PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (**Board**) of Universal Insurance Holdings, Inc., a Delaware corporation (**Company**), of proxies to be voted at the 2015 Annual Meeting of Shareholders, to be held at the Hotel Monaco, 620 William Penn Place, Pittsburgh, Pennsylvania 15219, on Thursday, June 4, 2015, at 9:00 a.m., Eastern Daylight Time, and at any and all postponements or adjournments thereof, for the items of business set forth in the accompanying Notice of 2015 Annual Meeting of Shareholders.

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, including financial statements audited by Plante & Moran, PLLC, is included. This Proxy Statement, Notice of 2015 Annual Meeting of Shareholders, accompanying proxy card and Annual Report are first expected to be posted together to <http://www.cstproxy.com/universalinsuranceholdings/2015> on or about April 17, 2015.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

1. What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated Frank C. Wilcox as proxy for the meeting.

2. What is a proxy statement?

A proxy statement is a document that Securities and Exchange Commission (**SEC**) regulations require us to give you when we ask you to sign a proxy card designating Frank C. Wilcox as proxy to vote on your behalf.

3. What is the difference between holding shares as a shareholder and as a beneficial shareholder?

If your shares are registered directly in your name with our registrar and transfer agent, Continental Stock Transfer & Trust Company, you are considered a shareholder of record with respect to those shares.

If your shares are held in a brokerage account or with a bank, you are considered the **beneficial owner** of those shares.

4. How do I attend the meeting? What do I need to bring?

You need to bring a photo ID to gain admission.

If you are a beneficial owner, bring your most recent brokerage statement with you to the meeting. We can use the brokerage statement to verify your ownership of shares and admit you to the meeting; however, you will not be able to vote your shares at the meeting without a legal proxy, as described in response to question 5.

Please note that cameras and sound or video recording equipment will not be permitted in the meeting room.

Table of Contents

5. How can I vote at the meeting if I am a beneficial owner?

You will need to ask your broker, bank or other intermediary to furnish you with a legal proxy. You will need to bring the legal proxy with you to the meeting and hand it in with a signed ballot that will be provided to you at the meeting. You will not be able to vote your shares at the meeting without a legal proxy.

Please note that if you request a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the meeting and vote in person or legally appoint another proxy to vote on your behalf.

If you do not receive the legal proxy in time, you can follow the procedures described in the response to question 4 to gain admission to the meeting; however, you will not be able to vote your shares at the meeting.

6. What different methods can I use to vote?

By Written Proxy, Internet or Telephonic Voting: All shareholders can vote by written proxy card. If you are a beneficial owner, you will receive a written proxy card or a voting instruction form from your broker, bank or other intermediary. If you are a record holder, you will receive a written proxy card or voting instruction form from the Company. Such proxy card or voting instruction form also provides instructions for voting by Internet or telephonic means.

In Person: All shareholders of record may vote in person at the meeting. Beneficial owners may vote in person at the meeting if they have a legal proxy, as described in response to question 5.

7. What is the record date and what does it mean?

The record date for the meeting is April 6, 2015. The record date is established by the Board as required by the Delaware General Corporation Law and our bylaws. Owners of record at the close of business on the record date are entitled to receive notice of the meeting and vote at the meeting and any adjournments of the meeting.

8. What securities will be voted at the meeting?

The securities to be voted at the meeting consist of (i) shares of common stock of the Company, \$0.01 par value per share (Common Stock), with each share entitling its record owner to one (1) vote; (ii) shares of Series M Preferred Stock of the Company, \$0.01 par value per share (Series M Preferred Stock), with each share entitling its record owner to one (1) vote; and (iii) shares of Series A Preferred Stock of the Company, \$0.01 par value per share (Series A Preferred Stock), with each share entitling its record owner to one (1) vote. The holders of Series M Preferred Stock, voting separately as a series, are entitled to elect two (2) directors at the meeting. The holder of all of the outstanding shares of Series M Preferred Stock has advised us that he currently does not intend to exercise his right to elect two (2) directors at the meeting. While the holder of the Series M Preferred Stock has not submitted any director nominees for inclusion in this Proxy Statement, such holder retains the right to elect two (2) directors at the meeting. The holders of Common Stock, Series M Preferred Stock and Series A Preferred Stock, voting together as one class, are entitled to elect the remaining directors.

Table of Contents

9. What shares are included on the proxy card?

Each shareholder holding shares of Common Stock, Series A Preferred Stock and Series M Preferred Stock will receive one proxy card for all of the shares of Common Stock, Series A Preferred Stock and Series M Preferred Stock held by such shareholder in certificate or book-entry form.

