Item 11. Executive Compensation.
Compensation Discussion and Analysis

The Company was formed in May 2009 and began operations on July 31, 2009, in connection with the consummation of the Acquisition. Our Compensation Committee (the Committee) is continuing to evaluate the executive compensation structures and systems that we will provide for our executive officers on an ongoing basis. This compensation discussion and analysis identifies the policies and philosophies of the Committee regarding executive compensation and the material elements of the compensation awarded to, earned by, or paid to each of our executive officers who served as a named executive officer from the closing of the Acquisition through the remainder of fiscal 2009. Our named executive officers for the 2009 fiscal year are: Andrew Gumaer, Chief Executive Officer; Harvey M. Yellen, Vice Chairman and President; Paul S. Erickson, Executive Vice President and Chief Financial Officer; Scott K. Carpenter, Executive Vice President, Retail Services; and Thomas E. Pabst, Chief Operating Officer.

Unique Circumstances Related to the Acquisition

Our named executive officers have been employed by us since July 31, 2009. Prior to that date, each named executive officer had a significant role in the management of Great American Group LLC (GAG, LLC). At the time of the Acquisition, Messrs. Gumaer and Yellen were the sole members of GAG, LLC and received consideration for the sale of their membership interests in the Acquisition. In addition, GAG, LLC maintained a deferred compensation plan that was terminated upon the consummation of the Acquisition on July 31, 2009 (the GAG, LLC Phantom Stock Plan), under which Messrs. Erickson, Carpenter, and Pabst had received grants. The GAG, LLC Phantom Stock Plan provided for significant payments in connection with a change in control of GAG, LLC. In July 2009, each of Messrs. Erickson, Carpenter and Pabst entered into an Amendment Agreement and Release with GAG, LLC, agreeing to reduce their respective pro rata shares of the total consideration received in the Acquisition. Pursuant to the terms of their individual Amendment Agreement and Releases and the Acquisition Agreement, Messrs. Erickson, Carpenter and Pabst are each entitled to receive: (i) certain cash payments; (ii) shares of restricted stock of the Company to be issued over an 18 month period, subject to their continued employment with us and an indemnification escrow; (iii) consideration in the form of a promissory note; and (iv) additional shares of the Company's common stock to be issued contingent upon the Company having achieved certain financial targets in fiscal 2009, 2010 and 2011. Any consideration received by these executive officers under the terms of their respective Amendment Agreement and Releases following the closing of the Acquisition is reflected in the Company's consolidated financial statements and executive compensation disclosure as deferred compensation. For additional discussion of the Acquisition, see Item 1 and Item 7 of this Form 10-K and Notes 2 and 17 of our Notes to Consolidated Financial Statements.

Effective on July 31, 2009, in connection with the closing of the Acquisition, the Company entered into employment agreements with Messrs. Yellen, Gumaer, Erickson and Carpenter. The terms of these employment agreements were negotiated in connection with the Acquisition and reflect the significant role each of our named executive officers played at GAG, LLC and the Board's assessment of their continued importance to the Company's future success.

Determination of Compensation Awards

The Committee expects to perform an annual strategic review of our executive officers' compensation to determine whether we provide adequate incentives and motivation to our executive officers and whether we adequately compensate our executive officers relative to comparable officers in other similarly situated companies. The Committee met one time from July 31, 2009 through December 31, 2009. The Committee meeting held for 2009 included, for all or a portion of the meeting, not only the Committee members but also our Vice Chairman, Chief Executive Officer and Chief Financial Officer. We expect these individuals to participate in all or a portion of future meetings of the Committee. During 2009, compensation decisions made in connection with the Acquisition, including the terms of employment agreements and arrangements with our named executives, were made by the full Board in connection with its approval of the Acquisition and related transactions. In the future, the Committee expects to consider recommendations from the Vice Chairman and Chief Executive Officer when making compensation decisions relating to executive officers other than the Vice Chairman and Chief Executive Officer.

When determining compensation for the Vice Chairman and Chief Executive Officer, the Committee expects to take into account, but not rely solely upon, the recommendations of the Vice Chairman and Chief Executive Officer. Following a review of such recommendations, the Committee expects to take such action regarding such compensation for the executive officers other than the Vice Chairman and Chief Executive Officer as it deems appropriate, including approving compensation in an amount the Committee deems reasonable. The Committee expects that compensation for the Vice Chairman and Chief Executive Officer will be determined by discussions among and action by the members of the Committee acting in consultation with the other independent members of the Board and market data obtained on behalf of the Committee. Neither the Company nor the Committee engaged a compensation consultant during fiscal 2009.

Elements of Executive Compensation

The Committee evaluates both performance and compensation of employees to ensure that we have the ability to attract and retain employees and that compensation provided to employees remains competitive relative to the compensation paid to similarly situated employees of peer companies. The Committee endeavors to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive. The principal elements of the current executive compensation program are base salary, annual incentive cash bonus awards, other benefits and perquisites and post-termination severance upon termination and/or a change in control.

