QUESTIONS AND ANSWERS

1. Q: Who is asking for my proxy?

A: Your proxy is being solicited by our Board for use at our Annual Meeting. Our directors, officers or employees may also solicit proxies on behalf of our Board, in person or by telephone, facsimile, mail or e-mail. If our directors, officers or employees solicit proxies, they will not be specially compensated. Contango will pay all costs and expenses of this proxy solicitation.

2. Q: What are stockholders being asked to vote on?

A: At our Annual Meeting, stockholders will be asked to vote:

To elect our Board of Directors to serve until the next annual meeting of stockholders;

To ratify the appointment of Grant Thornton LLP as the independent auditors of the Company for the six-month transition period beginning on July 1, 2013 and ending on December 31, 2013; and

On any other matter that may properly come before the Annual Meeting or any adjournment of the Annual Meeting.

3. Q. Who is entitled to vote?

A: The record of stockholders entitled to vote at the Annual Meeting was taken at the close of business on October 17, 2013 (the Record Date). As of the Record Date, the Company had outstanding 19,048,522 shares of common stock, par value \$0.04 per share (the Common Stock).

4. Q: How many shares may vote at the Annual Meeting?

A: Each record holder of Common Stock is entitled to one vote per share of Common Stock owned on the Record Date.

5. Q: How do I vote my shares?

A: A proxy card is included with the proxy materials being sent to you. The proxy card allows you to specify how you want your shares voted as to each proposal listed. The proxy card provides space for you to:

Vote for, or withhold authority to vote for, each nominee for director;

Vote for or against, or abstain from voting on, the ratification of the appointment of Grant Thornton LLP as independent public accountants for the transition period beginning July 1 through December 31, 2013;

If the proxy card is properly signed and returned to us, shares covered by the proxy card will be voted in accordance with the directions you specify on the card. Our Board has appointed Allan D. Keel and E. Joseph Grady as the management proxy holders for the Annual Meeting. Any stockholder who wishes to name a different person as his or her proxy may do so by crossing out Mr. Keel's and Mr. Grady's names and inserting the name of another person to act as his or her proxy. In such a case, the stockholder would be required to sign the proxy card and deliver it to the person named as his or her proxy, and that person would be required to be present and vote at the Annual Meeting. Any proxy card so marked should not be mailed to the Company.

If you return a signed proxy card without having specified any choices, Mr. Keel and Mr. Grady, named as proxies, will vote the shares represented at the Annual Meeting and any adjournment thereof as follows:

FOR the election of each nominee for director;

FOR ratification of the appointment of Grant Thornton LLP as independent public accountants for the six-month transition period beginning on July 1, 2013 and ending on December 31, 2013; and

At the discretion of Mr. Keel and Mr. Grady, as proxies, on any other matter that may properly come before the Annual Meeting or any adjournment of the Annual Meeting.

6. Q: How does the Board recommend I vote?

A: The Board unanimously recommends that you vote:

FOR the election of each nominee for director; and

FOR ratification of the appointment of Grant Thornton LLP as independent public accountants for the six-month transition period beginning on July 1, 2013 and ending on December 31, 2013.

Our executive officers and directors who own shares of Common Stock have advised us that they intend to vote their shares in favor of the proposals presented in this Proxy Statement. As of the Record Date, executive officers and directors collectively beneficially owned or had voting control over 460,006 shares of Common Stock, representing approximately 2.4% of the total shares entitled to vote. See Security Ownership of Certain Beneficial Owners and Management . Additionally, the Estate of Kenneth R. Peak, our founder and former Chairman, owns an additional 1,516,000 shares of Common Stock, which represent an additional 7.9% of the total shares entitled to vote.

7. Q: What vote is required?

A: The directors shall be elected by a majority of the votes cast at the Annual Meeting by stockholders entitled thereon.

All other proposals will require an affirmative vote of a majority of the voting power of the outstanding shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon.

8. Q: What is a quorum ?

A: Presence at the Annual Meeting, in person or by proxy, of holders of a majority of the voting power of the outstanding shares of the Company entitled to vote generally in the election of directors. Whether or not a quorum shall be present or represented at the Annual Meeting, the chairman of the Annual Meeting may adjourn the Annual Meeting from time to time.

9. Q: What is the effect of an abstention or a broker non-vote?

A: Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. A broker non-vote occurs when a nominee holding shares of the Company's Common Stock for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Proposal Number 1 (Election of Directors): Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director's election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be counted as votes cast, and, accordingly, will have no effect on the outcome on the vote for directors.

Proposal Number 2 (Ratification of Grant Thornton): Broker non-votes and abstentions are each considered present and entitled to vote on the proposal, and thus both broker non-votes and abstentions will have the same effect as a vote against the proposal.

10. Q: What does it mean if I receive more than one proxy card?

A: If your shares are registered differently or in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted.

11. Q: Can I revoke my proxy?

A: You may revoke your proxy at any time before it is exercised at the Annual Meeting by filing with or transmitting to our corporate secretary either a notice of revocation or a properly created proxy bearing a later date. You also may attend the Annual Meeting and revoke your proxy by voting your shares in person.

12. Q: How will the Company solicit proxies?

A: Proxies may be solicited in person, by telephone, facsimile, mail or e-mail by directors, officers and employees of the Company without additional compensation. The Company will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to stockholders.

13. Q: How can a stockholder communicate with the Company's directors?

A: The Board has established a process to receive communications from stockholders. Stockholders may contact any member (or all members) of the Board or the independent directors as a group, any committee of our Board of Directors or any chair of any such committee by mail. Correspondence may be addressed to any individual director by name, to the independent directors as a group, to any chair of any committee either by name or title. Our Chief Executive Officer, Chief Financial Officer or Corporate Secretary review each such communication received from stockholders and other interested parties and will forward the communication, as expeditiously as reasonably practicable, to the Board (or individual director) if: (1) the communication complies with the requirements of any applicable policy adopted by us relating to the subject matter; or (2) the communication falls within the scope of matters generally considered by our Board. Mail addressed to the Board of Directors generally will be delivered to Joseph J. Romano, Chairman.

