A copy of our Annual Report on Form 10-K for the fiscal year ended January 31, 2009, as filed with the Securities and Exchange Commission, is being furnished to ADS holders with this proxy statement. Exhibits will be provided upon written request and payment of an appropriate processing fee to SkillSoft PLC, 107 Northeastern Boulevard, Nashua, New Hampshire 03062, Attn: Investor Relations.

Record Date

Record Date for Holders of our Ordinary Shares. Holders of our ordinary shares, or Members, whose names appear in the Register of Members maintained by our registrars, Computershare Investor Services (Ireland) Limited, on the date the proxy statement is mailed to Members are entitled to receive notice of the Annual General Meeting or any adjournment of the Annual General Meeting. In addition, any person who is a Member on the date of the Annual General Meeting is entitled to attend and vote at the Annual General Meeting and any adjournment of the Annual General Meeting.

Record Date for Holders of our ADSs. The Bank of New York Mellon, as the registrar and transfer agent for our ADSs, as well as the depository for the ordinary shares represented by the ADSs, has fixed the close of business on August 25, 2009, which date is the same as the record date set by us, as the record date for determining the ADS holders entitled to give instructions for the exercise of voting rights at the

Annual General Meeting and any adjournment of the Annual General Meeting.

As of August 25, 2009, there were 95,939,298 of our ordinary shares, par value 0.11 per share, issued and outstanding held by approximately 10 holders of record. As of August 25, 2009, there were 95,261,276 of our

ADSs issued and outstanding. Each ADS represents one ordinary share. The ADSs are quoted on the NASDAQ Global Select Market under the symbol SKIL. As of August 25, 2009, there were approximately 230 registered holders of our ADSs. The ordinary shares represented by the ADSs are owned of record by BNY (Nominees) Limited on behalf of The Bank of New York Mellon.

Quorum

To conduct business at the Annual General Meeting, a quorum must be present. Our Articles of Association provide that the presence at an Annual General Meeting, either in person or by proxy, of three (3) persons entitled to vote at the Annual General Meeting, who together hold not less than one-third of our voting share capital in issue, each being a Member or a proxy for a Member or a duly authorized representative of a corporate Member, constitutes a quorum for the transaction of business. We will treat ordinary shares represented by a properly signed and returned proxy (including holders of shares who abstain or do not vote with respect to one or more of the matters presented for a vote) as present at the meeting for the purposes of determining the presence or absence of a quorum for the transaction of business.

Voting of Ordinary Shares

Generally. Votes may be given at the Annual General Meeting either personally or by proxy. Voting at the Annual General Meeting will be by a show of hands, unless a poll (a count of the number of shares voted) is duly demanded. On a show of hands, each Member present in person and every proxy shall have one vote, provided, that no individual shall have more than one vote, and, on a poll, each Member shall have one vote for each share of which he, she or it is the registered holder. Where there is a tie, whether on a show of hands or on a poll, the chair of the meeting is entitled to a casting vote in addition to any other vote he may have. A poll may, subject to the provisions of the Companies Acts 1963 to 2009 of Ireland, be demanded by: (i) the chair of the meeting, (ii) at least three Members present (in person or by proxy) having the right to attend and vote at the meeting, (iii) any Member or Members present (in person or by proxy) representing in the aggregate not less than one-tenth of the total voting rights of all the Members having the right to attend and vote at the meeting or (iv) a Member or Members present (in person or by proxy) holding our shares conferring the right to attend and vote at the meeting being shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all the shares conferring that right. On a poll, a person entitled to more than one vote need not use all his, her or its votes or cast all the votes he, she or it uses in the same way.

Proxies. Ordinary shares represented by a properly signed and dated proxy will be voted at the Annual General Meeting in accordance with instructions indicated on the proxy. Proxies that are properly signed and dated but which do not contain voting instructions will be voted **FOR** approval of each of the proposals presented at the Annual General Meeting as more fully described in this proxy statement. Subject to any limitations imposed by law, a proxy holder may vote the proxy in his or her discretion as to any other matter which may properly come before the Annual General Meeting.

Abstentions. A properly executed proxy marked **ABSTAIN** will be counted as present for purposes of determining whether a quorum is present, but the shares represented by that proxy will not be voted at the Annual General Meeting on the matter to which the abstention relates. An abstention will not have an effect on the vote for any of the proposals to be voted upon at the meeting. Shares held by Members who abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast on such matter. Accordingly, abstentions and broker non-votes will have no effect on the proposals to be acted on at the Annual General Meeting.

Voting of ADSs

Generally. Holders of ADSs may not vote at the Annual General Meeting. The Bank of New York Mellon has the right, subject to certain limitations set forth in the Deposit Agreements among SkillSoft, The Bank of New York Mellon and the owners and beneficial owners of ADSs, to vote all of our ordinary shares represented by ADSs. Under the terms of the Deposit Agreements, however, The Bank of New York Mellon is required to cast its votes with respect to those ordinary shares for which it receives instructions from the holders of the ADSs representing such ordinary shares in accordance with the instructions received.

Record Date; Notice of Annual General Meeting. Under the terms of the Deposit Agreements, whenever The Bank of New York Mellon receives notice of any meeting of holders of ordinary shares, The Bank of New York Mellon is required to fix a record date, which shall be the record date, if any, established by us for the purpose of such meeting or, if different, as close to the date established by us as practicable, for the determination of the owners of ADSs who will be entitled to give instructions for the exercise of voting rights at any such meeting, subject to the provisions of the Deposit Agreements.

Upon receipt of notice of any of our meetings or the solicitation for consents or proxies from the holders of ordinary shares, The Bank of New York Mellon is required, if so requested in writing by us, as soon as practicable thereafter, to mail to all owners of ADSs a notice, the form of which shall be in the sole discretion of The Bank of New York Mellon, containing:

the information contained in the notice of meeting received by The Bank of New York Mellon from us;

a statement that the owners of ADSs at the close of business on a specified record date are entitled, subject to any applicable provisions of Irish law and our Articles of Association, to instruct The Bank of New York Mellon as to the exercise by The Bank of New York Mellon of the voting rights, if any, pertaining to the number of ordinary shares represented by their respective ADSs;

a statement that owners of ADSs who instruct The Bank of New York Mellon as to the exercise of their voting rights will be deemed to have instructed The Bank of New York Mellon or its authorized representative to call for a poll with respect to each matter for which instructions are given, subject to any applicable provisions of Irish law and our Articles of Association; and

a statement as to the manner in which the instructions may be given, including an express indication that instructions may be given or deemed to be given in accordance with the next paragraph, and if no instruction is received, to The Bank of New York Mellon to give a discretionary proxy to a person designated by us.

Voting of Ordinary Shares Underlying ADSs. Upon the written request of an owner of ADSs on the record date, received on or before the date established by The Bank of New York Mellon for the purpose of such meeting, The Bank of New York Mellon will, insofar as practicable, vote or cause to be voted the number of ordinary shares represented by such ADSs in accordance with the instructions set forth in such request. Accordingly, pursuant to our Articles of Association and applicable Irish law, The Bank of New York Mellon will cause its authorized representative to attend each meeting of holders of ordinary shares and (if necessary) call for a poll as instructed for the purpose of effecting such vote. The Bank of New York Mellon will not vote or attempt to exercise the rights to vote that attach to the ordinary shares other than in accordance with such instructions or deemed instructions.