10. What constitutes a quorum at the meeting?

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of the Series M Preferred Stock entitled to vote at the meeting for those matters where a separate vote of the Series M Preferred Stock is required, and of at least a majority of the total number of outstanding shares of the Common Stock, Series M Preferred Stock and Series A Preferred Stock entitled to vote at the meeting for those matters where the Common Stock, Series M Preferred Stock and Series A Preferred Stock, voting together as a class, is required, is necessary to constitute a quorum at the meeting. If a quorum is not present at the meeting, a majority of the shares so represented may vote to adjourn the meeting from time to time without further notice.

11. What can I do if I change my mind after I vote my shares?

Shareholders can revoke a proxy prior to the completion of voting at the meeting by:

sending written notice to Stephen J. Donaghy, Secretary, Universal Insurance Holdings, Inc., 1110 West Commercial Boulevard, Fort Lauderdale, Florida 33309;

delivering a later-dated proxy; or

appearing at the meeting and giving the Secretary notice of your intention to vote in person (unless you are a beneficial owner without a legal proxy, as described in the response to question 5).

12. Are votes confidential? Who counts the votes?

We will continue our practice of holding the votes of all shareholders in confidence from directors, officers and employees except:

as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company;

in the case of a contested proxy solicitation;

if a shareholder makes a written comment on the proxy card or otherwise communicates his or her vote to management; or

to allow the independent inspector of the election to certify the results of the vote.

13. What votes may I cast for the proposals?

With respect to Proposal 1, you may either (i) vote in favor of all nominees; (ii) vote in favor of specific nominees; (iii) withhold your vote with respect to all nominees; or (iv) withhold your vote with respect to specific nominees.

With respect to Proposal 2, you may vote For or Against, or Abstain from voting.

Table of Contents

14. How many votes are needed for each proposal and how are the votes counted?

If a quorum is present at the meeting, the nine (9) nominees for election as directors who receive the greatest number of affirmative For votes at the meeting will be elected as directors (*Item 1 on the proxy card*).

The favorable vote of a majority of the votes cast on the proposal will be required:

FOR the ratification of the appointment of Plante & Moran, PLLC as the independent registered public accounting firm for the fiscal year 2015 (*Item 2 on the proxy card*); and

FOR any other proposal that may properly come before the meeting.

15. What if I return my proxy without specifying a choice for a given matter?

Shareholders should specify their choice for each matter when using the enclosed proxy card. If no specific instructions are given, proxies that are signed and returned will be voted:

FOR the election of all director nominees as set forth in this Proxy Statement; and

FOR the ratification of the appointment of Plante & Moran, PLLC as the independent registered public accounting firm for the fiscal year 2015.

16. What are abstentions and broker non-votes and how are they counted?

Abstentions and broker non-votes are included in determining whether a quorum is present. A broker non-vote occurs when a nominee holding shares for a beneficial owner (i.e., a broker) does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner.

Abstentions and broker non-votes are not considered votes cast and, thus, do not have an effect on the outcome of the vote as to any of the items presented in this Proxy Statement. Under the rules of the New York Stock Exchange (NYSE), on which shares of our Common Stock are traded, Item 2 is considered a routine matter on which brokers will be permitted to vote in their discretion, even if the beneficial owners do not provide voting instructions. However, Item 1 is not considered a routine matter under NYSE rules, and brokers will not be permitted to vote on Item 1 if the beneficial owners fail to provide voting instructions.

17. Who pays the cost in connection with the solicitation of proxies?

We will bear the cost of soliciting proxies. Officers and regular employees of the Company may solicit proxies by a further mailing or personal conversations or via e-mail, telephone or facsimile, provided that they do not receive compensation for doing so. Upon request, we will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The Board is responsible for overseeing management and providing sound governance on behalf of our shareholders. The Board selects our executive officers, delegates responsibilities for the conduct of day-to-day operations to such officers and monitors the performance of our officers.

Board Membership Criteria and Nominations

In selecting candidates for director, the Board looks for individuals with strong personal attributes including:

Integrity: Directors should demonstrate high ethical standards and integrity in their personal and professional dealings;

Accountability: Directors should be willing to be accountable for their decisions as directors;

Judgment: Directors should possess the ability to provide wise and thoughtful counsel on a broad range of issues;

Responsibility: Directors should interact with each other in a manner that encourages responsible, open, challenging and inspired discussion;

High Performance Standards: Directors should have a history of achievements that reflects high standards for themselves and others;

Commitment and Enthusiasm: Directors should be committed to, and enthusiastic about, their service on the Board; and

Courage: Directors should possess the courage to express views openly, even in the face of opposition. The Board maintains no formal policy regarding Board membership diversity but views it expansively and considers, among other things, functional areas of experience, educational background, employment experience and leadership performance, as well as more intangible factors that may be deemed appropriate to develop a heterogeneous and

cohesive Board.

