It is important that your shares be represented at the Annual Meeting. Matters to be covered at the meeting are explained in detail in the attached Notice of Annual Meeting of Stockholders and Proxy Statement.

Amedisys is a leading health care at home company delivering personalized home health and hospice care to more than 360,000 patients each year. More than 2,200 hospitals and 61,900 physicians nationwide have chosen Amedisys as a partner in post-acute care. Amedisys is focused on delivering the care that is best for our patients, whether that is home-based recovery and rehabilitation after an operation or injury, care focused on empowering them to manage a chronic disease, palliative care for those with a terminal illness, or hospice care at the end of life. Amedisys also has the industry's first-ever nationwide Care Transitions program, designed to reduce unnecessary hospital readmissions through patient and caregiver health coaching and care coordination, which starts in the hospital and continues throughout completion of the patient's home health plan of care.

We believe that our continued focus on our vision, mission and strategy will bring even more opportunity for us and our stockholders:

Our Vision: To be the premier health care at home company in the communities we serve.

Our Mission: To provide cost-efficient, quality health care services to the patients entrusted to our care.

Our Strategy: To focus on clinical and operational excellence, as well as differentiated growth.

Sincerely,

Ronald A. LaBorde

YOUR VOTE IS IMPORTANT

Edgar Filing: AMEDISYS INC - Form DEF 14A

Whether you own one share or many, your prompt cooperation in voting your proxy is greatly appreciated.

If you hold shares of common stock through a broker, bank or other nominee, your broker, bank or other nominee will vote your shares for you if you provide instructions on how to vote the shares. In the absence of instructions, your brokerage firm, bank or other nominee can only vote your shares on certain limited matters. It is important that you provide voting instructions because brokers, banks and other nominees no longer have the authority to vote your shares for the election of directors without instructions from you.

PROXY STATEMENT

Annual Meeting of Stockholders of the Company to be held on June 5, 2014

SOME QUESTIONS YOU MAY HAVE REGARDING THIS PROXY STATEMENT

AND THE ANNUAL MEETING

Q: What is this document?

A: This document is the Proxy Statement of Amedisys, Inc. that is being furnished to stockholders in connection with our Annual Meeting of stockholders to be held on Thursday, June 5, 2014 at 12:00 p.m. Central Daylight Savings Time (the Meeting). A proxy card is also being furnished with this document.

We have tried to make this document simple and easy to understand. The Securities and Exchange Commission (SEC) encourages companies to use plain English, and we will always try to communicate with you clearly and effectively. We will refer to Amedisys, Inc. throughout as we, us, the Company or Amedisys.

Q: Why am I receiving these materials?

A: You are receiving this document because you were one of our stockholders on April 11, 2014, the record date for the Meeting. We are sending this Proxy Statement and a proxy card to you in order to solicit your proxy (*i.e.*, your permission) to vote your shares of Amedisys stock upon certain matters at the Annual Meeting. We are required by law to convene an annual meeting of our stockholders at which directors are elected. Because our shares are widely held, it would be impractical, if not impossible, for our stockholders to meet physically in sufficient numbers to hold a meeting. Accordingly, proxies are solicited from our stockholders. We began mailing this Proxy Statement and the accompanying proxy on or about April 30, 2014.

Q: Who may vote at the Meeting?

A: We have fixed the close of business on April 11, 2014, as the record date for determining who is entitled to vote at the Meeting. As of that date, there were 32,527,033 shares of our common stock outstanding and entitled to be voted at the Meeting. You may cast one vote for each share of common stock held by you on April 11, 2014 on all matters presented at the Meeting.

Q: What proposals will be voted on at the Meeting?

A: There are three proposals to be considered and voted on at the Meeting:

Edgar Filing: AMEDISYS INC - Form DEF 14A

- (1) To elect the seven director nominees identified in this Proxy Statement to our Board of Directors, each to serve a one-year term expiring at the latter of the 2015 Annual Meeting of Stockholders or upon his or her successor being elected and qualified;
- (2) To ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2014; and

(3) To approve, on an advisory (non-binding) basis, the compensation paid to our Named Executive Officers (say-on-pay vote). We will also consider other business that properly comes before the Meeting in accordance with Delaware law and our Bylaws.

Q: What are my choices when voting on the election of the seven director nominees identified in this Proxy Statement, and what vote is needed to elect directors to the Board of Directors?

A: In regards to the vote on the election of the seven director nominees identified in this Proxy Statement to serve until the 2015 Annual Meeting of Stockholders or upon his or her successor being elected and qualified, stockholders may:

vote in favor of all director nominees;

vote in favor of specific director nominees; or

vote against all director nominees.

Directors are elected by a plurality of the votes cast at the Meeting. As a result, the seven directors receiving the highest number of **FOR** votes will be elected as directors. For additional information, please see the discussion beginning on page 8 of this Proxy Statement.

Q: What are my choices when voting on the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2014, and what vote is needed to ratify their appointment?

A: In regards to the vote on the proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2014, stockholders may:

vote in favor of the ratification;

vote against the ratification; or

abstain from voting on the ratification.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2014. For additional information, please see the discussion beginning on page 19 of this Proxy Statement.

Q: What are my choices when voting on the advisory (non-binding) proposal regarding the compensation paid to the Company's Named Executive Officers (say-on-pay), and what vote is needed to approve the advisory say-on-pay proposal?

A: In regards to the advisory (non-binding) proposal on the compensation paid to our Named Executive Officers, stockholders may:

vote in favor of the advisory say-on-pay proposal;

vote against the advisory say-on-pay proposal; or

abstain from voting on the advisory say-on-pay proposal.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve, on an advisory basis, the say-on-pay vote. As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee of our Board of Directors, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of the vote when making future compensation decisions. For additional information, please see the discussion beginning on page 27 of this Proxy Statement.

Q: How does the Company's Board of Directors recommend that I vote?

A: Please see the information included in this Proxy Statement relating to the proposals to be considered and voted on at the Meeting. Our Board of Directors unanimously recommends that you vote:

FOR each of the seven nominees to our Board of Directors identified in this Proxy Statement;

FOR the ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2014; and

FOR the advisory (non-binding) proposal regarding the compensation paid to our Named Executive Officers (say-on-pay).

Q: What information is available on the Internet?

A: A copy of this Proxy Statement and our 2013 Annual Report to Stockholders is available for download free-of-charge at www.proxyvote.com.

Our Company website address is www.amedisys.com. We use our website as a channel of distribution for important company information. Important information, including press releases, analyst presentations and financial information regarding our Company is routinely posted on and accessible on the Investor Relations subpage of our website, which is accessible by clicking on the tab labeled Investors on our website home page. We also use our website to expedite public access to time-critical information regarding our Company in advance of or in lieu of distributing a press release or a filing with the SEC disclosing the same information. Therefore, investors should look to the Investor Relations subpage of our website for important and time-critical information. Visitors to our website can also register to receive automatic e-mail and other notifications alerting them when new information is made available on the Investor Relations subpage of our website.

In addition, we make available on the Investor Relations subpage of our website (under the link SEC Filings) free of charge our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, ownership reports on Forms 3, 4 and 5 and any amendments to those reports as soon as practicable after we electronically file such reports with the SEC. Further, copies of our Certificate of Incorporation and Bylaws, our Code of Ethical Business Conduct, our Corporate Governance Guidelines and the charters for the Audit, Compensation, Nominating and Corporate Governance, Quality of Care and Compliance and Ethics Committees of our Board of Directors are also available on the Investor Relations subpage of our website (under the link Corporate Governance).

Q: What constitutes a quorum?

A: The presence in person or by proxy of holders of a majority of our common stock is needed for a quorum at the Meeting.

Q: What are broker votes and broker non-votes?

A: On certain routine matters, brokerage firms have discretionary authority under applicable stock exchange rules to vote their customers' shares if their customers do not provide voting instructions. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions (referred to as a broker vote), these shares are counted both for establishing a quorum to conduct business at the Meeting and in determining the number of shares voted **FOR** or **AGAINST** the routine matter. For purposes of the Meeting, the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2014 is considered a routine matter.

Under applicable stock exchange rules: (i) the election of directors and (ii) the advisory (non-binding) vote on the compensation of our Named Executive Officers (say-on-pay vote) are considered non-routine matters for which brokerage firms do not have discretionary authority to vote

their customers shares if their

customers did not provide voting instructions. **Therefore, for purposes of the Meeting, if you hold your stock through a brokerage account, your brokerage firm may not vote your shares on your behalf on the election of directors and on the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (say-on-pay) without receiving instructions from you.** When a brokerage firm does not have the authority to vote its customers' shares or does not exercise its authority, these situations are referred to as broker non-votes. Broker non-votes are only counted for establishing a quorum and will have no effect on the outcome of the vote.

We encourage you to provide instructions to your brokerage firm, bank or other nominee by voting your proxy. This action ensures your shares will be voted at the Meeting on all matters up for consideration.

Q: What if I abstain from voting?

A: You have the option to **ABSTAIN** from voting with respect to (i) the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2014 and (ii) the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (say-on-pay). Abstentions with respect to these proposals are counted for purposes of establishing a quorum. If a quorum is present, abstentions will have the same effect as a vote against the proposal.

Q: How will my shares be voted if I return my proxy card? What if I return my proxy card but do not provide voting instructions?

A: Our Board of Directors has named Ronald A. LaBorde, our President and Interim Chief Executive Officer and David R. Bucey, our General Counsel and Secretary, as official proxy holders. They will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting as you direct.

IF YOU SIGN AND RETURN YOUR PROXY CARD BUT GIVE NO DIRECTION, THE SHARES WILL BE VOTED **FOR** THE ELECTION OF THE PERSONS NAMED HEREIN AS DIRECTORS; **FOR** THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014; AND **FOR** THE PROPOSAL REGARDING AN ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS (SAY-ON-PAY).

Q: How do I vote?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a stockholder of record with respect to those shares. If you are a record holder, this Proxy Statement and the accompanying proxy card are being sent to you directly by Broadridge Financial Solutions, Inc. (formerly ADP). Please carefully consider the information contained in this Proxy Statement and, whether or not you plan to attend the Meeting, please vote by (i) accessing the Internet website specified on your proxy card, (ii) calling the toll-free number specified on your proxy card or (iii) marking, signing and returning your proxy card promptly so that we can be assured of having a quorum present at the Meeting and so that your shares may be voted in accordance with your wishes, even if you later decide to attend the Meeting. If you are a stockholder of record, the method you use to vote will not limit your right to vote at the Meeting if you decide to attend in person. Written ballots will be passed out to any stockholder of record who wants to vote at the Meeting. Please follow the directions on your proxy card carefully.

If, like most of our stockholders, you hold your shares in street name through a broker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of those shares, and

this Proxy Statement is being forwarded to you by your broker, bank or other nominee, together with a voting instruction card. To vote at the Meeting, beneficial owners will need to contact the broker, bank or other nominee that holds their shares to obtain a legal proxy to bring to the Meeting.

If you hold shares in the name of a broker, bank or other nominee you may be able to vote those shares by Internet or telephone depending on the voting procedures used by your broker, bank or other nominee, as explained below under the question **How do I vote if my shares are held in street name by a broker, bank or other nominee?**

No cumulative voting rights are authorized, and dissenters' rights and rights of appraisal are not applicable to the matters being voted upon.

Q: How do I vote if my shares are held in street name by a broker, bank or other nominee?

A: If your shares are held by a broker, bank or other nominee (this is called street name), those shares are not included in the total number of shares listed as owned by you on the enclosed proxy card. Instead, your broker, bank or other nominee will send you instructions for voting those shares. Many (but not all) brokerage firms, banks and other nominees participate in a program provided through Broadridge Investor Communication Solutions that offers Internet and telephone voting options.

Q: May I revoke my proxy after I have delivered my proxy?

A: You may revoke your proxy at any time before the polls close by submitting a subsequent proxy with a later date by using the Internet, by telephone or by mail or by sending our Corporate Secretary a written revocation. Your proxy will also be considered revoked if you attend the Meeting and vote in person. If your shares are held in street name by a broker, bank or other nominee, you must contact your broker, bank or other nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Meeting.

Q: Who will bear the cost for soliciting votes for the Meeting?

A: We will bear the cost of soliciting proxies. In addition to the use of mail, our directors, officers and non-officer employees may solicit proxies in person or by telephone or other means. These persons will not be compensated for the solicitation but may be reimbursed for out-of-pocket expenses. We have also made arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward this material to the beneficial owners of our common stock, and we will reimburse them for their reasonable out-of-pocket expenses.

Q: Who will count the votes?

A: We have hired a third party, Broadridge Financial Solutions, Inc., to judge voting, be responsible for determining whether or not a quorum is present and tabulate votes cast by proxy at the Meeting.

Q: Where can I find voting results of the Meeting?

A: We will announce preliminary voting results at the Meeting and publish final results on a current report on Form 8-K that we expect to file with the SEC within four business days after the Meeting (a copy of which will be available on the Investors subpage of our website, www.amedisys.com, under the link SEC Filings). If our final voting results are not available within four business days after the meeting, we will file a current report on Form 8-K reporting the preliminary voting results and subsequently file the final voting results in an amendment to the current report on Form 8-K within four business days after the final voting results are known to us.