ADSs purchased by us or our subsidiaries under our share purchase program cannot be voted.

Discretionary Proxies. The Deposit Agreements provide that if no instructions are received by The Bank of New York Mellon from any owner of ADSs with respect to any of the ordinary shares represented by the ADSs on or before the date established by The Bank of New York Mellon for the purpose of such meeting, The Bank of New York Mellon will deem such owner of ADSs to have instructed The Bank of New York Mellon to

Table of Contents

give a discretionary proxy to a person designated by us with respect to such ordinary shares and The Bank of New York Mellon will give a discretionary proxy to a person designated by us to vote such ordinary shares, under circumstances and according to the terms as set forth in the Deposit Agreements. However, no such instructions will be deemed given and no such discretionary proxy will be given if we notify The Bank of New York Mellon, and we have agreed to provide such notice as promptly as practicable in writing, that the matter to be voted upon is one of the following:

a matter not submitted to shareholders by means of a proxy statement comparable to that specified in Schedule 14A promulgated by the U.S. Securities and Exchange Commission (the "SEC") pursuant to the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act");

the subject of a counter-solicitation, or is part of a proposal made by a shareholder which is being opposed by our management (i.e., a contest);

relates to a merger or consolidation, except in limited circumstances involving a merger between SkillSoft and a wholly-owned subsidiary;

involves rights of appraisal;

authorizes mortgaging of property;

authorizes or creates indebtedness or increases the authorized amount of indebtedness;

authorizes or creates preference shares or increases the authorized amount of existing preference shares;

alters the terms or conditions of any shares then outstanding or existing indebtedness;

involves the waiver or modification of preemptive rights, except when the proposal is to waive such rights for ordinary shares being offered under share option or purchase plans involving the additional issuance of not more than 5% of our outstanding ordinary shares;

alters voting provisions or the proportionate voting power of a class of shares, or the number of its votes per share, except where cumulative voting provisions govern the number of votes per share for election of directors and the proposal involves a change in the number of directors by not more than 10% or not more than one;

changes existing quorum requirements for shareholder meetings;

authorizes the issuance of ordinary shares, or options to purchase ordinary shares, to our directors, officers, or employees in an amount which exceeds 5% of the total amount of the class outstanding. However, when a plan is amended to extend its duration, we shall factor into the calculation the number of ordinary shares that remain available for issuance, the number of ordinary shares subject to outstanding options and any ordinary shares being added. Should there be more than one plan being considered at the same

meeting, all ordinary shares will be aggregated;

authorizes (a) a new profit-sharing or special remuneration plan, or a new retirement plan, the annual cost of which will amount to more than 10% of our average annual income before taxes for the preceding five years, or (b) the amendment of an existing plan which would bring the annual costs above 10% of such average annual income before taxes. Should there be more than one plan being considered at the same meeting, all costs are aggregated; exceptions may be made in cases of: (1) retirement plans based on agreement or negotiations with labor unions or which have been or are to be approved by such unions, and (2) any related retirement plan for the benefit of non-union employees having terms substantially equivalent to the terms of such union-negotiated plan, which is submitted for action of shareholders concurrently with such union-negotiated plan;

changes our purposes or powers to an extent which would permit us to change to a materially different line of business and our stated intention is to make such a change;

authorizes the acquisition of property, assets or a company, where the consideration to be given has a fair value of 20% or more of the market value of our previously outstanding ADSs and ordinary shares;

Table of Contents

authorizes the sale or other disposition of 20% or more of our assets or earning power as measured prior to the closing of the transactions;

authorizes a transaction which is not in the ordinary course of business in which an officer, director or substantial security holder of SkillSoft has a direct or indirect interest; or

reduces our earned surplus by 51% or more, or reduces earned surplus to an amount less than the aggregate of three years' ordinary share dividends computed at the current dividend rate.

Each of the proposals to be acted upon at the Annual General Meeting, is a matter for which The Bank of New York Mellon may deem that instruction has been given for The Bank of New York Mellon to give a discretionary proxy to a person designated by us where no instruction is received. Therefore, The Bank of New York Mellon will give a discretionary proxy to a person designated by us to vote such ordinary shares for which no instruction has been given.

Inspection of Reports. The Bank of New York Mellon will make available for inspection by the owners of ADSs at its Corporate Trust Office any reports and communications, including any proxy soliciting material, received from us, which are both (a) received by The Bank of New York Mellon as the holder of the ordinary shares and (b) generally made available to the holders of ordinary shares. The Bank of New York Mellon will also send to the owners of ADSs copies of such reports when furnished by us pursuant to the Deposit Agreements.

Expenses of Solicitation of Proxies

We will pay the cost of preparing, assembling, posting on the designated website, printing and mailing the proxy statement, the Notice of Annual General Meeting and the form of proxy, as well as the cost of soliciting proxies relating to the Annual General Meeting. Following the original mailing and posting on the designate website of the proxies and other solicitation materials, we will request banks, brokers, dealers and voting trustees or other nominees, including The Bank of New York Mellon in the case of the ADSs, to solicit their customers who are owners of shares listed of record and names of nominees, and will reimburse them for reasonable out-of-pocket expenses of such solicitation.

In addition to solicitation by mail, directors, officers and key employees of SkillSoft may solicit proxies in person or by telephone, telegram or other means of communications. These persons will receive no additional compensation for solicitation of proxies but may be reimbursed for reasonable out-of-pocket expenses.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information as of August 1, 2009, with respect to the beneficial ownership of our ADSs by:

each person known to SkillSoft to own beneficially more than 5% of our outstanding securities;

each director;

our principal executive officer, our principal financial officer and our other three most highly compensated executive officers who were serving as executive officers on January 31, 2009, which we refer to as our named executive officers; and

our current directors and executive officers as a group.

The number of ADSs beneficially owned by each 5% shareholder, director or executive officer is determined under rules of the SEC. Under such rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any ADSs which the individual has the right to acquire on or before September 30, 2009 through the exercise of share options, and any reference in the footnotes to this table to shares subject to share options refers only to share options that are so exercisable. For purposes of computing the percentage of outstanding ADSs held by each person or entity, any shares which that person or entity has the right to acquire on or before September 30, 2009 are deemed to be outstanding but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, each person or entity has sole investment and voting power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion herein of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Table of Contents

As of August 1, 2009, we had 95,750,098 ordinary shares outstanding. Our shareholders may elect to hold their respective shares of our outstanding securities in the form of ordinary shares or ADSs. In addition, holders of options to purchase ordinary shares of SkillSoft may, upon exercise of their options, elect to receive such ordinary shares in the form of ADSs. The 5% shareholders, directors and executive officers identified in the following table hold their respective shares of SkillSoft outstanding securities in the form of ADSs.

Corporate Governance Guidelines

We believe that good corporate governance is important to ensure that SkillSoft is managed for the long-term benefit of its shareholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of the corporate governance guidelines, committee charters and code of conduct described below are available on the Corporate Governance section of our website at www.skillsoft.com.

