in derivatives of the Company.

Table of Contents

Tax Treatment

The Company generally receives a tax deduction for payments to executives under its annual and long-term incentive plans. The Internal Revenue Code limits the income tax deduction that the Company may take for compensation paid to the Chief Executive Officer and the other named executive officers. The limit is \$1 million per executive per year. However, performance-based compensation is excluded from the limitation. All compensation of named executive officers is fully tax deductible by the Company with the exception of \$315,407 primarily due to employee grantor trust funding (described in footnote 4 to the Summary Compensation Table on page 33). The Compensation Committee intends that the annual incentive bonus, stock options and performance share awards, and the 2008 restricted stock unit grants, qualify as performance-based compensation so that these awards will be deductible by the Company.

Table of Contents**2008 COMPENSATION**

It is important to note that the Summary Compensation Table below reflects many types of compensation, such as unvested stock options, that are contingent in nature. The table lists values for contingent compensation based solely on estimates and/or valuation under accounting rules. Therefore, the Chief Executive Officer and other named executives may never realize the value of certain items included under the column headed **Total**, or the amounts realized may differ materially from the amount listed in the Summary Compensation Table and related footnotes. In addition, equity compensation is reported in several different tables in this Proxy Statement. For that reason, investors should take care to not double count equity awards. See 2008 Director Compensation beginning on page 18 for information regarding compensation of our directors, which is incorporated by reference herein.

SUMMARY COMPENSATION TABLE

Name and Principal Position	Year	Salary (\$) B	Bonus (\$) C	Stock Awards (\$)(1) D	Option Awards (\$)(1) E	Non-Equity Incentive Plan Compensation (\$)(2) F	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)(3)(4) G	All Other Compensation (\$)(5) H	Total (\$) I

* Effective, October 1, 2008, Mr. Wesley retired as Chairman of the Board and Mr. Carbonari was elected Chairman of the Board and Chief Executive Officer. Mr. Carbonari was elected President and Chief Executive Officer and Mr. Wesley was re-elected Chairman of the Board effective January 1, 2008. In 2007, Mr. Carbonari served as President and Chief Operating Officer and Mr. Wesley served as Chairman and Chief Executive Officer.

** Effective February 9, 2009, Mr. Klein's title changed from Senior Vice President Strategy and Corporate Development to Senior Vice President.

*** In 2007, Mr. Hausberg was not a named-executive officer and therefore his compensation for that year is not included in the chart above.

(1) **Equity Assumptions:** The amounts listed in columns D and E are performance based compensation (with the exception of Mr. Wesley's 2008 restricted stock unit grant reflected in column D) and reflect the amounts expensed (or reversed) in the Company's 2006, 2007 and 2008 financial statements for stock options and stock awards (see footnote 1 to Consolidated Financial Statements contained in the

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

Company's Form 10-K for the fiscal years ended December 31, 2006, 2007 and 2008).

- (2) **Non-Equity Incentive Plan:** Column F lists amounts we disclosed as Bonus in years prior to 2006 under securities rules then in effect. We call this Plan the Annual Incentive Plan. Refer to the Compensation Discussion and Analysis on page 24 of this Proxy Statement for more details on the non-equity incentive plan. Solely with respect to Mr. Carbonari, for 2007 this column also includes a cash long-term incentive payment that was granted to him in 2005 when he was employed by a subsidiary of the Company. The payment was based on that subsidiary's financial performance over the 2005-2007 performance period. For 2008, Mr. Carbonari was eligible to earn a cash long-term incentive payment based on that subsidiary's financial performance over the 2006-2008 performance period; however no payment was earned. (see page 28 of the Compensation Discussion and Analysis of this Proxy Statement).

Table of Contents

- (3) **Increase in Actuarial Value of Defined Benefit Pension:** Column G includes an estimate of the 2006, 2007 and 2008 increases in actuarial value of the named executive officers' defined benefit pension plan benefit. These estimates were calculated by determining the difference between the normal retirement age benefits accrued as of December 31, 2005 and December 31, 2006, the normal retirement age benefits accrued as of December 31, 2006 and December 31, 2007, and the normal retirement age benefits accrued as of December 31, 2007 and December 31, 2008. The narrative and footnotes following the Pension Benefits table on page 38 provide additional detail about the Company's pension plans.
- (4) **Employee Grantor Trusts:** The named executive officers listed in the Summary Compensation Table are not currently covered under the Company's tax-qualified defined benefit pension plan (except for Mr. Klein). As a replacement, pension benefits are provided under our Supplemental Plan and employee grantor trust arrangements were established to fund these benefits. These employee grantor trust arrangements have been approved by stockholders. Contributions to fund these benefits are taxable to executives.