The Board has not adopted a formal policy with regard to the consideration of any director nominees recommended by shareholders. The Board and Nominating and Governance Committee believe it is appropriate for the Company not to have such a policy because, historically, no shareholder nominations of outside directors have been proffered. The Board and Nominating and Governance Committee will continue to monitor whether it is appropriate to implement a process for the consideration of director nominees recommended by shareholders.

Table of Contents**Election of Director Nominees**

The Board, upon the recommendation of the Nominating and Governance Committee, has nominated incumbent directors Scott P. Callahan, Sean P. Downes, Darryl L. Lewis, Ralph J. Palmieri, Richard D. Peterson, Michael A. Pietrangelo, Ozzie A. Schindler, Jon W. Springer and Joel M. Wilentz, M.D., for election to the Board to serve as directors until the 2016 annual meeting or until each nominee's successor is duly elected and qualified.

The nominees have consented to be named and have indicated their intent to serve if elected. The Board has no reason to believe that the nominees will be unavailable. If any nominee becomes unavailable for any reason, or if any vacancy in the slate of directors to be elected at the meeting should occur before the election, the shares represented by the proxy will be voted for the person, if any, who is designated by the Board to replace the nominee or to fill such vacancy on the Board.

Acting pursuant to our bylaws, the Board has fixed the number of director seats on the Board at 11. The Board has nominated nine (9) director nominees for election at the meeting and, pursuant to our certificate of incorporation, two (2) Board seats will remain vacant unless the holder of the outstanding shares of Series M Preferred Stock determines to elect two (2) director nominees to fill such seats (as described below). We are soliciting proxies only for the nine (9) director nominees identified above.

The holder of Series M Preferred Stock, voting separately as a series, is entitled to elect directors to fill two (2) director seats. The holder of all outstanding shares of Series M Preferred Stock has advised us that he currently does not intend to exercise his right to elect two (2) directors at the meeting. While the holder of Series M Preferred Stock has not submitted any director nominees for inclusion in this Proxy Statement, he retains the right to elect two (2) directors at the meeting.

The holders of Common Stock, Series M Preferred Stock and Series A Preferred Stock, voting together as one (1) class, are entitled to elect directors to fill the seats currently held by Scott P. Callahan, Sean P. Downes, Darryl L. Lewis, Ralph J. Palmieri, Richard D. Peterson, Michael A. Pietrangelo, Ozzie A. Schindler, Jon W. Springer and Joel M. Wilentz, M.D., each of whom the Board recommends for reelection.

The nine (9) nominees for election as directors who receive the greatest number of affirmative For votes of the shares of Common Stock, Series M Preferred Stock and Series A Preferred Stock, voting together as a class at the meeting, will be elected as directors. If elected, each nominee is expected to serve until the 2016 annual meeting or until his successor is duly elected and qualified.

The table below sets forth the number and classes of Company stock entitled to vote at the meeting.

Class of Voting Stock	Number of Record Holders as of the Record Date	Number of Shares Outstanding as of the Record Date	Number of Votes Entitled to Be Cast as of the Record Date
Common Stock	41	36,057,160	36,057,160
Series M Preferred Stock	1	2,000	2,000
Series A Preferred Stock	1	9,975	9,975

The Board unanimously recommends that the nominees described above be elected as directors to serve until the 2016 annual meeting of shareholders or until each nominee's successor is duly elected and qualified.

Board Leadership Structure

The Board believes that it is important to retain flexibility in determining the best leadership structure for the Company at any particular time. Our bylaws provide that the roles of Board Chairman and Chief Executive Officer may be filled by the same or different individuals, which provides the Board the flexibility to determine whether these roles should be combined or separated based on the Company's circumstances and needs at a given time. The roles of Chairman and Chief Executive Officer of the Company are currently held by the same person, Sean P. Downes. The Board believes that our shareholders are best served at this time by having Mr. Downes fill both positions. Mr. Downes' tenure and experience with the Company make him most familiar with the business and challenges the Company faces in the current environment. His experience and expertise make him the most appropriate person to set agendas for, and lead discussions of, strategic matters affecting our business at this time. Moreover, this structure enables Mr. Downes to act as a bridge between management and the Board and helps to promote unified leadership and direction. The Board believes this structure, together with a strong lead independent director, currently provides the appropriate leadership of the Company and facilitates effective communications between the Board and management. Our Chairman is appointed annually by all the directors. The Chairman's responsibilities include calling and presiding at Board and shareholder meetings and preparing meeting schedules, agendas and materials.

