**PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS**

TO BE HELD ON JUNE 2, 2009

INTRODUCTION

General

This Proxy Statement and the accompanying 2008 Annual Report to Shareholders are being furnished to the shareholders of Northwest Pipe Company, an Oregon corporation (the "Company"), as part of the solicitation of proxies by the Company's Board of Directors (the "Board of Directors") for use at the Company's annual meeting of shareholders (the "Annual Meeting") to be held on Tuesday, June 2, 2009 at the Heathman Hotel, 1001 SW Broadway, Portland, OR 97205, at 9:00 a.m., local time. At the Annual Meeting, shareholders will be asked to elect two members to the Board of Directors and to transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof. This Proxy Statement, together with the enclosed proxy card and the 2008 Annual Report to Shareholders, are first being mailed to shareholders of the Company on or about May 1, 2009.

Solicitation, Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on April 1, 2009 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Common Stock at the close of business on such date will be entitled to vote at the Annual Meeting, with each such share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were 9,236,493 shares of Common Stock then outstanding. The presence in person or by proxy of a majority of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. ***Executed but unmarked proxies will be voted FOR the nominees for election to the Board of Directors.*** The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters as determined by a majority of the Board of Directors.

Shareholders who execute proxies retain the right to revoke them at any time prior to the exercise of the powers conferred thereby by filing a written notice of revocation with, or by delivering a duly executed proxy bearing a later date to, Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661, or by attending the Annual Meeting and voting in person. All valid, unrevoked proxies will be voted at the Annual Meeting.

CORPORATE GOVERNANCE

Our Board of Directors and management have committed themselves to establishing a strong corporate governance environment, and to adopting best practices as they most meet the needs and goals of the Company. To that end, in January 2009 we enhanced the former Nominating Committee to now be the Nominating and Governance Committee and we adopted Corporate Governance Principles, which cover such topics as qualifications and independence of Board members, the selection, orientation, and continuing education of Board members, as well as other topics designed to promote effective governance by the Board of Directors. A copy of our Corporate Governance Principles is available on the Company's website at www.nwpipe.com under the heading "Corporate Governance", or by writing to Northwest Pipe Company, attn. Corporate Secretary, 5721 SE Columbia Way, Suite 200, Vancouver, WA 98661.

Director Independence

The Board of Directors has determined that Michael C. Franson, Wayne B. Kingsley, Keith R. Larson and Richard A. Roman are independent. The Board has established director independence guidelines as part of the Corporate Governance Principles to assist in determining director independence in accordance with the standards of the Nasdaq Stock Market. The director independence guidelines provide that none of the following will be an independent director:

(A) a director who is, or at any time during the past three years was, employed by Northwest Pipe;

(B) a director who accepted or who has a family member who accepted any compensation from Northwest Pipe in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence, other than the following:

(i) compensation for board or board committee service;

(ii) compensation paid to a family member who is an employee (other than an executive officer) of Northwest Pipe; or

(iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation,

provided, however, that in addition to the requirements contained in this paragraph (B), Audit Committee members are also subject to additional, more stringent requirements under NASDAQ Rule 4350(d).

(C) a director who is a family member of an individual who is, or at any time during the past three years was, employed by Northwest Pipe as an executive officer;

(D) a director who is, or has a family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which Northwest Pipe made, or from which Northwest Pipe received, payments for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than the following:

(i) payments arising solely from investments in Northwest Pipe's securities; or

(ii) payments under non-discretionary charitable contribution matching programs.

(E) a director of Northwest Pipe who is, or has a family member who is, employed as an executive officer of another entity where at any time during the past three years any of the executive officers of Northwest Pipe serve on the compensation committee of such other entity; or

(F) a director who is, or has a family member who is, a current partner of Northwest Pipe's outside auditor, or was a partner or employee of Northwest Pipe's outside auditor who worked on Northwest Pipe's audit at any time during any of the past three years.

Lead Director

To further strengthen our corporate governance environment, the independent directors will select a lead director from the independent directors if the positions of Chairman and Chief Executive Officer are held by the same person or if the Chairman of the Board is not an independent director. The lead director shall: coordinate the activities of the independent directors; make recommendations to the CEO in setting Board meeting agendas on matters concerning the independent directors; prepare the agenda for executive sessions of the independent directors, chair those sessions and be primarily responsible for communications between the independent directors and the CEO. Mr. Roman was selected as Lead Director in November 2008.