In 2008, the contributions were made to employee grantor trusts (net of tax withholding) in the following amounts: \$77,623 for Mr. Carbonari, \$0 for Mr. Wesley, \$74,101 for Mr. Omtvedt, \$216,569 for Mr. Roche, and \$45,538 for Mr. Hausberg. These executives were reimbursed for taxes on earnings of the trust related to pension benefits in the following amounts: \$80,675 for Mr. Carbonari, \$151,542 for Mr. Wesley, \$57,134 for Mr. Omtvedt, \$33,604 for Mr. Roche, and \$30,180 for Mr. Hausberg. Contributions are not listed in column H because they were made to fund supplemental retirement benefits that are disclosed in the Pension Benefits table on page 38 and the narrative that follows it. However, the reimbursement for taxes on the contributions are included in Column H.

- (5) **Perquisites:** Column H includes the following amounts of perquisites for 2008: \$167,103 for Mr. Carbonari; \$63,864 for Mr. Wesley; \$41,185 for Mr. Omtvedt; \$0 for Mr. Roche; \$0 for Mr. Klein and \$0 for Mr. Hausberg. In 2008, limited use of the Company aircraft was provided to executives who reimburse the Company (Messrs. Carbonari, Wesley and Omtvedt only). In addition, Mr. Carbonari was reimbursed as a business expense, a one-time fee of \$78,000 for his admission to a golf club. In 2007, the only perquisites were relocation benefits and limited use of the Company aircraft. In 2006, the following perquisites were also provided: automobile allowance; financial planning; and country club dues. However, these additional perquisites were eliminated for 2007 with corresponding salary adjustments.

The aggregate incremental cost of perquisites is generally the cost of such items to the Company. Although Messrs. Carbonari, Wesley and Omtvedt used Company aircraft for personal use in 2008, 2007 and 2006, they reimbursed the Company for their number of hours of personal flight time. The difference between the Company's aggregate incremental cost of personal aircraft usage and the amount paid by the executive is due in part to the incremental cost to reposition Company aircraft; this difference is included in column H. Specifically, for 2008, the Company's cost of personal aircraft usage not reimbursed by executives is \$89,103 for Mr. Carbonari, \$63,864 for Mr. Wesley and \$41,185 for Mr. Omtvedt. The calculation of incremental cost of personal aircraft usage is based on variable cost to the Company, including fuel costs, crew expenses, landing fees and other miscellaneous variable costs.

Defined Contribution Benefits, Nonqualified Plan Earnings and Tax Reimbursements: The amount in column H also includes:

(a) Company contributions to the tax qualified defined contribution plan of the Company, (b) profit-sharing amounts under the Company's Supplemental Plan, and (c) tax reimbursements with respect to defined contribution benefits. We describe these benefits below.

- (a) *Defined Contribution Plan Contributions.* Company contributions for 2008 to the Company's tax qualified defined contribution plan were \$22,620 for each of Messrs. Carbonari, Wesley, Omtvedt, Roche, \$27,220 for Mr. Klein and \$26,456 for Mr. Hausberg.
- (b) *Supplemental Plan.* The Supplemental Plan credits certain executives with amounts that would have been contributed to their accounts under the tax qualified defined contribution plan but for the limitations on contributions imposed by the Internal Revenue Code. Profit-sharing credits earned under our Supplemental Plan for 2008 were: \$120,965 for Mr. Carbonari; \$146,288 for Mr. Wesley; \$60,990 for Mr. Omtvedt; \$42,496 for Mr. Roche; \$36,931 for Mr. Klein; and \$22,227 for Mr. Hausberg. These amounts were credited to executives' accounts in early 2009.

For all named executive officers except Messrs. Carbonari and Klein, to meet the Company's obligations to provide these profit-sharing benefits under the Supplemental Plan, the Company partially funded these benefits through employee grantor trusts approved by stockholders. The Company funds only the amount sufficient to provide the expected after-tax profit-sharing benefit.

Edgar Filing: FORTUNE BRANDS INC - Form DEF 14A

- (c) *Tax Reimbursements.* The defined contribution credits to the Supplemental Plan are subject to Medicare tax. In 2008, the Company reimbursed the named executive officers for Medicare taxes in the amount of: \$2,907 for Mr. Carbonari, \$3,515 for Mr. Wesley, \$1,466 for Mr. Omtvedt, \$1,021 for Mr. Roche, \$888 for Mr. Klein, and \$534 for Mr. Hausberg. In addition, for those executives with employee grantor trusts described in (b) above, the Company reimbursed the executive for taxes on earnings of trust in the amount of \$36,034 for Mr. Wesley, \$11,677 for Mr. Omtvedt, \$4,695 for Mr. Roche, and \$4,349 for Mr. Hausberg. Executives receive only the after-tax defined contribution benefit from these trusts.