Independence of Our Directors

SEC and NYSE rules require that at least a majority of our directors be independent of the Company and management. The Board has determined that each of the following current non-management directors is an independent director, as such term is defined by SEC and NYSE rules: Scott P. Callahan, Darryl L. Lewis, Ralph J. Palmieri, Richard D. Peterson, Michael A. Pietrangelo, Ozzie A. Schindler and Joel M. Wilentz, M.D. Mr. Ralph Palmieri's son, Matthew J. Palmieri, is employed as Senior Vice President of Blue Atlantic, an affiliate of the Company. Matthew Palmieri is not an executive officer of Blue Atlantic or the Company, and he does not perform policy-making functions for Blue Atlantic or the Company. Accordingly, the Board has determined that Mr. Ralph Palmieri is an independent director under applicable SEC and NYSE rules. See "Certain Relationships and Related-Party Transactions" in this section of the Proxy Statement for additional details regarding Matthew Palmieri's employment agreement with Blue Atlantic.

Lead Independent Director; Meetings of Non-Management Directors

In 2014, the Board enhanced its emphasis on independent oversight by establishing the position of lead independent director. Our non-management directors chose Michael A. Pietrangelo as lead independent director. Our non-management directors meet at least quarterly in a separate executive session and met three (3) times in 2014. Our independent directors meet at least annually in a separate executive session and met one (1) time in 2014. Our lead independent director presides over all executive sessions of our non-management and independent directors, facilitates communication between management and our non-management directors and is available for consultation with major shareholders and other constituencies, as appropriate. Interested parties may anonymously communicate any concerns to our lead independent director and non-management directors by calling 877-778-5463, which is the same number that employees may use to anonymously report complaints to the Audit Committee concerning accounting or auditing matters pursuant to our Code of Conduct.

Board and Director Annual Evaluations

At the direction of the Nominating and Governance Committee, the Board annually conducts a self-evaluation aimed at enhancing effectiveness. The annual assessment process is a key governance tool used by the Nominating and Governance Committee to solicit feedback in a number of areas, including overall effectiveness, communications with

management and committee structures. Each committee also performs an annual self-evaluation, which includes an assessment of its effectiveness and a review of the committee charter and other relevant governance practices and procedures. The Nominating and Governance Committee periodically reviews and assesses the evaluation process as well.

Table of Contents

The Board's Role in Risk Oversight

Risk is an inherent part of our business, and effective risk management is a top Board priority. Risk management and key risks identified by management are overseen by the Board and its committees. These include material operational, financial, compensation and compliance risks. Among other considerations, each year the Board reviews our reinsurance program by which we cede insurance risk to reinsurers. The Board and management also focus on privacy protection, cybersecurity and information security in an effort to mitigate the risk of cyber attacks and protect the Company's information and that of our customers.

Our Board committees also help manage risk. The Audit Committee performs a central oversight role with respect to financial and compliance risks. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's policies and guidelines governing the process by which risk assessment and risk management are undertaken by management, including guidelines and policies to identify major financial risk exposures and the steps management has taken to monitor and control such exposures. The Compensation Committee considers risk in connection with its design of compensation programs for our executives, including confirming that the compensation program does not encourage unnecessary risk taking. The Nominating and Governance Committee assists in managing risk by annually reviewing the composition of the Board and its committees, including with regard to director independence, by assessing the adequacy of our corporate governance policies and procedures and by making recommendations to the Board, as appropriate, regarding modifications to such policies and procedures. The Investment Committee considers risks related to the investment of the Company's securities portfolio and reviews the performance of the portfolio, compliance with applicable state investment codes and regulations and adherence to the Company's investment strategy.

Committees and Committee Chairs

The Board has appointed strong committee chairs to lead each Board committee in its respective area. All committee chairs are independent and appointed annually by the Board. Committee chairs are responsible for setting meeting agendas, presiding at committee meetings, facilitating open communications with the Board and management and working directly with management in connection with committee matters. Our committees have the authority and the resources to seek legal or other expert advice from independent sources. Each committee reports its actions and recommendations to the full Board on a regular basis.

Code of Business Conduct and Ethics

The Board adopted our Code of Conduct and most recently revised it on March 19, 2015. The Code of Conduct is a collection of rules and policy statements that provides guidance and resources intended to assist directors, officers and employees in making decisions about their conduct in relation to the Company's business. The Code of Conduct is a critical component in helping us maintain high professional standards. We also provide an internal reporting hotline, through which employees can anonymously report suspected violations of the Code of Conduct or other policies. Suspected violations of the Code of Conduct are investigated by the Company and may result in disciplinary action if allegations are proven true. The Code of Conduct is publicly available at our headquarters in Fort Lauderdale, Florida, and also on our website at www.universalinsuranceholdings.com. The Audit Committee annually reviews our Code of Conduct for changes, as appropriate.