The Committee provided our named executive officers with total compensation in 2009 reflecting a combination of a base salary commensurate with experience (taking into consideration the base salary applicable to each named executive officer as a former employee of GAG, LLC prior to the Acquisition), participation in the GAG, LLC Phantom Equity Plan and other consideration received in the Acquisition, the opportunity to earn incentive compensation through equity incentives and/or performance-based bonuses, and participation in a broad-based retirement plan for employees. The Committee designed our compensation plan to link individual rewards with our performance, as well as its subjective and qualitative assessment of the performance of each named executive officer.

In addition to providing our named executive officers with compensation opportunities based upon their personal performance, our financial performance, and their individual contributions to that performance, the Committee generally undertook to provide our named executive officers with total compensation that was competitive enough to retain highly skilled individuals. The Committee recognizes that we are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives through the competitive compensation packages we offer to such individuals. In addition, the Committee believes that continuity of management following the Acquisition is very important to our ongoing success.

The material components of compensation for our named executive officers for 2009, as well as the specific principles and purpose of each component, are set forth below. The Compensation Committee believes that these components of compensation were necessary and appropriate in order to attract and retain qualified executives, and to ensure continuity of the Company's business following the Acquisition.

Base Salary. In general, we provide base salary as fixed compensation for services rendered in the position that the named executive officer serves. In considering the appropriate base salary for each named executive officer, the Committee considers a variety of factors including each named executive officer's qualifications and experience, his prior role at GAG, LLC and the significance of that role at the Company following the Acquisition, prior employment, industry knowledge, scope of responsibilities, and individual performance. For Messrs. Yellen, Gumaer, Erickson, and Carpenter, the base salary was paid in accordance with each of their respective employment agreements which became effective on the closing of the Acquisition. Base salaries for executive officers without employment agreements are generally set when the named executive officer begins employment, and the Committee expects to consider such base salaries on an annual basis. Base salary is intended to provide competitive and fair compensation for job performance. Following the Acquisition, Mr. Pabst received the same annual base salary from the Company as he had been receiving from GAG, LLC prior to the Acquisition.

The employment agreements entered into with Messrs. Yellen, Gumaer, Erickson, and Carpenter provide that their base salaries shall be increased on each anniversary of the effective date of the agreement, or July 31, 2009, by an amount determined by us, but in no event will the increase be less than 5%.

Cash-Based Incentive Awards. We believe a cash-based incentive compensation program is important in order to focus our management on, and reward our executives for, achieving key company and personal objectives. For 2009, the Committee adopted a cash-based incentive program that determined executive cash awards by reference to our financial results, based on the overall financial performance of the Company, the executives individual contribution to the Company's operating performance, technical expertise, leadership and management skills over the performance period for fiscal 2009. The Committee determined that senior management as a group would be eligible to receive cash awards out of a bonus pool representing approximately 10% of the Company's adjusted earnings before interest, depreciation and amortization. This bonus pool was then divided among members of senior management, including Messrs. Erickson, Carpenter and Pabst. The Committee and Messrs. Yellen and Gumaer determined that Messrs. Yellen and Gumaer would not receive a cash-based incentive award for fiscal 2009, given the consideration received for the sale of their membership interests in the Acquisition. The Committee provided the Vice Chairman and Chief Executive Officer with discretion to determine the appropriate relative percentage of the bonus pool to be allocated to each member of senior management, based on personal performance and relative base salary of each executive. For 2009, Mr. Erickson received a cash award of \$265,000, Mr. Carpenter received \$500,000 and Mr. Pabst received \$280,000.

With respect to annual bonuses for 2010 and subsequent years, it is anticipated that each executive officer will have a defined target bonus and range of possible payouts, expressed as a percentage of salary. Likewise, the Committee expects to predefine a range of performance objectives that will be used to determine actual payouts at year end. A significant portion of the target bonus would be based on the financial results of the Company and, if appropriate, certain divisions of the Company, and may have a discretionary component or a component based on individual performance. The annual bonus program would be coupled with a long-term equity based incentive award to ensure that total compensation is competitive with market practices and reflective of Company performance. This arrangement is intended to be structured to qualify executive bonuses for an exemption from the limitations imposed by Internal Revenue Code section 162(m) and thereby to preserve their potential deductibility by the Company.

Equity-based Awards. The Committee has not made any equity-based awards to our employees, including named executive officers, under the 2009 Plan, given that all named executive officers and a number of our employees received significant equity interests in the Company in connection with the Acquisition in the form of cash, restricted stock, promissory notes and/or deferred compensation. However, the Committee is still considering the ongoing role of equity incentive awards as a significant incentive for our employees, including our named executive officers.

Executive Benefits and Perquisites. All of our executive officers are eligible to participate in our employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all benefit eligible employees on an equal basis. In addition, we provide our named executive officers with a car allowance.