Q: May I propose actions for consideration at the next Annual Meeting of Stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future stockholder meetings, including director nominations. Please see **Other Matters** for more details.

Q: Whom should I contact with questions about the Meeting?

A: If you have any questions about this Proxy Statement or the Meeting, please contact Celeste R. Peiffer, our Vice President of Legal and Assistant Corporate Secretary, at 5959 S. Sherwood Forest Blvd, Baton Rouge, Louisiana 70816 or by telephone at (225) 292-2031 or (800) 467-2662.

Q: What does it mean if I get more than one proxy form?

A: You will receive a proxy form for each account that you have. Please vote proxies for all accounts to ensure that all your shares are voted. You may consolidate multiple accounts through our transfer agent, American Stock Transfer & Trust Company, LLC, online at www.amstock.com or by calling (800) 937-5449.

Q: Will a list of stockholders entitled to vote at the meeting be available?

A: In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at our corporate headquarters on June 5, 2014, and will be accessible for ten days prior to the meeting between the hours of 9:00 a.m. and 5:00 p.m. at our corporate headquarters.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees

Our Bylaws provide that the number of directors will be determined by our Board of Directors, which has set the maximum number of directors at seven persons and which has nominated the seven persons named below for election at the Meeting. All of the nominees currently serve as directors. Each person elected will serve until the next Annual Meeting of Stockholders and until his or her successor has been duly elected and qualified. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises before the Meeting, the persons named as official proxy holders in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by our Board of Directors.

Our Board of Directors maintains a Nominating and Corporate Governance Committee to recommend to our Board of Directors all director nominees. Stockholders who wish to recommend a person for consideration as a director nominee should follow the procedures described below under the heading Stockholder Recommendation of Nominees. Our Board of Directors selected the nominees for election at the Meeting upon the unanimous recommendation of the members of the Nominating and Corporate Governance Committee.

Board Member Qualifications; Diversity

Nominees for election to our Board of Directors must possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to our stockholders, provide effective oversight of our management and monitor our adherence to principles of sound corporate governance. Specifically, as set forth in our Corporate Governance Guidelines, nominees for election to our Board of Directors should possess the highest personal and professional ethics, integrity and values. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. Directors must develop an understanding of our Company's business and have a willingness to devote adequate time to carrying out their duties. The Board seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. In identifying candidates for membership on our Board of Directors, the Nominating and Corporate Governance Committee takes into consideration a number of factors, including: (i) relevant career experience, relevant technical skills, industry knowledge and experience and financial expertise; (ii) individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and the ability to work collegially; and (iii) the extent to which the candidate would fulfill a present need on our Board of Directors. For each of the nominees to our Board of Directors, the biographies included in this Proxy Statement highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of our Board of Directors and whether any vacancies on our Board of Directors are expected due to retirement or otherwise and regularly monitors the mix of skills, experience and background of our directors to assure that the Board has the necessary composition to effectively perform its oversight function. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates who may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. Each candidate brought to the attention of the Nominating and Corporate Governance Committee, regardless of who recommended such candidate and regardless of whether such candidate is recommended by a stockholder, is considered on the basis of the criteria set forth above. The Nominating and Corporate Governance Committee typically evaluates each prospective candidate's background and qualifications. In addition, one or more of the Committee members or the other Board members interviews each prospective candidate. After completing the evaluation, prospective candidates are recommended to the full Board by the Nominating and Corporate Governance Committee, with the full Board selecting the candidates to be nominated for election by the stockholders or to be appointed by the Board to fill a vacancy.

Biographical information about our nominees for director and the experience, qualifications, attributes and skills considered by our Nominating and Corporate Governance Committee and the Board in determining that the nominee should serve as a director appear below.

Board of Directors Recommendation

THE BOARD RECOMMENDS THAT YOU VOTE **FOR** THE ELECTION OF THE PERSONS NAMED ABOVE.

Vote Required

Directors are elected by a plurality of the votes cast at the Meeting.

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors is comprised of Mr. LaBorde (our President and Interim Chief Executive Officer) and six independent directors. Each director serves a one-year term and is subject to annual election. On February 20, 2014, David R. Pitts and Donald A. Washburn were appointed Non-Executive Co-Chairmen of our Board of Directors. Prior to this date, Mr. Washburn served as our independent Lead Director, and the Chairman of our Board of Directors was our former Chief Executive Officer, William F. Borne. On February 24, 2014, following this change in our Board leadership structure, our Board approved an amendment to our Bylaws providing that in the event the Board has elected Co-Chairmen of the Board, each Co-Chairman shall have the authority to act as a Chairman of the Board as provided in these Bylaws.

Our Board believes it is appropriate to separate the positions of Chairman and Chief Executive Officer at this time because we are currently conducting a search for a permanent Chief Executive Officer. It is unknown at this time whether the Chairman and Chief Executive Officer positions will once again be combined after the Board appoints a permanent Chief Executive Officer. If the roles are combined, our Board will once again identify an independent Lead Director, as required by our Bylaws and Corporate Governance Guidelines. Specifically, whenever there is no independent Chairman of the Board, our Board members are required to appoint one of the independent directors as Lead Director to lead the Board in fulfilling its duties effectively, efficiently and independent of management.

As Non-Executive Co-Chairmen of the Board, Messrs. Pitts and Washburn are currently sharing the responsibilities of the independent Lead Director, as outlined in our Bylaws and Corporate Governance Guidelines, specifically: enhancing Board effectiveness, in particular by ensuring the Board works as a cohesive team; ensuring that the Board has adequate resources and is presented with full, timely and relevant information; ensuring that there is a process in place to monitor best practices that relate to the responsibilities of the Board; and by assessing the effectiveness of the overall Board, its committees and individual directors on a regular basis. Our Non-Executive Co-Chairmen are also directly responsible for Board management, in particular by chairing Board meetings, providing input on the agendas for Board and committee meetings; evaluating the membership and chairs for Board committees and the effectiveness of the committees; ensuring that the independent directors meet regularly without management present to discuss the effectiveness of the Chief Executive Officer, the effectiveness of the Board and the committees of the Board and matters relating to succession planning and strategic planning. Finally, our Non-Executive Co-Chairmen also serve as a key liaison between management and the outside directors.

We believe the Chairs of our five independent Board committees (Ms. Hall: Quality and Ethics Committee; Mr. Pitts: Compensation Committee; Mr. Netterville: Audit Committee; Mr. Ricchiuti: Quality of Care Committee; and Mr. Washburn: Nominating and Corporate Governance Committee) have made valuable contributions to our Company in these roles and are also vital to our Board leadership structure. Each Committee Chair meets regularly with members of Company management, as appropriate, to discuss matters relevant to their respective Committee functions, both with and without the presence of our Chief Executive Officer. Ms. Hall and Messrs. Netterville and Ricchiuti also regularly communicate with Messrs. Pitts and Washburn, in their roles as Non-Executive Co-Chairmen of the Board, regarding Board and Committee functions.

Risk Oversight

The Board's Role in Risk Oversight

Risk management is primarily the responsibility of our Company's senior management team, while our Board of Directors is responsible for the overall supervision and oversight of our Company's risk management activities.

The Board's oversight of the material risks faced by the Company occurs at both the full Board level and at the committee level. The Audit Committee has oversight responsibility not only for financial reporting with respect to the Company's major financial exposures and the steps management has taken to monitor and control such

exposures, but also for the effectiveness of management's enterprise risk management process that monitors key business risks facing the Company. Specifically, as stated in its charter, one of the responsibilities of the Audit Committee is to discuss guidelines and policies governing the process by which senior management of the Company and the relevant departments of the Company assess and manage the Company's exposure to risk, and to discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. In connection with its risk oversight role, at each of its quarterly, in-person meetings, the Audit Committee also meets privately in separate executive sessions with representatives from the Company's independent registered public accounting firm (without any members of Company management present) and the Company's Senior Vice President - Audit (without other members of Company management present). The Company's Senior Vice President - Audit manages the Company's Internal Audit and Enterprise Risk management functions and has been employed by the Company since April 2002. The Internal Audit Department, according to its charter, is charged with taking a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, control, and governance processes. Finally, the Audit Committee also receives quarterly reports regarding the Company's testing and controls implemented in compliance with the requirements of the Sarbanes-Oxley Act of 2002.

In addition, the Compliance and Ethics Committee of the Board receives presentations at its quarterly in-person meetings from the Company's Chief Compliance Officer, who has been employed by the Company since April 2001. The Chief Compliance Officer, who heads the Company's Compliance Department, is responsible for monitoring the Company's compliance with Federal and state laws governing the provision of healthcare services and patient privacy, the Company's reporting requirements under its Corporate Integrity Agreement effective April 22, 2014, as well as conditions of participation in the Medicare and Medicaid programs for the home health and hospice services provided by the Company. During these meetings, the Chief Compliance Officer provides a detailed report on compliance activities, relevant regulatory developments impacting the compliance function and our risk mitigation practices. As part of its risk oversight duties, the members of the Compliance and Ethics Committee meet regularly with the Chief Compliance Officer privately in executive session (without other members of Company management present), and it is expected that the Chief Compliance Officer maintains an open line of communication with both the Compliance and Ethics Committee and the full Board.

Further, the Company's Chief Medical Officer reports in person to the Board's Quality of Care Committee on a quarterly basis on matters relating to the quality of the Company's clinical outcomes and the care provided to its patients. The Company's clinical protocols are designed to minimize patient risk and improve patient health outcomes.

In addition, the Company's General Counsel reports in person to the Board on at least a quarterly basis to keep the directors informed concerning legal risks and other legal matters involving the Company and the Company's legal risk mitigation efforts.

Additionally, at each Board meeting, our Chief Executive Officer meets with the other directors in executive session to address operational and strategic matters, including areas of risk and opportunity that require Board attention. Further, in dedicated sessions each July focusing entirely on corporate strategy, the full Board reviews in detail the Company's short- and long-term strategies, including consideration of risks facing the Company.

The oversight of risk within the organization is an evolving process requiring the Company to continually look for opportunities to further embed systematic enterprise risk management into ongoing business processes across the organization. The Board actively encourages management to continue to review and improve its methods of assessing and mitigating risk.

Risk Assessment Incentive Compensation Programs

In regards to the Company's fiscal year 2013 incentive compensation programs, our management has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. For the incentive compensation programs in place in 2013 for our corporate

office (non-executive) and care center-level (agency-level) employees, our management based this conclusion on the fact that the fiscal year 2013 incentive compensation programs did not implement any material changes to the Company's risk profile as compared to the fiscal year 2012 incentive compensation programs for these employees, which had previously been the subject of a risk assessment conducted by Pearl Meyer & Partners in 2012.

In 2012, the Compensation Committee approved the engagement of the Committee's independent compensation consultant, Pearl Meyer & Partners, to conduct a risk assessment of the Company's fiscal year 2012 incentive compensation programs, both on the executive and non-executive levels. This risk assessment, which was reviewed by the Compensation Committee, concluded that the design for the 2012 incentive programs for our executive officers, as well as our corporate office (non-executive) and care center employees, coupled with internal controls and policies, discourages incentive plan participants from taking excessive risks or manipulating performance in order to increase award payouts.

Our management also believes that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond our organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of Amedisys; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Board Committees

Audit Committee

The Audit Committee's responsibilities are covered by its charter, a copy of which appears on the Investors subpage of our website, (www.amedisys.com) under the link Corporate Governance. The Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the Exchange Act), and its responsibilities include hiring and supervising the work of our registered independent public accountants and our Senior Vice President Audit (who manages our Internal Audit Department), overseeing our financial reporting process, internal controls and legal and regulatory compliance and pre-approving all audit and non-audit services to be provided by independent auditors.

The Audit Committee is comprised of Jake L. Netterville (Chairman) and each of our other independent directors (Messrs. Pitts, Ricchiuti, Washburn and Zilkha and Ms. Hall). Our Board of Directors has determined that each member of the Audit Committee also meets the definition of an independent director as defined by Rule 10A-3 under the Exchange Act and that Mr. Netterville qualifies as an audit committee financial expert, as defined by Item 407(d)(5) of SEC Regulation S-K, and as a financially sophisticated audit committee member under NASDAQ Listing Rule 5605(c)(2)(A). This determination is based on the fact that Mr. Netterville is a certified public accountant. In addition, our Board of Directors has determined that Messrs. Pitts, Ricchiuti, Washburn and Zilkha and Ms. Hall are each financially literate.