Table of Contents

Governance Guidelines

The Board adopted our Governance Guidelines and most recently revised them on February 2, 2015. Our Governance Guidelines address director independence standards, conflicts of interest, meeting and committee procedures, Board membership criteria, director qualifications and duties and succession planning, among other pertinent governance matters. Our Governance Guidelines are publicly available at our headquarters in Fort Lauderdale, Florida, and also on our website at www.universalinsuranceholdings.com. The Nominating and Governance Committee annually reviews the Governance Guidelines for changes, as appropriate.

Shareholder Communications

We have an established process for shareholders to send communications to the Board. Shareholders may anonymously communicate any concerns regarding the Company to our non-management directors by calling 877-778-5463, which is the same number that employees may use to anonymously report complaints to the Audit Committee concerning accounting or auditing matters pursuant to the Code of Conduct. Upon receipt of shareholder information, the non-management directors have discretion whether to convey any such information to our full Board.

We have outreach and engagement with our largest shareholders. Recently, we have reached out to our institutional shareholders, representing in the aggregate approximately 60% of our institutional ownership at April 6, 2015, for input on governance and executive compensation matters. We are thoughtfully considering matters raised through this outreach, including the appropriate percentage of shares necessary to call a special meeting of shareholders and input regarding our executive compensation program. See [Advisory Votes on Compensation](#) in the Executive Compensation section of this Proxy Statement for additional details regarding our response to shareholder feedback on our executive compensation program.

Compensation Clawback Policy

Our clawback policy is designed to mitigate risk in connection with executive compensation. The clawback policy seeks to recover certain compensation awarded under our 2009 Omnibus Incentive Plan, as amended from time to time ([Omnibus Plan](#)). Specifically, the clawback policy provides that if the Board determines that:

we are required to restate our financial statements due to material noncompliance with any financial reporting requirement under the law, whether or not such noncompliance is the result of misconduct, the employee must reimburse the Company for any amounts earned or payable with respect to an Omnibus Plan award to the extent required by and otherwise in accordance with applicable law and our policies as may be adopted from time to time; or

the prior determination of the level of achievement of any performance goal used under the Omnibus Plan is materially incorrect and that such determination caused the award of cash or shares in an amount greater than what should have been paid or delivered had such determination been correct, the employee must return to the Company the amount of the overpayment.

Stock Ownership; No Hedging or Pledging Shares

It is expected that, within two (2) years of joining the Board, our directors will own shares of Common Stock having a value of at least \$25,000. We believe that our directors should be personally invested in the Company alongside our

shareholders. Currently and historically, our executive officers hold and have held significant positions in our Common Stock, and the Board has determined that a stock ownership requirement for executive officers is not necessary at this time. Additionally, our directors, executive officers and senior accounting and finance personnel may not hedge or short shares of Common Stock, engage in options trading, trade on margin or pledge shares of Common Stock as collateral.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the Company's executive compensation program and reviews actions taken by the Company and the Compensation Committee concerning the 2014 compensation of our President and Chief Executive Officer (Chief Executive Officer), Executive Vice President and Chief Operating Officer (Chief Operating Officer), Chief Administrative Officer (Chief Administrative Officer) and Chief Financial Officer and Principal Accounting Officer (Chief Financial Officer) (collectively, the Named Executive Officers).

The Compensation Committee oversees our compensation program for our Named Executive Officers and the equity compensation program for the Company's employees generally. The Compensation Committee also provides guidance to the Chief Executive Officer regarding his recommendations for the compensation of all other officers. In making its decisions, the Compensation Committee takes into account, among other things, the Company's performance, shareholder alignment, individual employee performance, the Company's executive retention needs, the recommendations of the Chief Executive Officer, the terms of applicable employment agreements with the Named Executive Officers (as discussed below) and the advice of the Compensation Committee's independent compensation consultant.

Assessment of Compensation Policies and Practices

In establishing and reviewing our executive compensation program, the Compensation Committee considers, among other things, whether the program pays our executives for performance and whether the program encourages unnecessary or excessive risk taking. The Compensation Committee has concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. In conducting its evaluation, the Compensation Committee, with input from senior management, considers various aspects of our compensation program, including:

base salaries that are set at fixed amounts;

Table of Contents

incentive bonus compensation that is tied to pre-tax income and after-tax profits, rather than sales or revenue targets that could encourage the production of unprofitable business;

the portion of total compensation that is linked to the Company's long-term performance, which encourages the creation of shareholder value;

the practice of granting equity-based awards subject to multiyear vesting periods, which promotes decision making that is in the Company's long-term interests; and

the clawback policy that provides additional assurance that risks associated with our compensation plans and policies are further mitigated.

