NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the subsidiaries mentioned in Note 1 a., have been prepared on a consistent basis with those applied by the Company. The Note 1 to the Unaudited Basic Financial Statements details the most significant accounting policies. Below are the most relevant accounting policies adopted by the subsidiaries, which are not included in that note.

In addition to the description in the Unaudited Basic Financial Statements:

a. Revenue recognition

Revenues from admission rights, leases and services

Leases with tenants are accounted for as operating leases. Tenants are generally charged a rent, which consists of the higher of (i) a monthly base rent (the Base Rent) and (ii) a specified percentage of the tenant's monthly gross retail revenues (the Percentage Rent) (which generally ranges between 4% and 10% of tenant's gross revenues).

Furthermore, pursuant to the rent escalation clause in most leases, a tenant's Base Rent generally increases between 7% and 12% each year during the term of the lease. Minimum rental income is recognized on the accrued criteria.

Certain lease agreements contain provisions, which provide for rents based on a percentage of revenues or based on a percentage of revenues volume above a specified threshold. APSA determines the compliance with specific targets and calculates the additional rent on a monthly basis as provided for in the contracts. Thus, these contingent rents are not recognized until the required thresholds are exceeded.

Generally, APSA's lease agreements vary from 36 to 120 months. Law No. 24,808 provides that tenants may rescind commercial lease agreements after the initial six-months, upon not less than 60 days' written notice, subject to penalties which vary from one to one and a half months rent if the tenant rescinds during the first year of its lease, and one month of rent if the tenant rescinds after the first year of its lease.

Additionally, APSA charges its tenants a monthly administration fee related to the administration and maintenance of the common area and the administration of contributions made by tenants to finance promotional efforts for the overall shopping centers' operations. The administration fee is prorated among the tenants according to their leases, which varies from shopping center to shopping center. Administration fees are recognized monthly when earned.

NOTE 2: (Continued)

a. (Continued)

In addition to rent, tenants are generally charged admission rights, a non-refundable admission fee that tenants may be required to pay upon entering into a lease or upon lease renewal. Admission right is normally paid in one lump sum or in a small number of monthly installments. Admission rights are recognized using the straight-line method over the life of the respective lease agreements.

Lease agent operations

Fibesa S.A., company in which Alto Palermo S.A. has shares of 99.999%, acts as the leasing agent for APSA bringing together the Company and potential lessees for the retail space available in certain of the APSA's shopping centers. Fibesa S.A.'s revenues are derived primarily from collected commissions calculated as a percentage of the final rental income value, admission rights and commissions for rental of advertising spaces. Revenues are recognized at the time that the transaction is successfully concluded.

Consumer Financing operations

Revenues derived from credit card transactions consist of commissions and financing income, charges to clients for life and disability insurance and for statements of account, among other. Commissions are recognized at the time the merchants' transactions are processed, while the rest financing income is recognized when accrued. Income generated from granting consumer loans mainly includes financial interests, which are recognized by the accrual method during the period irrespective of whether collection has or has not been made.

Hotel operations

The Company recognizes revenues from its rooms, catering and restaurant facilities as accrued on the close of each business day.

b. Investments

Current Investments

As of June 30, 2010 current investments included retained interests in securitized receivables pursuant to the securitization programs of Tarshop S.A. and Metroshop S.A. with a realization term not exceeding twelve months, which have been accounted for under the equity method, net of the allowances for impairment,

if applicable. In addition, it included public bonds, mutual funds and mortgage bonds carried at market value at the end of the period/year.

Equity investees and other non-current investments

As of June 30, 2010 included retained interests in securitized receivables of Tarshop S.A., which have been accounted for under the equity method, net of the corresponding allowances for impairment, if applicable.

In addition, the interests held in entities over which the Company does not exert control, joint control or significant influence have been measured for accounting purposes at cost plus any declared dividends.

Given the sale of 80% of Tarshop S.A.'s shares described in Note 22 B.3.ii), as of the date of issuance of these financial statements, APSA maintains a 20% investment in Tarshop S.A. which has been recognized by application of the equity method on account of the economic group being able to exercise significant influence on its decisions and of the economic group's intention to maintain it as a long-term investment.

The equity investments in TGLT S.A. and Hersha Hospitality Trust were valued at their acquisition cost.

The equity interest in Rigby 183 LLC, New Lipstick LLC and the acquisition of the additional equity interest in APSA as mentioned in Notes 22.A.6 and 22.A.3 to the unaudited consolidated financial statements and Note 16.4. to the unaudited basic financial statements, respectively, are currently undergoing the analysis of the fair value of the identifiable assets and liabilities that have been acquired in accordance to the Technical Resolution No. 21, paragraph 1.3.1.

c. Intangible assets, net

Intangible assets are carried at restated cost less accumulated amortization and corresponding allowances for impairment in value, if applicable. Included in the Intangible Assets caption are the following:

Concession

Intangible assets include Arcos del Gourmet S.A.'s concession right, which will be amortized over the life of the concession agreement (see Note 22 B.1.), after the opening of the shopping center.

Trademarks

Trademarks include the expenses and fees related to their registration.

c. (continued)

Pre-operating and organization expenses

These expenses are amortized by the straight-line method in 3 years, starting upon the opening of the shopping center.

The net carrying value of these assets does not exceed their estimated recoverable value at the period/year end.

Non-compete agreement

These expenses are amortized by the straight-line method in 28 months, beginning from December 1st, 2009.

In the framework of the agreement executed with Banco Hipotecario S.A. for the sale of Tarshop S.A. s shares, APSA has signed a non-compete agreement in favor of BHSA and has thus written off this intangible (See Note 22 B.3.ii).

d. Negative goodwill, net

Amortizations were calculated through the straight line method on the basis of an estimated useful life considering the weighted average of the remaining useful life of the assets acquired.

The residual value of goodwill arising from the acquisition of net assets and shares in companies has been shown in the Negative goodwill, net caption. Amortizations were classified in the Amortization of the Negative Goodwill, net caption of the statement of income. Goodwill related to the acquisition of interest in subsidiaries is included in non-current investments.

Values thus obtained do not exceed the respective estimated recoverable values at period/year end.

e. Liabilities in kind related to barter transactions

Liabilities in kind corresponding to obligations to deliver units to be built are valued considering the value of the assets received or the cost of construction of the units to deliver plus necessary additional costs to transfer the assets to the creditor, the largest, reducing its value in proportion to the units dedeed. Liabilities in kind have been shown in the Trade account payables .

NOTE 20: NATIONAL PARKS ADMINISTRATION DISPUTE

Provision for unexpired claims against Llao Llao Holding S.A.