Alternatively, you can request a copy of these documents by writing to SkillSoft Public Limited Company, c/o Investor Relations, 107 Northeastern Boulevard, Nashua, New Hampshire 03062.

The Board of Directors has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of SkillSoft and our shareholders. These guidelines, which provide a framework for the conduct of the Board of Directors' business, provide that:

the principal responsibility of our directors is to oversee the management of SkillSoft;

a majority of the members of the Board of Directors shall be independent directors;

the Board of Directors shall propose nominees such that, should our shareholders elect those nominees at our annual general meeting, at least two-thirds of the members of the Board of Directors will be independent directors;

our independent directors shall meet in executive session at least four times in each fiscal year;

our directors shall have full and free access to management and, as necessary and appropriate, independent advisors;

the Board of Directors shall oversee and periodically review corporate compliance programs and shall review corrective actions taken by SkillSoft when significant corporate compliance problems are reported;

the Board of Directors shall establish performance criteria for directors and evaluate directors who are re-nominated based on such criteria;

new directors shall participate in an orientation program and all directors are expected to participate in continuing director education; and

at least annually the Board of Directors will conduct a self-evaluation of it and its committees.

Determination of Independence

NASDAQ rules require that the Board of Directors consist of a majority of independent directors. Under applicable NASDAQ rules, a director will only qualify as an independent director if, in the opinion of the Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Under the corporate governance guidelines we adopted in connection with the settlement of our securities class action litigation, the Board of Directors must propose director nominees for election such that, should our shareholders elect those nominees, two-thirds of the members of the Board of Directors will be independent directors. Our corporate governance guidelines also include a heightened definition of independence for purposes of that requirement.

Table of Contents

The Board has determined that none of Messrs. Gross, Boyce, Krzywicki, Meagher or von Prondzynski has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of the NASDAQ Stock Market, Inc. Marketplace Rules and our corporate governance guidelines.

Director Nomination Process

The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to members of the Board of Directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board of Directors.

In considering whether to recommend any particular candidate for inclusion in the Board of Directors slate of recommended director nominees, the Nominating and Corporate Governance Committee applies the criteria set forth in our corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all shareholders. In addition, the candidate must have experience in one of more of the following core competencies: business or management of complex and large consolidated companies or institutions; accounting or finance for complex and large consolidated companies or institutions; leadership, strategic planning or crisis response for complex and large consolidated companies or institutions; software development and e-learning industries; and other relevant areas identified by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for recommendation. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Shareholders may recommend an individual to the Nominating and Corporate Governance Committee for consideration as a director candidate by submitting the following information in writing to the Nominating and Corporate Governance Committee (i) the nominating shareholder's name, address and number of ordinary shares or ADSs beneficially owned by the nominating shareholder, (ii) a description of any arrangements between the nominating shareholder and the recommended candidate, (iii) such information regarding the candidate as would be required to be included in a proxy statement regarding a director candidate, (iv) confirmation that the candidate is an independent director under the requirements set forth in our corporate governance guidelines, (v) the consent of the recommended candidate to serve as a director if elected and (vi) a representation signed by the candidate that if elected, he or she will represent all shareholders in accordance with all applicable laws and our Memorandum and Articles of Association and will comply with all rules generally applicable to directors.

Nominating shareholders who wish to recommend any particular candidate for consideration must provide such written information to the Nominating and Corporate Governance Committee, c/o Investor Relations, SkillSoft Public Limited Company, 107 Northeastern Boulevard, Nashua, New Hampshire 03062 no less than 90 and no more than 150 days before the first anniversary of the preceding year's Annual General Meeting. If the date of the next Annual General Meeting is advanced by more than 30 days from the preceding year's Annual General Meeting, then such written information must be provided no earlier than 150 days prior to such annual general meeting date and not later than the close of business on the later of the 90th day prior to such annual general meeting date and the 10th day following the day on which notice of the date of the annual general meeting was mailed or public disclosure of the date was made.

Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows and applies for candidates submitted by others.

Table of Contents

In March 2009, William J. Boyce was appointed by our Board of Directors as a new director. Mr. Boyce was originally proposed to the Nominating and Corporate Governance Committee by the Company's Chief Executive Officer and the Board of Directors determined to include him among its nominees.

Board Committees

The Board of Directors has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each of these committees operates under a charter that has been approved by the Board of Directors. Current copies of each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee charters are posted on the Investor Relations section of our website, www.skillssoft.com. The members of each committee are appointed by the Board of Directors, upon recommendation of the Nominating and Corporate Governance Committee.

The Board of Directors has determined that all of the members of each of these three standing committees are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act.

The Audit Committee's responsibilities include:

The members of the Audit Committee are Messrs. Gross and Meagher (Chair) and Dr. von Prondzynski. The Board of Directors has determined that Mr. Meagher is an audit committee financial expert as defined by applicable SEC rules. The Audit Committee met six times during the fiscal year ended January 31, 2009. Mr. Gross will no longer be a member of the Audit Committee following the 2009 Annual General Meeting.

Compensation Committee

The Compensation Committee's responsibilities include:

Mr. Boyce was appointed to serve as a member of the Compensation Committee in April 2009. The Compensation Committee met four times during the fiscal year ended January 31, 2009. Mr. Gross will no longer be a member of the Compensation Committee following the 2009 Annual General Meeting.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee's responsibilities include:

identifying individuals qualified to become Board of Directors members;

reviewing and evaluating shareholder nominations for director candidates;

overseeing the Board of Directors' review of management succession planning;

developing and recommending to the Board of Directors corporate governance principles; and

overseeing the evaluation of the Board of Directors.

During the fiscal year ended January 31, 2009, the members of the Nominating and Corporate Governance Committee were Messrs. Gross (Chair), Krzywicki and Meagher and Dr. von Prondzynski. Mr. Boyce was appointed to serve as a member of the Nominating and Corporate Governance Committee in April 2009. The Nominating and Corporate Governance Committee met once during the fiscal year ended January 31, 2009. Mr. Gross will no longer be a member of the Nominating and Corporate Governance Committee following the 2009 Annual General Meeting.

Attendance by Members of the Board of Directors at Meetings

The Board of Directors met seven times during the fiscal year ended January 31, 2009, either in person or by teleconference. During the fiscal year ended January 31, 2009, each of our directors attended at least 75% of the aggregate number of Board of Director and committee meetings held during the fiscal year ended January 31, 2009 that he was eligible to attend as a director and committee member. One director attended the 2008 Annual General Meeting.

Shareholder Communications

The Board of Directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if and as appropriate. The chair of the Nominating and Corporate Governance Committee is primarily responsible for monitoring communications from shareholders and for providing copies or summaries of such communications to the other directors as he considers appropriate.

Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chair of the Nominating and Corporate Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Shareholders who wish to send communications on any topic to the Board of Directors should address such communications to the Board of Directors, c/o Investor Relations, SkillSoft Public Limited Company, 107 Northeastern Boulevard, Nashua, New Hampshire 03062.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted this code on the Corporate Governance section of our website, which is located at www.skillsoft.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ stock market listing standards.