PROPOSAL 1

ELECTION OF DIRECTORS

At the Annual Meeting, we will present the nominees named below and recommend that they be elected to serve as directors until the next annual stockholders meeting or until their successors are duly elected and qualified. Each nominee has consented to being named in this Proxy Statement and to serve if elected.

Your proxy will be voted for the election of the eight nominees named below unless you give instructions to the contrary. Your proxy cannot be voted for a greater number of persons than the number of nominees named.

Nominees

Presented below is a description of certain biographical information, occupations and business experience for the past five years of each person nominated to become a director. Eight directors are to be elected at the Annual Meeting. All nominees are current directors standing for reelection to the Board. If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board's size may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable. Directors of the Company hold office until the next annual stockholders meeting, until successors are elected and qualified or until their earlier resignation or removal.

On May 5, 2010, the Company's board of directors established a Nominating Committee to recommend nominees for director to the Board and to insure that such nominees possess the director qualifications set forth in the Company's Corporate Governance Guidelines. Additionally, the Nominating Committee reviews the qualifications of existing Board members before they are nominated for re-election to the Board. Once nominees are selected, the Board determines which nominees are presented to the Company's stockholders for final approval.

On October 1, 2013, following the Company's merger (the Merger) with Crimson Exploration Inc. (Crimson), and in accordance with the Company's bylaws, the size of the Board was expanded from six to eight directors. Pursuant to the terms of the merger agreement that governed the Merger, five of the Company's directors and three former directors of Crimson were appointed as directors to serve on the expanded Board until the Annual Meeting.

Each Board member other than Allan D. Keel, Brad Juneau and Joseph J. Romano is an independent director. The Board will also consider nominees recommended by stockholders. The Company's Bylaws contain provisions which address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. The procedures include a requirement that notices regarding a person's nomination be received in writing from the stockholder and by the Company's Corporate Secretary not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. Moreover, the notice must include such nominee's written consent to be named in the Company's Proxy Statement and to serve if elected. Supporting information should include (a) the name and address of the candidate and the proposing stockholder, (b) a comprehensive biography of the candidate and an explanation of why the candidate is qualified to serve as a director taking into account the criteria identified in our corporate governance guidelines and (c) proof of ownership, the class and number of shares, and the length of time that the shares of our common stock have been beneficially owned by each of the candidate and the proposing stockholder. Minimum qualifications include extensive business experience, a solid understanding of financial statements and a reputation for integrity. Each nominee below has been recommended by the Board.

Authority is delegated to management by the Board in order to implement the Company's mission pursuant to Delaware law and our bylaws. Such delegated authority includes the authorization of spending limits and the authority to hire employees and terminate their services. The independent members of the Board retain responsibility for selection, evaluation and the determination of compensation of the chief executive officer of the Company, oversight of the succession plan, approval of the annual budget, assurance of adequate systems, procedures and controls, and all matters of corporate governance. Each Board member other than Mr. Peak and Mr. Juneau is independent. Additionally, the Board provides advice and counsel to senior management.

Compensation of Directors. During the fiscal year ended June 30, 2013, each outside director of the Company received a quarterly retainer of \$28,000 payable in cash, with no stock option or common stock grants. There were no additional payments for meetings attended or being chairman of a committee. Compensation of directors is determined by the Compensation Committee after comparing the compensation of directors at our peer group of companies. Directors do not receive any additional compensation for attending meetings or serving as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with serving as a member of the Board of Directors.

Director Compensation Table. The following table sets forth the compensation paid by the Company to non-employee directors for the fiscal year ended June 30, 2013:

Statements).

Officer of the Company in November 2012. Mr. Juneau did not receive any compensation for this interim service but continued to be compensated \$28,000 per quarter as a member of the Company's Board.

Board Size. We believe smaller to mid-size boards are more cohesive, work better together and tend to be more effective monitors than larger boards. Following the Merger, the size of the Board was expanded from six to eight directors. Pursuant to the terms of the merger agreement, five of the Company's existing directors and three former directors of Crimson were appointed as directors to serve on the expanded Board until the Annual Meeting. Our Bylaws as revised currently provide for not more than eight directors.

Annual Election of Directors. In order to create greater alignment between the Board's and our stockholders' interests and to promote greater accountability to the stockholders, directors are elected annually.

Meetings. Our Board has meetings as necessary. During the fiscal year ended June 30, 2013, the Board held 14 meetings and passed resolutions by unanimous written consent on two occasions. All of our Board members attended 100% of all Board and applicable committee meetings and our 2012 annual meeting, except for Mr. Peak who was on a medical leave of absence from August 2012. We encourage our Board to attend our annual meeting of stockholders.

Committee Structure. It is the general policy of the Company that the Board as a whole will consider all major decisions. The committee structure of the Board includes the Audit Committee, the Compensation Committee, the Nominating Committee and the Investment Committee. The Board may form other committees as it determines appropriate. A copy of the charter for each committee is available on the Company's website at www.contango.com, or to any stockholder who requests a copy by delivering written notice to Contango Oil & Gas Company, 717 Texas Avenue, Suite 2900, Houston, Texas 77002.