Board of Directors Meetings

The Board of Directors met five times during 2008. Each director attended more than 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which he served. Members of the Board of Directors are also encouraged to attend the Company's annual meeting of shareholders each year. All of the members of the Board of Directors attended the Company's 2008 Annual Meeting of Shareholders.

Board of Directors Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of the Committees consists of independent directors and each of the Committees has adopted a written charter which is available on the Company's website at www.nwpipe.com under the heading "Corporate Governance", or by writing to Northwest Pipe Company, attn. Corporate Secretary, 5721 SE Columbia Way, Suite 200, Vancouver, WA 98661.

The Audit Committee met nine times in 2008. Each member of the Audit Committee is independent as defined by applicable U.S. Securities and Exchange Commission (SEC) and Nasdaq Stock Market rules. Audit Committee Report

Management is responsible for preparing the Company's financial statements. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon, and for performing an independent audit of the effectiveness of the Company's internal controls over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the independent accountants on the basis of the information it receives, discussions with the independent accountants and the experience of the Audit Committee's members in business, financial and accounting matters.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent accountants. The Audit Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's independent accountants also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the above discussions and review with management and the independent accountants, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the U.S. Securities and Exchange Commission.

Respectfully submitted by the Audit Committee of the Board of Directors.

Compensation Committee. The Compensation Committee of the Board of Directors is responsible to assist the Board of Directors in fulfilling its responsibilities with regard to oversight and determination of executive compensation by: reviewing, recommending and approving salaries and other compensation of the Company's executive officers; administering the Company's equity incentive and compensation plans, including reviewing, recommending and approving stock option and other equity incentive and compensation awards to executive officers; and reviewing, recommending and taking action upon any other compensation practices or policies of the Company as the Board may request or the Committee may determine to be appropriate. The Committee has sole authority to retain and terminate a compensation consultant to assist in the evaluation of executive compensation. In 2008, the Committee determined that, in line with emerging corporate governance best practices, it would retain Mercer, an outside compensation consultant, to provide services as compensation consultants. Mercer performed a director compensation review to assess the competitiveness of the Company's Board of Directors compensation strategy for its non-employee directors and provided recommendations in terms of structure and magnitude of compensation. Additionally, Mercer performed a review of the long-term compensation of employees, and provided recommendations regarding the components and mix (short-term/long-term; fixed/variable; cash/equity) of the long-term compensation programs of the Company. The Committee also reviewed both general and peer survey data compiled by Mercer. While the Committee reviewed the information provided by Mercer, including the peer survey data, as a general indicator of relevant market

conditions, the Committee does not utilize specific benchmark levels as the principal factor in its compensation discussions. Mercer reported to the Committee Chair and had direct access to Committee members without management present, and attended Committee meetings either in person or by telephone. The Compensation Committee met seven times in 2008.

Nominating and Governance Committee; Nominations by Shareholders. The Nominating and Governance Committee of the Board of Directors, formed in January 2009, recommends to the Board of Directors corporate governance principles for the Company, identifies qualified candidates for membership on the Board of Directors, and proposes nominees for election as directors. Each of the members of the Nominating and Governance Committee is independent as defined by applicable Nasdaq Stock Market rules.

In identifying qualified candidates for the Board of Directors, the Nominating and Governance Committee will consider recommendations by shareholders. Shareholder recommendations as to candidates for election to the Board of Directors may be submitted to Corporate Secretary, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661. The Nominating and Governance Committee will evaluate potential nominees, including candidates recommended by shareholders, by reviewing qualifications, considering references, conducting interviews and reviewing such other information as the members of the Nominating and Governance Committee deem relevant. All candidates for election to the Board of Directors must be individuals of character, integrity and honesty. The Nominating and Governance Committee has not employed any third parties to help identify or screen prospective directors in the past, but may do so at the discretion of the Nominating and Governance Committee.

The Company's Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made. A shareholder's notice of nomination must also set forth certain information specified in the Company's Bylaws concerning each person the shareholder proposes to nominate for election and the nominating shareholder.

Communications with Directors

Shareholders and other parties interested in communicating directly with the members of the Board of Directors may do so by writing to: Board of Directors, Northwest Pipe Company, 5721 SE Columbia Way, Suite 200, Vancouver, Washington, 98661.

