**Table of Contents****BOOKS-A MILLION, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****1. Basis of Presentation**

The unaudited condensed consolidated financial statements include the accounts of Books-A-Million, Inc. and its subsidiaries (collectively, the Company). The Company consists of Books-A-Million, Inc. and its six wholly-owned subsidiaries: American Wholesale Book Company, Inc., booksamillion.com, inc., BAM Card Services, LLC, AL Florence Realty Holdings 2010, LLC, Preferred Growth Properties, LLC and Pickering Partners, LLC. All inter-company balances and transactions have been eliminated in consolidation. For a discussion of the Company's business segments, see Note 7.

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and are presented pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Accordingly, certain financial information and disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and the notes thereto contained in the Company's Annual Report on Form 10-K for the fiscal year ended February 2, 2013. In the opinion of management, the unaudited condensed consolidated financial statements included herein contain all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of our financial position, and the results of its operations and cash flows for the periods presented.

The Company's business, like that of many retailers, is seasonal, with a large portion of sales and operating profit realized during the fourth fiscal quarter, which includes the holiday selling season. Thus, the quarterly results of operations are not necessarily indicative of annual results.

Certain reclassifications for discontinued operations and other insignificant reclassifications to amounts included in this report for prior periods were necessary to conform to the presentation of the thirteen weeks ended April 28, 2012.

*Stock-Based Compensation*

The Company's pre-tax compensation cost for stock-based employee compensation was approximately \$0.2 million and \$0.1 million for the thirteen weeks ended May 4, 2013 and April 28, 2012, respectively.

*2005 Incentive Award Plan*

During 2005, the Company adopted and the Company's stockholders approved the Books-A-Million, Inc. 2005 Incentive Award Plan (as amended, the 2005 Plan). An aggregate of 2,000,000 shares of common stock may be awarded under the 2005 Plan. As of May 4, 2013, the Company had approximately \$1.4 million of total unrecognized compensation cost related to non-vested awards granted under its various share-based plans, which it expects to recognize over the following fiscal years:

<b>Fiscal Year</b>	<b>Unrecognized Stock-Based Compensation Expense (in thousands)</b>

The Company maintains an employee stock purchase plan (as amended, the Amended and Restated Employee Stock Purchase Plan ) under which shares of the Company's common stock are reserved for purchase by employees at 85% of the fair market value of the common stock at the lower of the market value for the Company's stock as of the beginning of the fiscal year or the end of the fiscal year. An aggregate of 600,000 shares are available for issuance to participants in the Amended and Restated Employee Stock Purchase Plan. The Company received cash proceeds from issuances of stock under the Amended and Restated Employee Stock Purchase Plan during each of the thirteen week periods ended May 4, 2013 and April 28, 2012 of \$0.1 million. The impact of these cash receipts is included in financing activities in the accompanying condensed consolidated statements of cash flows.

**2. Adoption of New Accounting Standards**

In June 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2011-05, Presentation of Comprehensive Income, requiring most entities to present items of net income and other comprehensive income either in one continuous statement referred to as the statement of comprehensive income or in two separate, but consecutive, statements of net income and other comprehensive income. The update does not change the items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income. ASU No. 2011-05 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011 and should be applied retrospectively. Early adoption is permitted. The Company adopted ASU 2011-05 at the beginning of its 2013 fiscal year.

In February 2013, the Financial Accounting Standards Board ( FASB ) issued Accounting Standards Update ( ASU ) 2013-02, which requires entities to present information about significant items reclassified out of accumulated other comprehensive income (loss) by component either on the face of the statement where net income is presented or as a separate disclosure in the notes to the financial statements. This ASU is effective for public companies prospectively for reporting periods beginning after December 15, 2012. The Company adopted ASU 2013-02 during the first quarter of fiscal year 2014. The Company has elected disclosure in the Notes to Condensed Consolidated Financial Statements as described in Note 15.

As of May 4, 2013 there were no new pronouncements, interpretations, or staff positions that had or were expected to have a significant impact on our operations since our annual report on Form 10K for the fiscal year ended Feb 2, 2013 filed on April 19, 2013.