Policies and Procedures Regarding Review, Approval or Ratification of Related Person Transactions

The Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which SkillSoft is a participant, the amount involved exceeds \$50,000, and one of our executive officers, directors, director nominees or 5% shareholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a related person transaction, the related person must report the proposed related person transaction to our Vice President, Administration. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by the Board of Directors' Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between Audit Committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

The Audit Committee will review and consider such information regarding the related person transaction as it deems appropriate under the circumstances. The Audit Committee may approve or ratify the transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, SkillSoft's best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

Table of Contents

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the Board of Directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person owns in the aggregate less than a 5% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than 1% of the annual consolidated gross revenues of the other entity that is a party to the transaction, and (d) the amount involved in the transaction equals less than 1% of SkillSoft's annual consolidated gross revenues; and

a transaction that is specifically contemplated by provisions of our Articles of Association or Memorandum of Association. The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

The son-in-law of Charles Moran, our Chairman, President and Chief Executive Officer, is employed in our sales organization and receives annual compensation in excess of \$120,000 (consistent with others in similar roles). This individual was hired before becoming Mr. Moran's son-in-law. Mr. Moran does not participate in the supervision of or compensation decisions regarding this individual, and we believe the compensation of this individual is fair and commensurate with what it would be if he had no relationship to Mr. Moran.

Executive and Director Compensation Process

The process and procedures followed by the Compensation Committee in considering and determining executive compensation are described below under the heading Compensation Discussion and Analysis. The Compensation Committee also determines our director compensation policies. In setting director compensation policies, the Compensation Committee engages and considers input from independent compensation consulting firms.

In the fiscal year ended January 31, 2008 (fiscal 2008), the Committee engaged the services of Compensia, an independent compensation consulting firm, to review the director compensation program in order to determine if changes to the program were appropriate. Compensia was asked to provide the Committee with (i) data on director compensation paid by a peer group consisting of publicly traded companies from the software, education and training industries, (ii) a competitive analysis of our Board of Directors compensation program and (iii) an update on director compensation trends and developments.

Based on the Committee's analysis of such information and data, the Committee approved changes to the equity and cash compensation program for our directors who are not employees of SkillSoft to enable SkillSoft to retain and recruit qualified directors given their overall increased scope of responsibilities. The changes to the program were approved by our shareholders in September 2007. The Committee chose not to engage Compensia in setting director compensation for the fiscal year ended January 31, 2009 (fiscal 2009), primarily because the adjustments the Committee had approved were not effective until mid-fiscal 2008.

Compensation of Directors

Each director who is not an employee of SkillSoft (each, an Outside Director) receives cash compensation as follows:

each Outside Director receives an annual retainer of \$30,000;

Table of Contents

the chairman of the Audit Committee receives an additional annual retainer of \$20,000;

the chairman of each of the Compensation Committee and the Nominating and Corporate Governance Committee receives an additional annual retainer of \$7,500; and

each Outside Director who is a member of any Committee of the Board of Directors receives an additional payment of \$2,000 per Board or Committee meeting attended up to a maximum of ten meetings per year (including by conference telephone) beyond regularly scheduled meetings (i.e. a maximum additional payment of \$20,000), provided that only one meeting payment would be made in the event such additional meetings of the Board of Directors and one or more Committee were held on the same day.

Any director who is in office only for a portion of a fiscal year shall only be entitled to be paid a pro-rated portion of such remuneration reflecting such portion of the year during which he held office.

We also reimburse directors for expenses incurred in attending meetings of the Board of Directors and Committees and for certain company-approved continuing education expenses.

We currently have six Outside Directors, each of whom is eligible for cash remuneration as described above: P. Howard Edelstein, Stewart K.P. Gross, James S. Krzywicki, William F. Meagher, Jr., Dr. Ferdinand von Prondzynski and William J. Boyce. Mr. Meagher is the chair of the Audit Committee and Mr. Gross is the chair of the Compensation Committee and the Nominating and Corporate Governance Committee. As such, Messrs. Meagher and Gross received the additional retainer amounts described above in fiscal 2009.

In addition to the annual retainer and the payments described above, we grant Outside Directors compensation in the form of share options for their services as members of the Board of Directors. On initial election to the Board of Directors, each new Outside Director receives an option to purchase 50,000 ordinary shares (the Initial Grant) under our 2001 Outside Director Option Plan (the Director Plan). Each Outside Director who has been a director for at least six months receives an option to purchase 20,000 ordinary shares on January 1st of each year (the Annual Grant).

All options granted under the Director Plan have a term of ten years and an exercise price equal to the fair market value of the ordinary shares on the date of grant. The Initial Grant becomes exercisable as to one-third of the shares subject to the option on each of the first three anniversaries of the date of grant, provided the Outside Director remains a director on such dates. The Annual Grant becomes fully exercisable on the first anniversary of the date of grant, provided the Outside Director remains a director on such date. Upon exercise of an option, the Outside Director may elect to receive his ordinary shares in the form of ADSs. After termination as an Outside Director, an optionee may exercise an option during the period set forth in his option agreement. If termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will remain exercisable for a period of three months. However, an option may never be exercised later than the expiration of its ten-year term. An Outside Director may not transfer options granted under the Director Plan other than by will or the laws of descent and distribution. Only the Outside Director may exercise the option during his lifetime. In the event of a merger of SkillSoft with or into another corporation or a sale of substantially all of SkillSoft's assets, the successor corporation may assume, or substitute a new option in place of, each option. If such assumption or substitution occurs, the options will continue to be exercisable according to the same terms as before the merger or sale of assets. Following such assumption or substitution, if an Outside Director is terminated other than by voluntary resignation, the option will become fully exercisable and generally will remain exercisable for a period of three months. If the outstanding options are not assumed or substituted for, the Board of Directors will notify each Outside Director that he has the right to exercise the option as to all shares subject to the option for a period of 30 days following the date of the notice. The option will terminate upon the expiration of the 30-day period. Unless terminated sooner, the Director Plan will automatically terminate in 2011. The Board of Directors has the authority to amend, alter, suspend, or discontinue the Director Plan, but no such action may adversely affect any grant previously made under the Director Plan.

Table of Contents

On January 1, 2009, Messrs. Meagher, Edelstein, Gross and Krzywicki and Dr. von Prondzynski each were granted an option to purchase 20,000 ordinary shares at an exercise price of \$7.14 per share. Each such option was in accordance with the terms of the Director Plan described above.

On March 11, 2009, the Board of Directors appointed William Boyce to our Board of Directors. In connection with his appointment, Mr. Boyce received an initial share option grant under the Director Plan to purchase 50,000 ordinary shares at an exercise price of \$4.97 per share. Such option was granted in accordance with the terms of the Director Plan described above.

The following table sets forth information concerning the compensation of our Outside Directors for fiscal 2009.