Audit Committee. The Audit Committee was established by the Board for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of the financial statements of the Company. The Audit Committee recommends the appointment of independent public accountants to conduct audits of our financial statements and internal control over financial reporting, reviews with the accountants our quarterly and annual financial statements and the plan and results of the auditing engagement, approves other professional services provided by the accountants and evaluates the independence of the accountants. The Audit Committee also reviews the scope and adequacy of our system of internal controls and procedures over financial reporting and oversees compliance with our Code of Ethics. For the fiscal year ended June 30, 2013, the Members of the Audit Committee were Messrs. Brehmer (Committee Chairman), Berilgen, Reimer and Schoonover. Beginning October 1, 2013, the members of the Audit Committee are Messrs. McCain (Committee Chairman), Berilgen and Schoonover. Each member of the Audit Committee is independent, as independence for audit committee members is defined in the NYSE MKT Company Guide and the applicable rules of the SEC. The Audit Committee met formally four times during the fiscal year ended June 30, 2013. The Board has determined that for the fiscal year ended June 30, 2013, Mr. Brehmer was an audit committee financial expert, and currently, Mr. McCain is an audit committee financial expert as defined by the rules of the SEC.

Compensation Committee. The Compensation Committee (f/k/a the Equity and CEO Compensation Committee) was created by the Board on September 15, 2009 for the purpose of administering the Contango Oil & Gas Company Annual Incentive Plan (the Incentive Plan) and the Contango Oil & Gas Company 2009 Equity Compensation Plan (the Equity Plan) and the compensation for the Company's Chief Executive Officer. On October 1, 2013, the Board adopted a revised charter that expanded the Compensation Committee's authority and revised its mandate. The new charter provides that the purposes of the Compensation Committee are to, among other things, (i) assist the Board in fulfilling its responsibility to shareholders by taking a leadership role in the design and administration of executive compensation programs, the annual evaluation of the performance of the CEO and senior management and the compensation of senior management and (ii) review, evaluate and approve the agreements, plans, policies and programs of the Company to compensate the Company's directors, subject to Board approval, and the Company's corporate officers. For the fiscal year ended June 30, 2013, members of the Compensation Committee were Messrs.

Schoonover (Committee Chairman), Berilgen, Brehmer

and Reimer. As of October 1, 2013, members of the Compensation Committee are Messrs. Ford (Committee Chairman), Berilgen and Reimer. Each member of the Compensation Committee is an outside director as defined under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) and is independent as defined in the applicable rules of the NYSE MKT and the SEC. The Compensation Committee met formally twice during the fiscal year ended June 30, 2013.

Nominating Committee. The Nominating Committee was created by the Board on May 3, 2010 for the purpose of overseeing the identification, evaluation and selection of qualified candidates for appointment or election to the Board. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees for election as directors of the Company, taking into account that the Board as a whole shall have competency in industry knowledge, accounting and finance, and business judgment. While the Company does not have a formal diversity policy, the Nominating Committee seeks members from diverse backgrounds so that the Board consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions that they can make to the Company. The Nominating Committee shall give the same consideration to candidates for director nominees recommended by Company stockholders as those candidates recommended by others. For the fiscal year ended June 30, 2013, members of the Nominating Committee were Messrs. Schoonover (Committee Chairman), Berilgen, Brehmer and Reimer. As of October 1, 2013, members of the Nominating Committee are Messrs. Berilgen (Committee Chairman) and McCain. Each member of the Nominating Committee is independent as independence for nominating committee members is defined in the NYSE MKT and the applicable rules of the SEC. The Nominating Committee met formally once during the fiscal year ended June 30, 2013.

Investment Committee. The Investment Committee was created by the Board on October 1, 2013 in connection with the closing of the Merger. The purpose of the Investment Committee is to allocate, subject to Board approval, the amount and nature of all capital expenditures of the Company and its subsidiaries, and review and discuss the plan for such capital expenditures with Company management. The members of the Investment Committee are Messrs. Romano (Chairman) and Keel.

Board Leadership Structure. The Chairman of the Board is selected by the members of the Board. The positions of Chairman and CEO were separated at the closing of the Merger. The Board has determined that the current structure is appropriate at this time in that it enables Mr. Keel to focus on his role as CEO of the Company, while enabling Mr. Romano to continue to provide leadership on policy at the Board level. Although the roles of CEO and Chairman are currently separated, the Board has not adopted a formal policy requiring such separation. The Board believes that the right Board leadership structure should, among other things, be informed by the needs and circumstances of the Company and the then current membership of the Board, and that the Board should remain adaptable to shaping the leadership structure as those needs and circumstances change.

Risk Oversight. We administer our risk oversight function through our Audit Committee, our Investment Committee and our Compensation Committee, as well as through our Board as a whole. Our Audit Committee is empowered to appoint and oversee our independent registered public accounting firm, monitor the integrity of our financial reporting processes and systems of internal controls and provide an avenue of communication among our independent auditors, management, our internal auditing department and our Board. Our Investment Committee is responsible for the allocation, subject to Board approval, of our capital expenditures. Our Compensation Committee is responsible for overseeing the management of risks related to our compensation arrangements.

More information about the Company's corporate governance practices and procedures is available on the Company's website at www.contango.com.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE EIGHT NOMINEES AS DIRECTORS OF CONTANGO, TO SERVE UNTIL THE NEXT ANNUAL MEETING OF STOCKHOLDERS OR UNTIL THEIR SUCCESSORS ARE DULY ELECTED AND QUALIFIED.

PROPOSAL 2

RATIFICATION OF THE SELECTION OF OUR AUDITORS

The Board has appointed Grant Thornton LLP, independent public accountants, for the examination of the accounts and audit of our financial statements for the six-month transition period from July 1, 2013 through December 31, 2013. Grant Thornton LLP also served in such capacity for the fiscal year ended June 30, 2013. At the Annual Meeting, the Board will present a proposal to the stockholders to approve and ratify the engagement of Grant Thornton LLP. The Board expects that representatives of Grant Thornton LLP will be present and will have the opportunity to make a statement, if they desire, and to respond to appropriate questions. Although stockholder ratification of the selection of Grant Thornton LLP is not required, the Audit Committee and our Board consider it desirable for our stockholders to vote upon this selection. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of our stockholders and the Company.