**3. Net Loss Per Common Share**

Basic net loss per common share is computed by dividing net loss by the weighted average number of common shares outstanding for the period. Diluted net loss per common share reflects the potential dilution, using the treasury stock method, that could occur if share based payments are exercised. In periods of profitability, diluted net loss per common share has been computed based on the weighted average number of shares outstanding, including the effect of outstanding share based payments, if dilutive.

**Table of Contents****BOOKS-A MILLION, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)**

For the thirteen week periods ended May 4, 2013 and April 28, 2012, certain share based payments were outstanding but were excluded from the computation of diluted weighted average shares outstanding because their effect would have been anti-dilutive due to the net loss in all periods presented.

**4. Related Party Transactions**

Charles C. Anderson, Chairman Emeritus and a former director of the Company, Terry C. Anderson, a director of the Company, and Clyde B. Anderson, the Executive Chairman of the Company, have controlling ownership interests in other entities with which the Company conducts business. Significant transactions between the Company and these various other entities ( related parties ) are summarized in the following paragraphs.

The Company purchases a substantial portion of its magazines, as well as certain of its seasonal music, from a subsidiary of Anderson Media Corporation ( Anderson Media ), an affiliate of the Company through common ownership. Amounts payable to Anco Far East at May 4, 2013 and February 2, 2013 were \$76,000 and \$40,000, respectively.

The Company leases its principal executive offices from a trust, which was established for the benefit of the grandchildren of Charles C. Anderson. The most recent lease term of three years ended on February 28, 2013, and will be month to month going forward. During both thirteen week periods ended May 4, 2013 and April 28, 2012, the Company paid rent of \$39,000 to the trust under this lease. Anderson & Anderson LLC ( A&A ), an affiliate of the Company through common ownership, also leases two buildings to the Company. The Company's leases with A&A expire February 28, 2017. The Company leases property to Hibbett Sports, Inc. ( Hibbett ), a sporting goods retailer in the United States. The Company's lease on the property with Hibbett expires in February 2017. One of the Company's directors, Albert C. Johnson, and Terrance G. Finley, Chief Executive Officer and President of the Company, are members of Hibbett's Board of Directors. During the thirteen week periods ended May 4, 2013 and April 28, 2012, the Company received \$28,000 and zero, respectively, in rent payments from Hibbett. The total of minimum future rental payments under this related party lease is \$0.4 million at May 4, 2013.

The Company, A&A, American Promotional Events, Inc. and Anderson Press (collectively the Co-ownership Group ) co-own two airplanes that are used by the Company in its business, during the thirteen weeks ended April 28, 2012. The Company owns a 26.0% interest in these airplanes. During the thirteen week periods ended May 4, 2013 and April 28, 2012, the Company was billed \$0.2 million and \$0.1 million, respectively, by the Co-Ownership Group under a cost sharing arrangement for the Company's use of the airplanes. The expenses that the Company pays for airplane use cover all of the variable costs attributable to the Company's use of the planes and a portion of the fixed costs.

The Company and Anderson Private Capital Partners I, L.P. ( APCP ), an affiliate of the Company through common ownership, each have an equity interest in Yogurt Mountain Holding, LLC ( Yogurt Mountain ). The Company also participates with APCP in a line of credit agreement with Yogurt Mountain in connection with its investment. See Note 13, Equity Method Investment, for additional information regarding the Company's investment in Yogurt Mountain. As of May 4, 2013 and February 2, 2013, Yogurt Mountain had \$1.0 million in borrowings outstanding and due to the Company. For the thirteen week periods ended May 4, 2013 and April 28, 2012, the Company paid \$0.07 million and \$0.1 million in franchise fees, royalty fees and other costs associated with the Company's franchise of Yogurt Mountain stores within the Company's stores, respectively. For both of the thirteen week periods ended May 4, 2013 and April 28, 2012, the Company received \$0.1 million from Yogurt Mountain for interest, monitoring fees, professional fees and rent, respectively.