Compensation Committee

The Compensation Committee reviews and acts on compensation levels and benefit plans for our executive officers, approves director compensation, approves and evaluates the Company's equity compensation plans, approves the issuance of stock options, nonvested stock, restricted stock, restricted stock units and other equity-based awards under our equity compensation plans and has the sole authority to retain, and has retained, compensation consultants. It also provides assistance to our Board of Directors in the annual evaluation of our Chief Executive Officer. The Compensation Committee is comprised of David R. Pitts (Chairman) and each of our other independent directors (Messrs. Netterville, Ricchiuti, Washburn and Zilkha and Ms. Hall). Our Board of Directors has determined that each member of the Compensation Committee meets the definition of an outside director as defined by regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code and is a non-employee director as defined in the SEC's Rule 16b-3. The Compensation Committee may not delegate any of its authority with respect to approving the compensation (including equity-based compensation) of our directors and executive officers. The Committee may delegate its authority to approve

awards of equity-based compensation to persons other than our directors and executive officers to our Chief Executive Officer. A copy of the Compensation Committee's charter appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies and evaluates individuals qualified to become members of the Board of Directors and recommends to our Board of Directors all nominees for election to our Board of Directors. The Nominating and Corporate Governance Committee also provides assistance to our Board of Directors in the annual evaluations of our Board of Directors and its Committees, the review and consideration of corporate governance practices and ongoing board governance education. The Nominating and Corporate Governance Committee also prepares the slate of chairs and members for each of the Board's standing committees. The Nominating and Corporate Governance Committee is comprised of Donald A. Washburn (Chairman) and each of our other independent directors (Messrs. Netterville, Pitts, Ricchiuti and Zilkha and Ms. Hall). A copy of the Nominating and Corporate Governance Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Quality of Care Committee

The Quality of Care Committee is comprised of Peter Ricchiuti (Chairman) and each of our other independent directors (Messrs. Netterville, Pitts, Washburn and Zilkha and Ms. Hall). The dual purposes of the Quality of Care Committee are to (i) assist our Board of Directors in fulfilling its oversight responsibilities relating to the review of our policies and procedures in connection with the delivery of quality medical care to patients and patient safety and (ii) to assist our Board of Directors and our management in promoting a culture of quality throughout our Company. A copy of the Quality of Care Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Compliance and Ethics Committee

The Compliance and Ethics Committee was formed on October 2013 and is comprised of Linda J. Hall (Chair) and each of our other independent directors (Messrs. Netterville, Pitts, Ricchiuti, Washburn and Zilkha). Of the Committee members, Mr. Pitts has been deemed to have significant familiarity and experience with Medicare compliance due to his executive-level employment experience in the healthcare industry. The dual purposes of the Compliance and Ethics Committee are (i) to assist the Board in fulfilling its oversight responsibilities relating to (a) the compliance by the Company with all legal requirements to which it is subject, including specifically all federal and state health care laws and regulations to which it is subject, all fraud and abuse laws and all applicable Medicare program requirements, (b) the design, implementation and execution of the Company's Compliance and Ethics Program, (c) the activities of the Chief Compliance Officer and the operation of the Company's Compliance Department, and (d) matters relating to the Company's Corporate Compliance Plan and Code of Ethical Business Conduct; and (ii) assist the Board and Company management in establishing an appropriate tone at the top and promoting a strong culture of compliance throughout the Company, while also recognizing that other Board committees assist the Board in fulfilling its oversight responsibilities relating to various areas of legal and regulatory compliance. A copy of the Compliance and Ethics Committee's charter appears on the Investors subpage of our website (www.amedisys.com), under the link Corporate Governance.

Board and Committee Meetings 2013

Our Board of Directors held five in-person and thirteen telephonic meetings in 2013. Our Board of Directors maintains Audit, Compensation, Nominating and Corporate Governance, Quality of Care and Compliance and Ethics Committees that are each comprised solely of independent directors. Each Board committee generally meets on or around the date of each regularly-scheduled quarterly in-person Board meeting. During 2013, the Audit Committee held five in-person meetings and one telephonic meeting; the Compensation Committee held four in-person meetings and two telephonic meetings; the Nominating and Corporate Governance Committee

held five in-person meetings; the Quality of Care Committee held four in-person meetings; and the Compliance and Ethics Committee held two in-person meetings. Each director attended at least 75% of the total number of Board meetings and meetings of the Committees on which he or she served during 2013 (with the exception of Mr. Zilkha, who was not appointed to the Board until March 2014). Generally, during every month in which there is not a regularly-scheduled in-person Board meeting, the Board members meet telephonically with selected members of Company management.

Independent Directors Meetings in Executive Session

The independent directors, as a group, meet in-person in executive session on a regular basis (and at least once, quarterly) in connection with each in-person Board meeting without any members of our management or non-independent directors present. Messrs. Pitts and Washburn currently preside over these executive sessions as Non-Executive Co-Chairmen of the Board.

Stockholder Recommendation of Nominees

Per our Corporate Governance Guidelines (a copy of which appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance), stockholders may recommend a nominee for consideration by the Nominating and Corporate Governance Committee of our Board by sending the following information to our Corporate Secretary, at 5959 S. Sherwood Forest Blvd., Baton Rouge, Louisiana 70816, who will forward the information to the Chairman of the Committee:

Name, mailing address and telephone number of the stockholder;

The proposed nominee's name, mailing address and telephone number;

A statement whether the proposed nominee knows that his or her name is being suggested by the stockholder, and whether he or she has consented to being suggested and is willing to serve;

The proposed nominee's resume or other description of his or her background and experience;

The proposed nominee's relationship to the stockholder; and

The stockholder's reasons for proposing that the individual be considered.

The Nominating and Corporate Governance Committee will solicit and receive recommendations for candidates to fill any Board vacancies and will review the qualifications of potential director candidates. The Nominating and Corporate Governance Committee will present any recommended candidates to the full Board for consideration. Stockholders may also nominate directors for election to our Board of Directors. For additional important information regarding stockholder nominations of directors and stockholder proposals, please see the Other Matters section of this Proxy Statement.

Board Independence, Stockholder Communications and Board Attendance at the Annual Stockholders Meeting

Our Board of Directors has reviewed and analyzed the independence of each director nominee. The purpose of the review was to determine whether any particular relationships or transactions involving directors or their affiliates or immediate family members were inconsistent with a determination that the director is independent for purposes of serving on the Board of Directors and its committees. During this review, the Board of Directors examined whether there were any transactions and/or relationships between directors or their affiliates or immediate family members and the Company and the substance of any such transactions or relationships.

Following this review, our Board of Directors determined that all directors other than Mr. LaBorde are independent under the director independence requirements and listing standards of The NASDAQ Global Select Market. Mr. LaBorde is not considered independent because he is an executive officer of the Company.

Stockholders who wish to communicate with our Board of Directors, our Non-Executive Co-Chairmen (or, if applicable, our Lead Director) or our Audit Committee should address their communications to such party, in care of our Corporate Secretary, who is responsible for promptly disseminating such communications to our Board of Directors, Non-Executive Co-Chairmen of the Board (or, if applicable, Lead Director) or Audit Committee Chairman, as appropriate. Per our Corporate Governance Guidelines (described below), all communications with the Board, our Non-Executive Co-Chairmen (or, if applicable, our Lead Director) or the Audit Committee are treated confidentially, and stockholders and other interested parties can remain anonymous when communicating their concerns. Stockholders who would like to submit the name of a person for consideration as a director nominee should address any communication to our Corporate Secretary in accordance with the procedures described under the heading Corporate Governance Stockholder Recommendation of Nominees, above.

We do not have a formal policy regarding attendance by Board members at our Annual Stockholders Meeting because management is available at the meeting to answer questions from stockholders in attendance. Directors William Borne, Ronald LaBorde and Peter Ricchiuti attended our 2013 Annual Meeting in person, and directors Linda Hall, Jake Netterville and David Pitts attended our 2013 Annual Meeting via teleconference. Historically, we have had low in-person stockholder attendance at our Annual Stockholders Meetings.

In accordance with the requirements of Item 407(e)(3)(iv) of Regulation S-K, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pearl Meyer (or any individuals working on the Company s account on Pearl Meyer s behalf). In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by Pearl Meyer:

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm to be our Company s external auditor at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under the Exchange Act.

What is the Audit Committee and what does it do?

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight and review of Amedisys accounting functions and internal controls. The committee recommends to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K and approves all fees paid to our independent registered public accounting firm. The committee also receives quarterly reports from our Internal Audit Department and approves the annual Internal Audit Work Plan and the compensation of the Senior Vice President - Audit, who leads our Internal Audit Department.

Are the members of the Audit Committee independent ?

Yes. The Audit Committee is comprised of six directors, all of whom are independent as determined in accordance with the listing standards of The NASDAQ Global Select Market and within the meaning of Rule 10A-3 under the Exchange Act.

Do the members of the Audit Committee meet regularly in executive session without members of Company management present? Do the members of the Audit Committee meet separately with representatives of the Company's independent registered public accounting firm and the Company's Internal Audit Department?

Yes. The Audit Committee meets at least once quarterly in executive session without members of Company management present. During these executive sessions, the Audit Committee will also meet separately with representatives of the Company's independent registered public accounting firm (generally, the Lead Audit Partner) and the Senior Vice President - Audit, on behalf of the Company's Internal Audit Department. The Audit Committee also meets separately with other senior members of Company management as it deems necessary.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013 (our 2013 Annual Report)?

In connection with recommending that our audited financial statements be included in our 2013 Annual Report, the members of the Audit Committee took the following steps:

The members of the Audit Committee discussed with our independent registered public accounting firm their judgment as to the quality, not just the acceptability, of our accounting policies and principles and such

other matters as are required to be discussed under generally accepted auditing standards, including information concerning the scope and result of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process.

Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement of Auditing Standard No. 16, as adopted by the Public Company Accounting Oversight Board (the PCAOB).

The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the PCAOB regarding their independence, and the members of the Audit Committee discussed with the independent registered public accounting firm the firm's independence from the Company and its management. The members of the Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the independent registered public accounting firm's independence. This discussion and disclosure informed the Audit Committee of the independent registered public accounting firm's independence, and assisted the Audit Committee in evaluating that independence. The members of the Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.

The members of the Audit Committee reviewed and discussed, with our management and independent registered public accounting firm, our audited consolidated balance sheet as of December 31, 2013 and the related consolidated statements of operations, comprehensive (loss) income, stockholders' equity and cash flows for each of the years in the three-year period ended December 31, 2013, including associated footnotes and Management's Discussion and Analysis of Financial Condition and Results of Operations.

The members of the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority) reviewed and pre-approved all permissible non-audit services by our independent registered public accounting firm.

The members of the Audit Committee reviewed the Principal Executive Officer and Principal Financial Officer Certifications concerning the Company's 2013 Annual Report.

Based on the discussions with our independent registered public accounting firm concerning the audit, the independence discussions, the financial statement quarterly review, and additional matters deemed relevant and appropriate by the Audit Committee, including internal audit activities, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our 2013 Annual Report.

Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors; Delegation of Pre-Approval Authority in Specified Instances

All audit and permissible non-audit services provided by the independent auditors are pre-approved by the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority). These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee has delegated authority to Mr. Netterville, the Chairman of the Audit Committee, to address requests for pre-approval of specified types of transactions not included in the annual budget prepared by the independent auditors, provided that any such pre-approvals are presented to the full Audit Committee at its next meeting.

PROPOSAL 3 ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS (SAY-ON-PAY VOTE)

General Information

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation paid to our Named Executive Officers as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission's rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation paid to our Named Executive Officers, as described in the Compensation Discussion and Analysis (CD&A) section of this Proxy Statement (beginning on page 30) and the compensation tables and narrative disclosures following the CD&A.

This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as described in this Proxy Statement.

2013 Executive Compensation Program Highlights

Base Salary None of our Named Executive Officers received a salary increase in 2013; our Chief Executive Officer's salary remained at the level first established effective April 1, 2008.

Target Incentive Opportunities The target annual bonus opportunity and the grant date value at target of the long-term incentive award for each Named Executive Officer is expressed as a percentage of base salary. For 2013, the percentages were the same percentages used in our 2012 executive compensation program.

Long Term Incentive Plan Design For 2013, 50% of the award is in the form of restricted stock subject solely to service-based vesting conditions, and 50% of the award is in the form of performance-based restricted stock units subject to service and market-based vesting conditions linked to our three-year (*i.e.*, measured at the end of our 2015 fiscal year) total shareholder return (TSR) in excess of a specified hurdle rate. Participants are permitted to earn smaller percentages of the target award over extended four- and five-year performance periods if the threshold TSR is not achieved at the end of the initial three-year performance period.

Pay-for-Performance 2013

Each year, a portion of our Named Executive Officers' compensation is dependent upon achieving certain performance measures established by the Compensation Committee. The Compensation Committee selects performance measures that it believes are the best measures of our success and are aligned with drivers of long-term stockholder value.

As discussed further in the CD&A, and in alignment with our pay-for-performance philosophy:

Payouts under our 2013 annual (cash bonus) incentive plan depended on the Company achieving a minimum 2013 earnings per share target set by the Compensation Committee in the first quarter of 2013. We did not achieve the minimum performance required under our annual (cash bonus) incentive plan and, therefore, did not pay any cash bonuses to our Named Executive Officers for the 2013 incentive plan performance period; and

We did not achieve the threshold 2013 adjusted earnings before interest, taxes, depreciation and amortization (2013 EBITDA) performance target under our 2012 long-term (equity-based) incentive plan

and, therefore, in March 2014, our Named Executive Officers forfeited unvested restricted stock units (representing twenty-five percent of the target grant date value of the 2012 long-term incentive plan award) payable in shares of restricted stock upon vesting. The Compensation Committee will continue to focus on pay-for-performance when making executive compensation determinations in 2014 and beyond.