Audit Committee Pre-Approval Policies and Procedures

All of the audit and non-audit services provided by Grant Thornton LLP for the fiscal year ended June 30, 2013 were approved by the Audit Committee. The non-audit services which were pre-approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the accounting firm's independence.

The Audit Committee has established pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee selects and appoints outside auditors, considers the independence and effectiveness of the outside auditors, approves the fees and other compensation to be paid to the outside auditors and is responsible for oversight of the outside auditors and reviews any

revisions to the estimates of audit and non-audit fees initially approved. The Audit Committee's procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee. The Audit Committee receives the written disclosures required by generally accepted auditing standards. The Audit Committee annually requires the outside auditors to provide the Audit Committee with a written statement delineating all relationships between the outside auditors and the Company. The Audit Committee actively engages in a dialogue with the outside auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditors, and meets privately with the outside auditors four times per year, without management present. The scope of services and fees are required to be compatible with the maintenance of the accounting firm's independence, including compliance with SEC rules and regulations.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF GRANT THORNTON LLP AS INDEPENDENT PUBLIC ACCOUNTANTS.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section of the Proxy Statement describes the material elements of our executive compensation philosophy and program in the context of the compensation paid during the fiscal year ended June 30, 2013 to our Chief Executive Officer, Chief Financial Officer, and the next three most highly compensated executive officers (whom we refer to in this Proxy Statement as our named executive officers):

Joseph J. Romano, President and Chief Executive Officer;

Sergio Castro, Vice President, Chief Financial Officer, Treasurer and Secretary;

Yaroslava Makalskaya, Vice President, Chief Accounting Officer and Controller;

Marc Duncan, Senior Vice President- Engineering;

Charles Cambron, Vice President-Drilling;

Brad Juneau, Former acting President and Chief Executive Officer;* and

Kenneth R. Peak, Former Chairman and Chief Executive Officer.**

Our executive officers and compensation policies were modified in connection with the Merger consummated on October 1, 2013, which is further described in the section titled "Summary of Key Executive Compensation Changes for 2014 Fiscal Year" on page 22 of this Proxy Statement.

Objectives and Philosophy. Our executive compensation program is designed to attract and retain highly qualified executives and to motivate them to maximize shareholder return. We believe a significant portion of the compensation for each of our named executive officers should be incentive-based to emphasize a pay-for-performance philosophy. Therefore, overall competitive compensation levels and incentive pay levels vary based on the achievement of company-wide performance objectives and individual performance. Specifically, our compensation program is designed to:

Attract and retain individuals with superior ability;

Align named executive officers' incentives with our corporate strategies, business objectives and the long-term interests of our shareholders; and

Increase the incentive to achieve key strategic and financial corporate performance measures by linking incentive award opportunities to the achievement of performance objectives in these areas.

To achieve these objectives, we focused on the following corporate performance objectives for the fiscal year ended June 30, 2013:

Increasing our year over year stock price;

Increasing net debt-adjusted reserves per fully diluted share;

Incurring tax-effected finding and development costs of less than \$3.00 per mcfe; and

Having our stock price performance exceed the year-to-year stock price performance of a group of exploration focused companies the S&P 600 Small Cap Index.

- * Mr. Juneau served as acting President and Chief Executive Officer from September to November of 2012 following Mr. Peak's medical leave in August 2012 and until Mr. Romano was appointed as President and Chief Executive Officer. Mr. Juneau did not receive any compensation for this interim service but continued to be compensated as a member of our Board.
- ** Mr. Peak began a medical leave of absence after the first month of our fiscal year (August 2012) and subsequently passed away in April 2013.

Each objective is important on its own merit and is considered in the totality of our overall performance. No one objective is determinative and the amount of any incentive compensation tied to these performance objectives is measured based on the level of achievement.

Executive Compensation Review Process. Our Compensation Committee oversees the executive compensation program for our named executive officers and is directly responsible for all compensation determinations for our Chief Executive Officer. Our Chief Executive Officer, in consultation with our Compensation Committee, makes all compensation decisions regarding other named executive officers. These determinations are generally made immediately following the end of the fiscal year in July and August.

Typically, the Chief Executive Officer's compensation is evaluated with respect to achievement of the corporate performance objectives and individual performance in July or August following the end of the fiscal year. The Compensation Committee evaluates and determines the compensation of the Chief Executive Officer based on corporate performance and individual performance for the prior fiscal year. Similarly, the Chief Executive Officer conducts an annual review of the base salary and annual incentives of all other named executive officers based on corporate performance and individual performance. Individual performance is evaluated with respect to contributions to our success, performance, strengths and weaknesses, and commitment to being a team player for each named executive officer. Based upon this evaluation, the Chief Executive Officer makes his assessment and determines compensation for each other named executive officer.

The executive compensation process for the fiscal year ended June 30, 2013 was not typical, given Mr. Peak's leave of absence and subsequent passing in April 2013 and Mr. Juneau's interim service as acting President and Chief Executive Officer from September until November 2012. For the fiscal year ended June 30, 2013, Mr. Romano's compensation was determined by the Compensation Committee and Board in connection with his appointment in November 2012 and was not subsequently reviewed after the fiscal year end. As a result of the pending Merger, no changes were made with respect to the compensation of any named executive officer in connection with the fiscal year ended June 30, 2013.

Market Compensation Data. Our Compensation Committee has not traditionally engaged an independent compensation consultant or conducted any formal benchmarking for its executive compensation program with a compensation consultant. Instead, the Compensation Committee uses publicly available information in SEC filings and reports from peer companies it selects based on companies with comparable market size and industry focus.