The Company Llao Llao Holding S.A. (LLH) (in liquidation process following the merger with and into the Company), predecessor of Llao Llao Resorts S.A. (LLR) as operator of the Llao Llao Hotel, was sued in 1997 by the National Parks Administration seeking collection of the unpaid balance of the additional sale price, in Argentine External Debt Bond (EDB) amounting to US\$ 2.9 million. A ruling of the court of original jurisdiction sustained the claim. That ruling was appealed, and the Court of Appeals confirmed the judgment of the court of original jurisdiction, demanding payment from the company of US\$ 3.8 million, plus interest accrued through payment, penalties and attorney's fees. In March 2004, LLH paid Ps. 9,156 in cash and EDB.

The plaintiff requested the court of original jurisdiction to initiate an incidental procedure for execution of sentence by performing a settlement through the Ministry of Economy, the procedure having being questioned by LLR. In view of the fact that the information provided was not sufficient to evaluate the amount settled by the Ministry of Economy, it was requested that the execution be suspended until there is a sentence on the complaint recourse filed with the National Supreme Court for the denial of the extraordinary recourse soliciting that the debt be converted to pesos.

On July 2008 the Court of Appeal notified LLR that by means of a resolution dated June 18, 2008 it had confirmed the settlement approved by the court of original jurisdiction.

On March 17, 2009, the National Supreme Court admitted the incidental procedure and decided to suspend the enforcement of the judgment in so far as the extraordinary appeal lodged by LLR is not resolved.

On February 23, 2010, the Supreme Court of Justice dismissed the action, which rendered the judgment final and compelled LLR to pay the amount calculated by the State. On April 2010, LLR paid Ps. 13,122 in cash and bonds.

After LLR's filing was duly notified to the plaintiff, the latter in turn stated that the amounts deposited were in line with the settlement that, having taken place on June 30, 2007, was eventually approved in the framework of these proceedings on December 5, 2007. As a result, the Argentine Agency of National Parks argued that the interest accrued until actual payment were to be adjusted by application of the Argentine Central Bank's borrowing interest rate. As estimated by the Argentine Agency of National Parks, the outstanding balance, to be deposited by LLR would amount to US\$ 659.

On June 10, 2010, LLR was notified of the newly-performed settlement: LLR filed an objection against it in due time and manner. On June 17, 2010, the court ordered that the plaintiff was to be served notice of the objection.

On August 6, 2010, the plaintiff filed a response to the most recent service of process. On September 10, 2010, the trial court judge resolved that the amount deposited by LLR is not sufficient to cover the amount of the payment order. An appeal against this resolution was filed on behalf of LLR alleging that there has been a material error incurred by the trial court.

NOTE 20: (Continued)

In addition, on September 22, 2010, the judge calculated that the fees payable to the auctioneer who took part in the proceedings amount to Ps. 1.8 million. LLR lodged an appeal against the award for considering the amount excessively high. The auctioneer, in turn, lodged his appeal against the award for considering the amount excessively low. On November 26, the proceedings file was sent to the Court of Appeals. On November 29, 2010 the proceedings were brought to a settlement stage between the parties. On February 3, 2011 the Court of Appeals granted the appeal filed by LLR as regards the restatement of interest in the amount of US\$ 659. As a result, the judgment rendered by the trial court was reversed and LLR's debt was considered paid off as regards the settlement amount approved in the proceedings, with court costs being awarded to the plaintiff. Furthermore, the appeal remedy regarding fees awarded to the auctioneer, which were reduced from Ps.1.8 million to Ps.1.1 million.

Since LLR had a credit balance as regards the deposit made pursuant to settlement approved in the proceedings, on February 18, 2011 LLR filed a remedy for relief whereby it requested that the Court of Appeal issue a decision on the amount deposited in excess and order the eventual repayment to the defendant.

The case was remanded to the Court of Appeals on February 22, 2011 and is awaiting a decision.

Based on the information provided by the legal advisors litigating these proceedings, LLR has booked under Other current liabilities Payables to National Parks Administration, the amount of fees described in the above paragraph.

(i) Puerto Retiro S.A.

On April 18, 2000, Puerto Retiro S.A (indirect subsidiary of IRSA) was notified of a filing made by the National Government, through the Ministry of Defense, to extend the petition in bankruptcy of Inversora Dársena Norte S.A. (Indarsa) to Puerto Retiro S.A. Concurrently with the complaint, at the request of plaintiff, the bankruptcy court granted an order restraining the ability of Puerto Retiro S.A. to sell or dispose in any manner the acquired real estate property from Tandanor S.A. in June 1993.

Indarsa had acquired 90% of the capital stock of Tandanor S.A. to a formerly estate owned company privatized in 1991, engaged in the shipyard industry.

Indarsa did not comply with the payment of the outstanding price for the acquisition of the stock of Tandanor, and therefore the Ministry of Defense requested the bankruptcy of Indarsa, pursuing to extend the bankruptcy to Puerto Retiro S.A.

The evidence steps of the legal procedures have been completed. Puerto Retiro S.A. appealed the precautionary measure, being the same confirmed by the Court on December 14, 2000. The parties have submitted their claims in due time. The file was passed for the judge to issue a pronouncement, this being a decree

Consequently, the matter will not be solved until there is final judgment in penal jurisdiction.

The Management and legal advisors of Puerto Retiro S.A. estimate that there are legal and technical issues sufficient to consider that the request for bankruptcy will be denied by the court. However, taking the circumstances into account and the progress of the legal action, this position cannot be considered final.

(ii) Loan of Hoteles Argentinos S.A.

In March 2005, Credit Suisse First Boston (CSFB) acquired a loan for US\$ 11.1 million of Hoteles Argentinos S.A. (HASA), which had been in non-compliance since January 2002. In April 2006 HASA reduced the capital amount payable to US\$ 6.0 million. The balance accrued a 6 months LIBOR interest rate plus 7.0% being the last of US\$ 5.07 million due in March, 2010.

Jointly, a credit default swap was subscribed by the Company for 80% of the restructured debt value in order to protect CSFB in case of non-compliance with HASA's obligations. As compensation, the Company received a coupon on a periodical basis. Additionally, the Company has deposited as guarantee the amount of US\$ 1.2 million.

With the last installment of the loan received having been repaid on March 15, 2010, CSFB reimbursed the deposit to the Company. In connection with this matter, HASA borrowed a new loan from Standard Bank Argentina, for a total amount of Ps. 19,000, which will accrue interest at a fixed nominal 16.25% interest rate per annum, payable on a quarterly basis and with principal becoming due on March 14, 2012.

As a guarantee for this transaction, the Company entered into a put option agreement with Standard Bank whereby the Bank receives the right to sell to the Company, which in turn agrees to purchase, 80% of the credit rights arising from the loan in the event of HASA defaulted the loan.