Consideration of the 2013 Advisory Vote on Executive Compensation and 2013 Annual Meeting Voting Results, Generally

As discussed further in the CD&A, at our 2013 Annual Meeting of stockholders, 98% of the shares entitled to vote on the matter voted to approve, in an advisory vote, the compensation paid to our Named Executive Officers, as described in our 2013 Proxy Statement.

The Compensation Committee values the feedback of our stockholders and takes into account the outcome of Say-on-Pay votes when considering future executive compensation arrangements and potential changes to our executive compensation program.

Highlights of our Executive Compensation Program

We believe that our executive compensation program:

Aligns executive compensation to business objectives and overall Company performance;

Attracts, retains, and motivates highly-qualified executives by offering market-competitive total compensation packages;

Balances the focus on short- vs. longer-term performance objectives through an appropriate mix of short-term cash incentive awards and equity incentive awards that vest over a number of years;

Has features designed to further align executive compensation with stockholder interests and mitigate risks, including: (i) cash bonus and equity award claw-back and forfeiture provisions for violating certain employment agreement covenants, (ii) a prohibition on short sales of and hedging Company securities (applicable to all employees), (iii) no minimum guaranteed cash bonus payments, equity grants or base salary increases and (iv) limited perquisites; and

Has certain features that are widely considered best practices, including employment agreement change-in-control provisions that only provide cash severance upon a change-in-control termination (*i.e.*, a double trigger) and do not provide for the payment of any excise tax gross-up amounts.

Consistent with these goals, and as further discussed in the CD&A, we believe the Compensation Committee of our Board of Directors has designed an executive compensation program that: (i) rewards pay for performance, (ii) is competitive and reasonable as compared to compensation programs adopted by the Company's peer group and based on a review of broader public company and industry survey data and (iii) is cost-effective with limited perquisites and other personal benefits.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE SAY-ON-PAY PROPOSAL, AS STATED BY THE FOLLOWING RESOLUTION:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table, and the other related tables and disclosures.

The say-on-pay vote is advisory, and therefore not binding on the Company, our Board of Directors or our Compensation Committee. Our Board of Directors and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) outlines our executive compensation philosophy, objectives and processes. It explains the decision making process used by the Compensation Committee of our Board of Directors (the Committee), the reasoning behind our executive compensation program, and, more specifically, the actions the Committee took related to the compensation of our Named Executive Officers, which under the SEC s executive compensation disclosure rules consist of the persons serving as our principal executive officer and our principal financial officer as of the end of our last fiscal year and our next three highest-paid executive officers as of the end of our last fiscal year.

The following table identifies our Named Executive Officers and their positions in 2013:

William F. Borne Chief Executive Officer

Ronald A. LaBorde President and Chief Financial Officer

(As of February 20, 2014, President and Interim Chief Executive Officer)

Michael O. Fleming, M.D. Chief Medical Officer

Jeffrey D. Jeter Chief Compliance Officer

David R. Bucey General Counsel and Secretary

Mr. Borne departed our Company in February 2014.

Executive Summary

Overview of our Executive Compensation Program

Our executive compensation program currently consists of:

Base salary;

Annual performance-based incentives (cash bonuses);

Long-term incentive equity awards in the form of restricted stock units and/or restricted stock grants (portions of which are subject to performance-based vesting conditions, and all of which are subject to service-based vesting conditions); and

Retirement, health and welfare benefits.

Generally during the first fiscal quarter of each year, the Compensation Committee (i) determines whether there are going to be any base salary adjustments for or grants of long-term incentive equity awards to our executive officers effective as of April 1 of the current fiscal year, (ii) establishes the performance measures under our current year cash bonus and long-term (equity-based) incentive compensation plans and (iii) determines whether the performance conditions for recently-completed performance periods have been satisfied.

The Compensation Committee believes our Company s compensation strategy should align the interests of our executives and our stockholders. As a result, we continue to rely on long-term equity awards to retain an outstanding executive team and to ensure a strong connection between executive compensation and financial performance. We also link the award of performance-based cash incentives and equity awards to the achievement of annual financial and/or operational goals, as described under the heading 2013 Pay for Performance Highlights and Key 2013 Compensation Developments, below.

2013 Pay-for-Performance Highlights and Key 2013 Compensation Developments

2013 Pay-for-Performance Highlights

As highlighted below and described in greater detail under the headings Annual Performance-Based Incentive Compensation (Cash Bonuses) and Long-Term Incentives, in 2013, the Committee selected the following performance measures to assess the performance of our Named Executive Officers:

For annual incentive awards (paid in the form of cash bonuses): metrics tied to fiscal year 2013 earnings per share (EPS).

For long-term incentive awards (paid in the form of restricted stock subject to service-based vesting conditions and restricted stock units with service and performance-based vesting conditions): metrics tied to our three-year (*i.e.*, measured at the end of our 2015 fiscal year) total shareholder return (TSR) in excess of a specified hurdle rate (further described under the heading 2013 Equity-Based Incentive Compensation, below). Participants are permitted to earn smaller percentages of the target award over extended four- and five-year performance periods if the threshold TSR is not achieved at the end of the initial three-year performance period.

We believe our executive compensation program creates a close alignment between our performance and executive pay because a significant portion of each Named Executive Officer's compensation is comprised of variable incentives. As explained further below, the fact that we did not achieve our performance goals for 2013 was directly reflected in our executive compensation program, as follows:

We did not achieve the minimum fiscal year 2013 EPS performance metric under our 2013 annual (cash bonus) incentive plan and, therefore, did not pay any cash bonuses to our Named Executive Officers for the fiscal year 2013 performance period.

We did not achieve the threshold 2013 EBITDA performance target under our 2012 long-term (equity-based) incentive plan and, therefore, in March 2014, our Named Executive Officers forfeited unvested restricted stock units payable in shares of restricted stock (subject to additional service-based vesting conditions) upon vesting. These restricted stock units represented twenty-five percent of the target grant date value of the 2012 long-term incentive plan award.

The Committee will continue to focus on pay-for-performance when making executive compensation determinations in 2014 and beyond.

Key 2013 Compensation Developments

None of our Named Executive Officers received a salary increase.

Effective as of the next regular payroll period following a meeting of the Committee held on March 6, 2013, in recognition of his individual contributions to our Company during fiscal year 2012 and the fact that our failure to meet minimum performance conditions under our 2012 annual (cash bonus) incentive plan was due to factors largely outside of our management team's control, the Committee approved a one-time discretionary bonus to Mr. Borne equal to 11% of his 2012 base salary and, for the same reasons outlined above, delegated authority to Mr. Borne to approve a one-time discretionary bonus to each of our other Named Executive Officers in an amount not to exceed 11% percent of their respective 2012 base salaries (additional information on this topic appears under the heading 2012 Discretionary Bonuses Paid in 2013).

Our stockholders re-approved (for Internal Revenue Code Section 162(m) purposes) the material terms of the performance goals under our 2008 Omnibus Incentive Compensation Plan, which governs the issuance of long-term (equity-based) incentive awards to our Named Executive Officers.

Consideration of the 2013 Advisory Vote on Executive Compensation and 2013 Annual Meeting Voting Results, Generally

At our 2013 Annual Meeting of stockholders, 98% of the shares entitled to vote on the matter voted to approve, in an advisory vote, the compensation paid to our Named Executive Officers, as described in our 2013 Proxy Statement (the 2013 Say-on-Pay Proposal). We believe these results demonstrate strong stockholder support for our overall executive compensation objectives.

The Compensation Committee values the feedback of our stockholders and takes into account the outcome of Say-on-Pay votes when considering future executive compensation arrangements and potential changes to our executive compensation program.

Governance Standards Applicable to our Executive Compensation Program

Our Board and the Committee maintain governance standards applicable to our executive compensation program, including the following key practices:

A Compensation Committee comprised solely of independent directors;

An independent compensation consultant that reports to and is directed by the Committee, and that provides no other services to the Company;

An Insider Trading Policy that prohibits our executive officers (and independent Board members) from pledging Company securities as collateral for loans or keeping any Company securities in a margin account and that bars ownership of financial instruments or participation in investment strategies that hedge the economic risk of owning Company stock;

Change in control payments that are contingent upon a qualifying transaction and a qualifying termination of employment (commonly referred to as a double trigger); and

No tax gross-ups of any kind including for any excise taxes in conjunction with payments that are contingent upon a change in control.

Compensation Philosophy and Objectives

Our compensation philosophy, which extends to all employees including our Named Executive Officers, is designed to align employee and stockholder interests. Our objective is to pay fairly based upon the employee's position, experience and performance. Employees may be rewarded through additional compensation, for example, in the form of a cash bonus or an equity grant, when we meet or exceed targeted business objectives. Certain employees are also eligible to receive incentive compensation based on both individual and/or Company performance.

The objectives of our compensation philosophy are described below:

Stockholder-aligned. Management-level employees generally have some portion of their incentive compensation aligned with our Company's overall financial performance through cash bonus programs or equity grants, the value of which is directly tied to change in share value.

Performance-based. Management-level employees generally have some portion of their incentive compensation linked to a combination of Company, operating unit, and/or individual performance. The application of performance measures as well as the form of the award may vary depending on the employee's position and responsibilities.

Edgar Filing: AMEDISYS INC - Form DEF 14A

Market-driven. We structure our compensation programs to be competitive in the total compensation that they offer.

Focused on the individual. We design our incentive compensation programs to attract, motivate and retain key management, including our Named Executive Officers.

Compensation Administration

Role of the Compensation Committee

Pursuant to the terms of its charter, the Committee is responsible for the review and approval of all aspects of our executive compensation program and makes all decisions regarding the compensation of our executive officers. Per its charter, the Committee's primary responsibilities with respect to executive compensation are as follows:

Review and approval of corporate long-term and short-term incentive goals and objectives relevant to executive compensation;

Evaluation of the performance of our Chief Executive Officer and review of our Chief Executive Officer's evaluation of the performance of our other executive officers;

Evaluation of the competitiveness of the total compensation package for our executive officers;

Evaluation and approval of executive officer employment, severance and change-in-control agreements, including any amendments thereto, and any title change for any executive officer; and

Approval of any changes to the total compensation package for our executive officers, including but not limited to changes to benefits, base salary, annual cash incentive and long-term equity incentive award opportunities and retention programs.

Additional information regarding the Committee's responsibilities is set forth in its charter, a copy of which appears on the Investors subpage of our website (www.amedisys.com) under the link Corporate Governance.

Role of the Chief Executive Officer

In the course of deliberating 2013 compensation decisions for our Named Executive Officers, the Committee took into account the recommendations of Mr. Borne regarding the compensation of our other executive officers. Further, the Committee relied on Mr. Borne's performance evaluations of our executive officers when deliberating their performance-based compensation. Mr. Borne's recommendations were based upon his assessment of each executive officer's individual performance, the performance of their respective business units or functions, retention considerations and market factors. The Committee reviewed these recommendations before making its decision. While the Committee requested Mr. Borne to be present at certain Committee meetings when executive compensation was discussed, Mr. Borne did not play any role in the Committee's deliberation of matters impacting his own compensation, and only Committee members are permitted to vote on matters related to executive officer compensation.

Role of the Independent Compensation Consultant

The Compensation Committee's charter grants the Committee the authority to retain experts in the field of executive compensation to assist the Committee in fulfilling its duties. In 2013, the Compensation Committee engaged Pearl Meyer & Partners (the Consultant) as its compensation consultant. In 2013, the Consultant provided the following consulting services to the Committee:

Executive compensation review and related advice for the current fiscal year.

The Consultant assisted the Committee in determining the performance metrics under our 2013 annual (cash bonus) and long-term (equity-based) incentive compensation plans.

Edgar Filing: AMEDISYS INC - Form DEF 14A

The Committee does not ask the Consultant to perform a full compensation benchmarking every year. Based on the review of published public company and industry survey data, the Consultant provided information regarding the competitiveness and reasonableness of the 2013 Named Executive Officer short-term (cash bonus) and long-term (equity-based) incentive opportunities at target.

An evaluation of the Company's pay-for-performance relationship and how that relationship compares to public companies in the healthcare services and facilities sectors and similarly-sized public companies across multiple industries.

Compensation review and related advice for the current fiscal year for selected members of our non-executive officer senior management.

Non-employee director compensation review and related advice. Assistance with the preparation of the compensation-related portions of our 2013 Proxy Statement.

Updates regarding compensation-related issues, trends and regulatory changes.

Compensation Consultant Independence

Because the Consultant does not provide any non-compensation related services to our Company, we believe that the Consultant is independent of management and provides the Compensation Committee with objective advice. As part of its engagement, the Consultant participated in meetings with both the Compensation Committee and senior management to learn more about our business strategy and executive compensation objectives. The Committee retains the Consultant directly, although in carrying out assignments, the Consultant also interacts in certain capacities with our management-level employees. All such assignments are approved by the Chairman of the Committee, David R. Pitts. For additional information, please refer to the discussion on page 18 under the heading Compensation Consultant Independence and Conflicts of Interest Assessment.