The Company and Anco Far East, each have an equity interest in That Company Called IF ( IF ). See Note 13, Equity Method Investments, for additional information regarding the Company's investment in IF. As of the thirteen weeks ended May 4, 2013 there were no related party transactions between the Company and IF.

**5. Commitments and Contingencies**

The Company is a party to various legal proceedings incidental to its business. In the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect the financial position, results of operations or cash flows of the Company.

From time to time, the Company enters into certain types of agreements that require the Company to indemnify parties against third party claims. Generally, these agreements relate to: (a) agreements with vendors and suppliers, under which the Company may provide customary indemnification to its vendors and suppliers in respect of actions that they take at the Company's request or otherwise on its behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for the Company to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of the Company, (c) real estate leases, under which the Company may agree to indemnify the lessors for claims arising from the Company's use of the property, and (d) agreements with the Company's directors, officers and employees, under which the Company may agree to indemnify such persons for liabilities arising out of their relationship with the Company. The Company maintains a Directors and Officers Liability Insurance Policy, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by the Company with respect to its directors and officers up to specified limits and subject to certain deductibles.

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. The overall maximum amount of obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at May 4, 2013 or February 2, 2013, as such potential liabilities are not probable at such date.

**6. Inventories**

The Company utilizes the last-in, first-out ( LIFO ) method of accounting for inventories. An actual valuation under the LIFO method can be made only at the end of each year based on the inventory levels and costs at that time. Accordingly, interim LIFO calculations are based on management's estimates of expected year-end inventory levels and costs and are subject to the final year-end LIFO inventory valuation. The cumulative difference between replacement and current cost of inventory over stated LIFO value was \$4.4 million and \$4.3 million as of May 4, 2013 and February 2, 2013, respectively. The estimated replacement cost of inventory is the current first-in, first-out ( FIFO ) value.

Inventory balances at May 4, 2013 and February 2, 2013 were as follows (in thousands):

### 7. Business Segments

The Company has two reportable operating segments: retail trade and electronic commerce trade. These reportable operating segments reflect the manner in which the business is managed and how the Company allocates resources and assesses performance internally.

**Table of Contents****BOOKS-A MILLION, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)**

Our chief operating decision makers are our Executive Chairman and our Chief Executive Officer and President. The Company is primarily a retailer of book merchandise. The Company's two reportable segments are two distinct business units, one a traditional retailer of book merchandise and the other a seller of book merchandise primarily over the Internet. The electronic commerce trade segment is managed separately due to divergent technology and marketing requirements. The retail trade reportable segment also includes the Company's distribution center operations, which predominantly supplies merchandise to our retail stores and sells books to outside parties on a wholesale basis. The results of the distribution center's outside operations are not material for segment reporting.

The Company evaluates the performance of the retail trade and electronic commerce trade segments based on profit and loss from operations before interest and income taxes. Certain intersegment cost allocations have been made based upon consolidated and segment revenues. Shipping income related to Internet sales is included in net sales, and shipping expense is included in cost of sales.

Both the retail trade and electronic commerce trade reportable operating segments derive revenues primarily from the sale of book merchandise through sales in our retail stores and over the Internet, respectively.

The Company closed one store in a market where the Company does not expect another of its existing stores to absorb the closed store's customers during the thirteen weeks ended May 4, 2013. The operating results of this store is presented as discontinued in all periods presented. For the thirteen weeks ended May 4, 2013 and April 28, 2012, the closed stores had sales of \$0.5 million and \$0.3 million and a net loss of \$16,000 and zero, respectively. The Company continues to report in discontinued operations stores closed in prior periods where the Company does not expect to retain the closed store's customers at another store.