For the fiscal year ended June 30, 2013, the Compensation Committee selected a list of five peer companies (the 2013 Peer Group), all of which were comparably sized to us prior to the Merger and focus predominantly on the off-shore Gulf of Mexico oil and gas exploration and production industry. These companies share the business risk of drilling and operating in the offshore Gulf of Mexico and have reasonably comparable financial factors with us pre-Merger, such as revenue, market capital, net income, and total assets. Companies focused on onshore shale plays were excluded because of the different capital needs and business risks associated with their exploration and production models. Companies similar in size but in unrelated industries were not included because we typically do not hire executives from such companies, nor would we be likely to lose executives to such companies. The 2013 Peer Group includes: Stone Energy Corporation;* Callon Petroleum Company; Energy XXI (Bermuda) Limited; SandRidge Energy Inc.;;* and W&T Offshore, Inc.

Our Compensation Committee and our Chief Executive Officer used the publicly available information from the 2013 Peer Group when reviewing the compensation levels for our named executive officers. The Compensation Committee and Chief Executive Officer considered each named executive officer's responsibilities and experience and the marketplace generally, and also gave significant but lesser weight to comparative data from the 2013 Peer Group when reviewing compensation levels.

* Stone Energy Corporation and SandRidge Energy Inc. replaced the following companies from our 2012 peer group ATP Oil & Gas Corporation, which filed for bankruptcy, and McMoran Exploration Co., which was acquired in 2013.

Shareholder Say-on-Pay Vote. At our 2012 annual meeting of shareholders, we presented shareholders with a vote to approve, on an advisory basis, the compensation paid to our named executive officers as disclosed in the Executive Compensation section of our proxy statement relating to that meeting (referred to as a say-on-pay proposal). 98.5% of the votes cast on the say-on-pay proposal voted in favor of the proposal. We believe this strongly affirms shareholders support of our approach to executive compensation and therefore we did not make any substantive changes to our compensation program for 2013.

We believe that periodic shareholder advisory votes on executive compensation are appropriate and our Compensation Committee values the feedback provided by our shareholders through such votes. Because we are transitioning to a December 31 fiscal year and expect to hold our next annual meeting of stockholders in the spring or summer of 2014, we have not presented shareholders with a say-on-pay proposal in this proxy statement. We do, however, expect to include a say-on-pay proposal in materials for our next annual meeting.

Components of Our Executive Compensation Program. The Compensation Committee has available a mix of both fixed and variable compensation to incentivize our named executive officers, including:

Fixed compensation in the form of annual base salary;

Short-Term performance-based compensation in the form of annual bonus awards; and

Long-Term performance-based compensation in the form of equity awards.

We historically have paid above market annual bonus awards and below market equity awards and annual base salaries. We historically have adjusted the mix of long-term and short-term compensation, cash and non-cash compensation, and forms of non-cash compensation based on competitive market conditions for attracting and retaining talented personnel. Each component of compensation is determined in the context of the individual, company performance, competitive conditions and our philosophy regarding common stock issuance and dilution. As discussed below, since 2008, we have generally used cash incentive compensation instead of equity compensation in order to minimize dilution for the Company's shareholders.

In determining the compensation levels for our named executive officers, and in particular the annual cash bonus award opportunities, we take into account the fact that we historically have not provided many of the components of executive compensation that are typically provided by publicly traded companies, including profit-sharing programs, change in control benefits, continuing medical and outplacement services upon retirement or termination, individual life insurance or excess liability policies, matching gifts programs, personal financial and tax advice services, security services, company airplanes, or company leased vehicles.

Base Salary. Competitive base salaries are necessary to attract and retain well qualified executives. Base salaries are intended to provide a level of certainty and stability with respect to compensation from year to year. For the fiscal year ended June 30, 2013, no base salary changes were made for the named executive officers. Mr. Romano's base salary was determined by the Compensation Committee and the Board in connection with his appointment as President and Chief Executive Officer and was set at an annual level of \$750,000, which fell below Mr. Peak's base salary of \$950,000. The Compensation Committee felt this base salary was competitive in the marketplace based on Mr. Romano's experience. No formal benchmarking was conducted to establish Mr. Romano's base salary.

Set forth below are the annual base salaries for our named executive officers for the fiscal year ended June 30, 2013:

Name	2013 Base Salary
Joseph J. Romano	\$ 750,000
Sergio Castro	\$ 250,000
Yaroslava Makalskaya	\$ 250,000
Marc Duncan	\$ 250,000
Charles Cambron	\$ 250,000
Brad Juneau	N/A
Kenneth R. Peak	\$ 950,000

Bonuses. All named executive officers are eligible to receive an annual cash bonus award based on corporate performance and individual performance. Cash bonuses are designed to incentivize our named executive officers to maximize annual operating and financial performance. For the fiscal year ended June 30, 2013, the Compensation Committee established specific corporate performance objectives for Mr. Peak and Mr. Romano. Annual cash bonus awards for the other named executive officers were determined by the Chief Executive Officer based on corporate performance and individual performance.

Set forth below are the annual bonus award opportunities for Mr. Romano and Mr. Peak, as Chief Executive Officer, for fiscal year ended June 30, 2013:

Name	Minimum Bonus Opportunity	Maximum Bonus Opportunity
Joseph J. Romano	\$ 0	\$ 4,000,000
Kenneth R. Peak	\$ 0	\$ 7,000,000

No specific annual bonus award opportunities were established for the other named executive officers.

Our Compensation Committee established the following corporate performance objectives for the fiscal year ended June 30, 2013 for Mr. Peak:

Increasing our year over year stock price;

Increasing net debt-adjusted reserves per fully diluted share;

Incurring tax-effected finding and development costs of less than \$3.00 per mcfe; and

Having our stock price performance exceed the year-to-year stock price performance of a group of exploration focused companies the S&P 600 Small Cap Index.