Review of Peer Group, Industry and Survey Data

2013 Incentive Plan Design

The Committee reviews each executive officer's compensation on an annual basis, generally in the first quarter of each fiscal year, to ensure that it is consistent with our compensation philosophy. For fiscal year 2013 executive officer short- and long-term target incentive compensation determinations, the Consultant provided information to the Committee regarding the executive compensation practices of (i) similarly-sized public companies across multiple industries and (ii) companies in the healthcare services and facilities sectors in order to both provide context for the Committee's decisions and to help ensure that the various components of our 2013 executive officer compensation program were within a reasonably competitive range. The information was based on the Consultant's review of published survey data.

Evaluating the Overall Competitiveness and Reasonableness of our 2013 Incentive Compensation Program

Based on its review of the information described above, the Committee determined that the components of our 2013 Named Executive Officer compensation program were reasonable. Given the Company's current business environment, the Committee determined that it would not recommend salary raises, changes to the target bonus opportunity (expressed as a percentage of base salary) and grant date value at target of the long-term incentive award (expressed as a percentage of base salary) for any of our Named Executive Officers in 2013.

While the Committee generally considers available peer group, industry and survey data to be helpful in understanding how our compensation levels compare to other companies, peer group, industry and survey data are only one factor that the Committee may consider in making its decisions regarding executive compensation. For example, the Committee also considers the alignment of our then-current compensation practices with our compensation philosophy, program structure, retention goals and other factors (such as the integration of large acquisitions) before making compensation decisions.

Components of Compensation

We compensate our executive officers, including our Named Executive Officers, through the following components:

Base salary;

Annual performance-based incentive compensation (cash bonus awards);

Long-term incentives (equity-based awards); and

Retirement, health and welfare benefits and, if deemed appropriate, perquisites.

In determining how each executive officer's total compensation package is allocated among these components, the Committee emphasizes the components that reward the accomplishment of business objectives and create stockholder value. Concurrently, the Committee believes it is appropriate to provide our executive officers with a reasonable level of guaranteed compensation through base salary and benefits, together with significant opportunity for additional compensation through annual and long-term incentives. Generally, if targeted performance levels are not achieved, our executive officers' total compensation is likely to be at or below the median of comparable positions at our peer group companies. Alternatively, if the targeted performance levels are exceeded, our executive officers' total compensation is likely to be above the median of comparable positions at our peer group companies.

Mix of Pay

Our executive officers have a higher percentage of variable compensation relative to our other employees. The Committee believes this is appropriate because of the direct influence that these officers have on our financial performance. Generally, the majority of the total targeted annual compensation for our executive officers, including our Named Executive Officers, is at risk, i.e., variable based on Company performance, to assure alignment with stockholder interests.

Base Salaries

We target our executive officers' base salaries to be competitive when compared to the salary levels of persons holding similar positions at peer group companies. The Committee also considers each executive officer's respective responsibilities, experience, expertise and individual performance when setting base salaries.

2013 Base Salary Determinations

For fiscal year 2013, our Named Executive Officers' respective base salaries were as follows: Mr. Borne \$750,000, Mr. LaBorde \$475,000, Dr. Fleming \$285,000, Mr. Jeter \$250,000 and Mr. Bucey \$260,000.

As noted above, base salary determinations are generally made during the first quarter of each fiscal year. For fiscal year 2013, no base salary adjustments were considered for any of our Named Executive Officers based on their position relative to market (near the market median) and the challenging market conditions expected for 2013, including the third consecutive year of decreased Medicare reimbursement rates and the anticipated cost of complying with regulatory changes affecting our industry. Mr. Borne's base salary remained fixed at the level first established effective April 1, 2008, Mr. LaBorde's base salary remained fixed at the level established when he joined the Company as an employee on November 1, 2011, Dr. Fleming's base salary remained fixed at the level first established effective January 1, 2011, Mr. Jeter's base salary remained fixed at the level first established effective April 4, 2010 and Mr. Bucey's base salary remained fixed at the level first established effective January 1, 2012.

Annual Performance-Based Incentive Compensation (Cash Bonuses)

As part of our executive compensation program, the Committee establishes annual incentive compensation performance measures for our executive officers, which performance measures are premised on our Company's achievement of pre-determined financial or operational goals. The Committee reserves the ability to reduce (but not increase) the amounts earned as a result of a subjective annual review of the individual performance of each executive officer.

2013 Annual Incentive Compensation (Cash Bonus) Opportunities

The target bonus opportunity for each executive officer is expressed as a percentage of base salary. For our Named Executive Officers: Mr. Borne 100% of base salary; Mr. LaBorde 75% of base salary; and Dr. Fleming and Messrs. Jeter and Bucey 50% of their respective base salaries. These percentages were the same percentages used in our 2012 annual incentive compensation program.

For 2013, assuming the threshold performance conditions for the award opportunity were met, each of the executive officers listed above could earn between 50% and 150% of his target opportunity based on the achievement of a pre-defined corporate performance measure. The Committee, in its discretion, reserved the ability to reduce (but not increase) the amounts earned as a result of a subjective review of the performance of each executive officer. Threshold, target and maximum incentive opportunities were set based on our Company's historical practices and the Committee's desire to provide a meaningful award for achieving outstanding performance. In the course of setting the threshold, target and maximum incentive opportunities, the Consultant assisted the Committee in valuing the potential awards at target level, so that when aggregated with 2013 base salary levels and 2013 long-term incentive (equity-based) compensation opportunities at the target level, total compensation would be near the median for similarly-sized public companies in the healthcare sector. For Messrs. LaBorde, Jeter and Bucey and Dr. Fleming, the Committee also considered the recommendations of Mr. Borne.

For 2013, the annual incentive compensation opportunity was based on the overall corporate performance measure of earnings per share (EPS), as follows:

	Threshold	Target	Maximum
2013 EPS Performance Levels	\$ 0.70	\$ 0.80	\$ 1.05
Incentive Earned as % of Target	50%	100%	150%

In establishing the performance levels, the Committee took into consideration challenges facing the home health and hospice industries (including the projected effect on our 2013 financial results of final rulemaking released by the Centers for Medicare and Medicaid Services in the first quarter of 2013 implementing Federal budget sequestration spending reductions, as well as the anticipated cost of complying with regulatory changes affecting our industry), organic growth, and anticipated general business opportunities and challenges. At the time the target EPS level was set, the Committee considered the target level of performance reasonable and achievable, but not without management's significant effort. The Committee felt it was appropriate to set EPS as the sole performance measure because it believes that EPS growth encourages our executive officers to focus on improving earnings and profitable growth. It also believes that this measure is aligned with our overall objective of creating long-term value for our stockholders.

Our 2013 financial results did not meet our expectations. Actual unadjusted 2013 EPS performance was below the 2013 threshold EPS level of \$0.70. Therefore, in alignment with our pay-for-performance philosophy, none of our Named Executive Officers received a cash bonus for fiscal year 2013 under our 2013 annual (cash bonus) incentive plan.

Long-Term Incentives

Long-term incentives, in the form of equity-based compensation, are used to balance the short-term focus of our annual cash incentive compensation program with performance incentives over multi-year periods. The Committee believes that providing long-term incentive opportunities supports our compensation philosophy by aligning the interests of our Named Executive Officers, and other long-term incentive compensation plan participants, with those of our stockholders.

Currently, all equity-based compensation is granted in accordance with the terms of our 2008 Omnibus Incentive Compensation Plan, which is a comprehensive incentive compensation plan that provides for various equity-based awards and also provides for limited cash awards.

We believe that grants of equity-based compensation:

Motivate participants to focus on the creation of stockholder value in both the short- and long-term;

Reinforce the link between the creation of stockholder value and compensation;

Enable us to provide competitive levels of total compensation; and

Aid in the retention of Named Executive Officers and other long-term incentive plan participants.

2013 Equity-Based Incentive Compensation

On March 27, 2013, effective April 1, 2013, the Committee approved an award of restricted stock and performance-based restricted stock units to each of our Named Executive Officers, as follows:

Fifty percent of the award (the *Time-Vesting Only Shares*) is in the form of restricted stock subject solely to service-based vesting conditions.

Fifty percent of the award is in the form of performance-based restricted stock units (*PRSU*s) subject solely to vesting conditions linked to the Company's three-year (*i.e.*, measured at the end of our 2015 fiscal year) total shareholder return (*TSR*) in excess of a specified hurdle rate. Upon satisfaction of the vesting conditions, the PRSU's are payable in shares of fully-vested common stock. Participants are permitted to earn smaller percentages of the target award over extended four- and five-year performance periods if the threshold TSR is not achieved at the end of the initial three-year performance period.

PRSU's are a promise to deliver shares of our common stock at a later date provided that certain vesting requirements are met prior to the delivery date. TSR is calculated based on the change, expressed as a percentage, in the fair market value of an initial investment in common stock, over a specified period. The Committee felt it was appropriate to choose TSR as the sole performance measure because it (i) aligns the interests of management with the interests of our stockholders, and (ii) provides a useful means of comparing Company performance relative to the performance of other public companies.

The Committee established the target, threshold and maximum TSR performance metrics for the PRSU's contemporaneously with its approval of the 2013 short-term incentive plan for our Named Executive Officers.

The grant date value of the *Time-Vesting Only Shares*, the grant date value of the PRSU's (assuming target performance), as well as the total target grant date value of the April 1, 2013 equity award, are as shown in the table below. The total target grant date value for each Named Executive Officer is expressed as a percentage of base salary, as follows: Mr. Borne 250% of base salary; Mr. LaBorde 150% of base salary; and Dr. Fleming and Messrs. Jeter and Bucey 50% of base salary. These percentages were the same percentages used in our 2012 equity-based incentive compensation program.

	Grant Date Value (Time-Vesting Only Shares) (\$)	Grant Date Value at Target (PRSU's) (\$)	Total Target Grant Date Value (\$)
William F. Borne	\$ 937,500	\$ 937,500	\$ 1,875,000
Ronald A. LaBorde	\$ 356,250	\$ 356,250	\$ 712,500
Michael O. Fleming	\$ 71,250	\$ 71,250	\$ 142,500
Jeffrey D. Jeter	\$ 62,500	\$ 62,500	\$ 125,000
David R. Bucey	\$ 65,000	\$ 65,000	\$ 130,000

The total target grant date value was set based on the Committee's desire to provide a meaningful reward for achieving target performance. In the course of setting the threshold, target and maximum incentive opportunities, the Consultant assisted the Committee in valuing the potential awards at target level, so that when aggregated with 2013 base salary levels and 2013 long-term incentive (equity-based) compensation opportunities at the target level, total compensation would be near the median for similarly-sized public companies in the healthcare sector. For Messrs. LaBorde, Jeter and Bucey and Dr. Fleming, the Committee also considered the recommendations of Mr. Borne.

The Committee believes that a fifty/fifty split between restricted stock subject solely to time-based vesting requirements and PRSUs subject to both service and performance-based vesting requirements, respectively, strikes an appropriate balance between executive retention goals and pay-for-performance.

Time-Vesting Only Shares

The Time-Vesting Only Shares vest ratably in one-third installments on April 1, 2014, April 1, 2015 and April 1, 2016, provided that the recipient has been continuously employed by the Company as of each vesting date. The number of Time-Vesting Only Shares granted was calculated by dividing the grant date value of this portion of the award (as shown in the table above) by the closing price per share of the Company's common stock on April 1, 2013 (\$10.96) and resulted in a grant effective April 1, 2013 of 85,539 Time-Vesting Only Shares to Mr. Borne, 32,505 Time-Vesting Only Shares to Mr. LaBorde, 6,501 Time-Vesting Only Shares to Dr. Fleming, 5,703 Time-Vesting Only Shares to Mr. Jeter and 5,931 Time-Vesting Only Shares to Mr. Bucey.

Performance-Based Restricted Stock Units (PRSUs)

The PRSUs are payable in shares of fully-vested common stock only upon satisfaction of the performance conditions described below. As referenced below, the target number of PRSUs is calculated by dividing the grant date value of this portion of the award (as shown in the table above) by the closing price per share of the Company's common stock on April 1, 2013 (\$10.96), as follows: Mr. Borne 85,539 PRSUs, Mr. LaBorde 32,505 PRSUs, Dr. Fleming 6,501 PRSUs, Mr. Jeter 5,703 PRSUs and Mr. Bucey 5,931 PRSUs.

Awardees are permitted to earn smaller percentages of the target award over extended four- and five-year performance periods if the threshold TSR is not achieved at the end of the initial three-year (2013-2015) performance period. The Committee believes that the ability to earn a smaller award in years four or five is appropriate to reward long-term performance that may not be realized within a three year period.