**9. Short-term Borrowing and Long-term Debt**

The Company's primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under its credit facility, described below. On March 21, 2011, the Company entered into a credit agreement (the "Credit Agreement") for a revolving credit facility (the "Credit Facility") with Bank of America, N.A. ("Bank of America"), as Administrative Agent, Swing Line Lender and Issuing Bank, and a group of participating financial institutions under which the Company may borrow up to the maximum principal amount of \$150.0 million, which may be increased to \$200.0 million under certain circumstances, and which matures on March 21, 2016. As of May 4, 2013, the maximum principal amount available under the Credit Facility was \$127.9 million, based on the calculated borrowing base availability at that time. Interest on borrowings under the Credit Facility is determined based upon the LIBOR rate plus an applicable margin (as specified in the Credit Agreement). Pursuant to the Credit Agreement, the participating financial institutions have agreed to make revolving loans to the Company and to issue, up to a \$35.0 million sublimit, letters of credit for the Company. Under the Credit Agreement, Bank of America, in its capacity as Swing Line Lender, has also agreed to make same day advances to the Company in the form of swing line loans up to a \$15.0 million sublimit. The obligations of the Company under the Credit Agreement are secured by the inventories, accounts receivable and certain other personal property of the Company, pursuant to the terms of a security agreement with Bank of America and the other lenders. Additionally, the Credit Agreement contains certain non-financial covenants. The Company was in compliance with these covenants at May 4, 2013.

As of May 4, 2013, there were outstanding borrowings under the Credit Facility (excluding the face amount of letters of credit issued thereunder) of \$53.0 million, which bear interest at variable rates (2.4% as of May 4, 2013 based on the 7-day LIBOR rate plus the applicable spread as of such date). The Company had \$0.7 million in borrowings outstanding under the Credit Facility (excluding the face amount of letters of credit issued thereunder) as of February 2, 2013. The face amount of letters of credit issued under the Credit Facility as of May 4, 2013 and February 2, 2013 was \$7.5 million. The maximum and average outstanding borrowings under the Credit Facility (excluding the face amount of letters of credit issued thereunder) during the thirteen weeks ended May 4, 2013 were \$53.0 million and \$40.2 million, respectively.

During fiscal 1996 and fiscal 1995, the Company acquired and constructed certain warehouse and distribution facilities with the proceeds of loans made pursuant to an industrial development revenue bond (the "Bond"). As of May 4, 2013 and February 2, 2013, there was \$4.9 million outstanding under the Bond, which bears interest at a variable rate. The interest rate on the Bond was 1.20% and 1.25% at May 4, 2013 and February 2, 2013, respectively. The bond is held by Wells Fargo Bank, National Association ("Wells Fargo"). Pursuant to an Amended and Restated Bond Agreement dated June 30, 2011, the Company's subsidiary, American Wholesale Book Company, Inc. ("American Wholesale"), and Wells Fargo agreed, among other things, (i) to extend the period during which Wells Fargo will hold the Bond until March 13, 2016, (ii) to replace the original guaranty with a new Continuing Guaranty executed by the Company and certain of its subsidiaries, including booksamillion.com, inc. and BAM Card Services, LLC, which obligation provides a maximum liability of \$5,880,000 for the Company and its affiliates, jointly and severally, and (iii) that American Wholesale will maintain a standby letter of credit equal at all times to at least the outstanding principal amount of the Bond, which was \$4.9 million and included in the aggregate letters of credit mentioned above as of May 4, 2013, for the benefit of Wells Fargo. The Company is obligated to repurchase the Bond on March 13, 2016 unless Wells Fargo exercises the option to extend the Bond's maturity date up to December 1, 2019.

Interest expense on all Company indebtedness for each of the thirteen week periods ended May 4, 2013 and April 28, 2012 was \$0.5 million.

**10. Income Taxes**

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q

The Company and its subsidiaries are subject to U.S. federal income tax as well as income tax of multiple state jurisdictions. The Company is no longer subject to U.S. federal income tax examinations by tax authorities for fiscal years prior to fiscal 2011. With respect to state and local jurisdictions, with limited exceptions, the Company and its subsidiaries are no longer subject to income tax audits for fiscal years prior to fiscal 2009.