1. Creation of CYRSA - Horizons Project.

In January 2007, the Company acquired two adjacent plots of land located in Vicente López, Province of Buenos Aires (one of them, through the purchase of Rummaala S.A., which was the owner of that plot of land and currently is merged with CYRSA S.A.). The purchase price was US\$ 36.2 million of which US\$ 30.3 million will be cancelled by handing over certain units of the building to be constructed. As security for this obligation a pledge was constituted over the shares of Rummaala S.A. and a mortgage was constituted over the Company's building Suipacha 652.

In April 2007, the Company constituted CYRSA S.A. (CYRSA) and in August 2007, CYRELA was incorporated with the ownership of 50% of CYRSA capital stock. The Company contributed the plots of land and the related liability in kind for a net value of Ps. 21,495 and CYRELA contributed Ps. 21,495 in cash.

Then, a major real estate development known as Horizons was launched on the two plots of land mentioned.

From May 2008, CYRSA continued the marketing process of the building units to be constructed on the plot referred to above. Certain clients had made advances by means of signing preliminary sales contracts, reaching 100% of the units to be marketed, which are disclosed in Customer advances .

The sale price set forth in these preliminary sales contracts consist of a fixed and determined portion and another portion to be determined in line with the future construction expenses.

The buyer can choose from the following purchase plans:

The balance is cancelled in installments and is fully paid at the time of transfer and signature of deeds.

Partial cancellation will be on installments payable up to the time of transfer / signatures of deeds, the remaining balance to be financed during 90 months' term with units having mortgaged guarantees.

As of March 31, 2011, the percentage of completion of the Horizons project was 94.28%. Two of the six towers included in the project have already been completed and are currently signing the title deeds. Furthermore, the work on the other towers is in the last stage and delivery and signing of the title deeds is expected in the following months.

2. Acquisition of Hersha Hospitality Trust (Hersha)

On August 4, 2009, the Company, through Real Estate Investment Group L.P. (REIG) acquired 5.7 million shares representing approximately 10.4% of Hersha's common stock and a call option that matures on August 4, 2014 to purchase an additional 5.7 million shares at an exercise price of US\$ 3.00 per share. Under the agreement, if starting on August 4, 2011 the quoted market price of Hersha's share were to exceed US\$ 5.00 per share during 20 consecutive trading sessions, Hersha may settle the call option by issuing and delivering a variable amount of shares to be determined in accordance with certain market values.

The total purchase price paid was US\$ 14.3 million. As part of the agreement, the Company's Chairman and CEO, Mr. Eduardo S. Elsztain, has been appointed to Hersha's Board of Trustees.

In January, March and October 2010, the Company, through its subsidiaries, purchased 11,606,542 additional shares of Hersha's common stock, for an aggregate purchase price of US\$ 47.9 million (4,789,917 shares at US\$ 3.00 per share; 3,864,000 at US\$ 4.25 per share and 2,952,625 at US\$5.80 per share, respectively).

During December 2010 and March 2011, the Company, through its subsidiaries, sold 1,500,000 and 738,800 common shares in Hersha, respectively, for a total of US\$ 14.3 million, which resulted in approximately US\$ 10.1 million gain.

As of March 31, 2011 the Company's direct and indirect interest in Hersha amounts to 9.39%. If the call option was exercised and the Company's interest was not diluted due to newly issued shares, the Company's interest in Hersha would be 12.34%. The Company accounts for its investment in Hersha at cost while the call option has been accounted for its fair value.

Hersha is a Real Estate Investment Trust (REIT) listed in the New York Stock Exchange (NYSE) under the HT symbol that holds majority interests in 78 hotels throughout the United States of America totaling approximately 10,443 rooms. These hotels are rated as select service and upscale hotels and they are mainly located in the Northeast coast of the US, including New York, New Jersey, Boston, Washington D.C. and Philadelphia, whilst a few are located in northern California and some others in Arizona. These properties are operated under franchises that are leaders and enjoy widespread recognition in their markets, such as Marriot International, Intercontinental Hotel Group, Starwood Hotels, Hilton Hotels Corporation, Global Hyatt Corporation and Choice Hotels International.

3. Acquisition of Lipstick Building, New York

In July 2008, the Company (through its subsidiaries) acquired a 30% interest in Metropolitan 885 Third Avenue LLC (Metropolitan), a Delaware-based limited liability company, which main asset (through its subsidiaries) was a rental office building in New York City known as the Lipstick Building and debt related to that asset. The transaction included the acquisition of (i) a put right exercisable until July 2011 to sell a 50% of the interest acquired at the same value paid plus interest at 4.5% per annum and (ii) a right of first offer to acquire a 60% portion of the 5% interest of the shareholding. The total price paid was US\$ 22.6 million.

3. (Continued)

During 2009 and in the context of the financial crisis and shrinkage of the real estate market in New York, Metropolitan incurred significant losses, which resulted in negative equity mainly due to an impairment recognized in connection with the building. Since the Company's share in Metropolitan's losses exceeded its equity interest; the Company recognized a zero value on its investment although a liability of US\$ 1.5 million which represented the Company's maximum commitment to fund Metropolitan's operations.

In December 2010 the negotiations geared towards restructuring the amounts owed under mortgage to Royal Bank of Canada came to a successful conclusion. The debt was reduced from US\$ 210.0 million to US\$ 130.0 million (excluding accrued interest) at a Libor plus 400 basis points rate, which may not exceed a maximum rate of 6.25% and with a maturity date fixed at seven years. The junior indebtedness to Goldman, Sachs & Co., which had amounted to US\$ 45.0 million (excluding accrued interest), was cancelled through a US\$ 2.25 million payment.

Metropolitan 885 Third Avenue Leasehold LLC (Metropolitan Leasehold) will maintain the existing ground leases in the same terms and conditions in which they had been initially agreed upon, for a remaining 66 years term. The final consent to this restructuring has already been tendered by all the parties concerned and the closing was consummated on December 30, 2010, as that is when the company New Lipstick LLC (New Lipstick), the new Metropolitan Leasehold holding company, made a US\$ 15.0 million principal payment as repayment of the newly restructured mortgage debt, thus reducing it from US\$ 130.0 million to US\$ 115.0 million.

As a consequence of said closing, the Company has indirectly through New Lipstick increased its equity interest in the Lipstick Building to 49%. This increase originated in a US\$ 15.3 million capital contribution and in the fact that the put option for 50% of the shareholding initially acquired in Metropolitan, which had amounted to approximately US\$ 11.3 million plus accrued interest, has been rendered ineffectual. Besides, the above-mentioned commitment, for US\$ 1.5 million, ceased to be in effect.

4. Acquisition of shares in Banco Hipotecario S.A.

During the last fiscal years and in the current fiscal year, the Company has been conducting various purchase and sale transactions of BHSA shares, as a result of which, as of March 31, 2011, the Company's ownership interest in BHSA is 29.77% of BHSA's capital stock (without considering treasury shares).

