Edgar Filing: Rice Midstream Partners LP - Form SC 13D

outstanding following the Offering, based on the Issuer's filing pursuant to Rule 424(b)(4) on December 18, 2014 with the SEC.

Pursuant to Rule 13d-3 of the Act, the Reporting Persons may be deemed to beneficially own 3,623 common units and 28,753,623 subordinated units of the Issuer, which constitutes approximately 50.0% of the outstanding common units and subordinated units of the Issuer. See Schedule 1 for the information applicable to the Covered Persons. Except for the foregoing and the cash distribution described in Item 6 below, no other person is known by the Reporting Persons to have the right to receive or the power to direct the receipt of distributions from, or the proceeds from the sale of, common units beneficially owned by the Reporting Persons or, to the Reporting Persons' knowledge, the Covered Persons. (e) Not applicable.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

The information set forth or incorporated in Item 3 and Item 4 is hereby incorporated herein by reference.

The Partnership Agreement

The General Partner, as the sole general partner of the Issuer, and Rice Midstream Holdings, as the organizational limited partner of the Issuer, are party to the Partnership Agreement.

Cash Distributions

The Issuer's cash distribution policy will require it to pay cash distributions at an initial distribution rate of \$0.1875 per common unit per quarter (\$0.75 per common unit on an annualized basis) to the extent the Issuer has sufficient cash from operations after establishment of cash reserves and payment of fees and expenses, including payments to its general partner and its affiliates. The Issuer calls this quarterly distribution amount the minimum quarterly distribution, and the Issuer's ability to pay it is subject to various restrictions and other factors. The Issuer will adjust the minimum quarterly distribution for the period from the closing of the Offering through December 31, 2014, based on the actual length of that period.

The Partnership Agreement requires the Issuer to distribute, at the end of each quarter, all of its cash on hand. The Issuer refers to this amount as available cash. The Partnership Agreement requires that the Issuer distribute all of its available cash each quarter in the following manner:

first, to the holders of common units, until each common unit has received the minimum quarterly distribution of \$0.1875 plus any arrearages from prior quarters;

second, to the holders of subordinated units, until each subordinated unit has received the minimum quarterly distribution of \$0.1875; and

third, to the holders of common units and subordinated units pro rata until each has received a distribution of \$0.2156.

Edgar Filing: Rice Midstream Partners LP - Form SC 13D

If cash distributions to the unitholders exceed \$0.2156 per common unit and subordinated unit in any quarter, the unitholders and Rice Midstream Holdings, as holder of our incentive distribution rights, will receive increasing percentages, up to 50%, of the cash the Issuer distributes in excess of that amount.

Conversion of Subordinated Units

The principal difference between the common units and subordinated units is that in any quarter during the subordination period, holders of the subordinated units are not entitled to receive any distribution until the common units have received the minimum quarterly distribution plus any arrearages in the payment of the minimum quarterly distribution from prior quarters. The subordinated units will not accrue arrearages.

The subordination period will end on the first business day after the Issuer has earned and paid at least (1) \$0.75 (the minimum quarterly distribution on an annualized basis) on each outstanding common unit and subordinated unit for each of three consecutive, non-overlapping four-quarter periods ending on or after December 31, 2017 or (2) \$1.125 (150.0% of the annualized minimum quarterly distribution) on each outstanding common unit and subordinated unit and the related distributions on the incentive distribution rights for the four-quarter period immediately preceding that date, in each case provided there are no arrearages on the common units. When the subordination period ends, all subordinated units will convert into common units on a one-for-one basis, and thereafter no common units will be entitled to arrearages.

Issuance of Additional Units

The Partnership Agreement authorizes the Issuer to issue an unlimited number of units on terms determined by the General Partner without unitholder approval.

Limited Voting Rights

The General Partner controls the Issuer and the unitholders have only limited voting rights. Unitholders have no right to appoint the General Partner or its directors. The General Partner may not be removed, except by a vote of the holders of at least 66 2/3% of the Issuer's units, including units owned by the General Partner and its affiliates. Because Rice Midstream Holdings owns 100% of the interests in the General Partner, it has the ability to prevent the General Partner's involuntary removal.