Table of Contents

Long-Term Disability Reimbursement: Column H includes amounts that the Company reimburses for the cost of premiums for long-term disability insurance coverage. This reimbursement is provided to all employees and is not an incentive benefit. The reimbursement is taxable to the employee. The amount of long-term disability reimbursement in 2008 was \$1,033 for each named executive officer, except for Mr. Wesley. Due to Mr. Wesley's retirement in 2008, the amount of long-term disability reimbursement was \$775.

Premiums for Life Insurance: The Company provides an additional life insurance program for Messrs. Carbonari, Wesley, Omtvedt, Roche, and Klein. The amounts set forth in column H include the dollar value of insurance premiums paid by the Company in 2006, 2007 and 2008. For 2008, these amounts were: \$22,380 for Mr. Carbonari; \$31,500 for Mr. Wesley; \$12,820 for Mr. Omtvedt; \$6,925 for Mr. Roche; \$4,741 for Mr. Klein; and \$6,168 for Mr. Hausberg.

(1) The grant date value of stock option awards is the value that will be expensed in the Company's financial statements over the vesting period based on the Black-Scholes value of \$8.8971 for the September 29, 2008 grant. The Black-Scholes value for Mr. Carbonari's one-time special grant on February 25, 2008 was \$10.839665.

- (2) The numbers in this row reflect the range of potential payments under the Annual Executive Incentive Plan. Mr. Wesley retired in September 2008 and would have been eligible to receive a payout under this Plan. No payments were earned by Mr. Wesley, or any other executive officer, in 2008. See page 24 for additional information.
- (3) The numbers in this row reflect the range of potential performance shares that may be awarded.
- (4) This row reflects the number of restricted stock units that were awarded, whose vesting is subject to achievement of certain performance goals. For Mr. Wesley, vesting of the award is subject to compliance with certain non-compete provisions and confidentiality.
- (5) This row reflects stock options granted in 2008. Mr. Klein's stock option grant included a special one-time grant of 40,000 stock options.

Table of Contents

Non-Equity Incentive Plan

Under the Annual Executive Incentive Plan, an executive must continue in employment for the entire year to receive a bonus, unless employment ends due to death, disability or retirement. Messrs. Omtvedt, Roche and Hausberg currently are eligible to retire under the Company's supplemental retirement plan and Mr. Wesley retired in 2008. Accordingly, these executives will remain eligible for an annual bonus even if they voluntarily terminate employment before the end of the year.

Long-Term Equity Incentive Plan

If an executive terminates employment, options expire three months after the termination date or the regularly scheduled expiration date (if sooner). If an executive dies, options must be exercised within three years after the date of death (or the expiration date, if earlier) provided options may be exercised for one year following death even if this period extends beyond the expiration date. If an executive retires or becomes disabled, but has remained an employee for at least one year from the grant date, options may be exercised for up to three years after employment terminates, or the expiration date if earlier. Messrs. Omtvedt, Roche and Hausberg currently are eligible to retire under the Company's supplemental retirement plan. Accordingly, a voluntary termination of employment by any of these executives will be considered a retirement and the more favorable retirement provisions described above will apply. Mr. Wesley retired in 2008.

An executive must continue in employment for the entire performance period to receive a performance share payment, except that if the executive's employment ends due to death, disability or retirement, the executive will receive payment (subject to the Company's attainment of the performance goals). Messrs. Omtvedt, Roche and Hausberg currently are eligible to retire under the Company's supplemental retirement plan. Accordingly, a voluntary termination of employment by any of these executives will be considered a retirement and the more favorable retirement provisions will apply. Mr. Wesley retired in 2008.

For restricted stock units, executives must continue in employment until December 31, 2010 and meet 75% of the Company's cumulative earnings per share goals set for the 2008-2010 performance period with respect to performance share awards. Payment of the award, if any, will be made in January 2011. However, payment may be accelerated if interim earnings per share targets are met. If interim goals are met in 2008, one-third of the restricted stock units will vest on January 31, 2009. If interim goals are met in 2009, one-third of the restricted stock units will vest on January 31, 2010. All restricted stock units granted to these executives will fully vest and become payable upon the death or disability of the executive. If an executive retires prior to December 31, 2010, restricted stock units will be paid, subject to attainment of the performance goals, in January 2011. Messrs. Omtvedt, Roche and Hausberg are eligible to retire.

Mr. Wesley's restricted stock unit grant differs in that payment will only be made if he strictly adheres to certain non-compete and confidentiality covenants from the time of his retirement until December 31, 2010. These restricted stock units will fully vest and become payable upon Mr. Wesley's death or disability.

- (1) Each outstanding stock option granted that is currently vested and exercisable is listed in this column. These stock option grants vested ratably on the first three anniversaries of the grant date. Mr. Wesley retired on September 30, 2008. Pursuant to the terms of the Plan, which are applicable to all optionees, upon his retirement all unvested stock options, that is 57,000 which were granted on September 26, 2006, became exercisable.