5. Acquisition of companies in the Oriental Republic of Uruguay

During the fiscal year ended on June 30, 2009, the Company (through Tyrus) acquired by a minimum payment a 100% ownership interest in Liveck S.A. (Liveck), a company organized under the laws of the Oriental Republic of Uruguay.

Simultaneously, Liveck acquired a 90% interest over the shares of the companies Zetol S.A. (Zetol) and Vista al Muelle S.A. (Vista al Muelle), both property owners in Uruguay's Canelones Department. The remaining 10% ownership interest in the capital stock of both companies is held by Banzey S.A. (Banzey).

The Company and its shareholders intend to develop an urban project that will consist in the construction of apartment buildings to be subsequently sold. The project has already been conferred the Urban Feasibility status by Canelones Mayor's Office and its Legislative Council.

The total price of the purchase of all the shares in Zetol had been fixed at US\$ 7.0 million, of which US\$ 2.0 million have already been paid, the outstanding balance is to be paid in 5 installments of US\$ 1.0 million each plus an annual 3.5% compensatory interest rate calculated on the total outstanding amount and tied to the consummation of the release to the market of the real estate projects or within a maximum term of 93 months counted as from the date of acquisition of the Company. The sellers of the shares of Zetol may choose to receive, in lieu of the amounts outstanding in cash (principal plus interest), the ownership rights to the units to be built in the real estate owned by Zetol representative of 12% of the total marketable square meters built.

The price for the purchase and sale of all the shares in Vista al Muelle amounted to US\$ 0.83 million, and accrued an annual 8% compensatory interest rate on the outstanding amounts. As of September 10, 2010, was completely paid.

To guarantee compliance with the duties agreed by Liveck in the above transactions, Ritelco S.A. has tendered a surety bond guaranteeing payment of 45% of the outstanding balance, interest thereon and the option rights of the sellers.

In the framework of the agreement for the purchase and sale of Zetol and Vista al Muelle and their respective addenda, Liveck has agreed to buy the shares held by Banzey (or Ernesto Kimelman or a company owned by Ernesto Kimelman as the case may be), of Vista al Muelle and Zetol and the latter have agreed to sell them, in exchange for the amount of US Dollars or Uruguayan Pesos, as the case may be, that Ernesto Kimelman or Banzey or a company owned by Ernesto Kimelman (as applicable), would have actually contributed to Zetol and Vista al Muelle, until the execution of said purchase and sale.

The parties have agreed that the obligations mentioned above are dependent upon, and shall be rendered ineffectual if the parties entered into a shareholder agreement no later than July 1, 2011. If no such shareholder agreement is signed, this sale shall be executed and delivered on July 11, 2011.

Later, in June 2009, the Company sold 50% of its stake in Liveck to Cyrela Brazil Realty S.A. for a price of US\$ 1.3 million.

In December 2009, Vista al Muelle acquired other properties totaling US\$ 2.7 million in exchange for a US\$ 0.3 million down payment, with the balance to be cancelled through the delivery of home units and/or stores to be built and equivalent to 12% out of 65.54% of the sum of the prices of all of the units covered by the Launching Price List for Sector B (the parties have already signed a plat of subdivision to this end).

On December 17, 2010, the Company and Cyrela signed a stock purchase agreement whereby a 50% interest in Liveck's capital stock was reacquired from Cyrela for US\$ 2.7 million. This amount is equivalent to the contributions made in Liveck by Cyrela. Therefore, the Company's interest in Liveck amounted to 100% (through Tyrus).

As part of the agreement, the Company agreed to hold Cyrela harmless in the event of claims asserted by Zetol's sellers. Besides, if within a term of 24 months as from the date of the agreement Cyrela were not released from the guarantee tendered in favor of the above-mentioned sellers, the Company will be obliged to post a new guarantee in favor of Cyrela, equivalent to 45% of the price balance, interest thereon and the option rights to which Zetol's sellers are entitled.

6. Acquisition of a building located at 183 Madison Avenue, New York, NY

On August 26, 2010, the Company together with some U.S. partners, executed an acquisition of a real estate property located at 183 Madison Avenue, New York, NY, through Rigby 183 LLC (Rigby 183).

The transaction was closed on December 15, 2010 and the price paid by Rigby 183 was US\$ 85.1 million, such payment has been structured through a financing of US\$40.0 million obtained by Rigby 183 and the sum of US\$45.1 million paid in cash. Moreover, Rigby 183 has obtained an additional financing of US\$10.0 million, in order to perform refurbishments and improvements on the building, which is being disbursed as works progress.

On March 31, 2011, the Company sold 8% of its interest in Rigby 183, owned by Real Estate Strategies LLC (RES), a company indirectly controlled through Tyrus, in the amount of US\$ 3.8 million. As a result, the Company has a 49% interest in Rigby 183 through IMadison LLC (IMadison).

The building is located in a Manhattan area known as Midtown South, at the intersection of Madison Avenue and 34th Street.

There are several landmark buildings in the area, such as the Empire State Building, Macy's Herald Square and Madison Square Garden. This commercial property will be used for rentals of office space and retail stores in the lowest of its 18 stories. Its net leasable area is approximately 22,000 square meters. Sucursal Argentina) by means of which the latter granted a loan for an original principal of up to US\$ 8.2 million for the construction of a multiplex cinema and part of the parking lot located in the premises of Córdoba Shopping Villa Cabrera, which are disclosed in Fixed assets, net.

As stated in the occupation agreement related to the loan agreement, the amounts due are set off against payments generated by the occupation held by NAI INTERNATIONAL II, INC. of the building and the area known as cinema. The agreement provides that if after October, 2027, there still is an unpaid balance of the loan plus respective interest thereon, the agreement will be extended for a final term established as the shorter of the term required to fully repay the unpaid loan amount, or ten years.

If the last term has elapsed and there still is an unpaid balance, APSA will be released from any and all obligation to pay the outstanding debt.

On July 1st, 2002 an amendment to the agreement was established, whose most important resolutions are as follows:

The outstanding debt was de-dollarized (Ps. 1 = US\$ 1).

An antichresis right was created and it was established that all obligations assumed by Empalme S.A.I.C.F.A. y G. under the agreement by which the normal use and operation of the cinema center is warranted to NAI INTERNATIONAL II, INC., including those obligations involving restrictions on the use or title to property by Empalme S.A.I.C.F.A. y G. or third parties, shall be comprised in the previously mentioned real right.

Principal owed as of March 31, 2011 and unpaid interest accrued through that date, due to the original loan agreement and respective amendments are disclosed under Customers advances - Lease advances together with other advances not included in this agreement.

2. (Continued)

On December 13, 2006, Shopping Neuquén S.A. entered into an agreement with the Municipality of Neuquén and with the Province of Neuquén by which, mainly, the terms to carry out the commercial and residential venture were rescheduled and authorized Shopping Neuquén S.A. to transfer to third parties the title to the plots of land into which the property is divided, provided that it is not that one on which the shopping center will be built.