Subject to the terms of existing employment agreements with senior management, the Compensation Committee reviews annually the principal components of executive compensation. During 2014, management briefed both the Compensation Committee and the Board on actions management took to reduce the percentage of premium and risk that the Company cedes to reinsurers. While the Company reduced its quota share cession rate from 45% under its 2013-2014 reinsurance program to 30% under its 2014-2015 reinsurance program, which it believes will ultimately increase profitability, the totality of the Company's negotiated arrangements in its 2014-2015 reinsurance program results in reduced catastrophe risk retention as compared to the prior reinsurance program year. The Compensation Committee considered these actions by the Company in light of the allocation of the current components of compensation, and both the Company and the Compensation Committee plan to factor the effects of the reinsurance program into their future compensation design decisions for senior management.

2014 Compensation Process

The majority of the Compensation Committee's deliberations during 2014 focused on the terms of the expiring employment agreements for Messrs. Springer and Donaghy and the overall design of a compensation program that would reevaluate each of the components of the total compensation payable to the Company's senior management. The Compensation Committee's deliberations were also informed by the results of the Company's 2014 say-on-pay proposal, in which, at our 2014 annual meeting, our shareholders approved, on an advisory basis, the compensation of our Named Executive Officers by the affirmative vote of 50.2% of the shares cast on that proposal. This approval percentage was a decline from the Company's prior say-on-pay proposal in 2011.

During 2014, the Compensation Committee retained Pay Governance LLC as an independent compensation consultant to advise the Compensation Committee on matters affecting the Company's compensation program for senior management. Pay Governance reports directly to the Compensation Committee and has no other relationships with the Company and provides no other services to the Company.

The Compensation Committee worked with the compensation consultant to review various alternatives for pay design and discussed these compensation alternatives with the Company's senior management. The Company also engaged in a shareholder outreach program to solicit input on the Company's executive compensation program, among other matters. After discussions with, and upon the recommendation to the Board by, the Chief Executive Officer, the Compensation Committee extended the expiring employment agreements of Messrs. Springer and Donaghy until the end of 2015 to give the Company time to complete its shareholder outreach efforts and to allow the Company and the Compensation Committee to formulate a revised compensation program applicable to Messrs. Downes, Springer and Donaghy. As of the date of this Proxy Statement, the Compensation Committee and senior management are still in the

process of designing the new program.

In the course of its deliberations during 2014, the Compensation Committee considered market data on compensation programs and pay levels at other companies provided by its compensation consultant, but did not set pay levels for 2014 based on pay levels at competitors or based on any identified peer group of companies.

Table of Contents***Elements of Compensation***

As noted above, the compensation for each of the Named Executive Officers is largely determined by the terms of the employment agreements in place for each such officer and by periodic equity grants made to the Named Executive Officers under the terms of their agreements or to supplement the cash compensation payable pursuant to their agreements. The following table outlines the major elements of compensation in fiscal year 2014 for our Named Executive Officers:

Elements of Compensation		Description	Purpose
Short-Term Compensation	Base Salary	Fixed annual compensation under terms of existing employment agreements (see Employment Agreements and Potential Payments Upon Termination of Employment or Change in Control below).	To attract and retain talent.
	Performance-Based Cash Incentive	An annual opportunity with actual payouts measured as a percentage of pre-tax income or after-tax profit of the Company. In lieu of a cash incentive based on pre-tax income or after-tax profit, Mr. Wilcox is instead eligible to receive an annual discretionary bonus.	To focus management on short-term (one (1) year) financial results and to provide for qualified performance-based compensation that is deductible for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).
Long-Term Incentive Compensation	Restricted stock grants	Restricted stock gives the holder the right to the fair market value of shares at the time of vesting and directly aligns the interests of our investors and our executives.	To retain executives and motivate them to drive increases in stock price over the vesting period of the stock grant.
Benefit Plans	401(k), Life Insurance and Medical Benefits	Standard benefit plans provided by similar companies.	To provide market-competitive benefits.
Perquisites	Auto Allowance	An allowance of up to \$7,500 per year toward the acquisition or use of an automobile.	To serve as an additional employment incentive.

Employment Agreements with the Named Executive Officers

Effective February 22, 2013, the Company entered into an amended and restated employment agreement with Mr. Downes that provides the framework for his compensation with the Company through 2015. Effective February 22, 2013, the Company entered into an employment agreement with Mr. Springer that provided the framework for his compensation through the end of 2014. As noted above, by an amendment to Mr. Springer's employment agreement dated as of December 15, 2014, the term under the agreement was extended through December 31, 2015. Effective February 22, 2013, the Company entered into an employment agreement with Mr. Donaghy that provided the framework for his compensation through the end of 2014. By an amendment to Mr. Donaghy's employment agreement dated as of December 15, 2014, the term under the agreement was extended through December 31, 2015. Effective October 1, 2013, the Company entered into an employment agreement with Mr. Wilcox that provides a framework for his compensation through October 1, 2015. In entering into the employment agreements with our Named Executive Officers, the Company was guided by the following principles and limitations, as applicable:

Table of Contents

Content of Each Executive's Prior Employment Agreement. The terms of the prior employment agreements between with the Company and Messrs. Downes, Springer and Donaghy formed the basis for their current employment agreements and recognize each executive's responsibility for diverse functions within the Company and the continued and successful development and implementation of our business strategy.