Certain Relationships and Related Transactions

We believe that there has not been any transaction or series of transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or holder of more than 5% of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in Executive Compensation Discussion and Analysis. We intend that any such future transactions will be approved by the Board of Directors and will be on terms no less favorable to our Company than could be obtained from unaffiliated third parties.

Table of Contents**ELECTION OF DIRECTORS**

At the Annual Meeting, two directors will be elected, each for a three-year term. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of the nominees named below. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. However, if any of the persons nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend.

The Company's Articles of Incorporation and Bylaws provide that the Board of Directors shall be composed of not less than six and not more than nine directors. The Board of Directors has fixed the number of directors at six. The Company's directors are divided into three classes. The term of office of only one class of directors expires each year, and their successors are generally elected for terms of three years, and until their successors are elected and qualified. There is no cumulative voting for election of directors.

The Board of Directors unanimously recommends that shareholders vote FOR the election of its nominees for directors. If a quorum is present, the Company's Bylaws provide that directors are elected by a plurality of the votes cast by the shares entitled to vote. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists with respect to a given nominee.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The Board of Directors and executive management at Northwest Pipe Company believe that the performance and contribution of its executive officers are critical to the overall success of the Company. To attract, retain, and motivate the executives to accomplish the Company's business strategy, the Compensation Committee of the Board of Directors (the "Compensation Committee") establishes executive compensation policies and oversees executive compensation practices at Northwest Pipe Company. The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term goals by the Company, and which aligns executives' interests with those of the shareholders by rewarding performance that exceeds established goals, with the ultimate objective of improving shareholder value. The Committee also evaluates compensation programs to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of the Company's peer companies. The Compensation Committee believes executive compensation packages provided by the Company should include both cash and share-based compensation that reward performance as measured against established goals.

There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Compensation Committee exercises business judgment in determining the appropriate level and mix of executive compensation. The Compensation Committee and the Chief Executive Officer annually review the performance of each named executive officer (other than the Chief Executive Officer whose performance is reviewed by the Committee). Based on these reviews, the compensation committee makes compensation decisions, including salary adjustments and annual bonus awards, for the named executive officers.

In 2008, the Compensation Committee engaged an independent compensation consultant, Mercer, to conduct a review of the Company's executive compensation program, and to advise the Committee on the design of a long-term equity incentive program, as discussed below.

Elements of Compensation

For the year ended December 31, 2008, the principal components of compensation for executive officers were:

base salary;

performance-based incentive compensation;

long-term incentive compensation;

long-term equity incentive awards (restricted stock units and performance awards);

retirement benefits; and

perquisites and other personal benefits.

Base Salary. The Company provides executive officers and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries are determined for each executive based on his or her position and responsibility, using market data. In addition, the Company considers the individual performance of the executive, and conducts internal reviews of the executive's compensation to ensure equity among executive officers. Salary levels are typically reviewed annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries are based on the Compensation Committee's assessment of the

individual executive s performance.

Table of Contents

Performance-Based Incentive Compensation. The Company provides executive officers and other employees with bonus compensation to incentivize and reward them for high performance and achievement of corporate goals. The bonus program gives the Compensation Committee the latitude to award cash incentive compensation to executive officers and others as a reward for the growth and profitability of the Company, and places a significant percentage of each executive officer's compensation at risk. Awards are based on the Company's achievement of certain financial performance measures for the year, including sales and net income measures.

Long-Term Incentive Compensation. The Long-Term Incentive Plan was phased out in 2008. This Plan encouraged participants to focus on long-term Company earnings and performance and provided an opportunity for executive officers and certain designated key employees to increase their compensation through cash-based performance unit awards based on a three-year performance cycle. Each annual award of performance units specified a three-year cycle for determining the amount to be paid with respect to each award. For example, the performance units awarded in fiscal year 2007 were based upon the Company's performance from 2004 through 2006. The performance measurement for the performance units awarded is the Company's average return on assets as compared to a hurdle rate determined by the Compensation Committee. Final payment for all performance units previously awarded was made in 2008, and no further performance units of this type will be awarded.