Such agreement put an end to the case Shopping Neuquén S.A. vs. Municipalidad de Neuquén in re: procedural administrative action , lodged at the High Court of Neuquén. Lawyers fees shall be borne by the company, which although they have been established are not yet final.

On June 12, 2009, Shopping Neuquén S.A. and the Municipality of Neuquén executed a new agreement by which Shopping Neuquén S.A. committed itself to presenting a new road project and to making those amendments that may be necessary to the general project. On October 19, 2009, the respective amendments to the previously mentioned projects were filed. Subsequently, the Municipality of Neuquén made some remarks to them, which were duly replied. On January 18, 2010, the Municipality of Neuquén requested changes to the plans filed, granting a 30-day term to be filed.

Finally, on July 5, 2010, Shopping Neuquén S.A. began the committed works for the first stage, which should be completed at a maximum 22 month terms starting upon beginning construction. In the case of failing to comply the conditions established in the agreement, the Municipality of Neuquén is entitled to terminate the agreement and carry out the actions that may be considered necessary for such respect, among them, to request the return of the Company's plots acquired to the Municipality of Neuquén.

On April 15, 2011 the Company entered into an agreement with Gensar S.A. whereby the latter has the right to acquire one of the plots of land that form part of a commercial undertaking of mixed use next to which the Company is building a shopping center. In this plot of 14,792.68 square meters, Gensar S.A. agreed to build and operate a hypermarket that initially will be of the Coto chain. To such effect, Gensar S.A. has taken possession of the above indicated plot of land.

3. Contributed leasehold improvements - Other liabilities

In March 1996 Village Cinema S.A. inaugurated ten multiplex system cinema theatres, with an approximate surface of 4,100 square meters. This improvement of the building of Mendoza Plaza Shopping S.A. was capitalized with a balancing entry as a fixed asset, recognizing the depreciation charges and the profits over a 50-year period. The lease is for a time limit of 10 years to be renewed every four equivalent and consecutive periods, at the option of Village Cinema S.A.. At period/year end the amount pending of accrual are disclosed under Other liabilities contributed leasehold improvements.

NOTE 1: ACCOUNTING STANDARDS

Below are the most relevant accounting standards used by the Company to prepare these unaudited financial statements:

1.1. Preparation and presentation of financial statements

These unaudited financial statements are stated in thousands of Argentine pesos and were prepared in accordance with disclosure and valuation criteria contained in the Technical Resolutions issued by the Federación Argentina de Consejos Profesionales de Ciencias Económicas, approved with certain amendments by the Consejo Profesional de Ciencias Económicas de la Ciudad Autónoma de Buenos Aires, in accordance with the resolutions issued by the National Securities Commission.

The Company's results for the nine-month periods ended March 31, 2011 and 2010 have not been audited. The Company's management estimates that they include all the adjustments necessary to present fairly the results for each period.

The Company's nine-month periods results do not necessarily reflect the proportion of the Company's full-year results.

1.2. Use of estimates

The preparation for financial statements requires the Company's Management, at a specific date, to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses for the period. The Company's Management makes estimations to calculate, for example, the allowance for doubtful accounts, depreciation and amortization, the impairment of long-lived assets, income taxes, contingencies allowances, fair value of assets acquired in a business combination, the fulfillment of certain conditions for valuation of inventories to its net realizable value and fair value of transaction of exchanges (barter). Future actual results could differ from the estimates and assumptions made at the date of these financial statements.

1.3. Recognition of the effects of inflation

The financial statements have been prepared in constant Argentine Pesos, reflecting the overall effects of inflation through August 31, 1995. From that date and until December 31, 2001 the Company discontinued the restatement of the financial statements due to a period of monetary stability. From January 1, 2002 up to February 28, 2003 the effects of inflation were recognized due to the existence of an inflationary period. As from that date, the restatement of the financial statements was discontinued.

NOTE 1: (Continued)

1.3. (Continued)

This criterion is not in line with current professional accounting standards, which establish that the financial statements should have been restated through September 30, 2003. However, due to the low level of inflation rates during the period from March to September 2003, this deviation has not had a material effect on the financial statements taken as a whole.

The rate used for restatement of items in these unaudited financial statements is the domestic wholesale price index published by the National Institute of Statistics and Census.

1.4. Comparative information

Depreciation was computed under the straight-line method over the estimated useful lives of each asset applying annual rates in order to extinguish their values at the end of its useful life.

The Company has allowances for impairment of certain rental properties as disclosed in Exhibit A. Increases and decreases of such allowances are disclosed in Exhibit E.

Significant renewals and improvements, which improve or extend the useful life of the asset are capitalized and depreciated over its estimated remaining useful life. l. Business combinations

Significant entities or net asset acquired by the Company were recorded in line with the purchased method set forth in Technical Resolution No. 18 and Technical Resolution No. 21. All assets and liabilities acquired to third independent parties were adjusted to show their fair value. The Company identified the assets and liabilities acquired, that included intangible assets such as: lease agreements acquired for prices and terms that are either higher or lower than in the market; costs of executing and delivering the lease agreements in force (costs that the Company avoids incurring as a result of acquiring effective lease agreements); the value of acquired brands, the value of any deposits associated to the investment and the intangible value inherent to customer relations.

The process of identification and the determination of the purchase price paid is a matter that requires complex judgments and significant estimates.

The Company uses the information contained in valuations estimated by independent appraisers as primary base for assigning the price paid for the land, buildings and shopping centers. The amounts assigned to all the other assets and liabilities are based on independent valuations or on the Company's own analysis on comparable assets and liabilities. The current value of tangible assets acquired considers the property value as if it was empty.

If the price paid is larger than the value of the tangible and intangible assets and liabilities as identified, the excess is considered to be goodwill.

m. Debt issuance costs

Expenses incurred in connection with the issuance of debt are amortized over the life of the related issuances. In the case of redemption or conversion of these notes, the related expenses are amortized using the accelerated depreciation method.

Amortization has been recorded under Financial results and holding gain/loss, net in the unaudited Statements of Income as a greater financing expense.

n. Customer advances

Customer advances represent payments received in connection with the sale and rent of properties and has been valued according to the amount of money received.

o. Income tax

o. (Continued)

To determine deferred assets and liabilities, the tax rate expected to be in effect at the time of reversal or use has been applied to timing differences identified and tax loss carryforwards, considering the legal regulations approved at the date of issuance of these financial statements.

p. MPIT

The Company calculates MPIT by applying the current 1% rate on computable assets at the end of the year. This tax complements income tax. The Company's tax obligation in each period will coincide with the higher of the two taxes. However, if MPIT exceeds income tax in a given period, that amount in excess will be computable as payment on account of income tax arising in any of the following ten years.