Limited Term. Given the continuing evolution of our business and the changing roles of the Named Executive Officers (particularly Messrs. Downes, Springer and Donaghy) in helping the Company to achieve its goals, each of the employment agreements with the Named Executive Officers provide for fixed terms of employment. Pending the negotiation of amended employment agreements with each of the Named Executive Officers, the employment agreements, as amended, are set to expire in 2015. In the event of non-renewal of any of the employment agreements, the Company would not be liable to pay severance to any of the Named Executive Officers at the expiration of the terms under the respective employment agreements.

Pay for Performance. The employment agreements with the Named Executive Officers, except Mr. Wilcox, contemplate that a substantial portion of each executive's compensation is performance-based, either in the form of annual incentives based on pre-tax income or after-tax profit or through restricted stock grants whose value to the executive is directly tied to the share price of our Common Stock. A significant portion of the 2014 compensation of the Named Executive Officers, except Mr. Wilcox, was in the form of restricted stock grants, whose value to the executive has substantially increased since we entered into such employment agreements in 2013. At February 22, 2013, the effective date of employment agreements of the Named Executive Officers, except Mr. Wilcox, the market price of our Common Stock was \$4.45 per share, and the market price of our Common Stock as of April 6, 2015 was \$26.32 per share. In addition, as amended in December 2014, the employment agreements with Messrs. Springer and Donaghy limit the executives' base salaries to the applicable 2014 levels. The employment agreement with Mr. Downes limits his annual base salary increase to 7.25%.

Double-Trigger Change-in-Control Protections. The employment agreements with Messrs. Downes, Springer and Donaghy provide for severance protections in the context of a change in control only if such executive's employment is terminated without cause or for good reason following a change in control. The employment agreements with the Named Executive Officers also continue the Company's practice of not providing tax gross-ups with respect to any golden parachute excise taxes. Mr. Wilcox's employment agreement does not contain special change-in-control provisions.

2014 Compensation Under the Employment Agreements***Base Salary***

The employment agreement with Mr. Downes contemplates an annual base salary increase of 7.25% for each year of the term of the agreement. Prior to the 2015 calendar year, the employment agreements with Messrs. Springer and Donaghy also provided for annual base salary increases of 7.25%. Under the amendments to their employment agreements dated December 15, 2014 and effective January 1, 2015, the base salaries of Messrs. Springer and Donaghy were frozen at the applicable 2014 levels. The employment agreement with Mr. Wilcox does not provide for any automatic increase, but instead allows the Compensation Committee to adjust Mr. Wilcox's base salary during the term based on the recommendation of the Chief Executive Officer. The table below lists the base salaries in effect for 2014 under each of the employment agreements with the Named Executive Officers:

Table of Contents**2014 Base Salary Under Employment Agreements**

Sean P. Downes	\$ 2,145,000
Jon W. Springer	\$ 1,340,625
Stephen J. Donaghy	\$ 804,375
Frank C. Wilcox	\$ 350,000

Annual Incentive Compensation

Under their employment agreements, Messrs. Downes and Springer are each entitled to receive an annual incentive performance bonus equal to a specified percentage of the Company's pre-tax income, and Mr. Donaghy is entitled to receive an annual incentive performance bonus equal to a specified percentage of the Company's after-tax profit. The employment agreements with Messrs. Downes, Springer and Donaghy use pre-tax income and after-tax profit to determine annual incentive compensation because pre-tax income and after-tax profits are performance measures that we believe are necessary to operate successfully and grow the Company's business and that are commonly used to evaluate operational success. This approach to annual incentives recognizes the central roles of Messrs. Downes, Springer and Donaghy within the Company. The annual incentive bonuses paid to Messrs. Downes, Springer and Donaghy for 2014 were \$5,457,621, \$3,442,263 and \$1,186,645, respectively.

Long-Term Equity Incentive Compensation

In 2014, as provided under their employment agreements and pursuant to the Omnibus Plan, the Compensation Committee awarded restricted stock grants to each of Messrs. Downes, Springer and Donaghy. Mr. Downes received a grant of 500,000 restricted shares in 2014, vesting in April 2015. Mr. Springer received a grant of 250,000 restricted shares, vesting in December 2014. Mr. Donaghy received a grant of 200,000 restricted shares, with 100,000 shares vesting in December 2014 and the remaining 100,000 shares vesting in December 2015. Mr. Wilcox did not receive an additional grant in 2014, but has an outstanding award of 75,000 restricted shares, vesting in October 2015.