The grant date fair value, computed in accordance with SFAS No. 123(R), of options granted to each of our outside directors for fiscal 2009 was \$63,298, of which \$5,203 is included in fiscal 2009 compensation. The grant date fair value was determined by using the Black-Scholes option pricing model. There can be no assurance that the SFAS 123R amounts will ever be realized. The assumptions we used to calculate these amounts are included in Note 9 to our audited financial statements for fiscal 2009, included in our Annual Report on Form 10-K for fiscal 2009 filed on April 1, 2009. As of January 31, 2009, each continuing Outside Director held options for the following number of shares: Mr. Edelstein: 105,000, Mr. Gross: 105,000, Mr. Krzywicki: 115,000, Mr. Meagher: 95,000 and Mr. Von Prondzynski: 105,000.

Audit Committee Report

The Audit Committee has reviewed SkillSoft's audited financial statements for the fiscal year ended January 31, 2009 and discussed them with SkillSoft's management and independent auditor. Management has the primary responsibility for preparation of those financial statements. SkillSoft's independent auditor is responsible for auditing those financial statements and expressing its opinion on whether the financial statements fairly present in all material respects SkillSoft's financial position and results of operations in conformity with applicable accounting principles. The Audit Committee is responsible for providing independent, objective oversight of these processes but is not responsible for planning or conducting audits or determining that SkillSoft's financial statements are complete and accurate and in accordance with applicable accounting principles.

In making its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with applicable accounting principles and (ii) the report of SkillSoft's independent auditor with respect to such financial statements.

The Audit Committee has also received from, and discussed with, SkillSoft's independent auditor various communications that SkillSoft's independent auditor is required to provide to the Audit Committee, including the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and the letter from SkillSoft's independent auditor required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence.

Based on the review and discussions referred to above, the Audit Committee recommended to SkillSoft's Board of Directors that the audited financial statements be included in SkillSoft's Annual Report on Form 10-K for the fiscal year ended January 31, 2009.

Compensation Discussion and Analysis

The Compensation Committee of our Board of Directors operates under the authority established in the Compensation Committee Charter. The Compensation Committee's primary responsibility is to oversee our executive compensation program. In this role, the Compensation Committee reviews and approves all compensation decisions relating to our executive officers. In addition, the Compensation Committee has responsibilities related to our incentive-compensation plans and equity-based plans.

Objectives and Philosophy of Our Executive Compensation Program

The primary objectives of the Compensation Committee with respect to executive compensation are to:

ensure that a significant part of executive compensation is tied to the achievement of corporate and individual performance objectives, which both promotes and rewards the achievement of those objectives;

align long-term executive incentives with the creation of shareholder value; and

attract, retain and motivate the best possible executive talent.

To achieve those objectives, the Compensation Committee evaluates and implements our executive compensation program with the goal of setting compensation at levels the Compensation Committee believes are competitive with those of other companies in our industry and similar industries that compete with us for executive talent. In addition, our executive compensation program ties a substantial portion of each executive's overall compensation to our financial performance, as measured by metrics such as revenue, adjusted EBITDA and bookings, as well as to the achievement of strategic initiatives. We also provide a portion of our executive compensation in the form of share options that vest over time, which we believe helps to retain our executives and aligns their interests with those of our shareholders by allowing them to participate in the longer term success of our company as reflected in share price appreciation.

In making compensation decisions, the Compensation Committee regularly receives input from an independent compensation consulting firm engaged by the Compensation Committee, Compensia. The committee engaged Compensia to assist it in making executive compensation decisions for the fiscal year ended January 31, 2008 (fiscal 2008) and has engaged them again for executive compensation determinations for the fiscal year ending January 31, 2010 (fiscal 2010). The Compensation Committee chose not to engage Compensia in setting executive compensation for fiscal 2009, primarily because the Compensation Committee had approved certain adjustments to executive compensation that were not effective until mid-fiscal 2008. Given those changes had only been effective for a portion of fiscal 2008, the Compensation Committee determined that it would not change base salaries, target bonuses or the overall structure of executive compensation for fiscal 2009. The Compensation Committee did refer to the data from the fiscal 2008 report on executive compensation prepared by Compensia in deciding to leave executive compensation essentially the same as in fiscal 2008. That data showed what had been paid by a peer group of publicly traded companies in the software, education and training industries. This peer group, which is periodically reviewed and updated by the Compensation Committee as appropriate with the assistance of Compensia, consisted of companies the Compensation Committee believes are generally comparable to our company in terms of size, (based on revenue, market capitalization, profitability and/or number of employees) or industry and/or against which the Compensation Committee believes we could compete for executive talent. The benchmarking study's peer group in fiscal 2008 was comprised of 23 companies, including companies such as: Aspen Technology, Blackboard, Webex Communications, Akamai Technologies, Tibco Software, The Advisory Board, Learning Tree International, Kenexa and The Corporate Executive Board. Compensia also provides the Compensation Committee with information on market trends and developments in executive compensation and ideas for structuring executive compensation arrangements. In addition to the benchmarking data related to the peer group, the Compensation Committee considers data with respect to the amount of compensation paid to each executive officer by compensation element for the prior four- year period. This enables the Compensation Committee to evaluate historical compensation changes, the amount of incentive compensation earned as a percentage of base pay, equity grant history and potential share ownership.

Table of Contents

In addition to the data and advice provided by Compensia, the Compensation Committee also considers input from our chief executive officer. That input is communicated to the Compensation Committee at its request and at meetings of the committee, which our CEO attends, and includes information with respect to the performance and contributions of other members of the executive management team. When asked by the Compensation Committee, our CEO provides recommendations with respect to financial and operational objectives in the executive incentive compensation program, and offers his view regarding the overall structure of the plans.

The Compensation Committee has established the following guidelines to assist it in making executive compensation decisions. These guidelines are expressed, for a particular element of compensation, as the target percentile of the range of that compensation element paid to similarly situated executives of the companies in our benchmarking peer group. In general, the Compensation Committee targets our executive compensation program elements as follows:

base salaries are targeted at the 25th percentile;

total cash compensation (base salary and target bonus) is targeted at the 50th percentile; and

equity compensation is targeted at the 75th percentile.

Based on this target positioning, overall compensation generally is targeted between the 50th and 75th percentiles. Variations to these targets may occur due to factors such as the experience levels of particular individuals, their performance, their importance within the organization and market factors. The Compensation Committee believes that this approach provides market competitive pay to our executives in the short-term when performance merits it and above median compensation when long-term performance merits it.

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

base salary;

cash incentive bonuses;

share option awards;

employee benefits; and

severance benefits.

Base Salary

Base salary is used to compensate executives for the normal performance of their duties, in light of their experience, skills, knowledge and responsibilities. In establishing base salaries for our executive officers, the Compensation Committee considers data from our benchmarking peer group, as well as a variety of other factors, including any contractual commitments to that individual, the seniority of the individual, the level of the individual's responsibility, our ability to replace the individual, and the base salary of the individual at his prior employment, if applicable. Each of our executive officers, other than Mr. Amato, has an employment agreement dating from either 1998 or 2002 that provides for a minimum annual base salary (see Employment Agreements and Potential Termination Payments below). With the exception of Mr. Darcy (whose base salary for fiscal 2009 was equal to the minimum base salary provided for in his employment agreement), the current base salaries of those executives are in excess of their minimum base salaries as provided for in their employment agreements, and those employment

agreements are not a significant factor in the Compensation Committee's base salary decisions.