The four corporate performance objectives were weighted as set forth in the table below:

Performance Goals	Level of Achievement	Bonus if Achieved
Increase in the stock price of the Company (Shareholder Return)	>0%	\$0.5 million
	5.00% 9.99%	\$1.0 million
	10.00% 14.99%	\$1.5 million
	15.00% 19.99%	\$2.0 million
	> 20.00%	\$3.0 million
Tax effected financing and development for 2013 capex	<\$3.00/mcfe	\$1 million
	<\$2.00/mcfe	\$2 million
Performance against S&P 600 Small Cap Index	<49%	\$0
	50.00% 74.99%	\$0.5 million
	³ 75.00%	\$1.0 million
Interest in net debt adjusted reserves per fully diluted shares	N/A	\$1.0 million

As a result of Mr. Peak's medical leave of absence shortly after the start of the 2013 fiscal year, he was eligible to receive a pro-rated portion of the annual bonus under the Incentive Plan had the above performance measures been achieved. However, Mr. Peak did not earn a performance bonus for the fiscal year ended June 30, 2013.

In connection with Mr. Romano's appointment as President and Chief Executive Officer in November 2012, the Compensation Committee established the following corporate performance objectives for the period from December 2012 through the end of the fiscal year ended June 30, 2013:

Increasing our year over year stock price;

The successful reorganization of the Company; and

Having our stock price performance exceed the year-to-year stock price performance of a group of exploration focused companies the S&P 600 Small Cap Index.

The three corporate performance objectives were weighted as set forth in the table below:

Performance Goals	Level of Achievement	Bonus if Achieved
Increase in the stock price of the Company (Shareholder Return)	5.00% - 9.99%	\$ 1.5 million
	10.00% - 14.99%	\$ 2.0 million
	15.00% - 19.99%	\$ 2.5 million
	> 20.00%	\$ 3.5 million
Performance against S&P 600 Small Cap Index	<49%	\$ 0
	50.00% - 74.99%	\$ 0.5 million
	75.00% - 99.99%	\$ 1.0 million
A corporate transaction with an aggregate value of at least \$150 million	N/A	\$ 4.0 million

Based on our stock price performance in fiscal year 2013, no bonus was earned by Mr. Romano pursuant to the shareholder return or relative performance against the S&P 600 Small Cap Index metrics. In addition, while the Merger satisfied the corporate transaction trigger, the Merger did not close in fiscal year 2013. Therefore Mr. Romano did not earn the corresponding bonus in fiscal year 2013. The Compensation Committee, however, determined that the corporate transaction trigger would apply in fiscal year 2014, and therefore Mr. Romano will be eligible for a \$4.0 million bonus payment in fiscal year 2014, provided Mr. Romano continues his service as Chairman of the Company through June 30, 2014.

Mr. Romano and the Compensation Committee established discretionary cash bonuses for the fiscal year ended June 30, 2013 for the other named executive officers based upon their individual performance, including applicable work supporting the Merger process. The following table sets forth the cash bonus awards for our named executive officers for the fiscal year ended June 30, 2013:

Name	Cash Bonus Award
Sergio Castro	\$ 75,000

Edgar Filing: CONTANGO OIL & GAS CO - Form DEF 14A

Yaroslava Makalskaya	\$	100,000
Marc Duncan	\$	25,000
Charles Cambron	\$	75,000
Brad Juneau		N/A

The bonuses for the named executive officers set forth in the table above were paid in July 2013.

Equity Awards. The Company maintains the 2009 Equity Compensation Plan (the 2009 Plan), pursuant to which equity awards can be made to named executive officers. After implementing our share repurchase program in September 2008, the Company began issuing fewer equity awards, preferring instead to reward named executive officers with higher cash bonuses, resulting in less dilution for our shareholders. Consistent with this philosophy, no equity awards were made to our named executive officers for the fiscal year ended June 30, 2013.

Equity Award Mechanics. All stock option awards have a per share exercise price equal to or greater than the closing price of our Common Stock on the grant date. The Compensation Committee has not granted, nor does it intend in the future to grant, equity awards in anticipation of the release of material nonpublic information. Similarly, we have not timed, nor does it intend in the future to time, the release of material nonpublic information based upon equity award grant dates.

Perquisites and Other Benefits.

Perquisites. We do not offer perquisites to our named executive officers other than monthly golf club membership dues that were paid for Mr. Peak. The cost of these membership dues are disclosed in the Summary Compensation Table below.

Additional Benefits. Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, short and long-term disability, and our 401(k) plan, in each case, on the same basis as other employees, subject to applicable laws. We also provide vacation and other paid holidays to all employees, including our named executive officers.

Employment, severance and change in control arrangements. None of our named executive officers have entered into any employment, severance or change in control arrangement, except for the transition agreement with Mr. Duncan that is described under Summary of Key Executive Compensation Changes for 2014 Fiscal Year below.

In the event of a change in control as defined under the 2009 Plan, the Compensation Committee has the discretion to accelerate the vesting of any or all outstanding grants.

Tax Considerations. Although our Compensation Committee considers the tax and accounting treatment associated with the cash and equity grants it makes, these considerations are not dispositive. Section 162(m) of the Code places a limit of \$1.0 million per person on the amount of compensation that we may deduct in any year with respect to each of our named executive officers. There is an exemption from the \$1.0 million limitation for performance-based compensation that meets certain requirements. Our Annual Incentive Plan and the 2009 Plan are designed to permit compensation to be structured to meet the qualified performance-based compensation exception. To maintain flexibility in compensating named executive officers in a manner designed to promote varying company goals, our Compensation Committee has not adopted a policy requiring all compensation to be deductible. Our Compensation Committee may approve compensation or changes to plans, programs or grants that may cause the compensation or grants to exceed the limitation under Section 162(m) if it determines that such action is appropriate.