Long-Term Equity Incentive Awards. Beginning in 2008, the Company began providing long-term equity incentive awards to executive officers and certain designated key employees. The long-term equity incentive awards are designed to ensure that the Company's executive officers and key employees have a continuing stake in the long-term success of the Company. In addition, the awards emphasize pay-for-performance. Terms and conditions of the awards are determined on an annual basis by the Compensation Committee. The amount of the initial equity award was determined based on a percentage of the recipient's salary, and ranged from twelve and one-half percent to eighty percent, depending on the grade level of the employee. Under the grant, twenty percent of the award was in the form of restricted stock units (RSUs), and eighty percent of the award was in the form of performance share awards (PSAs). RSUs are service based and entitle the holder to one share of Common Stock at the end of the vesting period (generally the vesting occurs annually over a three year period), subject to continued employment. RSUs are designed to attract and retain executive officers and others by providing them with the benefits associated with the increase in the value of the Common Stock during the vesting period, while incentivizing them to remain with the Company long-term. PSAs are performance and service based, and entitle the holder to receive one share of Common Stock, generally based on the achievement of a three-year earnings per share result compared to a pre-established target. The number of PSAs and, therefore, the number of shares awarded at the end of a performance period can range from zero to 225% of the target award. Vesting of the awarded PSAs occurs fifty percent at end of the performance period and fifty percent one year later, subject to continued employment. PSAs serve several purposes. They have value to the holder only if threshold earnings per share goals are achieved during their generally three-year performance measurement period and they serve as a retention tool because awards made for the attainment of the targeted earnings per share goals vest equally over two years following the performance measurement period. Additionally, the holders benefit further if they are successful in increasing the value of the Common Stock of the Company.

Concurrent with the implementation of the long-term equity incentive awards, the Company adopted a requirement that over the next five years executive officers must accumulate, and hold thereafter, one times their then-current annual salary in Common Stock.

Retirement Benefits. In order to provide competitive total compensation, the Company offers to its executive officers and certain designated key employees a nonqualified retirement savings plan, which provides executive officers and others with the opportunity to defer salary and bonus compensation for a period of years or until termination of employment. Executive officers who defer salary or bonus under this plan are credited with market-based returns. The Company may make a discretionary matching contribution based on deferrals made by each participant. In addition, the Company will make a contribution based on a target benefit projected for each participant. The target benefit projected is 1% of base salary in the year before attaining normal retirement age per year of employment (up to 35 years) with the Company.

Table of Contents

The Company also offers a qualified 401(k) defined contribution plan. The ability of executive officers to participate fully in this plan is limited under IRS and ERISA requirements. The 401(k) plan encourages employees to save for retirement by investing on a regular basis through payroll deductions.

Perquisites and Other Personal Benefits. The Company provides executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract, retain and motivate employees for key positions. The Company is selective in its use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers. The primary perquisites are car allowances, club membership dues, life insurance premiums and infrequent payments of spousal travel.

Change in Control Agreements

The Company has entered into change in control agreements (the **Agreements**) with its executive officers. Each of the **Agreements** is for a term ending July 19, 2009, provided that on that date and each anniversary thereafter, the term of the **Agreements** will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not be so extended. If a **Change in Control** (as defined in the **Agreements** and described below) occurs during the term of **Agreements**, the **Agreements** will continue in effect until two years after the **Change in Control**.

If an executive officer's employment with the Company is terminated within two years after a **Change in Control** either by the Company without **Cause** (as defined in the **Agreements** and described below) or by the executive officer for **Good Reason** (as defined in the **Agreements** and described below), the executive officer will be entitled to receive his or her full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two years' base salary (one year in the case of Mr. Jenkins and three years in the case of Mr. Dunham) and (ii) an amount equal to two times (one times in the case of Mr. Jenkins and three times in the case of Mr. Dunham) the average cash bonuses paid to the executive officer during the previous three years. In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding unvested stock options would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a **parachute payment** under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a **parachute payment**.