Initial Three-Year Performance Period At the end of the initial three-year performance period (2013-2015), shares of fully-vested common stock will be paid out to our Named Executive Officers on April 1, 2016 if (i) they remain employed by the company through this date and (ii) our average closing stock price during the month of December 2015 meets or exceeds the Threshold stock price in the table, below. If the Threshold 2015 TSR Performance Level is met, the number of shares of fully-vested common stock issued to the award recipient will equal 50% to 160% of the target number of PRSUs, based on the actual 2015 TSR Performance Level achieved. If our average closing stock price during the month of December 2015 falls in-between \$14.39 and \$18.01, the number of shares of fully-vested common stock issued shall be determined by interpolation (*i.e.*, between 50% and 160%).

Extended Four-Year Performance Period At the end of the Extended Four-Year Performance Period (2013-2016), shares of fully-vested common stock will be paid out to our Named Executive Officers on April 1, 2017 if (i) they remain employed by the company through this date and (ii) our average closing stock price during the month of December 2016 meets or exceeds the Threshold stock price in the table, below. If the Threshold 2016 TSR Performance Level is met, the number of shares of fully-vested common stock issued to the award recipient will equal 33% to 107% of the target number of PRSUs, based on the actual 2016 TSR Performance Level achieved. If the Threshold 2017 TS7 Performance Level is met, the number of shares of fully-vested common stock issued to the award recipient will equal 17% to 53% of the target number of PRSUs, based on the actual 2017 TSR Performance Level achieved. Calculation of TSR Performance Levels

The Threshold, Target and Maximum stock prices referenced above were determined by calculating 9.5%, 12% and 18% compound TSR over three-, four- and five- year performance periods. The base stock price in each calculation was the April 1, 2013 grant date stock price (\$10.96), which was not known on the date that the award was approved. These percentages were chosen based on a review of the Company's cost of capital and historical stock price appreciation for the Company, public companies in the healthcare services and facilities sectors and similarly-sized public companies across multiple industries.

2012 Equity-Based Incentive Compensation Payout based on 2013 EBITDA

Twenty-five percent of the award under our 2012 long-term (equity-based) incentive compensation plan is in the form of restricted stock units subject to performance-based vesting conditions linked to the Company's 2013 earnings before interest, taxes, depreciation and amortization (EBITDA), subject to certain adjustments. In accordance with plan design, the Committee established the target, threshold and maximum 2013 EBITDA levels in the first quarter of 2013, as follows: Threshold \$80.8 Million, Target \$86.0 Million and Maximum \$98.6 Million. For additional information, please refer to the Compensation Discussion and Analysis section of our 2012 Proxy Statement under the heading 2012 Equity-Based Incentive Compensation.

Our Actual 2013 EBITDA (as defined in the Compensation Discussion and Analysis Section of our 2012 Proxy Statement) was calculable as of March 12, 2014, the date that we filed our Annual Report on Form 10-K for the year ended December 31, 2013. As noted above, our 2013 financial results did not meet our expectations; our Actual 2013 EBITDA was below the threshold of \$80.8 Million. Therefore, in alignment with our pay-for-performance philosophy, all of the RSUs with performance-based vesting conditions linked to our 2013 EBITDA were forfeited (and no shares of restricted common stock issued in payment thereunder, upon satisfaction of additional service-based vesting conditions) because the threshold performance-based vesting conditions were not met.

2012 Discretionary Bonuses Paid in 2013

On March 6, 2013, in recognition of his individual contributions to our Company during fiscal year 2012 and the fact that our failure to meet minimum performance conditions under our 2012 annual (cash bonus) incentive plan was due to factors largely outside of our management team's control, the Committee approved a one-time discretionary bonus to Mr. Borne in the amount of \$82,500 (equal to 11% of his 2012 base salary). The amount of the bonus was based on the Committee's evaluation of the Company's performance. The Committee recognized that threshold performance was not achieved, but that the management team's efforts delivered performance that was reasonable given market conditions. The Committee delegated authority to Mr. Borne to approve a cash bonus payment to each of our other Named Executive Officers, for the same reasons as outlined above, in an amount not to exceed 11% of their respective 2012 base salaries (the percent of salary paid to Mr. Borne). In each case, such bonus payments, less applicable taxes, withholdings and deductions, were payable in connection with the Company's next regularly-scheduled payroll period in accordance with the Company's normal payroll practices. As approved by Mr. Borne, the bonus payments were as follows: Mr. LaBorde \$39,187, Dr. Fleming \$23,512, Mr. Jeter \$20,645 and Mr. Bucey \$17,300.

Benefits

Our executive officers also participate in the retirement, health and welfare benefit programs generally available to our other employees, including paid vacation and paid Company holidays. In a few limited circumstances, the Company provides other benefits to our executive officers, as detailed in the tables following this CD&A.

We previously maintained a corporate aircraft, which was sold in the fourth quarter of 2013. Company employees were generally not permitted to use the corporate aircraft for non-business activities. However, to the extent that the aircraft was being used for a business-related trip and there were open seats on the aircraft, we did permit the spouses of our executive officers to travel on the aircraft. In 2013, there was no non-business use of the aircraft by our executive officers or use of the aircraft by the spouses of our executive officers.

All of our executive officers were eligible to participate in our Executive Deferred Compensation Plan in 2013. The purpose of the plan is to provide each participant with an opportunity to defer receipt of a portion of his or her salary, bonus and other specified types of cash compensation in accordance with his or her individual personal tax planning goals. Only certain highly-compensated upper-management level employees, including our Named Executive Officers, are eligible to participate in the plan (approximately 100 employees, based on job title). At the discretion of the Committee, we may make contributions to the plan on behalf of executive officer participants. No such discretionary contributions were made in 2013.

Certain of our executive officers participate in our Employee Stock Purchase Plan (ESPP). Under the terms of the ESPP, eligible employees may elect to contribute on an after-tax basis between 1% and 15% of their annual pay through regular payroll deductions to purchase our common stock; provided, however, that an employee may not contribute more than \$25,000 to the plan on an annual basis pursuant to Internal Revenue Service restrictions. Shares are purchased at a 15% discount of the market value of our common stock at the close of business on the last day of each fiscal quarter.

Stock Ownership

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our Chief Executive Officer. In an effort to more closely align our Chief Executive Officer's interests with those of our stockholders, the Chief Executive Officer shall own Company shares with a fair market value equal to at least three times their base salary.

Our Chief Executive Officer shall have five years from the date that they are elected or appointed (as applicable) to the position (or five years from the initial April 2009 effective date of the Corporate Governance Guidelines, whichever date is later) to come into compliance with these ownership requirements.

Once the Chief Executive Officer accumulates shares with a value equal to the required multiple of base salary or annual retainer, they must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company's stock price subsequently declines after the stock ownership requirements are met, they will not be required to acquire additional shares. Mr. Borne was in compliance with the ownership requirements through the termination of his employment in February 2014.

Equity Grant Practices

Annual incentive compensation is generally awarded, both to our Named Executive Officers and to other eligible employees, on April 1 (or the next day that The NASDAQ Global Select Market is open for trading after April 1 if it is closed on April 1). All Committee decisions regarding annual incentive compensation are generally made concurrently with the filing of our Annual Report on Form 10-K for the previous fiscal year.

Deductibility of Compensation

Internal Revenue Code Section 162(m) limits the amount of compensation paid to our executive officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1 million. Performance-based compensation that has been approved by our stockholders is not subject to the \$1 million deduction limit. All of our equity-based incentive plans have been approved by our stockholders, and awards under those plans, other than certain time-based vesting shares and nonvested stock, constitute performance-based compensation that is not subject to the Code Section 162(m) deduction limit. While the Committee intends that all compensation be deductible, there may be instances where potentially non-deductible compensation is provided to reward our executive officers consistent with our compensation philosophy for each compensation element.

Our 2008 Omnibus Incentive Compensation Plan provides for qualifying performance-based compensation, including annual bonuses. The Plan allows us flexibility in structuring our executive compensation programs while maximizing the tax deductibility of awards to the benefit of the Company and our stockholders, whether they are denominated in cash or stock.

Employment Agreements

Severance and Claw-Back Provisions Executive Employment Agreements

The employment agreements for our Named Executive Officers contain provisions entitling each of them to receive severance benefits for certain qualifying terminations, as described under Potential Payments upon Termination or Change-in-Control, below. These triggers for severance payments were selected in order to permit these key employees to focus on the interests of our Company and our stockholders without undue concern for their personal job security.

In return for severance benefits, our Named Executive Officers are bound by certain non-compete, non-solicitation, confidentiality and non-disclosure covenants, as defined in their agreements. If there is a breach of these covenants (each, a Forfeiture Event), we are no longer obligated to make any severance payments otherwise due to them, and all unexercised stock options, nonvested stock and other nonvested equity awards are forfeited effective as of the date of the Forfeiture Event. Additionally, in the event of a breach, each agreement contains a claw-back provision obligating them to repay the Company any award gain (as defined below) realized during the six-month period prior to the occurrence of the Forfeiture Event (or, if the breach occurs after the Named Executive Officer ceases to be employed by the Company, the date of termination of their employment) and for a period of time following such date (24 months for Mr. Borne and 18 months for Messrs. LaBorde, Jeter and Bucey and Dr. Fleming). As defined in the employment agreements, award gain means:

in respect of a given stock option exercise, the product of (X) the fair market value per share of common stock at the date of such exercise (without regard to any subsequent change in the market price of shares) minus the exercise price times (Y) the number of shares as to which the stock option was exercised at that date; and

in respect of any other settlement of any other cash bonus or equity award granted to the Named Executive Officer, the fair market value of the cash or stock paid or payable to the Named Executive Officer (regardless of any elective deferral) less any cash or the fair market value of any stock or property (other than a cash award or equity award or award which would have itself then been forfeitable hereunder and excluding any payment of tax withholding) paid by the Named Executive Officer to us as a condition of or in connection with such settlement.

The Committee believes that these forfeiture provisions provide assurance that our business interests will be appropriately protected upon the termination of employment of a Named Executive Officer.

(2) The values for stock in this column reflect the aggregate grant date fair value of stock awards granted during the fiscal years ended December 31, 2013, 2012 and 2011 pursuant to our 2008 Omnibus Incentive Compensation Plan. Generally, the grant date fair value is the amount that we would expense in our financial statements over the vesting period of the award based on the probable outcome of the award conditions. Assumptions used in the calculation of this amount are included in Note 9 to our audited financial statements for the year ended December 31, 2013, which were included in our Annual Report on Form 10-K filed with the SEC on March 12, 2014.

In accordance with SEC rules, we also are required to disclose the grant date fair value for awards with outstanding performance conditions assuming maximum performance. - (1) The amounts shown in these rows reflect future payouts of restricted stock units issued under our 2012 long-term incentive compensation plan with performance-based vesting conditions set by the Compensation Committee in the first quarter of 2013 linked to our 2013 EBITDA, as adjusted. Additional information regarding these awards appears under the heading 2012 Equity-Based Incentive Compensation Payout Based on 2013 EBITDA. The award stipulates that the performance condition determination date for these RSUs will be after the filing of the Company's 2013 Form 10-K and prior to April 1, 2014. As of the date that the Company filed its 2013 Form 10-K (March 12, 2014), each of our Named Executive Officers forfeited all of the RSUs with performance-based vesting conditions linked to our 2013 EBITDA (and no shares of restricted common stock were issuable in payment thereunder, *i.e.*, the number of shares listed under the Threshold, Target and Maximum columns under the heading Estimated Future Payouts Under Equity Incentive Plan Awards in the table, above) because we did not meet the threshold performance conditions.
- (2) The amounts shown in these rows reflect future payouts of performance-based restricted stock units (PRSUs) with vesting conditions linked to the Company's December 2015 average closing stock price set by the Compensation Committee pursuant to our 2013 Long-Term (Equity-Based) Incentive Plan. Please refer to the description of the PRSUs under the heading 2013 Equity-Based Incentive Compensation in the CD&A, above, for additional information regarding the vesting conditions. The award stipulates that the performance condition determination date for the 2013 PRSUs will be after the December 2015 average closing stock price is determinable and prior to April 1, 2016.
- (3) The amounts shown in this column reflect the number of shares of time-vesting only restricted stock granted to each of our Named Executive Officers pursuant to our 2013 Long-Term (Equity-Based) Incentive Plan on April 1, 2013. The shares vest ratably in one-third increments on April 1, 2014, April 1, 2015 and April 1, 2016, provided that the awardee is continuously employed by the Company through each such date.
- (4) The amounts shown in this column reflect the grant date fair value of the nonvested stock awards and PRSUs granted to each of our Named Executive Officers during fiscal year 2013 and the performance-based restricted stock units with vesting conditions linked to our 2013 EBITDA. Generally, the grant date fair value is the amount that we would expense in our financial statements over the vesting period of the award based on the probable outcome of the award conditions. Assumptions used in the calculation of this amount are included in Note 9 to our audited financial statements for the year ended December 31, 2013, as included in our Annual Report on Form 10-K filed with the SEC on March 12, 2014. There can be no assurance that the grant date fair value of the nonvested stock awards, restricted stock units or the PRSUs will ever be realized. As described further in the CD&A under the heading 2012 Equity-Based Incentive Compensation Payout based on 2013 EBITDA, based on actual 2013 performance, 100% of the restricted stock units granted in 2012 with performance based vesting conditions linked to our 2013 EBITDA were forfeited, and no amount was realized for these awards.
- (5) Dividends paid with respect to restricted stock paid in (a) cash or (b) property other than the Company's common stock or rights to acquire Company common stock shall be paid to the restricted stock award recipient in a similar manner as to other holders of our common stock. Dividends paid in (y) Company common stock or (z) rights to acquire Company Common Stock shall be added to and become a part of the original restricted stock award, subject to any additional performance-based or time-based vesting conditions stated therein.