While the Compensation Committee also typically considers awards of stock options to the Named Executive Officers each year, the Compensation Committee determined not to grant any such stock options during 2014 pending the Compensation Committee's development of a new compensation program for the Named Executive Officers.

Perquisites and Fringe Benefits

In 2014, Messrs. Downes, Springer, Donaghy and Wilcox received health and welfare benefits, such as group medical, group life and long-term disability coverage under their respective employment agreements. Under their employment agreements, each of Messrs. Downes, Springer and Donaghy were also entitled to an annual automobile allowance.

In addition, we believe that our executives should be able to provide for their retirement needs from the total annual compensation they earn under their employment agreements and based on the Company's performance (or, in Mr. Wilcox's case, his individual performance). Accordingly, other than an employer matching contribution to the accounts of certain Named Executive Officers under the Company's 401(k) Plan (as defined herein), which is the same matching contribution rate that the Company provides all eligible full-time employees, the Company did not offer Messrs. Downes, Springer, Donaghy or Wilcox any qualified or nonqualified pension plans, supplemental executive retirement plans, deferred compensation plans or other forms of compensation for retirement under their employment agreements in 2014.

Table of Contents***Advisory Votes on Compensation***

The Board recognizes the fundamental interest that our shareholders have in the compensation of our executive officers. At the 2014 annual meeting, our shareholders approved our say-on-pay proposal by the affirmative vote of 50.2% of the shares cast on that proposal. While our shareholders approved the say-on-pay proposal, this level of support is a decline from the Company's prior say-on-pay proposal in 2011. The Company has considered this result and is engaging in a shareholder outreach effort, and the Compensation Committee, in coordination with its independent compensation consultant and senior management, is undertaking a coordinated and comprehensive review of our executive compensation program. The Company has reached out to our institutional shareholders, representing in the aggregate approximately 60% of our institutional ownership at April 6, 2015, for additional input on our executive compensation program, among other matters. The following table summarizes the key points made by shareholders regarding our compensation and the actions we are taking to address those concerns.

Shareholder Feedback**Actions We Are Taking**

Base salary increases should not be automatic.

We agree. The amendments to the employment agreements with Messrs. Springer and Donaghy, which are in effect for 2015, froze their base salaries at their 2014 levels. The employment agreement with Mr. Wilcox provides for a fixed base salary, subject to adjustment by the Compensation Committee on the recommendation of the Chief Executive Officer. Going forward, we expect that all of the employment agreements with the Named Executive Officers will provide for fixed base salaries, with any adjustments subject to review by the Compensation Committee.

Annual bonus metrics could be more specifically tailored to the Company's business and better reflect the Company's goals.

The Company and Compensation Committee are reviewing the metrics used for the annual bonuses, with a goal of formulating annual bonus metrics that best reflect the Company's achievements.

The annual bonuses should have a performance threshold, so that performance below a certain threshold results in no bonus being paid.

We agree. The Company and the Compensation Committee are reviewing data to establish an appropriate performance threshold for annual bonuses.

Incorporate performance conditions into equity awards.

We agree. The Company and the Compensation Committee are reviewing data to establish appropriate performance conditions for equity awards.

Limit discretionary awards.

Going forward, the Compensation Committee expects to continue to make discretionary awards to deserving employees for exceptional performance.

The Company will continue to engage with our shareholders on these matters with the goal of improving shareholder value.

Tax Considerations

Under Section 162(m) of the Code, the federal income tax deductibility of compensation paid to our executive officers may be limited to the extent that it exceeds \$1.0 million in any one (1) year. The Company can deduct compensation in excess of that amount if it qualifies as performance-based compensation under Section 162(m). For the 2014 performance bonuses of Messrs. Downes, Springer and Donaghy, as set forth in their employment agreements, to qualify as performance-based compensation, the performance-based formulas used to determine such bonuses must be approved by our shareholders, which approval was obtained at the 2013 annual meeting. We reserve the right to pay compensation that is not deductible. A portion of the compensation paid or awarded under the employment agreements with our Named Executive Officers is not deductible by operation of Section 162(m). For 2014, the Company paid approximately \$14.7 million in

Table of Contents

compensation to Mr. Downes, approximately \$8.9 million in compensation to Mr. Springer, approximately \$1.9 million in compensation to Mr. Donaghy and approximately \$495,000 in compensation to Mr. Wilcox under their respective employment agreements or the Omnibus Plan, as applicable, that was not deductible by operation of Section 162(m) of the Code. Such amounts include restricted stock grants vesting in 2014 that were awarded in a prior period.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.
