**e. Recent Developments**

In March 2011, in order to actively target the increasing market for financial services for the lower-income class and diversify its business portfolio, Woori Finance Holdings established a new subsidiary, Woori FG Savings Bank Co., Ltd., which purchased certain assets and assumed certain liabilities of Samhwa Mutual Savings Bank.

In September 2012, Woori FG Savings Bank acquired certain assets and assumed certain liabilities of Solomon Savings Bank, which allowed it to increase its asset base as well as its operational network in the metropolitan Seoul area.

Woori Financial Holdings aims to build a competitive savings bank through the creation of synergy between its subsidiaries and the reduction of non-performing assets. Woori FG Savings Bank will promote the Korean government's policy to vitalize the financial services industry for the lower-income class by providing stable and reliable financial services.

In December 2012, Woori Finance Research Institute was established as a separate legal entity to enhance the operational efficiency of Woori Financial Group's internal research function and to increase its research capacity. Woori Finance Research Institute will assist the sustainable growth of Woori Financial Group by serving as its think tank and aim to become an opinion leader in the Korean financial industry.

In addition, Woori Financial Holdings is currently planning to acquire a controlling stake in Kumho Investment Bank by purchasing shares of Kumho Investment Bank which remain unsubscribed following a rights offering. However, acquiring control over Kumho Investment Bank may not be possible if Woori Financial Holdings is unable to either acquire the minimum of a 30% equity ownership of Kumho Investment Bank required to become its controlling shareholder or receive the requisite approval from the Financial Services Commission to include Kumho Investment Bank as a subsidiary.