Compensation Risk Management. When establishing and reviewing our executive compensation program, the Compensation Committee has considered whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. While behavior that may result in inappropriate risk taking cannot necessarily be prevented by the structure of compensation practices, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Our compensation program is comprised of both fixed and incentive-based elements. The fixed compensation (i.e., base salary) provides reliable, foreseeable income that mitigates the focus of our employees on our immediate financial performance or our stock price, encouraging employees to make decisions in our best long-term interests. The incentive components are designed to be sensitive to both our short- and long-term performance and stock price. In combination, we believe that our

compensation structures do not encourage our officers and employees to take unnecessary or excessive risks in performing their duties.

Summary of Key Executive Compensation Changes for 2014 Fiscal Year.

Executive Officer Changes. After the end of the fiscal year ended June 30, 2013, our executive officers changed in connection with the consummation of the Merger and the combination of the Crimson executive team with our executive team. The changes included the following:

Allan D. Keel became President and Chief Executive Officer;

E. Joseph Grady became the Senior Vice President and Chief Financial Officer;

Employment Agreements. We entered into employment agreements with Messrs. Keel, Grady, Isaac, Atkins, Mengle and Thomas in connection with the Merger. The employment agreements for each of the executives provide for a term of three years with automatic two-year extensions of the initial term, unless the Company or the executive provides prior notice of intention not to extend the agreement. The employment agreements for Messrs. Keel, Grady, Isaac, Atkins and Mengle replace the June 29, 2011 employment agreements between Crimson and Messrs. Keel, Grady, Mengle and Atkins, and the April 18, 2012 employment agreement between Crimson and Mr. Isaac. Mr. Thomas did not previously have an employment agreement with Crimson.

Under the new employment agreements, Mr. Keel is entitled to a base salary of \$600,000, Mr. Grady is entitled to a base salary of \$400,000, Mr. Isaac is entitled to a base salary of \$320,000, Mr. Mengle is entitled to a base salary of \$300,000, Mr. Atkins is entitled to a base salary of \$310,000 and Mr. Thomas is entitled to a base salary of \$270,000. Isaac, Mengle and Atkins; and 30%, 50% and 75% for Mr. Thomas, respectively, of such executive's base salary. In addition, the executives are eligible to receive stock option awards, restricted stock awards or a combination of both upon minimum, target and maximum award

levels of not less than 75%, 350% and 450% for Mr. Keel; 75%, 250% and 450% for Mr. Grady; 75%, 250% and 350% for Messrs. Isaac, Mengle and Atkins; and 40%, 100% and 200% for Mr. Thomas, respectively, of such executive's base salary.

Transition Agreement. We entered into a transition agreement with Marc Duncan, our former Senior Vice President Engineering, in connection with the Merger. Pursuant to the terms of the agreement dated June 10, 2013, Mr. Duncan agreed to continue in employment through the effective date of the Merger, on which date Mr. Duncan's employment terminated. Mr. Duncan will receive the following payments following the closing of the Merger: (i) a lump sum cash severance payment in the amount of \$250,000, which is equal to one year of his base salary, and (ii) a lump sum cash payment in the amount of \$75,000, representing payment of the deferred bonus that would otherwise have been payable to Mr. Duncan on June 30, 2014 had his employment with the Company continued through such date.

For more information regarding these arrangements, including the employment agreements and other Merger related compensation, please see our Form S-4 Registration Statement filed on June 14, 2013.

Compensation Consultant. In connection with the Merger, our Compensation Committee retained Longnecker & Associates (Longnecker), an experienced compensation consulting firm that specializes in the energy industry, to review our compensation policies and programs, determine our competitiveness within the oil and gas industry and advise the Compensation Committee with respect to executive compensation levels to be provided following the Merger. The Compensation Committee took the Longnecker advice into account when determining the base salary, bonus opportunities, and equity compensation opportunities to be provided under the new employment agreements with Messrs. Keel, Grady, Isaac, Atkins and Mengle.

Based on such review and discussion with management, the Compensation Committee has recommended that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 30, 2013.

Potential Payments Upon Termination or a Change in Control

On June 10, 2013, in connection with the Merger, we entered into a transition agreement with Mr. Duncan, which is further described in the section titled Summary of Key Executive Compensation Changes for 2014 Fiscal Year on page 22 of this Proxy Statement. None of our other named executive officers have entered into any employment, severance or change in control arrangement. In the event of a change in control as defined under the 2009 Plan, the Compensation Committee has the discretion to accelerate the vesting of any or all outstanding grants. Assuming a change in control as of June 30, 2013, other than amounts payable to Mr. Duncan described on page 22 of this Proxy Statement, no other amounts would be payable to our named executive officers.

Equity Compensation Plans and Other Compensation Arrangements

As of June 30, 2013, the Company had no outstanding stock options or warrants. In the future, stock options may be granted under the following plans:

Plan Category	Number of securities remaining available for future issuance under equity compensation plans
1999 Stock Incentive Plan approved by security holders	
2009 Equity Compensation Plan approved by security holders	1,475,000
Crimson Exploration Inc. 2005 Stock Incentive Plan, as amended and restated effective as of October 1, 2013 not approved by security holders	43,261
Equity compensation plans not approved by security holders	43,261
The Company's 1999 Stock Incentive Plan (the 1999 Plan) expired in August 2009. The final 45,000 outstanding options issued under the 1999 Plan were net-settled with the Company in February 2012.	

Under the 2009 Plan, the Company's Board of Directors may grant restricted stock and option awards to officers, directors, employees or consultants of the Company. Awards made under the 2009 Plan are subject to such restrictions, terms and conditions, including forfeitures, if any, as may be determined by the Board.