**Table of Contents**

**BOOKS-A MILLION, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

As of May 4, 2013, the gross amount of unrecognized tax benefits due to uncertain tax positions was \$0.9 million, all of which would affect the effective tax rate if recognized. The amount of unrecognized tax benefits, including interest and penalties, that would no longer need to be accrued due to the passage of various statutes of limitations in the next 12 months is \$0.3 million. The Company recognizes accrued interest and penalties related to unrecognized tax benefits in income tax expense. The Company had approximately \$0.4 million in interest and penalties related to unrecognized tax benefits accrued as of both May 4, 2013 and February 2, 2013. The Company's total liability for unrecognized tax benefits, including interest and penalties, as of May 4, 2013 and February 2, 2013, was \$0.9 million.

The methodology for calculation of income tax rates in interim periods is described in ASC 740-270. In general, ASC 740-270 requires an entity to compute the interim income tax rate based on an estimate of the annual effective tax rate. In interim periods where the entity is experiencing losses, an entity must make assumptions concerning its future taxable income and determine whether the realization of future tax benefits is more likely than not. Per ASC 740-270-25-3, the Company computed the effective tax rate as a discrete interim rate due to the inability to estimate a part of its ordinary income (or loss) or the related tax (or benefit) but was otherwise able to make a reliable estimate. Deferred tax assets are presented net of the deferred tax liabilities on the condensed consolidated balance sheet. The Company's condensed consolidated balance sheet as of May 4, 2013 includes a gross deferred tax asset of \$30.1 million related to a carryforward for state net operating losses. One of the companies in the consolidated group has incurred a cumulative loss in recent years. The majority of the net operating loss carryforward is a result of the net operating losses incurred during the fiscal year ended February 2, 2013 due principally to difficult market and macroeconomic conditions. The Company evaluates the realizability of its deferred tax assets on a quarterly basis. The Company has concluded, based on the weight of all available positive and negative evidence, that all but \$1.2 million of these tax benefits relating to certain state losses are more likely than not to be realized in the future. Therefore, a valuation allowance of \$1.2 million has been established. The Company will continue to assess the amount of the valuation allowance in the future.

**11. Fair Value Measurements**

The carrying amounts of other financial instruments reported on the balance sheet for current assets and current liabilities, excluding our short-term borrowings consisting of amounts outstanding under the credit facility as discussed below, approximate their fair values because of the short maturity of these instruments.

At May 4, 2013, there was \$53.0 million outstanding under the credit facility (excluding the face amount of letters of credit issued under the credit agreement) and \$4.9 million outstanding under the Bond. Fair value approximates the carrying amount for the credit facility and the Bond as the variable interest rates re-price frequently at observable current market rates. As such, their fair values are categorized as a level 2 within the fair value hierarchy.

At May 4, 2013, there was \$1.0 million outstanding under the related party note receivable from Yogurt Mountain Holding, LLC. See discussion in Notes 4 and 13. The carrying value approximates the fair value of the note receivable at May 4, 2013, based on the short maturity of the note outstanding.

**12. Gift Card Revenue Recognition**

The Company sells gift cards to its customers in its retail stores. The gift cards do not have an expiration date. Income is recognized from gift cards when: (1) the gift card is redeemed by the customer; or (2) the likelihood of the gift card being redeemed by the customer is remote based on historical trends (gift card breakage) and there is no legal obligation to remit the value of the unredeemed gift cards to the relevant jurisdictions. The gift card breakage rate is determined based upon historical redemption patterns. Based on this historical information, the likelihood of a gift card remaining unredeemed can be determined after 24 months of card inactivity. At that time, breakage income is recognized for those cards for which the likelihood of redemption is deemed to be remote and for which there is no legal obligation to remit the value of such unredeemed gift cards to the relevant jurisdictions. Breakage income for the thirteen week periods ended May 4, 2013 and April 28, 2012 was \$0.1 million and \$0.2 million, respectively.