The Company has recognized MPIT accrued in the period and paid in previous years as credit, because the Company estimates that in the future years it may be computable as prepayment of income tax.

q. Allowances and Provisions

Allowance for doubtful accounts: the allowance for losses is recognized when, based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the terms of the agreements. The allowance is determined on a case-by-case basis considering the present value of expected future cash flows. When it comes to its mortgage-secured receivables, the Company applies the collateral's realization value upon analyzing the recoverability of receivables with hints of uncollectibility.

While Management uses the information available to make assessments, future adjustments to the allowance may be necessary if future economic conditions differ substantially from the assumptions used in making the assessments. Management has considered all events and/or transactions that are subject to reasonable and normal methods of estimations, and the financial statements reflect that consideration.

For impairment of assets: the Company regularly assesses its non-current assets for recoverability at the end of every year.

The Company has estimated the recoverable value of rental properties based on their economic use value, which is determined based on estimated future cash flows discounted. For the rest of the assets (inventories and undeveloped parcels of land) the Company makes a comparison with market values based on values of comparable properties. If the recoverable value of assets which had been impaired in prior years increases, the Company records the corresponding reversals of impairment loss as required by accounting standards.

Increases and decreases of allowances for impairment of fixed assets during the period ended as of March 31, 2011 and the fiscal year ended as of June 30, 2010 are detailed in Exhibit E.

q. (Continued)

For lawsuits: the Company has certain contingent liabilities with respect to existing or potential claims, lawsuits and other proceedings, including those involving labor issues. The Company accrues liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Such accruals are based on developments to date, the Company's estimates of the outcomes of these matters and the Company's lawyers' experience in contesting, litigating and settling other matters.

As the scope of the liabilities becomes better defined, there may be changes in the estimates of future costs, which could have an effect on the Company's future results of operations and financial condition or liquidity.

At the date of issuance of these unaudited financial statements, Company's Management understands that there are no elements to foresee other potential contingencies having a negative impact on these unaudited financial statements.

r. Shareholders' equity accounts

Amounts of shareholders' equity accounts have been restated following the guidelines detailed in Note 1.3. until February 28, 2003. Subsequent movements are stated in the currency of the month to which they correspond.

Common stock account was stated at historical nominal value. The difference between value stated in constant currency, following the guidelines detailed in Note 1.3., and historical nominal value is shown under "Inflation adjustment of common stock".

Cumulative translation adjustment corresponds to the exchange gains/losses arising from the conversion of Tyrus S.A. and Torodur S.A. financial statements.

s. Profit and loss accounts

The profit and loss for the period are shown as follows:

Amounts included in Unaudited Statements of Income are shown in currency of the month to which they correspond.

Charges for assets consumed (fixed asset depreciation, intangible asset amortization and cost of sales) were determined based on the values recorded for such assets.

Results from investments in subsidiary and equity investments were calculated under the equity method, by applying the percentage of the Company's equity interest to the results of such companies, with the adjustments for application of Technical Resolution No. 21.

t. Revenue recognition

t.1. Sales of properties

The Company records revenue from the sale of properties when all of the following criteria are met:

The sale has been consummated.

There is sufficient evidence to demonstrate the buyer's ability and commitment to pay for the property.

The Company's receivable is not subject to future subordination.

The Company has transferred the property to the buyer.

The Company uses the percentage-of-completion method of accounting with respect to sales of development properties under construction. Under this method, revenue is recognized based on the ratio of costs incurred to total estimated costs according to budgeted costs. The Company does not recognize results until construction activities have begun. The percentage-of-completion method of accounting requires the Company's Management to prepare budgeted costs in connection with sales of properties/units. All changes to estimated costs of completion are incorporated into revised estimates during the contract period.

t.2. Revenues from leases

Revenues from leases are recognized considering its terms and conditions and over the life of the related lease contracts.

v. Negative Goodwill, net

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 6-K

Goodwill has been restated following the guidelines mentioned in Note 1.3. and amortization has been calculated by the straight-line method based on an estimated useful life, considering the weighted-average of the remaining useful life of identifiable assets acquired subject to depreciation.

w. Dividends

IRSA's Board of Directors decided that its dividend policy shall consist in the distribution, pro rata amongst the Shareholders, of an amount equivalent to the highest of a) up to twenty per cent (20%) of revenues posted by the Offices and others segment that comes from the Net Operating Income by Business Segment as of June 30 of each year (Note 3 to the unaudited consolidated financial statements) or b) up to twenty per cent (20%) of net income as of June 30 of each year. This policy requires that the Company must at all times abide by the covenants imposed on it by virtue of its financial commitments.

6. Progress in complying with the IFRS implementation plan

On April 29, 2010, the Company's Board of Directors approved a specific plan to implement the IFRS (International Financial Reporting Standards). As established in such plan, the Company started training its personnel from its accounting and tax areas, and the personnel from most of its affiliates and related companies, planning to complete this training during fiscal year 2011. On the other hand, it started working on the initial process to diagnose differences in standards. It is estimated that this process will be carried out during the upcoming year.

As a result of monitoring the specific IFRS implementation plan, the Board of Directors has not become aware of any circumstance requiring amendments to such plan or indicating a potential departure from the proposed goals and terms.

7. Brief comment on the outlook for the coming year.

Brief comments on the Company's activities during the period, including references to significant situations occurred after the end of the period.

Buenos Aires, May 12, 2011 - IRSA Inversiones y Representaciones Sociedad Anónima (NYSE: IRS) (BCBA: IRSA), Argentina's leading real estate company, announces the results of its operations for the nine-month period ended on March 31, 2011.

in Ps. million	IIIQ 11	IIIQ 10	var YoY	9M 11	9M 10	var YoY
Revenues	315.7	295.5	7%	1,013.4	952.1	6%

Income for the Period	46.7	35.4	32%	223.2	299.7	-26%

Revenues for the first nine months of fiscal year 2011 were 6% higher than in the same period of the previous fiscal year, mainly due to a 29% increase in the Shopping Centers segment which continues to show a solid positive trend and an increase in revenues from the Sales and Developments segment close to 22%, as revenues derived from the Horizons project, among other transactions, started to be recognized.

This effect was offset by Tarshop S.A. (Tarshop)'s deconsolidation since September 1, 2010, reflecting a 64% drop in revenues from the Consumer Finance segment for the first nine months of fiscal year 2011 as compared to the same period of fiscal year 2010.

Total EBITDA	159.7	141.1	13%	539.5	513.7	5%

Operating Income and EBITDA from the rental segments have shown an upward trend of around 25% for the first nine months of fiscal year 2011 as compared to the same period of 2010. In the Sales and Development segment there was a decrease in EBITDA for this period despite the higher revenues recorded for the first nine months of fiscal year 2011, reflecting the recognition of revenues from sales of (non-strategic) offices in the past fiscal year, with a lower cost incidence (based on their book value) relative to their price.