(1) The contractual term of each grant of stock option awards is a ten-year period.

(2) Market value is based on the closing price on December 31, 2013 of \$14.63.

(3) The amounts in this column include the Threshold number of restricted stock units that were granted in 2012 to each Named Executive Officer with performance-based vesting conditions linked to the Company's 2013 EBITDA, as adjusted, and the Threshold number of performance-based restricted stock units (RSUs) that were granted in 2013 to each Named Executive Officer with vesting conditions linked to the Company's total three-year shareholder return in excess of a defined hurdle rate. Please refer to the description of the restricted stock units with performance-based vesting conditions linked to the Company's 2013 EBITDA under the heading "2012 Equity-Based Incentive Compensation Payout based on 2013 EBITDA" in the CD&A, above, and the description of the RSUs under the heading "2013 Equity-Based Incentive Compensation" in the CD&A, above, for additional information regarding the vesting conditions. As of December 31, 2013, the minimum performance conditions for the restricted stock units with performance-based vesting conditions linked to our 2013 EBITDA had not been met. Thus, as of the date that the Company filed its 2013 Form 10-K (March 12, 2014), each of our Named Executive Officers forfeited 100% of these restricted stock units. As of December 31, 2013, the minimum vesting conditions are undeterminable for the RSUs issued under our 2013 long-term incentive compensation plan.

The Amedisys, Inc. Executive Deferred Compensation Plan generally permits employees whose annual cash compensation exceeds certain dollar thresholds (including each of our Named Executive Officers) to defer receipt of all or a portion of their annual base salary, bonus and other types of specified cash compensation until a specified future date. A participant may choose to defer either a percentage (in a whole amount) or a specific dollar amount of his or her annual base salary or bonus (or other types of specified cash compensation) in an amount equal to up to 100% of such compensation. During the deferral period, the participant selects a deemed investment rate or rates to be applied to the deferred amount from the asset allocation options and core options that are offered as investment vehicles under the plan. Deemed investment rates are the performance rates the participant would earn if the deferred funds were actually invested in one of the third-party investment vehicles. Our common stock is not an investment option under the plan. Deferred amounts are credited with earnings or losses based on the performance of the applicable deemed investment rates. A participant may choose to receive either (i) an in-service distribution in the form of a lump sum or in annual installments from two to five years or (ii) a termination distribution in the form of a lump sum or in annual installments from two to fifteen years. An in-service distribution may be re-deferred to a later in-service distribution year or to a termination distribution, subject to plan limits on such re-deferrals and timing restrictions on electing them. At the time of initial enrollment into the plan, a participant may elect to receive a distribution of his or her deferred compensation as a single lump sum upon a change-in-control. Deferred compensation is also distributed upon the death or disability of the participant in accordance with plan limits.

Cause is defined to include, among other things, willful gross neglect or misconduct, violation of our code of conduct, breach of the restrictive covenants of the employment agreement and misconduct in financial reporting.

Good Reason for voluntary resignation is defined as the occurrence of any of the following circumstances without the executive's express written consent, unless the breach is corrected within thirty days from the date we are put on notice of the occurrence and such notice is delivered to us within ninety days of the occurrence: (i) a material reduction in the executive's base salary (other than in connection with a proportionate reduction in the base salaries of all similarly-situated senior level executive employees), (ii) a relocation of our corporate offices outside of a 50 mile radius from Baton Rouge, Louisiana, (iii) a material diminution of the executive's authority, responsibilities or duties, or (iv) any material breach of the executive's employment agreement caused by us. will be owned directly or indirectly by our stockholders in substantially the same proportions as their ownership of our common stock immediately prior to such sale or disposition).

COBRA is the Consolidated Omnibus Budget Reconciliation Act of 1984.

Earliest Payment Date means (i) if the amount paid is subject to Section 409A of the Code and does not qualify for an exemption under Section 409A of the Code or regulations or other guidance promulgated thereunder, the fifty-second (52nd) day after termination of employment and (ii) if the amount paid is not subject to Section 409A of the Code or qualifies for an exemption under Section 409A of the Code or regulations or other guidance promulgated thereunder, the earlier of the date in (i) above or the first date that the individual's release of claims in accordance with the employment agreement becomes irrevocable.

Retirement shall mean the executive's voluntary retirement from employment with us: (i) after the age of 55, provided that the executive has been employed by us continuously for at least ten years as of the date of retirement, (ii) after the age of 60, provided that the executive has been employed by us continuously for at least five years as of the date of retirement or (iii) as approved by our Board in its sole discretion.

Amended and Restated Employment Agreement with Mr. Borne

Pursuant to his Amended and Restated Employment Agreement with us, as amended by the First Amendment and the Second Amendment, thereto (the "Agreement"), Mr. Borne agreed to serve as our Chief Executive Officer, with such duties and responsibilities as are customary for the chief executive officers of corporations of a similar size and businesses as ours and other specified duties. As drafted, the term of the Agreement ran until December 31, 2014. Mr. Borne stepped down from his positions as Chief Executive Officer, Chairman and a member of the Board on February 20, 2014.

The agreement provided that upon expiration of the term of the Agreement, Mr. Borne's employment would continue on an at will basis; provided that if Mr. Borne was terminated without Cause or resigned for Good Reason thereafter, he would be compensated as if he were terminated without Cause or resigned for Good Reason prior to a Change in Control during the term of the Agreement (regardless of whether such termination or resignation during the at will employment period occurred before or after a Change in Control).

The Agreement contemplated that the parties would negotiate an amendment to the Agreement prior to the end of each calendar year, extending the term of employment for an additional year. During the course of each negotiation, which was slated to occur annually in October, it was contemplated that the parties would discuss Mr. Borne's performance and, potentially, additional proposed modifications of the Agreement, with a view toward concluding such discussions, and, assuming they actually came to agreement, entering into an amendment to the Agreement prior to the end of the calendar year. However, neither party was legally obligated to actually enter into any such amendment, and any such amendment was required to be approved by the Compensation Committee (the "Committee") and/or the Board.

Under the terms of the Agreement, Mr. Borne, among other things, was entitled to:

- (1) an annual base salary of not less than \$750,000, subject to annual review for increase (but not decrease) by the Committee;
- (2) participate in our annual (cash bonus) incentive plan, with target and maximum award opportunities approved from year to year by the Board and/or the Committee;
- (3) be eligible for annual equity (long-term incentive) awards in the form of shares of restricted and/or non-vested Company common stock and/or securities exercisable for or convertible into shares of Company common stock (provided that no greater than 60% of the target value of any such long-term incentive award shall be subject to performance based, as opposed to tenure-based, vesting conditions, as established by the Board and/or the Committee);

- (4) participate, consistent with his rank and position, in our other compensation, pension, welfare and benefit plans and programs as are made available to our senior level executives or to our employees in general, including deferral, health, medical, dental, long-term disability, travel, accident and life insurance plans, subject to eligibility;
- (5) reimbursement of reasonable business expenses;
- (6) payment of (or reimbursement for the payment of) the premium of a whole life insurance policy on the life of Mr. Borne, under which he was the owner and had the right to designate the beneficiaries, with premiums not exceeding \$25,000 per year; and
- (7) use of an automobile, and reimbursement of all maintenance, insurance and gas expenses; Mr. Borne was entitled to a new automobile no less often than every two years. Mr. Borne was entitled to receive title to the automobile if his employment is terminated without Cause or with Good Reason.

Under the Agreement, we agreed to use our reasonable best efforts, to the extent not inconsistent with applicable laws, rules, regulations and good governance standards, to nominate and cause the election of Mr. Borne to our Board of Directors and to the Board's Executive Committee, if one is constituted. The Agreement provided that if at any time during the term of the Agreement, Mr. Borne was not elected to and serving on our Board of Directors (or Executive Committee of the Board, if one is constituted), Mr. Borne was entitled to terminate the Agreement and would be entitled to the remedies provided for a termination without Cause prior to a Change in Control, which are described below.

In the event Mr. Borne's employment was terminated due to his death, Disability (as defined in the Agreement) or Retirement (as defined in the Agreement), Mr. Borne or his surviving spouse or estate (as the case may be) would have been entitled to benefits due or earned in accordance with the applicable plans of the Company and the following amounts (paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination; and (b) incentive awards earned in the prior year, but not yet paid. Additionally, all unvested equity awards held by Mr. Borne as of the date of death, Disability or Retirement would have immediately vested at the target level (provided, however, that in the case of Mr. Borne's Retirement, awards which were intended to constitute performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and for which performance standards had not been met, would not have been subject to accelerated vesting).

Upon termination for Cause or if Mr. Borne voluntarily resigned without Good Reason (prior to a Change in Control), he was entitled to any benefits earned in accordance with the applicable plans of the Company and the following amounts (to be paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination, and (b) incentive awards earned in the prior year, but not yet paid.

Upon a termination without Cause or a resignation with Good Reason, in both cases prior to a Change in Control, Mr. Borne was entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination, to be paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) unpaid incentive awards earned in the prior year, to be paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (3) continued participation in our group health plans for him and his covered dependents in accordance with the applicable provisions of COBRA;
- (4) a lump sum payment equal to \$2,500, which amount was intended to assist him with the purchase of health care coverage following his termination, but which amount could be used in any manner by him at his sole discretion; and

- (5) an amount equal to two times the sum of (A) his base salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$750,000, to be paid in substantially equal monthly installments in accordance with our payroll practices for a period of 24 months beginning with the calendar month that immediately follows the Earliest Payment Date.

In the event that (x) Mr. Borne's employment was terminated without Cause or he resigned with Good Reason within one year of a Change in Control (or he was terminated without Cause within 90 days prior to a Change in Control), he was entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) unpaid incentive awards earned in the prior year, paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (3) continued participation in our group health plans for him and his covered dependents in accordance with the applicable provisions of COBRA;
- (4) a lump sum payment equal to \$2,500, which amount was intended to assist him with the purchase of health care coverage following his termination, but which amount could be used in any manner by him at his sole discretion;
- (5) an amount equal to three times the sum of (A) his base salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$750,000, which amount was payable in a lump sum following termination; and

(6) immediate vesting (at the target level) of all unvested equity awards held by him as of the date of the Change in Control. Mr. Borne could have requested that we or any successor entity to us provide financial security for payments required by the occurrence of a Change in Control. In the event any excise tax would have been imposed on any payments received under the Agreement that would have constituted excess parachute payments within the meaning of Section 280G(b)(1) of the Code, then such payments would have either been (i) delivered in full pursuant to the terms of the Agreement or (ii) delivered to such lesser extent as results in no portion of the payments being subject to the excise tax. The determination of whether the payments should have been delivered in full or decreased was to be made by us on the basis of which event would have resulted in the receipt by Mr. Borne of the greater net after-tax benefit, determined by reducing the present value (as determined in accordance with Section 280G of the Code) of the payments by all applicable federal, state and local taxes and the excise tax. If there were to be a reduction in the payments, the Agreement specifies the order in which this must be accomplished.

The Agreement provides that Mr. Borne is subject to certain restrictive covenants, including prohibitions against competition and solicitation, for 24 months following his termination. The Agreement also provides that he is subject to a standstill provision, which prevents him from acquiring any Company securities or seeking to effect a Change in Control of the Company (or assisting or working with others to effect a Change in Control of the Company) for a period of 24 months following his termination.

Both Mr. Borne and the Company are subject to arbitration for resolution of disputes arising out of the Agreement. Mr. Borne also has certain indemnity rights as described in the Agreement.

As mentioned above, Mr. Borne's employment with the Company terminated on February 20, 2014. In connection therewith, he was eligible to receive severance under Section 8(c) of the Agreement (Termination without Cause or Resignation with Good Reason).

Employment Agreement with Mr. LaBorde

Pursuant to his Employment Agreement with us, as amended by the First Amendment and the Second Amendment, thereto (as referred to below, the Agreement), Mr. LaBorde has agreed to serve as our President (effective November 1, 2011) and our President and Chief Financial Officer (effective January 1, 2012), with such duties and responsibilities as are customary for the presidents and chief financial officers of corporations of a similar size and businesses as ours and other specified duties. The term of Mr. LaBorde's Agreement runs until December 31, 2014. Under the terms of the Agreement, Mr. LaBorde is entitled to an annual base salary of no less than \$475,000, subject to annual review for increase (but not decrease) by the Committee.

On February 20, 2014, Mr. LaBorde was appointed as our Interim Chief Executive Officer by our Board of Directors. He no longer serves as our Chief Financial Officer. He retained the title of President.

