Safe harbor statement under the US Private Securities Litigation Reform Act of 1995.

This document contains statements that YPF believes constitute forward-looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995.

These forward-looking statements may include statements regarding the intent, belief, plans, current expectations or objectives of YPF, including statements with respect to YPF's future financial condition, financial, operating, reserve replacement and other ratios, strategy, geographic concentration, business concentration, production and marketed volumes and reserves, as well as YPF's plans with respect to future capital expenditures, investments, expansion and other projects, exploration activities, ownership interests and dividend payout policies. These forward-looking statements may also include assumptions regarding future economic and other conditions and other prices, refining and marketing margins and exchange rates. These statements are not guarantees of future performance. YPF's actual future financial condition, financial, operating, reserve replacement and other ratios, results of operations, business concentration, production and marketed volumes, reserves, capital expenditures, investments, expansion and other projects, exploration activities, ownership interests, divestments, cost savings and dividend payout policies, as well as actual future economic and other conditions, crude oil and other prices, refining margins and exchange rates, could differ materially from those expressed or implied in any of these forward-looking statements. Important factors that could cause such differences include, but are not limited to, oil, gas and other price fluctuations, supply and demand fluctuations, exploration, drilling and production results, changes in reserves estimates, success in partnering with third parties, competition, environmental risks, physical risks, the risks of doing business in developing countries, legislative, tax, legal and

and financial market conditions in various countries and regions, political risks, wars and acts of terrorism, natural disasters, pr  
lack of approvals, as well as those factors described in the filings made by YPF and its affiliates with the Securities and Exchan  
described in Item 3. Key Information Risk Factors and Item 5. Operating and Financial Review and Prospects in YPF s  
fiscal year ended December 31, 2012 filed with the US Securities and Exchange Commission. In light of the foregoing, the for  
These materials do not constitute an offer for sale of YPF S.A. bonds, shares or ADRs in the United States or otherwise.  
rates or other events and are subject to material risks, uncertainties, changes and other factors which may be beyond YPF s co  
this document may not occur.

Except as required by law, YPF does not undertake to publicly update or revise these forward-looking statements even if exper  
clear that the projected performance, conditions or events expressed or implied therein will not be realized.