Net Income for the first nine months of fiscal year 2011 decreased Ps. 76.6 million, mainly due to higher expenses generated by financial liabilities and lower revenues generated by financial assets. In addition, there has been a decrease in Results from Equity Investees (Art. 33), mainly caused by lower income from Banco Hipotecario S.A., partially offset by income derived from the sale of Hersha's shares and payment of dividends by Hersha. During the first nine months of fiscal year 2011, this investment accounted for a profit of around Ps. 47 million.

¹ BITDA represents operating income plus depreciation and amortization (included in operating income). Our presentation of EBITDA does not reflect the methodology suggested by its acronym. We believe EBITDA provides investors with meaningful information with respect to our operating performance and facilitates comparisons to our historical operating results. However, our EBITDA measure has limitations as an analytical tool, and should not be considered in isolation, as an alternative to net income or as an indicator of our

operating performance or as a substitute for analysis of our results as reported under Argentine GAAP. Some of these limitations include:

it does not reflect our cash expenditures, or future requirements for capital expenditures or contractual commitments;

it does not reflect changes in, or cash requirements for, our working capital needs;

it does not reflect our interest expense, or the cash requirements to service the interest or principal payments of our debt;

it does not reflect any cash income taxes or employees' profit sharing we may be required to pay;

it reflects the effect of non-recurring expenses, as well as investing gains and losses;

it is not adjusted for all non-cash income or expense items that are reflected in restatements of changes in financial position; and

other companies in our industry could calculate this measure differently than we do, which may limit its usefulness as a comparative measure.

Because of these limitations, our EBITDA measure should not be considered a measure of discretionary cash available to us to invest in the growth of our business or as a measure of cash that will be available to us to meet our obligations. EBITDA is not a recognized financial measure under Argentine GAAP. You should compensate for these limitations by relying principally on our Argentine GAAP results and using our EBITDA measurement supplementally.

I. Shopping Centers (through our subsidiary Alto Palermo S.A.)

The Shopping Center segment continues to show a substantial expansion in all its levels, reflecting an improvement in consumers' expectations, as per the index prepared by the Torcuato Di Tella University¹, better access to consumer credit, according to statistics published by the Argentine Central Bank² and, in turn, strength in the purchasing power of consumers due to salary increases, as published by the INDEC³.

The significant improvement in economic activity and the increase in consumption levels were reflected in our tenants' sales, the revenues generated by the segment and, mainly, its EBITDA generation.

II. Office and Other Non-Shopping Center Rental Properties

During fiscal year 2010, there was a stagnation in office lease prices in the City of Buenos Aires. For example, lease prices of the premium segment stood at around 30 US\$ / sqm, and vacancy levels stabilized at 10%. According to the consulting firm CB Richard Ellis¹ a lower increase is expected in the supply of leasable areas during the first half of 2011, which circumstance could have a positive impact on lease prices as supply is absorbed.

According to the same report, the areas with higher expansion in the supply of leasable area are the Northern area of the City of Buenos Aires, Greater Buenos Aires, and the Puerto Madero East zone.

The new building added to the portfolio (DOT Baires Offices) during the last quarter has continued to increase its occupancy level, from 27% to 35%. The portfolio's total occupancy level remained above 87%.

Excluding Dot Baires Offices, the portfolio's occupancy level reached 91.5%. This reflects the soundness of our assets, which are located in the best areas of Downtown Buenos Aires.

The rental price per leased surface area remained at around 25 US\$ / sqm.

The EBITDA/Revenues margin stood at 64% for the first nine months of fiscal year 2011 and 69% for the third quarter of the same fiscal year, showing an improvement with respect to the previous quarters.

During this quarter we continued to dispose of non-strategic assets. We sold, for an approximate amount of 4,200 US\$/sqm, a 620 sqm unit in the Rulero Building, located at Libertador 498. This shows the strength of prices in the commercial real estate market. Revenues and Income from this sale were recognized in the Sales and Developments segment.

III. Development and Sale of Properties

The construction business in Argentina reached a new peak in January 2011, surpassing the peak seen in November 2010. The ISAC index, which measures the evolution of this sector¹ showed a 9% YoY increase in the first three months of 2011.

On the other hand, housing demand grew again at an average rate of 15% per annum (CDI Index²) in the first quarter of the year. A sustained increase has been observed in the residential market in terms of prices per sqm of new properties.

The number of permits granted, usually considered for forecasting future activity levels, showed signs of improvement. The aggregate number of permits increased by 25% in the first three months of the year in comparison with the same period of the previous year. In such period, the permits surface area reached 1.8 million sqm.

Price of a new apartment in a residential area of Buenos Aires³ (US\$/sqm)*(US\$ / sqm)*

During the first nine months of fiscal year 2011 we closed sales of office buildings for amounts substantially lower than in the same period of the previous year, which had resulted in a significant generation of revenues and cash flow in fiscal year 2010. On the other hand, to offset the referred decrease we have increased the rhythm of sales and barter of residential development properties so as to capitalize on the increase in real estate prices mentioned above.

Depreciation and Amortization	-0.1	0.1		0.2	0.3	-48%	
EBITDA	4.4	1.9	125%	43.2	95.1	-55%	

During the first nine months of fiscal year 2011 sales totaled Ps. 188.7 million, mainly explained by the Terreno Beruti transaction for Ps. 75.4 million and Ps. 30.3 million derived from the execution of title deeds for the Proyecto Caballito Nuevo properties and the recognition of revenues for Ps. 39.8 million from the Horizons project.

The strong recognition of revenues in IIIQ11 has offset the lower office sales made in the first half of this fiscal year, as compared to the same period of fiscal year 2010.

For the first nine months of fiscal year 2011, the gain from Valuation of Inventories at Net Realizable Value was Ps. 39.6 million. This gain is explained mainly by:

work in progress in the Horizons Project ;

sales of parcels 2-B, 2-C and 2-F of APSA s Terreno Rosario ;

sale of a parcel in Torre Jardín ;

sales of units in the Caballito Nuevo Project; and

sales of plots in El Encuentro Project.

¹ The construction business synthetic indicator (ISAC) shows whether demand for supplies grows or not (for example, steel, iron, paints, etc.). For each month, the average of the last 12 months was measured in order to lessen monthly effects.

Horizons Project (CYRSA, partnered by IRSA and Cyrela)

It has been fully sold. Work progress is near 94.28%. Several units have been already delivered; therefore, revenues started to be recognized during the third quarter of fiscal year 2011. However, these revenues will not generate strong results as most of them were recorded as Gain from Valuation of Inventories at Net Realizable Value in previous periods. Completion and delivery of the pending units is expected to occur in the next months.

