Item 1.01 Entry into a Material Definitive Agreement

Amended and Restated Credit Facility

On October 30, 2015, Conn's, Inc. (the Company) entered into the Third Amended and Restated Loan and Security Agreement with Conn Appliances, Inc., Conn Credit I, LP and Conn Credit Corporation, Inc., as borrowers, certain banks and financial institutions named therein, as lenders, and Bank of America N.A., in its capacity as agent for lenders (the Amended Credit Facility) that provides for an \$810 million asset-based revolving credit facility under which availability is subject to a borrowing base. The Amended Credit Facility amended and restated the Company's existing asset-based revolving credit facility to make various changes, including the following:

an extension of the maturity date from November 25, 2017 to October 30, 2018;

a modification of the method by which the applicable margin is calculated to be based on quarterly average net availability under the borrowing base, with the applicable margin ranging from 2.50% to 3.00% for LIBOR loans and from 1.50% to 2.00% for base rate loans;

an increase in the maximum total leverage ratio covenant (ratio of total liabilities less the sum of qualified cash and ABS qualified cash to tangible net worth) from 2.0x to 4.0x;

the addition of a new maximum ABS excluded leverage ratio covenant (ratio of total liabilities (excluding liabilities under the Company's existing securitization transaction and other permitted securitization transactions) less qualified cash to tangible net worth) of 2.0x;

the replacement of the fixed charge coverage ratio covenant with a minimum interest coverage ratio covenant of 2.0x;

a reduction in the maximum accounts receivable advance rate from 80% to 75%;

the inclusion of a fourth quarter seasonal step-down in the cash recovery covenant from 4.5% to 4.25%;

an increase the maximum inventory component of the borrowing base from \$100 million to \$175 million;

modifications of the conditions for repurchases of the Company's common stock, including changes in the liquidity test and the elimination of the fixed charge coverage ratio test;

the inclusion of a new liquidity test for repurchases and redemptions of the Company's debt; and

modifications of the ability of the Company to effect future securitizations of its customer receivables portfolio, including removing the consent rights of the lenders and establishing set criteria for permitted securitizations.

The Amended Credit Facility will continue to provide for a \$40 million sub-facility for letters of credit. The Amended Credit Facility provides funding based on a borrowing base calculation that includes customer accounts receivable and inventory. The borrowers' obligations under the Amended Credit Facility will continue to be guaranteed by the Company and certain of its subsidiaries. The obligations of the borrowers and guarantors under the Amended Credit Facility also continue to be secured by substantially all assets of the Company, the borrowers and its guarantor subsidiaries.

In addition to the financial covenants referred to above, the Amended Credit Facility continues to place restrictions on the ability of the Company and its subsidiaries to incur additional indebtedness, grant liens on their assets, make capital expenditures, make distributions on equity interests, make investments, dispose of assets, make loans, pay other indebtedness, engage in mergers, enter into transactions with affiliates, engage in different lines of business and other matters. As with our previous credit facility, the Amended Credit Facility also contains (i) customary default provisions, which, if triggered, could result in acceleration of all amounts outstanding under the Amended Credit Facility; and (ii), customary cross-default provision, such that any default under another of the Company's debt agreements relating to indebtedness in excess of \$10 million (to the extent the holders have the ability to accelerate that other indebtedness) would result in an event of default under the Amended Credit Facility.

As of September 30, 2015, on a proforma basis after giving effect to the amendments in the Amended Credit Facility, the Company had immediately available borrowing capacity of approximately \$269.3 million under the Amended Credit Facility (net of standby letters of credit issued) for working capital and other general corporate purposes. The Amended Credit Facility provides for letters of credit to be available to the borrowers under the Amended Credit Facility to support obligations incurred in the ordinary course of business or as otherwise reasonably approved by the administrative agent.

Supplemental Indenture

On October 30, 2015, the Company entered into a Second Supplemental Indenture (the Supplemental Indenture) to the Senior Notes Indenture (as amended and restated, the Indenture), dated July 1, 2014, by the Company, as issuer, the guarantors party thereto and U.S. Bank National Association, as trustee. The Indenture governs the Company's outstanding 7.250% Senior Notes due 2022 (the Notes).

The Supplemental Indenture changes the restricted payments provisions under the Indenture by (a) amending, from May 1, 2014 to November 1, 2015, the beginning of the accounting period from which consolidated net income is calculated for purposes of determining the size of the builder basket or restricted payment basket exception to the restricted payments limitation and (b) increasing, from \$75.0 million to \$375.0 million, the dollar threshold exception to the restricted payments limitation (collectively, the Indenture Amendments). The Indenture Amendments were approved by the holders of a majority in principal amount of the Notes through the Company's consent solicitation that was completed on October 29, 2015. The Company will pay an aggregate consent fee to the consenting holders of the Notes of approximately \$3.8 million. Such fees will be deferred and amortized over the remaining life of the Notes.