The other terms and provisions of Mr. LaBorde's Agreement are substantially the same as Mr. Borne's Agreement (as described above), except that:

- (1) Mr. LaBorde is not entitled to the following benefits provided to Mr. Borne under his Agreement: (i) whole life insurance policy premium payments and (ii) use of an automobile, and reimbursement of all maintenance, insurance and gas expenses associated therewith;
- (2) If Mr. LaBorde is terminated without Cause or resigns with Good Reason, in both cases prior to a Change in Control, he will be entitled to receive an amount equal to one and one-half times the sum of (A) his base salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$356,250, which amount will be paid in substantially equal monthly installments in accordance with our payroll practices for a period of 18 months beginning with the calendar month that immediately follows the Earliest Payment Date;
- (3) If Mr. LaBorde is terminated without Cause or resigns with Good Reason, in both cases within one year of a Change in Control (or he is terminated without Cause within 90 days prior to a Change in Control), he will be entitled to receive an amount equal to two times the sum of (A) his base salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$356,250, which amount will be paid in a lump sum following termination; he is also entitled to immediate vesting (at the target level) of all unvested equity awards held by him as of the date of the Change in Control; and
- (4) Mr. LaBorde is subject to the various restrictive covenants under the Agreement for a period of 18 months (as opposed to 24 months) following termination.

Until the expiration of the term of the Agreement, we have agreed to use our reasonable best efforts, to the extent not inconsistent with applicable laws, rules, regulations and good governance standards, to nominate and cause the election of Mr. LaBorde to our Board of Directors. If, at any time during the term of the Agreement, Mr. LaBorde is not elected to and serving on our Board of Directors, he is entitled to terminate the Agreement and would be entitled to the remedies provided for a termination without Cause prior to a Change in Control, as described above.

Employment Agreement with Dr. Fleming

Pursuant to his Employment Agreement with us, as amended by the First Amendment and the Second Amendment, thereto, (as referred to below, the Agreement), Dr. Fleming has agreed to serve as our Chief Medical Officer, with such duties and responsibilities as are customary for the chief medical officers of corporations of a similar size and businesses as ours and other specified duties. The term of Dr. Fleming's Agreement runs until December 31, 2014. Under the terms of the Agreement, Dr. Fleming is entitled to an annual base salary of no less than \$285,000, subject to annual review for increase (but not decrease) by the Committee.

- (1) If Dr. Fleming is terminated without Cause or resigns with Good Reason, in both cases prior to a Change in Control, he will be entitled to receive an amount equal to one and one-half times the sum of (A) his base

salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$142,500, which amount will be paid in substantially equal monthly installments in accordance with our payroll practices for a period of 18 months beginning with the calendar month that immediately follows the Earliest Payment Date;

- (2) If Dr. Fleming is terminated without Cause or resigns with Good Reason, in both cases within one year of a Change in Control (or he is terminated without Cause within 90 days prior to a Change in Control), he will be entitled to receive an amount equal to two times the sum of (A) his base salary and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$142,500, which amount will be paid in a lump sum following termination; he is also entitled to immediate vesting (at the target level) of all unvested equity awards held by him as of the date of the Change in Control; and

- (3) Dr. Fleming has no rights in respect to membership on our Board of Directors.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table shows the potential payments to our Named Executive Officers employed as of December 31, 2013, upon: (i) a Change in Control (as such term is defined in their respective employment agreements) of the Company without termination, (ii) a termination without Cause (as such term is defined in their respective employment agreements) or a resignation with Good Reason (as such term is defined in their respective employment agreements) prior to a Change in Control, (iii) a termination without Cause or a resignation with Good Reason following a Change in Control, (iv) Retirement (as such term is defined in their respective employment agreements), (v) death or (vi) Disability (as such term is defined in their respective employment agreements). In preparing the table, we assumed the Change in Control event, employment termination event or resignation occurred on December 31, 2013 and that the ability to receive post-termination or Change in Control payments was governed by the respective employment agreements for our Named Executive Officers in effect as of that date. See Named Executive Officer Employment Agreement Provisions: Potential Payments upon Termination or Change in Control, above, for additional information. The closing price per share of our common stock on December 31, 2013 was \$14.63.

- ⁽¹⁾ Upon termination of employment for any reason, in addition to any earned base severance payments listed in this table, each Named Executive Officer is entitled to unpaid base salary earned through the date of termination paid in a single lump sum within 15 days of termination. Each Named Executive Officer is also entitled any incentive awards earned as of December 31 of the prior year (but not yet paid) paid in a single lump sum within 15 days of termination; however, as of December 31, 2013, no earned incentive awards remained unpaid.

- (2) If employment is terminated without Cause within 90 days before a Change in Control, severance will be paid as if the termination were made following a Change in Control.
- (3) Based on their age and/or the number of years they have been continuously employed by us, none of our Named Executive Officers were eligible to Retire on December 31, 2013 with the exception of Mr. Borne. As defined in their respective employment agreements, Retirement means the executive's voluntary retirement from employment with us: (i) after the age of 55, provided that the executive has been employed by us continuously for at least ten years as of the date of retirement, (ii) after the age of 60, provided that the executive has been employed by us continuously for at least five years as of the date of retirement or (iii) as approved by our Board in its sole discretion.
- (4) Mr. Borne is entitled to (i) the Blue Book value of his Company car (\$47,400), title to which is transferrable to him upon termination, and (ii) payments for two years of life insurance premiums at the maximum rate of \$25,000 per year.

DIRECTOR COMPENSATION

During 2013, all non-employee directors received a monthly retainer of \$5,500 and per diem attendance fees of \$2,000 per each Board of Directors meeting and each committee meeting attended in person and \$1,000 per diem attendance fees for each Board of Directors meeting and each committee meeting attended via teleconference. In other words, if the full Board of Directors and the Compensation Committee each held an in-person meeting on the same day, an attendee of both meetings would receive one \$2,000 fee covering both meetings.

During 2013, in addition to the other fees mentioned, (i) the Lead Director received an annual retainer of \$50,000, paid monthly, (ii) the Chairman of the Audit Committee received an annual retainer of \$20,000, paid monthly, (iii) the Chairman of the Compensation Committee received an annual retainer of \$15,000, paid monthly, (iv) the Chairman of the Nominating and Corporate Governance Committee received an annual retainer of \$10,000, paid monthly, (v) the Chairman of the Quality of Care Committee received an annual retainer of \$10,000, paid monthly, and (vi) the Chairman of the Compliance and Ethics Committee received an annual retainer (effective October 24, 2013) of \$10,000, paid monthly. In addition, on July 1, 2013, each non-employee director received an equity grant valued at \$125,000. The number of shares granted (11,191) was determined by dividing the total grant value by the closing price of the Company's common stock on the date of grant (\$11.17) and rounding up to the next whole share. All directors are entitled to reimbursement for reasonable travel and lodging expenses incurred in attending meetings. Director compensation is approved on an annual basis by independent (non-employee) members of our Board of Directors. The following table shows the value of all cash and equity-based compensation paid to the members of our Board of Directors during the year ended December 31, 2013.

Name (1)(2)	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (3) (4))	Total (\$)
Linda J. Hall	74,000	165,344	239,344
Jake L. Netterville	113,000	125,003	238,003
David R. Pitts	107,000	125,003	232,003
Peter F. Ricchiuti	96,000	125,003	221,003
Donald A. Washburn	153,000	125,003	278,003

- (1) William F. Borne, our former Chief Executive Officer and the former Chairman of our Board of Directors, is not included in the table above as he was an employee of the Company during 2013 and, therefore, did not receive any additional compensation for the services that he provided as a director. The compensation that Mr. Borne received is included in the Summary Compensation Table. Ronald A. LaBorde, our President and Interim Chief Executive Officer and member of our Board of Directors, is also not included in the table above as he is an employee of the Company and, therefore, does not receive any additional compensation for the services that he provides as a director. The compensation that Mr. LaBorde receives is included in the Summary Compensation Table.
- (2) Nathaniel M. Zilkha is not included in this table as he was appointed to our Board of Directors on March 26, 2014.
- (3) The amounts shown in this column reflect the grant date fair value of nonvested stock awards granted to each of our directors. Generally, the grant date fair value is the amount that we would expense in our financial statements over the vesting period of the award. Assumptions used in the calculation of this amount are included in Note 9 to our audited financial statements for the year ended December 31, 2013, included in our Annual Report on Form 10-K filed with the SEC on March 12, 2014. As of December 31, 2013, each director listed above had 11,191 outstanding shares of nonvested stock, 100% of which will vest on July 1, 2014. In addition, as of December 31, 2013, our non-employee directors had outstanding stock options (all of which are fully vested) as follows: Mr. Netterville: 13,334 options outstanding; Mr. Pitts: 6,667 options outstanding; Mr. Ricchiuti: 13,334 options outstanding; and Mr. Washburn: 13,334 options outstanding.
- (4) In connection with her appointment to the Board effective March 7, 2013, Ms. Hall received a restricted stock grant on March 7, 2013 of 3,442 shares of common stock.

Stock Ownership

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our independent directors. In an effort to more closely align their interests with those of our stockholders, each non-employee (independent) director shall own Company shares with a fair market value equal to at least three times their base annual cash retainer.

Each non-employee director shall have five years from the date that they are elected or appointed (as applicable) to the position (or five years from the initial April 2009 effective date of the Corporate Governance Guidelines, whichever date is later) to come into compliance with these ownership requirements.

Once a person subject to the stock ownership requirements accumulates shares with a value equal to the annual retainer, he or she must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company's stock price subsequently declines after the stock ownership requirements are met, he or she will not be required to acquire additional shares. Each of our non-employee directors who were Board members on the date of adoption of our Corporate Governance Guidelines is currently in compliance with the ownership requirements.

CERTAIN TRANSACTIONS

Under our Code of Ethical Business Conduct, no director, officer or employee may have any business, financial, civic or professional interest outside the Company that in any way conflicts with that director's, officer's or employee's ability to perform his or her duties at Amedisys with undivided loyalty, unless there is a review by our legal department and the express consent of our Chief Executive Officer, or, in the case of directors, review by and consent of a majority of the disinterested directors. In addition, in accordance with NASDAQ Marketplace Rule 5630, which functions as our related party transaction policy, our Board of Directors reviews all related party transactions for potential conflict of interest situations on an ongoing basis based upon whether such transactions are in the best interests of our Company and our stockholders. For purposes of this review, a related party transaction is any transaction required to be disclosed pursuant to Item 404 of SEC Regulation S-K. All related party transactions must be approved by a majority of our independent directors (any independent director who is a party to a proposed related party transaction must recuse himself from the vote). Our independent directors' approval of any related party transaction is reflected in the minutes of the meeting of our Board of Directors during which such approval was granted.

No transactions required to be disclosed pursuant to Item 404 of SEC Regulation S-K have occurred since January 1, 2013.

OTHER MATTERS

Stockholder Nominations of Directors

Stockholders may nominate directors for election without consideration by the Nominating and Corporate Governance Committee of our Board of Directors by complying with the eligibility, advance notice and other provisions of our Bylaws, a composite version of which was filed with the SEC as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2013, and are also available on our website at <http://www.amedisys.com>.

Under our Bylaws, a stockholder is eligible to submit a stockholder nomination of directors at an annual meeting if the stockholder is (1) of record based on the record date for determining stockholders entitled to vote at the annual meeting and (2) of record on the date the stockholder gives notice of the nomination to our Corporate Secretary. The stockholder also must provide timely notice of the nomination in writing to our Corporate Secretary. In connection with the 2015 Annual Meeting of Stockholders (the "2015 Annual Meeting"), to be timely under our Bylaws, our Corporate Secretary must receive advance notice of a nomination for election of a director at the 2015 Annual Meeting between close of business on February 5, 2015 and close of business on March 7, 2015, provided however, if and only if the 2015 Annual Meeting is not scheduled to be held between May 6, 2015 and August 4, 2015, such stockholder's notice must be delivered to our Corporate Secretary no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting or (B) if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which public announcement of the date of the meeting is first made by the Company. The proposal also will need to comply with SEC regulations regarding the inclusion of stockholder proposals in Company-sponsored material.

Stockholder Proposals of Other Business

Under our Bylaws, a stockholder is eligible to submit a stockholder proposal of business (other than nominations of directors or proposals properly brought pursuant to Rule 14a-8 of the Exchange Act, the procedures for which are described above) at an annual meeting if the stockholder is (1) of record based on the record date for determining stockholders entitled to vote at the annual meeting and (2) of record on the date the stockholder gives notice of the proposal to our Corporate Secretary. In addition, the proposal must be a proper matter for stockholder action under Delaware law and the stockholder must provide timely notice of the proposal in writing to our Corporate Secretary. To be timely under our Bylaws, our Corporate Secretary must receive advance notice of a proposal for business at the 2015 Annual Meeting between close of business on February 5, 2015 and close of business on March 7, 2015, provided however, if and only if the 2015 Annual Meeting is not scheduled to be held between May 6, 2015 and August 4, 2015, such stockholder's notice must be delivered to our Corporate Secretary no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting or (B) if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which public announcement of the date of the meeting is first made by the Company. The advance notice of the proposal must contain certain information specified in our Bylaws, including information concerning the proposal and the stockholder proponent.