Base salaries are reviewed at least annually by the Compensation Committee. In fiscal 2008, the Compensation Committee adjusted the base salaries of certain of our executive officers, effective upon our acquisition of NETg in May 2007, to more closely align their base salaries with the 25th percentile of the peer group data compiled in fiscal 2008 by Compensia. Those changes were not effective until mid-fiscal 2008. As a result, the Compensation Committee decided not to make any changes to base salaries in fiscal 2009.

Table of Contents*Cash Incentive Bonuses*

The Compensation Committee establishes an executive incentive compensation program on an annual basis. This program typically provides for quarterly and annual cash bonuses that are tied to achievement of company specific objectives. The quarterly incentive cash bonuses are intended to compensate executives for achievement of quarterly company financial objectives. The annual cash incentive bonuses are generally intended to compensate executives for the achievement of corporate strategic and financial objectives. Each executive officer is assigned a target bonus under the incentive compensation program, expressed as a percentage of the executive's base salary, with more senior executives typically having a higher percentage. The target bonus is split evenly between quarterly and annual bonus opportunities. The financial targets generally conform to the financial metrics contained in the internal operating plan adopted by the Board of Directors at the beginning of each fiscal year. The Compensation Committee approves the objectives on which bonus payments are based, the allocation of the target bonus between the quarterly and annual components and among the various performance objectives, and the formula for determining potential bonus amounts based on achievement of those objectives using budgeted or plan objectives established at the beginning of the fiscal year.

The executive incentive compensation program for fiscal 2009 covered the five named executive officers. Each named executive officer was assigned a target bonus, expressed as a percentage of his annual base salary. The amount of the target bonuses were set by the Compensation Committee based on the benchmarking data provided by Compensia in fiscal 2008 and the Compensation Committee's philosophy of setting total cash compensation (base salary and target bonus) at approximately the 50th percentile of the benchmarking peer group. For fiscal 2009, the target bonuses of each of our named executive officers were the same as those established in fiscal 2008 effective as of the NETg acquisition. The table below shows the target bonuses for the named executive officers, both as a percentage of annual base salary and in dollars.

Name	As a Percentage of Base Salary	Target Amount
Charles E. Moran	135%	\$ 502,200
Jerald A. Nine, Jr.	85%	239,700
Thomas J. McDonald	75%	189,000
Colm M. Darcy	75%	150,000
Mark A. Townsend	75%	150,000

For each named executive officer, 50% of his target bonus was allocated to quarterly bonus opportunities and 50% was allocated to annual bonus opportunities. The quarterly bonuses under the program were based on revenue (50% of quarterly target bonus) and adjusted EBITDA objectives (50% of quarterly target bonus); the annual bonuses were based on revenue objectives (25% of annual target bonus), adjusted EBITDA objectives (25% of annual target bonus), bookings objectives (40% of annual target bonus) and strategic objectives (10% of annual target bonus). For purposes of the incentive compensation program, adjusted EBITDA was defined as operating income, plus the amount of depreciation and amortization expense, stock-based compensation expense, restructuring charges, merger and integration related expenses and restatement-related expense. These performance metrics were selected by the Compensation Committee because the Compensation Committee believes these are the key operating metrics that are the basis for driving shareholder value.

The maximum bonus that could be earned was 150% of the target bonus and the minimum was 0%. For most performance metrics, three levels of targets were set, with 40% to 50% of the allocated target bonus payable if the first performance level (level 1) was attained, 100% of the allocated target bonus payable if the second performance level (level 2) was attained and 150% of the allocated target bonus payable if the third performance level (level 3) was attained.

When adopting the program early in fiscal 2009, the Compensation Committee set the first quarter and annual targets for each category of performance objectives, and also approved fixing the targets for the second,

Table of Contents

third and fourth quarters based on the guidance SkillSoft provided to the investment community for those quarters in its earnings release for the immediately preceding quarter. Specifically, the revenue and adjusted EBITDA objectives were set as follows for each objective: (i) level 1 was the bottom end of the range to the mid-point of the range; (ii) level 2 was the mid-point of the range to the top end of the range; and (iii) level 3 was achievement above the top end of the range. The objectives included in the fiscal 2009 executive incentive compensation program were set at levels that were designed to be attainable if our business had what we consider to be a successful year, but were by no means certain or even probable of being attained.

The bonuses actually paid under the fiscal 2009 executive incentive compensation program were 118% of the executive's target bonus. We attained level 3 performance with respect to all of the performance metrics in the program for the first, second, third and fourth quarters of fiscal 2009. For the annual objectives, we attained level 3 performance with respect to revenue and adjusted EBITDA, we did not attain level 1 performance with respect to bookings and we attained level 2 for the strategic objectives. The following tables illustrate our performance as compared to the quarterly and annual adjusted EBITDA targets and the annual revenue target.

Performance Metric	Level 3 Target	Actual Result
Q1 Adjusted EBITDA	\$21.5 million or higher	\$ 24.3 million
Q1 Revenue	\$81.0 million or higher	\$ 81.6 million
Q2 Adjusted EBITDA	\$24.5 million or higher	\$ 28.8 million
Q2 Revenue	\$82.0 million or higher	\$ 83.3 million
Q3 Adjusted EBITDA	\$27.0 million or higher	\$ 28.8 million
Q3 Revenue	\$85.5 million or higher (1)	\$ 83.1 million
Q4 Adjusted EBITDA	\$21.0 million or higher	\$ 27.7 million
Q4 Revenue	\$83.5 million or higher (1)	\$ 80.5 million
FY09 Adjusted EBITDA	\$101.5 million or higher	\$ 109.7 million
FY09 Revenue	\$338.0 million or higher (1)	\$ 328.5 million

- (1) SkillSoft's revenue targets were based on foreign exchange rates and deferred revenue in effect at January 31, 2008. Revenue was negatively impacted due to adverse changes in foreign exchange rates in the third and fourth quarters of fiscal 2009. Consequently, revenue results for purposes of determining the level of performance achieved was actual revenue, adjusted based on foreign exchange rates and deferred revenue in effect at January 31, 2008, which was \$85.5 million for the third quarter, \$86.1 million for the fourth quarter and \$338.1 million for fiscal 2009.

We do not publicly disclose our bookings or bookings targets. We consider our actual and targeted bookings to be confidential information and we believe that disclosure of that information could be used by others in a manner that causes us competitive harm. The bookings objectives included in the fiscal 2009 executive incentive compensation program were set at levels that were designed to be attainable, but were by no means certain or even probable of being attained. For the strategic initiatives objective, the Compensation Committee reviewed the initiatives undertaken by us in fiscal 2009 and determined that level 2 performance had been achieved.

Share Options

Our share option program is the primary vehicle for offering long-term incentives to our executives. We believe that option grants provide our executives with a strong link to our long-term performance, create an ownership culture and help to align the interests of our executives and our shareholders. In addition, the vesting feature of our option grants is intended to promote executive retention by providing an incentive to our executives to remain in our employ during the vesting period.