Change in Control and Severance Benefits. Pursuant to employment agreements with Messrs. Yellen, Gumaer, Erickson and Carpenter, we provide these executive officers the opportunity to receive additional compensation and benefits in the event of their termination or a change in control. Severance and change in control provisions are summarized below in the section headed "Potential Payments upon Termination or Change in Control" below. We believe that our severance and change in control arrangements with our executive officers are reasonable and within the range offered by peer companies.

Tax Considerations

It is our policy generally to qualify compensation paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits the company from deducting the compensation of officers that exceeds \$1,000,000 unless that compensation is based on the achievement of objective performance goals. We believe that our 2009 Equity Incentive Plans (the "2009 Plan") is structured to qualify the

stock options, restricted shares and stock unit awards issued thereunder as performance-based compensation and to maximize the tax deductibility of such awards. However, we may at our discretion pay compensation to our officers that is non-deductible.

Employment Agreements

On July 31, 2009, we entered into employment agreements with Messrs. Yellen, Gumaer, Erickson, and Carpenter. These agreements have no defined length of employment. Either party may terminate the employment relationship at any time, subject to possible severance payments as set forth below. The terms and conditions of those agreements are generally as follows:

Messrs. Yellen, Gumaer, Erickson, and Carpenter receive annual base salaries of \$600,000, \$600,000, \$300,000, and \$225,000, respectively. These base salaries are subject to annual increases of no less than five percent. The agreements also provide for the award of an annual discretionary bonus. The Company provides Messrs. Yellen and Gumaer with monthly automobile allowances of \$2,000 and Messrs. Erickson and Carpenter with monthly automobile allowances of \$1,200.

Each agreement contains an indemnification provision wherein we promise to defend, indemnify, and hold the employee harmless to the fullest extent permitted by law against any and all liabilities incurred by the employee in connection with employment by us.

Severance will be owed if the employment relationship is terminated by us without cause or by the employee with Good Reason, or upon the death or disability of the employee. Good Reason is (i) a material diminution in the employee's base salary, authority, duties, or responsibilities; (ii) a material diminution in the budget over which the employee retains authority; (iii) a material change in the geographic location at which the employee must perform services; or (iv) any other action or inaction that constitutes a material breach of the terms of the employment agreement. Severance for Messrs. Yellen, Gumaer, and Erickson will be payment of the following amounts: a lump sum equal to two years of base salary; a lump sum equal to two times the annual bonus paid during the term of employment or two times the first target bonus in the event of termination prior to any bonus being paid; and a lump sum equal to 24 times the monthly COBRA premiums for employee and employee's spouse and dependents. Severance will not be owed if the employee terminates the employment relationship without Good Reason or if we terminate the relationship for Cause. Cause exists if the employee: (i) engages in gross misconduct or gross negligence in the performance of the employee's duties or willfully and continuously failed or refused to perform any duties reasonably requested in the course of the employee's employment consistent with the employee's position with us; (ii) engages in fraud, dishonesty, or any other improper conduct that causes material harm to the Company or its business or reputation; (iii) materially breaches the employment agreement; or (iv) is convicted of, or pleads guilty or no contest to, a felony or crime involving dishonesty or moral turpitude (excluding traffic offenses).

Director Compensation

We use cash and stock based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties to our Company as well as the skill level required by our members of the Board.

Each non-employee director receives annual fees of \$40,000, paid in quarterly installments, and an annual grant of \$50,000 in options to purchase our common stock, restricted stock or other form of equity award for serving as a director. Such stock options, restricted stock or other form of award are subject to a one-year vesting period. In addition, annual fees of \$12,000, \$8,000 and \$4,000 are paid to the chairperson of our audit committee, compensation committee and corporate governance committee, respectively. A one-time \$40,000 grant of stock options, restricted stock or other form of equity award are made to each non-employee director in connection with such individual's appointment to our Board, which stock options, restricted stock or other form of equity award will be subject to a one-year vesting period.

The following table summarizes the total compensation that our directors (other than directors who are named executive officers) earned during the fiscal year ended December 31, 2009 for services rendered as members of our Board.

Moreover, the AAMAC Founders also agreed that 1,000,000 of their shares of the Company's common stock will continue to be held in escrow until Great American's achievement of any one of the Adjusted EBITDA targets described in the Purchase Agreement. These shares will be forfeited and cancelled if GAG, LLC fails to achieve any of the Adjusted EBITDA targets.

Procedures for Approval of Related Party Transactions

Under its charter, the Audit Committee is charged with reviewing all potential related party transactions. Our policy has been that the Audit Committee, which is comprised solely of independent, disinterested directors, reviews and then recommends such related party transactions to the entire Board for further review and approval. All such related party transactions are then required to be reported under applicable SEC rules. Aside from this policy, we have not adopted additional procedures for review of, or standards for approval of, related party transactions, but instead review such transactions on a case-by-case basis.

Director Independence

Our Board of Directors has unanimously determined that five (5) of our directors, a majority of the Board, are independent directors as that term is defined by Nasdaq Marketplace Rule 5605(a)(2). In addition, based upon such standards, the Board determined that Messrs. Gumaer and Yellen are not independent because they are employees of the Company.
