**Item 1.01 Entry into a Material Definitive Agreement.**

On July 19, 2012, Inergy, L.P., a Delaware limited partnership (Inergy), Inergy GP, LLC, a Delaware limited liability company, Inergy Sales & Service, Inc., a Delaware corporation, and Suburban Propane Partners, L.P., a Delaware limited partnership (Suburban), entered into an amendment (Amendment No. 3) to the parties' Contribution Agreement dated April 25, 2012 (the Contribution Agreement), as amended by the Amendment to Contribution Agreement dated June 15, 2012 and as further amended by the Second Amendment to Contribution Agreement dated July 6, 2012, pursuant to which Inergy agreed to contribute its retail propane business to Suburban. Amendment No. 3 provides that up to approximately \$87.1 million (subject to adjustment in connection with the completion of Suburban's exchange offers for certain of Inergy's outstanding senior unsecured notes) of the cash consideration to be delivered by Suburban to Inergy pursuant to the Contribution Agreement shall be effected and satisfied by Suburban delivering, or causing to be delivered, to Inergy up to 2,048,282 additional Suburban common units (Additional Units). Any Additional Units issued pursuant to the preceding sentence will be issued and registered in connection with a registration statement on Form S-1 filed by Suburban. Amendment No. 3 also provides that Inergy will distribute ninety-nine percent (99%) of any and all Additional Units to its unitholders and will retain one percent (1%) of any and all Additional Units.

The foregoing description of Amendment No. 3 does not purport to be complete and is subject to, and qualified in its entirety by, the full text of Amendment No. 3 that is attached hereto as Exhibit 2.1 and incorporated by reference into this Item 1.01.

**Item 7.01 Regulation FD Disclosure.**

The consummation of the transactions contemplated by the Contribution Agreement is conditioned upon, among other things, the receipt of required governmental consents, approvals, orders and authorizations, including the expiration or termination of the applicable waiting period under Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act). Inergy and Suburban filed the required antitrust documents relating to Inergy's contribution of its retail propane business to Suburban under the HSR Act with the Federal Trade Commission (FTC) and the Department of Justice. On June 15, 2012, Inergy and Suburban received notification that the FTC granted early termination of the waiting period under the HSR Act.

***Forward Looking Statements***

Information contained in this Current Report on Form 8-K may include certain statements concerning expectations for the future that are forward-looking statements as defined by federal securities law. Such forward-looking statements may include statements preceded by, followed by or that contain forward-looking terminology, including the words believe, expect, may, should, could, anticipate, estimate, intend, negation thereof, or similar expressions. Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors that are difficult to predict and many of which are beyond management's control. Among those is the risk that the conditions to closing the Contribution Agreement are not met or that the anticipated benefits from the proposed transactions contemplated by the Contribution Agreement cannot be fully realized. Should one or more of these risks or uncertainties materialize or any underlying assumption proves incorrect, actual results may vary materially from those anticipated, estimated or projected. Among the key factors that could cause actual results to differ materially from those referred to in the forward-looking statements are: weather conditions that vary significantly from historically normal conditions; the general level of petroleum product demand and the availability of propane supplies; the price of propane to the consumer compared to the price of alternative and competing fuels; the demand for high deliverability natural gas storage capacity in the Northeast; Inergy's ability to successfully implement its business plan; the outcome of rate decisions levied by the Federal Energy Regulatory Commission; Inergy's ability to generate available cash for distribution to unitholders; and the costs and effects of legal, regulatory and administrative proceedings against, or that may be brought against, Inergy or its subsidiaries. These and other risks and assumptions are described in Inergy's annual reports on Form 10-K and other reports that are available from the United States Securities and Exchange Commission. Readers are cautioned not to place undue reliance on forward-looking statements, which reflect management's view only as of the date made. Inergy undertakes no obligation to update any forward-looking statement, except as otherwise required by law.