It has been the practice of the Compensation Committee to grant options to our executive officers every four years (after the completion of vesting of the previous grants) rather than on an annual basis, although the

Table of Contents

Compensation Committee continually evaluates the optimal approach for equity compensation and this practice could change in the future. Our practice has been to grant an option award to new executives upon hire, although we have not hired a new executive officer into the organization for several years. All grants of options to our executives are approved by the Compensation Committee.

Late in fiscal 2007, the Compensation Committee approved significant option grants to our executives. No share options or other equity awards were granted to our named executive officers in fiscal 2008 or fiscal 2009.

Our Board of Directors has adopted policies for option grants by SkillSoft. One of the primary purposes of these policies is to establish procedures for option grants that minimize the opportunity or the perception of the opportunity for us to time the grant of options in a manner that takes advantage of any material nonpublic information. Among the matters covered by these policies are the following:

All option grants to executive officers, and all option grants to other employees except options granted under a limited discounted option grant program to non-executive employees, will have an exercise price equal to the last reported sale price of our ADSs on NASDAQ on the date of grant.

Our chief executive officer can continue to make option grants to non-executive officers, subject to limitations imposed by the Compensation Committee.

Option grants to executive officers will be made only during a meeting of the Compensation Committee or the Board of Directors, and may not be approved by written consent.

Option grants to newly hired employees whether made by the chief executive officer, the Compensation Committee or the Board of Directors will be made on the first trading day of the month following their date of hire.

Options will not be granted by the Compensation Committee or the Board of Directors during the quarter-end blackout periods under our insider trading policy; provided that options may be approved during a meeting within a blackout period with the grant to be effective as of and priced based on the trading price two days after the end of the blackout period.

We do not have any share ownership guidelines for our executives.

Employee Benefits and Other Compensation

We maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance and a 401(k) plan. Executives are eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees. Under our 401(k) plan, we match 100% of the employees' 401(k) contribution up to 3% of eligible compensation, subject to various limitations (including a limit of \$2,400 per employee annually).

In addition, our chief financial officer, Tom McDonald, does not reside in New England. Consequently, we make available to him housing and a car when he is in New Hampshire. We also reimburse Mr. McDonald for the expenses associated with his travel to and from New Hampshire. For additional information regarding these benefits, please refer to the Summary Compensation Table below and the narrative description that follows.

Severance Benefits

We have entered into employment agreements with each of our named executive officers. The employment agreements provide that the executive is entitled to specified severance benefits in the event his employment is terminated by us without cause or by the executive for good reason (each as defined in the employment agreement). In addition, all of our executive employment agreements provide that the executive may elect to extend the vesting and exercisability of their share options for a period of six months or one year (depending on the executive) following employment termination, in some cases in exchange for a non-competition covenant or the performance of consulting services. We have

provided more detailed information about these arrangements, along

Table of Contents

with estimates of their value, under the section Employment Agreements and Potential Termination Payments below. We believe that providing these severance benefits helps us compete for and retain executive talent.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (referred to as the Code), generally disallows a tax deduction for compensation in excess of \$1.0 million paid to each of our chief executive officer and our three other executive officers (other than the chief executive officer and the chief financial officer) whose compensation is required to be disclosed pursuant to the Exchange Act to our shareholders by reason of being among our most highly compensated officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. Generally, we structure our equity awards to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. We periodically review the potential consequences of Section 162(m) on the other components of our executive compensation program. We will structure arrangements to comply with the Section 162(m) exceptions where we believe it to be feasible. However, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Section 409A of the Code applies to plans, agreements and arrangements that provide for the deferral of compensation, and imposes penalty taxes on employees and other service providers if those plans, agreements and arrangements do not comply with Section 409A. We have structured our share option grants and our severance arrangements to be exempt from or comply with, Section 409A.

Executive Compensation

The following table sets forth the total compensation for the fiscal years ended January 31, 2007 (fiscal 2007), January 31, 2008 (fiscal 2008) and January 31, 2009 (fiscal 2009) for our principal executive officer, our principal financial officer and our other three most highly compensated executive officers who were serving as executive officers on January 31, 2009. We refer to these officers as our named executive officers.

- (1) The amounts in this column reflect the dollar amount computed for financial statement reporting purposes for fiscal 2007, 2008 and 2009, in accordance with SFAS 123R, of share options granted under our equity plans and include amounts from share options granted in and prior to the fiscal year in question. There can be no assurance that the SFAS 123R amounts will ever be realized. The assumptions we used to calculate these amounts are included in Note 9 to our audited financial statements for fiscal 2009, included in our Annual Report on Form 10-K for fiscal 2009. Due to the overall stock market drop, these options may be worth significantly less than the amounts calculated in accordance with SFAS 123R. These options vest as to 25% of the shares subject to the option on the first anniversary of the date of grant and 1/48th of the shares subject to the option at the end of each one month period thereafter over the remaining 36 months. Each option has a term of ten or seven years, and generally expires shortly following the termination of the executive's employment. In addition, as described below under Employment Agreements and Potential Termination Payments, the executive may elect to extend the vesting and exercisability of these options following employment termination under certain circumstances.

Employment Agreements and Potential Termination Payments

We have entered into employment agreements with our named executive officers that provide for termination payments under certain circumstances.

Charles E. Moran's Employment Agreement. In connection with our merger with SkillSoft Corporation, we entered into an employment agreement, effective on September 6, 2002, the date of completion of the merger, with Charles E. Moran, to employ Mr. Moran as our President and Chief Executive Officer. Mr. Moran's employment agreement provides that he will be paid a base salary of \$225,000 per year to be reviewed for increases at least annually by our Board of Directors. Mr. Moran's current base salary is \$372,000. In addition, Mr. Moran will be entitled to receive an annual performance bonus based on performance metrics established by the Board of Directors. Mr. Moran's employment is at-will, but if Mr. Moran's employment is terminated without cause or if he resigns with good reason, each as defined in his employment agreement, he will be entitled to receive a payment equal to the sum of his base salary and maximum target bonus for a period of one year after the date of termination. In addition, if Mr. Moran is terminated without cause or if he resigns with good reason, he may elect to continue vesting of the options granted to him for a period of one year after the date of termination, if he agrees to be bound by the non-solicitation and non-compete provisions contained in his employment agreement. If Mr. Moran's termination is voluntary (other than for good reason) or we terminate him for cause, the covenant not to solicit employees and the covenant not to compete will extend for a period of one year after the termination of his employment.

Thomas J. McDonald's Employment Agreement. Thomas J. McDonald is a party to an employment agreement dated February 2, 1998 with our predecessor corporation, SkillSoft Corporation. Under the terms of the employment agreement, Mr. McDonald is entitled to receive a base salary of \$135,000, which may be increased in accordance with our regular salary review practices. Mr. McDonald's current base salary is \$252,000. Mr. McDonald is also entitled to participate in any bonus plans that SkillSoft may establish for its senior executives. Either we or Mr. McDonald may terminate the employment agreement at will for any reason upon three months prior notice in the case of termination by us, or upon two months prior notice in the case of termination by Mr. McDonald. If Mr. McDonald's employment is terminated for any reason or if he resigns with

good reason, as defined in his employment agreement, he will be entitled to continuation of salary and benefits for a period of six months after the date of termination. In addition, in the event of such a termination, Mr. McDonald's stock options will continue to vest and be exercisable if he performs consulting services for us of up to ten hours per week during the six months following termination.