Limited Call Right

If at any time the General Partner and its affiliates own more than 80% of the outstanding common units, the General Partner has the right, but not the obligation, to purchase all of the remaining common units at a price equal to the greater of (1) the average of the daily closing price of the common units over the 20 trading days preceding the date three days before notice of exercise of the call right is first mailed and (2) the highest per-unit price paid by the General Partner or any of its affiliates for common units during the 90-day period preceding the date such notice is first mailed.

Registration Rights

The Issuer has agreed to register for resale under the Securities Act and applicable state securities laws any common units, subordinated units or other limited partner interests proposed to be sold by the General Partner or any of its affiliates or their assignees if an exemption from the registration requirements is not otherwise available. These registration rights continue for two years following any withdrawal or removal of the General Partner. The Issuer is obligated to pay all expenses incidental to the registration, excluding underwriting discounts.

The General Partner's Limited Liability Company Agreement

Under the Amended and Restated Limited Liability Company Agreement of the General Partner (the "GP LLC Agreement"), Rice Midstream Holdings has the right to elect the members of the board of directors of the General

Partner.

To the Reporting Persons' knowledge, there are no other contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of the Issuer.

References to, and descriptions of, the Partnership Agreement as set forth in this Item 6 are qualified in their entirety by reference to the Partnership Agreement filed as Exhibit 3.1 to the Issuer's current report on Form 8-K filed with the Commission on December 22, 2014 which is incorporated in its entirety in this Item 6. References to, and descriptions of, the GP LLC Agreement as set forth in this Item 6 are qualified in their entirety by reference to the GP LLC Agreement filed as Exhibit 3.2 to the Issuer's current report on Form 8-K filed with the Commission on December 22, 2014, which is incorporated in its entirety in this Item 6.

Registration Rights Agreement

In connection with the registration rights agreement by and among the Issuer and Rice Midstream Holdings (the Registration Rights Agreement), dated December 22, 2014, the Issuer may be required to register the sale of the (i) common units issued to Rice Midstream Holdings pursuant to the Contribution Agreement, (ii) subordinated units and (iii) common units issuable upon conversion of subordinated units pursuant to the terms of the Partnership Agreement (together, the Registrable Securities) it holds. Under the Registration Rights Agreement, Rice Midstream Holdings will have the right to request that the Issuer register the sale of Registrable Securities held by Rice Midstream Holdings, and Rice Midstream Holdings will have the right to require the Issuer to make available shelf registration statements permitting sales of Registrable Securities into the market from time to time over an extended period, subject to certain limitations. Pursuant to the Registration Rights Agreement and the Partnership Agreement, the Issuer may be required to undertake a future public or private offering and use the proceeds (net of underwriting or placement agency discounts, fees and commissions, as applicable) to redeem an equal number of common units from Rice Midstream Holdings. In addition, the Registration Rights Agreement gives Rice Midstream Holdings piggyback registration rights under certain circumstances. The Registration Rights Agreement also includes provisions dealing with indemnification and contribution and allocation of expenses. All of the Registrable Securities held by Rice Midstream Holdings and any permitted transferee will be entitled to these registration rights.

The Underwriting Agreement

In connection with the Underwriting Agreement, by and among the Issuer, the General Partner, Rice Energy, Rice Midstream Holdings and Barclays Capital Inc. and the other underwriters named therein, dated December 16, 2014, relating to the Offering (the Underwriting Agreement), Rice Midstream Holdings and the executive officers and directors of the General Partner have agreed not to sell any common units they beneficially own for a period of 180 days from the date of the Underwriting Agreement. References to, and descriptions of, the Underwriting Agreement as set forth in this Item 6 are qualified in their entirety by reference to the Underwriting Agreement filed as Exhibit 1.1 to the Issuer's current report on Form 8-K filed with the Commission on December 22, 2014, which is incorporated in its entirety in this Item 6.