**Table of Contents****BOOKS-A MILLION, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****13. Equity Method Investments**

The Company holds an equity method investment in Yogurt Mountain, which consists of a 40.0% equity interest in Yogurt Mountain Holding, LLC ( Yogurt Mountain ). Yogurt Mountain was formed for the purpose of developing and operating retail yogurt stores and franchising retail yogurt stores to third party franchisees. In March 2010, the Company acquired its equity interest in Yogurt Mountain for \$3.0 million. Yogurt Mountain is a separate and distinct legal entity from the Company and its subsidiaries, and has separate assets, liabilities and operations. The other shareholder interests in Yogurt Mountain of 40.0% and 20.0% are owned by Anderson Private Capital Partners I, L.P., a related party to the Company through common ownership, and Kahn Family Holdings, LLC, respectively.

In connection with the equity method investment in Yogurt Mountain, the Company entered into a line of credit agreement (the Line of Credit ) with Yogurt Mountain pursuant to which the Company committed to provide up to \$1.5 million to Yogurt Mountain under a non-revolving line of credit through March 2015, bearing interest at 9.0%. Yogurt Mountain must pay an annual commitment fee of 0.25% on the unused portion of the commitment. The proceeds from the Line of Credit must be used by Yogurt Mountain for the purpose of new store growth capital requirements. Effective November 14, 2011, the Company entered into a Forbearance Agreement with Yogurt Mountain, raising the interest rate to 11.0% and limiting the borrowings under the line of credit to \$1.0 million. The Company entered into an Amendment to the Line of Credit Loan Agreement (the Amended Loan Agreement ) effective March 25, 2013. The Amended Loan Agreement allows Yogurt Mountain to use the remaining availability of \$0.5 million to finance capital expenditures, or such other purposes as approved by the Company. There was \$1.0 million in outstanding borrowings by Yogurt Mountain under the Line of Credit as of May 4, 2013 and February 2, 2013.

The Company also holds a 25% equity method investment in That Company Called IF ( IF ). IF is an established trade gift supplier of innovative gifts and book accessories to retailers in over 70 countries worldwide. The Company acquired its interest in IF for \$1.8 million in April 2013. IF is a separate and distinct legal entity from the Company and its subsidiaries, and has separate assets, liabilities, and operations. The other ownership interests in IF of 45% and 30% are owned by Anco Far East, a related party to the Company through common ownership, and the principals of the acquired company, respectively.

**General**

We were founded in 1917 and, as of May 4, 2013, operated 253 retail bookstores, including 197 superstores, concentrated primarily in the eastern United States.

Our growth strategy consists of expanding product offerings and opening stores in new and existing market areas. In addition to opening new stores, management intends to continue its practice of reviewing the profitability trends and prospects of existing stores and closing or relocating under-performing stores or converting stores to different formats. From April 28, 2012 to May 4, 2013, we opened 10 stores, closed 12 stores and relocated three stores, decreasing our store count from 255 to 253.

Comparable store sales are determined each fiscal quarter during the year based on all stores that have been open at least 12 full fiscal months as of the first day of the fiscal quarter. Any stores closed during a fiscal quarter are included in comparable store sales until they close. Remodeled and relocated stores are also included as comparable stores. The factors affecting the future trend of comparable store sales include, among others, overall demand for products that the Company sells, the Company's marketing programs, pricing strategies, store operations and competition.

The Company's business, like that of many retailers, is seasonal, with a large portion of sales and operating profit realized during the fourth fiscal quarter, which includes the holiday selling season.

**Table of Contents****Results of Operations**

Net loss from continuing operations	(3.5)%	(1.7)%
Loss from discontinued operations		
Net loss	(3.5)%	(1.7)%

The following table sets forth net sales data by segment for the periods presented:

**Segment Information** (dollars in thousands)

Net Sales	Thirteen Weeks Ended			
	May 4, 2013	April 28, 2012	\$ Change	% Change
Retail Trade	\$ 102,636	\$ 110,758	\$ (8,122)	(7.3)%
Electronic Commerce Trade	5,682	6,279	(597)	(9.5)%
Intersegment Sales Elimination	(3,829)	(4,204)	375	8.9%
Total Net Sales	\$ 104,489	\$ 112,833	\$ (8,344)	(7.4)%

As shown above, total net sales decreased \$8.3 million, or 7.4%, to \$104.5 million during the thirteen weeks ended May 4, 2013 from \$112.8 million during the thirteen weeks ended April 28, 2012. Sales at comparable stores (as defined above) decreased 6.8% for the same period.