If an executive officer's employment with the Company is terminated within two years after a **Change in Control** either by the Company for **Cause** or as a result of the executive officer's disability or death, the executive officer will be entitled to receive his or her full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the **Agreements**, a **Change in Control** includes (i) any merger or consolidation transaction in which the Company is not the surviving corporation, unless shareholders of the Company immediately before such transaction have the same proportionate ownership of common stock of the surviving corporation in the transaction, (ii) the acquisition by any person of 30 percent or more of the Company's total combined voting power, (iii) the liquidation of the Company or the sale or other transfer of substantially all of its assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board of Directors. For purposes of the **Agreements**, **Good Reason** includes (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 10 miles of his or her job location before the **Change in Control**, (iv) the Company's failure to continue in effect any compensation or employee benefit plan or program in effect before the **Change in Control** or any act or omission that would adversely effect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, and (v) the failure by the Company to require any successor to the Company to assume the Company's obligations under the **Agreements** within 30 days after a **Change in Control**. For purposes of the **Agreements**, **Cause** means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

The amount of compensation payable to each named executive officer in each situation under a change in control is listed in the tables below. The amounts shown assume that a change in control occurred and that the employment of each executive was terminated effective as of December 31, 2008.

Table of Contents**INDEPENDENT AUDITORS**

Deloitte and Touche LLP served as the Company's independent registered public accountants for the year ended December 31, 2008. Representatives of Deloitte and Touche LLP are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. Fees for services billed or expected to be billed by the Company's principal accountant, Deloitte and Touche LLP, for the years ended December 31, 2008 and 2007 were as follows:

	2008	2007
Audit fees ⁽¹⁾	\$ 468,750	\$ 562,500
Audit-related fees ⁽²⁾	25,000	25,000
Tax and All Other Fees		
 Total fees	 \$ 493,750	 \$ 587,500

- (1) Audit fees include fees for audits of the annual financial statements, including required quarterly reviews, and the audit of the Company's internal control over financial reporting.
- (2) Audit-related fees include fees billed for audits of the Company's employee benefit plans' 2007 financial statements, and fees estimated for audits of the Company's employee benefit plans' 2008 financial statements.

To help assure independence of the independent auditors, the Audit Committee has established a policy whereby all services of the principal accountant or other firms must be approved in advance by the Audit Committee; provided, however, that de minimis services may instead be approved by the Chief Executive Officer or the Chief Financial Officer. One hundred percent of the fees shown in the principal accountant fees schedule for 2008 and 2007 were approved by the Audit Committee.

On July 13, 2007, the Company dismissed PricewaterhouseCoopers LLP as its independent registered public accounting firm. The Company's Audit Committee participated in and made the decision to change the Company's independent registered public accounting firm. The reports of PricewaterhouseCoopers on the financial statements of the Company for the fiscal years ended December 31, 2005 and 2006 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the fiscal years ended December 31, 2005 and 2006 and through July 13, 2007: (i) there were no disagreements with PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers would have caused them to make reference thereto in their reports on the financial statements for such years; and (ii) there were no reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K, except for the material weakness in internal control over financial reporting described in the following paragraph.

In its Annual Report on Form 10-K for the year ended December 31, 2006, the Company reported it had a material weakness in the Company's internal control over financial reporting as a result of a lack, as of December 31, 2006, of effective controls over the accumulation of certain internal costs that were initially capitalized in the Company's property, plant and equipment account during the combination of the Company's Riverside and Adelanto facilities. This control deficiency resulted in an audit adjustment to the Company's annual 2006 consolidated financial statements. The Audit Committee and management discussed this material weakness with PricewaterhouseCoopers and authorized PricewaterhouseCoopers to respond fully to any inquiries about the Company's material weaknesses over financial reporting as may be made by the Company's successor independent registered public accounting firm. The Company requested that PricewaterhouseCoopers furnish the Company with a letter addressed to the SEC stating whether or not PricewaterhouseCoopers agreed with the statements in the foregoing. A copy of such letter was filed with the SEC on July 18, 2007 as an exhibit to the Company's Current Report on Form 8-K filed on that date.

Proposals or nominations not meeting these requirements will not be entertained at the annual meeting. If the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a shareholder.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors does not know of any other matters to be presented for action by the shareholders at the 2009 Annual Meeting. If, however, any other matters not now known are properly brought before the meeting, the persons named in the accompanying proxy will vote such proxy in accordance with the determination of a majority of the Board of Directors.

COST OF SOLICITATION

The cost of soliciting proxies will be borne by the Company. In addition to use of the mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Company, who will not be specially compensated for such activities. Such solicitations may be made personally, or by mail, facsimile, telephone, telegraph or messenger. The Company will also request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Company will reimburse such persons for their reasonable expenses incurred in that connection.
