SELECTED CONSOLIDATED FINANCIAL DATA

We prepared our consolidated financial statements included in this annual report in accordance with International Financial Reporting Standards, as issued by the International Accounting Standards Board, or IASB, referred to herein as IFRS. Our date of transition to IFRS was January 1, 2011. Our consolidated financial statements as of and for the years ended December 31, 2012 and 2011 were our first set of financial statements prepared in accordance with IFRS.

This annual report includes (under Item 18) our audited consolidated statements of financial position as of December 31, 2015 and 2014 and the related consolidated income statements, consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years ended December 31, 2015, 2014 and 2013.

Pursuant to IFRS, the information presented in this annual report presents financial information in nominal terms that has been presented in Mexican pesos, taking into account local inflation of each hyperinflationary economic environment and converting from functional currency to Mexican pesos using the official exchange rate at the end of the period published by the local central bank of each country categorized as a hyperinflationary economic environment. Since January 2011, Venezuela has been the only country of the countries where we operate with a hyperinflationary economic environment. For each non-hyperinflationary economic environment, functional currency is converted to Mexican pesos using the year-end exchange rate for assets and liabilities, the historical exchange rate for equity and the average exchange rate for the income statement. See Note 3 to our consolidated financial statements.

Our non-Mexican subsidiaries maintain their accounting records in their local currency and in accordance with accounting principles generally accepted in the country where they are located. For presentation in our consolidated financial statements, we adjust these accounting records into IFRS and report in Mexican pesos under these standards.

Except when specifically indicated, information in this annual report on Form 20-F is presented as of December 31, 2015 and does not give effect to any transaction subsequent to that date.

The following table presents selected financial information of our company. This information should be read in conjunction with, and is qualified in its entirety by reference to, our audited consolidated financial statements, including the notes thereto, and the information in **Item 5**. **Operating and Financial Review and Prospects.** The selected financial information contained herein is presented on a consolidated basis, and is not necessarily indicative of our financial position or results at or for any future date or period.