The decrease in net sales for the retail trade segment for the thirteen weeks ended May 4, 2013, compared to the thirteen weeks ended April 28, 2012, resulted from lower comparable store sales and less sales from closed stores, offset by a net increase in sales from new stores (as discussed above). Comparable store sales for the retail trade segment for the thirteen weeks ended May 4, 2013 decreased 5.8% when compared to the same thirteen week period for the prior year. The decrease in comparable store sales for the thirteen week period ended May 4, 2013 was due to decreased sales in certain book categories and magazines, attributable in part to sales of certain book titles during the prior year thirteen week period, offset somewhat by increased sales in general merchandise. The decrease in net sales for the electronic commerce trade segment for the thirteen weeks ended May 4, 2013 was due primarily to lower sales of eReader devices.

Gross profit decreased \$2.4 million, or 7.7%, to \$28.3 million for the thirteen weeks ended May 4, 2013, when compared with \$30.7 million in the same thirteen week period for the prior year, due to the net decrease in sales (as discussed above) and a slight decrease in the gross profit percentage. Gross profit as a percentage of net sales for the thirteen weeks ended May 4, 2013 and April 28, 2012 was 27.1% and 27.3%, respectively. The decrease in gross profit percentage of net sales for the thirteen week period ended May 4, 2013 was a result of lower leverage on occupancy costs and warehouse costs due to lower sales, offset by lower markdowns.

Operating, selling and administrative expenses were \$29.1 million for the thirteen weeks ended May 4, 2013, compared to \$28.8 million during the same period last year. The increase in operating, selling and administrative expenses was primarily due to higher store closing and opening costs in the current period, during which we opened 3 stores and closed 6 stores, compared to the prior year period, during which we closed 2 stores and opened no new stores. The increased costs along with decreased sales caused operating, selling and administrative expenses as a percentage of net sales for the thirteen weeks ended May 4, 2013 to increase to 27.9% versus 25.6% from the same period last year.

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q

Depreciation and amortization expense was \$4.3 million in the thirteen week period ended May 4, 2013, compared to \$4.1 million in the thirteen week period ended April 28, 2012. The increase was the result of capital investments made for new stores opened in fiscal 2013. Depreciation and amortization expenses as a percentage of net sales for the thirteen weeks ended May 4, 2013 totaled 4.1%, which was an increase of 0.4% compared to the same period last year.

**Table of Contents**

The following table sets forth operating income (loss) data by segment for the periods presented:

**Segment Information** (dollars in thousands)

Operating Income (Loss)	Thirteen Weeks Ended			
	May 4, 2013	April 28, 2012	\$ Change	% Change
Retail Trade	\$ (4,887)	\$ (1,683)	\$ (3,204)	(190.4)%
Electronic Commerce Trade	29	(320)	349	109.1%
Intersegment Elimination of Certain Costs	(248)	(243)	(5)	(2.1)%
Operating loss	\$ (5,106)	\$ (2,246)	\$ (2,860)	(127.3)%

The operating loss for the retail trade segment increased \$3.2 million for the thirteen weeks ended May 4, 2013, as compared to the same period in the prior year. This change was due to the decrease in sales previously discussed. The electronic commerce trade segment had operating income of \$0.03 million for the thirteen weeks ended May 4, 2013, compared to an operating loss of \$0.3 million in the same period in the prior year, due to increased sales of higher gross margin merchandise and decreased net shipping costs associated with consumer direct sales.

*Net Interest Expense*

Net interest expense was \$0.5 million for both the thirteen week periods ended May 4, 2013 and April 28, 2012.

**Liquidity and Capital Resources**

Our primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under our credit facility, as described in Note 9 to the condensed consolidated financial statements. The maximum and average outstanding borrowings under the credit facility (excluding the face amount of letters of credit issued thereunder) during the thirteen week period ended May 4, 2013 were \$53.0 million and \$40.2 million, respectively.