Jerald A. Nine, Jr.'s Employment Agreement. In connection with our merger with SkillSoft Corporation, we entered into an employment agreement, effective on September 6, 2002, the date of completion of the merger, with Jerald A. Nine, to employ Mr. Nine as our Executive Vice-President, Content Solutions and General Manager Books Division. Mr. Nine's employment agreement provides for a cash compensation plan that reflects the level established by our Board of Directors for the then current fiscal year. Mr. Nine's employment agreement provides that he will be paid a base salary of \$200,000 per year to be reviewed for increases at least annually by the Board of Directors. Mr. Nine's current base salary is \$282,000. In addition, Mr. Nine will be entitled to receive an annual performance bonus based on performance metrics established by the Board of Directors. Mr. Nine's employment is at-will, but if Mr. Nine's employment is terminated without cause or if he resigns with good reason, as defined in his employment agreement, he will be entitled to receive a payment equal to the sum of his base salary plus the then maximum performance bonus for a period of one year. In addition, if Mr. Nine is terminated without cause or if he resigns with good reason, he may elect to continue vesting of the options granted to him for a period of one year. If Mr. Nine's termination is voluntary (other than for good reason) or we terminate him for cause, the covenant not to solicit employees and the covenant not to compete will extend for a period of one year after the termination of his employment.

Mark A. Townsend's Employment Agreement. Mark A. Townsend is a party to an employment agreement dated January 12, 1998 with our predecessor corporation, SkillSoft Corporation. Under the terms of the employment agreement, Mr. Townsend is entitled to receive a base salary of \$145,000, which may be increased in accordance with our regular salary review practices. Mr. Townsend's current base salary is \$200,000. Mr. Townsend is also entitled to participate in any bonus plans that SkillSoft may establish for its senior executives. Either we or Mr. Townsend may terminate the employment agreement at will for any reason upon three months prior notice in the case of termination by us, or upon two months prior notice in the case of termination by Mr. Townsend. If Mr. Townsend's employment is terminated for any reason or if he resigns with good reason, as defined in his employment agreement, he will be entitled to continuation of salary and benefits for a period of six months after the date of termination. In addition, in the event of such a termination, Mr. Townsend's stock options will continue to vest and be exercisable if he performs consulting services for us of up to ten hours per week during the six months following termination.

Colm M. Darcy's Employment Agreement. In connection with our merger with SkillSoft Corporation, we entered into an employment agreement, effective on September 6, 2002, the date of completion of the merger, with Mr. Darcy, to employ him as our Executive Vice President, Content Development. Mr. Darcy's employment agreement provides that he will be paid a base salary of \$200,000 per year to be reviewed for increases at least annually by the Board of Directors and that his participation in SkillSoft's benefit plans shall be at the SkillSoft's expense. Mr. Darcy's current base salary is \$200,000. Pursuant to the employment agreement, on September 6, 2002, we granted Mr. Darcy an option to purchase an aggregate of 50,000 shares at an exercise price of \$4.25 per share. The option grant vested as to 25% of the shares on September 6, 2003 and vests thereafter in 48 equal monthly installments on each monthly anniversary of the date of the grant. Mr. Darcy will also be reimbursed for certain supplemental travel expenses for him and his wife. In addition, Mr. Darcy will be entitled to receive relocation expense reimbursement in the event Mr. Darcy either relocates to Ireland at our request or returns there within three months after his employment is terminated without cause or if he resigns with good reason, each as defined in his employment agreement. Mr. Darcy's employment is at-will, but if his employment is terminated without cause or if he resigns with good reason, he will be entitled to receive a payment equal to the sum of \$75,000 plus his base salary for a period of six months after the date of termination. In addition, if Mr. Darcy is terminated without cause or if he resigns with good reason, he may elect to continue vesting of the options granted to him for a period of six months after the date of termination, if he agrees to be bound by the nonsolicitation and noncompete provisions contained in his employment agreement. The employment agreement

also includes a covenant not to solicit employees and a covenant not to compete for a period extending until the later of six months after the termination of his employment and September 6, 2006, if Mr. Darcy's termination is voluntary (other than for good reason) or we terminate him for cause.

The table below shows the benefits potentially payable to each of our named executive officers if he were terminated without cause or resigned for good reason, or in the case of Messrs. McDonald and Townsend, if he were terminated for any reason or resigned for good cause. These amounts are calculated on the assumption that the employment termination took place on January 31, 2009.

PROPOSAL TWO RE-ELECTION OF DIRECTOR

General

Our Articles of Association provide that we may have up to a maximum number of seven (7) directors, which number may be changed by resolution of our shareholders. We currently have seven (7) directors. Vacancies may be filled by a vote of the Board of Directors or by the shareholders (provided certain procedures are followed).

At each Annual General Meeting, approximately one-third (1/3) of the existing directors must retire by rotation; however, each such director is eligible for re-election and, if re-elected, shall serve until the next rotation and until his successor is elected and qualified or until such director's resignation, death or removal. ADDITIONAL INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires our directors, executive officers and holders of more than 10% of a registered class of our equity securities to file with the SEC, initial reports of ownership of our equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% shareholders are required by SEC regulations to furnish SkillSoft with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such filings by our directors and executive officers and 10% shareholders or written representations from certain of those persons, we believe that all filings required to be made by those persons during the fiscal year ended January 31, 2009 were timely made, except that Mr. Nine was one day late in reporting one Form 4 transaction.

Other Business

The Board of Directors knows of no other business which will be presented for consideration at the Annual General Meeting other than the proposals described above. However, if any other business is properly brought before the meeting, it is the intention of the persons named in the enclosed proxy to vote the shares covered by such proxy, to the extent permitted by the SEC's proxy rules, in accordance with their best judgment on such matters.

Shareholder Proposals To Be Presented at the 2010 Annual General Meeting

Proposals of our shareholders that are intended for possible inclusion in the proxy statement and form of proxy relating to our 2010 Annual General Meeting must satisfy the conditions established by the SEC for such proposals and must be received at our U.S. headquarters located at 107 Northeastern Boulevard, Nashua, New Hampshire 03062 no later than May 5, 2010 or, if we change the date of the 2010 Annual General Meeting by more than 30 days from the 2009 Annual General Meeting, a reasonable time before we mail our proxy materials for the 2010 Annual General Meeting.

Table of Contents

If matters which shareholders wish to present for action at the 2010 Annual General Meeting (other than matters included in our proxy materials in accordance with Rule 14a-8 under the Exchange Act) are not received by us by July 19, 2010 or, if we change the date of the 2010 Annual General Meeting by more than 30 days from the corresponding date of the 2009 Annual General Meeting, a reasonable time before we mail our proxy materials, the proxies that management solicits for the meeting will have discretionary authority to vote on the shareholders' proposal if it is properly brought before the meeting.

We will promptly deliver a separate copy of either document to you if you contact us at the following address or phone number: **SkillSoft Public Limited Company, 107 Northeastern Boulevard, Nashua, NH 03062 (603-324-3000)**. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.