Nuevo Caballito Project (IRSA s barter)

Sales progress is 75% and its construction is completed. In October 2010, the units sold started to be delivered. In turn, on October 15, 2010, IRSA received from KOAD the ownership, possession and title with respect to the units agreed upon in the barter deed executed on May 4, 2006.

Torres Rosario Project (through APSA)

A barter was executed over 2 parcels (2-G and 2-H) for the construction of two condominiums, whose degree of progress is 100% and 74%, respectively. Completion of works in the 2-H parcel is scheduled for December 2011. The process of sale of the condominiums in parcel 2-G has started.

In addition, during the second quarter of fiscal year 2011 sale agreements were executed with respect to four parcels of Terreno Rosario:

Parcel 2-B of 4,843 sqm sold for US\$ 1.5 million.

Parcel 2-C of 4,773 sqm sold for US\$ 1.5 million.

Parcel 2-D of 4,417 sqm sold for US\$ 1.5 million.

Parcel 2-F of 3,329 sqm sold for US\$ 1.9 million.

During the third quarter of fiscal year 2011 no significant transactions were made with respect to this land.

El Encuentro Project

The process of sale of the 110 functional units located in this residential community is ongoing. The project is located in the district of Tigre, Province of Buenos Aires. As of the closing of this period 44.0% of the project had been sold.

Sales of Offices at Libertador 498

IRSA continues to role out its strategy of disposing of non-strategical assets taking advantage of the strength of the real estate market prices in Argentina. In this context, IRSA sold an office floor equivalent to 620 sqm, along with the relevant parking spaces, at an agreed price of US\$ 2.6 million. This implies a value near US\$ 4,200 per sqm and continues to reflect the soundness of prices and the quality of the assets that the

Company holds in its portfolio.

Preliminary Purchase Agreement of a Plot of Land

On March 31, 2011, Quality Invest S.A. executed a preliminary agreement for the purchase of a plot of land located in the Province of Buenos Aires, for a total amount of US\$ 33.0 million, US\$ 6.6 million of which have been paid as of the date of this release.

IV. Hotels Operations

There has been an improvement in tourism during calendar year 2010. According to data released by the Tourism Secretariat in its International Tourism Survey (ETI), during 2010 the number of tourists arriving in Argentina increased by 27.1% compared to the same period for the previous year, and those tourists' aggregate estimated spending during 2010 was 25.9% higher than in 2009. This was reflected in the increased operations of our hotels.

The occupancy trend has shown stabilization in the demand for IRSA's top-level hotels, which stood at around 76% on average during the first nine months of fiscal year 2011.

The improvement of the macroeconomic situation and the increase in demand of foreign and local tourists have caused the average rate per room to remain at approximately US\$ 191 per night during the third quarter of fiscal year 2011.

A good level of cash generation has been observed which drove EBITDA margins over sales to 17% for the third quarter of fiscal year 2011 and 17% for the first nine months of fiscal year 2011.

V. Consumer Financing Segment Tarshop S.A. (Tarshop) and Metroshop S.A. (Metroshop)

In Ps. million	Consumer financing			9M 11	9M 10	var a/a

EBITDA	-2.7	16.1	-117%	17.9	37.3	-52%

As a result of Tarshop's deconsolidation, 80% of which was sold to Banco Hipotecario, the operating volume of this segment was reduced. Therefore, residual operations through Metroshop remain as from the second quarter of fiscal year 2011.

Increase of Interest in Metroshop

On January 13, 2011 Metronec S.A. sold its interest in Metroshop to Alto Palermo S.A. (APSA). As a result, at present APSA is holder of 100% of Metroshop's stock capital.

Assignment of assets to Tarshop

In addition, on January 13, 2011 Metroshop entered into agreements with Tarshop for the assignment of:

Receivables from consumption financing transactions made until December 31, 2010, qualifying as performing or with arrears of not more than 60 days;

Its contractual position in connection with credit card issuance agreements;

All credit card clients and personal loan accounts;

Lease agreements over certain branch offices and their related personal property;

Employment agreements entered into with its permanent staff.

As from such date, Metroshop has ceased to generate new consumer financing or personal loan transactions, as it holds only the portfolio of non-assigned receivables (personal loans and receivables with arrears of more than 60 days), which are managed by Tarshop.

VIII. Brief comment on future prospects for the next period

Shopping centers maintain high occupancy rates and a strong commitment and adhesion by tenants. Our tenants' invoicing has grown significantly in the last quarter, and its positive trend is expected to continue in line with the growth in consumption and economic activity levels. Our tenants continue to be loyal and support our new proposals in this segment.

In addition, we will continue working in the improvement of the services offered to our tenants and consumers, seeking to maintain our successful occupancy levels and traffic in our Shopping Centers. We will keep on encouraging credit card sales through strategic actions with financial institutions, which have shown very good results.

We will also make progress in the improvement and reconditioning of our Shopping Centers in order to take advantage of all their potential and provide further benefits to our tenants and consumers. We will continue to evaluate the launch of innovative proposals to accompany the growth in consumption in various segments. Among other initiatives, we are planning to launch our new project in Palermo through our subsidiary Arcos del Gourmet S.A. with a new business concept: an urban space in the open air. Meanwhile, we will continue to work to bring our new shopping center Soleil to our management standards, in which we have added new tenants and we are implementing a plan to achieve these goals.

As concerns the Office and Other Non-Shopping Center Rental Properties segment, lease revenues have remained firm, both in pesos and dollars. We believe that there is some stagnation in the market in terms of occupancy rates and pricing levels caused by the addition of footage, mainly in the northern area of the City of Buenos Aires and Greater Buenos Aires, a market that is developing. On the other hand, we have a unique premium portfolio in downtown Buenos Aires that awakens interest among top-quality tenants in the market. We will continue working toward maintaining high occupancy levels and optimizing our portfolio mix.

The Argentine real estate sector remains robust, with a strong demand and sound prices that continue to drive the construction activity. In the residential market, there has been a sustained increase in prices per square meter of new properties in the past years, which circumstance is more remarkable if we consider the low stock of mortgage loans (less than 2% of the GDP¹), offering interesting prospects for development and appraisal of our land reserves.

Regarding the Development and Sale of Properties segment, we have already started the delivery of the properties of Caballito Nuevo Project, and will continue working to complete the sales of such project, which so far represents 75%. We will continue with the implementation of sales at Rosario and El Encuentro. We have started to deliver completed units in the Horizons project, which we plan to continue in the next months, recognizing the revenues derived from this project.

Finally, as concerns opportunities outside Argentina, we will continue developing our strategy of selective investments, involving top level assets, as the case of Hersha, Lipstick and Madison 183, with attractive prices or capital structures with potential for improvement.

Given the Company's solid level of cash generation, its asset quality, low indebtedness level, its experience in taking advantage of opportunities and accessing the international capital markets, we believe that we are on the right way to consolidate the best real estate portfolio of Argentina.