*Cash Flows*

Operating activities used cash equal to \$39.7 million and \$36.5 million in the thirteen week periods ended May 4, 2013 and April 28, 2012, respectively, and included the following:

Cash used in trade and related party accounts payable in the thirteen week period ended May 4, 2013 was \$31.4 million, compared to \$33.7 million in the thirteen week period ended April 28, 2012. The change from the prior year was primarily the result of the timing of payment for inventory and a change in the fiscal calendar resulting from the extra week at the end of fiscal 2013.

Cash provided by inventories was \$1.1 million in the thirteen week period ended May 4, 2013, compared to \$1.2 million cash used by inventories in the prior year. The change from the prior year was primarily the result of an overall decrease in inventory in the current year and timing of inventory receipts.

Cash used by prepayments and other was \$3.0 million in the thirteen week period ended May 4, 2013, compared to \$1.6 million in the prior year. The change from the prior year was primarily the result of an increase in prepaid rent due to the timing of payments based on the change in the fiscal calendar previously mentioned.

## Edgar Filing: BOOKS A MILLION INC - Form 10-Q

Cash used by accrued expenses and other was \$7.4 million in the thirteen week period ended May 4, 2013, compared to \$3.1 million in the prior year. The change from the prior year was primarily the result of the timing of payments related to payroll as well as other payments impacted by the change in the fiscal calendar previously mentioned.

Cash used in investing activities reflected a \$7.7 million and \$7.2 million net use of cash for the thirteen week periods ended May 4, 2013 and April 28, 2012, respectively. Such activity relates primarily to capital expenditures due to the opening of new stores, remodel of existing stores, and other improvements. In addition, \$1.1 million was used in the thirteen week period ended May 4, 2013 to fund the purchase of corporate office space that had previously been leased and \$1.8 million was spent for the acquisition of a minority interest in That Company Called IF (see Note 13, Equity Method Investments).

**Table of Contents**

Cash flows from financing activities generally consist of borrowings and repayments related to our short-term and long-term debt. For the thirteen week period ended May 4, 2013 \$0.7 million was used to purchase treasury stock pursuant to the 2012 Repurchase Program.

*Financial Position*

Inventory balances were \$200.4 million as of May 4, 2013, compared to \$201.5 million as of February 2, 2013. The inventory decrease of 0.5% was due to the year over year decrease in our number of open stores and seasonal fluctuations in inventory. Trade and related party accounts payable balances were \$68.4 million as of May 4, 2013, compared to \$99.9 million as of February 2, 2013. The decrease in trade and related party accounts payable was due to timing of payments for inventory. Accrued expenses were \$31.3 million as of May 4, 2013, compared to \$40.4 million as of February 2, 2013. The decrease in accrued expenses was due to a reduction in gift card liability and in employee benefit accruals. These reductions traditionally occur in the first quarter of the year due to the redemption of gift cards and payment of bonuses, matching 401K contributions and employee stock purchase plan payments.

*Future Commitments*

The following table lists the aggregate maturities of various classes of obligations and expiration amounts of various classes of commitments of the Company at May 4, 2013 (in thousands):

*Guarantees*

From time to time, we enter into certain types of agreements that require us to indemnify parties against third-party claims. Generally, these agreements relate to: (a) agreements with vendors and suppliers, under which we may provide customary indemnification to our vendors and suppliers in respect of actions that they take at our request or otherwise on our behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for us to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on our behalf, (c) real estate leases, under which we may agree to indemnify the lessors for claims arising from our use of the property, and (d) agreements with our directors, officers and employees, under which we may agree to indemnify such persons for liabilities arising out of their relationship with us. We maintain a Directors and Officers Liability Insurance Policy, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by us with respect to our directors and officers up to specified limits and subject to certain deductibles.

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. The overall maximum amount of obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at May 4, 2013 or February 2, 2013, as such potential liabilities are considered not probable.
