#### ITEM 8.01. OTHER EVENTS

On January 1, 2009, Rayonier (we, our, us, or the Company) adopted Financial Standards Board Staff Position (FSP) APB 14-1, Accounting Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement). FSP APB 14-1 requires that entities with convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement) separately account for the liability and equity components in a manner that reflects the entity s nonconvertible debt borrowing rate when interest expense is recognized in subsequent periods. FSP APB 14-1 requires retrospective application to all periods presented.

The Company holds a 40 percent interest in a joint venture (JV) that owns approximately 329,000 acres of New Zealand timberlands. In addition to the investment, Rayonier New Zealand Limited (RNZL), a wholly-owned subsidiary of Rayonier Inc., serves as the manager of the JV forests and operates a log trading business. During the third quarter of 2008, Rayonier and its JV partners decided to offer to sell their interests in the JV as well as the operations of RNZL. In the second quarter of 2009, as a result of stressed capital markets and weak global economic conditions, Rayonier and its JV partners decided to discontinue the sale process and continue on-going operations. Accordingly, the interest in the JV and the operations of RNZL (collectively, the New Zealand operations) no longer qualify for treatment as discontinued operations.

We are filing this Current Report on Form 8-K to reflect the impact on our previously issued financial statements of the adoption of FSP APB 14-1 and the reclassification of the New Zealand operations from discontinued operations held for sale to continuing operations. For further detail see Note 2 Summary of Significant Accounting Policies in the Notes to Consolidated Financial Statements. Accordingly, the following items of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 are being revised in Exhibit 99.1 to this Current Report on Form 8-K:

Part I, Item 1A, Risk Factors

Part II, Item 6, Selected Financial Data

Part II, Item 7, Management s Discussion and Analysis of Financial Condition and Results of Operations

Part II, Item 7A, Quantitative and Qualitative Disclosures about Market Risk

Part II, Item 8, Financial Statements and Supplementary Data

The revised sections of the Annual Report have not been updated for any other activities or events occurring after February 27, 2009, the date this information was filed with the Securities and Exchange Commission in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008. This Current Report on Form 8-K should be read in conjunction with our 2008 Annual Report on Form 10-K for the fiscal year ended December 31, 2008, our Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2009 and June 30, 2009 and our Current Reports on Form 8-K and any amendments thereto for updated information.