Under the Crimson Exploration Inc. 2005 Stock Incentive Plan, as assumed, amended and restated effective as of October 1, 2013, the Company may grant restricted stock, stock awards, bonus shares, performance awards, option awards, stock appreciation rights and dividend equivalent rights to employees, consultants and directors of the Company (other than employees, consultants or directors who were, immediately prior to the Merger, service providers to Contango or its subsidiaries).

The Company may periodically grant additional cash bonus awards, new stock option grants and/or restricted stock awards to provide continuing incentives for future performance. In making the decision to make additional grants and/or awards, the independent directors and the Chief Executive Officer and Chief Financial Officer would consider factors such as the size of previous grants/awards and the number of stock options and shares of stock already held and the degree to which increasing that ownership stake would provide the additional incentives for future performance, the likelihood that the grants/awards would encourage the executive officer to remain with the Company and the value of the executive's service to the Company.

Certain Relationships and Related Transactions

Juneau Exploration L.P. In April 2012, Mr. Brad Juneau, the sole manager of the general partner of JEX, joined the Company's board of directors and the Company entered into an Advisory Agreement with JEX, whereby in addition to generating and evaluating offshore and onshore exploration prospects for the Company, JEX will direct the Company's staff on offshore operational matters including drilling, completions and production. Pursuant to the Advisory Agreement, JEX was paid a quarterly fee of \$500,000. In August 2012, the Board of Directors of the Company elected Mr. Juneau as acting President and Chief Executive Officer of the Company. Effective January 1, 2013, the Advisory Agreement was terminated, and the Company and JEX entered into a First Right of Refusal Agreement (the "First Right Agreement"). Under the First Right Agreement, JEX granted a first right of refusal to Contango to purchase any exploration prospects generated and recommended by JEX. Prospects are presented along with terms and conditions for purchasing each prospect and Contango has the first right of refusal to purchase the prospect from JEX for a period of 10 days, subject to mutually acceptable terms. Pursuant to the First Right Agreement, JEX is paid an annual fee of \$0.5 million which approximates the costs incurred by JEX for its continued support to the Company in the areas of operations, engineering, and land functions. JEX and its employees continue to be eligible to receive overriding royalty interests, carried interests and certain back-in rights. The First Right Agreement was terminated effective as of March 31, 2013.

Effective January 1, 2013, Contaro Company, a wholly-owned subsidiary of the Company, entered into an advisory agreement with JEX (the "Contaro Advisory Agreement"). Under the Contaro Advisory Agreement, JEX will provide advisory services to Contaro in connection with Contaro's investment in Exaro, and Mr. Juneau will serve on the Board of Managers of Exaro and perform such duties as described in the limited liability company operating agreement of Exaro. Pursuant to the Contaro Advisory Agreement, JEX will be paid a monthly fee of \$10,000 and shall be entitled to receive a one percent (1%) fee of the cash profit earned by Contaro. Cash profit is defined as the amount of cash received by Contango as a result of its investment in Contaro, less the cash invested by the Company as a result of its investment in Contaro.

In addition to generating and evaluating prospects for the Company via JEX, and directing the Company's operations through the Advisory Agreement and as acting President and CEO of the Company, JEX and/or its affiliates have historically participated with the Company in the drilling and development of certain prospects through participation agreements and joint operating agreements, which specify each participant's working interest ("WI"), net revenue interest ("NRI"), and describe when such interests are earned, as well as allocate an overriding royalty interest ("ORRI") of up to 3.33% to benefit the employees of JEX, excluding Mr. Juneau, except where otherwise noted.

Republic Exploration LLC. In his capacity as sole manager of the general partner of JEX, Mr. Juneau also controls the activities of Republic Exploration LLC (REX), an entity owned 34.4% by JEX, 32.3% by Contango, and 33.3% by a third party which contributed other assets to REX. REX generates and evaluates offshore exploration prospects and has historically participated with the Company in the drilling and development of certain prospects through participation agreements and joint operating agreements, which specify each participant's working interest, net revenue interest, and describe when such interests are earned, as well as allocate an ORRI of up to 3.33% to benefit the employees of JEX. The Company proportionately consolidates the results of REX in its consolidated financial statements.

Olympic Energy Partners. In August 2012, the Company's founder, Chairman and Chief Executive Officer, Mr. Kenneth R. Peak, took a medical leave of absence and the board of directors of the Company appointed Mr. Juneau as acting President and Chief Executive Officer of the Company. In December 2012, Mr. Joseph J. Romano was elected President and Chief Executive Officer of the Company and served in such capacity until October 1, 2013. Mr. Peak passed away on April 19, 2013 and Mr. Romano was named Chairman of the Company. Mr. Romano is also the President and Chief Executive Officer of Olympic Energy Partners LLC (Olympic).

JEX, affiliates of JEX, and Olympic have historically participated with the Company in the drilling and development of certain prospects through participation agreements and joint operating agreements, which specify each participant's working interest (WI), net revenue interest (NRI), and describe when such interests are earned, as well as allocate an overriding royalty interest (ORRI) of up to 3.33% to benefit the employees of JEX, excluding Mr. Juneau, except where otherwise noted. Olympic last participated with the Company in the drilling of wells in March 2010, and its ownership in Company-operated wells is limited to our Dutch and Mary Rose wells.

As of June 30, 2013, Contango, Olympic, JEX, REX and JEX employees owned the following interests in the Company's offshore wells.

At first production (if successful), REX will receive a carried working interest of 10%. Once payout of post casing point costs has been reached, REX will have an option to back-in for up to 12.5% of additional working interest, resulting in REX having a final working interest of up to 22.5% (17.5% net revenue interest) and the Company owning the remaining working interests.
